## ROMANTIC MARRIAGE.

### Couple Meet in Greenville and Wed Here.

At 5:30 o'clock Monday afternoon, in Hotel Macon, there took place a marriage that was the outcome of an interesting romance. The parties were Mr. J. W. Pearce, who lives near Siler City in Chatham county, and Mrs. Maggie Waters, of Pinetown, Beaufort county, the ceremony being performed by Rev. J. H. Shore, pastor of the Methodist church.

Last March Mrs. Waters placed an advertisement in the Raleigh News and Observer for a position as a governess, and Mr. Pearce wrote to her. From this a correspondence arose between them, which was later followed by an exchange of photographs and a courtship by mail. Recently there was an agreement that they meet somewhere and talk over the matter of marriage. Greenville was selected for this meeting place, and both Mr. Pearce and Mrs. Waters arrived here Saturday morning, their intention being to meet each other at the Rives house. Mrs. Waters, accompanied by her little girl, arrived first and failing to get a room at the Rives house left a note there for Mr. Pearce and went to Hotel Macon. When Mr. Pearce arrived he told the driver of the bus to take him to the Rives house, but instead of doing as directed the driver took him to Hotel Macon, and not knowing the difference he went in and registered.

At the hotel Mr. Pearce soon learned that Mrs. Waters was stopping at the same hotel and their first meeting took place in a short time. There was nothing of disappointment to either in this meeting, and they decided to get married here at the time stated. It became known a little in advance that a marriage was to take place at Hotel Macon, and several people went there to witness it.

Mr. and Mrs. Pearce left on the 6:40 Norfolk & Southern train for Raleigh and then on to the former's home in Chatham county. This is the second marriage for both of them, Mr. Pearce having six children and Mrs. Waters one. The bride before her first marriage was Miss Maggie Tilghman, of Ayden, this county. She married Mr. Waters there and moved to Pinetown where he died three years ago. She is yet young and an attractive woman.

### Graded School Teachers Arrive.

Miss Jennie Herndon, of Elon College, Miss Kate Lewis, of Milton and Miss Lucille Sheridan, of Greenwood, S. C., teachers of the graded school, arrived Monday evening. Miss Herndon will teach one section of first grade, Miss Sheridan sixth grade, and Miss Lewis drawing.

Miss Bettie Wright, of Parkersburg, who will teach English in the high school department, arrived this morning.

### Anti Spitting Ordinance.

The Board of Alderman held a meeting Friday night to revise the ordinances of the town. One of the new laws established was to prevent spitting on the sidewalks and in public buildings. People had as well begin right now to accustom themselves to quitting the filthy habit of spitting in such places, as the law in that respect will be enforced.

## THE GREENVILLE SLOGAN.

### "Our Greenville—Yours If You Come"—Everybody Can Wear a Button.

The 5,000 slogan buttons for Greenville were received today and are being distributed as fast as possible. Nearly every business man in town has taken some for distribution and will take pleasure in seeing their friends wear them. The buttons are very pretty, having a white centre with initials "N. C." in large blue letters, and a blue background with "Our Greenville—Yours if you come" around the circle in white letters.

This slogan was the one adopted by the committee in The Reflector prize contest for the best suggestion, the prize, a \$3 Parker fountain pen, going to Mr. J. W. Brown, of Greenville, his being deemed best out of nearly three hundred suggestions. In addition to the buttons The Reflector has also ordered some electrotype reproductions of it to be used on stationery and other printing to advertise the town. Now everybody get to talking Greenville and wearing Greenville buttons.

The stockholders of the incorporated ditch met in the mayor's office Monday and levied an additional assessment of \$300 to complete the dredging. When finished, this canal will be of unknown benefit to the town as well as to the farmers along its banks.

John Howard, of Ahsokie, has accepted a position in the shaving parlor of W. B. Alexander.

### "The Final Settlement" Tonight.

What is conceded to be one of the most powerful American dramas written in recent years is Lem B. Parker's new romance of a phase of life in our idle rich class, entitled, "The Final Settlement," which comes to the opera house tonight. The theme of the story is daring and sensational, and attacks those members of society who seek recourse to the divorce courts to relieve themselves of undesirable mates. The climaxes and situations are startling and spontaneous, and the story well told and consistent. The company is headed by Miss Marion Sherwood and is one of unusual excellence, and Manager Clay T. Vance promises a first class production.

Mrs. J. H. Barnhill can accommodate a few boarders at her home on Pitt street No. 304. Terms reasonable and nice rooms. 9 20 3td

## STATE NEWS.

### Happenings of Interest in North Carolina.

Rev. W. S. Rone, presiding elder of the Washington district of the N. C. Conference, M. E. church, died in Richmond Sunday, where he had gone for treatment in a hospital. His death removes one of the denominations best men.

There was a good attendance at St. Peter's Church yesterday to hear Mr. Harding's sermons on the occasion of his thirty-sixth anniversary, among the congregation being many members of other churches in the city. A glow of love and pride filled the hearts of his many friends to see their beloved rector mount the pulpit as erect, and ever ready as of old, to point the way of God to all—Washington News.

Rockingham, Sept. 18.—An interesting character in the person of an old negro preacher visited Hoffman, a small town near Rockingham, this week. The old man claims he is 128 years old. His name is Morap, and he is a fine specimen of African manhood. He is about six feet high and weighs 180 pounds. He says that he remembers being in Raleigh in his youth when there was nothing there but one blacksmith shop and one saloon. The old man claims to have served God for over 100 years and has been a preacher for 90 years. In addition to preaching he repairs chairs. That he is in good physical condition is shown by the fact that he walked 15 miles to town, "bottomed" two chairs, and then went back home.

TUESDAY, SEP. 21, 1909.

The days and nights are just now on equal terms.

Who is going to pay for the arbitration of the Cook-Peary controversy?

The weather is getting against it, but some of us will have to stick to our straw hat a while longer.

Dr. Cook reached New York today on his return from discovering the North Pole, and his home city, Brooklyn, gave him a reception that even surpassed the ovation given him in Copenhagen. Peary's denunciation of Cook seems to have no effect in preventing the doctor from getting the honors all right.

If a man feels like he must show his mulish propensities and kick, whether or not there is anything to kick about, he should take himself to the woods where he can kick to his heart's content without being molested. If you do not like a town, get out of it, and it is more than likely that you will not be missed. But if you will stay anyhow, then stop your kicking.

### Bad Business.

America is, above everything else, a business nation. We extol our captains of industry; we exult in our wonderful mechanical devices, in our superior methods of transportation, in our enormous factories; we reward with fame and fortune the mind that is capable of outlining a new scheme to add to our prosperity. We, as a nation, have developed from the land enormous wealth; we are the richest nation in the world. All this sounds like good business. Yet it is not money which makes the heart of a nation. It is life—the sturdy, rugged manhood of her citizens. And life is the cheapest commodity in America!

We crush it in the thoroughfares; we annihilate it in railroad wrecks; we grind it down to a worthless existence in the deadly monotony of ill-paid labor. We starve it without compunction—unless a particular example happens to shock our sensibilities; we expose it to infectious and loathsome diseases. We buy it at a dollar a day and reserve the right to abuse it after purchase. We cage it in soul places; we expose it to the extremes of weather; we drive it to its utmost endurance until, enfeebled, it is but a shadow of its real self.

This is poor business—mighty poor business. What might the poor of America be, think you, if today life should receive its rights, eighty millions of well creatures made in the image of their Creator, free from disease, free from fear, daring to let the God spark within them develop into its full maturity?

The business of a nation is the making of men. It has no other. No industry, no masterpiece, no amount of wealth is worth one iota unless it makes for the benefit of all mankind.

We have gone far in the path

of commercial progress; we can well afford to take time to catch up in another. A badly balanced business is a bad business, and when dollars and cents weigh more than human life, there is something wrong with the balance.

Not until the safety and health of her people are of equal concern with the interests of industry and commerce can America deserve a reputation as a business nation.—The Designer.

The worst start in life a boy or girl can make is to cultivate idleness. Far better for a community, as well as for youth's future, if every girl would find something to do—housework, sewing, office work, stenography, bookkeeping, anything honorable—and every boy, rather than loaf, idle and gossip, would do something, even if he earned but twenty-five cents a day. To see young men "killing time" stamps them blank for future preferment.—Virginia Citizen.

Those people who have been wondering what good it would do anyone to discover the pole should not lose sight of the fact that both Dr. Cook and Commander Peary have been offered \$250,000 for a series of lectures, to say nothing of the royalties they will receive from their books.—Winston-Salem Sentinel.

## Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas, and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary peptic "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only

a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

### Our Guarantee

Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

THE WORLD HAS EVER SEEN

Hudson-Fulton Celebration--Excursion Rate of \$18.15 Via. A. C. L. to New York and return

This historic celebration will take place from Saturday, September 25th, to Saturday, October 9th. The principal events during the first eight days will occur in greater New York and in the Hudson River opposite the city. The following week the celebration will continue at the Hudson River cities and villages from New York to Troy.

This event, commemorating the 500th Anniversary of the navigation of the Hudson River by Hendrick Hudson and the 102nd anniversary of the operation of the first steam boat by Robert Fulton, will present a spectacle on land and water, parades and illumination SUCH AS THE WORLD HAS NEVER WITNESSED.

All the great navies of the world will be abundantly represented, which with other craft, including replicas of the historic "Halfmoon" and "Clermont" will go to make up a water parade of a thousand or more vessels, and on land there will be gorgeous spectacles in floats, parades, reviews, exhibitions, decorations and a thousand and one object lessons in our 300 years progress.

Every day will be a picture of a veritable fairyland and millions of electric lights of all colors and sizes will fairly turn night into day.

For this occasion the ATLANTIC COAST LINE will sell on September 23rd to 30th, inclusive, round trip tickets to New York at the low rate of \$18.15 from Greenville. The tickets will be limited returning to leave New York any time up to and including October 10th. Mr. W. H. ## OUR PIANO WAREROOM Now Open.

WITH the exception of two makes which have not reached us yet, the most of the makes which we intend to handle are now on our floor, next to Carr & Atkins Hardware Co. The grandest display ever shown. In this magnificent group of pianos can be seen, the artistic Lester. This strictly high grade piano is used in the leading Conservatories of the U. S., among them in the New England Conservatory, Boston, largest musical institution in the U. S. The East Carolina Teachers' Training School, Greenville, N. C., has also equipped its music departments with these famous instruments. The renowned Henry and S. G. Lindeman Pianos, this concern is one of the most noted of the pioneers in the piano industry in this country. Of this piano we quote from the music trades:

"Mr. Henry Lindeman is considered to be one of the few really scientific and expert piano makers we have living today. He is also recognized as an expert scale drawer and his reputation for developing the same is second to none in the trade. He stands pre-eminent as a maker of scales of

### MUSICAL

pianos." Six other makes are all standard and legitimate. Among those "the Boudoir pianos" known as the smallest high grade, upright, ever manufactured "Nothing ever like it" A truly artistic little piano and is the artists' favorite of the little pianos. We thus quote the celebrated Madam Emma Calve: "Relative to the Boudoir Piano, which I purchased for my private use last February and used by me in my Trans-Continental Tour. I desire to say that this piano has certainly proved itself to be a little jewel. To state the whole truth, I am enthusiastic over this little piano. It possesses a quality of tone that is sweet and sympathetic, being practically well adapted to accompanying my voice, and a volume that is the equal of, if not surpassing, pianos of usual size. It is truly a wonderful little piano, and I would not dispose of mine for any consideration."

We invite the public to visit our wareroom. Are you considering the purchase of pianos, or have you one in your home on trial? Come and look at ours, and your home will be made happier and your pocket book will remain decidedly in a healthier condition. Terms to suit your convenience. Come and listen to the Lindeman, Lester, Milton and Bjure Bros. Player-pianos. Daily recitals.
