CHILD VISITS HEAVEN.

Lying Sick With Scarlet Fever She is Suddenly Healed.

The following story is furnished us by Mr. Thos. L. Willingham, of Wilson, N. C., formerly of Greenville.

I was at Black Creek, N. C., a nice little town about six miles south of Wilson, N. C., and Mr. A. A. Aycock, a young merchant at that point, told me that his sister, Mrs. Addison, who lives near Kenly, N. C., had recently told him of a little girl who had a very strange vision. I expressed a desire to see the child and see if I could get her to tell me the story of her vision from her own lips. The young merchant told me that his brother was going over near there Saturday and that I could very likely get him to take me to the place where the child lived. This was done.

I found things as they were stated to me: I found a small girl, who will be eleven next January. I gave her a Sunday school paper which she seemed to appreciate; but said that she couldn't read.

"Spiritual things are spiritually discerned;" there will be some people that will question the truth of this; as for myself, I find no explanation of the story; I merely state the facts as they were given to me from the mouth of the little girl herself.

Her parents are in very humble circumstances; she has had no advantages whatever. Her parents are tenants on Mr. Addison Wiggs' farm, near Kenly. Her father died some years ago and her mother having married a second husband. She says, in her vision she saw her own father in torment. She says that she was sick in bed for two weeks with scarlet fever and was very low at the time of her vision, not having eaten anything from Sunday till Thursday. Her mother came in the room where the child lay and heard the little girl break out in a laugh and say: "Mama, I am relieved of pain." This young girl is named Smithie Elizabeth Deans, but is generally called Elizabeth or Lizzie. Lizzie went on to tell me: "I was up there with Jesus when I rose from my bed—that was my dying-bed. Jesus was the one that came to me; I said 'Lord, there is Jesus,' and I said 'Lord Jesus please heal my pain' and He said 'I will' and eased it. And He took all my 'feelings' away and left the body lying there on the bed, and I could see it as He took my spirit away. When I got up there to Heaven, I said that I did not want to go back, and He said, '(Jesus and God were 'begging of me') to go back and tell my people and warn them how to do.'"

Although this little girl had not eaten anything from Sunday till Thursday and had been very low with scarlet fever for two weeks, after the Great Physician had visited her she got right up and to use her own words again "eat a big mess of collards and some chicken stew."

"Papa is in torment and asked me to bring a drop of water to put on his parched tongue. God has water, the people up there want nothing to eat. Mama wanted me to go visiting today, but I told her no, that some people would be here to see me today. Next after I got to Heaven I saw God, saw so many pretty things."

A lady that was also in the room, while I was recording the above, said to Mr. William Aycock and myself, that we

The World's "Best Seller."

The world's best-selling book is the Bible. The total sales of the works of all the most popular authors of the day would not equal the yearly sale of the Christian Scriptures.

Each year there are printed 17,000,000 Protestant Bibles, Testaments, and "portions"—such as the Psalms or the separate Gospels—in more than five hundred languages and dialects. Of these Bibles 10,000,000 are published by Bible societies, are sold far below cost, and return no financial profit to anybody. The remaining 7,000,000 are printed commercially, and yield a handsome profit to the publishers.

Of the 10,000,000 Bibles and parts of Bibles printed and distributed by charity, almost 2,000,000 are issued by the American Bible Society, and over 7,000,000 more by similar organizations in Great Britain.—Munsey's Magazine, for December.

The Drought in Lenoir.

Further reports show the bad effects of the drought in this section to be rather more serious than the general public understands. A gentleman from Falling Creek informed the Free Press, today, that his was the only well of twelve, in his immediate neighborhood, from which water could be obtained and that frequently people had to tote their drinking water a half mile or more. The ditches and small streams are practically all dry.—Kinston Free Press.

At the Pastime Theatre.

The pictures at this little show Thursday night were splendid and delighted all who saw them. The picture of the Hudson-Fulton celebration in New York recently was especially fine and instructive. It was almost like being at the celebration to see this picture, and a great deal cheaper.

The program tonight will be a good one, too. See it: The Minister's Daughter. Expert Glass Blowing. The Female Detective. The Music Lesson—a beautifully hand-colored picture.

North Carolina Industries.

The following new industries for North Carolina are reported by the Chattanooga Tradesman: Carthage—\$50,000 lumber company.

Raleigh—\$5,000 planing mill; \$25,000 hardware company.

Fayetteville—\$50,000 lumber company.

Charlotte—Cotton oil mill.

Gastonia—Wagon factory.

Elk Park—\$10,000 planing mill.

Tyron—\$100,000 hosiery mill.

Hudson—\$50,000 chair factory.

ought to have heard her talk just after her vision, of the pretty things that she saw and she looked up and said, "I can see it now. God says what to say right now; I can't talk and tell them unless what He says tell them. He told me last night I could not stay here long."

I have the names of two ladies living in Wilson that she says that she has a message for. People are flocking out there to see her.

"I do hereby certify to the fact that the above is true. W. F. Aycock, Black Creek, N. C."

STATE NEWS.

Happenings of Interest in North Carolina.

Reidsville, Nov. 17.—A. B. Paschal, a well-known young man of this place, about 32 years of age, committed suicide tonight in his home by firing a pistol ball into his head, dying in his wife's arms within a few minutes afterwards. No cause for the act is assigned, and relatives and friends have no explanation for the unfortunate affair. Paschal married a niece of J. H. Burton, one of Reidsville's wealthiest citizens, and was manager of Burton's wholesale and retail grocery stores.

Hendersonville, N. C., Nov. 18.—The finishing building of the Skyland Hosiery Company, at East Flat Rock, with its contents was destroyed by fire this morning at five o'clock. Loss on building \$60,000, on contents \$15,000. Insurance will cover the entire loss, it is believed.

New Bern, Nov. 18.—Miss Bertha Steifel, of Baltimore, who was out riding with Miss Janie Stewart, met with an accident by which one of her limbs was broken. Miss Stewart had got out of the buggy to open a gate. When the gate swung open the horse moved backward and in an attempt to get hold of the reins, Miss Steifel lost her balance and fell out of the buggy.

The Southern Railway is double-tracking its road between Washington and Charlotte, and this week the Atlantic Coast Line has ordered a bond issue to begin the work of double-tracking the line from Rocky Mount to Wilson, first, and then continuing the work where the service is the heaviest.—News and Observer.

Two Americans Put to Death.

Two Americans, Messrs. Cannon and Grace, being put to death in the Nicaraguan revolution has aroused the government of the United States to action and the matter will be thoroughly investigated. Orders have been issued for the cruiser Vicksburg to proceed in all haste to Corinth, and the gunboat Des Moines will proceed at once to Port Limon to protect American interests and to observe and report the situation by wireless, says press dispatches. President Taft is highly incensed over the matter.

Extension Granted to Labor Leaders.

The Court of Appeals of the District of Columbia, upon request of counsel for the labor leaders has granted a stay until November 29 of the issuance of the mandate sending President Gompers, Vice-President Mitchell and Secretary Morrison, of the American Federation of Labor, to jail for contempt of the Supreme Court of the District of Columbia in the Bucks Stove and Range case.

YORK & COBB GET CONTRACT.

Work on Pythian Orphanage at Clayton Will Begin at Once.

Thursday night the trustees of the orphanage of the Knights of Pythias met in Clayton to open bids for the new orphanage. The successful bidders were: on main building, York and Cobb, of Greenville, N. C.; heating contract, Crawford Plumbing and Mill Supply Company, Winston-Salem; plumbing contract, A. W. Holder & Co., Statesville. There were twenty-four bidders, seventeen on the main building.

The work of construction will commence at once, as the building must be completed by June 1st, 1910, in order to have the orphanage opening before the next meeting of the Pythian Grand Lodge.

The building to be erected will be the first of three that have been planned for the orphanage. It will accommodate thirty-seven orphans in addition to the keepers and their families. It will be a two-story building, having three stories in the rear. It will be thoroughly equipped, having its own heating and lighting plants and waterworks, school rooms and infirmary.

Might Prolong the Paper's Life.

One day the office boy went to the editor of the Soaring Eagle and said: "There's a tramp at the door, and he says he has had nothing to eat for six days."

"Fetch him in," said the editor. "If we can find out how he does it, we can run this paper for another week!"

FRIDAY NOV. 19, 1909.

The report now comes that the government holds that the telegraph and telephone merger is illegal, and is going after it.

Congressman Morehead has proven that he has a stronger pull than some of them thought. He carried his point all right.

The division that existed for sometime in the Baptist church of Wilson has been adjusted and the two factions have re-united.

The Greensboro Record has started its twentieth year. The Record is one of the papers that does things and makes its presence felt.

The man who does not talk for his town is not the right kind of a citizen; and a class not much better are those whose only interest is what they can get out of somebody else.

We read the other day of a man who hid his money in a bed tick. His house burned down and the money was lost with it. Had the money been put in a bank he would have been that much better off after the fire. Some people do not seem to realize what banks are for, and the protection these institutions afford them.

Quite a number of near-beer dealers in Wilmington were arrested Wednesday on the charge of running "blind tigers." Detectives from Baltimore were employed to work up the case and catch the lawbreakers, which they did in a few days. It would be a good idea to have regular paid detectives for this purpose in every county in the State.

A dispatch from London says that one person out of every thirty-two in that city is a pauper. If that statement is true it shows an appalling condition of poverty and hardship. It is hard to understand why people will congest a place where there is nothing for them to do. The largest cities attract them and they seem to prefer to stay there and suffer hardship rather than go to the country or towns where there is better opportunity to get something to do.

Talk for good roads is heard all over the State. In almost every county the people are expressing interest in the subject. Everyone admits the public roads system is not what it should be and that an improvement would be money saved to the people. But talk won't build good roads. It takes money to do that, and there is nowhere for the money to come

from except out of the pockets of the people, whether the expense is met by special tax to raise an annual road fund or a bond issue for a lump sum to be expended in the work. The people of a county can talk good roads for a generation, but if to not get beyond that there will be no road improvement in that county. But when they get to talking in favor of taxing themselves in order to secure the improvement then you may know there is going to be something doing in the way of road building in that county. To get good roads the people must go down into their pockets. This is not only the logical, but the only way to secure improvement of the highways. Those people who talk good roads, but oppose taxation in order to secure them are really not sincere in their advocacy of better roads. Road improvement is a business proposition involving much expense, not a sentimental idea.—Charlotte Observer.

TRUTHFUL REPORTS.

Greenville Reads Them with Uncommon Interest.

A Greenville citizen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.

John G. Latham, 907 Cotanche street Greenville, N. C., says: "Doan's Kidney Pills in my case far surpassed any other kidney remedy I had previously used. For some time my kidneys were disordered, the secretions being too frequent and painful in passage. When I read of Doan's Kidney Pills, I was so much impressed that I procured a box at John L. Wooten's Drug Store. They seemed to go directly to the seat of my trouble and gave me relief in a short time. My kidneys were restored to their normal condition and I felt better in every way."

AN EVENING SPENT

With the most versatile pianists, could not possibly bring you more enjoyment than you, yourself could derive from either

**The Lindeman
Player Piano,
The Milton,
The Bjure Bros.
Or Lester
Player Pianos,**

In fact, with either of these Player Pianos as a companion, you have the advantage of playing the music yourself--the music you best like, and playing it in that rich, full manner, bringing out the delicate beauties of the melody which even many skilled pianists fail to develop, and this, possible with the veriest novice, without your knowing one note from another.

We will take your deaf and dumb piano in exchange.

A Rare Opportunity.

Why the participating, non-assessable, treasury, preferred 7 per cent. stock of the United Wireless Telegraph Co., is the best and safest investment ever offered since the days of the Bell Telephone is because its system is in actual and profitable use on every coast steamship line of any prominence in the United States, operating with great profit in the Atlantic and Pacific oceans, Great Lakes, and Gulf of Mexico and is rapidly extending to foreign lines also. Its land stations completely encircle the United States from San Francisco to Key West, including Spokane, Cleveland, Toledo, Chicago, Seattle, Detroit, Buffalo, Erie, Boston, Albany, New York City, Atlantic City, Philadelphia, Baltimore, Washington, Norfolk, Elizabeth City, Hatteras, Charleston, Savannah, Mobile, Jacksonville, New Orleans, Galveston, etc. and new stations and steamers are being equipped daily; principal North Carolina towns to have stations. It is the only wireless line transacting commercial business in the United States, Cuba, and South America; it maintains daily commercial communication between New York and Chicago, nearly 2,000 miles overland; Seattle Washington, communicates with ships at Japan, 3,628 miles away at will; tested on leading railroads on rapidly moving trains with great success; total earnings this year will reach a million dollars; English government has taken over Marconi system; coast stations in that country and opened same to steamers using this system; president of company now in London making contracts to equip large foreign lines and arranging plans for wireless communication across the Atlantic to America. There are over 10,000 islands and hundreds of cities and towns and floating craft eager for equipment. U. S. Government to compel passenger steamers equip with wireless and travelling public demand it. Three large factories behind in filling orders for necessary equipment. Over \$3,000 of this stock sold to representative business men of New Bern, and in great demand throughout the South. Stock now selling at \$35 per share (250 per cent. above par) and price, advances November 15th, to \$40 per share; predicted this security will shortly enhance to a higher figure. Remember that each share of Bell Telephone stock that sold for 25cts a share, 29 years ago has earned \$30,000 in dividends and made millionaires out of small stockholders. Buy it for your wives, children and self and put away for future enhancement or you may lose the opportunity of a life time. Communicate at once with

The Review of Reviews

first, because it is a necessity—that is the rule in magazine buying of America's intellectual aristocracy. It is indispensable to the busy business man, who must keep abreast of the times, because it gives him the real news of the day in concise, readable form; it is invaluable to the thinking man, who demands only the truth and then draws his own conclusions, because it gives him just plain, straight facts. It is helpful to the whole family. In it you will find a monthly picture

of men and affairs by Dr. Albert Shaw, in his comprehensive editorial, "Progress of the World;" a clever cartoon history of the month; book reviews; the gist of the best which has appeared in the other magazines and newspapers of the world; pithy character sketches; and interesting articles on the all-important topics of the day. Authoritative, non-partisan, timely and very much to the point, it's a liberal education, is the way subscribers express it.

OUR 1909-10 CATALOGUE

of all American magazines is a money-saver. You can't afford to order for next year without first seeing it. If you appreciate superior agency service, and demand maximum magazine value for the fewest dollars, write for it—today. It's free to YOU.
