LONGFELLOW-SWIFT SENSATION.

MISS SWIFT AT SEVEN SPRINGS AT TIME OF ARREST.

Dirty Affair—Swift Family Prostrated With Grief Over It—Mrs. Longfellow No. 1 in Kinston.

Kinston, May 19.—A sensational arrest was made in this city last night when Sheriff Nunn arrested Mr. J. S. Longfellow, formerly of Wilmington, on a charge of bigamy. The arrest was made at Hotel Caswell just as Mr. Longfellow had paid his bill preparatory to leaving the city, on a bench warrant issued by Judge W. R. Allen upon information from Wilmington.

Longfellow spent last night and today in jail pending a preliminary trial, which will be held tomorrow.

Miss Swift, or Mrs. Longfellow No. 2, was at Seven Springs yesterday but came to the city this morning. She says that they were married as stated by Rev. Wingate in the presence of two witnesses, Latham and Cooper.

Longfellow when arrested said that he and Miss Swift are not and have never been married. A telegram today to the Norfolk Ledger Dispatch brings the following reply: "Records here show no such marriage. No Norfolk identification of Rev. Wingate."

Mrs. Longfellow No. 1 arrived in the city this afternoon from Wilmington to be present at the trial tomorrow. She said when approached: "I have nothing to say against my husband, but that he has treated me wrongly."

Miss Swift is of a family of high standing socially and is a beautiful and refined lady, daughter of the late W. C. Swift of this city. She and her family are prostrated over the affair.

It is hard to tell what facts will be brought out at the trial tomorrow, but the Norfolk telegram indicates a deception by a mock marriage. In either case a serious charge rests against the young man.

Kinston, N. C., May 20.—The preliminary trial of J. S. Longfellow for bigamy has been postponed until Friday morning in order to get testimony.

At the Opera House.

The Vaudeville Ame moving picture show at the Masonic opera house last night was decided the best ever seen in Greenville. Sadie Percival and Rosser Shields are the best juvenile singing and dancing team ever here. They made a hit with everyone present. The piano music by Miss Elizabeth Percival added very much to the entertainments. It was a high class entertainment in every respect. Manager Brown has made every effort to give to our citizens an up to date entertainment. He deserves a liberal patronage.

He Likes the West.

The editor is in receipt of a personal letter from Mr. H. B. Tripp, who left here some weeks ago for San Francisco to take charge of the business office of his brother, Mr. J. B. Tripp, in that city. Heber says he likes the West fine, is enjoying himself out there, and has every prospect of much success in his business. He says there are yet many signs of the great earthquake that visited San Francisco, but the buildings are being rapidly replaced.

GREENVILLE HEALTH RECORD.

Only Two White People Have Died Since Christmas.

Mr. E. G. Flanagan has been in the undertaking business here for several years, and is well informed on vital statistics of the town. Talking with The Reflector about the health record of Greenville, he said that since this year came in, now nearly five months, there have been only two white persons to die in the town. One of these was an aged lady who had been an invalid a long time, and the other was a young man who had pneumonia followed by fever.

For a town of 5,000 inhabitants this is a remarkable record, and speaks well for the healthfulness of the community. Taking the record year by year Greenville will show a death rate much below that of neighboring towns. The death rate here has always been low, and since the town installed a good system of water supply and sewerage the rate has been even further reduced as the instance cited by Mr. Flanagan clearly shows.

Trade Report.

Richmond, Va., May 20.—Bradstreet's Saturday will say for Richmond and vicinity:

Trade in practically all staple lines continues quiet. Dry goods, clothing and kindred lines are at a between season dullness and filling in orders are not up to the average. Dry weather prevails throughout the district, wheat, corn, tobacco and early vegetables are badly in need of rain. Retail trade in seasonable goods has been slightly in excess of the spring of 1908, but not up to an average of recent previous years. Sales of agricultural fertilizers throughout the district and the majority of the South are in excess of any previous year. Builders supplies continue active. Collections are slow.

Big British Ship Building Orders.

Apart from the work which is now in for the British navy, large ship building orders have recently been placed by foreign governments in Great Britain. And there are said to be others about to come. Turkey has decided to spend nearly \$40,000,000 on the reconstruction of its navy, the bulk of which is to be spent in Great Britain.

Then, again, the Spanish navy is to have money spent on it and the work is to be done by the Vickers syndicate. The vessels must be built in Spain, says the Shanghai Times. Now the Argentine Republic has invited tenders from British firms for the construction of two ships of the Dreadnought class and 18 torpedo boats and destroyers.—Ex.

Wood for Aeroplanes.

Time brings revenges, even in the timber trade, and a humble conifer long treated with contempt seems, literally, to be on the point of getting a rise in the world. Hitherto the black spruce has been despised as of meager commercial value, the yellowish timber being soft and easily indented, though very light and long of grain. It has lately been discovered that, by virtue of the two last named qualities, this tree furnishes by far the best wood for aeroplanes. As yet the black spruce has rarely been planted by our silviculturists save for ornament or shelter.—Westminster Gazette.

GENERAL NEWS.

Some of the Happenings Over the Country.

The National Confederate Veterans Reunion will be held this year at Memphis, Tenn., June 8, 9 and 10th. A monument to the memory of Gen. Stephen D. Lee will be unveiled by the veterans at Vicksburg, Miss., at the close of the reunion.

New York, May 19.—Henry H. Rogers, vice-president of the Standard Oil Co., moving spirit in the organization of the Amalgamated Copper Co., builders of railroads and philanthropist, died at his home here at 7:20 o'clock this morning from a stroke of apoplexy.

Cambridge, Mass., May 19.—Abbott Lawrence Lowell, assumed the presidency of Harvard University today as the successor to Charles W. Elliott. He took up the direction of the University without ceremony, walking quietly to the president's desk, where he plunged into a mass of correspondence.

It has been determined by the citizens of Galveston, acting through the Business League, to give during the first week in August of 1909 the First Annual Cotton Carnival of Galveston. Exhibitions will be given of raw cotton from every cotton-growing section of the world, of all kinds of manufactured cotton fabrics, cotton factory machinery, cotton-gin machinery, cotton oil mill machinery, the by-products of cotton and cotton seed, and implements for cotton culture, picking, and harvesting. The subjects of culture, marketing, transportation and distribution of cotton will be discussed by experts.—Daily Consular and Trade Report.

Gem Tonight.

The program at the Gem tonight is one of the best the management has been able to secure. The feature subject, entitled King Richard III, is one of the few Shakespearean tragedies that have been produced on the silent stage with unbounded success. The principals were some of the most notable actors in the world, making it one of the strongest motion pictures ever shown. Perhaps the only chance you may ever have of witnessing one of Shakespeare's masterpieces. Two other good objects, a comedy and beautifully colored picture entitled, "In the Land of Gold Mining." Help to make the program one of the best ever presented in a moving picture theatre.

Street Railway for Tarboro?

Mr. Massey, who is the chief factor in the building of the street railway in Washington was here this morning and talked with some of our citizens about a street railway.

He is thinking of making the town a proposition to take over the light plant, and in connection with it run a street railway. He made no offer nor stated what his offer would be, but that he would be up here soon again and would then take the matter up.—The Daily Southerner.

Today State Holiday.

A great many public institutions in the State observed today as a holiday on account of the anniversary of the Declaration of Independence at Mecklenburg. It was unobserved here.

SLOGAN FOR GREENVILLE

Prize Will be Given for Best Suggestion.

The Reflector wants a slogan for Greenville, or a catch phrase in advertising and attracting attention to the town. For instance, the city of Charlotte has adopted "Watch Charlotte Grow," a slogan that has become familiar everywhere. Now we want one equally as good for Greenville, and will give any reader of The Reflector an opportunity of making suggestions as to what it shall be. The person making the best suggestion before the first of June will be awarded any \$3 Parker Fountain Pen at the Reflector Book Store. The only rules governing this contest are as follows:

All suggestions must be sent to The Reflector in writing before the first day of June.

The suggestion must contain not less than three nor more than six words.

Any person can make as many different suggestions as desired.

The Reflector is to have the privilege of using any or all the suggestions made as the paper deems fit in advertising Greenville.

Three gentlemen, whose names will be announced later, will be asked to act as judges, the suggestions all to be referred to them. The one they deem best will be adopted as Greenville's slogan and the \$3 Parker Fountain Pen awarded in accordance with their decision.

Another Poor Man Loses.

The fact that a poor man lost \$22.00 in the fire at the Atlantic Furniture Company's plant should be a warning to all not to keep money but put it in a safe place—the banks are established for just this purpose and it is foolish to place oneself in the position of a loser when it can be so easily avoided.—High Point Enterprise.

Taft in Petersburg.

Washington, D. C., May 19.—President Taft accompanied by Ambassador and Jusserand, left Washington at 4:20 for Petersburg, where he will speak at the unveiling of the statue to Gen. Hartraut, and the Pennsylvania soldiers who fell there. He will leave tonight for Charlotte where he attends the Mecklenburg celebration tomorrow.

"Me and Bill."

The following telegram was received from our "boss" which explains itself.

Charlotte, N. C., May 20. The Reflector:

500 Marriage Licenses Are No Good.

In a ruling made today by Judge Webb of the Superior Court, if sustained by the Supreme Court it will mean that no less than five hundred illegal marriage licenses have been issued in Forsyth during the past twenty years. Judge Webb holds that there has been no legislative act empowering Deputy Register of Deeds to issue marriage papers and administer oaths in this county and for that reason he squashed a perjury indictment against a man for swearing falsely regarding a girl's age for whose marriage a license was issued by a former Deputy Register of Deeds.—News and Observer.

Pull and push for Greenville, but never backward.

The fellow who says money is easy has not offered to learn anybody how it is done.

The cranks are also giving President Taft some trouble by trying to get an interview with him.

North Carolina put on the best front to greet the president and Miss Charlotte is happy beyond expression.

We don't see why the north pole don't come on and be discovered, just for the notoriety of the thing.

The French Millionaire who allotted \$50,000 to his funeral expenses selected an easy way to help distribute it.

The vaudevilles or moving picture makers will be trying to get an engagement with the Wrights first thing you know.

An exchange wants to know what shall be do when coal, gas and oil are exhausted. That's easy—we will be in air ships then.

Judge Taft and the editor of The Reflector are doing Charlotte today. Hope they will both enjoy the occasion, especially "the boss." He deserves to.

Philadelphia is getting much wrought up over an epidemic of typhoid fever in that city. For a week past new cases have been developing at the rate of 25 to 35 a day.

We are glad Haines has met justice and has been placed in jail to serve a sentence that is but too short. We hope his name will drop out of the newspapers now.

Like all other things the kid-nappers are coming South. A little two-year-old Georgia girl was stolen the other day while playing on the lawn in front of her home.

When the "boss" left Wednesday evening he was lugging two big bundles of the recent special edition of The Reflector, with which he said he was going to show the crowd at Charlotte that Greenville is going to be to the East what Charlotte already is to the West—the best place on the map. As these papers and a collar were all the baggage he carried he may not stay too long.

You goose-egg hailstone fellows had just as well keep quiet this season, as Texas has headed off the whole push. From the southwestern portion of that State comes the report of a storm in which the hailstones

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

measured a foot-and-a-half in circumference and weighed eight to ten pounds. With such hailstones it is somewhat remarkable that only eight persons were among the killed. The reporter ought to have made his death list larger to be in keeping with the stones.

Law Against Profanity.

The Wisconsin Legislature has passed a bill designed to abate the swearing evil. It has sent it the governor for his signature. The law provides that "any person who shall use in the hearing of other persons in any public place, lewd lascivious, obscene or profane language, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not more than \$25 or by imprisonment in county jail not to exceed thirty days, or both, such fine and imprisonment." A good law and one that should become a national one. It is the proper thing these days for the young men to swagger and they seem to have an uncontrollable desire to show off their proficiency in public places—on crowded street corners, in restaurants and hotel lobbies and more rarely on street cars. The evil has been a growing one and hardly a day passes that the ears of some decent people are not offended. It seems to be a peculiar fact that as the swearing habit is increasing among the older people, it is on the increase among the youth of the land. The utterance of profane language in public ought to be cause for as quick an arrest as is a blow or a stab. We are glad to note that a sentiment is springing up all over the country for the suppression of profanity. It is a habit that public sentiment is sooner or later going to conquer.—Charlotte Chronicle

Sultan's Mania for Building.

Abdul Hamid, like all his predecessors, has had a mania for building. The European visiting Turkey for the first time is astounded at the number of white, gleaming palaces which line either side of the Bosphorus. And in every city of the empire there is a kiosk set apart for the Sultan, which he never visits, all of them palatial abodes filled with choice furniture, rare marbles, mirrors, and lustres from Florence and Rome, with deep-hued carpets, soft and velvety as fur. These magnificent residences are nominally guarded by majordomos, who live there with their families in comfortable drowsiness and ease, and with only one object in life, that of maintaining their places.—London Chronicle.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia. Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do. It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless. There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

PULLEY & BOWEN
Home of Women's Fashions, Greenville C.

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last.)

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration) then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralstons retain their smart appearance until worn out.

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.

The Difference.

At dinner one day Dr. Whately, archbishop of Dublin, sat near a young aid-de-camp, and in the course of the meal the latter asked his grace, "Do you know the difference between an archbishop and an ass?"

The archbishop was too taken aback to reply, and, seeing his hesitation, the aid-de-camp continued, "One wears a cross on his miter; the other wears it on his back."

Dr. Whately looked the young man over with the utmost gravity, and without relaxing a muscle of his face he propounded another conundrum. "Do you know," he said "the difference between an aid-de-camp and an ass?"

"No, I do not," replied the officer.

"Neither do I, sir!" thundered his grace.—Exchange.
