THE MOVING PICTURES.

Marvelous Productions in the Opera House.

The opening last week of Greenville's new amusement enterprise, the moving picture theatre in Masonic Temple, proved a very gratifying success. It simply shows the Greenville people are willing to support with their presence and patronage a properly conducted moving picture show. And why not? When you stop to think about it this inventive age of ours has produced no greater wonder than moving pictures. Take the inauguration of Taft, for the instance. It was not only reproduced in Greenville last week with marvelous exactness but it becomes a record to be preserved for future generations. What a treasure we would regard it had the moving picture man been present a hundred years ago to train his lense on Thomas Jefferson riding horse back to the capitol along the mud covered way that is now this same Pennsylvania avenue to take the oath Taft took?

Such records will be preserved from now on. This opens a wide field for moving pictures, and every town should have a good moving picture theatre where the public may see portraiture of the worlds great event, and its places of interest. The management of the theatre here promise the people of Greenville the latest pictures and best subject, of all the high grade, high class film made. Every precaution and care will be taken to make it a place of interest, entertainment and educational advantage for all. Miss Helen Forbes has consented to take charge of the musical direction, and the other departments are likewise in the hands of competent and experienced people.

A Necessity.

"Twenty dollars for retrimming your hat!" exclaimed Mr. Madison. "But we agreed to spend nothing except for things that were positively needed."

"Well, John, this is. You see, my best friend has just had hers retrimmed, and I have promised to go with her to the concert on Friday."

"Oh, all right. But I can't give you more than fifteen this morning, because I broke my meerschaum and must have it mended."

"Can't you smoke your old brierwood?"
Certainly, dear. And you can wear your old hat."

"John, let's begin to economize next month after we get things all straightened out."
"All right."—New York Herald.

BAPTIST BARACA CLASS.

Had Another Interesting Day Sunday.

Notwithstanding the inclement and wintry weather Sunday morning, the Baptist Baraca class had a good turnout, 77 being present and collections \$4.22. A fine showing indeed, and portrays the great interest taken in this work. In the absence of President Flanagan, Vice President T. R. Moore presided over the class and gave some good words of cheer and greeting to the members. Teacher J. W. Bryan made a most excellent and interesting lecture on the lesson, picturing vividly the results of the first missionary work recorded in the Bible as given of Paul and Barnabas' travels and preaching.

Upon suggestion of Mr. Little a reception committee to welcome visitors and new members was appointed.

Dr. Bryan read a letter to the class suggesting a date for a visit and lecture from the national field secretary, and Secretary Thomas was instructed to take the matter up and arrange a date for his coming, which will be very instructive to the class and the public to receive information of the great Baraca movement of the nation.

It was decided definitely to run the Baraca excursion to Raleigh on June the 10th, round trip \$1.50 open to the public. This date was settled upon in order to hit the date of one of the State league base ball games on the 10th.

An invitation was read inviting the class to attend the marriage of our worthy and high esteemed secretary, E. B. Thomas, on June 2nd. A note of thanks and to attend was unanimous. Some of the remarks to the motion brought smiles to the secretary as they bid him good-spread on the new journey of life.

This was indeed a pleasant and instructive day for the class, so don't mind the weather, absent brother, and next Sunday pick your flint and be there on time. The public cordially invited.

COLORED GRADED SCHOOL.

Will Close Sixth Session This Week.

The colored graded and industrial school here will close its sixth annual session on next Friday, 28th. There will be no special program because of the recent death of the wife of the principal, C. M. Eppes, who was one of the first teachers of the school, and for the further reason that no pupils of this session complete the prescribed course.

There will be an exhibit of industrial work of the school on Thursday, 27th, which the white people of the community are invited to inspect.

We are grateful to the superintendent and board of trustees for encouragement given this work. This has been the most successful session of any in point of deportment, discipline, attendance and enrollment.

Two of the former girl graduates of this school are taking courses in cooking and sewing at St. Augustine College and Shaw University. A boy graduate is in the insurance business in the western part of the State, and another is a shoemaker and blacksmith having a position in Durham.

C. M. Eppes, Prinsipal.

Power Cut Off Again.

The Reflector will certainly be glad when the town hands get through cutting trees on the streets, necessitating the electric plant shutting down so often. Because of no power the print shop could not turn a wheel today up to the time of this writing, and we have no idea what time this paper will get to the readers. It is a trouble that has no remedy, except patience, and that gets badly strained sometime.

Correct Time.

With four self-winding electric clocks in town—at Best's jewelry store, Coward & Wooten's drug store, Hotel Bertha and the Western Union telegraph office, the latter being the master clock—everybody should be able to keep correct time. The clocks are all regulated every day at noon if there is the slightest variation in them.

We are wondering what kind of tariff plank can get in the next Democratic platform.

In a week more tax listing time will begin. Then the folks will all be poorer than at any other time of the year.

The Washington Post has followed the move of The Reflector in offering a prize for the best slogan for advertising the city.

Go where you will and you hear Greenville talked about, for the reason that Greenville is doing things. Those who come to see find out that the half has not been told.

We are unable to see the consistency of a Democratic member of congress advocating a tariff on anything, no matter what section it affects. If a tariff is right on one article it is right on all, and if it is wrong in one instance it is wrong in all.

Wherein Mr. Taft Erred.

Well-intentioned though President Taft's judgeship appointment was, the chief actual effort which it has had or will have is the disgrace of his party in North Carolina. This party, today comprises over two-fifths the white population of the State and, while still very far from what it should be, ranks immeasurably above the Republican party of any other ex-Confederate State except Virginia and Tennessee and outranks its fellows in those States not a little. It includes all classes and conditions of men; it now has three congressmen at Washington notwithstanding a carefully made and re-adjusted gerrymander; to denounce it wholesale is to cast a serious reflection upon the entire State. Yet, with nothing absent which might intensify the discredit, it has been made to appear in the country as the rottenest among many rotten political aggregations in the South. Newspapers, irrespective of party or section, have poured out the vials of their scorn; ignorance acting upon natural inferences and partisanship improving an important advantage have been equally vocal. It would require some courage or some brazenness in any man to go away from home today and proclaim himself a North Carolina Republican. Outside North Carolina, both North and South, nearly all newspapers, heaping obloquy upon North Carolina Republican-

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ism with one accord, differ for the most part in that anxious Democratic partisans fear deep political designs by President Taft and those who want the South divided regard the destruction of the present North Carolina Republican party as wisely decreed.

The Observer has never voted for a Republican, Populist or other non-Democrat and at this writing foresees no contingency which could lead it to do so hereafter; it rejoices in any good befalling Judge Connor and trusts that his appointment will be confirmed in the shortest time possible. But a newspaper calling its soul its own rather than its party's must not silently pass by the great mass of injustice incident upon President Taft's action. In our view, Mr. Taft would have acted best by letting the Roosevelt appointment of Seawell stand, likewise relieving his party—as, in fact, he apparently did some time ago—of the Washington-supported machine which has been a heavy incubus upon it since the first McKinley administration. We have never sought to advise him and we are not now seeking to reprove him, but, strictly from our outside standpoint and from within the limits of our own business, we desire to express regret at what he has done.—Charlotte Observer.

The ground hog is the only weather profit worth a cuss. The Weather Bureau to Washington promised a good day when Taft tuck the oath, Thar wuz a snow storm, a blizzard, and the worst weather sence Noah's day. The News and Disturber down to Rolly hez bin a tellin' everybody "don't take 'em off ontill Twentieth of May and then the weather will be warm." We tuck 'em off early May 20th, and started for Charlot ter greet Mr. Taft and got friz afore the train got to Hamlet. Hereafter we pin our faith to no weather profit but the ground hog.—Rhamkatte Roaster.

How Tax Dodgers Would Squirm.

Mayor Sherard, of Anderson, has made a suggestion designed to correct the inequalities in tax returns which is attracting attention throughout the State. His idea is to have a list of the returns published, which if carried out would certainly create a howling sensation. The plan meets with the hearty endorsement of Comptroller General Jones.—Lancaster News.

Why **RALSTON SHOES** are non-wrinkling

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last.)

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration) then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralstons retain their smart appearance until worn out.

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.

HIDDEN DANGERS.
Nature Gives Timely Warnings That No Greenville Citizen Can Afford to Ignore

Danger Signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

Danger Signal No. 2 comes from the back. Back pains, dull and heavy; or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident.

Wm. Murrill, Washington & Tarboro, Ste., Rocky Mount, N. C., says: Doan's Kidney Pills proved in my case to be a valuable remedy for kidney trouble and I have no hesitation in recommending them to anyone afflicted with this complaint. I used them for backache and other annoyances arising from disordered kidneys and they brought me prompt relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
