TENTH SESSION CLOSED.

Winterville High School Commencement May 18 20.

Winterville, N. C., May 23. The tenth session of Winterville High school closed Friday evening, May 20th. This session has been one of the best in its history with respect to the number of students enrolled, the character of the work done, and the deportment of the pupils.

Mention was made in Thursday's issue of The Reflector in regard to the Wednesday evening programme.

On Thursday evening at 8 o'clock the exercises by the graduating class were held. The following composed the graduating class: Misses Clara Braxton, Jeannette Cox, Leona Cox, Eva Langston and Messrs. A. B. Corey, R. H. McGlohan, K. T. Raynor and M. L. Tingle. The class exercises have become one of the most popular features of the entire program, as many people were turned away not being able to get seats in the auditorium.

Friday morning at 10:30 exercises were held by the classes at the flag pole where ivy was planted and a flag raised by the senior class. Promptly at 11 o'clock Hon. T. W. Bickett, of Raleigh, was introduced in a very happy manner by Mr. S. J. Everett, one of Greenville's leading lawyers. The subject of Mr. Bickett's address was "Scales and Measures." We shall not attempt to give an outline of this excellent address. It was among the best ever delivered here—scholarly and practical. At the close of the address, the certificates were presented to the graduating class by Prof. Peele, superintendent of public instruction of Martin county.

At 2:30 p. m. the annual debate was given by the Vance Literary Society. The query was, "Resolved, That the United States should subsidize her merchant marine." The affirmative was represented by Messrs. C. E. Langston, G. H. Cox, and Roy Causey, and the negative by Messrs. R. H. McGowan, F. W. Carroll, and P. N. Strother. The following acted as judges: Messrs. Bickett, Peele and Everett. The boys of both sides acquitted themselves most excellently, and it was difficult to tell which side had the better of the contest, but the decision was rendered two to one in favor of the affirmative by the judges.

The closing concert consisting of drills, choruses and instrumental selections was given by the Philo-Altean Literary society Friday evening at 7:30.

The crowds at all the exercises were record breakers, yet everything passed off quietly and orderly. The next session will begin Sept. 9th, 1910. The trustees are planning many improvements to be put in during the summer.

The Norfolk Southern Railroad is to be congratulated upon the installation of this service which will be a benefit directly to Raleigh and place the transportation facilities of Eastern North Carolina equal to any in the world. This progressive policy of putting on the trains to develop the travel, not waiting to be forced by circumstances, argues well for the spirit of those who are backing the enterprise, and speaks eloquently for the promise of a help to better conditions for the people of a whole State. It is felt that this will be a popular movement, and it is hoped that it will be a well-patronized investment.—Raleigh News and Observer.

What of Your Town?

Every merchant should be a good citizen—interested in bettering the town in which he gains a living. Here are some points to consider:

Where is our town on the map? Who knows our town is on the map?

Who cares—other than our home folks?

What does our town mean, industrially, to America?

Anything?

What is its rank in the American development game?

What's the score?

Are we really in the game?

Boys, it is mighty important, the position our town takes in this race for municipal supremacy.

And the old town cannot fight her battles without you and me to boost. We can boost, at least, if we do not build.

No town is better than her men.

No town ever went ahead without men to push her ahead.

A lazy farmer allows his crops to run to weeds.

A lazy townsman allows his town to run to weeds—literally and figuratively.

Weeds and crops do not thrive well together. Weeds and town development do not know each other.

Let's cut down the weeds. Let's cultivate our ground.

There is a reason for our town being on the map, or it would not be there.

Let us study our town a little. Find out why we are on the map; why you and I and our neighbors settled in this spot instead of some other.

In making this inquiry we probably will discover reasons why other business men would like to live and do business in our town.

We will discover our advantages. After we know our town, let's tell others; let's pass the information around; send it abroad.

Our private business is important, and must not be neglected, but our general business interests are inseparably associated with the welfare of the town.

If the town prospers, we will have a better chance to prosper. What are you, and what am I, willing to do to make our town more prominent on this map?—Town Development.

Bicycle Thieves.

The fact that bicycle thieves are round makes it very unsafe for wheels to be left on front porches or out of doors at night. Failure to observe this precaution led to the loss of two wheels by boys in town last week, in both instances the wheels being stolen from front porches where they had been left overnight. The boys whose wheels were stolen are James Brown and Milton Pugh and they would be glad of any information leading to finding them.

Runaway Marriage.

Mr. Oscar H. Peele and Miss Katie Wells, of Martin county, arrived here early this morning on a matrimonial mission. They went at once to the office of Register of Deeds Moore to obtain a license, and after this was issued Justice C. D. Rountree was called in to perform the ceremony, which he did in his usual good style. The groom gave his age as 23 years and the bride as 21.

Our Greenville, yours if you come.

STATE NEWS.

Newsy Items of Interest Condensed for Busy Readers.

W. M. Cox, a white man, was sent to jail in Asheville because he refused to tell where he had procured the whiskey which had made him drunk.

Asheville, N. C., May 21.—The sixteenth quadrennial session of the General Conference of the Methodist Episcopal Church, South, came to a close tonight. The closing exercises were conducted by bishop A. W. Wilson, who as senior Bishop expressed the belief that in his opinion safe, sane and conservative measures had been adopted, and that it was his opinion that the church would in the next four years go forward in leaps and bounds.

On last Monday evening Mr. and Mrs. R. J. Hall went from home and as they left the house they noticed hundreds of chimney swallows around in the air. When they returned they were horrified to find the whole bunch numbering hundreds, had swooped down the chimney of their residence, carrying soot and dust with them. Their sitting room was full of swallows, the floor covered with soot, and such a mess was never seen. They were all over the house flying against the windows, breaking down pictures, and raising particular old Harry in general. It took two days to get things straightened out and cleaned up. Burlington News.

Raleigh, N. C., May 21.—Three white prisoners in Wake county jail overpowered Jailer Marion Justice this morning, took his keys from him and escaped, all being still at large. They were Will Holmes, L. W. Dawson, Howard Cook, all in jail for larceny. Holmes pretended he was very sick and sent for the jailer who entered hurriedly without the usual precaution, thinking the prisoners locked back in their cells. Holmes overpowered Justice and all three escaped.

News was received here this morning of the burning to death of a small child of Mr. Arthur L. Leonard a well known farmer who lives several miles from town. Yesterday two of his children while playing with matches, set a strawstack near the barn on fire, and when they saw what they had done, they both ran to the barn to hide. The barn soon caught and the oldest child escaped from the building, but the younger one kept crawling back from the heat until he got where he could not escape, was burned to death. The barn and all its contents, including several animals, machinery, feed, etc., was destroyed.—Lexington special to Charlotte Observer.

MONDAY, MAY 23, 1910.

To the Greensboro News: We've shedded 'em.

The year promises a large crop of candidates, too.

The sun is calling for perspiration now, and is drawing it.

The Eastern League will now take its place on the sporting page.

The scientists did not know much more about it than other folks.

All of the candidates are not new, you have seen some of them before.

In spite of all the weather against it, the straw hat is going to have its day.

Charlotte is in luck again, a flying machine exhibit being billed for that city next Saturday.

This week Charlotte is doing the honors for the building and loan people, both the State and national associations meeting there.

The Roxboro Courier has installed a new press and enlarged to six columns eight pages in size. We are glad to note this evidence of prosperity for the Courier.

The strawberry season is about over, and potato shipments are just beginning. The trucking section of Eastern North Carolina can keep a money crop moving all the time if the farmers make up their minds to that end. It is the best section of the world.

We expected something like this was coming, and here it is. The Charlotte Observer finds it in a correspondent at Morganton and we will let him tell it in his own words:

Three years ago my friend Thomas P. Moore, a worthy cotton mill man of Yorkville, S. C., sent me a pair of Buff Orpington chickens which have proven very valuable. On March 19, 1910, the hen given me by Mr. Moore came off with fourteen little chicks and has been a faithful mother up to last Saturday, when she took a notion to desert the little ones and make a nest. When night came, the little ones went under the back porch to their usual roosting place, and the mother to the hen house with her mates, and I suppose sometime in the night the old fowl's conscience must have troubled her, and she could not rest well, so about 4 o'clock she left the hen house and went in search of her chickens, and as she came through the back yard, she beheld the

comet. Immediately she began to sing and forgot the baby chicks. About 9 o'clock Sunday, much to my surprise, I found her on a nest. I lifted her up and there was an egg and to that egg a tail one-inch long (a comet) in every part perfect. Hundreds of people have come in to see this wonderful egg. I have wanted to send it to The Observer, but have found no careful person who could take it for me.

For Violation of Cattle Quarantine
In order to prevent the spread of the disease known as southern splenic, or Texas fever of cattle, and to further the work of eradicating the ticks which convey this disease, the United States department of agriculture maintains a strict quarantine on the infected region and endeavors to enforce this quarantine by court prosecutions when necessary. In a recent case in the United States court for the Western district or North Carolina at Asheville, one W. W. Anderson entered a plea of guilty to a charge of violating the law and regulations, and a fine of \$100 and costs was imposed by the court. The offense consisted in driving on foot certain cattle from Fannin county, Ga., through Polk county, Tenn., which two counties were under quarantine, into Cherokee county, N. C., which county was outside the quarantined area.

Once in a while the vice president of the United States crawls out where he can be seen. Mr. Sherman emerged the other day and made a speech, saying by way of enjoining his party to stand up to the rack, that a Democratic house this fall would mean a black eye to the Payne-Aldrich tariff bill and consequently an entering wedge for the Democrats in the next presidential election. Mr. Sherman is right; he has his mind on his business all right, but it looks just now as if the voter is not going to stand and be robbed much longer. He is going to have a change good, bad or indifferent.—Greensboro Record.

FAIR EXCHANGE
A New Back for an Old One. How it Can be in Greenville

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Greenville residents would do well to profit by the following example: Joseph Savage, Church street, Tarboro, N. C., says: "For some time my kidneys were disordered, the passages of the kidney secretions being scanty and at times painful. I had pains in my loins and if I stooped suddenly, sharp twinges caught me across the back, making it hard for me to straighten. After trying a number of remedies without finding relief, I procured Doan's Kidney Pills and began their use. They removed the aches and pains and regulated the passages of the kidney secretions. I am pleased to recommend Doan's Kidney Pills in return for the benefit I have derived from their use."

AUCTION SALE

OF

Valuable Business Lots GREENVILLE, N. CAR.

Mr. B. E. Parham has placed in my hands for sale his splendid

Warehouse Property

All of this property except the warehouse site will be divided into lots and sold at public auction on the premises on

TUESDAY, MAY 24, 1910

Beginning at 11 O'clock, A. M.

This property is situated between the Atlantic Coast Line and Norfolk Southern depots, and is in the business centre of that part of Greenville known as Tobacco Town. It consists of 6 lots fronting on Dickinson avenue which has concrete sidewalks and paved street; 3 lots on Ninth street which is a sand clay street and the main thoroughfare of Tobacco Town; 6 lots fronting on Tenth street which is the broadest street in Greenville and leads direct to the Atlantic Coast Line depot. A railroad siding can be extended across Tenth street into this property which makes it very valuable for heavy traffic.

To give an idea of the demand for places of business in this locality, Higgs Brothers have recently built a brick block containing five handsome stores just in front of this property and they were occupied as soon as finished, and there is now a demand for more.

This is a rare opportunity to buy a business site, for this property is absolutely a safe and paying investment.

Remember the date of sale, Tuesday, May 24, 1910.

Take Your Time

--plenty of it, and be extremely careful how you spend your piano money.

Terms amount to very little--glittering promises cover a multitude of faults--you can get satisfactory terms anywhere, but a satisfactory piano at a precious few places.

We have 8 makes under grades and classification as follows: highest medium and low. Each grade is characterized by the price we ask for it. What ever price you are willing to pay for a piano, if bought from us, you will be getting legitimate value, as you won't be deceived in the grade you are getting. We have several self-player Pianos at bargain prices.

HOW IT HAPPENED.

The Explanation of the Automobile Driver and a Climax.

After the victim of the accident was carried to the sidewalk the automobile driver turned his machine and came back and explained how it happened with considerable warmth.

"This woman," he volubly remarked to the policeman, "was entirely to blame. She ran around from ahead of the street car and deliberately put herself in my way. After she had dodged the coal cart it was too late for me to stop. I couldn't tell which way she was going, and when I saw that she was dazed and foolish I jammed on the brakes and tried to pass to the left, but of course she had to run the same way, and the consequence was that in endeavoring to avoid a baby carriage with twins in it and an old man who was walking with a crutch I suppose I must have hit her. But I wasn't going more than two miles an hour, and any woman who would dodge around in that foolish way and lose her head shouldn't be permitted to go on the streets without a bunch of guardians."

The policeman nodded. "Come over to the sidewalk," he said, "and take a look at her."

So the driver went to the curb with the officer and looked at the unfortunate creature who had so actively contributed to her own disaster.

And, lo, it was only a dressmaker's dummy that had fallen off the rear of a delivery wagon!—Cleveland Plain Dealer.

HIS ONLY REGRET.

The Sorrow That Consumed Bichat When He Was Dying.

Over a century ago died Xavier Bichat, the famous physician and anatomist, author of "L'Anatomie Generale." He probably dissected more human corpses than any other man in the world's history. He established a record when he opened 625 bodies during one winter.

Of his nerve a tale is told. When he lay on his deathbed he called his colleagues to him and said: "Dear friends, I am done, but what comforts me is the fact that my case is a remarkable one. I have had unusual symptoms for some days which I have analyzed. They have greatly surprised me." The doctors sought to reassure him. He answered that he was under no illusion with regard to himself. "I shall die fairly satisfied with my life and go to the grave with only one regret, one great sorrow."

"What is that?" he was asked. "I am distressed that after death I cannot dissect my own body. I could, I am certain, have made some beautiful scientific discoveries." Then he sank back, murmuring: "I must not think about it. It won't bear thinking of."—Westminster Gazette.
