WASHINGTON TO MATTAMUSKEET

But Citizens and Railroad Must Furnish Guarantee.

That the State's interest shall be protected in every way is the practical purpose of the Council of State as expressed in a resolution adopted by it yesterday after more than a day's hearing, in which it declares the willingness of the State, under certain conditions, to furnish convicts for grading the Mattamuskeet Railway from Belhaven via Bath to Washington.

The project of extending the road from Belhaven to Washington to put up to the enterprise of the citizens of the latter city and the people between the two points. The work is to be done "without additional expense to the State or further obligation by it" except the use of the convicts for grading, and by work is meant the completing, equipping and operating of the railroad. Before the consent of the governor is given for the use of the convicts a satisfactory proposition covering the above condition must be submitted, and no encumbrance can be placed upon the property.

The resolution as adopted by the Council of State is as follows:

"Be it resolved by the Governor and the Council of State. That the grading of the Mattamuskeet Railway by the State convicts from Belhaven via Bath to Washington will be ordered; provided, the citizens of Washington and the people residing in the territory between Belhaven and Washington shall, on or before the completion of the grading to Belhaven, guarantee to secure the right of way from Belhaven to Washington; to furnish terminals at Bath and Washington; to provide all materials, implements, camps, vehicles and teams necessary to carry on the work of grading, without expense to the State other than furnishing the convicts with proper guards and maintenance, and without encumbrance upon the property; provided further, that on or before the completion of the grading to Belhaven, a proposition satisfactory to the governor and the council of State for completing and equipping and operating said road when graded to Washington, without additional expense to the State or further obligation by it, shall be submitted."—Raleigh News and Observer.

The Umbrella Conscience.

An insurance man declares that he tried this scheme the other day and that it worked. He found himself caught in a rainstorm and, being in too much of a hurry to wait for it to stop, he was obliged to acquire an umbrella right away quick. He paused under an awning and waited, he says, until somebody came along who he sized up as a man with a guilty conscience. Then the insurance man stepped up to the stranger, saying abruptly:

"I'll trouble you for my umbrella!"

The stranger stared at him a moment, handed over the umbrella and walked away, muttering a word of apology.

Of course, the insurance man admits the scheme might not always work, and a certain amount of discrimination should be used in the selection of the victim.—Cleveland Plain Dealer.

300 LOSE THEIR LIVES.

By Hurricane Which Swept Gulf States.

New Orleans, Sept. 22.—Detail of the terrible havoc wrought by the hurricane which swept the gulf states were brought here today by refugees who arrived with the first news from the devastated zone and declared that 300 persons had lost their lives in one portion of Louisiana struck by the storm.

Half clothed, famished and panic stricken by horrible scenes which they passed through, men, women and children straggled into the city today in one continuous procession, each group viewing within terrifying description of the damage to life and property.

These miserable half starved people declared that a great tidal wave had swept the coast from Grand Island westward to Vermillion Parish, washing away the entire villages and drowning at least 300 people. They were cared for, given food, and shelter, relief expeditions have been sent to the devastated district. It is said that the tidal wave had blown before the hurricane swept out the gulf and caught the people unawares.

Put More Bagging on Your Cotton.

Again we would urge our cotton growers to put on bagging and ties to the full 6 per cent, limit the season. If you put on less than 6 per cent.—that is to say, 30 pounds on a 500 pound bale, 26 on a 450 pound bale, etc.—it is simply a matter of giving the cotton buyer good cotton worth 12½ cents a pound when he is paying you only for bagging and ties averaging about 3½ cents a pound. This is a matter our farmers have been entirely too slow to understand.

The gist of the whole matter is simply this. The price of cotton is fixed by manufacturers who buy on a basis of 6 per cent. deduction for bagging and ties. That is to say, they figure on 30 pounds tare for each 500-pound bale; and on each 500-pound bale, therefore, they allow a price for the gross bale sufficient to pay for only 470 pounds net of lint cotton. In other words, the price paid per pound for the whole 500 pounds is lowered so as to allow for 30 pounds tare.—Progressive Farmer.

Family of Six Murdered.

Bluefield, W. Va., Sept. 22.—An entire family of six persons were murdered and the body of all but one of the victims were burned with their home at Hurley, Buchanan county, Va., early today. The motive was evidently robbery as the owner of the house, an aged woman known as "Aunt Betty" Justis was generally supposed to keep a large sum of money about the place. Mrs. Justis, her son-in-law, George Meadows, his wife and their three children were the victims.

Good Tobacco Brings Good Prices.

There were many pleased farmers at the price their tobacco brought on the market today. The breaks were very large and the good grades sold well. Common grades do not show much improvement for lack of demand.

Be sure you see those elegant Knickerbocker suits for boys, which have just arrived, at Frank Wilson's.

STATE NEWS.

Happenings of Interest in North Carolina.

Statesville, N. C., Sept. 22.—Henry Gibbs, a young negro, was placed in jail here late this afternoon, charged with the serious offense of attempting to criminally assault two white girls near Elmwood, nine miles east of Statesville, this morning between eight and nine o'clock. The girls tell a thrilling story of their experience with the negro, and the negro practically admits his guilt. It will go hard with him in the courts.

Raleigh, Sept. 21.—Friends throughout the State will be deeply pained to learn that Mr. Perrin Busbee, past grandmaster of the North Carolina Grand Lodge of Odd Fellows, suffered a second stroke of paralysis this afternoon, and was carried to his home in an ambulance. He was in his office at the time transacting some business in connection with his administration of the estate of his father, the late C. M. Busbee, who died some weeks ago, as a result of paralytic strokes. Just the extent of this stroke on Mr. Perrin Busbee has not yet developed. He was not unconscious for any great length of time after the stroke came upon him. He was found in his desk chair in a helpless condition.

Expect World to End Friday.

West Duxbury, Mass., Sept. 22.—Firm in their conviction that the world will come to an end at ten o'clock next Friday forenoon, a colony of about 300 members of the denomination known as the "Latter Reign of the Apostolic Church" are spending what they believe to be their few remaining hours in prayer, song and exhortation. The scene of their religious ardor is "Ashdod," a little wooden chapel on the main turnpike between Boston and Plymouth in this town.

Judge Adams on the Negro Festival.

Explaining that he was not given to lecturing, Judge Adams declared that he felt moved to remark just a little on negro festivals. He said that when a negro goes off to a festival with a quart of liquor in one pocket and a pistol or razor in the other, you may look for trouble. The judge might have added funerals also and that when the said negro is arrested and brought before the said judge, there'll be something doing.—Wadesboro Ansonian.

Fall Styles.

Frank Wilson has posted the town with handsome posters showing the new fall styles in high grade clothing. The stock is now complete and you can be suited in both style, fit and price. This store positively guarantees satisfaction and will not let you leave until you have been suited. Come now before the best things have been sold. Yours to serve, Frank Wilson, The King Clothier.

Buttons Going.

Wiley Brown gave out all his Greenville slogan buttons so quick that he had to have more. That is the way to do, keep everybody wearing them.

H. A. White gets off this: "Button, button. Who got the button? Greenville." That's all right.

NEW BUILDINGS FOR TRINITY

They Will be Alike and Very Handsome.

Trinity College is to have two new buildings and when completed they will be regarded as the handsomest on the campus. They will probably both be of the exact type.

Mr. C. C. Hook, of Charlotte, was in the city yesterday and submitted plans for one of the buildings, which will be known as the recitation building. These buildings were made possible on account of the announcement at the last commencement that \$50,000 had been given to the needs of the college by B. N. Duke.

The first building will be commenced at once and very soon bids will be filed by the contractors. It will take ten months to complete it and will be ready for occupancy at the opening of 1910. It will be a handsome affair with two stories and a basement. Will have ten recitation rooms. The Columbia and Hesperian Literary societies will have their halls in it and will be the home of the administrative forces. This building will have all the comfort, lighting and heating.

The second building to be exactly like the first, will be built after the first one is completed. It will be situated near the Duke monument and several hundred feet from the first one. Though the exterior will be exactly like the other yet the interior will be arranged somewhat different as there will be dormitories in this one. The two will certainly stand on the prettiest part of the campus and will be connected with a monumental tower under which there would be a driveway large enough for two or more vehicles to pass each other at the same time. These buildings and all will certainly cost not less than \$150,000.—Durham Sun.

Saved by the No Fence Law.

When Mr. W. H. Allison was visiting in Anson county recently he procured, near Lilesville, a bunch of long leaf pine tops and brought it home to show his friends, the long leaf pine being unfamiliar to up-country folks. The leaves of the bunch Mr. Allison has are about two feet long and are somewhat like the rushes growing on the creek banks.

Some years ago it was thought the long leaf pines were about to be exterminated, but since they have the stock law in the long leaf pine section, Mr. Allison says, the cones that fall from the tree are taking root and growing rapidly and in a few years there will be new forest of this beautiful specimen of the pine.—Statesville Landmark.

When a Shredder Pays.

If a man has 25 acres of corn that will average 25 bushels to the acre, he can afford to buy a shredder and if he has 100 acres, he can afford to provide the power to run the shredder, for the same engine may be used for other farm purposes. Of course, it is plain that many farmers cannot afford to own a shredder and provide the power to run it; but if one man with 100 acres of corn can afford to provide the necessary machinery, then 6, 8 or 10 men whose combined crop amounts to 100 or more acres can afford to combine and purchase the needed machinery. A shredder will do the work for a much larger area, and this is the sort of co-operation that will pay.—Raleigh (N. C.) Progressive Farmer.

ENCLOSE THE SCHOOL GROUNDS.

It has been stated that the Board of Aldermen contemplate using the town's portion of the proceeds of the carnival next week to making a sand-clay street on that portion of Evans street from the end of the paving near Five Points to Ninth street. The suggestion has been made that before or when this work is done the graded school grounds should be enclosed. True the graded school grounds are small and there is not much room for the many children there to play, and the suggestion is not made through any objection to their playing in the street fronting the school grounds, but because of the safety of the children. Time and again some of the children there have come dangerously near getting run over by passing vehicles. When the contemplated improvement to the street is made such danger will be even greater from the fact that this would then be the principal automobile thoroughfare of the town, making a circuit extending from the court house square to Ninth street, then the already improved portion on Ninth street to Dickinson avenue and the avenue and upper portion of Evans street back to the court house. It will be the most frequently traveled portion of the town by all kinds of vehicles, hence subjecting crowds of children playing in the street to the danger of getting run over. It is only for the safety of the children that this suggestion of enclosing the school grounds is made, as for any of them to be killed or injured by being run over would be a calamity.

Peary is a fine one, and if he goes much further in his assaults on Cook he will get the public to believing he did not really reach the North Pole. He now says he is not going to give out any of his own polar observations until Cook has placed his full statement before the public. Nice game, that! Want's the other fellow to show his hand and then he will play accordingly. Of course Peary has much knowledge of the polar regions, and to get in possession of the observations made by some one who had actually reached the pole he would be shrewd enough to fix up his own statements. No doubt his purpose is to try to pick such flaws in what Cook says as to discredit the latter, but in this he will hardly succeed. The fair thing would be for both of them to submit their observations to the scientists at the same time without either having any knowledge of what the statement of the other contains.

Since the North Pole has been discovered, the South Pole had just as well come in and give up. If not it will be found anyway.

Everything Coming Again.

It has been noticed that Colonel Al. Fairbrother has been circulating around in this section of the State, lately, after having spent a few months in California and surfeited himself with the golden sunshine of that part of the country. Of course, the return to this part of the country of the original Fairbrother meant that something new is on the way and tapping its always convenient grapevine. The Chronicle asked what the colonel had up his sleeve. It got the news straight. It is nothing more nor less than that Everything is to be revived, and will make its appearance on January 1. It will be a monthly hereafter, instead of twice-a-month as heretofore, and will be more original than ever. And what's more, the chances are that Colonel Fairbrother will come to Charlotte and set up his grinding machine here. Charlotte would be tickled almost to death to be the home of Fairbrother's Everything.—Charlotte Chronicle.

Surprising, What Kodol Will Do

For you, when you need it. But the longer you neglect indigestion, the more you will suffer before Kodol can restore Good Digestion.

And, of course, indigestion if neglected long enough, brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all.

There are, in fact, very few ailments which cannot be traced directly to impure blood. And impure blood is always due to a disordered stomach.

Use Kodol and prevent Nervous Dyspepsia. Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized.

We knew what Kodol would do before ever the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do.

It is easy for you to prove Kodol—the next (or the first) time you have an attack of indigestion. And you will certainly be surprised at the results. It is perfectly harmless.

There can be no harm in trying something that may do you a great deal of good—when it costs you nothing if it doesn't.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Giving Him Away.

And there was a certain man who, being a merchant with a trade to look after, was a member of the church—in fact, an elder therein. One day he invited his pastor home to dinner, and, while they sat in the parlor waiting for the call to table, he began to tell of a brother elder's misconduct and grievous sin.

"I only tell you this because you are the pastor, and I think you ought to know it. I never mention it to any one else."

And he repeated this several times during the recital. As it was about completed in came his little daughter. Catching the subject of the conversation, she broke in with this exclamation:

"My goodness, pa, you're surely not telling that old story again!"

His Trouble.

"What brought you here, my poor man?" inquired the prison visitor.

"Well, lady," replied the prisoner, "I guess my trouble started from attendin' too many weddin's."

"Ah! You learned to drink there, or steal perhaps?"

"No, lady, I was always the bridegroom."—Philadelphia Press.

THE GREATEST SPECTACLE THE WORLD HAS EVER SEEN

Hudson-Fulton Celebration--Excursion Rate of \$18.15 Via. A. C. L. to New York and return

This historic celebration will take place from Saturday, September 25th, to Saturday, October 9th. The principal events during the first eight days will occur in greater New York and in the Hudson River opposite the city. The following week the celebration will continue at the Hudson River cities and villages from New York to Troy.

This event, commemorating the 500th Anniversary of the navigation of the Hudson River by Hendrick Hudson and the 102nd anniversary of the operation of the first steam boat by Robert Fulton, will present a spectacle on land and water, parades and illumination SUCH AS THE WORLD HAS NEVER WITNESSED.

All the great navies of the world will be abundantly represented, which with other craft, including replicas of the historic "Halfmoon" and "Clermont" will go to make up a water parade of a thousand or more vessels, and on land there will be gorgeous spectacles in floats, parades, reviews, exhibitions, decorations and a thousand and one object lessons in our 300 years progress.

Every day will be a picture of a veritable fairyland and millions of electric lights of all colors and sizes will fairly turn night into day.

For this occasion the ATLANTIC COAST LINE will sell on September 23rd to 30th, inclusive, round trip tickets to New York at the low rate of \$18.15 from Greenville. The tickets will be limited returning to leave New York any time up to and including October 10th. Mr. W. H. Ward, the ticket agent, will be pleased to answer inquiries regarding schedules and make reservations and this matter should be attended to at once by those desiring to take the trip.

TO RICHMOND, VA., Via. A. C. L.

on account Virginia State Fair round trip rate of \$5.20. Tickets on sale Oct. 1st, to 9th inclusive, final return limit October 11th.

SUMMER IS GONE

And now is a good time to have your summer suit nicely cleaned and pressed, so it can be put away and kept for months. It is time to bring your overcoat and have it cleaned and overhauled for winter, perhaps it needs a new collar or re lining. A little work on it may save buying a new one. I am ready to do this work for you as it ought to be done.

OUR PIANO WAREROOM Now Open.

WITH the exception of two makes which have not reached us yet, the most of the makes which we intend to handle are now on our floor, next to Carr & Atkins Hardware Co. The grandest display ever shown. In this magnificent group of pianos can be seen, the artistic Lester. This strictly high grade piano is used in the leading Conservatories of the U. S., among them in the New England Conservatory, Boston, largest musical institution in the U. S. The East Carolina Teachers' Training School, Greenville, N. C., has also equipped its music departments with these famous instruments. The renowned Henry and S. G. Lindeman Pianos, this concern is one of the most noted of the pioneers in the piano industry in this country. Of this piano we quote from the music trades:

"Mr. Henry Lindeman is considered to be one of the few really scientific and expert piano makers we have living today. He is also recognized as an expert scale drawer and his reputation for developing the same is second to none in the trade. He stands pre-eminent as a maker of scales of

MUSICAL

pianos." Six other makes are all standard and legitimate. Among those "the Boudoir pianos" known as the smallest high grade, upright, ever manufactured "Nothing ever like it" A truly artistic little piano and is the artists' favorite of the little pianos. We thus quote the celebrated Madam Emma Calve: "Relative to the Boudoir Piano, which I purchased for my private use last February and used by me in my Trans-Continental Tour. I desire to say that this piano has certainly proved itself to be a little jewel. To state the whole truth, I am enthusiastic over this little piano. It possesses a quality of tone that is sweet and sympathetic, being practically well adapted to accompanying my voice, and a volume that is the equal of, if not surpassing, pianos of usual size. It is truly a wonderful little piano, and I would not dispose of mine for any consideration."

We invite the public to visit our wareroom. Are you considering the purchase of pianos, or have you one in your home on trial? Come and look at ours, and your home will be made happier and your pocket book will remain decidedly in a healthier condition. Terms to suit your convenience. Come and listen to the Lindeman, Lester, Milton and Bjure Bros. Player-pianos. Daily recitals.
