STATE NEWS.

Happenings of Interest in North Carolina.

Mr. F. L. Carr, we hear, has moved to Wilson, where he will reside in the future. His removal is a distinct loss to Greene county.—Snow Hill Standard Laconic.

During the past few months, the following Masonic lodges have been instituted in North Carolina: David Bell at Whitakers, Edgecombe county; St. Timothy's at St. Timothy, Union; Biscoe at Biscoe, Moore; In Wake county Superior court a negro got a sentence of eight months on the road for stealing two cabbages from a garden, and then lying about it when he went on the witness stand.

Apex at Apex, Wake; Bynum at Bynum, Chatham; Columbia at Columbia, Tyrrell; Snow Creek at Clio, Iredell, Grand Secretary John C. Drewry says that he has never seen more interest manifested in Masonry in North Carolina than there is at the present time. There are now over 20,000 members, a gain of 1,000 in six months, or since the Grand Lodge met.

The 41st series in the Mechanics' Perpetual Building and Loan Association will mature Saturday. Next Wednesday the association will pay off the series, which amounts to the sum of \$150,300. Of this amount \$90,300 will be in money and \$60,000 will be applied to the cancellation of 73 mortgages. This sum total makes a grand aggregate of \$2,500,000 which has been thus paid out by this association during its 26 years of successful history, having cancelled 2,000 mortgages.—Charlotte Observer.

Raleigh, N. C., July 15.—There is every indication now that the State Association of County Commissioners, will be held at Wrightsville Beach, August 9 to 11. The last legislature passed a special act endorsing the association and its work and authorizing the commissioners of every county to send one or more of their number as delegates to the annual meetings of the association at which matters of vital interest to the improvement of county government are discussed, especially that of the economical administration of the county finances. It is understood that there is very wide interest in the approaching annual meeting, the first since the legislature provided for counties to bear the expense of the commissioners in attending, and there is every promise of very many counties being represented.

Sunday morning about 2 o'clock, Mrs. John Tate, of Greensboro, was awakened by some one raising a window in an adjoining room. Instead of going off into hysterics, she arose from her bed, went to the room just in time to put two negro burglars to flight by threats of shooting them. The two men beat a precipitate retreat from before this brave and intrepid lady in white. Mrs. Tate says that she had no pistol in the house, or she could easily have killed both men.

Ten Nights in a Bar Room.

Tonight at the Masonic opera house we will show this great play, Ten Nights in a Bar Room. Witness this play and you will see that it is the exact reproduction of the stage. Two other good subjects.

AYDEN ITEMS.

Newsy Notes From a Hustling Town Briefly Told.

Grover and Jarvis McLawhorn left Thursday for Wendell where they have contracted to do some building for the railroad company.

For Sale—One large iron safe. For particulars apply to box 134, Ayden, N. C.

Will Return to Carolina Institute.

The school board and patrons of Carolina Institute at Old Ford are to be congratulated upon having Misses Coward and Burch to teach for them another year. They did most excellent work the past year, making the school among the best in the country.—Washington Progress.

The ladies referred to in the above are Misses Nancy Coward and Lillian Burch, both of Greenville. Miss Coward has been principal of Carolina Institute for two years and Miss Burch has been assistant for one year. That their work has been eminently successful is shown in the excellence of the school and the desire of the people of that section for their return. Old Ford is a fine section of Beaufort county, and we also congratulate the young ladies upon being so pleasantly situated in their work.

Place your orders Saturday at the Candy Kitchen for ice cream to be delivered in time for dinner Sunday. Any flavor nicely packed and delivered promptly. 717

"Has Played Hell With the Party."

Washington, D. C., July 15.—A well known State Republican said tonight: "Charles Cowles has played hell with the Republican party in North Carolina. Just about the time we thought we had things going good, he comes along and throws the fat in the fire by introducing an old reconstruction measure that has no earthly chance of passing. He has made a mistake, the damage of which he cannot repair. It is too late to make a correction of this error, which leaves us in a bad hole. Our other congressmen, Grant and Morehead, have got too much sense to be caught in any such trap, and they will never give their approval to this Cowles measure, which ought to be repudiated by every Republican in North Carolina, who really desires to see the party carry the State—T. J. Pence in News and Observer.

Numerous Beggars.

Begging cripples seem to travel in squads. Several have been here this week handing out cards and asking aid. Some appear to be real objects of charity, while others look like they might be able to work and support themselves without begging. In these days it does not take much affliction or misfortune to turn a man from the pursuit of honest labor and make a public beggar out of him. A charitable people can hardly tell where to draw the line on beggars, but they are often imposed upon.

Stole a Watch.

Thursday evening some one stole a watch belonging to Mr. Fenner Pilley, one of The Reflector force who is sick at the Taylor house. Mr. Pilley occupies a front room at the boarding house, and for convenience kept his watch on a table near his bed in front of a window that opened on the street. The thief stepped up to the window and reaching in took the watch off the table while Mr. Pulley was asleep. There is a clue, and we hope the thief will be caught.

Mr. Worrell Moore Dead.

Mr. Worrell Moore, one of the county's oldest citizens, died last week at his home in Carolina township after a long illness. He was in his 81st year and had spent a useful life, being a prominent farmer and good citizen. He was a Confederate soldier, and a member of the Primitive Baptist church at Briery Swamp. He is survived by five children, Mr. T. L. Moore, Mrs. Fannie Brown, Mrs. Henry Brown, Mrs. J. H. Roberson and Mrs. R. L. Woolard.

Farmers Institutes.

The Reflector again reminds the farmers that two institutes will be held in Pitt county the last week in this month—one in Greenville on Wednesday, 28th, and one in Grimesland on Friday, 30th. If you are a farmer, attend one or both of these institutes, and take your wife along if you have one.

Crimson Clover makes an excellent grazing crop during the winter and early spring. Plowed under early in the spring it is equal to an application of stable manure. Puts humus in the land and makes it rich and melon. Sow seed in July, August and September. See J. R. & J. G. Moye for prices on seed, of

Avoid the Rush.

One of the wives of a Mormon coming down stairs one morning met the physician who was attending her husband.

"Is he very ill?" she asked anxiously.

"He is," replied the physician. "I fear the end is not far off."

"Do you think," she asked, "I should be at his bedside during his last moments?"

"Yes, but I advise you to hurry. The best places are already being taken."

SOCIAL AND PERSONAL BRIEFS.

The Visitors Here and People Who Travel.

Prof. and Mrs. H. P. Harding, of Charlotte, are visiting his parents, Maj. and Mrs. H. Harding.

Misses Carrie Brown and Clara Petty and Clarence Lasiter returned Thursday evening from Simpson.

Mr. D. O. James, the artist, has designed a pretty monogram for a pennant for the East Carolina Teachers' Training school. He left one of them at The Reflector office.

An Editor Off Time.

Mayor W. K. Jacobson, editor of the Washington, N. C., Progress, who was one of the editorial party that passed through Durham en route home from the State Press Association, was either touched or lost a gold watch between Asheville and Greensboro on the return trip. Our brethren seem to have the bad luck to lose time. Brother Sherrill lost his watch returning from a meeting at Morehead City. Brother Jacobson had a guard but it did not appear to be of much service. Of course he was on his watch; now his watch is not on him, but the other fellow—he is off guard, as it were. Editors who carry around diamond studded watches and jewelry, are the objects of light-fingered fellows who want to shine, with "a borrowed light." Brother Jacobson had been to Toxaway, and it is probable that the beautiful scenery and lovely girls had intoxicated him to such an extent that he lost sight of the "fellow feeling" one had for him—and his watch. We venture to say that Brother Jacobson will be "on his guard" when he goes to another press convention, and watch the fellows who press him too closely.—Durham Sun.

New North Carolina Industries.

For the week ending July 14th the Chattanooga Tradesman reports the following new industries established in North Carolina:

Roanoke Rapids—\$650,000 cotton mills.

Maxton—\$125,000 cotton seed oil mill.

Tarboro—\$100,000 manufacturing company.

Home Boys Play Good Ball.

Greenville gets a fair share of base ball fun without the expense of maintaining a league team. Having a league team one season in the past was enough to satisfy the local enthusiasts in that particular. Our home boys play good ball when they go in a game, and they win often as they lose.

BARACA AND PHILATHEA.

No Sunday-school movement has taken a deeper hold on our young people in recent years than the Baraca and Philathea classes. It really means more than the layman's movement, for it begins its work at a better time. It appeals with tremendous force to our young people, and that church is foolish that ignores so great a leverage for uplifting and enlisting our young men and women in the cause of righteousness and truth.—Charity and Children.

The Reflector is fully in accord with the foregoing. We well remember the time when on the fingers of two hands you could count the men who on Sunday mornings were found in the Sunday schools of Greenville. But it is not that way now. The recent years, mainly in the last two, there has been a wonderful change in this particular, and it has been brought about through the Baraca movement. Now instead of finding only a handful of men in the Sunday schools, they are there by the hundreds, and it is inspiring to see them studying the Bible together and striving for those things that lead to a nobler and higher life. All the Sunday schools of the town have their Baraca classes, some of them with more than a hundred members. And the Philathea movement among the ladies is doing for them what the Baraca is for the men. May the good work continue.

Statistics compiled of the establishment of new cotton mills in the United States for the first half of 1909, show North Carolina well in the lead. In this State 23 new mills were started, while the next highest State, Massachusetts, only had 11. North Carolina will some day rank as the leading State in the Union.

Greenville is not going to have all her share of the good things until we have some cotton mills and furniture factories. We have numerous good sites and an abundance of raw material for these, and they could be made to pay here as well as anywhere.

It will not be many days before it is known what President Taft will do with the tariff bill. We doubt if he will have the courage to veto it.

If you will look around at the work going on in Greenville you may be convinced that this is not the dullest time that ever struck the town.

If the price of cotton holds up until the new crop gets on the market it will be something worth talking about.

The man who pays only poll tax comes nearer than any other paying on all he has.

THROW OUT THE LINE.

Give the Kinneys Help and Many Greenville People Will be Happier

"Throw Out the Life Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair. Will cure any form of kidney trouble. Mrs. Robert Williams, 317 S. Washington St., Rocky Mount, N. C., says: "I willingly give my name in recommending Doan's Kidney Pills as they benefited me greatly. I suffered for a long time from a dull, nagging backache and rheumatism twinges in my kidneys. I was restless at night and arose in the morning unfit to commence the day's duties. I obtained no relief from the various remedies I used and had about despaired of ever being cured when Doan's Kidney Pills were recommended to me. I began their use and could soon see that they were helping me. They soon rid me of the backache and improved my health in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Texas Democrats have denounced Senator Bailey for lining up with Senator Aldrich on the Republican side of the tariff question.

A Relic of The Forgotten Past.

Senator Overmen has given out the following interview with reference to the bill of Representative Cowles, who desires a return of the reconstruction period:

"I am surprised that any one should attempt to revive this old sectional legislation for federal control of elections. I never believed that it would be fathered by a North Carolinian. Of course, it has not a chance of becoming a law, and is hardly entitled to very serious consideration. I do not believe that there is a Republican in the United States senate who would vote to re-enact the bill for the restoration of these reconstruction statutes. This and all other legislation which interferes with the election machinery of the states was rightly repealed by the fifty-third congress, and is dead for all time. It belongs to a forgotten past."

Virginia is not only the mother of statesmen, but has sense. She keeps her good men at the helm. Senator Daniel had no opposition for re-election and will be returned for another six years. Should he live to complete the term he will have served his State as United States Senator over a third of a century. The greatest folly on earth is this swapping of horses in the middle of a stream. When a congressman or senator shows his fitness and is willing to remain, he should be kept on the job. It takes him at least four years to learn the ropes. Rotation for preachers may do, but this rotation of congressmen is a poor business. If some man creeps in who is not able to fill the bill, give him the pink slip the first pop.—Greensboro Record.

Singer Talks

Important Points of Sewing Machine Construction

- Q Did you ever consider what the thousandth of an inch might mean in the adjustment of the needle-stroke on a sewing machine?
- Q Or how many little invisible parts there are which may run well for a month or so in a carelessly-made machine, and then by going wrong render it utterly useless?
- Q For the perfect construction and thorough testing of these vital details you must depend upon the honor and reputation of the maker.
- Q The makers of the Singer Sewing Machine enjoy a reputation vouched for by millions of Singer users all over the world.
- Q These millions of Singer users have proved the perfection of the Singer by years of steady sewing.
- Q The Singer Sewing Machine is built like a watch and runs like one.

DELIGHTFUL NORTHERN TOUR

Personally conducted to Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec, four days in New York City, at very attractive rates, via SEABOARD AIR LINE.

Mr. C. H. Gattis, D. P. A., and Mr. Jas. Ker, Jr., C. P. A. SEABOARD AIR LINE, are arranging what will certainly be the most popular and delightful Tour of the season, especially in this so as the party leave the Carolinas on September 1, 1909, the most delightful time in the whole year to go on your Summer trip, and they will visit all of the principal points of interest of the North: Washington, Niagara Falls, Toronto, Thousand Islands, Montreal, Quebec, Saratoga, Ausable Chasm four days in New York City, and Philadelphia, and all the New York Theatres will be open for the fall. An attractive feature of this Tour will be the Historic Potomac, Passing the Grand Old Palatial home of "The Father of His Country."

The trip is to be made at the lowest possible figure consistent with the first-class hotels and other things connected with the Tour, which will include railroad fare, pullman, hotel accommodations, meals, sight-seeing trips, transfers and in fact everything, with the exception of meals in New York, and a few other minor expenses, nearly all the sight-seeing trips are included. This last feature is a very good one as it will enable the party to spend their time seeing the sights without the bother of the details, which will be looked after by Mr. Gattis and Mr. Ker, both of whom have had wide experience in this branch of the passenger service. Time will be spent in Toronto during the Canadian Exposition and stops will be made at all points of sufficient length to enable the party to see all points of interest without hurrying. Mrs. Gattis and Mrs. Ker will chaperone the Tour, and ladies should not hesitate to go alone. The Tour will prove a most interesting one. A very attractive illustrated booklet containing detailed information can be had upon application by letter or in person to the undersigned, and those interested should write at once, as the party will positively be limited, and those applying first will get the lower berth, so it will be to your advantage to book early. Every detail has been arranged with the view to making this a most delightful and comfortable tour for all.

Shaving Soap.

It is commonly assumed that soap is used in shaving for the purpose of softening the hairs, but this is a mistake, declares a writer in a contemporary. It is used, on the contrary, to render them hard, stiff and brittle, in which condition they best yield to the razor. Hair being naturally oily, were we to shave dry or with water only, the razor would either slip over the limp hair without cutting it or, entering about half way, bend the hair back and slice it lengthwise, all the while straining it most painfully at the roots, and as a razor would thus slice and pull out probably a large number of hairs at once the inconveniences and discomforts which one experiences in shaving under the existing conditions would be considerably intensified.

Expensive.

"Yes," said the young wife proudly, "father always gives something expensive when he makes presents."
"So I discovered when he gave you away," rejoined the young husband.—Exchange.

A Polite Waiter.

"Here, waiter," exclaimed an irascible diner, "this beef you have given me isn't fit for a pig to eat!"
"Well, sir, don't eat it then!" the waiter advised pleasantly.—London Scraps.

When flatterers meet the devil goes to dinner.—Italian Proverb.
