WHAT THE LAW MAKERS ARE DOING

PROCEEDINGS OF THE N. C. GENERAL ASSEMBLY

SENATE KILLS THE DOG TAX BILL

House Adopts Minority Report on The Bill Amending The Divorce Law—Senator Cotten Introduces a Safety Match Bill—Representative Thorne a Bill for Farmville to Issue Bonds.

Senate—Thursday.

The senate showed that it is afraid of the men who own dogs, and Senator Cotten's dog tax bill when called up on its second reading, was tabled by a vote of 22 to 16.

Senator Cotten, arguing for the bill contended that its passage would mean a reduction in cases of hydrophobia, losses of sheep, and at least \$30,000 per year in the school fund. He was supported by Senator McLaughlin, chairman of the committee on propositions and grievances to which the bill was referred, and which reported it without prejudice. The great majority, however, contends that such a measure is not advocated by farmers, for it would but work additional hardships upon them, and amendments galore were offered to exempt districts from its operations.

The champion of the dog was Senator Hicks, who said that down in his district they all wanted their dogs left all their ancient privileges. The speech of Senator Vest to the faithfulness of the dog even unto death was read by Senator Martin, of Buncombe at the request of a Sandy Mush citizen, whose wife deserted him years ago, and now had nothing but his dog.

Among the important bills introduced was another by Senator Cotten, this to prevent the manufacture and sale of any but safety matches.

House—Thursday.

The house considered the bill to amend the divorce law. The committee had reported unfavorably on this bill, but a minority report was also made, and after discussion the latter was adopted by a large majority, and the bill passed its second reading.

Among the new bills introduced were these:

Battle: To establish liens for licensed livery stable keepers.

Battle: To amend the law relating to statistics of leaf tobacco.

Pitt: To amend the Revisal, relating to public holidays.

Roberts: To provide for better enforcement of liability of stockholders in state banks.

Mitchell: To allow commissioner of agriculture to contract for printing required for its own operation.

Marcom: To enlarge the powers of the boards of county commissioners.

Grier: To establish a State Highway commission.

Thorne: To allow Farmville to issue bonds.

Pace: To amend the Revisal so as to allow railroads to give transportation to widows and minors of deceased employees and to employees who are out of work.

New North Carolina Industries.

For the week ending 25th, the Chattanooga Tradesman reports the following new industries for North Carolina:

Charlotte—\$125,000 development company.

Durham—\$30,000 printing company.

Godsboro—\$50,000 brick and tile works.

Greensboro—\$100,000 manufacturing company.

Graham—\$300,000 electric light and power company.

Marshall—\$10,000 lumber company.

Red Springs—Waterworks.

Vaughn—\$12,000 hosiery mill.

One American Killed.

By Wire to The Reflector.

New Orleans, Jan. 27.—One American was killed in the taking of a Honduran town or Ceibra, according to details of a battle which arrived here today. He is Louis Beir, resident of this city, and a member of the revolutionary army.

RURAL CARRIERS GET INCREASE.

House Agrees Upon Amendment to Postoffice Bill.

Washington, Jan. 26.—The rural mail carriers of the country, some 40,000 in number, benefit to the extent of nearly \$4,000,000 as the result of an amendment agreed to by the house during the closing moments of the debate on the postoffice appropriation bill.

The postoffice appropriation bill, as passed, carries approximately \$257,000,000. With the exception of the provision that after July 1, 1916, no mail cars except those of steel construction shall be used, and that authorizing an increase of salary for the rural mail carriers, the bill is substantially the same as that agreed on by the postoffice committee.

Representative Bartlett of Georgia, started the successful fight for an increase of the compensation paid the rural mail carriers. He offered an amendment providing that the salaries of these carriers should be increased from \$900 to \$1,000 a year. After Representatives Edwards, Hughes and Adams of Georgia, and Cullop and Cox of Indiana, and Borland of Missouri—in addition to numerous others—had spoken in favor of the "overworked and underpaid" rural carriers. Chairman Weeks, of the postoffice committee, agreed to accept the amendment, and the increase was carried by a unanimous vote.

The \$100 a year increase applies to all standard route carriers, of which there are 28,000. There are, in addition 12,000 rural carriers who will receive proportionate increases, according to the lengths of the routes traversed. The total increase to the bill, it is estimated, will be between \$2,500,000 and \$4,000,000.

BASE BALL LEAGUE.

Opportunity for Greenville to Come in It.

Does Greenville want ball this summer? If so it is up to the fans. A proposition confronts us: Kinston, Grifton and Ayden having submitted the proposition. Those towns want Greenville to come in and form a league. It is the purpose to make it self-supporting, play only home talent and only two games a week in each town. The league to open about June 15th and close August 15th. The Greenville fans expect to meet at an early date and decide whether or not to enter. It is now up to the Greenville to say whether or not we will enjoy the national sport this summer.

CIVIL COURT.

Not Many Cases of Importance in the Present Term.

There have not been many matters of general interest before the present civil term of Superior court. Four divorce suits, all by colored people, were decided for the plaintiffs. A suit to set aside the will of the late Mr. Ruel Willoughby, was given to the jury Thursday evening, but a verdict had not been reached by noon today.

The only other case of special interest was one started today, in which Mr. J. H. McGowan sues the Norfolk Southern railroad for injuries he received on an excursion in 1909.

CROWDED HOUSE.

Amuzu Program Thursday Night One of The Best.

The Amuzu had another of those crowded houses Thursday night and standing room was at a premium. The beautiful opera Faust and another great French drama were projected on the screen. The Greenville people seem to know a good thing when they have it and the Faust pictures were highly complimented. "Senorita Jessica," who, by the way, proved to be Mr. Edward Hearne made quite a hit as a "she."

In Hands of Receiver.

Upon petition of the stockholders the affairs of the Central Mercantile Company have been placed in the hands of a receiver to close up the business for the benefit of the creditors. Mr. C. M. Jones has been made receiver and is now in charge of the store. At present the amount of liabilities and assets have not been ascertained.

A woman hopes for happiness; a man for pleasure.

TRAINING SCHOOL NOTES.

Matters of General Interest That Transpire.

Greenville, N. C., Jan. 27, 1911.

Folders giving information concerning the spring course for teachers, which begins March 14th, have been issued.

The cooking class is proving a great success. Much pleasure as well as profit is being derived from the work.

Class spirit has developed rapidly since the completion of the class organizations under faculty advisers. The classes are planning for various social affairs during the spring.

Misses Muffly and Bishop will give an informal musical to the students on Saturday evening.

Prof. C. W. Wilson will attend the meeting of the North Carolina Association of City Public School Superintendents and Principals, which meets in Raleigh January 26-27. He is secretary of the association.

Miss Dabney, teacher of primary methods, has charge of one section of the first grade of the Greenville graded school for half the day during the absence of the regular teacher. The senior class is observing her work. Two members of this class have recently done substitute work in this school.

The observance of Lee's birthday was marked by an earnest, true appreciation of the meaning of the day. The school sang appropriate songs with spirit. Miss Sallie Joyner Davis teacher of history, made an excellent talk on Lee, stressing his character, spirit and ideals touching only lightly but skillfully upon his career of action. Her talk showed fine discrimination and appreciation of her subject.

The second biennial report of the board of trustees has been issued. This is a complete report of the affairs of the institution its receipts and expenditures the work done and proposed to be done including the urgent needs of the school for the next two years. The report shows that during the year and a half since the opening six hundred and ninety-one students have been enrolled, three hundred and thirty of whom were summer school students. Nearly four hundred of these are now teaching in the public schools. This proves that the school is fulfilling the mission for which it was established.

GOVERNOR AND MRS. KITCHIN

At Home To Assembly January 26th, 1911.

Raleigh, Jan. 26.—The governor's mansion presented a scene of splendor and brilliance this evening, the occasion being the biennial reception of the governor and his wife in honor of the members of the general assembly and state officers. Governor and Mrs. Kitchin had made elaborate arrangements for this event, which proved to be one of the most elegant social functions ever given in this city. Besides Governor and Mrs. Kitchin, those in the receiving circle were the various state officers and their wives, President Newland, of the senate and his wife, and Speaker Dowd, of the house, and Mrs. Dowd. During the evening the mansion was thronged with handsomely gowned women and men in evening dress, the guests including many of the most prominent society people of all parts of the state. This reception will for a long time be cherished as a fond memory with all who attended.

NEW YORK DEADLOCK.

Not to Be Broken For Several Days Yet.

By Wire to The Reflector.

Albany, N. Y., Jan. 27.—That the senatorial deadlock cannot be broken until next week was the unanimous opinion expressed by legislative leaders here today. In the meantime efforts are being made to work out some system by which it will be possible to conduct legislative work and at the same time carry on the campaign for the senatorship. Murphy says there is to be no back-down. Murphy will return New York today and will work to swing more voters to Sheehan. Senator Roosevelt, leader of the insurgents, said his men would stick all the year if necessary.

Albany, N. Y., Jan. 27.—The joint assembly adjourned at 12.33. There was but one change from yesterday's vote on joint ballots for senators.

WHO WILL PAY THE ROAD TAX

IF BONDS ARE ISSUED TO BUILD ROADS

ALL OVER GREENVILLE TOWNSHIP

Some Figures Taken From the Tax List of the Township Showing Separate Valuation for Greenville, That Portion of Township Outside The Town, and Corporations, and The Tax Each Pays.

A few days ago The Reflector printed the full text of the bill adopted by the citizens of the township in a mass meeting, to submit to the legislature asking that the township be permitted to vote on the question of issuing bonds not to exceed \$50,000, to build good roads in the township. The bill carried the names of the men selected to compose the board of road trustees. These men, who were nominated in the open mass meeting were named not alone because they were prominent in the community and made a success in their private affairs, but also that the portion of the township in which each resided might have representation on the board.

In the same issue an editorial was given the tax value of the property in the township, with a calculation showing what the present road tax of 15 cents on each \$100 valuation will produce, and how the amount so raised, \$4,178.42, would pay the \$2,500 interest on the bonds, set aside \$600 annually for a sinking fund, and leave a balance annually of \$1,078.42 that could be used for maintenance of the roads. The \$600 annual sinking fund invested at 6 per cent. will, in thirty years, raise an amount more than sufficient to pay off the bonds.

In the same issue was an editorial giving the tax value of the property division of the taxable property of the township, and what proportion of the taxes these divisions pay. Of the \$2,785,619 of property listed in the entire township, the town of Greenville has \$1,474,001 all the remainder of the township outside of Greenville \$699,502, railroads and other corporations \$612,116. On these at a tax of 15 cents, the town of Greenville will pay \$2,211, the remainder of the township \$1,049.25, and the corporations \$918.17. These figures are given that the people can see just what is before them in the proposition to issue bonds to build good roads in the township.

AFTER ILLINOIS VOTE SELLERS.

Grand Jury Has The Names of Three Hundred.

By Wire to The Reflector.

Danville, Ills., Jan. 27.—Indictments against alleged vote sellers were expected to be returned today by the grand jury, following the testimony of Mayor Platt and Judge Kimbrough. More than 300 names have been given the grand jury. A stenographer is kept busy in the state attorney's office writing blank indictments at a rate of one hundred a day, and is expected all the can fill out for a week or more will be needed. Mayor Platt is said to have refused to answer questions put to him in regard to his election as mayor, which is said to have cost nearly \$30,000.

DEMOCRATIC COMMITTEES.

Most Important Ones Are Now Being Selected.

By Wire to The Reflector.

Washington, Jan. 27.—Democratic members of the house are rapidly proceeding by the progress of elimination to shape up the personnel of the most important committees of the house. Evidence of this work will be presented to the tentative ways and means committee at its first meeting tonight. At this meeting the membership of the next rules committee will be agreed upon.

Contempt Case Up.

By Wire to The Reflector.

Washington, Jan. 27.—Arguments began in the United States Supreme court today in the Gompers, Mitchell, Morrison contempt case. Attorney G. J. Darlington for the Buck Stove and Range Company made the opening argument.

PERSONAL MENTION.

The People Who Come and Go on Our Trains.

Mr. Clyde W. Carr returned to Portsmouth, Va., today after a two weeks visit to his mother, Mrs. C. H. Loop. Mr. Carr is in the naval service and will sail on the U. S. cruiser Tennessee in February on a cruise to various foreign ports.

Mr. Ernest Fleming went to Hobgood today.

Mrs. Hattie Skinner returned today from Kelford.

Superintendent H. B. Smith of the graded school, left this morning to attend the meeting of the North Carolina Association of City Public School Superintendents and Principals, in session at Raleigh.

Gay-Smith.

An event of much interest to society in Farmville and at Smithtown, was consummated in the marriage of Miss Rosa Delle Smith to Mr. Walter G. Gay, on the afternoon of Wednesday, January 18th, at the elegant country home of Mr. and Mrs. F. Marion Smith.

The parlor was darkened and pink shaded lights lent enchantment to the fairy like maize of ferns and evergreens so artistically arranged. A white wedding bell was suspended from the center of an arch of evergreens, beneath which the ceremony was performed.

Just as the strains of the "Bridal chorus" from "Midsummer night's Dream" by Mendelssohn, so skillfully rendered by a Falkland musician, Mrs. Pittman, were heard, the bridal party entered in the following order: Miss Cena Nichols with Mr. David Smith, Miss Etta Gay, a sister of the groom, with Mr. Billy Parker, of Falkland, Miss Carrie Belle Smith with Mr. B. A. Joyner.

Then came the dam of honor, the sister of the bride, Mrs. McLawhorn, of Ayden, just preceding the bride entered her little sister, Miss Callie Smith, carrying the wedding ring. Mr. Walter Gay entered the parlor with his best men, Mr. Jasper Shackelford. The bride carrying a large bouquet of white carnations, then came in with her maid of honor, Miss Agnes Smith. Mr. H. E. Tripp in a most impressive manner performed the ceremony, during which "Flower Song" was played.

The brides maids were attractive in white, while the maid of honor was becomingly gowned in blue silk with elbow white kid gloves. The bride was beautifully attired in a white messaline gown, white gloves, and white slippers.

After the conclusion of the marriage rites, the bridal party went to the home of the groom's father, near Farmville, where a course luncheon was served.

The numerous and valuable presents received by the bride attest the popularity of the couple.

Services at Presbyterian Church.

Rev. J. C. Shive, of Wilson, will preach at the Presbyterian church next Sunday morning and night.

Mr. Shive is a good preacher, and the Presbyterians of the community take pleasure in extending to the public a cordial invitation to hear him.

Mr. Shive is pastor of the Presbyterian church at Wilson.

Services in Episcopal Church.

Rev. John H. Griffith, of Kinston, N. C., will conduct divine service in St. Paul's Episcopal church on Sunday morning, next. All are invited.

Meeting Begins.

The union meeting for this district will begin in the Christian church tonight and continue through Sunday.

THEY DID NOT SAY SO.

Denial That N. R. P. League Would Endorse Taft.

By Wire to The Reflector.

Washington, Jan. 27.—President Taft has not been assured by any member of the National Republican Progressive League that he will be endorsed for re-nomination in 1912. This is in answer to the statement that the president had received such assurance. Senator Brown said today no such letter had ever been written.

Men know less than they let on, women more.

DEMONSTRATION WORK.

Yields in Cleveland County Increased 75 Per Cent.

Farm demonstration work as conducted last year by Mr. Oscar McBrayer, farm demonstrator under the United States department of agriculture, was worth thousands of dollars to Cleveland farmers. This is shown by actual calculations for he increased the yields on 138 corn farms and 54 cotton farms, about 75 per cent. What this means to the farmers of this section in practicing more scientific methods is well illustrated by the great work of last year. He expects to carry it on and on, and with the co-operation of the department of agriculture and the planters, Cleveland county is destined to spring in the front rank of farming sections of the entire South. The help offered by the government is without expense whatever and Mr. McBrayer, who is an expert farmer himself, makes periodic visits to demonstration patches and offers his advice and knowledge without any charge.

When a farmer wants to plant a demonstration patch, he notifies Mr. McBrayer, who has his name enrolled on the list with the department of agriculture. Literature on the selection of seed, preparation of the soil, cultivation, harvest and caring for the crop after it is gathered is sent out. This literature is prepared by the best experts in farming the government can employ and by having a practical man like Mr. McBrayer to visit the farms in person, the best results are obtained.

There was an average yield of 46.7 bushels an acre on the 138 demonstration corn farms last year and an average yield of 1,356 pounds of seed cotton on an acre on the 54 cotton farms. Under the old methods the same corn patches produced an average of about 15 bushels. So it will be seen that this demonstration work has been of great profit to the farmers by increasing their yields about 75 per cent.—Cleveland Star.

The Spit of Ceremony.

Among the Akiyu of East Africa, described by Mr. and Mrs. W. S. Routledge in "With a Prehistoric People," to spit upon a person or thing indicates good will. "The blacksmith spits upon the sword he has forged before handing it over to the owner. So, too, courtesy demands that a man should spit in his hand before offering it to a friend, and the female visitors spit upon the newly arrived youngster as a sign of welcome." Even in England, there are relics of the same custom in the habit among the lower classes of spitting on a coin.

FRIDAY, JANUARY 27, 1911.

It is not the loudest talker who always accomplishes most.

People should be getting enough idea of bad roads now to want good ones.

It will not surprise us much if the present legislature fails to establish any new county at all.

An Ohio man advertised that he would sell himself to the woman who made the highest bid. There need be no surprise in that, since it has come to light that so many Ohioans are for sale.

Senator Jeff Davis gave Marion Butler a whack he will likely remember. He showed up Butler's role of hanging around to press claims for the fat fees in them. This following the drubbing that North Carolina gave Butler last fall must make him very sore.

At their mid-winter meeting in Winston-Salem, the editors adopted resolutions favoring State aid to good roads, conservation of natural resources and public health, a liberal appropriation by the legislature for Stonewall Jackson Training School, and urging North Carolina senators to support a bill to stop the government from printing stamped envelopes. As a rule editors go after the right things.

Hoble Skirt Tied Up Traffic.

If you were on Main street last Wednesday near the monument at the head of Commercial Place, about 2 o'clock in the afternoon, you must have noticed the tie up of traffic among street cars, automobiles, wagons, bicycles and everything else that happened to be in the neighborhood at the time.

Perhaps you were unable to get through the crowd to find out just what caused the suspension of business, and perhaps you have not yet learned how it all happened.

Well, a woman and a hobble skirt did it.

Yes, sir, or yes madam, it was done by a woman and a hobble skirt. The latter was one of the kind that catch you by the legs and refuse to let you go one way or the other without the aid of a push or a shove from some considerate person, a street car conductor for instance.

A woman wearing a hobble skirt that was a hobble from start to finish, attempted to board a car bound to Ghent. When she attempted to place her foot on the step she found that she could not lift it that high. Then she backed away and a second attempt and her foot got tangled up in the hobble and she fell down.

The car was well filled and on the rear platform were several young men. When the woman made the second attempt and fell, every eye in the car was looking her way, and the eyes of hundreds of pedestrians

also were focussed on her. Another car bound to Lamberts Point came up behind the Ghent car, and the passengers on it, seeing something was doing in front, crowded to the platform to see what it was.

Then a fellow with an automobile stopped on the east bound track, and another car going to Brambleton came along and stopped. In the meantime the woman had managed to gain her feet without assistance and was making the third effort to get on the car.

She failed again, although her right foot just missed the car step about four inches. She was backing away for a fourth attempt when some fresh guy on the rear platform of the car shouted.

"Lift both feet at once."

"I'll not do anything of that kind," replied the woman indignantly.

"I shall wait for another car."

"Let me help you on the car lady" said the conductor who up to this time was apparently undecided whether he should come to the rescue or permit the hobble skirt to prove its utter usefulness.

"No, I will get on by myself or by—"

"Well, you will likely bust it if you try again," spoke up the fresh guy.

"Well, if you don't mind," she said sweetly to the conductor.

And the man who rings up fares got down off the car, lifted the woman up on the platform and rang two bells.

"Ten minutes gone for a d—old hobble skirt," he shouted as he gave the bell cord two more jerks for luck.

"Honk! Honk!" went the automobiles, the crowd disappeared and traffic was resumed.—Norfolk Virginian-Pilot.

Humor in The Law.

The West Publishing Company, of St. Paul, sends out monthly a publication that must be of much interest to the legal fraternity as it embraces cases of interest in law. We have been following it for several years, but we do not remember to have seen in it any reference to the famous North Carolina case of a gentleman who was knocked into a creek by a bull that was knocked from the track by an engine and who sued and sued and then served notice on the newspapers that he would sue them for damages, if they printed anything more about it. But the West Company publication has caught on to another North Carolina case worth noting—that of the lumberman and his whiskey order. Officially stated, the case of this: The plaintiff, a lumberman, telegraphed for four gallons of liquor for his raft hands. The telegram was misdirected through the fault of the telegraph agent, no whiskey arrived and the raft hands refused to work. A freshet was at its height, and because the raft hands refused to go into the water without the whiskey no rafts were constructed and the benefit of the freshet was lost. Plaintiff recovered over \$500 damages. The judgment was reversed, however, by the Supreme court of North Carolina in Newsome vs Western Union Telegraph Company, as the damages were too remote and uncertain. In the opinion of the court, it required quite a stretch of the imagination to conceive that, had the four gallons of corn whiskey arrived, the raft would have been properly constructed, loaded, and safely conducted over a heavy freshet and then profitably marketed. "Whiskey," says the court, "is very potential at times, but it cannot be relied on to produce such beneficial results as is claimed for in the case. It is a singular fact that in the county where the four gallons of corn liquor were expected to produce such unusual results its use was decried and its sale prohibited. It was contraband, outlawed, and dealing in it made a crime."—Charlotte Chronicle.

Murder Revealed by a Dream.

Perhaps the most amazing crime mystery ever solved by a dream was that revealed by a murder trial a couple generations ago. The dead body of Mr. Norway, an inoffensive Cornish gentleman, had been found by the roadside between Wadebridge and Bodmin, brutally murdered. No trace of the murder could be found and the mystery of the crime seemed beyond all solution, when Mr. Norway's brother, a naval officer, arrived in England and told the following singular story:

On the very night of his brother's murder, when he was on his ship in the West Indies, he saw him in a dream walking along the Bodmin road, when from a dark recess in the hedge two ruffians sprang out, slew and robbed him and then made their way to a house in Waderidge, which he saw vividly in his dream. To this house he conducted the police officers, and there he found the very two men whom in his vision he had seen commit the murder. They confessed and suffered the extreme penalty of the law.—Pearson's Weekly.

PHILIP ARMOUR, the great multi-millionaire Meat King first saved one hundred dollars from his earnings on the farm. He went from New York to California, there he got \$5 a day for digging ditches. He still SAVED—saved a few thousand dollars. The first saving was the seed from which his vast fortune grew.

THE GREAT AND GRAND
MAJESTIC RANGE
THE RANGE WITH A REPUTATION
MADE IN ALL SIZES AND STYLES.

MAJESTIC NEVER-BURN COOKER, STEAMER, CULLENDER AND DRAINER—The Perforated Cooker, shown in center, has small feet which admit water at the bottom. Nothing can burn. Food can be lifted out of main vessel (shown on left), at the same time draining off all the water. The Steamer or Cullender shown on right can be used as an ordinary Cullender. It also fits on top of main vessel, and is used as a steamer.

THE MAJESTIC Extra Heavy Stamped Iron Marbleized Kettle, complete with cover and handle that holds on cover.

THE MAJESTIC 18-oz. All Copper Nickel-plated Tea Kettle. Handsomely nickel-plated outside, tinned on inside.

THE MAJESTIC 11-oz. All Copper Nickel-plated Coffee Pot. Handsomely nickel-plated outside and tinned on inside.

Set of Ware FREE!

If you call at our store during our MAJESTIC DEMONSTRATION WEEK and allow us to show you the many advantages and superior qualities of the Great MAJESTIC RANGE, and will purchase one at the regular price, we will give you FREE the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The Prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range bought during the Demonstration week only.

Reasons Why the Great Majestic You Should Buy

- 1st.—It has the reputation of being the best range money can buy.
- 2nd.—It not only has the reputation but IS the BEST range made, and we will prove this to you if you will let us.
- 3rd.—It is constructed of malleable iron, material you can't beat, and of Charcoal Iron, material that resists rust 300 per cent greater than steel rivited together air tight. No heat escapes or cold air enters the range, thus uses very little fuel to do perfect work.
- 4th.—The reservoir alone is worth the price of range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle, with pocket against left hand lining, and is movable and sets on frame, hence cannot wear out. When water gets too hot it can be moved away from fire.

MAJESTIC RANGES use less fuel; heat more water—and, heat it hotter; costs practically nothing for repairs; lasts three times as long; bakes better; easier to keep clean and gives better satisfaction than any other range on the market. If you know positively that the above statements are true, wouldn't you buy a Majestic at once?

COME IN DEMONSTRATION WEEK AND WE'LL PROVE IT TO YOU.

Greensboro Daily News Sold.

The directors and stockholders of The Daily News of Greensboro, in an adjourned session in Raleigh Tuesday, sold the plant and newspaper to W. A. Hildebrand and George B. Crater, of the Gazette-News, of Asheville, who take charge at once. Mr. Hildebrand began newspaper service with The Charlotte Observer and has achieved success both as editorial writer and special Washington correspondent. He will remain in Washington until congress adjourns before taking up his duties in Greensboro. Mr. Crater won an enviable reputation as a newspaper business manager of The Charlotte Observer and has been with the Gazette-News for some time. He assumes charge of the business department of The Daily News at once.

The Boy and the Preachers.

A Baptist minister and a Methodist minister were by accident visiting at the same house. As they took their seats there was an embarrassed pause the hostess not knowing how to ask one minister to say grace without offending the other.

The small son quickly grasped the situation and, half rising in his chair moved his finger rapidly around the table, reciting "Eeny, meeny, miny, mo, catch a nigger by the toe." He ended by pointing his finger at the Baptist minister and shouting: "You're it."

If you can't keep your friends without lying let them go.

WHAT THE KIDNEYS DO.

Their Increasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

T. R. Moore, 918 Evans St., Greenville, N. C., says: "I can recommend Doan's Kidney Pills, for I have used them with the greatest benefit. I was troubled with lameness in my back and my kidneys did not do their work as they should. I got Doan's Kidney Pills from the John L. Wooten Drug Co., and I had not used them long before I received relief. I can say that this remedy acts just as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and

People worth while aren't easily made friends nor slightly lost.

FOR YOUR HAIR.

Here Are Facts We Want You to Prove at Our Risk.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

Rehall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair.

We want you to get a bottle of Rehall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Rehall "93" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store---The Rexall Store.

To Our Greenville Patrons.

We desire to announce through the columns of this paper, our appointment of Mr. B. C. Pearce, Jr., as agent for this firm. Mr. Pearce will make his first shipment to us next Tuesday, Jan. 31st.

We have enjoyed the liberal patronage of Greenville people for the last eight years, and our record for good laundry work stands for itself.

Of late there has been considerable inconvenience caused our patrons by delay in not getting their work back on time. The cause has not been our failure to ship back promptly each week, but failure of the agent to take shipment from the Express office. This will not be the case again as our arrangements with Mr. Pearce are to that effect. All we ask of our many customers in Greenville is to remit promptly to Mr. Pearce when the laundry is delivered. By so doing we can meet his obligations to us on time. This will assure no delay of any kind to any one.

Mr. M. F. Hardy, the grocer has kindly consented to let Mr. Pearce have customers leave their bundles at his store, or Mr. Pearce will call at your door for same.

Thanking the public for their liberal patronage of the past and asking its continuation, we beg to remain,

Very truly yours,
TROY MONTICELLO LAUNDRY CO.
Norfolk, Va.

Living a Hundred Years.

Dr. A. H. Stewart, in the Medical Record, revives that ever interesting question of living a hundred years. He argues that in development, if a man is twenty to twenty-five years in reaching maturity, he should live a century and longer. In other words don't crowd too much in the first years. It is a restatement of the old comparison between the sunflower and the oak; the butterfly and the elephant. Things done quickly are usually quickly ended. The simple life is the most lasting.

There is little reason to doubt that when we learn to eat and breathe and sleep better than most of us do, we shall live longer. But perhaps the most vital factor in prolonging life is increased public interest in sensation and hygiene. A great percentage of the year's deaths in this and every other country is due to diseases that are preventable and that in many cases are engendered from unclean or carelessly kept surroundings.---Durham Sun.

Dancing is a heap sight easier, even when your shoes hurt your, than walking even when they don't.

Every business man has something to sell every busy-body of a woman has something to tell.

NOTICE

Beginning with February 1st, 1911, I will resume the practice of Optometry in the Shelburn office building. I am registered in North Carolina and have over 10 years of practical experience (having graduated in 1900) in examining and correcting all errors of refraction that the human eye is heir to. Satisfaction guaranteed.

Respectfully yours,
L. G. SCHAFFER,

NEW YORK AND CHICAGO MARKETS

By Wire to The Reflector.

Stocks. New York, Jan. 27.---Strength prevailed through trading in Wall street today and as a result most stocks under the leadership of standard railroads, moved up substantially. As a result of the reciprocity agreement between the United States and Canada, Canadian Pacific moved up 7-8 after the opening. Other railroad stocks followed International Harvester was a strong factor among industrials. Copper stocks were heavy.

Cotton. New York, Jan. 27.---Lighter demand here and easier cables from Manchester and Liverpool caused the cotton market to open with quiet tone, initial prices being from five to fifteen points. Later trade became more active and the list was held within a point of the opening price. Prices opening: January, 14.60; March, 14.74; May, 14.93.
