BOY GETS TRIP TO WASHINGTON

FATHER WANTS OTHER BOYS TO HAVE SIMILAR TRIPS

FAVORS CORN GROWING CONTEST

Moses Moye, who was in the boys' corn contest, taken by his father to Washington, and has delightful experiences—some incidents of the trip.

Farmville, N. C., Jan. 30, 1911.
Editor Reflector:

I am anxious for you to succeed in your efforts to send one boy from each township to Washington, D. C., next December. I wish to let the people in the county know why I am so inclined.

Last spring when my son, Moses T. Moye, joined the boys' corn club, I realized that in all probability he would not be the successful boy in the State, I offered him a trip to Washington if he would make 75 bushels upon his acre. As I had never been able to make over 30 bushels, I felt that I was not running much risk of having it to pay.

But Moses went to work with much enthusiasm, and when he was ready to gather his corn I had a barbecue and invited my neighbors to come and help gather and measure the corn. Prof. Ragsdale and Demonstrator J. F. Evans were also present and they found that he had made 88 bushels and three pecks of corn. So I was in it for a trip to the capital.

Saturday night preceding the 12th of December, I saw in the Caucasians that Ernest Starnes, of Hickory, was the successful contestant and that he would go to Washington upon the 12th of December.

As I could find no announcement in any other paper, I thought possibly the Caucasian had made a mistake, but Moses was so anxious to go that I should have started to Washington on the 12th, but I was sick and did not start until the morning after the 15th.

We went via Norfolk by N. S. railroad and from there we took a steamer upon which we took supper. I wanted him to see a supper such as they serve from boats of that kind. This supper was a revelation to him, the size of the beef steaks and the prices charged for the same. The small number of oysters served and the manner of serving them was indeed interesting to him.

The boat ride was enjoyed, and the next morning when we looked out of the window the whole landscape was covered in snow which caused us to think we had reached Washington at the wrong time, but the snow gave us very little trouble, as we did not mind the cold. In fact, we did not suffer at all on account of cold.

Upon leaving the boat we took a street car for a ride clear through the city and amused ourselves by looking at the show windows and the merchandise upon the side walks, etc. After securing a room for the night, we went up to the capital and met Representative Kitchin, who was very kind to us and sent a page with us to our congressman's office, who was not in, but his amiable secretary made an appointment for us at 4 o'clock p. m.

We then retraced our steps through the subway (the first subway he or I had ever seen) to the house of representatives, but as it was some time before the house would meet we amused ourselves by exploring the building, returning in time to see Uncle Joe Cannon call the house to order and hear the blind chaplain lead in prayer and some member introduce a resolution to adjourn because a member of the house had died the day before.

Then we went to the senate chamber and saw Sunny James Sherman presiding and heard Senator Laff Young deliver his maiden speech.

Then we went to the library just across the street, and such a fine place it is that I wish every person in Pitt county could visit it. From here we boarded a car for Washington monument, upon the car was a woman who had on a fur coat, who was very nice to us by telling us the names of the notable places as we passed them.

The views from the monument pleased the boy more than anything

FORESTRY CONVENTION.

Meets in Raleigh on February 1st, 1911.

Chapel Hill, N. C., Jan. 30.—A very interesting program has been arranged for the forestry convention to be held in Raleigh on February 1st. The meetings will be held in the rooms of the chamber of commerce on Fayetteville street, the morning session beginning at 10.30, the afternoon session at 3 and the night session at 8.30. It is expected that there will be an illustrated lecture at the night session to which all interested in forestry are cordially invited. One of the most important addresses will be by Hon. A. Gaskill, forester of the State of New Jersey, who has had a great deal of experience in forest fire protection and has probably inaugurated one of the best systems of State forest fire protection now in force. He will discuss this question very thoroughly and take up the advantages that North Carolina will derive by protecting her forests from fires.

Governor W. W. Kitchin will make the address of welcome. Mr. W. S. Lee, vice-president of the Southern Power Co., will discuss the subject "Forest Fire Prevention as a Regulator of Stream Flow." Mr. Thomas Ivey, of Fayetteville, will take up the question of "Revenue for Forest Fire Protection." Mr. J. B. Blades, one of the large lumbermen of eastern North Carolina, will discuss "The Lumberman and Practical Forestry." Mr. J. S. Holmes, forester of the North Carolina geological and economical survey, will speak on "Forest Fire Laws in North Carolina and other States;" the question of "Reforesting the waste and cut-over lands of the State" will be discussed by Joseph Hyde Pratt, State geologist. Hon. J. Elmwood Cox, of High Point, will speak on the subject "Dependence of the Furniture Industry on the Local Supply of Timber." A number of railroads have shown their interest in the subject by appointing certain of their representatives as delegates to the convention.

The outlook is very promising for a large and enthusiastic attendance. All citizens who are interested in forestry measures are cordially invited to attend this meeting.

HOOKEKTON UNION MEETING.

Holds Interesting Session With The Christian Church.

The Hookerton union convened in Greenville, January 27-29, 1911. On Friday evening a sermon was delivered by Rev. Horace Settle, of Wilson. On Saturday morning was held the business session of the union Saturday afternoon the Christian Women's Board of Missions had a very interesting session, followed on Saturday evening by preaching service, conducted by Haynes Farish, of Wilson. On Sunday morning was held the dedication service of the local church, and in the afternoon the Sunday school session, led by Haynes Farish. The various contributions for district missionary work amounted to \$57.30.

Special music was rendered by Mrs. Travis Hooker, Miss Vernessa Smith, Mrs. C. C. Ware, and the Atlantic Christian College quartette. Trios and solos accompanied by Prof. A. E. Mullburgher, head of the department of music at the Atlantic Christian College.

Notice.

The ladies of the Round Table will meet with Mrs. C. T. Mumford, Tuesday afternoon, at 3 o'clock.

that he saw while he was from home. From here we went again to visit our congressman who was affability itself and placed us in touch with the boys from the States. We missed seeing the president because we missed Mr. Small in the morning. However, we saw the famous east room and the conservatory, etc.

We spent the next day visiting with these boys and I am able truthfully to say that Ernest Starnes, the N. C. boy, made a better impression upon me than any of the boys, with the possible exception of Henry, of Louisiana.

My boy had such a nice time and is so enthusiastic in his effort to make one hundred bushels of corn next year, causes me to wish other boys to have the pleasure of this trip.

FOR GOOD ROADS.

Letter From Mr. J. W. Allen Shows How He Stands.

Greenville, N. C., Jan. 30, 1911.
Editor Reflector:

I want to state through your columns that I am heretofore in favor of good roads, because I think that our people couldn't have anything that would profit them more than that. I am in favor of issuing bonds to build them, because I know there is no other way to get them unless we issue bonds. I think the proposed bill is just what we want, and I hope every good man in the township will get out and try to get the proposed bill through. I intend to do all I can for the good road proposition as you have it started.

Trusting that you will carry this issue, I am,
Yours very truly,
J. W. ALLEN.

L. HARVEY & SON WIN SUIT.

Get Judgment in Sum of \$1,811.25 Against George W. Taylor.

An interesting test case of future cotton buying terminated yesterday in the court of law and chancery, when Judge Martin handed down a judgment of \$1,811.25 in favor of L. Harvey & Son, cotton buyers, vs. George W. Taylor, a planter of North Carolina.

The plaintiffs claimed that during last summer when the cotton crop was growing, they purchased the crop of Mr. Taylor as it stood at the price of from ten cents to ten and a half cents per pound. They stated that the defendant agreed to deliver the cotton in the fall, but he refused to carry out his contract as quotations in the late fall had advanced to fifteen and a half cents per pound. That the defendant had shipped the cotton to Norfolk to be sold at the high price and the defendants attached the consignment.

The defense contended that the buying of future cotton was a gamble and that gambling contracts should not stand.

Thomas W. Shelton, counsel for L. Harvey & Son, stated to the court that the firm he represented was a reputable business house and that the contract was no gambling proposition, but straight dealing. He mentioned that other crops such as apples and tomatoes were bought and sold before the harvest was gathered and that this was a like case.

Judge Martin held that a gambling contract constituted both parties, having the purpose of gambling in mind, and that he did not consider that the cotton buyers had any object but business dealing.

A number of farmers in North Carolina who sold their cotton last summer refused to deliver it when the price went up and it was stated that a number of like suits were pending.—Norfolk Landmark.

MEN'S PRAYER LEAGUE

Sunday's Meeting was Very Interesting and Helpful.

Though Sunday afternoon was rainy, it did not have much effect upon the men's prayer league and there was a good attendance at the meeting in the Christian church. This shows that the men are interested in the league and are getting good to themselves out of it.

The subject for this meeting was "Pure Religion" and the leaders, Messrs. J. L. Jackson, C. M. Jones and R. C. Flanagan gave discussions of it that impressed all with their excellence. Each one treated the subject most interestingly.

Next Sunday it is proposed to hold an experience meeting when the subject will be "Personal Testimony." The text for the day being part of Luke 8:39 and Luke 24:49. The leaders are Messrs. J. S. Cockrell, W. J. Peel and T. E. Hooker. A number of others are expected to give testimony at this meeting. The meeting will be in the Baptist church at 3:30 o'clock.

Died.

On January 26th little Carl Oliver Pollard, infant son of Mr. and Mrs. O. P. Pollard, died at their home near Greenville. He was only two-and-a-half months old. This is the second child Mr. and Mrs. Pollard have lost within one year, their little son, Edgar Meekin, one year old, having died on May 13th, last year.

CHRISTIAN CHURCH DEDICATED SUNDAY

ABLE DEDICATORY SERMON BY DR. J. C. CALDWELL

BUILDING ENTIRELY FREE OF DEBT

Large Congregation Attend the Exercises—Splendid Singing by Local Choir and Quartette From Atlantic Christian College—Brief History of The Church in Greenville.

Yesterday was a day of much importance to the local Christian church. Since the church was built in the early summer of 1901, there has been an indebtedness upon the building. The liquidation of the debt was practically provided for, before yesterday, but it remained to complete the debt actually yesterday, and in addition to provide practically for all other outstanding indebtedness. This aim was so nearly realized that it is believed that it will be but a short time until all the indebtedness of the church shall have been wiped out.

The Christian church was organized in Greenville, on October 18th, 1900, at the home of Mr. Travis Hooker, which was at that time on Dickinson avenue, near where the church now stands. Rev. Dennis W. Davis was called as minister at that time, and preached the first sermon in the present building, the first Sunday in June, 1901.

Rev. Chas. C. Ware, Pastor.

Following the pastorate of Mr. Davis was that of W. E. Powell, of Newport News, Va. In October 1904, Mr. H. H. Moore was called to their ministry. In November 1906, he was succeeded by D. W. Arnold, who served three years and a half. Three months ago the congregation called Chas. C. Ware, of Lexington, Ky., a graduate of Kentucky University, class of '07, and who has preached for seven years in the South.

The auditorium of the church yesterday was crowded to the limit and as many more were turned away. The sermon by Dr. J. C. Caldwell was listened to with rapt attention. His text, "I came to bear witness of the Truth."

The building is now entirely free from debt, in which fact the congregation and their many friends rejoice.

Many people from the country and neighboring towns were here to attend the dedicatory exercises.

- Following is the program:
- 1.—Organ Prelude.
 - 2.—Quartette—"O Be Joyful."—Bassford—Messrs. Settle and Bowen; Messrs. Settle and Gurganus, of Atlantic Christian College.
 - 3.—Invocation.
 - 4.—Hymn No. 248—"Awake My Tongue, Thy Tribute Bring."
 - 5.—Judge Me, O God.—Dudley—Buck
 - 6.—Mr. Horace Settle.
 - 6.—Scripture reading and prayer.
 - 7.—Hymn No. 275—"Praise the Lord"
 - 8.—Lord's supper.
 - 9.—Announcements and Morning offering.
 - 10.—Solo—"Open the Gates of the Temple"—Knapp—Miss Carrie Owen.
 - 11.—Sermon—Pres. J. C. Caldwell.
 - 12.—Quartette—"O Father We Adore Thee"—Morrison—Messrs. Bowen and Spain; Messrs. Settle and Gurganus, of Atlantic Christian College.
 - 13.—Benediction.
 - 14.—Organ Postlude.

And many of the real funny things you see were not intended to be humorous.

By Wire to The Reflector.
Washington, Jan. 30.—The body of the Chilean minister, Cruze, who died here December 18th, was placed on board the Mayflower and taken to Hampton Roads where it will be transferred to the battleship Delaware tomorrow. The Delaware will sail for Chile Wednesday. Representatives of the government will accompany the body to Hampton Road.

Notice to Parents and Children!

I find it necessary to take some steps to stop persons from riding bicycles on the side walks in the town. Among the most frequent violators are children. I appeal to the parents of the town to take their children in charge that they must stop this violation. Otherwise, I shall be compelled to deal with them as with other violators.

MCCURDY ALMOST GETS THERE.

But Fell Short for Want of Grease Just Before Reaching Havana.

By Wire to The Reflector.

Key West, Fla., Jan. 30.—J. A. A. McCurdy, the Canadian aviator, started upon his record-breaking 110 mile over-sea flight to Havana this morning at 7:32 o'clock. The start was made under most favorable weather conditions. He hoped to be in Havana in two hours. He flew over the city before starting upon his course towards Cuba. Boats are at their station ten miles apart all along the way.

Havana, Jan. 30.—McCurdy's flight ended 10 miles off the coast today and after he had completed 100 miles of the journey. His biplane dropped into the water after the motors had stopped because of the lack of lubricating oil. He was so near land that word had been flashed to this country of his arrival. He was picked up uninjured.

TOWNSHIP ROAD BILL.

The Greenville township road bill that was ratified at the mass meeting of citizens held in the city hall on Monday night of last week provides that the same cannot become a law until a majority of the voters in the township have expressed themselves as favorable to the measure. Under the provisions of the bill an election will be held in the near future for the purpose of allowing the people to pass on the merits of same. We understand that a few citizens who oppose it are circulating a petition for signatures in which our representatives are asked not to allow the people to express themselves on this all important question. It looks like the opponents of the measure are afraid of the electorate. It is the people's money that is being spent, let them say how it shall be spent, and we will have a government of the people, by the people, for the people.

Representatives of the people in the general assembly never hesitate to give them an opportunity to vote on a question where it is evident that a large portion of their constituency demand it.

Mr. Tax Payer of Greenville township, pack these figures back good and hard in your mind: The 15 cents on the \$100 valuation you are now paying as a road tax, and getting no roads for the money will pay the interest on a bond issue of \$50,000 to build good roads all over the township, set aside a sinking fund sufficient to pay off the bonds when they are due, and provide some over \$1,000 a year to maintain the roads after they are built. So the only difference between having bad roads and good roads is to apply a different method of expending the 15 cents road tax you are already paying and not let it be practically wasted every year.

We understand that complaints have been made about the bad condition of some of the roads in Greenville township over which some of the rural mails have to be carried. If such a condition continues there is danger of some of the rural free delivery routes being discontinued. This is another reason why the people living on these routes should favor the building of good roads as quick as possible.

The Wilmington Star boils a barrel of logic down in this one brief sentence: "The biggest knocker is the one who kills more time than anything else." You will find the gentleman in every town, with nothing to do but go around and knock every good thing that comes along. The occupied man is busy trying to build up his community.

As the report has not come yet, we are wondering what class the census figures has Greenville in. Yet there is no worry about it, for as the town had a population of 2565 in the census of 1900, and has done some growing since that, we are satisfied that it will not be less than 2023 this time. See?

For several months Greenville has been entitled, by virtue of her post office receipts, to free delivery of mail. But we doubt if the government lifts a figure toward giving Greenville that delivery until Greenville puts herself in shape to receive it.

When men can have a good thing and not pay a cent more for it than bad things cost them, it looks like reason to take the former. That is just the situation when it comes to the matter of having good roads in Greenville township.

The fellow who is always kicking his town ought to get his toes padded. Then there would be less danger of hurting either his toes or the town.

Some people get on "the other side" of a question just for the popularity they think it brings them, and not because of a principal involved.

After the ground hog has his day you can get ready for Washington's birthday.

A Curious Ruling.

A decision handed down last week in an Omaha court with regard to the paying of alimony is more interesting than comprehensive. The Nebraska judge ruled that the marriage of a divorced man automatically canceled any obligation to pay alimony to a former wife, regardless of the terms of the alimony decree. The suit has been appealed and the ruling of the higher courts is reported to be eagerly anticipated not only by the legal fraternity in Nebraska, but by lawyers everywhere. The decision strikes the layman as rather peculiar. The reasons set forth state that by remarriage a man establishes a new home community in which his former wife has no legal interest and that to this new home community his obligations are paramount. If the decision is upheld there would seem to be required a greater tightening of the laws allowing the marriage of divorced persons. Otherwise future grants of alimony are likely to be so much judicial breath wasted, inasmuch as the ex-husband has the easiest imaginable path out of the obligation. It would be a simple and obvious device to go through a form of marriage which would be perfectly legal and yet mean no more to the contracting couple than a few minutes' association in a magistrate's office and the payment of a stipulated price by the man and woman. The decision illustrates one of the many phases of the divorce problem which are calling insistently and incessantly for sweeping reform.—Charlotte Observer.

The less money a man has the harder it is to make people believe he has that much.

Carnegie's Great Work.

Except when he announces another big gift, Mr. Andrew Carnegie seldom gets into print. He is occupying a front page position just now through another gift of \$10,000,000 to the Carnegie Institution for the Advancement of Science. This makes his total gift to that institution \$25,000,000 and his total philanthropic gifts, \$200,000,000. His gifts are directed to libraries, schools, universities, peace and hero funds. With all this, the public is fairly familiar, but knowledge as the peculiar lines his institute research takes is not so general. Each feature is an expensive one. The Philadelphia Press says that the copper-fastened, copper-engined vessel, without any iron in it, which is studying magnetic currents in the ocean, yearly absorbs as much as a good sized college, though it costs less than a steam yacht of the first rank. The investigation into the radiant heat of the sun and the light and heat generally thrown off by heavenly bodies, at the Southwestern Observatory, built on a mountain in the desert region, is another large, fixed expenditure. The inquiry into the plants in desert regions with a view to learning how such plants keep alive, in the hope of using the means in growing food plants or modifying the cactus, so as to make the thorn-beset plant good fodder, is another stated charge. The Carnegie Institution has besides, building a large scientific staff, a physical laboratory and a number of publications. Like the index to all medical literature, as it appears, which render its fixed and regular charges nearly as large as its resources, large as they are. The new gift gives it a new margin; but this, too, will soon be pre-empted. But Mr. Carnegie is engaged in a good work and he will supply the money to keep it going.—Charlotte Chronicle.

TAX NOTICE.

All persons owing taxes for the year 1910 are notified that they must come forward and settle. I must collect these taxes, as I cannot afford to extend courtesies. The State requires me to settle with the treasurer by the first of January, which time has already passed, and I must insist on prompt settlement from those who are yet delinquent.

L. W. TUCKER,
Tax Collector.

Suspicious.

Mrs. Jenkins—I see Mrs. Hoeting is going to have "King Lear" at her next private theatricals.

Mrs. Newrich (furious with envy)—Is she, the affected thing? Do you know, I don't believe he's a real king at all!

NOTICE

Beginning with February 1st, 1911, I will resume the practice of Optometry in the Shelburn office building. I am registered in North Carolina and have over 10 years of practical experience (having graduated in 1900) in examining and correcting all errors of refraction that the human eye is heir to. Satisfaction guaranteed.

Respectfully yours,

L. G. SCHAFFER,
Registered Optometrist.

AVOID HARSH DRUGS.

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called **Rexall Orderlies**. These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well known ingredients, long established for their usefulness in the treatment of constipation. It forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons and aged people as well as for the most hearty person. They come in two size packages, 12 tablets 10 cents, 36 tablets 25 cents. Remember you can obtain them only at our store—The Rexall Store. Moyer's Pharmacy, Greenville, N. C.

Revenge.

His Father—If you marry old Stubbs' daughter you shan't have a shilling of my money!

The Son—But, father, if I don't marry her I can't get a shilling of old Stubbs' money.

His Father (with a grudge to satisfy)—My own boy! Marry her and render that old skinflint penniless!—London Standard.

DO YOU KEEP A BANK ACCOUNT?

YOU SHOULD FOR THE REASONS:

Money in Bank is safe from fire and burglars; in your home it is not.
Money in Bank is safe from careless handling; in your pocket it is not.
Money paid by check guarantees to you a permanent receipt; cash handed out does not.
Money in Bank is a starter towards economy, always ready for use, or to be added to.

The Greenville Banking & Trust Co.

WHAT THE KIDNEYS DO.

Their Increasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposit in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

T. R. Moore, 918 Evans St., Greenville, N. C., says: "I can recommend Doan's Kidney Pills, for I have used them with the greatest benefit. I was troubled with lameness in my back and my kidneys did not do their work as they should. I got Doan's Kidney Pills from the John L. Wooden Drug Co., and I had not used them long before I received relief. I can say that this remedy acts just as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

RAINY DAYS

Come to everybody. Life has more ups than downs. Right now, while you are making, you ought to be saving; then when the downs come you will have something to fall back on.

Where is the money you have been earning all these years? You spent it and somebody else put it in the bank. Why don't you put your own money in the bank for yourself--why let the other fellow save what you earn?

Set of Ware FREE!

If you call at our store during our MAJESTIC DEMONSTRATION week and allow us to show you the many advantages and superior qualities of the Great MAJESTIC RANGE, and will purchase one at the regular price, we will give you FREE the beautiful and useful SOUVENIR Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this Set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the Set FREE with each Majestic Range bought during the Demonstration week only.

Reasons Why the Great Majestic You Should Buy

- 1st.--It has the reputation of being the best range money can buy.
 - 2nd.--It not only has the reputation but IS the BEST range made, and we will prove this to you if you will let us.
 - 3rd.--It is constructed of malleable iron, material you can't beat, and of Charcoal Iron, material that resists rust 300 per cent greater than steel rivited together air tight. No heat escapes or cold air enters. The range thus uses very little fuel to do perfect work.
 - 4th.--The reservoir alone is worth the price of range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle with pocket against left hand lining, and is movable and sets on frame, hence cannot wear out. When water gets too hot it can be moved away from fire. MAJESTIC RANGES use less fuel; heat more water--and, heat it hotter; costs practically nothing for repairs; lasts three times as long; bakes better; easier to keep clean and gives better satisfaction than any other range on the market. If you know positively that the above statements are true, wouldn't you buy a MAJESTIC at once!
- COME IN DEMONSTRATION WEEK AND WE'LL PROVE IT TO YOU.

NEW YORK AND CHICAGO MARKETS

By Wire to The Reflector.

Cotton.
New York, Jan. 30.--Cotton opened six points lower. There was scattered liquidation and rather aggressive local selling which seemed to be encouraged by disappointing cables. A falling off in demand for spot from the south was anticipated. Opening: January, 14.66 bid; February, 14.67; March 14.71; April, 14.80 offered.

Stocks.
New York, Jan. 30.--Under the leadership of railroad stocks and steel common stock, the market today after developing early irregularity became suddenly strong toward the end of the first hour, and prices moved up fractionally. Erie stocks were exceptionally strong, common moving up 1-8 to 29. Wabash preferred and Rhode Island also exhibited strength and higher range in prices. Hill shares ruled strong and active. Union Pacific declined 5-8 in the first half hour but later recovered part of this loss.

Dr. Hyatt Coming.
Dr. H. O. Hyatt will be in Greenville at Hotel Bertha, February 6th and 7th, Monday and Tuesday, for the purpose of treating diseases of the eye, ear, nose and throat and fitting glasses. 130-2w

Too many men mistake a local commercial organization for a school of oratory.

AMUZU TONIGHT

1st reel 100 feet long. Beautiful Drama of

PAUL AND VIRGINIA

Decidedly the best and richest photo-play thrown on a screen--don't miss it. Virginia is a very pretty Miss. 2nd reel 950 feet long.

THE GIRL OF THE NORTHERN WOODS.

A pretty melo dramatic love story, well plotted and acted. You will imagine yourself as being in some of the remotest parts of the northern woods at the sight of the abundance of snow and pretty winter scenery. Besides the pretty girl, on account of whom two human lives are erased from the book of "Life."

ORCHESTRA
Same Hours and Prices.

P. S.--By special request we will run a 3rd reel entitled "When Love is Young." This film was shown Saturday night and same is being repeated at the request of three pretty ladies. (Of Greenville, of course.)
