ANNUAL MEETING

Of the Woman's Home Mission Society.

On Tuesday night, June 1st, the Woman's Home Mission Society of the North Carolina conference, M. E. church South, convened at Louisburg for its 18th annual session, Mrs. R. B. John, president in the chair.

The conference was extended a most hearty welcome by Rev. F. A. Bishop, on behalf of the church; by Mrs. McKenzie on behalf of the W. F. M. Society, by Mrs. J. A. Turner on behalf of the W. H. M. Society, and by Mrs. Ivey Allen on behalf of L. Female college. These were responded to by Miss Eliza Smith, of Gatesville.

The roll call on Wednesday morning showed a large number of delegates and visitors present.

The president's message was gracefully delivered, her subject being "What it means to be a member of the W. H. M. S." The reports from the conference officers showed a marked increase along all lines; and by comparison with our work ten years ago Mrs. Scott showed we had grown from twelve auxiliaries, to sixty-one, and instead of five present at the annual meeting we had nearly seven times as many. On Wednesday night, Rev. J. H. Shore, of Greenville, in his impressive manner preached the annual sermon.

He complimented the work of the W. H. M. S. and assured us that his heart is with us in this great work. The district secretary of the Washington district was glad to note this, and she hopes soon to see Greenville join in this great Home Mission work.

There were quite a number of new auxiliaries reported, five of which are in the Washington district. There were also many good papers read and discussed; some of which were "Needs in the Field of the M. E. Church, South," by Mrs. J. E. Underwood. "The Extra," and how to raise it, by Mrs. T. W. Costen. "Rescue Work" by Mrs. J. E. Brown. After Mrs. Brown's paper was read, Miss Elizabeth Davis, our deaconess from Tampa, Fla., spoke very interestingly of her experience in rescue work.

Miss Sarah Lowder, our trained worker at Roberdell then spoke of her work among the factory people at that place. On Thursday night of conference there were special services by the children of the baby roll and brigade department. A collection of \$10 was taken, and on motion of Mrs. J. A. Spier, who has charge of this work in our conference, the baby of Mrs. J. A. Turner, president of Louisburg Auxiliary, was made a life member of the W. H. M. Society.

On Friday night Mrs. R. B. John gave a most interesting and instructive lecture on one of the books of the Reading Course, "The Frontier," which showed the great possibilities of Home Missions in the west. This being the closing service of the greatest annual meeting the N. C. conference ever held.

It was encouraging to note the intelligence of our women in the work, and the improvement in speechmaking. Why, when the subject of tithing was discussed, Bro. R. C. Craven, being the only man present, remained in case he was needed to settle the question.

Another encouraging feature, was the popularity of the conference.

It had four invitations for next

GREENVILLE WINS.

Lanier Pitches a No Hit Game—Score 6 to 0.

In an interesting game of ball Thursday at Robersonville, Greenville defeated that team by a score of 6 to 0. The home boys were unable to reach second but twice during the game, that being in the first and ninth innings. The visitors scored in the first, third, sixth and eighth innings. Pierce for the locals pitched a nice game of ball but had very poor support. Lanier a coming "Southpaw" pitched superb ball, not allowing a hit. He was in no danger of being scored on at any stage of the game. He was given the support that wins games. Haskett for the visitors secured a double and a single out of four times up. The lineup was as follows:

Greenville	Robersonville
Turnage H. c	Carson
Lanier C. p	Pierce
Bowling, Capt 1b	Gray, Capt
Murphy J. 2b	Grimes
Joyner R. 3b	Ross
Hackney John ss	Rawls
Moore lf	Andrews
Hasket H. cf	Perkins

Trick Bicycle Rider.

A trick bicycle rider was here yesterday and gave some exhibitions on his wheel that were remarkable. He could get in every conceivable position and do things that made the crowd wonder. On two wheels, one wheel, or even a cart wheel he seemed perfectly at home and did stunts with the skill of an expert. Of course there was a hat collection taken, but every spectator got fully the worth of what he chipped in.

Notice to Tax Payers

Tax payers of Pitt county will take notice, and list their taxes before the list taker of their respective townships, as prescribed in Chapter 440 section 73 public laws of North Carolina Act 1909, or show why double tax should not be charged.

year; namely Hertford. La Grange, Elizabeth City and Louisburg again. Mrs. Scott put in her application 3 years ahead for New Bern. It was unanimously decided to go to Elizabeth City as they have oysters there.

Louisburg entertained the conference royally, giving a grand reception at Louisburg Female college, and had planned to give one at Greene Hill House, one mile from Louisburg, where was held the first Methodist conference in America, April 20, 1785, but the weather was to inclement.

However all visited the old house, and each was presented with a picture of it, by Louisburg Auxiliary.

On Saturday morning all left for home, wishing Louisburg many returns of this happy occasion. Mrs. J. W. Parker, Farmville, N. C.

THE MUSICAL CLUB.

Entertained by Dr. and Mrs. Laughinghouse.

The Musical Club met with Dr. and Mrs. Charles Laughinghouse Thursday evening, and the meeting was a most delightful and interesting one.

After the members and guests had received a cordial welcome upon arrival, they were served with fruit punch by Mrs. R. J. Cobb in the hall.

With Mrs. Hooker presiding the club first transacted its business, one item being that meetings will be suspended during the months of July and August. This leaves but one more meeting to be held before the summer intermission, which will be held with Miss Vernessa Smith on the 24th inst.

The musical program of the evening was then rendered as follows:

Instrumental duet by Mrs. Higgs and Mrs. Carper.

Vocal solo by Miss Vernessa Smith.

Instrumental solo by Miss Irma Cobb.

Reading on Musical Club work by Mr. Pender.

Vocal duet by Mrs. Hooker and Mr. Whichard.

Assisted by Misses Irma Cobb and Mary James the hostess served delightful refreshments.

A half hour was spent in singing old familiar songs in chorus which proved a very enjoyable part of the evening.

The club expressed gratification at an announcement that Misses Helen Marie and Harriette Day and Phyllis Woodall, of the music faculty of Meredith College, Raleigh, will give a recital in the opera house here on June 30th.

Advice to Tobacco Growers.

At this time of the year we are all more or less interested in the outlook for prices for the coming crop. The tobacco world has estimated this crop as being the largest the East has ever had. And should they fall short in their estimate it would not advance a penny if the quality is not there, quality will govern the price. In watching the market from year to year you find that ripe tobacco with body is what the trade demands, and you will find strong competition on the Greenville market for same. Of course you want to have the kind and quality in demand; to do this you will have to trim off the bottom leaves and throw the soil to the plant, let it stay on the hill until it is ripe, and in curing do not use such high heats. It will pay you well to run your heats twenty-four hours longer, the leaf will weigh more as it will have more oil in it and not be so papery and chaffy. Let us make it good and sell at The People's Warehouse and I will do my best to make your crop profitable.

Yours to serve,
C. R. Townsend, Mgr.,

Baraca Excursion.

The Baraca excursion to Raleigh Thursday was largely increased after leaving Greenville and more cars had to be added at Wilson. The excursion carried a large crowd and everything passed off pleasantly. Pitt county, as usual, made a fine showing. The train reached Greenville on the return trip at 11 o'clock at night, and all who went report a fine day.

CONFEDERATE MONUMENT.

Keep the Fund Growing.

W. B. Wilson, treasurer, will receive and acknowledge subscriptions to the fund to erect a Confederate monument in Greenville, and all subscriptions will be published. The list to date stands as follows: Amt previously reported \$220.00

Gem Theatre.

The performance tonight will be for the benefit of the Episcopal church choir. In addition to usual pictures and illustrated song, there will be a musical program consisting of a male quartette, instrumental duet, soprano and baritone solos by the best talent obtainable in the city. We have installed a new machine and two more fans which insures you a cooler and better show than before. The motion picture program is one of the best we have ever shown, the feature subject entitled The Frontiersman's Bride is especially good. Two other subjects one a comedy entitled "Effects of a Shave" and "The Caravan," a beautifully colored film showing Egyptian life in detail, make up a program worthy of your consideration and support.

Revival at the Free Will Baptist Church.

Last night was the last sermon by Dr. St. Claire for the present time. Needless to say that all who heard him are well pleased with him, and hope to have him in the future to assist us in another meeting.

There will be service tonight by the pastor, Rev. D. A. Windham. Come and see what the young man will have to say. Subject "The Result of a Misspent Life." He has prepared a beautiful solo which he will sing, and all who are in time to hear it, we feel sure will be delighted. We hope all who can will attend.

We are very thankful to all for their kindness throughout the meeting.

Masonic Opera House.

Tonight's program of moving pictures is extra fine "Old Heidelberg" an extra fine picture. "For Her Country's Sake." We all know what that means. A woman will stick to her country through all the infernal machine. A very fine comic subject. We don't go to the extent in telling all about the pictures and place, as all know that the very best pictures are shown that can be got as they are guaranteed to be perfectly new and not to be over three weeks old. They do not hurt your eyes at all. Saturday we will have "The Salvation Army Lass." Also two other good subjects. We show the base ball score every day. Don't miss them. Follow the merry crowd.

Trustees in Session.

The trustees of East Carolina Teachers Training school are in session here today to perfect plans for the opening of the school next fall. All but one of the board were present.

Commutation Refused.

Governor Kitchen has refused to commute to life imprisonment the death sentence of Robert Robercon who lost spring killed Mr. Charles Whichard at Robersonville. Robercon after being pursued for sometime was captured, tried at Williamston and sentenced to be hanged. An appeal was taken to Supreme court and the judgement of the lower court was sustained, whereupon an effort was made to get commutation of sentence. This the governor declines and the negro will have to pay the penalty of his crime with his life.

Don't Fret.

Watch any ordinary coming together of people and see how many minutes it will be before somebody frets; that is, makes a more or less complaining statement of something or other, which most probably every one in the room, or in the railway carriage, or in the street, it may be, knew before, and which probably nobody can help. Why say anything about it! It is cold, it is hot, it is wet, it is dry; somebody has broken an appointment, or ill cooked a meal; stupidity or bad faith somewhere has resulted in discomfort—there are plenty of things to fret about, if we are weak enough to heed trifles. It is simply astonishing how much annoyance may be found in the course of every day's living, even at the simplest, if one only

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

keeps sharp lookout on that side of things. Even Holy Writ says we are prone to trouble as sparks to fly upward. But even to the sparks flying upward, the blackest of smoke, there is a blue sky above, and the less time they waste on the road, the sooner they will reach it. Fretting is all time wasted on the road.—Helen Hunt.

Don't stop to grumble that your own place may not be as good as somebody else's. Make the best of your surroundings, do your duty at whatever you are engaged in, let your presence be felt, and you will not find much time for complaining.—Greenville Reflector.

No talent, no self-denial, no brains, no character, is required to set up in the grumbling business. You can go at it just as easy as running into sin. Those moved by a genuine desire to do good—and are filled with the Holy Spirit—have little time for murmuring or complaint. Did you know that of all the adults among the children of Israel that came out of bondage in Egypt, only two—Joshua and Caleb—were permitted to enter the promised land? That is a fact of biblical history. It was because they were strong and courageous, and not afraid to lean upon God, trust His promises, and yielded a cheerful and willing obedience to His commands. The others were always grumbling and complaining, and running after vain gods, and even worshipped a golden image. Such a leader as Moses, even was not allowed to go into "the land that flowed with milk and honey." He lost the sweetness of his temper when the Lord told him to speak to the rock that it gush forth water, he was so vexed over the grumbling and clamor of his people that he smote the rock with his rod. The Lord had told him to speak. We miss much in this life by grumbling—and still more by disobeying the commands of a wise Heavenly Father.—Durham Sun.

Mr. Laws is No Hog.
 Mr. John Laws does not wish to hold the office of Register of Deeds of Orange county forever. He has held it continuously for 50 years. Last month, when he became the father of a lusty son on his eighty sixth birthday, he confided to a friend that he had resolved not to accept re-election longer than for twenty years more, but to hand down the office to his son when that young gentleman arrives at the age when he may legally succeed his father in office. Mr. Laws is no hog—he knows when he has got enough.—Raleigh News and Observer.

Onions and Pneumonia.

Hot onions, according to a French physician, are said to be a sure cure for pneumonia. The remedy is as follows: Take six or ten onions, according to size, and chop fine, put in a large pan over a fire, then add the same quantity of rye meal and vinegar enough to make a thick paste. In the meantime stir it thoroughly, letting it simmer for five or ten minutes; then put in a cotton bag large enough to cover the lungs, and apply to chest as hot as the patient can bear. In about ten minutes apply another, and thus continue by reheating the poultices, and in a few hours the patient will be out of danger. This simple remedy has never failed to cure this too often fatal malady. Usually three or four applications will be sufficient.

Safe on the Railway.

A well known humorist entered an English railway carriage in which was one of those ladies who travel in constant fear of collisions. At every jolt or sudden stop she cried out: "Have we left the rails? Is it an accident? Are we going to be killed?" Her fellow passenger paid no attention, but remained wrapped in silence.

Presently the lady said to him, "Are you not afraid of railway accidents?" "Not I, madam," answered he, reassuringly. "It has been predicted that I shall die on the scaffold."

She changed carriages at the next station.

A Familiar Trait.
"After an absence of twenty years a Chicago man walked in on his wife the other day. She didn't recognize him. He sat down and kicked because dinner was late."
"Then she recognized him, eh?"—Kansas City Journal.

PAPER FOR MONEY.

Extreme Care and Secrecy Used In Its Manufacture.

The various great nations devote much study to the improvement of their secret processes of manufacturing paper for money and banknotes, the principal object being, of course, to render counterfeiting more and more difficult.

Our own government guards with extreme care every detail of the manufacture of this paper, laying special importance upon its secret of getting silk thread into the composition of the paper itself.

The efforts of this government, however, are not nearly so painstaking as those put forth in making the flimsy paper used for Bank of England notes, which are probably the finest paper money in the world. These notes are manufactured from fine Irish linen, and the peculiar properties of the Test water (so called from the river of that name) produce paper of a purity and texture unsurpassed. The secret of the security of the Bank of England note against forgery and counterfeiting is said to be entirely in the paper itself and not in the printing.

In addition, the notes show a watermark so cleverly devised that an expert from the mill can tell by a glance at the date of manufacture the very name of the employee who made it. The watermark is produced by a design countersunk in the woven wire bottoms of the trays in which the hot paper pulp is poured and dried. It has never been successfully imitated.

Extraordinary precautions are taken for the security of the mill where these notes are made, as well as of everything in the mill. There is, of course, a staff of police constantly in attendance and a private wire to police headquarters, nine miles away.

The watchmen who patrol the mill corridors every night must pass at each quarter of an hour clocks of wonderfully ingenious construction, the revolving dials of which are pierced with holes, which at the precise moment the watchman is due before them pass over a slot. The watchman pushes through a peg he carries, and the clock ticks on. Should he not present himself at the moment scheduled for him to appear, however, the timepiece immediately sounds an alarm.—New York Tribune.

Indoor Golf.

In the eighteenth century golf courts or alleys were roofed over to protect them from sun and rain, wind and falling leaves, so that people might golf undisturbed in all weathers. These formed long wooden sheds, eighty feet long and twenty broad, covered with tiles. The floor, which consisted of a mixture of earth and lime, was made hard, smooth and perfectly level. At a quarter distance from each end stood a pin turned out of hard wood. For two feet of its height it was thickly coated with bell metal, so as to give a sharp sound when struck by the large leather balls. Around the golf alley were little tables and stools for the onlookers. So one finds them in north Holland still. The game in fact had been reduced almost to parlor golf.—London Express.

A Family Affair.

"Cordelia," ordered the teacher, "throw that gum in the wastebasket!"

The pupil's face grew scarlet, but she did not stir.

"If you do not put that gum in the wastebasket immediately I will send you out of the room," said the teacher gravely.

The girl walked reluctantly to the desk. "I can't, teacher," she confessed. "It's ma's gum, an' she'll lick me if I go home without it."—Success Magazine.

A STEADY DRAIN

Sick Kidneys Weaken the Whole Body--Make You Ill, Languid and Depressed.

Sick kidneys weaken the body through the continual drainage of life-giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression, uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Great Greenville cures prove it.

James Hardison, 319 E. Fifth St., Greenville, N. C., says: "My kidneys were weak and the secretions passed too frequently, especially at night when I was forced to rise several times. In the morning my back was very lame and I was subject to pains through my loins. Doan's Kidney Pills, procured at Wooten's drug store, restored my kidneys to a normal condition. I am now able to sleep well and the lameness and soreness across the small of my back has entirely disappeared. I have found Doan's Kidney Pills to live up to representations and I have no hesitation in giving them my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Rubinstein's Free Seat.

A pianist who was pre-eminently successful in his day was Rubinstein, who traveled nearly the whole world over delighting people with his genius. He was very much annoyed by requests for complimentary tickets, but most of the time he maintained his composure, even though justly irritated. It is told of him that just before one of his recitals in London he was accosted by an old lady in the entrance hall and thus addressed:

"Oh, Mr. Rubinstein, I am so glad to see you! I have tried in vain to purchase a ticket. Have you a seat you could let me have?"

"Madam," said the great pianist, "there is but one seat at my disposal, and that you are welcome to if you think fit to take it."

"Oh, yes, and a thousand thanks! Where is it?" was the excited reply.

"At the piano," smilingly replied Rubinstein.

Pass For Tobacco.

Lord Deas, a Scotch judge, was once hearing a case when the smell of tobacco permeated the room, and, being in opposition to the rules, search was made to trace the offender, without avail. Finally the ushers said it must come from the retiring room of the lawyers. This his lordship scouted, saying:

"No such thing. Dae ye mean to tell me the gentlemen of the bar smoke common Limerick twist?" Strange to say, shortly after an Irishman in court discovered the pipe he had placed alight in his pocket had set fire to the lining, and it was loaded with Limerick twist. The judge had a good nose and knew what he was talking about.

As you have probably noticed, most shoes have a tendency to wrinkle and "bunch up" across the toes after the shoes have been worn a few times. This is the fault of the lasting (the process of pulling and stretching the leather over the wooden last.)

The RALSTON method has remedied this fault. Ralston vamps are first crimped (see illustration) then lasted. There are no bunches, no wrinkles, because every part of the vamp fits the last perfectly without straining the leather at any point. This adds to the wear of the shoe. It also explains the reason why Ralstons retain their smart appearance until worn out.

There are other unusual features of RALSTON SHOE construction which will appeal to you. Come in and look over our new styles.
