## PIANO CONTEST LIST GROWS.

### Candidates Are Busy Getting Votes Miss Mary Johnson Leading.

It has been four weeks since The Reflector piano contest was started, and it has eight weeks longer to run. On the 24th of December one of the candidates in this contest, the one having the highest number of votes, will be the happy recipient of an elegant baby upright Boudoir piano which is on exhibition at the music store of Fineman & White. This handsome piano, rich in tone and full in volume, is the equal of the best made, and the winner of it will be indeed fortunate to possess an instrument so superb.

The candidates who started early in the race have been doing good work securing votes, and some who have come later are at work with a determination not to stay behind. That is the way to succeed, go right after subscribers to the Reflector and get them to vote for you. New subscriptions count the most in votes, but there is good value for collections of subscription already due, and the field is large enough for any who desire to enter the race. It is not too late to come in and catch up with the leaders by hard work. It all depends on how many subscribers you can secure, and even if you fail to win the piano you will be paid for the work you do.

Subscribers who come to the office to pay for the Reflector or who remit by mail, have the privilege of voting for any candidate desired by telling us which one to vote for. Look over the list of candidates and if no name is there that you want to vote for you have the privilege of nominating and voting for whom you please. Pay your subscription now and vote, do not wait until the contest closes.

The list published below shows Miss Mary Johnson holding the lead with Miss Lottie Blow not far behind in second place, and others coming along nicely. Here is the standing:

Miss Mary Johnson	15,000
Miss Lottie Blow	9,750
Miss Lillie R. Tucker	7,075
Miss Mavis Belle Evans	4,075
Miss Beulah Mumford	3,075
Miss Maud Mooring	2,275
James Tingle	2,050
Quinerly School	1,775
Mrs. D. E. Nichols	1,270
Miss Christine Johnson	1,050
Mrs. John Cheek	1,000
Miss Jessie Hodges	1,000

## OCTOBER TOBACCO SALES.

### This Year Shows Small Decrease From Last Year.

Secretary E. B. Ferguson, of the Greenville Tobacco Board of Trade, reports the sales of leaf tobacco on the Greenville market for the month of October 2,205,359 pounds for \$223,763.16, an average of \$10.15 per hundred. The sales for the corresponding month of 1908 were 2,678,680 pounds for \$277,097.95 an average of \$10.34 per hundred.

For three months this season—August, September and October—the total sales were 6,628,370 pounds for \$562,532.94, an average of \$8.50 per hundred.

Dr. H. O. Hyatt will be in Greenville at Hotel Bertha Nov. 1st and 2nd, Monday and Tuesday, for the purpose of treating disease of the eye, ear, nose and throat, and fitting glasses. Those who want to see about work being done will be charged no fee unless terms are agreed upon. 10 19 wsd w t f

## ENCOURAGE THE LADIES.

### They Should Have Your Support in the Lyceum Course.

The excellence of the Scotch Singers who appeared here a few weeks ago under the auspices of the End of the Century Book Club, showed how well the ladies had made their selections of attractions for the lyceum course. The second attraction in the course will come on Thursday night, Nov. 4th, when "Her American Husband" will be presented, and this promises much pleasure to lovers of good music and comic opera. This is a high class attraction and cost the ladies a large guarantee to secure it, yet to subscribers for season tickets the admission will be no more than for other numbers during the course. The ladies should not be allowed to lose anything on this expensive attraction, and every seat in the opera house ought to be occupied Thursday night. The End of the Century Club arranged this lyceum course for the benefit of the public library, and all the profit they realize from it will be used in improving the library. The people of the community generally certainly owe them all the encouragement possible in this laudable undertaking.

While they are working for the library, they are also giving our people a series of choice entertainments at a much lower price than such attractions usually cost.

## An Inquiry.

Editor Reflector: I would like to ask by what authority has the graded school added the Apostles' Creed, as taught in its sixth grade, to its curriculum? Our Revolutionary fathers fought, bled and died for religious liberty, and our State and National constitutions forever guarantees the right to us to worship God according to the dictates of our own consciences, and no one, not even a graded school teacher, has any authority to abridge or enlarge that right. Or I have failed to interpret those great instruments aright.

Very respectfully,  
Z. T. Broughton.

The curtailment of the mills has so far had no effect on bringing down the price of cotton.

John L. Sullivan, the champion, has signified his willingness to referee the Jeffries-Johnson fight. That delights the sports.

The small cotton farmer is the one who is getting the most benefit out of the high price of cotton, as it was mainly the large planter who contracted to sell his crop, or much of it, in advance. Those who sold are paying dearly for the experience this season is giving them.

We once heard a story of a Raleigh darkey being asked when the colored state fair would take place, and replied "De nex' rainy week after de white folks fair." But the colored people had better luck this time, getting just as pretty weather for their week as the white folks had the preceding week.

**Destruction of Fish Supply Continues.**

The New Bern fish market, on the dock, last week, was a place at which to study the destruction of the fish supply, that continues in North Carolina waters. Boat loads of speckled trout, fine fish, but alas for the worthless and wanton catch that scooped them up regardlessly, every size of fish, and flinging them into boats, brought them here to market, and sold them in the mass, to dealers, who had to take them in this way, or not at all, and then sort them out.

It might have been a revelation to the State Commission, if it had been present when this sorting out process took place. Thousands of fish had to be thrown aside, worthless for shipment, too small for local, or any kind of human consumption, just a decomposing heap, that would quickly attract the health officer, unless carted away and buried. And all this worse than destructive waste, is unnecessary and against the law. But fishermen appear indifferent to their own interests. This continued wholesale destruction of fish in these waters can have but one end, the passing away of all fish in the future. Here are thousands of fish that are caught in small

nets, that ought not in the first place to be used, but when these fish are caught, they ought at least be restored to freedom and given chance to grow and become marketable fish. But for the sake of today's pittance, and it is only a pittance that the fishermen can receive for the mass of every size fish that is brought and dumped on the dock, the senseless catch goes on. Instead, care is needed in the catch and preserving as far as possible, the source, namely the young fish, and so having always at hand and for the future, a constantly increasing supply of fine marketable fish.—New Bern Journal.

Or Lester

Player Pianos,

In fact, with either of these Player Pianos as a companion, you have the advantage of playing the music yourself--the music you best like, and playing it in that rich, full manner, bringing out the delicate beauties of the melody which even many skilled pianists fail to develop, and this, possible with the veriest novice, without your knowing one note from another.

much needless pain when they delay using Cardui for their female troubles. Cardui has been found to relieve headache, backache, pain in the side and dizziness arising from deranged organs. It does more than relieve,—if used persistently,—many have written to say that it cured them.

It Will Help You

Mrs. Maxwell Johnson, Tampa, Fla., writes: "Cardui cured me after doctors and everything else had failed. I had been suffering with numb spells ever since I was 16 years old. One day I decided to take Cardui. I have now taken 8 bottles and I can say that it has cured me. I advise all suffering women to give Cardui a long and fair trial."

Mrs. Johnson suffered years. Have you? Do you wish to? But why suffer at all? Take Cardui. Give it a fair trial.

# New Tailored Suits

For months we have been keeping an eye on the production of the greatest garment manufacturers and style originators, both in this country and abroad, watching for the distinctive, out of the ordinary thoughts which spring up as it were, the multitude of handsome stamped out designs, which mark the display of ready-to-wear garments. We have been studying the style effects for fall at close range, too—drinking in some fashion messages of what is to be needed in woman's wearables and watching our selection of suits with first hand knowledge of your needs.

## A MOST GORGEOUS DISPLAY OF FALL SHOWING

MUNFORD'S ENCHANTINGLY PRETTY WEAVES RADIANT WITH AUTUMNAL COLORS.

BEAUTIFUL AS THE MOUNTAIN SIDE when the autumn sun shines on the trees and grasses of dull Brown, Green, Blue and Gold, are the new goods for the coming season. Rich effects, every weave, which fashion has declared worth while is here at tempting prices. Many a beautiful sheen conceals a coating of lead to give weight, which causes the fabric to cut with very little wear. When you buy our goods, you buy absolutely the best our money can buy. That is why among people of this vicinity our goods have such a recognized standard. Choose the goods for the new class from our enticing values.

### STYLISH CLOTHES FOR MEN.

In developing this special line we have anticipated every whim—every need of the young men who care for their dress. They are better suits than you'll find most anywhere else this season. Cut on vigorous lines and finished with due details—those details that young men are so keen about—shown in a wide range of styles, fine, fancy Worsted and Navy Blue Serge.

### BOYS' SCHOOL SUITS—TIMELY VALUES.

Our complete fall line of school clothes has arrived and when we say school clothes, we mean something more than substantial knock-about clothes. These new suits enlist the same pains-taking care of the designers as do the suits for young men, and that is saying a great deal. Why shouldn't our boys have clothes full of class and style as well as we grown up folks?

### STYLISH MILLINERY.

For more than a decade this store's Millinery has been the premier event of the season. Each season they've grown nearer to perfection. In the great numbers, the vanity, the exclusiveness, and artistic elegance of the Hats assembled for this fall's exhibit, all our previous similar displays have been far out classed. Our Millinery Department with its magnificent settings of new fall Millinery will present a marvelously interesting and beautiful picture.

### OUR OWN DESIGNERS

have had in view for the last several months the requirements of this event, and their contributions are equally praise-worthy. The prestige of this store as a style source will be immeasurably increased by the many beautiful creations and adoptions in the present exhibit. So elaborate presentation of fascinating modes has never before been attempted.
