A FINE ATTRACTION.

In the Opera House Next Thursday Night.

The next attraction for the season's lyceum course arranged for this city under the auspices of the End of the Century Book Club, will bring Walter Cluxton, the well known actor, at the head of a select company of seven people in "Her American Husband," a new musical comedy by George Totten Smith and Richard Legrand. The play will be presented on the evening of November 4th, at the opera house.

Cluxton's own prominence on the American stage where he has played a number of leading roles, insures the merit of his supporting company as the man who made a sensational success as the messenger in "A Message From Mars" could not now afford to risk a national reputation with an inferior production presented under his name. It is no common experience for an American actor to go to England, assume the role of an English nobleman, and win the enthusiastic praise of English newspapers. Yet Cluxton did it and in one of the principal parts in a company under the management of Edward Terry had the satisfaction of seeing the work "perfect" applied to his work by an English critic while another described him as an artist of great versatility. In this country, when he came back after six years' study abroad, he met a similar reception. His fine baritone voice and splendid acting made him a favorite at once.

The new comedy is said to offer an excellent opportunity to Cluxton for a display of his best talents. The music is catchy and a number of highly amusing situations will keep the audience in a good humor. Special scenery and costumes will give the production all the advantages of a well-equipped theatrical organization.

The Family Reading Problem

To find reading that satisfies one's craving for the bright and attractive, and is at the same time perfectly suitable for impressionable young people, is at times difficult. The best magazines are admittedly published for mature readers only. The Youth's Companion alone is for all the family. While the editors keep in mind the eager desire of the young for tales of action, enterprise and adventure, these stories in The Companion are so well written as to fascinate men and women in all stages of life's journey. And it is true not only of the fiction in The Companion, but of the entire contents. The articles, by famous writers, convey knowledge that is useful to the wisest and most experienced as well as to the immature. In short, The Companion solves the reading problem for the entire family. It is entertaining and it is "worth while."

Every new subscriber will find it of special advantage to send at once the \$1.75 for the new 1910 volume. Not only does he get the beautiful "Venetian" Calendar for 1910, lithographed in thirteen colors and gold, but all the issues of The Companion for the remaining weeks of 1909, from the time the subscription is received.

PREPARING FOR CELEBRATION

Chamber of Commerce Takes Active Part in Preparations.

Realizing the importance to Greenville and Pitt county of the celebration of the opening of East Carolina Teachers Training School and the inauguration of President R. H. Wright, on November, 12th, the Chamber of Commerce, as representing the business interests of the town, tendered its services to the trustees and faculty of the school to help make the occasion a success. This tender was accepted, the president of the chamber appointed a committee for this purpose, and the committee held an enthusiastic meeting Thursday night to discuss and plan its work.

The result was the appointment of several sub-committees whose duties will be to look after different features of the celebration, such as decorations, meeting guests, getting the business houses to close during the hours of the exercises, and perform any other duties the faculty and trustees might desire. Every one will do his part to make the celebration a credit to Greenville and Pitt county.

SUB COMMITTEE MEETINGS.
The sub-committee to look after guests, is called to meet at 7:30 o'clock tonight in the office of the Bank of Greenville.

The decorations committee is called to meet next Monday night at the store of A. B. Elington.

It is the duty of all citizens of the town to render the committees every assistance possible, and not wait to be called on to do so, as the celebration is a matter in which every one should feel a personal interest.

Timber Decay Costs Millions.

Millions of feet of timber and finished lumber rot every year in railroad ties, bridges, trestles, piles, farm buildings, fences, poles, and mine props. The lumber consuming public of the United States pay perhaps thirty to forty million dollars a year to make good the losses from wood decay.

These great drains are a source of more and more concern each year. Chemists and engineers who have to do with the uses of wood are working unceasingly on the problem. The U. S. Forest Service has men who devote their whole time to it. The importance of the problem can not be overestimated. Millions of dollars are annually saved by preservative treatment of timbers, but much yet remains to be learned.

Wood decay is caused by fungus, a vegetable growth sometimes so small that it can be seen only with the microscope. Its roots or branches, like minute hairs, force their way into the wood tissues and absorb or eat away the solid parts. The collapse which results is called decay. Timber is artificially preserved by forcing into its cells and pores certain substances which prevent the growth of fungi.

As long as this substance is present in sufficient quantity, the germs of decay—the threads and spores of fungus—cannot enter, and the wood is preserved. This often means doubling and sometimes trebling the life of the timber.

The United States government considers the investigations of the preservative treatment of timber of such importance that the business of one office of the United States forest service, that of wood preservation, with new headquarters at Madison, Wis., is given over entirely to the work of experiments in co-operation with railroad companies and other corporations and individuals in prolonging the life of railroad ties, mine props, bridge timbers, fence posts and transmission poles.

The lengthening of the life of timber means the saving of thousands of dollars annually through doing away with the heavy expense of labor and cost of material for renewals.

Convocation of New Bern.

A meeting of the Convocation of New Bern is to be held in St. James' church, Ayden, N. C., on Nov. 2nd, 3rd and 4th, Tuesday, Wednesday and Thursday, of next week. Beaufort, New Bern, Kinston, Goldsboro, Greenville and Aurora and the intermediate territory are in this convocation. The following clergymen are entitled to seats: Rev. F. A. Skinner, Dean; Rev. B. F. Huske, secretary; Rev. J. H. Brown, Rev. J. G. Buskie, Rev. J. H. Griffith, Rev. C. D. Malone, Rev. J. W. Fulford.

All churches in this convocation are asked to send delegates. Thursday afternoon will be the time for the meeting of the Woman's Auxiliary. Mrs. O. B. Woodley, of Kinston, secretary of the convocation, will be present.

More Find Potatoes.

Mr. W. F. Carroll has added some very fine specimens of sweet potatoes to those in The Reflector window. Nearly every body passing stops to look at the big potatoes. Mr. Carroll raised the large ones he brought from a vine planted after he dug his spring Irish potatoes.

STATE NEWS.

Happenings of Interest in North Carolina.

Mr. J. L. Tucker, of Centerville, Pitt county, came to Kinston today and indentified the turkey on account of which Capt. J. E. Dupree arrested a negro man out at the carnival grounds, Saturday. Capt. Dupree was struck by the size of the turkey and suspected that it had been stolen so he took up the negro. A local in The Free Press called Mr. Tucker's attention to the whereabouts of his turkey, which was the pride of the neighborhood. He had no difficulty in identifying his gobbler.

The negro was arrested by Capt. Dupree and is being held here pending service of warrant from Pitt county. He is also awaiting trial here for carrying concealed weapon, a pair of knucks being found on his person when arrested Saturday.—Kinston Free Press.

Winston-Salem, Oct. 28.—News was received here today that a daughter of W. H. Cain, of Westfield, Stokes county, was accidentally shot by her brother while carelessly handling a gun. The ball entered the abdomen and passed out of the back. The girl is not expected to live through the night.

New Bern, N. C., Oct. 27.—For a year or more it has been currently reported that the A. C. L. Railway would extend their line from Wilmington to New Bern on to Edwards, N. C., a point on the Washington and Vandemere line of A. C. L. Surveyors have been through this section for several months surveying and locating the line, but it now seems that the line is to connect at Grifton with the A. C. L. branch running from Kinston to Weldon. It is said that options have been taken on the right of way and that the line will surely be built, and in the near future.

The Charlotte News says that Rev. Bayus Cade's new type-setting machine is a success and is to be demonstrated in that city. We are also told that it can be sold at \$500 or \$600 and will set with equal rapidity small and large type. The Mergenthalers cost \$3,000, and if Mr. Cade has solved the problem for \$600 he is a benefactor to newspaper folks.

Recovered Watch.

That it pays to let your losses be known by an advertisement, was evidenced recently, when a young lady who was in this city attending Barnum and Bailey circus lost her watch in the big throng that crowded the railroad station on that day. A lost notice was placed in these columns before the young lady left for her home in Greenville. Several days later it was learned that the watch had been found by an honest negro who lives near Tarboro and this office was communicated with to find out the address, which was not given in the ad. The watch was returned and the young lady who mourned her loss is no longer sad, and fifty cents worth of printers ink worked the trick.—Rocky Mount Record.

The lady referred to was Mrs. James Long, and she is rejoiced at recovering her lost watch. Double and single entry ledgers, day books, pocket ledgers, receipt books, note books, time books, stenographers' note books, at Reflector Book Store. 10 30

Coaliga, Cal., must want the Jeffries-Johnson fight mighty bad. An offer of one hundred thousand dollars has been made for it to take place in that town.

The meeting of the Chamber of Commerce committee, Thursday night, shows that when Greenville starts she moves. The purpose of the committee was to devise plans for co-operating with the trustees and faculty of the East Carolina Teachers Training School in making the public celebration and inauguration of President Wright on November 12th a great success. The large and enthusiastic attendance at this committee meeting showed that they were as eager to take part and help the celebration as they were to work in the campaign that secured the establishment and location of the school. It is another evidence of what our folks can do when they make up their minds.

Modern Christians.

The best Christians today think less of getting to heaven than of establishing the kingdom of heaven on earth. Creed and ceremony are less valued than character and service. The truest children of God are more absorbed in doing the will of their Father than in telling Him, however sincerely and fittingly, that they love Him. Worship, indeed, must never, can never, die! As well attempt to fill the ocean with a drop, as to satisfy the heart of man with anything less than God! But if there be a real lack of piety and its manifestation publicly, this must not blind us to the undoubted fact, well stated by that Christian magistrate, Mayor Logan of Worcester, "that there is more honesty, truth and charity, more real religious power, in the world today than ever before, though it is not all in the church, and does not find expression in the ecclesiastical language of the past."—Edward Tallmadge Root in The Delineator for November.

Health and Happiness.

Temperate people, with good digestion, never feel their stomachs—forget they have stomachs; while big eaters are always hungry, or faint, or bloated, or troubled with heart-burn, derangement of the bowels, or some other condition showing a morbid state of the digestive apparatus. The majority of our

strongest and most active men are moderate eaters. It takes a large amount of nerve force to digest food. With these big eaters all the nerve force goes to the stomach, and so nothing is left for brain or muscle. Persons having a good stomach to begin with can, by long practice, learn to digest an enormous quantity of food. If they give their whole force and vitality to this business, they can, in the course of a short life, grind through immense quantities. But as a steady and regular and only occupation, it is hardly consonant with the loftiest ambition. The best course to pursue is to find out just how much food is needed to run the machines, exactly what fuel is best to keep the steam at the best working point, and then never pass these bounds. Don't consume so much of your nerve force in eating and digesting that you have nothing left with which to achieve those higher triumphs of life.—Washington News.

A HARD STRUGGLE.

Many a Greenville Citizen Finds the Struggle Hard. With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. One hundred thousand people endorse this claim. Here is one case: Mrs. Joseph Fly, Jr. Rose Street Rocky Mount, N. C., says: "I am pleased to testify in favor of Doan's Kidney Pills, as the results I obtained from their use proved them to be a remedy of great merit. I suffered considerably from dull, nagging back-aches and sharp pains across my loins. If I stooped, lifted or made a quick movement, the twinges were more noticeable and often it was hard for me to perform my household duties. I always felt tired and languid and was devoid of energy or ambition. Believing that the trouble arose from my kidneys, I started using Doan's Kidney Pills. They helped me at once and further use disposed of the pains in my back, regulated the passages of the kidney secretions and gave me renewed strength. I cannot say too much in favor of Doan's Kidney Pills." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. AN EVENING SPENT

With the most versatile pianists, could not possibly bring you more enjoyment than you, yourself could derive from either

The Lindeman

Player Piano,

The Milton,

The Bjure Bros.

Or Lester

Player Pianos,

In fact, with either of these Player Pianos as a companion, you have the advantage of playing the music yourself--the music you best like, and playing it in that rich, full manner, bringing out the delicate beauties of the melody which even many skilled pianists fail to develop, and this, possible with the veriest novice, without your knowing one note from another.

We will take your deaf and dumb piano in exchange.

SUMMER IS GONE

And now is a good time to have your summer suit nicely cleaned and pressed, so it can be put away and kept for months. It is time to bring your overcoat and have it cleaned and overhauled for winter, perhaps it needs a new collar or re lining. A little work on it may save buying a new one. I am ready to do this work for you as it ought to be done.

New Tailored Suits

For months we have been keeping an eye on the production of the greatest garment manufacturers and style originators, both in this country and abroad, watching for the distinctive, out of the ordinary thoughts which spring up as it were, the multitude of handsome stamped out designs, which mark the display of ready-to-wear garments. We have been studying the style effects for fall at close range, too--drinking in some fashion messages of what is to be needed in woman's wearables and watching our selection of suits with first hand knowledge of your needs.

A MOST GORGEOUS DISPLAY OF FALL SHOWING

MUNFORD'S ENCHANTINGLY PRETTY WEAVES RADIANT WITH AUTUMNAL COLORS.

BEAUTIFUL AS THE MOUNTAIN SIDE when the autumn sun shines on the trees and grasses of dull Brown, Green, Blue and Gold, are the new goods for the coming season. Rich effects, every weave, which fashion has declared worth while is here at tempting prices. Many a beautiful sheen conceals a coating of lead to give weight, which causes the fabric to cut with very little wear. When you buy our goods, you buy absolutely the best our money can buy. That is why among people of this vicinity our goods have such a recognized standard. Choose the goods for the new class from our enticing values.

STYLISH CLOTHES FOR MEN.

In developing this special line we have anticipated every whim--every need of the young men who care for their dress. They are better suits than you'll find most anywhere else this season. Cut on vigorous lines and finished with due details--those details that young men are so keen about--shown in a wide range of styles, fine, fancy Worsted and Navy Blue Serge.

BOYS' SCHOOL SUITS--TIMELY VALUES.

Our complete fall line of school clothes has arrived and when we say school clothes, we mean something more than substantial knock-about clothes. These new suits enlist the same pains-taking care of the designers as do the suits for young men, and that is saying a great deal. Why shouldn't our boys have clothes full of class and style as well as we grown up folks?

BOYS, YOUR SUITS ARE HERE!

STYLISH MILLINERY.

For more than a decade this store's Millinery has been the premier event of the season. Each season they've grown nearer to perfection. In the great numbers, the vanity, the exclusiveness, and artistic elegance of the Hats assembled for this fall's exhibit, all our previous similar displays have been far out classed. Our Millinery Department with its magnificent settings of new fall Millinery will present a marvelously interesting and beautiful picture.

OUR OWN DESIGNERS

have had in view for the last several months the requirements of this event, and their contributions are equally praise-worthy. The prestige of this store as a style source will be immeasurably increased by the many beautiful creations and adoptions in the present exhibit. So elaborate presentation of fascinating modes has never before been attempted.
