BRYAN GRIMES DRUM CORPS.	SLOGAN FOR GREENVILLE	SCRAPPED OVER THE ORDER.	MOVING PICTURES.	SOCIAL AND PERSONAL BRIEFS.	MOVEMENT OF PASSENGER TRAINS
<p><b>List of Members and Change of Leaders.</b></p>	<p><b>Prize Will be Given for Best Suggestion.</b></p>	<p><b>Two Woman Have Rough and Tumble Fight.</b></p>	<p><b>Open in Opera House Tonight.</b></p>	<p><b>The Visitors Here and People Who Travel.</b></p>	<p><b>Time of Arrival and Departure at Greenville.</b></p>
<p>The Bryan Grimes Drum corps was organized some time ago under the management of W. T. Burton. This organization is composed of some of Greenville's most talented young men. It turned out in full dress uniform last Monday, for the benefit of the old soldiers leaving the armory about nine o'clock for Evans street where the old veterans were waiting. In spite of the inclement weather the regular program was carried out as announced. There are fifteen members in the drum corps, and their positions are as follows:</p> <p>W. T. Burton, drum major. W. L. Patrick, orderly serg. bugle. Oscar Greene, chief musician, clarinet. Jas. Rives, chief bugler. Clifton Rountree, corporal, piccolo. C. S. Rountree, quarter master serg., bugle. C. T. Broughton, color bearer. Edward Hearne, principal musician, piccolo. Whit Brown, snare drum. Seth Hooker, Jr., snare drum. Lee Shelburn, bass drum. H. N. Hardy, cymbles. W. T. Lipscomb, Jr., lieutenant.</p>	<p>The Reflector wants a slogan for Greenville, or a catch phrase in advertising and attracting attention to the town. For instance, the city of Charlotte has adopted "Watch Charlotte Grow," a slogan that has become familiar everywhere. Now we want one equally as good for Greenville, and will give any reader of The Reflector an opportunity of making suggestions as to what it shall be. The person making the best suggestion before the first of June will be awarded any \$3 Parker Fountain Pen at the Reflector Book Store. The only rules governing this contest are as follows:</p> <p>All suggestions must be sent to The Reflector in writing before the first day of June. The suggestion must contain not less than three nor more than six words. Any person can make as many different suggestions as desired. The Reflector is to have the privilege of using any or all the suggestions made as the paper deems fit in advertising Greenville. Three gentlemen, whose names will be announced later, will be asked to act as judges, the suggestions all to be referred to them. The one they deem best will be adopted as Greenville's slogan and the \$3 Parker Fountain Pen awarded in accordance with their decision.</p>	<p>Every day while the sale is going on at Munford's a large paper balloon is sent up from the roof of the store and crowds stand along the streets to watch the flight of the air ships until they disappear from view in the distance. On one balloon sent up Friday was an order for \$2.50 worth of goods free to the person who returned the order to the store. A young man came in Saturday with this order and told an amusing story about it. He said the balloon came down in a field about 8 miles from town where two colored women were at work. They both went to the balloon about the same time, and seeing the order for the goods they struck a difference as to which should have it. Words led to blows and they used each other up considerably in a rough and tumble fight. The young man seeing the fight went to separate the belligerents. In the mix up the order was lost, but the young man found it later and came for the goods himself.</p>	<p>Greenville's new amusement enterprise opens tonight with president's inauguration as leading attraction. It used to be if you wanted to see a presidential inauguration you had to go to Washington and even then the chances were you would see very little of the inaugural ceremony for the reason that several hundred thousand people from all parts of the United States were impressed with the same desire to go to Washington, and along with everybody else's way, and about all of the inauguration you were likely to see was the back of some fellow's neck. That was before moving picture day. Now it is different. From a comfortable seat in the Masonic Temple theatre tonight you can see an exact production of Taft's inauguration, blizzard and all, and see it to much better advantage than if you had gone to Washington. Maybe you did go. Even so, it will be interesting to you and to your friends to see how you looked as one of that storm-swept, snow-sodden, rain soaked, blizzard-blue, cold-corrugated crowd that brazed it all to see inaugurated the president of the greatest nation on earth. Don't miss this chance to see what happens only once in four years.</p>	<p>C. C. Cobb returned to Norfolk today. Jesse Speight went to Pactus Sunday. J. W. Vincent spent Sunday in Bethel. P. T. Anthony went to Hassell this morning. L. M. Savage went to Scotland Neck Sunday. Zeno Brown went to Rocky Mount Sunday. J. L. Little and family spent Sunday at Grindool. C. M. Jones went to Rocky Mount this morning. J. J. Laughinghouse returned to Raleigh this morning. L. I. Moore, of New Bern, is here attending court. Mr. and Mrs. D. E. House spent Sunday at Statons. J. G. Moye and Robert Howard spent Sunday at Conetoe. Mr. and Mrs. F. G. James went to Washington Sunday. Mrs. J. W. Higgs went to Rocky Mount Sunday to visit her parents. Rev. F. M. Osborne, of Charlotte, spent Sunday and today here with friends. He preached two excellent sermons in the Episcopal church Sunday. "Uncle John" Cherry was taken sick Saturday and is confined to his home. It is feared that he has a return of his old trouble, partial paralysis, as his leg on one side is almost useless. Mrs. M. M. Nelson, who has been very sick for some time and was last week carried to the hospital at Washington, was operated upon Sunday. The operation was severe and dangerous and her condition is reported critical. J. M. Blow, manager of the Ayden department of The Reflector, came up Sunday to visit his sister, Mrs. M. D. Higgs. "Bud Joe" was recently very sick for several weeks and his friends are glad to see him much improved.</p>	<p><b>ATLANTIC COAST LINE.</b> Northbound Southbound 8:33 A. M. 1:12 P. M. 4:43 P. M. 6:00 P. <p>At the last business meeting Major Burton sent in his resignation stating that he would be unable to hold his position any longer, as he expected to be called to Wilson at any time. The boys hate to lose their good and faithful leader, who has led them through to victory, but are very fortunate in securing such a competent leader as W. T. Lipscomb, Jr., to fill this position and know that he will do all in his power to enlarge the company. This organization wants the co-operation of each and every citizen of Greenville and on the next tenth of May hope to come out in a more glorious array than ever before. H.</p>	<p><b>Baptist Baraca Class.</b> Notwithstanding the hot weather, there was a fine attendance at the Memorial Baptist Baraca class, Sunday, 82 being present. It is inspiring and encouraging for President Flanagan and Dr. Bryan, the teacher, to meet so many of the representative citizens of Greenville every Sunday morning in the study of the Bible, and explain to them the true side of life and uphold the examples that point to the eternal life and only safety of mankind. Our friends who stay away from these Sunday morning lectures of Dr. Bryan are missing a pleasant hour and one that would be a great blessing to them. Come out and join with us in this work and you will have no regrets and be glad that you came.</p>	<p><b>BONDS SOLD.</b> <b>Toledo Firm the Purchaser.</b> On Saturday the Board of Aldermen opened the bids for the \$20,000 short term bonds of the town of Greenville authorized by the last legislature to pay off the floating debt of the town. Seven bids were received and the bid accepted was by the Security Savings Bank and Trust Company, of Toledo, Ohio. The bid of this firm was par and a premium of \$355, the blank bonds to be furnished free. This is a good price for the bonds and gives an idea of Greenville's credit in the financial world. The bonds are to be dated July 1st, 1909, payable \$2,000 in 1914 and \$2,000 each year thereafter until all are retired, interest 5 per cent to be paid semi-annually.</p>	<p><b>Slight Change in Schedules.</b> Some slight changes have been made in A. The Greensboro Record advises us to stick to 'em until the first of June.

It looks like Uncle Sam will find it necessary to take charge of Cuba again.

The senators are consuming as much time abusing each other as they are discussing the tariff.

North Carolina Methodism lost an excellent minister in the death of Dr. E. A. Yates, of Durham, which occurred suddenly on Friday last.

Kissing a pretty girl to cure her of the blues is the prescription of a St. Louis druggist. If it becomes popular men will be rushing into the drug business and be likely to overcrowd it.

The troubles of ex-Chief of Police Mullins, of Raleigh, are not at an end by his suspension for irregularities. The board of education has instituted suit against him for fines which it is charged he failed to turn in to the school fund.

Professor Lovenhart, of the University of Wisconsin, has discovered what medical men believe is a cure for lockjaw. If his discovery proves a success he will be indeed a benefactor, for this dread disease has been hitherto deemed incurable.

From the absence of Joe King's column of editorial paragraphs in the Durham Herald for several days last week, we concluded that he had gone a-fishing, but it turns out that he was serving as a juror in a murder trial. Very unusual thing for an editor to be doing.

The scientists are great fellows. One has invented what he calls an earthquake indicator to give twelve minutes warning of an approaching shock. Nothing is said about whether the indicator will tell which direction a shock is coming from so the folks can tell which way to run.

Just as the people have gotten over the excitement of the municipal elections and are recovering from the effects of the long-drawn-out judgment contest The Greenville Reflector comes along with the announcement that "town politics is being talked now and will have the right of way for the next three weeks." What's the matter with the people down in Pitt? Don't they know when they have got enough of anything?—Charlotte Observer.

Nothing at all the matter down here, beloved. We just don't start until the rest of you fellows get through. Greenville municipal elections takes place annually on the first Monday in June, and the aldermen elected

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### Advertise or Quit.

In an address before a gathering of advertising men recently, F. D. Blanchard, an advertising expert of New York, among other things said this which we copy for the benefit of business men who advertise—or should if they are business men:

"The average small advertiser thinks that he knows all there is about advertising to be known when he starts to advertise, and fails to appreciate the value of an analytic critical specialist who spent years in acquiring his peculiar line of knowledge.

The next ten or fifteen years will see remarkable developments in advertising, and it is only a question of a few years when firms will be compelled to exploit the advantages of their goods or retire from business. We all know that at the present time it is the "dead ones" who do not advertise—the ones whose shelves are laden with fly-specked and shelf-worn goods. The live wires of every community are the men who keep their wares and their names constantly before the public.

A year or more ago John Early, a North Carolina man, was arrested in Washington City as a leper, and after so long a time was finally confined in an isolated house near Washington. His wife and baby were given accommodations in a house near-by. Now, it appears, a specialist has examined Early and says that he has no symptoms whatever of leprosy. Early was a workman in the pulp mill plant at Canton, and it was claimed that the eruptions on his skin were caused by the fumes of the sulphuric acid used in the plant. If the specialist who examined Early is right, the government has been put to a big expense for nothing and the laugh will be on the doctors who diagnosed the case.—Charlotte Observer.

"It is rather bad policy to knock your own town, the outsider does enough of this," says an exchange. Quite true, but the best policy is to keep the town from that condition which will cause others outside to knock it.—Greensboro Record.

It's a common error To plaster the aching back. To rub with linimentsumatic joints. When the trouble comes from the kidneys. Doan's Kidney Pills cure all kidney ills. And are endorsed by Greenville citizens.

Mrs. T. S. Norman, 911 Evans St., Greenville, N. C., says: "I gladly give Doan's Kidney Pills my endorsement as they have proven of greater benefit to me than any other remedy I ever used. I suffered severely from a dull ache through the small of my back. There was also a soreness across my kidneys and I was hardly able to get around on account of the sharp darting pains through my loins. When arising in the morning, I felt tired and languid and had but little ambition or energy. Since using Doan's Kidney Pills, procured at Wootter's drug store, the backache and pains have entirely disappeared, I do not suffer from headaches and I am tired, languid feeling has vanished. My experience with Doan's Kidney Pills has been so satisfactory that I do not hesitate to give them my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**Miners' Freedom From Cancer.** "Miners never have cancer. In thirty-five years' practice in a mining town I haven't had a single cancerous patient."

"And to what, doctor, do you impute this immunity?" "Miners are singularly cleanly. They bathe every day. They rarely smoke. They are a temperate and regular set. Above all—"

The physician smiled grimly. "Miners," he said, "die young. Cancer is an old age disease. And there really is the reason of the miner's cancerous immunity."—Cincinnati Enquirer.

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last.)

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration) then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralstons retain their smart appearance until worn out.

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.

**J. R. AND J. G. MOYE**

IF IT'S  
**INSURANCE**  
LIFE OR FIRE  
TALK TO  
**MOSELEY BROTHERS**

Mendelssohn's "Greatest Pleasure." Lecturing on Mendelssohn, Mr. Felix Moscheles told his hearers many interesting things concerning the great composer, who was his godfather, from whom he had this account of Mendelssohn's last visit to Queen Victoria. As he was about to leave the queen said to him, "Now, Dr. Mendelssohn, you have given me so much pleasure, is there nothing I can do to give you pleasure?" And as her majesty insisted Mendelssohn told her that nothing could give him greater pleasure than to see the nurseries and all the domestic arrangements connected with the royal children. "The most consummate courtier," said the lecturer, "could not have expressed a wish better calculated to please the queen. She most cordially responded and herself conducted him through the nurseries."

**Car Sickness.** Looking out of the windows is the cause found for car sickness by an American physician. Near objects flit by rapidly, those a little farther away move more slowly, those very far off are almost stationary, and the whole landscape appears to be revolving around a common center. The unconscious effort to take in everything produces a rapid lateral oscillation of the eyeballs, easily seen in the passengers on any train. The eye strain is enormous, and this is the chief factor in producing car sickness.

**Three Reasons.** Richard Grant White once said that a radical reform in English spelling is, first, unnecessary; second, undesirable and, third, impossible, thus recalling the story of the old Scottish preacher who upon meeting one of his hearers after the services inquired how he liked the sermon. "I dinna like it," he said, "for three rizzens—first, ye read it; second, ye dinna read it weel, and, third, it was na worth readin'."
