At the annual communication of Winterville Lodge No. 523 A. F. & A. M. held on the above date, the following officers were elected for the ensuing Masonic year:

John Cheek, W. M.  
A. W. Ange, S. W.  
W. B. Wingate, J. W.  
R. H. Hunsucker, Treas.  
B. W. Tucker, Sec.

### Held Him Down This Time.

The railroad conductors up the road had begun to look upon Laughing Theodore Cox, of Winterville, as a Jonah. Theodore goes somewhere up the road every Sunday, and for two or three Sundays in succession something got the matter with the train he was on, and the conductors wanted to accuse him of laughing the cars off the track. He went up the road Sunday as usual and returned without anything happening. When he stepped off the train here to make some of his friends smile he was asked if anything had happened to the train that day. "No," he said "there were enough huckelberries on board to hold the cars down to the track."

### For Sale.

## ONE OF THE BEST.

### What This Enterprising Association Has Done for Greenville.

With Sunday's issue of the Raleigh News and Observer was a magazine section of sixteen pages devoted to the State Building and Loan League that meets in Raleigh this week. Besides the program of the league meeting were several excellent articles on the benefit of building and loan associations and sketches of the various associations throughout the State. We take the following in reference to Greenville:

The Home Building and Loan Association of Greenville, N. C., was incorporated in 1906, commencing business on May 5th of that year. Up to December 31, 1908, it had issued six series of stock and had in force 1,605 shares. During the life of the association, which is a little less than three years, it has loaned to shareholders over \$40,000, which has been invested in homes. The Association is receiving the hearty support of the citizens of the town and has accomplished a great good that is being recognized more and more every day. It is well officered and the board of directors consists of twelve of Greenville's most influential and energetic citizens, as follows:

Officers—R. C. Flanagan, president; H. A. White, secretary and treasurer, and H. W. Whedbee, attorney.

Directors—D. J. Whichard, S. T. White, R. O. Jeffress, D. C. Moore, C. T. Mumford, C. O'H. Laughinghouse, B. W. Moseley, C. C. Vines, H. A. White, R. C. Flanagan, H. W. Whedbee and W. A. Bowen.

### In Honor of Miss Ragsdale.

Of the many delightful social events of the past few weeks none was more enjoyable than the progressive forty-two party given by Mrs. Bascom Hoskins on Monday afternoon in honor of her charming guest, Miss Hennie Ragsdale, of Greenville. The parlor, library, hall and dining room of this lovely home were thrown together and with the beautiful decorations of spring flowers presented a scene of unusual attractiveness. There were ten tables of forty-two. The prize was cut for by Mrs. Cif Ring and Mrs. William C. Jones, Mrs. Jones winning a dainty handmade chafing-dish apron. She gracefully presented it to the guest of honor, Miss Ragsdale. Mrs. Oscar Kearns won the consolation. At the conclusion of the games Mrs. Hoskins, assisted by Miss Nettie Sloan, served elegant refreshments.—High Point cor. of Charlotte Observer.

### Masonic Opera House.

Tonight! By an enormous expense Manager Browne has secured the "Passion Play" which is a beautiful hand colored picture of 4000 feet showing the birth, life, sufferings and death of our Saviour. Never has a picture been reproduced that could be compared with this one in such rich colorings, beautiful scenery, gorgeous costumes, etc. It has no equal! This film is new, never has been seen before, you have never seen a new film before this one. But enough said, as it would be impossible to give this magnificent picture justice on paper. Mr. A. P. Barnes, of Henderson, will direct the special music for this picture. Come out tonight with the crowd and see for yourself. Admission 10 and 5 cents.

## Cobb-Brooks.

Grifton, N. C., June 5.

The home of Hon. E. J. Brooks was the scene of a pretty marriage Wednesday afternoon at 3 o'clock when Miss May Brooks became the bride of Mr. J. K. Cobb, of Jamesville, N. C. The home of the bride had been decorated with cut flowers, palms and ferns, the color scheme being white and green.

The wedding march (Mendelssohn) was by Miss Agnes Smith, of Farmville.

The bride leaning on the arm of her brother, Prof. E. C. Brooks, of Trinity college, joined the groom who, with his best man, Mr. Jackson, awaited her, and they pledged their vows in the beautiful and impressive words of the Episcopal ceremony.

The ceremony was performed by the Rev. Mr. Gordon, of Williamston.

The bride was becomingly dressed in a going away dress of dark blue silk, with hat and gloves to correspond.

The presents were useful and valuable there being silver ware, cut glass, china and fine linen.

Miss May is the daughter of Hon. and Mrs. E. J. Brooks, of Grifton, and is much loved by all who know her. She will be greatly missed and we are very sorry she isn't going to make her home in Grifton instead of Jamesville.

After the young couple had received best wishes and congratulations they went to the depot to take the 4 p. m. train to Jamesville.

There was a large crowd of friends waiting to wish them God speed and to throw a hand full of rice.

The guests who had been spending a few days with the bride left on the same train. There were visitors from Farmville, Kinston, Parmele, Greenville, Williamston, Tarboro, Conetoe and Durham.

The groom is a young man much thought of in his community, and holds a responsible position on the A. C. L. R. R.

Mr. and Mrs. Cobb will make their home in Jamesville. The best wishes of their many friends attend them. L.

## LOCAL BRIEFS.

Take the trip with the Baracas on the excursion to Raleigh Thursday and take in the sights at the State capital.

I will be glad to meet every member of the Patient Circle of The King's Daughter at my home tomorrow night at 8 o'clock. Mrs. A. L. Blow, Leader.

The price is only \$1.50 for adults and 75 cents for children under 12 years of age, for the round trip on the Baraca excursion to Raleigh Thursday.

Tonight there will be the "Passion Play" presented in the opera house, while the Gem theatre will present a good program. You have plenty of time to see both.

Attention is called to the advertisement of the Hines Motor Co., in this issue. They have several handsome Reo and other cars on hand to be sold at reasonable prices.

### Small Crowd Went.

The first Sunday excursion over the Norfolk & Southern to Morehead and Beaufort this season did not have a large crowd. This may be due to several preceding days of rain followed by cooler weather, causing the people to wait for another day to go to the seaside, as they will have the opportunity at a low price every Sunday.

## Free Will Baptist Meeting.

The meeting at the Free Will Baptist church is in progress yet, with good interest each meeting. Dr. E. L. St. Claire is an able speaker and all are well pleased with his excellent sermons.

The meeting Sunday night was the best of the previous nights, and the prospects are better still for the coming one.

We heartily insist that all who are in position will come and assist in the rescuing of perishing souls. We also insist that the members of the various choirs will feel a hearty welcome in the choir. We are glad to make special room for them at any time. We also hope to have the pastors of all the other churches with us.

Hoping that our efforts are not in vain, and that our meeting will be of much good to the cause, we ask the prayers of all Christians.

There will be service tonight at 8:30. Subject "Washing the Saints Feet." This is a very important subject and we would be glad for all who can to hear Dr. St. Claire explain it. Hoping you to be with us tonight and assist in singing or anything you may see fit to do.

We are yours in Christ,  
D. A. Windham, Pastor.

### Gem Theatre.

The program tonight at this popular little play house is one of the best ever shown in the city, plenty of comedy intermixed with pathos. The feature subject is of a technical nature namely, The culture of Rice, one of the most interesting and instructive pictures imaginable, showing in detail this industry from planting the seed until the grain is harvested, put in bags and sold to you by the corner grocer. Three other subjects, two comedies and a beautifully hand-colored film and illustrated songs make up a program worthy of your consideration. Don't forget the gem is the coolest place and shows the best pictures in the city notwithstanding anything you may have heard to the contrary and you owe it to yourself to investigate and as a special inducement for tonight only: Every lady attending, tonight's performance will be permitted to hold their tickets which will be accepted as admission price Tuesday night. Remember two nights for the price of one, so visit the gem tonight and see for yourself. It is truly the home of fine pictures and superb music.

### A. & M. College

It is a pleasure to call attention to the advertisement of the North Carolina College of Agriculture and Mechanic Arts. The State greatly needs industrially trained men, and the college is rapidly helping to supply this need. Its graduates are busy and successful in many lines. Many of our farms show the practical value of their training. The railroads, public highways, drawing rooms and ship-building plants call on the college for civil engineers. Our lighting and water plants and our machine shops are being manned by its graduates. Not a few of its men are superintending or managing cotton mills and dyehouses. Its chemists are taking high rank in experiment stations, industrial plants and departments of agriculture. Young men cannot do better than fit themselves for their vacations at the same time that they are being educated.

## MUST REGISTER ALL CARS.

All owners of automobiles in North Carolina are required by law to register their cars with the Secretary of State beginning July 1, and all cars occupying public highways are required to carry a display at all times of the registration tag and seal under penalty of a \$50 fine or imprisonment of 20 days, or both. All counties are included except New Hanover and the speed limit designated is eight miles for closely settled communities; 12 miles for residential sections and 25 miles for country highways. It also prescribes that all motor cars shall slow down when passing railroad and other crossings, running over bridges, etc.

The first section of the act providing for the registration and identification of motor vehicles defines the meaning of motor vehicles in such a way that it can mean nothing but automobiles, motor bicycles being excepted. The law is found on page 765 of "Public Laws of North Carolina, 1909." Section 2 has this to say:

Every person now owning or hereafter acquiring a motor vehicle shall for every vehicle owned by him, file in the office of the Secretary of State a statement containing the name and address with a brief description of the vehicle so owned by him, to be registered, including the name of the maker, factory number, style of vehicle and motor power, on a blank to be prepared and furnished by the said Secretary of State for that purpose."

Upon compliance with this, the Secretary of State will issue a certificate of registration, together with a seal to be attached to the vehicle, and this seal is to be displayed in a conspicuous place on the vehicle. The certificate will remain in force for one year. In addition to the seal the owner must at all times display upon the front and rear of the vehicle the number assigned it by the Secretary of State.

Three dollars of the registration fee shall be paid to the treasurer of the county in which the owner of the machine resides. Section 5 of the law says: "No motor vehicle shall be used or operated upon the public highway after July 1, 1909, which shall not display thereon a registration seal, and on the rear of said motor vehicle a number as provided for in Section 4 of this act, or which shall display there-

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

on a fictitious seal or number or belonging to any other vehicle."

Any person violating any of the provisions of the act shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not exceeding \$50 and the costs of the prosecution or by imprisonment not exceeding twenty days, or both. For the second offense or any subsequent offense he shall be fined not exceeding \$50 and the costs of the prosecution or by imprisonment for not exceeding thirty days, or both. For the third offense the certificate of such owner shall be canceled for the space of six months.

All police justices or justices of the peace shall have jurisdiction to hear, try and pass sentence for violations of the provisions of the act. Any police officer, marshal, deputy marshal, sheriff, deputy sheriff or constable shall have full power to arrest any violator of the provisions of the act within the limits of his jurisdiction.

## Out of the Old Ruts.

"The farm equipment stores have sold more scythes and harvesters, this year than ever before in Anderson county," says the Anderson Daily Mail. How much better this sounds than an announcement that the farmer had bought a greater quantity of Western meat, hay and flour than in any previous year. It means that the farmers are diversifying their crops, are not depending entirely on cotton as a means of livelihood. They apparently intend to raise home supplies, "living at home" and making cotton more of a surplus crop. Where you find this state of affairs you find also greater prosperity among the farmers, and among all other classes. Our people are beginning to learn that while cotton is king, still there are some other farm products of just as great importance to the farmers and through them to their neighbors in the towns and cities of their sections.

What the Anderson Daily Mail says of its county is more or less true of many other counties in the two Carolinas, but there is not yet enough of this breaking away from former methods and getting out of the old ruts. We want to see it increase, for we know that it contains great benefits for the whole Southern section.—Charlotte Observer.

What's the matter with the price of all sorts of victuals? Do they keep on climbing because the middlemen are working the market, or does it simply mean that the time is coming when the erstwhile horny handed farmer and the woman with a hen will be the only real aristocrats in this country?—Durham Sun.

### A STEADY DRAIN

#### Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that roes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression, uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Greenville cures prove it.

James Hardison, 319 E. Fifth St., Greenville, N. C., says: "My kidneys were weak and the secretions passed too frequently, especially at night when I was forced to rise several times. In the morning my back was very lame and I was subject to pains through my loins. Doan's Kidney Pills, procured at Wooten's drug store, restored my kidneys to a normal condition. I am now able to sleep well and the lameness and soreness across the small of my back has entirely disappeared. I have found Doan's Kidney Pills to live up to representations and I have no hesitation in giving them my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### A Well Built Instrument.

When the concert was over and the pianist was driving along the snowy road to the Burnham inn, where he was to spend the night, he ventured to ask his host of the evening if he had enjoyed the playing. "You did first rate," Mr. Burnham told him. "That's my opinion. "Yes," he went on after a minute, "you certainly did first rate. You showed power and strength beyond anything I ever expected to listen to, and you was lightning quick into the bargain. Anybody that heard you could tell you'd worked hard and long and steady to get your trade. But I tell ye who else had ought to have some credit—that's the man that made the piano you played on. 'Tain't every instrument that would stand the strain you put on it, not by a good deal. I should call it the praise ought to be divided pretty even betwixt ye." — Youth's Companion.

### CENTRIFUGAL FORCE.

Some of the Wonderful Properties of Rapidly Revolving Bodies.

It is probably well known to our readers that by means of revolving soft copper disks, the edges of which are served with diamond dust by beating it in, diamonds can be sawed up. By means of sharp, rapidly revolving iron disks it is possible to cut through heavy steel armor plates of four to eight inches in thickness. These phenomena belong to a very interesting department in physics, the physics of revolving bodies, that doubtless still has a great deal that is remarkable to offer. The rotation of a wheel results in the phenomenon that keeps the wheelman or bicyclist without exertion free on his seat—i. e., the so called free axis. We can also observe it easily in a top, which, its equilibrium disturbed, as long as the rotation is rapid enough always resumes a certain position in regard to its axis without requiring pivot bearings. Rotation also exercises a tension producing effect on the substance of a revolving body, and it is this tension that imparts to the soft saws referred to their notable efficiency. If, for instance, a disk of thin cardboard is caused by a suitable transmission to rotate very rapidly on the lathe the rotatory tension causes the card to behave like sheet metal.

As the Naturwissenschaftliche Wochenschrift states, the cardboard can in such case no longer be bent and if struck with a hammer gives off a sound as though we were striking bronze. This is, however, only the beginning. If we place on the shaft of an electromotor a disk of good paper, cut into an exact circle about eight inches in diameter, this paper disk can be made at the highest rotating speed of the motor to saw through cigar box wood. At the cutting surface it acquires a fine brown polish. The publication in question shows other interesting experiments. We can, for instance, fit on the shaft of the rotatory apparatus a drum, about which may be passed an annular closed little chain in such a manner that at the highest rotatory speed of which the motor is capable it can be slipped off the drum. The chain will then behave like a solid ring, roll across the table and when it strikes the ground bounce up like a hoop. The active principle on which all these tension phenomena are based is centrifugal force.

### Land Sale.

By virtue of the authority in me vested by a certain judgment rendered at the November term 1908, of Pitt Superior court in the case of W. G. Matthews and G. R. Matthews against R. L. Roberson, McG. Bryan and L. W. Tucker which judgment is docketed in Pitt Superior court on judgment docket No. 16 case No. 163, and by virtue of the further order made is said case at the April term, 1909, of said court and recorded on minute docket No. 15 page 16 and 17 the undersigned commissioner will expose to public sale to the highest bidder before the court house door in Greenville, North Carolina, on Monday the 5th day of July, 1909, at 12 o'clock noon, all the right, title and interest of W. G. Matthews and G. R. Matthews, the same being a one-half undivided interest in and to a certain tract of land lying and being in Pitt county and more particularly described as follows: Beginning at a lightwood stump Riley Jenkins corner at the road running eastwardly to a dead pine in a pond, thence with said pond to a stake, a corner, thence west with the Roberson line to a corner in Whitehurst's and Jenkins line and on to first station it being the land deeded to W. G. Matthews and G. R. Matthews by Rodrick Matthews their father and being known as the Pilgreen place, containing one hundred acres more or less.

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last.)

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration) then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralstons retain their smart appearance until worn out.

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.
