We are carrying sewing machine needles of all kinds. Don't be bewildered if you break the last one on hand. We have them. A. W. Ange & Co.

While we all regret to give up Prof. Lineberry as principal of the W. H. S., yet since he has been called to higher work, we learn with gladness that Prof. F. C. Nye has been elected as his successor. For seven years past Prof. Nye has labored faithfully for the interests of the school. Now that he has entered upon a greater responsibility, we predict for him the same success that has heretofore been his.

Remember that A. G. Cox Manufacturing have lots of fine iron already on hand and are, therefore, prepared to furnish flues for the coming season. Prices made right and workmanship guaranteed.

## GRADED SCHOOL CLOSING

### Recital Friday Afternoon—Annual Address at Night.

The final exercises of the graded school will be held in the Masonic opera house Friday evening at 8:30 o'clock. The program will consist of six or eight piano selections, some choruses by thirty or forty pupils, and of the annual address.

Our speaker this year is Dr. D. H. Hill, president of the North Carolina College of Agriculture and Mechanic Arts. President Hill is a strong man, and I think we were fortunate in being able to get him. His address will, I am sure, be a treat to all who are fortunate enough to hear it.

In the chapel of the graded school Friday afternoon at 3 o'clock a recital will be given by the class in piano. In connection with the recital the teacher of drawing will have an exhibit of some of the work of the pupils during the year. The recital and the exhibit will be of much interest, especially to the parents of the children, and we hope all who can do so will attend.

No tickets of any kind will be issued for either of these entertainments. The public has a cordial invitation to attend these exercises, and we hope as many people will come out both Friday afternoon and Friday night as can do so. H. B. Smith, Supt.

## CHANGES AT WINTERVILLE.

### New Principal of School and New Correspondent of The Reflector.

As will be seen from the Winterville correspondence in this issue, the trustees of Winterville High School have elected Prof. F. C. Nye as principal of the school to succeed Prof. G. E. Lineberry who has accepted higher work as secretary of education of the Baptist State convention. Prof. Nye has been connected with the school for seven years, and is thoroughly qualified to keep it up to its high standard. The trustees were wise in naming him.

The election of Prof. Nye as principal of the school also brings about a change affecting The Reflector, as the more responsible duties upon him have necessitated his resigning as manager of the Winterville department of the paper. We are fortunate, however, in having to succeed him in this particular Mr. S. C. Carroll, a young man who has been a pupil of the school under Prof. Nye and a talented writer. We wish the highest success to all mentioned in the foregoing changes.

### The Editor's Compensation.

The man who edits the average country newspaper cannot well avoid treading on some body's toes continually; must expect to be censured often for unintentional failures; must expect hard work and little thanks; must expect to be called a coward because he does not "pitch into" everything that somebody thinks is wrong and a fool if he speaks out too plainly on public evils. He must expect to grind other people's axes and turn the grindstone himself. Still, we think it is one of the noblest professions on earth, the one in which the earnest man can do the most good to his fellow-man and in which an honorable man can wield much power for good.—Arcanum (O.) Times.

## MINIATURE ELECTRIC ENGINE

### Built From Old Parts of a Sewing Machine.

Mr. R. M. Zahnizer, chief engineer at the water and light plant, is quite a genius in several callings—literature, sign lettering, electricity, etc.—as perhaps every one in Greenville knows. His latest efforts and achievement is in electrical lines. He has lately constructed a miniature electric engine that is both a wonder and a curiosity. It is about 18 inches in length and is not more than six or eight inches in height, constructed entirely of old parts of sewing machines, clocks, etc. The drive wheel, shaft and bearings are taken from the sewing machine and the piston rods are parts of an old time brass clock, the switch handles are from old cork screws, while the other parts are from various old things of a mechanical line, nothing in it being new. Even to the brass tacks, which serve as rivets, were taken from old chair bottoms.

It has three speeds—slow medium and fast, and will reverse immediately and run backwards, this feature being entirely original.

Mr. Zahnizer says he was inspired to try his hand building an engine from old mechanical parts by hearing of an electrician in a Northern city who built a beautiful chandelier from old metal. He said he thought he could beat him in this line so sailed in to do so. We have not seen the chandelier and consequently are not qualified to say whether he has out-classed the Northern man or not, but we know that Mr. Zahnizer has certainly succeeded in building a wonderful little engine. He is very courteous about showing and explaining it, too.

## SENSATION IN KINSTON.

### J. S. Longfellow Arrested on Charge of Bigamy.

Kinston, N. C., May 19.—On a warrant sworn out by a wife he has living in Wilmington charging him with bigamy, J. S. Longfellow has been arrested here and is held in custody pending trial.

It will be recalled that the announcement was published in The Free Press week before last that Mr. Longfellow and Miss Bruce Swift had been married in Norfolk about May first by a Rev. Mr. Wingate, and following the marriage went to Maryland to visit relatives of the groom, then came to Kinston, the former home of Miss Swift. Mr. Longfellow denies that he was married to Miss Swift, and declares that he is innocent of the charge of bigamy. The affair has caused a sensation here, and the outcome of the trial will be watched with interest.

## NO RACE SUICIDE THERE.

### Thirteen Children Born to Couple in Six Years in Cumberland.

Col. Dan Morrison was down in Cumberland county last week and he came across a very prolific family. A Mr. Jones, son of Mr. Reuben Jones, who once kept the Purcell House in Wilmington, is the father of thirteen living children. Mr. Jones has only been married six years,—five pair, and the last three were triplets. No wonder Cumberland county is growing in population.—Rockingham Anglo-Saxon.

## STATE NEWS.

### Happenings of Interest in North Carolina.

Lexington, May 18.—This morning, William Bowers, a well fixed farmer, was struck by an engine and killed. His team was crossing the railway tracks at the Lake, near Lexington. He was 63 years old, and leaves a wife and three children.

Greensboro, May 18.—The kitchen, and all of the residence of Mr. H. B. Tatum, situated in the down town district, was wrecked this morning by an explosion of kerosene oil, and the cook, a colored woman named Nellie Graves, was burned to death. By prompt work of the fire companies the main part of the residence was saved from destruction or serious damage and adjoining buildings protected from the conflagration. It is the same old story, of a careless or reckless use of oil with which to start a fire by a seemingly reckless servant.

## Forgotten Americans.

A movement has been organized to do missionary work on a large scale in the Appalachian mountains, a section where education is either neglected entirely or is showing a feeble light. It is of concurrent interest that congress at its late session awoke to the fact that Appalachian America was of value, and took steps toward conserving the natural resources of the section, but seemed to ignore the fact that here is the largest body of the native Americans in the country who need help in many directions. This mountain region, extending from the Pennsylvania line to northern Georgia and Alabama, with an extent east and west of from 100 to 200 miles, contains a population of several millions of people, almost exclusively whites and almost exclusively descendants of English and Scotch settlers in the colonies before the war of revolution. Many of these people settled originally along the tidewater counties of Pennsylvania, Virginia and the Carolinas, but many of them pushed in toward the mountains, especially after the war of the revolution, in which they bore a leading part.—Philadelphia Inquirer.

## Space Graft.

Newspaper men, as a rule, have but two things to sell—space and subscription—and it would be just as consistent to ask your grocer for a dozen oranges "just to fill up" as to ask the editor for a dozen lines if his paper just to boost your business with the idea you are doing a kindness in helping to "fill up" space. Try getting a free dinner at the hotel just to make a show of business for the house.—Rushsylvania (O.) Record.

## Have a Cleaning-Up Day.

The Reflector wants to suggest that Greenville have a cleaning-up day right away—a removing of trash and rubbish from the streets and also from yards and lots. On Wednesday and Thursday of next week the State convention of The King's Daughters will be held here, and ladies from various parts of the State will be in attendance. On this occasion Greenville should make the best appearance possible. 4 29 ttd

WEDNESDAY, MAY 19, 1909.

It is time something else was coming forward for Greenville.

Every man working only for himself is not a good way to build a town.

Mrs. Taft, wife the president, is ill and cannot take the contemplated trip with him to Charlotte tomorrow. The absence of the first lady of the nation is going to be a disappointment to many people.

It is intimated that Governor Kitchin will not make much delay in naming a successor to Judge Connor on the Supreme court bench as soon as the latter is confirmed as Federal judge of the Eastern North Carolina district.

Claus Speckles, the late sugar king, who recently died in California, left an estate worth \$80,000,000. His relatives have gone to scrambling over these grains of sugar and proceedings to upset his will have been started.

Unless some plans slip an income tax measure may be adopted along with the proposed tariff revision, as it is reported that Democrat and Republican senators who favor an income tax have got together on a compromise bill that stands a show of being adopted. The conference abandoned the graduation feature and substituted a straight percentage basis to apply to all cases.

The Raleigh News and Observer has closed its eighty-eighth volume, a creditable and honorable age for a newspaper to reach. The News and Observer has met with many successes in its career, all of which it well deserved. As an exponent of Democratic principles, a protector of the rights of the people, and an advocate of what is best for the State and Nation, it has always stood in the forefront. It has power and influence reached by few papers, and exerts these in the right direction.

We did not learn his name, but heard that a farmer who came to town Tuesday said he had fifty barrels of corn to sell, besides a sufficiency for his own needs until another crop is made. It is safe to say a farmer like that will never find the wolf lurking at his door. Every farmer in the county should emulate his example—make enough corn for home use and have some to spare. If this was the case, Pitt county would annually add hundreds of thousands of dollars to her wealth. Accurate figures cannot be given, but the drain on the county for this one food supply is enormous, and farmers will be poor as long as they have to buy corn.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. **Judge Cook, Beware.**  
 At Greenville a few days ago, Judge O. M. Cook charged the grand jury to bring indictments against the ladies of the town who had been playing cards for silk stockings and other prizes. Evidently Judge Cook is ignorant of the manner in which the fair sex expressed themselves when they learned a few weeks ago that a special tariff had been levied on silk stockings.—Wadesboro Ansonian.

It must be admitted that since Mr. Taft got his "bearings," as it were, he is acting like a man who means business. In other words he does not propose to be made use of in a political way. Some time ago Gov. Stubbs, of Kansas, asked the President to appoint Robert Stone, of Topeka, to a position in the Department of Justice. It was done, but all at once Mr. Taft discovered that the appointment was being heralded as a victory of one crowd over another, whereupon he proceeded to inform the Kansas governor that he was on to the game and he promptly withdrew the appointment, accompanying the same with hot shot that hit the bull's eye. Senator Long was defeated in Kansas some time ago and there has been a bad fight on between the two factions, but they are not lugging Mr. Taft into it or using him any way. It looks like the present occupant of the White House is not a politician by any means; he appears to be a man, a statesman, somewhat like Grover Cleveland.—Greensboro Record.

Here is a fact worth thinking about. Last year 500,000 men were killed or injured at work in the mines, or on the railroads, or in the factories, or in some gainful occupation. It is a greater army than the Confederates ever put into the field at one time. It is greater than the list of killed and wounded and the dead from diseases in both armies in four years of civil war. It is not war, it is peace that is deadly. Humanity calls aloud against this slaughter.—Home and Farm.

The people of Asheville have faith in printer's ink. They have voted to take every year from \$2,500 to \$10,000 out of the city's tax fund, for the purpose of advertising their town. Charlotte began the work of advertising itself as far back as 1888, and keeps it up. It has the evidence here to show that it pays—if done right—and Charlotte's plan of giving the pictures to back up facts, in the shape of an artistic publication, is the plan that pays.—Charlotte Chronicle.

# PULLEY & BOWEN

Home of Women's Fashions, Greenville C.

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last.)

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration) then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralstons retain their smart appearance until worn out.

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.

**A COMMON ERROR.**

**The Same Mistake is Made  
by Many Greenville  
People**

It's a common error  
To plaster the aching back,  
To rub with liniments rumatic joints,  
When the trouble comes from the  
kidneys.  
Doan's Kidney Pills cure all kidney  
ills,  
And are endorsed by Greenville citi-  
zens.

Mrs. T. S. Norman, 911 Evans St.,  
Greenville, N. C., says: "I gladly give  
Doan's Kidney Pills my endorsement as  
they have proven of greater benefit to  
me than any other remedy I ever used.  
I suffered severely from a dull ache  
through the small of my back. There  
was also a soreness across my kidneys  
and I was hardly able to get around on  
account of the sharp darting pains  
through my loins. When arising in the  
morning, I felt tired and languid and  
had but little ambition or energy.  
Since using Doan's Kidney Pills, pro-  
cured at Wooten's drug store, the  
backache and pains have entirely dis-  
appeared, I do not suffer from head-  
aches and that tired, languid feeling  
has vanished. My experience with  
Doan's Kidney Pills has been so satis-  
factory that I do not hesitate to give  
them my endorsement."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.  
Remember the name—Doan's—and  
take no other.

**A Cowboy Spider.**  
"Faking aside," said the nature stu-  
dent, "there is in New Zealand a cow-  
boy spider. This creature throws a  
coil of web like a lasso over its prey's  
head, then adds more and more coils  
and when the prey is bound hand and  
foot devours it."

"There is a Borneo spider that in  
the spring days plays a fiddle. It is a  
common thing for a lovesick spider to  
dance before his girl, but this Borneo  
boy my drawing his arm across his  
tun produces a sweet, clear note.  
Whenever he sees a good looking  
young lady spider he stops and gives  
her a tune, hoping to win her by mu-  
sic."—Philadelphia Bulletin.
