THE HONDURAS REVOLUTION

REBELS PREPARING TO ATTACK THE CAPITAL

PUERTO CORTEZ ALREADY FALLEN

Revolutionary Army is Marching Toward the Capital and an Attack is Expected Before Night—Report Lacks Confirmation. at New Orleans.

By Wire to The Reflector.

New Orleans, Jan. 2.—With a detachment of the revolutionary army in Honduras attacking the coast city of Puerto, Cortez, the advance guard and main body of the rebel force is marching on to Gulcalpa, the capital, headed by Christmas and General Borilla. It is expected that the capital will be attacked before night. Merchantile houses here have received word that Puerto, Cortez, has fallen, though the report is not confirmed.

BETTER TIMES IN CALIFORNIA.

The New Governor Determined to Change Political Control.

By Wire to The Reflector.

Sacramento, Cal. Jan. 2.—A new era dawned for California today with the inauguration of Johnson, the new reform governor. If Governor Johnson is successful in the campaign he purposes to wage as executive he claims that the interests, meaning the railroads, steamship companies and other powerful corporations, will be driven out of control of California politics. Johnson is an insurgent even outside of politics. He toboed the inaugural ball, which has heretofore been a brilliant adjunct to the inauguration.

MEN'S PRAYER LEAGUE.

Makes a Good Start for The New Year.

The men's prayer league made a good start for the new year, having an attendance some larger in the Christian church, Sunday afternoon, than has been at any previous meeting. President Wilson expressed gratification at this, also at the interest taken in the league, and hoped the attendance would increase every Sunday until the church where the meeting is held shall be filled.

The subject discussed Sunday afternoon was "Begin the Year With God." The leaders, Messrs. J. W. Bryan B. W. Moseley and J. L. Little, all made helpful talks, as did also some others when the subject was opened for general discussion. Out of the discussions grew a movement to begin the year with greater service for God, by doing more for humanity, and a committee consisting of Messrs. D. J. Whichard, J. L. Little, B. W. Moseley, W. E. Hooker and W. A. Bowen was appointed to devise a plan for systematic charity work by the league and report next Sunday.

The meeting next Sunday afternoon will be held in the Baptist church and the subject for that day is, "What do the Boys Think of Us?" Text, Phil. 3:17 and Eph. 6:4. Leaders, O. E. Warren, W. E. Hooker and W. H. Ragdale.

If any who have not attended the meetings of the league think the men are merely gathering to pass away an hour Sunday afternoons, they will find out better by going out and hearing the practical talks. We do not believe there has been a meeting yet but what every one present was helped and made better.

THE WHITE HOUSE NEW YEAR RECEPTION

A SCENE OF POMP AND MAGNIFICENCE AT WHITE HOUSE

BAD WEATHER HAD LITTLE EFFECT

Annual New Year Function of President Attended by Large Crowd That Require Hours to Pass in—Music, Flowers and Finery Much in Evidence.

By Wire to The Reflector.

Washington, Jan. 2.—A setting of pomp and magnificence, with music of the finest band in the country to lend eclat to the occasion, while rare flowers perfumed the air, President and Mrs. Taft today held their new year reception at the White House. Despite the rapidly falling temperature, gloom and chill of the weather and wet pavements, it is estimated that there were 5,000 vehicles in line waiting their turn at 9 o'clock. It was a long wait, but the cheerful crowd was entertained by the glitter of arriving and departing diplomats and army and navy. Officers Vice-President Sherman was the first to greet the president, followed by the cabinet, Supreme court justices, ambassadors, ministers, senators, representatives, army and navy officers and plain people, and it was along in the afternoon before all had passed in.

FIGHTING THE TRUSTS.

Government Renews Action Against Standard Oil.

By Wire to The Reflector.

Washington, D. C., Jan. 2.—Prosecutions by the government designed to accomplish the dissolution of the Standard Oil Company and the American Tobacco organizations, embodying the greatest anti-trust fight of the generation, will be taken up for a second time by the Supreme court at the beginning of its work for the new year. The government brief in the tobacco case was filed today and argument will probably begin January 5th. The government brief was prepared by Attorney General Wickersham and Special Assistant J. C. Reynolds.

Ottawa, Ont., Jan. 2.—More than four score municipalities throughout the province of Ontario, including cities, are voting today on local option. A bitter campaign has been waged. There are 816 municipalities in Ontario, 410 of which are already "dry."

NOT MANY NEW YEAR CHANGES

FEWER THAN IN ANY RECENT YEAR

THINGS LOOK ABOUT THE SAME

The Few Changes Denote a Condition of Contentment, and Business Will go Right on Without Any Interruption—Incident to Breaking in New Helpers.

The spirit of contentment and satisfaction that exists in the business circles of Greenville, can be shown in no better way than in the few changes that take place at the new year. As has been its custom for many years past, The Reflector man made a hurried trip among the business houses today to ascertain what changes have taken place for this new year, and found that there were very few in most instances the firms and their helpers going right on as before.

Mr. G. M. Holden, of Greene county has been added to the sales crew of the brokerage business of J. Benjamin Higgs.

Mr. Oscar Greene has retired as salesman for the Gornton Shoe Company.

Messrs. W. L. Rice and Argall Vick both retire at C. T. Munford's and Mr. C. D. Tunstall takes a position there.

Mrs. Ollie Clark retires from the store of W. B. Brown.

The firm of Baker & Hart has been changed to Hart & Hadley, the new firm taking charge of the business today.

Mr. W. B. Greene retires from the store of Patrick & Staton.

Mr. W. L. Barnhill retires at Moye's Pharmacy and is succeeded by Mr. D. S. Chapman.

Mrs. R. M. Hearne retires and is succeeded by Miss Maggie Brown at the store of A. B. Ellington & Company.

Mr. R. T. Cox retires at Frank Wilson's.

Mr. John B. Congleton retires at J. R. & J. G. Moye's to take a business college course and is succeeded by Mr. H. L. Hodges. Mr. J. L. Jackson formerly with the Central Mercantile Company, also taking a position as bookkeeper for this firm, succeeding Mr. C. D. Tunstall.

Miss Martha Harding retires from the store of C. E. Bradley.

Mr. J. F. Davenport retires as manager of the Central Mercantile Company, and will move to Pactolus to engage in business there.

NEW PRESIDING ELDER.

Makes His First Visit to Greenville Church.

Rev. J. T. Gibbs, D. D., the new presiding elder of this district appointed by the conference held in Elizabeth City, on Sunday made his first visit to Jarvis Memorial Methodist church. He preached a splendid sermon to a large congregation Sunday morning, and all who heard him were delighted with him. He is one of the strongest and best preachers of the State.

Tonight the first quarterly conference of the church will be held and the pastor and presiding elder both request that every official member be present.

S. B. ADAMS ATTEMPTS SUICIDE.

Nearly Severs Windpipe, But Will Recover.

By Wire to The Reflector.

Greensboro, N. C., Jan. 2.—News from Judge Spencer B. Adams at noon is that he is doing fairly well. He attempted suicide last night at Keeley Institute, where he is a patient for nervous prostration, slashing his throat with a razor, severing half of the windpipe. He had been despondent for some time, but no one expected suicide. He recently returned from Florida, where his actions excited suspicion and was placed in Keeley. He will recover.

After all, children deserve a good deal of indulgence for their weird names their parents stick on them.

FIRE AT GRIFTON.

Residence and All Contents Burned This Morning.

Early this morning the dwelling house and practically all contents, of Mr. Dan Beddard, in Grifton, was destroyed by fire. Upon getting up Mr. Beddard built a fire in the cook stove for breakfast to be prepared, and went out. When he returned the ceiling of the room was all on fire and the flames spread so rapidly that the building was consumed with nearly all contents in it. The loss is estimated at \$1,200 and there was \$600 insurance on the building and \$100 on the furniture.

Mrs. Beddard had to climb out the window to save herself.

Farmers' Institutes.

Editor Reflector:

I wish to remind the brother farmers and their wives and daughters that there will be held in Farmville on Wednesday, January 11th, 1911, a farmers' institute, also in Grimesland on Thursday, January 12th, 1911, beginning at 10.30. We will hear lectures by practical men along the lines of advanced farming. Prof. Hutt will be present to teach us how to grow and prune also spray fruit trees, and how to ship our fruit if we should be happy to make any. I hope to meet there many tillers of the soil, with their good wives and rosey-cheeked maidens.

At the same place and dates there will also be held institutes for women by Mrs. Hutt.

MONDAY, JANUARY 2, 1911.

Have you learned to write 1911?

The Girl from Rector's has also "come back."

If you started with new year resolutions yesterday, stick to them.

You must love your work for your work to love you.

The figures for this year are one wiggle between three straight lines.

It will be 88 years, or in 1999 before three of the same figures come in a year again after 1911.

Two things we would like to see this year give to Greenville are an opera house and a new modern hotel.

The new year is here, and we hope you will come early for a Reflector subscription receipt.

A good resolution for the farmer is to make more corn this year than he did last year.

A new year resolution for the chamber of commerce should be get busy.

The merchants could make a good new year start by putting some life in the merchants' association.

Count that day of 1911 misspent if its setting sun finds no good deed to your credit.

May the new year bring happiness, prosperity, peace and contentment to all our people.

Now that the holidays are over, let everybody buckel on the armor for a good year's work.

Master yourself this year and you will have accomplished much to your credit.

If you can't help push Greenville along this year, don't put yourself in the way of those who are pushing.

We hope every one has resolved to do all he can for Greenville and Pitt county this year. Lets make it a good year all round.

The legislators are turning their faces toward Raleigh to be ready for the meeting of the general assembly on Wednesday.

At the beginning of 1910 The Reflector said that its resolution was

to do all the good it could during the year. We can think of no better motto for this year, therefore shall go on putting forth our best efforts to be helpful.

This year is going to see Pitt county complete a handsome new court house and jail to take the place of those destroyed by fire last February. The spirit of enterprise and county pride shown by our excellent board of county commissioners deserves the commendation of all our people.

A Saint Louis professor has figured it out that in the year 2020, just a hundred and ten years hence, there will be no babies in the United States under five years of age. We do not understand how there are going to be any 5-year-old ones then, as they can't be born that age. But the professor will not be here then to verify the prediction or make an explanation, so there is no use worrying about it.

Mr. Richard Edwards, editor of the Baltimore Manufacturers' Record, was a recent guest of Charlotte, and while there gave an interview to the Observer that sounded the key note to the slow growth in population of North Carolina and other Southern States. He said this lack of growth is largely due to sensational stories about illiteracy, child slavery, hookworm, pellagra, and things of this kind that are circulated to the detriment of this section. He says it is time for the South to stop talking about these things. Not only does it keep other people from settling in the South, but it frightens away some who are already here.

Fifty-Seven Lynched.

The lynching statistics for 1910 show that 57 male factors, or others, met their death at the hands of mob executioners. Of the number lynched 52 were negroes and five were white men. North Carolina and South Carolina are credited with one lynching each, both victims being negroes, while Virginia got off with a blank. In Georgia ten negroes were lynched. In Florida eight negroes and two white men were victims of mobs. Alabama and Arkansas are each credited with lynching eight negroes. Texas scored six lynchings, four negroes and two whites. Mississippi lynched five negroes, and Missouri three. Tennessee's record was two negroes, Oklahoma's one negro and Louisiana's one white man.

In the south all the victims were violators of the law, while in Ohio a white man was lynched by a mob while engaged in enforcing "prohibition". However, it is to the credit of the north that it had only one lynching out of the 57, in a population embracing probably three-fourths of the population of the country. Nevertheless, the north seems to have furnished more spectacular, cold blooded and brutal murders than any other portion of the country. While the lynching record is less than it has been in sixteen years, the record for actual murders and mob murders all over the country is sufficient to startle the civilized world. —Wilmington Star.

ARE YOU DEAF?

Catarrh is Probably the Cause. Get Rid of the Cause.

If you have catarrh and have constant ringing noises in your ears look into the matter at once.

It's a pretty sure sign that catarrh is spreading and is making its way through the Eustachian tubes that lead from the nose to the ears.

When catarrh gets to the ears partial deafness follows. If you have ringing noises in your ears go and get a HYOMEI outfit and drive out catarrh.

To cure catarrh HYOMEI should be breathed through a pocket inhaler for a few minutes, four or five times a day. Just pour a few drops into the hard rubber inhaler and breathe it.

It kills the germs; soothes the irritations; heals the inflammation; stops hawking, spitting and snuffling.

HYOMEI keeps the throat free from mucus and prevents crusts in nose.

The complete HYOMEI outfit which includes the little indestructible hard rubber inhaler, a bottle of HYOMEI and simple instructions for use, cost \$1.00. Separate bottle of HYOMEI costs 50 cents at druggists everywhere, or at Coward & Wooten's, on the money back plan.

A woman isn't self-made just because she makes her own complexion.

We want to thank you for your kind patronage during the old year of 1910 and wish you a happy and prosperous new year.

Power of Ocean Breakers.

Experiments made at the Bell Rock and Skerryvore lighthouses, on the Scottish coast, have shown that, while the force of breakers in the German ocean may be taken as about a ton and a half on every square foot of surface, Atlantic breakers fall with a weight of about three tons to the square foot. On one occasion during a heavy gale huge blocks of granite were washed about like pebbles at the Plymouth breakwater, carried 200 feet up its inclined plane and scattered beyond it in all directions. One of the blocks weighed two tons.

Passing of a Historic Character.
Mr. Charlie Kiker, one of the oldest persons living in this county, died Friday afternoon at his home two miles west from this place. He had been very feeble for the past four or five months, during which time he lost his eyesight and his mind.
Mr. Kiker would have been 101 years old if he had lived until January 1st. He was too old for regular service in the Civil war, being therefore over fifty at that time. Instead of serving as a soldier he was made a government hauler of provisions to the soldiers and their families, and did this kind of work throughout the war. Mr. Kiker was a juror at the first term of Union county court, which was held in 1843.—Waxhaw Enterprise.

The Better Christmas.
Giving a little thought to the matter, no one can have failed to observe the difference in the celebration of Christmas in the recent past. The elimination of noise and hilarity and reckless abandon has been marked. The Christmas observance in the South is becoming sane. The first step in the direction was the general passing by city fathers of ordinances against fire crackers and fireworks. Then came the official boycott of pop-sticks. It is to be hoped that this will be followed up by a taboo on horns and cow bells. While this is no sport for the older people, they remember how they enjoyed it in their youth. The younger people ought to be weaned from the ways of their fathers and mothers—for times have changed. We are all coming to learn that Christmas is no time for hilarity and carousal, but for quiet joy and happiness among family and friends.—Charlotte Chronicle.

IF WOMEN ONLY KNEW.

What a Heap of Happiness it Would Bring to Greenville Homes.
Hard to do housework with an aching back.
Brings you hours of misery at leisure or at work.
If women only knew the cause—that.
Backache pains come from sick kidneys.
Doan's Kidney Pills cure sick kidneys.
Many residents of this vicinity endorse them.
Mrs. L. Camerson, 117 Payton Ave. Kinston, N. C., says:
"The great benefit I obtained from Doan's Kidney Pills justifies me in recommending them. A dull, nagging backache, accompanied by sharp twinges through my loins, bothered me for a long time. I had but little energy or ambition and was caused additional annoyance by awkwardness. Having Doan's Kidney Pills recommended to me, I procured a box and the difficulty with the kidney secretions had been corrected.

Who Was There That You Knew?

IN the shadowy ranks of those who marched to defeat or death or victory fifty years ago in the mighty conflict that convulsed this great nation, is there father or grandfather or uncle of yours? Would you like to see a photograph of him in that long ago day of his youth—a photograph that he never knew was taken? Perhaps we can show you one; and in any case, we can tell you a story, stranger than any detective fiction of 3,500 priceless photographs that were lost and are found again.

3,500 Long Buried Photographs of the Civil War

THEY were taken by the greatest photographer in the United States of that day; they were bought by the United States Government for \$30,000; they were buried in the War Department for 50 years—they are buried there still. But a duplicate set was made by the photographer—who died poor and broken down; the duplicate set was knocked from pillar to post for nearly 50 years, until it was discovered by a New England collector. J. Pierpont Morgan tried to secure the collection—Ex-President Garfield and General Benjamin F. Butler said it was worth \$150,000—yet with the help of the Review of Reviews, the entire collection has been gathered into 10 great volumes and is placed within your reach at less than the value of one of the photographs. It is the one accurate, impartial history of the Civil War for the camera cannot lie. It tells the story of the War you never heard before. Taken under protection of the Secret Service, these photographs bring to light thousands of little-known phases of the war; they penetrate to strange places and record strange things.

Greensboro, Dec. 31.—Andrew
Weatherly, a well known Greensboro
real estate and rental man, was run
over and instantly killed by the in-
coming passenger train from Madison
this morning at 9 o'clock. His body
was crushed almost beyond recogni-
tion.

Wilmington, Dec. 31.—Mrs. Rebec-
ca J. Bunting, a venerable woman,
mother of J. Hicks and Nash Bunt-
ing, two of the leading business men
of this city, was burned to death this
afternoon at her home on Chestnut
street. How she was caught in the
fire will never be known for she was
in her room alone and when found
life was extinct and her body horribly
burned.

Chapel Hill, Dec. 31.—Dr. William
B. McNider, of the University of
North Carolina Medical School was
yesterday elected a member of the
Council of American Pharmacologists
at the meeting in New Haven. As the
council consists of only three mem-
bers, this is a very distinguished
honor. Dr. McNider made a report
on the important work he has been
doing for the last five years on kid-
neys and Brights disease.

Near-Bear Business.

Evidences continue to multiply that
the reign of "ni-beer" in North Caro-
lina is fast nearing its end, its un-
doing to be accomplished at the for-
coming session of the general Assem-
bly in January. The Legislature can
ill afford to totally disregard the re-
commendations of the three great re-
ligious bodies that have spoken in
their annual gatherings this year in
no uncertain manner, and now comes
Attorney General Bickett, who is by
no manner of means a so-called "fan-
atic" and declares in his report to
the Legislature that "near-beer" is an
unmitigated nuisance and should be
torn out "root and branch." The
Presbyterians at their Synod in
Rocky Mount earlier in the year de-
clared most unequivocally for some
relief from the Legislature; both the
Western and North Carolina confer-
ences of the Methodist Episcopal
Church, South, did not handle the
question with gloves on and the Ba-
ptists of the State at their great con-
vention at Hendersonville a few
weeks ago did not mince words in
their enunciation upon the subject.
The people themselves are quite will-
ing to concur with the Attorney Gen-
eral that the so-called near-beer estab-
lishment is an "unmitigated" nuisance
and it is a gratifying sign of the
times that not only the great religi-
ous denominations but public officials
are speaking out on a question that
is fraught with so much importance
to the peace and prosperity of the
state. Even the most pronounced of
the so-called "liberal minded" have
recognized in near-beer a nuisance,
the abatement of which cannot come
too speedily.—Wilmington Star.

To Be Dedicated.

The Christian church, of this city,
has stood for several years without
being dedicated. However, it is ar-
ranged for the congregation to have
that pleasure on January 29, 1911,
that being the time also when the
Christian church of Hookerton union,
embracing several counties hold their
first quarterly meeting of 1911 with
the local church. The dedicatory ser-
mon will be preached at 11.00 a. m.,
by Dr. J. C. Caldwell, president of
the Atlantic Christian College, at
Wilson. The college quartette from
Wilson will sing, which will be an
attractive feature. The congregation
of the Christian church invites the
fellowship of those of other faiths
upon this auspicious occasion, as
well as those of its own faith.

College Refuses Bequest.

The authorities of Washington and
Jefferson College have just done an
unusual and very laudable thing, viz:
refused a \$40,000 bequest because its
acceptance would so diminish the
donor's estate as to leave his widow
and six children in a needy condition.
The maker of the bequest, a gradu-
ate of the institution, either overes-
timated the value of his property, or
the latter had declined after his will
was made. President J. D. Moffat and

Paper From Corn Stalks.

Says the Raleigh Times: The
department of agriculture says the
making of paper from corn stalks
is a success. The department has
been experimenting for some time
in an effort to find a way to make
corn stalks paper a commercial suc-
cess. The department has had such
success that it is now utilizing some
of the corn stalk paper for its own
correspondence and operates a mill
which turns out a high grade of the
new paper. The experts of Uncle
Sam say that a small commercial
mill can be kept busy through the
entire year by the stalks from the
corn fields within a radius of eight to
ten miles. It seems now that this
is another by-product, formerly going
to waste, that is to bring the farmer
many thousand of dollars. Some
new paper-making material will be
absolutely necessary within the next
few years and if a good grade of
paper can be made from corn stalks
we may be sure that the mills for
making it will multiply until corn
stalks are in as much demand almost
as cotton seed. A magazine writer,
speaking of this new process, says:
"Perhaps it will not be many years
before the farmer will look upon his
stalks as the most valuable part of
his corn crop. If he can realize but
half a cent a pound he will get more
for them than for his corn at 60
cents a bushel. The problem of mak-
ing cheaper paper to compete with
the wood pulp article used for print-
ing newspapers has not been solved
yet, though the investigators are
hopeful. What this will mean can
readily be realized when it is stated
that about \$35,000,000 worth of raw
material, wood pulp, is used annually
in the paper-making business in this
country. That means a great many
trees cut down. The stalks are
pressed until the juice, a very rich
stock food, is extracted, then shred-
ded and dried. In this form they will
keep sweet a year, insuring a steady
operation of the paper mill. Only
two-thirds of the fibre is utilized for
print paper, the remainder making
a sort of parchment, watertight for
a while, but not absorbing the ink."

covering these facts, promptly refus-
ed to take the money.

This extra-legal generosity is in
pleasant contrast with the greedy at-
titude often manifested by public in-
stitutions regarding endowment ques-
tions.—New York Globe.

The pen may be mightier than the
sword, but both are capable of put-
ting up a pointed argument.
