THE TRAINING SCHOOL CLOSES.

COMMENCEMENT EXERCISES HAVE LARGE ATTENDANCE.

Ex-Gov. Aycock Delivers Fine Address—President Wright Makes Statements Concerning School.

The first session of East Carolina Teachers' Training school came to an end today and closed with appropriate exercises, beginning at 11 o'clock.

As Miss Bishop played a march on the piano the following passed down the aisles of the crowded auditorium and took seats upon the rostrum: President Wright with ex-Gov. C. B. Aycock, State Superintendent J. Y. Joyner, County Superintendent W. H. Ragsdale, Hon. Y. T. Ormond member of school executive committee, Mr. F. C. Harding, chairman trustees Greenville graded school, Supt. H. B. Smith of the graded school, Rev. B. F. Huske and Rev. J. H. Shore.

The students of the school then entered, singing "Ho, for Carolina," as they marched in, taking seats in front at the conclusion of the song. The girls were all dressed in white and presented a handsome picture. The order of exercises was as follows: Prayer by Rev. B. F. Huske Song—America

Chorus—a. Welcome Spring
L. Denza
b. Gondolier's Song
G. Hoffman
Address by Hon. Chas. B. Aycock
Chorus—I Know a Bank
C. E. Horne.

Announcements
Song—The Old North State
Benediction by Rev. J. H. Shore
President Wright introduced Hon. Charles B. Aycock, who delivered the address. In beginning Gov. Aycock expressed regret at the absence of Gov. Jarvis in whose mind this institution was conceived, and paid him a tribute as governor, U. S. minister and Senator, but said in old age he is doing his greatest work in the advancement of education and Christianity.

"I am going to make a speech which I expect some of you have heard before—if you have may the Lord have mercy on you."
Governor Aycock then took up his theme of education (he was known as our educational governor) and said he would repeat what he had uttered several times before, that he is in favor of educating everybody, and he would go even further and say he was in favor of educating everything. Education is not only good for people, but it is good for animals and vegetables. We call it improving the Irish potato when we increase its value as a food product, but we are only educating the potato. We call it breaking a mule when we go about training the young animal for service, but we are merely educating him. If education is good for potatoes and mules, it is better for folks.

If we educate everybody, does it mean everybody will be equal? Not at all. One star differs from another star in glory. It is not for us to say who will be greatest and who will be least, that is for God to determine. But it is our duty to give all an equal chance and then let God choose the greatest from among them. If we educate everybody, some will continue to be ditchers and some will continue to split rails.

There are big jobs and little jobs, but it should be the full man to fill his respective sphere. If a thing is worth having it must be paid for, and you must pay for them before you get

them. Payment must be made in advance. If any of you expect to become great, you must pay the price in labor and self-denial in advance. You cannot obtain the magnificent view from the mountain heights until you have first toiled and suffered in climbing over the boulders in order to reach the top. The glory is worth the effort, but does not come without effort.

Universal education is necessary. You cannot get the best for your child without making it possible for me to get the best for my child. Give your child the highest education possible and put him in a community where no one else is educated, and what have you accomplished? Nothing. Your boy to make the best use of the education given him must be surrounded by those who have been given equal opportunities. Do we train a horse for speed by putting him on a track by himself? No. He must be put on the track with others in competition. Your boy is not going to run a race alone, but others around him must be educated to push him to development. Yes, we must educate everybody. If you want the best for your children, you must give the best to everybody else's children.

Following the splendid address, President Wright made some statements in regard to the school. He referred to the fact that to establish the school the town of Greenville and county of Pitt had contributed \$100,000, and the State had appropriated a little less than \$75,000. Ground was broken and work on the buildings began July 2nd, 1908, and the first session of the school opened Oct. 5th, 1909. Six buildings were erected and while all the equipment for the school had been ordered in time, it had not arrived at the opening, but temporary arrangements were made for carrying on the work until the equipment arrived and was installed.

During the session just closed 172 students were enrolled and 87 per cent of these agreed to teach two years in the public schools, thus obtaining their tuition without charge. The departments taught in the school are English, mathematics, history, science, pedagogy, latin, household economics, school government and music. The instrumental music department is not free, but this has been self-sustaining. Other departments are to be added next session.

President Wright expressed gratification at the work of the first session, and appreciation of so many people showing their interest by attending the commencement exercises. He also said that during the year members of the faculty had made addresses at 46 educational gatherings in this and other States.

In addition to the regular session, two courses of ten weeks each will be conducted for training teachers for better work in their schools. The summer course for teachers begins May 24th, and for this course more applications have already come in than rooms can be provided for in the dormitories.

East Carolina Teachers' Training School is already a great institution, and the people of the State have every cause to be proud of it.

I hereby announce myself a candidate for the office of sheriff of Pitt county, subject to the Democratic primary.

Boarding Places Are Needed.

Housekeepers of Greenville should not fail to come to the assistance of the Training school in providing sufficient boarding places for all teachers who wish to attend the summer school. Every room in the school dormitories is already engaged and there are other applications ahead, with more coming every day. The attendance at the summer school is going to be very large, and every teacher who wishes to come should be provided for. Our people owe it to the school to help in every way possible. Notify President Wright if you can take any boarders.

RECITAL AT E. C. T. S.

By Miss Bishop, Pianist, and Mr. Austin, Baritone.

They were fortunate people who assembled in the auditorium of East Carolina Teachers' Training school, Thursday night, to attend the recital by Miss Fannie May Bishop, music teacher of the institution, assisted by Prof. Herbert E. Austin, instructor in the science department. It was a feast of music the equal of which one rarely has the opportunity of hearing. Miss Bishop is truly an artist on the piano, her touch, movement and interpretation being that of a master musician. The composer whose selections she used could not have wished for a finer interpreter, and her own impromptu number was the equal of any on the program. Mr. Austin's singing was superb. He possesses a rich baritone voice that is the soul of sweetness and tenderness.

The program as previously published was rendered, the audience expressing such delight that several encores were given. It was an occasion of real joy to every one present, and it made all feel deeper pride in the Training school and its splendid faculty.

PATENT ONLY APPLIED FOR.

Grifton, N. C. May 20, 1910.
Editor Reflector:

Just say to your Hanrahan correspondent that he is a little too previous about the automatic car coupler. I have not received a patent for it yet. Patent is only applied for, but I have no fears about getting it in time when the patent office takes it up for decision, as there is nothing in the office it conflicts with, or any ways like it.

FRIDAY, MAY 20, 1910.

King Edward's body was carried to its final resting place today.

The comet almost caused Cook and Perry to be forgotten. May something else come along to continue that forgetfulness.

The Charlotte Observer of Thursday was a North Carolina edition of thirty-six pages. It was a fine paper and a credit to the State.

If the merchants of Greenville would get together in their merchants' association, and take proper interest in matters upon which they should cooperate, they would find it helpful to the business of the community. In the matter of working together to improve business this town is more backward than it should be.

John C. Davis, who some years ago swindled a number of people around Wilmington, got off on the plea of being crazy and later moved his base of operations to Washington City, has been convicted in the district court at the later place of false pretense and embezzlement and got a penitentiary sentence of thirteen years. Possibly that will hold him in check for a while.

They are certainly making ready to give the newspaper boys a great time when the meeting comes off at Wrightsville. Wilmington and Wilson will play ball on the 9th and have invited the editors to be their guests at the game. Whooping up the ball game may help up the appetite the Dispatch asked the boys to take along with them.

The Editor's Cross.

In Osborne county, Kansas, a newspaper called "The Farmer," has at least one man on it who certainly can write, probably because he can think and feel. "The other day," he says, "we picked up a dinky weekly paper that comes to our desk every week. As usual, we found something in it that made us somewhat tired, and we threw it down in disgust." As the editor sat and glanced at it again, a change came over him. There were few advertisements behind them he saw the wolf howling outside the door of the little print shop. The printing was poor, and he knew the editor had a family. In this family he imagined he saw the gaunt specter of adversity, and he goes on: "It is all-fired easy to poke fun at the dinky papers when the waves of prosperity are breaking in over our own doorstep." This sounds to us a good deal like Christianity, and we pass on our compliments to the

editor of the Osborne County "Farmer."—Collier's.

"Farming Don't Pay."

Of course it doesn't. Why should it? That bank on the corner won't pay either. Present your checks at the counter and the teller would politely tell you that there is nothing to your credit there. Why? Because you haven't made any deposit. For the same reason that farm of yours won't pay you anything. You haven't kept your account good. You have been drawing on it constantly, and make no deposits, until now the farm, like the bank, refuses to honor your checks. You can't fool old mother earth. She conducts her affairs on business principles and expects to get value received in the shape of industry directed by good sense and correct judgment, before she responds to the call for dividends. Farming does not pay, nor does anything else pay until you give it something to pay with.—Winston Tobacco Journal.

"Can't make a living on a farm" used to be and is yet the cry in some places. Living close to Greensboro is a man who has a farm of just six acres of average land; he has been living on it for ten years, makes a good living and has money in the bank. The reason he prospers is because he works and knows how to work. Last year he raised 90 bushels of corn on less than an acre of ground.—Greensboro Record.

Some real strange things happen occasionally. The other day Henry Harding was hanged for murder in Kansas. There was nothing very strange in that fact, but Harding left \$10,000 to some charitable institution. The rare part of the matter is how he managed to be hanged without letting his lawyers get that money. And further, "how come" he was hanged at all with this amount of money along side of him?—Greensboro Record.

"While the cost of living is high, it is no cheaper to die," remarks the Greenville Reflector. Glad the brother looks at it in such light, because think of the great anguish it would cost his friends, we "uns" included, if the editor would kick the bucket.—Wilmington Dispatch.

A New Back for an Old One. How it Can be in Greenville
The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Greenville residents would do well to profit by the following example: Joseph Savage, Church street, Harbor, N. C., says: "For some time my kidneys were disordered, the passages of the kidney secretions being scanty and at times painful. I had pains in my loins and if I stooped suddenly, sharp twinges caught me across the back, making it hard for me to straighten. After trying a number of remedies without finding relief, I procured Doan's Kidney Pills and began their use. They removed the aches and pains and regulated the passages of the kidney secretions. I am pleased to recommend Doan's Kidney Pills in return for the benefit I have derived from their use."

AUCTION SALE

OF

Valuable Business Lots GREENVILLE, N. CAR.

Mr. B. E. Parham has placed in my hands for sale his splendid

Warehouse Property

All of this property except the warehouse site will be divided into lots and sold at public auction on the premises on

TUESDAY, MAY 24, 1910

Beginning at 11 O'clock, A. M.

This property is situated between the Atlantic Coast Line and Norfolk Southern depots, and is in the business centre of that part of Greenville known as Tobacco Town. It consists of 6 lots fronting on Dickinson avenue which has concrete sidewalks and paved street; 3 lots on Ninth street which is a sand clay street and the main thoroughfare of Tobacco Town; 6 lots fronting on Tenth street which is the broadest street in Greenville and leads direct to the Atlantic Coast Line depot. A railroad siding can be extended across Tenth street into this property which makes it very valuable for heavy traffic.

To give an idea of the demand for places of business in this locality, Higgs Brothers have recently built a brick block containing five handsome stores just in front of this property and they were occupied as soon as finished, and there is now a demand for more.

This is a rare opportunity to buy a business site, for this property is absolutely a safe and paying investment.

Remember the date of sale, Tuesday, May 24, 1910.

Don't Buy a Piano Hurriedly

Take Your Time

--plenty of it, and be extremely careful how you spend your piano money.

Terms amount to very little--glittering promises cover a multitude of faults--you can get satisfactory terms anywhere, but a satisfactory piano at a precious few places.

We have 8 makes under grades and classification as follows: highest medium and low. Each grade is characterized by the price we ask for it. What ever price you are willing to pay for a piano, if bought from us, you will be getting legitimate value, as you won't be deceived in the grade you are getting. We have several self-player Pianos at bargain prices.
