THE OLD NORTH STATE

GATHERED FROM OUR EXCHANGES TODAY.

Newspaper Items of Interest Condensed for Busy Readers.

After one of the hottest campaigns ever waged the citizens of Salisbury Thursday voted a special tax for school purposes by a small majority of the over 700 registered voters. Since the abolishing of the saloons the school fund of that city has been short, and it was found absolutely necessary to vote a special tax in order to enable the school to run.

Anthony Howard, the 13-year-old son of Mr. and Mrs. L. C. Howard, of Pink Hill township, met a most horrible death in a runaway Thursday afternoon, while riding a mule from the approaching storm. The lad was plowing in the field a half mile from the house, when, seeing the storm approaching, he hastily unhooked the mule from the plow, threw the trace chains across the mule's withers, mounted and started home. The mule shied and threw the boy off. The boy's legs became entangled in the chain, which held him fast. This frightened the mule and he ran away, dragging the entangled boy along the woods road, which was full of roots and stumps. Thus dragged along young Howard's head and body were dashed against the ground, roots and stumps until life was extinct. His skull was crushed in several places and the bones of the upper part of his body were broken.—Kinston Free Press.

Scotland Neck, May 13.—Yesterday morning about 1 o'clock Mr. D. A. Madry, who lives just out of town, got up to see the comet, and when he went out he discovered his barn and stables on fire. Mr. Madry says when he saw the fire it was very small, but before he could get to the fire it had gained such headway that he hardly had time to save his team and buggies. He says he thinks the cause of the fire was either a "rat and a match" or from spontaneous combustion, as the loft of the barn was packed full of feed stuff and the fire originated up stairs. Mr. Madry estimates his loss at from \$1,000 to \$1,200, with \$400 insurance.

Asheville, N. C., May 13.—It is freely talked here at this time that Drs. J. C. Kilgo and Collins Denny will be elected bishop on first ballot in the election Monday. It is further stated that Dr. Denny will be accorded the largest vote ever given a man for a position in the episcopacy in the history of the church. It is common talk that in the event of the election of Dr. Kilgo to the episcopacy that he will be succeeded in the presidency of Trinity college by Dr. Gilbert T. Rowe, pastor of Tryon street church, Charlotte. This, of course, is not in the hands of the conference, but left to the trustees of Trinity college, but it is stated that the recommendations of the conference will have a great weight in the selection and it is further stated that a great many favor this step.

Wilson, May 13.—Thomas F. Miller, treasurer of the Wilson tribe Improved Order of Red Men, and at one time United States recruit officer here, was arrested last Monday charged with making away with the funds of the order entrusted to his

RECITAL AND DRAWING EXHIBIT.

Pupils of Graded School Acquit Themselves With Much Credit.

The recital by pupils of the music department of the graded school in the auditorium Friday night was attended by a large audience. The program as previously published was carried out and rendered in a manner that reflected much credit upon both pupils and teacher. Each pupil in rendering her selection showed that training had been careful and thorough. Miss Gaston, teacher of the music school, takes deep interest and pride in her work, and is to be congratulated upon what her pupils have accomplished the past year. Prof. Smith well said at the conclusion of the program that Greenville graded school has one of the best music teachers in North Carolina.

The drawing exhibit in one of the office rooms of the school building also attracted much interest. All around the walls of the room were specimens of drawing by the pupils that showed remarkable skill. Miss Lewis, the drawing teacher, has taken great pains with her classes, and can justly feel proud of the splendid progress they have made.

A Perfect Cultivator.

At Baker & Hart's Hardware Store may be seen the "New Century Cultivator" a real labor saver. Works easy, light draft, short coupled, does beautiful work. See what the farmers say about it.

Greenville, N. C., May 12, 1910. Baker & Hart.

Dear Sir: Have been using the New Century Cultivator for two days, and it has been doing fine work and so far I am well pleased with it. I consider it a great labor saving tool.

Respectfully,
M. T. Spier.

We have a few of these cultivators left. Will be glad to show them.

Change in A. C. L. Schedule.

Beginning Sunday, 15th, the Atlantic Coast Line makes a change in schedule of two of its passenger trains on this road. Train No. 59, southbound, which formerly passed Greenville at 6 p. m., will now arrive at 6:32 p. m., 32 minutes later than before. Train No. 72, northbound, which formerly passed Greenville at 4:43 p. m., will now arrive at 5:17 p. m., 34 minutes later than before. The traveling public should make a note of these changes.

Graduating Class Exercises.

Monday night the exercises of the graduating class of Greenville graded school will take place in the auditorium of East Carolina Teachers' Training school.

Murder Trial at Washington.

Carl Kelley has been tried at Washington this week for the killing of Sam Taylor. While the jury has the case, a verdict had not been reached at 2:30 o'clock this afternoon.

keeping. He gave bond for his appearance at the sitting of the Superior court next week. He skipped out last night, leaving his bondsmen with the bag to hold. In paying a death claim to a widow just previous to his arrest, he reserved from her check \$19.18. He is originally from Illinois.

WINTERVILLE ITEMS.

Newspaper Notes From Our Hurling Neighbor.

Winterville, N. C. May 14, 1910. C. J. Jackson, general secretary of the Y. M. C. A. at Knoxville, Tenn, after spending a few days at home returned today to resume his work.

The comet is still visible at Winterville.

Miss Lela Roach, of Coxville, came in yesterday to spend Saturday and Sunday with Misses Kate and Lala Chapman.

J. B. Carroll went to Greenville yesterday.

H. T. Oglesby attended the grand lodge of I. O. O. F. at Goldsboro and reports an excellent time.

Mrs. J. S. Ross and children returned to Ayden Thursday after spending sometime with Mr. and Mrs. J. F. Harrington.

Some of the Ayden girls were visiting in our town yesterday.

The W. H. S. commencement will begin next Wednesday and continue until Saturday. They have excellent programs for every occasion and we are sure all that are present will go away feeling that the time was spent very pleasantly. The school has done excellent work this year and we will venture to say that it is second to none in the State in high school work.

A Sad Death.

Leon Evans, aged about 12 years and oldest son of Mr. and Mrs. Leon F. Evans, about 3 miles from Greenville, died Friday night of peritonitis. The little boy had an attack of measles from which he was recovering, and he ate some peanuts which brought on peritonitis and caused his death. Leon was a bright boy, and his death is a sad shock to his parents and many friends. The funeral took place at 4 o'clock this afternoon.

Funeral This Afternoon.

The funeral of the little son of Mr. and Mrs. H. W. Whedbee, which died Thursday night, took place this afternoon at 4 o'clock, the interment being in Cherry Hill cemetery. The service was conducted by Rev. B. F. Huske and the pall bearers were: Messrs. C. S. Carr, E. B. Ficklin, A. M. Moseley, R. L. Carr, F. C. Harding, H. A. White, W. D. Pruitt, I. W. Tucker, A. L. Blow, W. H. Long, R. Williams, F. G. James.

Lectures at Training School.

Prof. J. H. Highsmith, of Wake Forest college, delivered an interesting lecture, Friday afternoon before the pupils of East Carolina Teachers' Training school.

This morning Prof. H. E. Austin, of the science department, entertained the pupils with a lecture on Halley comet. These lectures are very helpful to the students.

Progressive Farmer.

D. D. Haskett, Pitt county's agent for the Progressive Farmer, has recently been in Ayden, Grifton, Kinston and Farmville in the interest of that paper, and will visit the counties of Greene, Wilson, Beaufort, Craven and Edgecombe in the near future. Only a few more days in which you can get the Mother's Magazine and Progressive Farmer for \$1.00. 514 st

Baptists Want to cut Loose.

The keynote of Thursday session of the Southern Baptist convention at Baltimore, according to the press dispatches, was the development of sentiment favorable to severing all connections with other denominations and to reaching out for broader fields. The first was shown by action looking to the abandonment of the use in Southern Baptist Southern Baptist Sunday schools of the international Sunday school lessons, and the second by the apparent intention to admit to fellowship in the southern body churches in territory hitherto left entirely to the Northern Baptists.

The apparent wish to sever relations with all interdenominational bodies was tempered by the earnest efforts of a considerable element to give formal approval to the work of the laymen's missionary movement. At Thursday night session Rev. George W. Daniel, of Richmond, Va., said that the Southern Baptists lack organization and an adequate scheme of missions and can never, under present conditions, become a world power in missions, and it rests upon the laymen's missionary movement to save the day.

The objection to the continued use of the international Sunday school lessons appear to be that they have not been satisfactory to the Baptists in the matter of scriptural texts touching on baptism.

Mississippi Steamer Wrecked.

St. Louis, Thursday, 12—Thirteen persons were drowned when the steamer, City of Saltillo, sank in the Mississippi river near Sulphur Springs last night. It was first thought that not more than four or five were drowned, but a search during the night and early today revealed thirteen dead. Most of the crew escaped. Among the dead are five women passengers and eight men. The Saltillo was bound from St. Louis to Tennessee river points, and struck a rock, turned turtle and floundered within reach of shore at Glen Ark.

A Singer of Reputation.

Prof. J. H. Highsmith, of Wake Forest college, who is to conduct the service at Memorial Baptist church tomorrow morning, will also favor the congregation with a solo. Prof. Highsmith is a member of the Wake Forest Glee club and is a singer of wide reputation.

SOCIAL AND PERSONAL BRIEFS.

The Visitors Here and People Who Travel.

Mrs. P. E. Dancy returned Friday evening from Bethel.

Mrs. W. S. Moyer returned Friday evening from Washington.

F. C. Toepelman, of Henderson, was here Friday afternoon.

P. S. Cotten, of Norfolk, came in today enroute to Cottondale to visit his parents.

Mr. and Mrs. John Station, of Bethel, came over Friday evening to visit Dr. and Mrs. Zeno Brown.

Allen Blount, of Paris, who has been visiting Mr. and Mrs. Iverson Skinner, left Friday evening.

Mrs. G. E. Spruill and child, of Cameron, S. C., who has been visiting her parents, Mr. and Mrs. J. L. Moore, left Friday evening.

Mrs. C. H. Tanner and James C. Skinner, of Henderson, came in Friday evening to be present at the funeral today of the little son of Mr. and Mrs. H. W. Whedbee.

D. C. Moore and S. J. Everett went to Farmville Friday evening to attend the closing exercises of the graded school and hear the address of Congressman John H. Small.

Rev. and Mrs. D. W. Arnold and little daughter left this morning for Creswell, where they will spend a short while with relatives before going to their future home in West Virginia.

LOCAL BRIEFS.

This morning gave fruit and vegetables a close call.

You will find it out when summer really gets here.

Too hazy again this morning for the comet to be seen well.

Final examinations for the session are now in progress at the Training school.

When you want loose leaf ledger outfits see the samples at Reflector Book Store.

Large crowds have been attending the Hoiness meetings in the tent out on Twelfth street.

The audience in the graded school chapel Friday night was convinced that Greenville has some excellent musical talent.

Auction Sale of Business Sites.

Look on third page of The Reflector today and you will see the large advertisement of the auction sale of business sites to take place on Tuesday, 24th. The valuable Parham property on Dickinson avenue, Ninth and Tenth streets, will be divided into convenient lots for business sites and offers a good opportunity to purchasers. L. C. Arthur, who will conduct the sale, has had much experience in handling real estate. An investment in Greenville real estate now can hardly prove a bad one.

E. C. T. S. Commencement.

The closing exercises of the first session of East Carolina Teachers' Training school will take place on Friday 20th. The address will be delivered by ex-Gov. C. B. Aycock at 11 o'clock a. m.

SIX THINGS

For the Housekeeper to do This Month

1. Arrange for the disposal of waste water used in the kitchen. See to it that neither water nor decaying food is emptied upon the ground about the back premises.
2. Use lime and whitewash freely. Old fences and out-buildings will be greatly improved with the fresh covering.
3. Stain all bare floors. Floor stain is inexpensive and durable.
4. Insist that screens be put up to the doors and windows—the whole house should be screened; the kitchen and dining room must be.
5. Freshen the old plastered walls with a coat of kalsomine or alabastine. Either material comes in a variety of colors and may be easily applied.
6. Look after the health of the teething baby. Most of the disagreeable and dangerous symptoms attributed to teething are due to indigestion caused by bad feeding.—Mrs. M. L. Stevens, in Raleigh (N. C.) Progressive Farmer and Gazette.

In Baptist Church Sunday.

Prof. J. H. Highsmith, of Wake Forest college, will conduct service in Memorial Baptist church Sunday morning at 11 o'clock. His subject will be "The Teaching Function of the Church."

Sermon to Graduating Class.

Sunday night in Jarvis Memorial Methodist church Dr. J. C. Caldwell, president of Atlantic Christian College, at Wilson, will preach a special sermon to the graduating class of Greenville graded school. The other churches will be closed, all congregations worshipping together in the Methodist church.

SATURDAY, MAY 14, 1910.

Don't fret! When the comet is gone there may be something else to keep you awake nights.

To curtail expenses, if you can, is about the best solution to the high price of living problem.

All eyes are again turned on Raleigh today. We hope the second mass meeting will result in no war worse than words.

With potatoes and garden peas already on tap, snap beans close by and huckleberries soon to follow, there is a better prospect of defying the meat trust.

We heard one young miss remark that she did not mind getting up every morning now to see the comet as she would have to wait seventy-five years to see it again.

It is getting close to the time for the press convention at Wrightsville, but so far there has been no intimation that the Wilmington Dispatch has "passed around the hat."

The Raleigh Times says "Wake county has taken unto herself a terrible reputation among the plain democracy of the state for a general place for ruc-asses." Yes, and for ruc-cusses, too.

Protect Against the Fly.

As the warm weather months roll around each year thoughts, not the most pleasant, turn among other things to the common house fly. Time was when the fly was only considered a nuisance when slumber was desired in the mornings, and when a nap was wanted in the afternoons, though at other times the little pest annoyed. However, of late years the fly has loomed up as a menace to health. So thoughts now on the subject should be most serious, and every means should be taken to drive away the fly. Screening of houses is of particular importance, because it is at the home that the fly will sow most of the danger seed. There are other means, of course, for driving away the disease spreading insect, and they should be carefully considered. The fly is too great a menace not to be considered or to be considered lightly. It is not a scare this crusade against the fly, and the sooner people realize it the better. Surely a person would not be so forgetful, or so reckless as to go into a house where the smallpox sign appeared, and yet the great majority of people pay absolutely no attention to driving off the fly. People have become aroused to the fact that the mosquito carries disease. Yet the fly has just as much capacity and by far more chances to spread disease as the mosquito. The fly is filthy and le-

sails around touching your food and mixing with it germs that are bound to prove harmful. Just a little thought—a little layman's thinking, if you will—and observation of the ways of the fly will show the great danger, and then common sense, and a desire for self-preservation and to protect loved ones in particular and humanity in general, should arouse a person to action. Flies are capable of spreading all kinds of disease, including tuberculosis, scarlet fever, diphtheria and typhoid fever, and do spread these diseases frequently and people are left to wonder, in the midst of their trouble, how the particular malady was contracted. Especially does the fly cause typhoid fever and tuberculosis and these two diseases stand foremost in their awful work and have called forth the skill of experts and the attention and energy of laymen in fighting them.—Wilmington Dispatch.

Not one case in ten requires internal treatment. Where there is no swelling or fever Noah's Liniment will accomplish more than any internal remedy. One trial will convince you. Noah's Liniment penetrates; requires but little rubbing.

Here's the Proof
Mr. W. R. Taylor, a resident of Richmond, Va., writes: "For the past four years I have been traveling Eastern North Carolina, where I contracted malaria and rheumatism. Recently I have used Noah's Liniment with beneficial results, and take pleasure in recommending same to anyone suffering with rheumatism."
"I caught cold and had a severe attack of rheumatism in my left shoulder and could not raise my arm without much pain. I was persuaded to try Noah's Liniment, and in less than a week was entirely free from pain. I feel justified in speaking of it in the highest terms. A. Cropper, Dorchester, Mass."

DO YOU DRIVE TO TOWN?

This farmer telephoned and stayed at home.
And find the market unfavorable for your produce? The farmer who has a telephone in his home can telephone first. The useless trips thus saved are worth the cost of service.
Under our plan the service costs but a trifle; the farmer owns the instrument and the equipment.

MYSTERY OF SLUMBER.

Our Senses of Time Keener When Asleep Than When Awake.

While it is true no one knows exactly what sleep is, some curious facts have been discovered about it lately. For example, when we sleep the lower half of us weighs more than the upper half—the brain is lighter and the legs heavier. Experiments have shown that if a man goes to sleep on a bed suspended exactly at the middle point of his weight his head begins to tip slowly up and his feet to go down. When he awakens it is to find that his head is getting nearer the floor and his feet nearer the ceiling. This is due to the fact that when we are asleep the blood in the brain goes off to other parts of the body. The moment the brain awakes to life again it draws the blood back. In fact, the physician can give sleep to the most restless individual in a few seconds by tightly compressing the great arteries in the neck that carry blood to the brain.

Our sense of time is stronger when we are asleep than when we are awake. Experiments conducted some years ago on a number of men and women between the ages of twenty and thirty showed that 50 per cent of them were able to wake up in the morning at any time they had decided upon the night before. The resolve seems to wind up a little clock in the subconscious brain. When the hour arrives the clock gives the alarm in some mysterious way to the day shift of the brain, and the eyelids open. Then the night shift goes to sleep in turn, or at least the clock does not seem to work in the daytime. You can test this by resolving some morning to look at your watch at 10:20. It is a hundred to one that you will not do it unless by chance.

It is quite likely that when all the mysteries of sleep are probed the various phenomena will be found closely correlated with electricity as identified with life. It is not improbable that the molecular components of the physical organism are both negative and positive, and the human activity is simply the expenditure of a given amount of this electrical force. When the cells have been emptied the desire for sleep comes. Nature demands that the batteries be recharged, and she can only fill them properly when the objective functions of the body are at rest, thus permitting the energy of the human machine to be devoted entirely to the subjective recharging process. While the process is going on we have "sleep."—Indianapolis Star.

THE LION'S ROAR.

An Appalling Sound That Brings Terror to the Traveler.

Once in the lion country you learn the real reason why he is termed the king of beasts. He looks it. Besides, there is the terror he casts over all the brute creation about him. And as for terror, there is one feature of life in East Africa that the traveler never forgets—the lion's roaring. To me no other sound in nature is more awe inspiring, more appalling, especially if heard at really close range or among hills, where the echo resounds in its rolling double bass. Contrary to the common idea, lions do not confine their thunderous calls to the night only. Frequently in open daylight one may be startled by a sudden outburst. They are a noisy lot too. At night I have heard a band keep up the dire chorus for hours at a time, a blood curdling concert that brids to mind every tale, fanciful or true, of their daring, of their fierce rapacity and might. It seems, still further, to have an added dreadfulness when one is lying within the frail walls of a tent, with only its canvas between one and the formidable musician.

Listen now! There goes one booming in the distance, a roaring obligato that breaks into from six to a dozen calls. From the first to the fourth the volume usually increases; then it dies down. At very close quarters one hears the roar melt gradually into a purr, itself diminishing to a growling, discontented mumble that lasts for about half a minute, or there is the other sound, equally menacing—a soft and suggestive crunching noise, as though the beast had already settled to a grewsome meal. The lion's voice is mighty, as mighty as his strength. Forget his habits, his love of carrion and his daylight turn of cowardice and you have the impression of a king of beasts—a real royalty along the brute creation.—Everybody's Magazine.

AUCTION SALE

OF

Valuable Business Lots

GREENVILLE, N. CAR.

Mr. B. E. Parham has placed in my hands for sale his splendid

Warehouse Property

All of this property except the warehouse site will be divided into lots and sold at public auction on the premises on

TUESDAY, MAY 26, 1910

Beginning at 11 O'clock, A. M.

This property is situated between the Atlantic Coast Line and Norfolk Southern depots, and is in the business centre of that part of Greenville known as Tobacco Town. It consists of 6 lots fronting on Dickinson avenue which has concrete sidewalks and paved street; 3 lots on Ninth street which is a sand clay street and the main thoroughfare of Tobacco Town; 6 lots fronting on Tenth street which is the broadest street in Greenville and leads direct to the Atlantic Coast Line depot. A railroad siding can be extended across Tenth street into this property which makes it very valuable for heavy traffic.

To give an idea of the demand for places of business in this locality, Higgs Brothers have recently built a brick block containing five handsome stores just in front of this property and they were occupied as soon as finished, and there is now a demand for more.

This is a rare opportunity to buy a business site, for this property is absolutely a safe and paying investment.

Remember the date of sale, Tuesday, May 24, 1910.
