Too soon for an answer yet, but in two more days the voting will be done and the question answered. And somebody is going to be happy, very happy, over the possession of a beautiful, sweet toned, Boudoir piano, a perfect gem among musical instruments.</p> <p>Yesterday and today some of the candidates did great hustling, and got votes for themselves by the thousand. Their friends were out helping them, too, and this increased the vote getting. The same thing will go on tomorrow and until noon Friday, for as the end of the contest gets closer the interest and anxiety increases. Even the candidates are not taking time to stop and count votes now, but are using every minute to get more votes. The counting will be done by the committee Friday afternoon and decide who has the most votes.</p> <p>Everybody keep at work to the close.</p> <p>SOCIAL AND PERSONAL BRIEFS.</p> <p>The Visitors Here and People Who Travel.</p> <p>Mr. and Mrs. R. Be careful of the holes in that stocking.

If you have a grouch, hide it, and do not let a thing like that come in to mar your Christmas.

To send presents to those from whom you expect nothing in return is the best way to enjoy Christmas.

The State legislature adopted electrification in place of hanging, but stockings will continue to be hung.

Send some remembrance to the absent ones this Christmas, even if it should be only a good cheer post card.

Eight students were recently expelled from Trinity College on the charge of hazing. That is the right way to put a check on such ungentlemanly conduct.

Blest if The Reflector man has not already begun to feel good for Christmas. A pair of turkeys, an old ham, a box of cigars, and some other things that have come our way, are calculated to bring that feeling.

The New Bern Sun came out Monday with an industrial edition of 32 pages. It was a fine paper, and full of New Bern and her enterprises from first to last page. The Sun is less than three years old, but one of the most vigorous youngsters among the State journals.

The consistory of the University of Copenhagen have completed the examination of Dr. Cook's report and discredit his claim as to having discovered the North Pole. Now the same examining board ought to be given a chance at Commander Peary's report. We doubt if they would find anything more substantial.

The Washington Daily News came out Tuesday in a handsome holiday edition of 14 pages with colored cover. We have been knowing Washington papers for a great many years, and The News is the best the town has had. It is yet a young paper so far as age goes, but has been putting in work like a veteran for the upbuilding and advancement of its town and section.

The agricultural resources of the country, even though the area of cultivable land has nearly reached its limit, may be easily doubled, perhaps trebled, by scientific cultivation. Proper drainage will render millions of acres highly productive on the one hand, and irrigation and dry farming will bring un-

der profitable cultivation a good many more millions that are now barren and of little account. By skillful fertilization, crop rotation and the adoption of scientific methods of tillage, much of the apparently exhausted lands of the older States may again be made as fertile as a new Western prairie. The steady rise in the price of food shows the imperative need for more scientific and more productive farming.—Philadelphia Evening Bulletin.

Says The Durham Herald: "If the members of the farmers' union demand a ten per cent. reduction on all they buy from the merchants they should show that they mean to be fair about it by making a like reduction in the price of wood, chickens, eggs and the like." We agree with The Herald that the farmers should be willing to tote fair in giving and receiving reductions.—Charlotte Observer.

HIDDEN DANGERS

Nature Gives Timely Warnings That no Greenville Citizen Can Afford to Ignore

Danger signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale foamy, or thick, red, or smelly urine, full of sediment and irregular of passage.
Danger signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident.
Wm. Murrill, Washington and Tarboro Sts., Rocky Mount, N. C., says "Doan's Kidney Pills proved in my case to be a valuable remedy for kidney trouble and I have no hesitation in recommending them to anyone afflicted with this complaint. I used them for backache and other annoyances arising from disordered kidneys and they brought me prompt relief."

That Necessary Magazine

--for the thinking man--for the professional man--for the busy business man--and his family; in short, it's for You

The Review of Reviews

first, because it is a necessity--that is the rule in magazine buying of America's intellectual aristocracy. It is indispensable to the busy business man, who must keep abreast of the times, because it gives him the real news of the day in concise, readable form; it is invaluable to the thinking man, who demands only the truth and then draws his own conclusions, because it gives him just plain, straight facts. It is helpful to the whole family. In it you will find a monthly picture

of men and affairs by Dr. Albert Shaw, in his comprehensive editorial, "Progress of the World;" a clever cartoon history of the month; book reviews; the gist of the best which has appeared in the other magazines and newspapers of the world; pithy character sketches; and interesting articles on the all-important topics of the day. Authoritative, non-partisan, timely and very much to the point, "it's a liberal education," is the way subscribers express it.

OUR 1909-10 CATALOGUE

of all American magazines is a money-saver. You can't afford to order for next year without first seeing it. If you appreciate superior agency service, and demand maximum magazine value for the fewest dollars, write for it--today. It's free to YOU.
