HON JOHN H. SMALL.

Went Down the "Father of Waters" From St. Louis to New Orleans.

Congressman John H. Small returned from his trip down the Mississippi river, from St. Louis to New Orleans, as the guest of the Lakes to the Gulf Deep Waterway Association last Thursday, and speaks most enthusiastically of his trip. A Daily News representative in talking to Mr. Small Saturday last, gleaned many things from him which will no doubt prove more than interesting to the News readers.

Congressman Small left this city October 25, and reached New Orleans Saturday, October 30, where he remained until last Tuesday, returning home by rail. The president, the governors, the senators and representatives, left St. Louis on Monday. The flotilla escorting this distinguished party was composed of fourteen steamers. This number included two torpedo boats sent up the "Father of Waters" for this occasion.

Mr. Small stated that this trip from St. Louis to New Orleans was under the auspices and provided for by the Lakes to the Gulf Deep Waterway Association. The party began their 1,000 miles journey Monday afternoon. On one boat was President Taft and his immediate party; on another the twenty-four governors invited from different States, and on another the senators and congressmen, numbering 125. The balance of the steamers were chartered by the various commercial organizations along the Mississippi.

"Great crowds greeted our party at each stopping place," said the congressman. Among the points made on the trip were Cairo, Memphis, Vicksburg, Natchez and Baton Rouge, as well as other places. At each city visited President Taft made an address. "The trip," said Mr. Small, "was most interesting because of the unusual physical conditions carried on on the Mississippi river." The Mississippi and tributaries comprise about 16,000 miles of navigable waterways and it drains an area about two-fifths of these United States, not including Alaska. It is known to us as the Mississippi valley. It is by all odds the greatest river known in America because of the immense volume of water flowing down it and the resultant overflows also due to the great rise of water. At many points the usual tide at floodtide is at least 55 feet. Sometimes the water erodes the bank on one side and makes land on the other.

Mr. Small stated: "That in past years the channel of the Mississippi has been constantly changing. At several points an entirely new channel has been made. The river was at its lowest stage when our trip was made."

"Wherever we stopped," said the congressman, signs were seen at least 14 feet high containing these words: "River Regulation is Rate Regulation." The purpose of this Lakes to the Gulf Deep Waterway Association is to induce congress to construct a 14 foot waterway from the city of Chicago to the gulf—a distance of some 1,600 miles.

Immediately after the party reached New Orleans the meeting of the association convened. President Taft was the central attraction. He, of course, made an address. A large number of

delegates went to the association by rail.

The Lakes to the Gulf Deeper Waterway Association was the largest ever held, more than four thousand delegates being registered. Mr. Small made an address representing the Atlantic Deeper Waterway Association.

Mr. Small was asked by the News representative, "What impressed him most? Here replied, I saw the finest illustration of civic and public spirit exhibited by the people of any section."

All the people were enthusiastic, and great demonstrations were made by the people in favor of the project. "All the people in the Mississippi valley seem to have adopted," stated Mr. Small, "the slogan that made Chicago the metropolis of the valley, 'One For All, and All For One.'" Mr. Small said he heard this slogan over a thousand times on his trip.

The congressman had a great trip, one he thoroughly enjoyed. —Washington News.

RESOLUTIONS OF ESTEEM

We have again been most forcibly reminded that the arm of friendship cannot stay the king of terror, nor the beauty of innocence elude his grasp; and,

Whereas, on Friday the 5th inst, in the zenith of manhood, as the shadows were darkening into night, unexpectedly and within the changing of an evening zephyr brother craftsman, James Leonidas Fleming, was visited by the Supreme builder of the Universe, who removed him from laboring in the queries of time into those of all eternity.

Therefore be it resolved:

1st. That in the death of brother Fleming, Greenville Lodge No. 284 A. F. & A. M, loses a faithful and useful member. Whose association and counsel we shall miss within our mystic circle.

2nd. That to the home of sorrow and distress, where peace and gladness, so long, and tranquilly reigned, we assure them of our sincere sympathies, in their anguish of heart, mourning the cutting short of a life in full tide of powers, directed in channels of the broadest usefulness.

3rd. That to the widow and orphans, bereft of fond husband and loving father, we commend to God for His infinite comfort and protection.

4th. That these resolutions be spread upon the record of the lodge, a copy sent to the family, the Orphan's Friend and Daily Reflector, with a request that they be published.

Tribute From Colored People.

Inasmuch as we are a part of the people that make up the citizenship of Greenville, and as a pall of gloom has been cast over this entire community by the terrible accident that has carried deep sadness to the homes of three of Greenville's prominent families.

And as each of these men, to the dead, and living, has contributed to the material advancement of this new city—one a senator, another the son of an ex-congressman, and at present District Attorney whose efforts are such as to mark him as one of the state's foremost men.

Therefore as a mark of our great respect for the living and the dead, in the behalf of the colored citizens of Greenville, I extend to the bereaved our tenderest expression of sympathy.
Rev. Joe May.

Tally-Galloway.

Grimesland, N. C., Nov. 6.—At the beautiful country home of Mr. W. H. Galloway a very pretty marriage was solemnized Thursday morning at half past eight o'clock, when his daughter, Miss Lucy was happily married to Mr. Thomas J. Tally, an efficient postal clerk on the Norfolk and Southern.

The bride was tastily attired in a beautiful blue suit.

Only the relatives and a few intimate friends were present. The parlor was tastefully decorated with ferns and cut flowers. Rev. R. M. Bridgers spoke the mystic words that joined their hearts and lives.

Immediately after the ceremony the bridal party drove to Grimesland and left over the Norfolk and Southern for Northern points.

VITO REALE ITALIAN ORCHESTRA

At the Pastime Theatre Again Tonight.

Vito Reale Italian Orchestra will furnish music tonight for the second time. Those who came to the show last night were highly pleased with the music as well as with the pictures, which were good as usual.

You should not miss the show tonight if you like good music and good pictures. Following is the program:

Comta, the Sioux.

Tom Thumb—highly hand colored.

Vito Reale has just returned from a trip to Italy, where he selected lots of new and good music. The orchestra will have an entire change of program.

The music alone is worth the price of admission—15 cents—so come tonight.

Teachers' Association Saturday.

The Teachers' Association will meet next Saturday at 10:30 a. m., in the auditorium of the East Carolina Teacher's Training School. There will be no regular printed program. A number of short talks will be made on questions of vital importance to our work. Prof. J. Y. Joyner, Dr. Rankin, Prof. Walker, Mr. Bivins, Mr. Brogden and others, will be with us. I hope also to have a number of county superintendents and high school men with us.

I desire not only to cordially invite every teacher to be present, but to insist upon their coming. We desire to make this a great meeting, and your presence will be absolutely necessary if we accomplish what we desire. Please be prompt at the opening of the session at 10:30 o'clock.

W. H. Ragsdale,
Co. Sup. Schools.

Coru Judging at Washington.

Tomorrow, 10th, the Norfolk & Southern Railway will have a corn judging contest at Washington. The editor of The Reflector is indebted to the Washington Chamber of Commerce for a special invitation to be present at the oyster roast they will give in connection with the contest.

We hope many people of Pitt county will be present and that a number of our farmers will have specimens of their corn crop in the contest. The purpose of such contests is to awaken interest in the farmers to produce larger and better crops, and also to show others the advantages of Eastern North Carolina as a farming section.

Celebration Will be Held.

The recent calamity that befall Greenville causing some apprehension that the celebration of East Carolina Teachers' Training School might be postponed, The Reflector is authorized to state that the public exercises and installation of President Wright will take place on Friday, 12th, as planned.

TUESDAY NOV. 9, 1909.

Don't everybody try to have hookworm in order to get some of that million dollars spent on them.

The burning of the Norfolk & Southern railroad shops at New Bern has opened the way for other towns that want the location of the shops to get busy.

The business men of Greenville should show their interest in the celebration of East Carolina Teachers Training School, to be held Friday, by attending the meeting of the Chamber of Commerce in the court house tonight.

It is not to be taken as an indication that Hunter Roosevelt is dead whenever he becomes silent, but every time his jaunts take him out of communication with the world all kinds of senseless rumors are started about him.

The Raleigh Evening Times makes the statement that since the paper was in the hands of a receiver two years ago nearly all the \$15,000 indebtedness existing at that time has been wiped out, and the paper is now on a solid financial basis with over 6,000 circulation. That certainly speaks well for the management of Mr. J. V. Simms, who has had charge of The Times the last two years.

The people of Pitt county might well consider the suggestion made by Judge Guion in delivering his charge to the grand jury Monday that it is much cheaper to pay a 5 or 10 cents tax on enough bonds to build good roads all over the county than it is to have to give three days in the year to work on the roads as the law requires. Under the present system of working them we will have no good roads, but with a bond issue they can be easily built.

Shall we Have Macadam Roads?

The old idea that to have an improved road you must necessarily have macadam is now thoroughly out-of-date. Dr. J. H. Pratt, who has done such a great work in planning the proposed system of improved roads for our Piedmont and mountain counties, says that about the greatest difficulty encountered has been the idea that to get improved roads they must be macadam, costing \$2,000 to \$6,000 a mile. On the contrary he has told them that macadam is not the thing for them, that any road graded, drained, and surfaced is a good road, and even with their steep grades, splendid gravel or sand-clay roads can be made at from \$1,800 to \$2,500 a mile.

For the average county a \$200,000 bond issue is certainly better spent for 100 to 200 miles of first-class sand-clay or gravel road than for fifty miles of macadam.—Raleigh (N. C.) Progressive Farmer.

Public School Farms.

It is gratifying to learn that the school farms which have become permanent in connection with various public schools in the rural districts of Wake county have proved a success. These farms, consisting of one or two acres of land adjacent to the schools, are planted to several crops and are cultivated by the school children. In this way, besides the mental benefit derived, children learn practical farming. They are given healthy recreation, of a kind, too, which is serviceable in after life. Wake has twelve school farms. They have proved so satisfactory that others will be established and it is highly probable that many counties will fall into line. One of these school farms, two acres in area, produced a tobacco crop which was sold for \$313. From another there has already been sold two bales of cotton, and a third bale will be gathered. So it can be seen that these farms are not only beneficial in the way of practical education, but are also a source of revenue. This is another illustration of the practical turn that is being given to public education in North Carolina.

TRUTHFUL REPORTS.

Greenville Reads Them with Uncommon Interest.

A Greenville citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.
John G. Latham, 907 Commerce street Greenville, N. C., says: "Doan's Kidney Pills in my case far surpassed any other kidney remedy I had previously used. For some time my kidneys were disordered, the secretions being too frequent and painful in passage. When I read of Doan's Kidney Pills, I was so much impressed that I procured a box at John L. Wooten's Drug Store. They seemed to go directly to the seat of my trouble and gave me relief in a short time. My kidneys were restored to their normal condition and I felt better in every way."

An Intelligent Cow.

A few nights ago a citizen went home and found a cow in his yard. He drove her out. He then went into the house and later heard the animal in the yard again. He drove her out the second and third times. The citizen's son came home later and found the animal in the yard and drove her out. The citizen then made an investigation and found the cow got in by wading around the fence on the river side. He hung up a lantern to deceive the cow as she came in, and the next morning, so he says, he found the cow in the yard with the lantern hung on her horns, using the same to hunt out the best grapefruit in his grove. Say what you please, but that was an intelligent cow. And the story is true—of course it is.—Port Myer Press.

Her Jewels.

"Theo," and her eyes sought the last embers of the dying fire, "you are not as kind as a husband should be. You never give me any jewels." "Jewels!" And his voice seemed to come from his heart. "You ask for jewels? Any one with diamond eyes, ruby lips and teeth of pearl ask for jewels? Why, the rarest jewels gold could buy would only be superfluous."

Then for the first time for days she kissed him.—London Answers.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have been trilled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only

a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

SUMMER IS GONE

And now is a good time to have your summer suit nicely cleaned and pressed, so it can be put away and kept for months. It is time to bring your overcoat and have it cleaned and overhauled for winter, perhaps it needs a new collar or re lining. A little work on it may save buying a new one. I am ready to do this work for you as it ought to be done, PAUL MITRICK, The Tailor.

AN EVENING

SPENT

With the most versatile pianists, could not possibly bring you more enjoyment than you, yourself could derive from either

The Lindeman

Player Piano,

The Milton,

The Bjure Bros.

Or Lester

Player Pianos,

In fact, with either of these Player Pianos as a companion, you have the advantage of playing the music yourself—the music you best like, and playing it in that rich, full manner, bringing out the delicate beauties of the melody which even many skilled pianists fail to develop, and this, possible with the veriest novice, without your knowing one note from another.

We will take your deaf and dumb piano in exchange.
