TEACHERS' ASSOCIATION.

Program for Saturday, February 13th, 1909.

10:30 a. m. Devotional exercises, Rev. J. H. Shore.

Reading minutes.
How should we teach agriculture, Supt. J. C. McArthur.

Geography, round-table talks, led by Prof. F. C. Nya.

Language in the first grade—Miss Annie L. Irvine.

Literature in the 6th and 7th grades—Miss Cora Moore.

Primary arithmetic—Miss Lillie B. Grant.

1:30 p. m. Adjournment.

2 to 3 p. m. Informal conference upon matters intimately connected with school work.

The above program promises an exceedingly interesting and profitable meeting.

On account of inclement weather a number of teachers failed to come to the last meeting. We are very anxious that this meeting may be largely attended.

It will be seen from the program that we are to have an afternoon session, strictly from 2 to 3 o'clock. There is a demand for this second session upon the part of the teachers. Some of them do not get in early enough to attend all of the morning session, and therefore hardly feel paid for coming. A large number have to remain in town until the late afternoon trains and they would prefer having this afternoon session. We believe that this informal conference will be found to be just what most of our teachers who are interested in their work desire. We are hoping for a great day on the second Saturday. Let every teacher assist in making it such.

W. H. Ragsdale,
County Superintendent.

Plan to Raise Money for Your Church.

A plan for raising money for church purposes which has been successfully worked by women in many places is known as "the year" plan. It seems to be a little complicated, but it is really quite simple. The initiative is taken by one woman who calls herself "the year." "The year" is responsible for ten dollars towards the fund she wishes to raise. She then finds twelve women who are known as "months." They are designated by the calendar names, such as "Mrs. January," "Mrs. February," etc. The next step is for each "month" to find four women who will serve as "weeks." Each week is to find seven "days." In working out the financial part the "months" give ten dollars, the "weeks" five dollars, and the "days" one dollar each. Once the "months" have been secured, the competition and fun begin for "Mrs. January" will vie with "Mrs. July" in finding her "weeks." Then as soon as the "weeks" have been found, the excitement runs still higher, for there is still more competition. Fifty-two "weeks" will be hunting for three hundred and sixty-five "days." When the last "day" has been found, there will be quite a sum in hand.—The March Designer.

The King's Daughters.

There will be a meeting of The King's Daughters tomorrow (Tuesday) night at 7:30 o'clock at the residence of Mrs. A. L. Blow. There will be business of importance for the circle to consider. All members are earnestly requested to be present.

THE LEGISLATURE.

What Our Law Makers Are Doing at Raleigh.

TWENTY-EIGHTH DAY.

There was not much doing in either branch of the legislature Saturday and there were no new bills of much importance. Senator Blow introduced the bill to amend the charter of Greenville.

The senate also passed a bill reducing the number of challenges for the defendant in capital trials from twenty-four to eighteen, and increasing those for the State from four to twelve. If the house will also pass this bill it will be a big improvement over the present jury system.

In the house Dr. Cox, of Pitt, introduced a bill to prevent horses and mules from running at large.

The house adjourned at noon in respect to the memory of Representative T. N. Hays, of Wilkes county, who died Saturday. Mr. Hays was sick when the legislature met and never took his seat.

THE MODERN ART OF DINING

Eight Guests are Now the Ideal Number for a Small Party

We have learned the art of dining from the French, for with them cooking and conversation are each fine arts, says Margaret W. Vandercook in the March Designer. But a dinner has been the happiest form of social expression from the beginning of civilized things; and one of our first duties is to learn the art of dining gracefully.

Formalism had its day twenty-five years ago, and though there are times when it may still be necessary, informality is a characteristic of modern entertaining. Eight guests, the French tells us, is the perfect number for the small dinner party, and the resources of the ordinary hostess are glad to agree with the French. The eight guests mean a round table, where the conversation can be both general and personal; where we can tell our good story to the whole company and whisper an agreeable personality to our next-door companion.

Conversation as a fine art, we are told, has vanished with the other good things of the past; but conversation which means monologue in a company of equally important players is not a loss to the art of entertaining. We know the good diner-out should be able to listen as well as to talk. The art of dining gracefully is like the art of living gracefully; it implies an absence of self-consciousness, and an ability to feel an absorbing interest in the small world around us, and their point of view of the larger one outside.

Missed it on the Stumps.

Mr. J. B. Speight, of Contentnea, was here again Saturday, and dropped in to tell The Reflector that we gave him more credit than was due in the recent item about the work he and his sons had done since the first of December. He said they had cleared the 20 acres all right and got half of it ready for cultivation, but the stump pulling was in an old field and not in the new ground.

Three of Greenville's Sunday schools have Baraca classes that are doing a great work. Every young man in town ought to be a member of one of them.

STATE NEWS.

Happenings of Interest in North Carolina.

Reidsville, Feb. 5.—The 5-year-old child of Mrs. Whitman, of Pennsylvania, who is visiting at Mr. John Robinson's, near Reidsville, was scalded to death yesterday morning. A vat filled with water which was being used to scald hogs was in the yard, and the child in stepping backwards fell into it. He died two hours later.

Littleton, Feb. 5.—The Panacea Springs Hotel, springs and land were sold at auction here Thursday. Mr. J. W. Braswell paying \$13,000 for the property. It has not yet been decided to whom it will be let, there being a number of bidders.

February 12 a Legal Holiday

Without amendment the United States senate has passed the house bill making February 12th, 1909, the one hundredth anniversary of the birth of Abraham Lincoln, a legal holiday and recommending its celebration throughout the United States, for which purpose the president of the United States is authorized to issue a special proclamation. The bill also declares that as a national memorial in part to Lincoln, there may be built a highway from Washington City to the battlefield of Gettysburg, Pa., to be known as "The Lincoln Way." An appropriation of \$50,000 is made for a survey of plans and estimates for such highway.

Strawberries Two Cents Each.

"A fellow is very apt to get tired of this when brought face to face with the proposition of buying strawberries at so much a berry. That is the point we have reached. Here is a telegram from down Mississippi stating that a shipment of 15,000 strawberries been made to rich people in New York, Chicago and Cincinnati, at 2 cents a strawberry.

"It is bad enough to buy strawberries by the quart, with bottom half way up to the top, but by the berry, so much apiece! Zounds! We propose an amendment to Mrs. Rorer's opinion that stawberries are fit only for snakes, by adding, and rich people. That is the only inference from this export of 15,000 strawberries at two cents apiece, which is about 50 cents a dish or \$3 for a family shortcake."—Ohio State Journal.

He Knew It Was Found.

A clergyman while going to church one Sunday morning lost a pocketbook containing valuable papers. After the service he made known his loss and said that whoever found the pocketbook and restored it to him would be well rewarded.

An old man immediately rose up at the back of the church and cried out:

"It's found, sir!"
"Oh, thank you, thank you, my man!" said the clergyman. "Have you got it with you?"
"No, sir," answered the man, "but I comed that way myself after you did, and it wasn't there then."

Successful Ugly Women.

Successful women were not always of irreproachable beauty or modeling. Thus the Princess d'Evoll of Louis XV's time was one eyed; the slit of Montespan's mouth reached her ears; Mme. de Maintenon was thin, meager, yellowish; La Valliere lame, Gabriel d'Estrees one armed, Anne Boleyn six fingered.—Hindustan Review.

The pretty open weather is the kind the farmers like for their crop preparation.

PUT OFFICERS ON SALARIES

And Comply With Resolution of County Convention.

Contentnea Township, Feb. 8, Editor Reflector:

Please allow me space in your columns to call the attention of the people of Pitt county, and especially our representatives now in the legislature, to one fact.

The governor of our State gets a salary of \$4,000 a year. The Supreme and Superior court judges get \$3,250. Our Superior court clerk gets something near \$1,800 in fees. Our superintendent of public schools gets a salary of \$1,500. Our sheriff gets \$5,000 or more in fees, register of deeds \$4,000 or more in fees, and treasurer near \$1,800 in commissions.

Why should some of these county officers get more for the services rendered than our governor, or judges, or clerk, or superintendent? Why not obey the resolution of the last Democratic county convention to nominate county officers, which was introduced and passed without a dissenting vote, that the officers should be placed on salaries commensurate with the services rendered? Why should the wishes of the people be so disregarded?

If a law is passed placing the officers of Pitt county on salary and take what is left in fees, I truly believe it will amount to \$5,000 a year. Create a sinking fund of this and use said fund for the purpose of paying off and discharging the bridge bonds (\$50,000 principal) and we can cancel these bonds in less than eight years without costing the tax payers one cent. Or we can create said sinking fund for the payment of the entire indebtedness of the county (\$100,000) and the whole of it could be paid off in less than fifteen years.

This is something for the voters of our grand old county to put in action. Tax Payer.

Sub-section A is about to lose its "teeth."

Suppose in a blizzard a flying machine should freeze up in mid air. What then?

If Charlotte don't mind she will not get together on her new charter in time to put it before the legislature.

What is the matter with Greensboro that so many people there are shaking off the town by the suicide route?

W. J. Bryan was badly hurt in an automobile accident at Palm Beach, Fla., on Saturday and narrowly escaped death.

Greenville wants more population. The way to get this is to have something for people to do when they come. You can give them something to do by establishing factories.

Those merchants who make no effort to draw trade to themselves have little room for complaint when soliciting agents and mail order houses take away business that the home dealers ought to get.

AND WHAT'S THE ANSWER.

From a reader of the Messenger outside of this city, but in North Carolina, the editor has a letter asking if there is a bank in Washington.

To any one here, of course, this appears a joke. But this outside reader said he had looked over the Messenger's columns very carefully, but had seen no bank advertisement.

This is the point. The Messenger is being sent out in many places North in connection with Chamber of Commerce work. The local newspaper serves to the outsider as an index of its town or city. Business men look at once to the advertising columns. What do these show in way of financial, industrial and trade. All are represented by good display and intelligent matter. The outsider is at once favorably impressed. If the newspaper is barren of this character of advertising matter, if its columns are filled with big display ads of medical companies, or worse, big ads from whiskey houses, and this a prohibition city, is it not a sure guess that the possible outside investor will not at once decide that the community does not support its local paper? And in this age, the local newspaper in progressive communities commands the liberal and loyal support of every merchant, every trade and industry, every business merchant and citizen. Washington Messenger.

An Illuminating Contrast.

That was an interesting and illuminating contrast drawn last night by ex-Governor Jarvis upon conditions in North Carolina on the fifth day of February, 1879, when in the Hall of the House of Representatives he took the oath of office for Governor, and the fifth day of February, 1909. Everything in life

 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

is comparative. North Carolina in 1909 is not rich when compared with the rich Middle States, but the North Carolina of today when compared with the State in 1879 is far richer and greater than in that period.

The greeting given to the ex-Governor must have cheered his heart and caused him to rejoice that he had lived to see the day when the people appreciated all his labors to bless the commonwealth. In industrial and educational matters his administration gave an impulse that is bearing fruit today. Few men are so fortunate as to live and see the fruits on the tree of public achievement that he has planted and watered. Fewer still have lived to see all the people recognize his signal service and to applaud it. Instead of retiring from the useful activities upon retirement from office, the venerable ex-Governor is doing the most useful and enduring work of his life as a private citizen. Legislators, particularly the younger ones, had a rare privilege last night in hearing North Carolina's "grand old man."—Raleigh News and Observer, 6th.

There is hardly a harder working member of the senate than is Senator Blow, of Pitt. See him when you will, and he is busy listening, studying or talking. The writer has noted him in the committee meetings, and there you find him with a law book in hand, and every time some law wants to be changed, you will see the senator putting the proposed amendment beside the old law. The writer would not undertake to pass an objectionable bill over the watchful eyes of Senator Blow.—O. W. Hunt in Raleigh Times.

The North State Mutual Life Insurance Company

OF KINSTON, N. C.

Insist that you don't be guilty of the folly of trying to beat Life Insurance.

Lots of men, just as smart as you, tried it and their administrators had to sacrifice much of the property to pay off debts; their wives are fighting the wolf from the door, their children are uneducated.

THE DRUGGISTS.

A STEADY DRAIN.

**Sick Kidneys Weaken the
Whole Body--Make
You Ill, Languid
and Depressed.**

Sick kidneys weaken the body through the continual drainage of life giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Greenville cures prove it.

James Hardison, 319 E. Fifth St., Greenville, N. C., says: "My kidneys were weak and the secretions passed too frequently, especially at night when I was forced to rise several times. In the morning my back was very lame and I was subject to pains through my loins. Doan's Kidney Pills, procured at Wooten's drug store, restored my kidneys to a normal condition. I am now able to sleep well and the lameness and soreness across the small of my back has entirely disappeared. I have found Doan's Kidney Pills to live up to representations and I have no hesitation in giving them my endorsement." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Impatient.

"Well, if that ain't the limit!" mused the postman as he came down the steps of a private residence.

"What's the trouble?" queried the passing citizen, who had overheard the postman's noisy thought.

"Why," explained the man in gray, "the woman in that house says if I don't come along earlier she'll get her letters from some other carrier."—Chicago News.
