## WINTERVILLE ITEMS.

**Newsy Notes From Our Hustling Neighbor.**

Winterville, N. C. May 18, 1910. Misses Annie Dixon and Beulah Mumford, of Ayden, were visitors in town yesterday.

For quality and sweetness "The Fanco Cigars" are unsurpassed. Miss Lucretia Washington is visiting Mrs. Maggie Butt.

Miss Lala Chapman went to Greenville yesterday shopping.

Floyd Dixon, of Ayden, is spending a few days with Mr. and Mrs. J. H. C. Dixon.

Mrs. J. F. Harrington went to Greenville yesterday to spend some time with her sister, Mrs. J. O. Harris.

Rev. E. L. St. Claire, traveling evangelist, failed to fill his appointment here last night on account of receiving a message to come home.

The merchants here are now closing promptly at 8 o'clock.

Get busy, commencement week.

## Excavating Indian Mound.

Hon. J. C. Buxton arrived from Winston-Salem last night, and he drove out to Davis' bridge this morning with Prof. Charles Peabody, the famous archaeologist, of Harvard university, and editor of the American Journal of Archaeology, who is now engaged in excavating the big Indian mound near that point. Prof. Peabody has a force of six or eight men doing the work of excavation, and as the mound is 30 feet wide, and nearly as long, and many feet deep, it will take several days' work to reach all parts of it.

Yesterday a number of skulls and bones were uncovered, and it is estimated that fully one hundred and fifty Indians were buried here, long before the advent of the white man. Besides some fine specimens of skulls and bones, Prof. Peabody made two interesting finds yesterday, one a pipe, made out of some substance that looks like soap stone, and a well defined tomahawk. A number of pieces of pottery were also found. All these articles were found laying alongside of the skeletons showing that they had been buried with them.

It is not unlikely that many other interesting relicts, such as beads, etc., will be unearthed. Some Indians were much given to burying such articles with their dead. One of the largest Indian mounds in this section is near Timberland, in Quewhiffle township, this county, and it is probable that Prof. Peabody will make excavations there.

The work is of world-wide interest, and the results of this investigation will be published for the benefit of the world, and the valuable relicts found here will be placed in the great museums. Our scientists are at last paying more attention to the past history and habits of the Indian, the original American, than hitherto. —Fayetteville Observer.

## Terrible Explosion.

Canton, Ohio, May 17.—With a roar that was heard three miles away a battery of seven boilers at the plant of the American Sheet and Tin Plate Company exploded this afternoon, killing from twenty to thirty men and injuring about fifty. Among the injured are a half dozen who, it is said, will probably die before morning. Others, physicians say, cannot recover from their injuries.

## STATE NEWS.

**Newsy Items of Interest Condensed for Busy Readers.**

Ashville, N. C., May 17.—Rev. T. N. Ivey, D. D., editor of The Raleigh Christian Advocate, was today chosen on the fourth ballot by the general conference of the Methodist Episcopal church, South, as editor of the Christian Advocate at Nashville, the official organ of the general conference. His chief opponent was Dr. G. B. Winton, the present editor, who received 125 votes. It was remarkable the way Dr. Ivey's friends rallied to his support. On the first ballot he received 44 votes, on the second 93, third 143 and fourth 157. It took 148 for a choice. Dr. Ivey is regarded as one of the brainiest of the young men of the church and his selection seems to have met with general satisfaction. This gives two important places to North Carolina, Dr. Ivey as editor of the Advocate, and Bishop Kilgo.

Carl Kelly, the man sentenced to the state's prison for thirty years for the murder of Mr. Samuel Tayloe at Washington, North Carolina, was brought to the state's prison early yesterday morning by Sheriff George E. Ricks, of Beaufort county. —Raleigh News and Observer.

Wilmington, May 17.—Although the report has not been confirmed, it is understood that the Armour Fertilizer company has closed a deal for the Cape Fear Lumber company property, this being one of the most valuable sites along the river front in this city. The consideration is said to have been in the neighborhood of \$135,000.

## ROCHDALE ITEMS

Rochdale N. C., May 17.—Misses Ruby and Christine Smith, T. E. Little and Sherod Smith went to A. J. Flanagan's near Farmville Saturday and returned Sunday evening.

Mrs. C. L. Tyson and son, Johnnie, from near Renston, were visiting at Mrs. Anna Willoughby's Sunday.

A. L. Flanagan, from near Farmville, came Sunday evening to take Misses Martha Belle and Jessie Smith over here to visit relatives for a few days.

Mrs. Emma Anderson, of LaGrange, was visiting Mrs. Anna Willoughby Sunday and Monday.

W. S. Rankin says one sixth of the children die under one year of age. J. S. Fulford had one to die week before last that was about one year old and Calvin Joyner had one to die last week that was 8 months old.

A very old colored woman died in our neighborhood last week by the name of Charlotte Anderson. She was 84 years old.

Dr. Laughinghouse came Sunday to see Mrs. Mills Smith who was taken seriously sick that evening but is considerably better now.

Mills Smith has been on the sick list for some days but is better at this writing.

Mrs. C. C. Cobb, of Norfolk, came Friday and is visiting at B. P. Cobb's at Cobdale.

## Silverware and Cut Glass

The best line of sterling silverware and real cut glass ever shown in Greenville, is now on display at my store. Call and inspect wares and prices, they are popular. W. L. Best, Jeweler.

## COLORED PEOPLE SCAR'D

**They Are Joining the Church Right and Left for Fear of Its Coming.**

Washington, D. C., 17.—Halley's comet is today hurrying toward the earth at the rate of forty miles a second. At the Naval observatory, in the midst of telescopes and other instruments, Prof. Asaph Hall and his corps of scientists spent several hours with the comet this morning. According to Prof. Hall, the tail of the comet will side swipe the earth Wednesday evening. But the sky sharps agree there is no cause for apprehension. According to observers the caudal appendage of the comet this morning stretched for some 92 or 93 degrees across the heavenly way or about 25,000,000 miles.

On Saturday and Sunday nights, just after sunset, will be the best time to see the comet. It will appear these evenings just south of the point in the western sky where the sun sinks behind the horizon.

Down in Virginia many negroes are panic-stricken and dread of the news that the comet is to come has caused such an epidemic of joining the church as never was known since the old camp meeting days.

## Rev. E. L. St. Claire not Coming.

On account of an urgent message Rev. E. L. St. Claire was called to his home in Edison, Ga. and will be unable to fill his appointment at Delphia Moye chapel tonight. We regret very much that he can't be with us, but hope he will be here in the near future. Rev. W. O. Bodell, the pastor of this church, has kindly offered to conduct the service. The public is cordially invited to hear him.

## All Invited.

We cannot send a personal invitation to all of our friends to attend the closing exercises of the East Carolina Teachers' Training school, therefore we take this means of extending to you a cordial invitation to be with us May 20th, eleven a. m. to one p. m. The address will be delivered by Hon. Chas. B. Aycock, the educational governor of North Carolina.

Robt. H. Wright.

## Musical Recital.

A recital complimentary to the students and friends of the East Carolina Teachers' Training school, is to be given in the assembly hall of the school, Thursday evening, 19th inst., 8:30 o'clock, by Miss Fannie May Bishop, pianist, assisted by Mr. Herbert E. Austin, baritone. A cordial invitation is extended to all the friends of the school to be present.

## New Brokerage Business.

J. D. Smith and F. H. Beaton have formed a co-partnership for conducting a merchandise brokerage business here under the firm name of Smith & Beaton. These are both active young men who know how to do business. For the present their office will be in the building with Peight & Co.

## Gov. Aycock Friday.

People of Greenville and Pitt county will on Friday morning, at the closing exercises of East Carolina Teachers' Training school, have the opportunity of hearing the matchless orator, ex-Gov. C. B. Aycock, who will deliver the literary address on that occasion.

## BASE BALL EXCURSION.

**To Wilson on Monday, May 23rd.**

On next Monday the opening game of Eastern Carolina League teams will be played at Wilson. For this opening game the Norfolk Southern railroad will run an excursion train from Washington to Wilson and return, leaving Washington at 12:45 p. m., passing Greenville at 1:40 p. m., arriving at Wilson at 3 p. m., returning leave Wilson at 7 p. m. The round trip fare from Greenville will be 75 cents. 5 19

## BLACK JACK ITEMS.

Black Jack, N. C., May 17.—We are having some cool weather now in May.

Misses Zaid Edwards and Lillie Buck spent Saturday night and Sunday with Miss Lena Dixon.

J. H. Clark spent Sunday out home with his parents.

Elder Lupton filled his regular appointment at Black Jack last Sunday. There was a large crowd out to hear him.

Misses Martha Williams, Lena Dixon and Martha Clark and J. S. Dixon and W. V. Clark attended Grimesland commencement. They all reported a fine time.

J. S. Dixon, of Black Jack, has a large crop of onions. He expects to feed his little friends this fall.

As so many people are getting married around Black Jack we expect another wedding soon.

Miss Janie Clark, from near Cox Mill, spent Saturday night and Sunday with Miss Dollie Dixon.

We are glad to say that Mrs. W. L. Clark is improving some. It looks like we are going to have some rain soon. Farmers through this section are getting in much work now.

## Election of Bishops Completed.

Asheville, N. C., May 17.—The election of three additional bishops for the Methodist church was announced this morning, when the fourth ballot taken yesterday, was counted. They are W. R. Lambeth, Nashville; Dr. R. G. Waterhouse, Emory, Va., and Dr. E. D. Monzon, of Georgetown, Texas. All are connected with colleges, except Dr. Lambeth. On the fifth ballot there was no election. On the sixth, James H. McKoy, of Birmingham, was elected. This completed the election of Bishops.

## The Merry Sewers.

The Merry Sewers' circle of King's daughters met with Miss Lillie Lanier Saturday afternoon May 14. The meeting was called to order by the president after which the minutes were read. After the usual business Mrs. J. L. Hassell gave the circle a most entertaining talk. The hostess then served delicious refreshments and declaring Miss Lanier a charming hostess the circle adjourned to meet with Miss Amine King May 28, 1910.

## No Danger at All.

New York, Tuesday, 17.—Prof. Dr. Harold Jacoby, of Columbia, is one of those who does not believe Halley's comet will injure the earth Wednesday night. He said the head of the comet will not come nearer to the earth than 14,000,000 miles and the earth will pass through its tail. He said the timid may take new hope, as the earth will continue to do business at the old stand.

## SOCIAL AND PERSONAL BRIEFS.

**The Visitors Here and People Who Travel.**

Mrs. C. V. York and children left this morning for Raleigh.

Miss Amine King has gone to Raleigh to visit her sister, who is attending Peace institute.

F. H. Beaton left this afternoon for Boykins, Va., to attend the laying of the corner stone of the Episcopal church in that town.

Miss Mae Ayers, of Washington, who has been visiting Misses Hennie Whichard and Allie Estelle Greene, returned home Tuesday evening.

## LOCAL BRIEFS.

The showers were here this morning.

There will be prayer meetings in the churches tonight.

There will be no prayer meeting in the Christian church tonight.

This is the date for the comet and the earth to pass each other.

The May civil term of Pitt Superior court begins next Monday.

The Amuzu Theatre motion pictures opened Tuesday night with a splendid program and a very large audience.

The auction sale of building lots on the Farham property next Tuesday, 24th, is going to be something worth while.

Looks like it is going to be cloudy tonight so that people in this section will not be able to make observation of the earth passing through the tail of the comet.

## Colored School Commencement.

The commencement of the Industrial graded school for the colored people will take place at the Sycamore Hill Baptist church on Friday evening at 8:30 o'clock.

Rev. B. W. Dance, the pastor, will deliver the address, followed by Prof. Smith and Mr. F. C. Harding, chairman of the board of trustees. The last named will present the diplomas.

Our white citizens are cordially invited to attend. Those who failed to witness the industrial exhibit given at the school building can see a part of it at the church on Friday night.

The pastor and members of this church are in hearty sympathy and accord with the efforts of the superintendent and school board, thus making for the best race relations.

Industrial exhibit for our colored citizens Thursday afternoon and night. C. M. Epps, Principal.

## Her Mother Dead.

Miss Annie Lee Davis, one of the music teachers at the Training school, was called to her home in Goldsboro Tuesday because of the sickness of her mother.

Telegrams from Miss Davis to friends here announce that her mother died this morning. Much sympathy is expressed for her in this great sorrow.

## At Amuzu Theatre.

Program tonight is as follows: Trial of Abraham's Faith; This Rose Brings My Heart to You.

An Afterthought.  
Nervous and Inexperienced Host (rising hurriedly at the conclusion of a song)—Ladies and—er—gentlemen, before he started to—er—sing Mr. Baw-nall asked me to apologize for his—er—voice, but I—er—I omitted to do so—er—so I—er—apologize now.—London M. A. P.

## Cleanliness in Persia.

The Persian spends hours in the "hammams" (Turkish baths), which are very handsome buildings decorated with tiles and embellished with numerous exhortations as to the value of cleanliness. The smallest village in Persia has its "hammam," and bathing is almost a religious function. When the hot room and massage are finished the Persian is shaved, and the whole top of his head is likewise shaved, though the hair over the ears is left and allowed to grow down to the neck. This strange coiffure has a religious meaning, for the two locks on each side of the head are meant for the angel of death to hold when he carries the believer to paradise. All Persians dye their hair with a mixture of henna and vesneh, and the hair dyeing is the last part of the bath, but tea and smoking are indulged in afterward, and the frequenters of the "hammams" find them very pleasant lounging places.—Chicago Journal.

## A Whale's Breathing.

An eminent naturalist says concerning the breathing apparatus of the whale: "The windpipe does not communicate with the mouth. A hole is, as it were, bored right through the back of the head. Engineers would do well to copy the action of the valve of the whale's blowhole. A more perfect piece of structure it is impossible to imagine. Day and night, asleep or awake, the whale works its breathing apparatus in such a manner that not a drop of water ever gets down into the lungs. Again, the whale must of necessity stay a much longer period under water than seals. This alone might possibly drown him, as the lungs cannot have access to fresh air. We find that this difficulty has been anticipated and obviated by a peculiar reservoir in the venous system, which reservoir is situated at the back of the lungs."

## Is the Universe Running Down?

It is absolutely certain that the machinery of the solar system is running down. The earth, with its mass of three thousand trillion tons, moving through space a thousand times faster than the express train goes, is being retarded by the friction of the atmosphere and tides to the extent that it loses about an hour in 16,000 years, a very slow process, it would seem, but one that will inevitably bring the earth to a standstill ultimately. And what is true of the earth is true of all the worlds and suns. Sir Isaac Newton maintained that the motions of all bodies in space suffer retardation and that their velocity is steadily becoming less and will finally cease. Solar systems, like everything else, have their time to be born and their time to die.—New York American.

## How Scott Bore Adversity.

Once when I was staying with Mr. Ruskin he took delight in showing me his Scott manuscripts. He took down "Woodstock" from the shelf, and, turning the leaves over slowly and lovingly, he said: "I think this is the most precious of them all. Scott was writing this book when the news of his ruin came upon him. He was about here, where I have opened it. Do you see the beautiful handwriting? Now look as I turn over the pages toward the end. Is the writing one jot less beautiful? Are there more erasures than before? That assuredly shows how a man can add solid bear adversity."—London Graphic.

WEDNESDAY, MAY 18, 1910.

Wonder if the earth and the comet will speak as they pass:

The more people talk good roads the sooner the good roads will come.

This May is giving out about as much cool weather as any that the oldest inhabitant can recollect.

Congress is about as much afraid of the proposition to change the date of the presidential inauguration as a North Carolina legislature is afraid of dogs.

There are not a few superstitious people, chiefly colored, who believe the world will come to an end when the comet and the earth pass each other to night.

People of Greenville should hasten to respond to the appeal made in Tuesday's Reflector by Prof. R. H. Wright, president of East Carolina Teachers' Training school. It is desired that all housekeepers who can take boarders during the summer school advise him of the number they can accommodate and the price, so that preparation can be made for the many applicants for admission in the school. It ought to fill every person in Greenville and Pitt county with pride the East Carolina Teachers' Training school is meeting with such phenomenal success. The school opened last fall and the first session closes this week. The enrollment during the session reached 172. On the 24th the first summer school for teachers will open, and already more applications have come in than the school dormitories can accommodate. It is the duty of every person in Greenville who can come to the aid of the school to do so, in order that none who apply will be turned away for want of a place to board. Be quick in your response to the appeal of Prof. Wright.

**Rural Delivery Threatened.**

The chief return the farmer gets from the big Federal tax he pays is the free rural delivery of mail to his home. There are still many farmers who are not given this convenience who deserve it and need it. In a recent debate in the senate, Senator Simmons called attention to the fact that since August, 1909, over nine hundred routes had been investigated and approved, not a single new route had been established, and he inadvertently also on the fact that the postal authorities had recently discontinued investigating application for new routes. The senator properly suggested that econ-

omy ought to be applied elsewhere.

There is plenty of money in the billion dollar appropriations for fads and luxuries and things not necessary, but for the necessary carrying of the mail to the people who live in the rural districts the Taft administration has contracted a spasm of economy. "Millions for" the Philippines, the navy, the army, favoritism, but not sufficient money for rural delivery routes! This seems to be the unwise policy of the Taft administration. But it was not adopted until Indiana and Ohio and other doubtful Northern States were honeycombed with these routes.—Raleigh News and Observer.

**FAIR EXCHANGE**

**A New Back for an Old One. How it Can be in Greenville**

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Greenville residents would do well to profit by the following example: Joseph Savage, Church street, Tarboro, N. C., says: "For some time my kidneys were disordered, the passages of the kidney secretions being scanty and at times painful. I had pains in my loins and if I stooped suddenly, sharp twinges caught me across the back, making it hard for me to strain. After trying a number of remedies without finding relief, I procured Doan's Kidney Pills and began their use. They removed the aches and pains and regulated the passages of the kidney secretions. I am pleased to recommend Doan's Kidney Pills in return for the benefit I have derived from their use."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**Catarrhal Asthma and Hay Fever.**

Tens of thousands of sufferers from hay fever and catarrhal asthma find great comfort and quick relief by breathing Hyomei.

Of course where asthma is not caused by a catarrhal condition, but by nervous contraction of the bronchial tubes, Hyomei is not recommended.

But in a case of asthma where there is a discharge of mucous, breathing Hyomei gives most wonderful relief by soothing the irritated and highly inflamed membrane.

Mr. W. A. White, R. F. D. No. 1, Evansport, writes: "I have been bothered with asthma for over five years but could not get any relief until I tried Hyomei. I have spent lots of money on remedies for asthma and if I could not another bottle I would not be without Hyomei for \$50. I recommend it."

A complete Hyomei outfit, including hard rubber pocket inhaler, costs \$1 with instructions for use in hay fever and asthma. Extra bottles of Hyomei cost 50 cents at druggists' everywhere and at Coward & Wooten's.

**Don't Buy a Piano Hurriedly Take Your Time**

—plenty of it, and be extremely careful how you spend your piano money.

Terms amount to very little—glittering promises cover a multitude of faults—you can get satisfactory terms anywhere, but a satisfactory piano at a precious few places.

We have 8 makes under grades and classification as follows: highest medium and low. Each grade is characterized by the price we ask for it. What ever price you are willing to pay for a piano, if bought from us, you will be getting legitimate value, as you won't be deceived in the grade you are getting. We have several self-player Pianos at bargain prices.

**THE RED DAB OF DEATH.**

Tragic Mark on the Steel Skeleton of the Skyscraper.

"See that big blob of scarlet paint?" said the engineer as he pointed to a girder high up in the skeleton of the new skyscraper. "That red spot means that one of the men working on the building was killed by the girder sweeping him off the structure while being put in position."

The visitor craned his neck and saw a rough patch of vermilion paint on one of the floor girders up on the sixteenth story. "It must be a dangerous life," he said to his engineering friend.

"Yes. Those men up there are working under the chance of instant death at any moment. They'll walk along the topmost girder, 300 feet above the sidewalk—a little path of slippery iron five inches wide—and will lean outward against the wind. You or I couldn't do it for a second."

"Now and again there's an accident. A chap slips. A worker gets hit by a swinging girder and flung off. Another man takes an incautious step and falls off into eternity. The men working near by do their best to get at him if he manages to grab the girder he's falling from, and there are some swift and reckless races with death to get to their comrade at any cost in the five or ten seconds allowed them while strong fingers are sliding away from a slippery beam flange. If the worst happens and the man falls in spite of their efforts, then they apply the dab of red paint, and the ironworkers call it a day. They don't speak much of the man that is gone, as a rule. He's soon forgotten. The men consider it fate."

"You'd think, by the way," went on the engineer, "that the higher up these men worked the more careful they'd become. They aren't particularly careful, but they do guard against the hypnotism of height. One of the men working on a high girder gets paralyzed now and again by a sudden fear that holds him motionless and still on his iron beam."

"The men look out for this sort of thing, and the remedy is to distract his attention by a rough blow on the back or in some cases by exciting him to anger through any means in their power. When the man gets fighting mad he is freed from the paralysis of terror or whatever you may choose to call it. He gets up from his girder to make a rush for the other fellow to do him up, and the moment he is safe he is restrained by the other men."

"Whenever you see a skyscraper framework," concluded the engineer, "each dab of scarlet paint on the iron means that some man has come to his death. Every skyscraper and every bridge is the monument to some little group of unknown workers, laboring at dizzy heights and dallying with sudden death as part of their day's work."

**Dr. Yates' Trousers.**

St. Catharine's was the first Cambridge college to produce a don who dared to stagger humanity by wearing trousers. He was Dr. Lowther Yates, "a large, square man from Cumberland," suspected of radical opinions, who was master of "Cats" during the closing years of the eighteenth century. As Yates, when vice chancellor, walked in procession to the university church, wearing trousers instead of the orthodox knee breeches, somebody shouted from a window:

Gadzoons, gadzoons.  
Lowther Yates in pantaloons!

The profane impromptu poet was captured and proved to be Yates' own nephew. "Gadzoons!" was a Cambrian expletive with which Yates was wont to express intense astonishment. —Westminster Gazette.

**Genesis of the Horseshoe.**

It is known that the hoofs of horses were protected by boots of leather at a very early period in the world's history—at a time which at least antedates Pliny and Aristotle, both of whom make mention of the fact. These leather boots were sometimes studded with metal nails, but more usually worn without extra trimming, the cheapness of that commodity making it possible for the owner of the steed to "reboot" him at any time.

**Warehouse Property**

All of this property except the warehouse site will be divided into lots and sold at public auction on the premises on

**TUESDAY, MAY 24, 1910**

Beginning at 11 O'clock, A. M.

This property is situated between the Atlantic Coast Line and Norfolk Southern depots, and is in the business centre of that part of Greenville known as Tobacco Town. It consists of 6 lots fronting on Dickinson avenue which has concrete sidewalks and paved street; 3 lots on Ninth street which is a sand clay street and the main thoroughfare of Tobacco Town; 6 lots fronting on Tenth street which is the broadest street in Greenville and leads direct to the Atlantic Coast Line depot. A railroad siding can be extended across Tenth street into this property which makes it very valuable for heavy traffic.

To give an idea of the demand for places of business in this locality, Higgs Brothers have recently built a brick block containing five handsome stores just in front of this property and they were occupied as soon as finished, and there is now a demand for more.

This is a rare opportunity to buy a business site, for this property is absolutely a safe and paying investment.

Remember the date of sale, Tuesday, May 24, 1910.
