Newsy Notes From Our Hustling Neighbor.

Winterville, N. C. Nov. 17, 1909.

Quite a crowd from here attended the teachers' meeting at Greenville Saturday.

Rev. T. H. King filled his regular appointment at Ayden Sunday.

Rev. J. B. Bridgers' of Ayden, was in our town Monday.

Mrs. Allie Woolard, of Stokes, is visiting her sister, Mrs. M. G. Bryan, this week.

Mesdames J. D. Cox and R. G. Chapman spent Sunday afternoon at Frank Carroll's, visiting Miss Lela Roach, who has been sick for a few days.

Rev. E. T. Phillips filled his regular appointment at the Free Will Baptist church here Sunday.

C. S. Smith took a trip down in Craven county, last week in the interest of the A. G. Cox Mfg. Co.

Jake Sutton, a W. H. S. student, received a message Saturday that his father, who lives near Kinston, was dead. He left here Saturday for his home. He has our deepest sympathy in this very sad hour.

The 3d. annual session of the Neuse-Atlantic Association met in the Baptist church yesterday at 11 o'clock, a. m. Some of the most distinguished preachers and laymen of the State are present, and we are witnessing one of the greatest religious gatherings that it has been our privilege to attend in Winterville. Not only is it true in consecration, but also in number.

As space is limited we are unable to give the full proceedings. The devotional exercises were conducted by B. W. Spillman, of the Sunday School Board of the Southern Baptist Convention.

The address of welcome on behalf of the church and town was made by Rev. T. H. King.

Address of welcome on behalf of the association by Mr. Leslie Davis, of Beaufort.

The subject of Sunday schools was next taken up and discussed by E. L. Middleton, D. H. Green and Revs. T. G. Hood and B. W. Spillman.

An excellent talk was made by Rev. A. L. Betts on the Biblical Recorder, its cheapness, quality and its mission.

Prof. G. E. Lineberry also made a very excellent talk on Charity and Children. He emphasized the fact that every Baptist Sunday school in North Carolina should take it; because it costs practically nothing to print (the type being set by the orphans) and therefore it would help the Sunday school and the orphanage also.

Last night Rev. G. T. Watkins preached one of the grandest sermons that we have ever heard. Subject "Authority, rather than apologetics." He emphasized the fact that preachers ought to preach with authority rather than be too apologetic.

Hon. J. M. Parrott made an excellent talk on denominational education.

To all the delegates and visitors to the association we tender a hearty welcome and hope they will feel at home while in our midst.

I am representing the oldest and strongest life and fire insurance companies in the world. Office in bank building.

A. AND M. COLLEGE NOTES.

West Raleigh, N. C. 13.—The Farmers' National Congress was the chief point of interest here from Nov. 4th to 9th. The sessions were held in Pullen Hall and many of the students availed themselves of the opportunity to hear addresses by some of the most eminent men in American agriculture today. Among the speakers were Secretary James Wilson; Andrew M. Soule and other prominent agriculturalists. Thirty-seven States were represented by men who are leaders in their respective states. They were men of sufficient intelligence to discuss wisely all economic questions which confront the farmers of the nation today. This congress is the most powerful organization of farmers for the public side of agriculture.

A very significant fact was that the northern and western states were much better represented than the southern. Few Carolina badges were seen, while Ohio and some other western states had as many as forty delegates. The South is advancing rapidly, and it is only a question of time when it will rank among the first sections of the country.

Raleigh did herself proud in entertaining the delegates of the Farmers' Congress. In fact they were loud in their praise for Carolina and Raleigh.

The visit of Ambassador James Bryce to Raleigh during the Farmers' Congress was a notable event, because Mr. Bryce is recognized as one of the ablest diplomats and statesmen of his generation.

A mass meeting of practically the entire student body was held Wednesday night in Pullen Hall. Addresses in behalf of foot ball were delivered by Professor Riddick, Messrs. Josephus Daniels, N. B. Broughton and others. The boys were most enthusiastic and joined heartily in the yells and songs.

Mr. Skinner, the farm superintendent, recently finished shredding his corn crop, which yielded an average of forty bushels per acre. This is a plain example of what modern farming can do on poor land.

It is not best to let land be idle any time, therefore practical farmers should be careful to keep a growing crop on the soil throughout the year, in order that no plant food may be lost. Every acre on the college farm is now covered with growing wheat, oats, rye or crimson clover, and the land is improving all the while.

Christian Convention.

The State convention of the Christian church is being held this week in Wilson. Preceding the convention, the C. W. B. M. held its meeting Tuesday, the address of welcome being delivered by Mrs. T. L. Willingham, reponse by Miss Mary Parrott, of Kinston. The reports of the different officers made a fine showing for the year's work and large increase along all lines. A feature of the women's meeting was an address by Mrs. Bessie Farrar Masden, a missionary to India.

Those from Greenville in attendance upon the convention are Rev. and Mrs. D. W. Arnold, E. A. Moye, Sr., and J. S. Tunstall.

Rev. W. O. Bodell, of Durham, will preach in the Universalist church Sunday morning and evening. The public is cordially invited.

PULLEY-MOORE.

Popular Greenville Couple Wed This Morning.

At 8 o'clock this morning at the home of the bride, on College avenue, was witnessed a beautiful marriage that joined for life the hearts of Mr. B. J. Pulley and Mrs. Bessie Moore.

The couple entered the parlor together and stood beneath a green and white arch as they spoke their vows to Dr. J. N. H. Summerell, of New Bern, the officiating minister.

After congratulations from many friends present, Mr. and Mrs. Pulley drove to the A. C. L. depot where they took the morning train for New York and other cities. They will be gone about ten days on their bridal tour. The bride was attired in an exquisite Catawba coat suit.

A large number of beautiful bridal presents expressed the popularity of the couple.

The out of town guests were Mr. T. J. Horton, of Zebulon; Mr. W. L. Harper, of Raleigh, and Miss Vera Viccellio, of Norfolk.

Mr. Pulley is the senior partner of the firm Pulley & Bowen, prominent merchants here, and his bride is a lady of rare charms and accomplishments.

UNIVERSITY NOTES.

Chapel Hill, N. C., Nov. 16.

The religious services of this week's chapel exercises were conducted by Rev. J. W. Wildman, pastor of the Baptist church. Monday, Tuesday and Wednesday Dr. Kemp P. Battle gave interesting reminiscences of the early life of the University. Tuesday morning Mr. Wildman spoke upon student help to the churches. The entire Friday morning exercises consisted of a song service led by Chas. H. Herty, and Mr. Charles T. Woolen and engaged in by over 500 students.

The University tennis team, composed of George Fountain, a second year law student, and Charles Venable, a member of the senior class, have made a triumphal sweep of the State of Virginia. They defeated Randolph-Macon, Richmond College, and the University of Virginia, capturing both doubles and singles in each meet. In the four intercollegiate meets this fall, North Carolina has not been scored against, and her total score is 400 to her opponents 0. This is perhaps the most brilliant record in the history of intercollegiate tennis in the South.

Dr. Joseph Hyde Pratt, professor of economic geology, attended the second annual meeting of the North Carolina Drainage Association, and made one of the principal addresses before the association. Dr. Pratt is vitally interested in every economic need of North Carolina, and is doing more for the good roads movement than any other one man.

Dr. Charles H. Herty, dean of the school of Applied Sciences, has been elected chairman of a division in the American Chemical Society, and will preside over its sessions in Boston. Dr. Herty, by his inventions in industrial chemistry, is one of the best known chemists in America. By his invention of the Herty turpentine cup he has saved the Southern turpentine farmers millions of dollars.

The annual debate between the University of North Carolina and the University of Pennsylvania will be held Friday night in Chapel Hill. Barnett and Highsmith represent Carolina.

Thanksgiving Proclamation.

Washington, Nov. 15—President Taft today issued his Thanksgiving proclamation, naming Thursday, November 25th as date for the observance. The proclamation says:

By the president of the United States—A proclamation.

"The season of the year has returned when, in accordance with the reverent custom established by our forefathers, the people of the United States are wont to meet in their usual places of worship on a day of thanksgiving appointed by the civil magistrate to return thanks to God for the great mercies and benefits which they have enjoyed.

"During the past year we have been highly blessed. No great calamities of flood or tempest or epidemic sickness have befallen us. We have lived in quietness undisturbed by wars or rumors of wars. Peace and the plenty of bounteous crops and of great industrial production animate cheerful and resolute people to all the renewed energies of beneficent industry and material and moral progress. It is altogether fitting that we should humbly and gratefully acknowledge the Divine source of these blessings.

"Therefore I appoint Thursday, the twenty-fifth day of November, as the day of general thanksgiving aside from their usual vocations, to repair to their churches and unite in appropriate services and thanks to Almighty God.

(Signed)

"WILLIAM H. TAFT."

MEN WHO ARE DOING THINGS.

It is well to be patriotic, and keep in mind the glories of the past, to think of men long since gone and rehearse their achievements, and to dwell upon the progress our country has made. These things keep alive in us a spirit of pride and patriotism, for ours is truly a goodly heritage. But today we are living in the present, and The Reflector is of those who love to talk about things right now, to speak of men who are doing things today in uplifting and bettering those around them, and who are making things come to pass. We have in mind a man of this type, Mr. John F. Evans, who is agent for Pitt county of the farm demonstration work under the direction of the State and government agricultural departments. Mr. Evans is a good farmer himself, and in addition to carrying on his own work his duties take him much among farmers who are cooperating with this demonstration work, to instruct and advise with them wherever it is needed. In this way he is doing great good to his fellow farmers, and the result is better farming, improved crops and larger yields. Not only this, but Mr. Evans is a good roads advocate from the heart. He believes in good roads, talks good roads, and says he is going to keep it up until Pitt county has a bond issue sufficient to build good roads all over the county. He says it does his heart good to find this sentiment growing so rapidly wherever he goes about the county. That is what The Reflector likes to hear—good schools, good farms, good roads. These are the things to make our county blossom with prosperity.

A Pitt countian who is among the dispersed in other States, yet has an abiding interest and love for his old home, wrote The Reflector a letter expressing the wish that he could have been here to join in the training school celebration, and said some things in this connection that modesty tells us not to print. One sentence, however, we will give anyway. It says "I notice you have been advocating in your paper good roads, and I sincerely hope you will be successful in awakening our people to the great good that would result from them."

According to Editor Herman Ridder, Speaker Joseph Cannon should be given the highest seat in the Roosevelt Annanias Club. In other words Editor Ridder

says Speaker Cannon is a liar or he (Ridder) is a fool. And it goes without saying that Editor Ridder is no fool.

The president's Thanksgiving proclamation has come, and even if it was late and short, it is good.

A great event in Norfolk this week is the inland waterways convention. Hundreds of delegates from all along the Atlantic States will be in attendance, and President Taft and Andrew Carnegie will be guests of honor.

The inauguration of Mr. Robt. H. Wright as president of the East Carolina Teachers' Training School, located at one of the finest spots in Eastern North Carolina—progressive, pretty Greenville—was an event of importance to North Carolina. It marked what might be termed the completion of the work of getting underway this newest and big State college for North Carolina. The actual existence of such an institution is more plain evidence that the Old North State is bounding forward—Wilmington Dispatch.

One step won't take you very far—you've got to keep on walking; one word won't tell folks what you are—you've got to keep on talking; one inch won't make you very tall—you've got to keep on growing; one little "ad" won't do it all—you've got to keep 'em going.—Durham Sun.

TRUTHFUL REPORTS.

Greenville Reads Them with Uncommon Interest.

A Greenville citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced. John G. Latham, 907 Cotanche street Greenville, N. C., says: "Doan's Kidney Pills in my case far surpassed any other kidney remedy I had previously used. For some time my kidneys were disordered, the secretions being too frequent and painful in passage. When I read of Doan's Kidney Pills, I was so much impressed that I procured a box at John L. Wooten's Drug Store. They seemed to go directly to the seat of my trouble and gave me relief in a short time. My kidneys were restored to their normal condition and I felt better in every way." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

An Eye For Automobiles.

In the crowd at the automobile show was a gentleman who had been going from one exhibit to another for two hours, trying to make up his mind as to the particular make of motorcar that best suited his requirements. It was not a question of cost. He could afford to pay any price likely to be asked. Every car had some peculiar feature that recommended it, but the difficulty was to find one that embodied all the strong points. In this emergency he chanced to spy an old acquaintance.

"Hello, Rogers," he said. "I'm having an awful time trying to make a purchase I promised my wife long ago that I would make. Have you got a good eye for automobiles?"

"I ought to have, Swigert," answered the man whom he addressed as Rogers. "I've been dodging them for years."—Youth's Companion.

Stowing Them Away.

"Don't be selfish, Charlie! Let your little brother play with your marbles."

"He wants to keep them."
"Nonsense! I'm sure he doesn't."
"But, mother, he does. He's swallowed two already!"

A Matter of Time.

A Toledo lawyer was retained to defend an individual charged with housebreaking and larceny. The accused requested that his lawyer outline his plan of defense. This being done, the prisoner evinced much disgust.

"How long is it goin' to take to get through with this case?" he growled.

The lawyer smiled politely. "I think," said he, "that it will take me about two weeks, but I'm afraid it's going to take you about four."

LAND SALE.

The Review of Reviews

first, because it is a necessity—that is the rule in magazine buying of America's intellectual aristocracy. It is indispensable to the busy business man, who must keep abreast of the times, because it gives him the real news of the day in concise, readable form; it is invaluable to the thinking man, who demands only the truth and then draws his own conclusions, because it gives him just plain, straight facts.

It is helpful to the whole family. In it you will find a monthly picture

of men and affairs by Dr. Albert Shaw, in his comprehensive editorial, "Progress of the World;" a clever cartoon history of the month; book reviews; the gist of the best which has appeared in the other magazines and newspapers of the world; pithy character sketches; and interesting articles on the all-important topics of the day. Authoritative, non-partisan, timely and very much to the point, "it's a liberal education," is the way subscribers express it.

OUR 1909-10 CATALOGUE

of all American magazines is a money-saver. You can't afford to order for next year without first seeing it. If you appreciate superior agency service, and demand maximum magazine value for the fewest dollars, write for it—today. It's free to YOU.
