THEY VISIT THE TRAINING SCHOOL

EDUCATIONAL COMMITTEE OF LEGISLATURE IN GREENVILLE

FOURTEEN MEMBERS IN THE PARTY

They Are Met at Depot by Citizens and Taken Direct to the School—Inspect The Buildings and Equipment and Look Into Needs of The Institution.

The educational committee of the senate and house of the general assembly of North Carolina, visited Greenville today to inspect East Carolina Teachers' Training School and look into the needs of the institution. The party arrived on the 9.40 Norfolk Southern train and were met at the depot by citizens with carriages and automobiles and taken direct to the school.

Those of the educational committee who come are Senators Baggett, of Harnett; Sigmon, of Burke; Armstrong, of Montgomery; Ivie, of Rockingham; Cox, of Jackson; Cotten, of Pitt; Hyatt, of Yancy; Hicks, of Granville; Representatives Spainhour, of Burke, chairman of house committee; Johnson, of Orange; Brown, of Jackson; Thorne, of Pitt; Smith, of Caswell; Kendrick, of Gaston.

With the committee inspecting the school are State Superintendent of Education J. Y. Joyner. Hon. Y. T. Jones and ex-Gov. T. J. Jarvis, members of the executive committee of the board of trustees.

The visitors reached Greenville and were taken out to the school for breakfast. The committee made a thorough inspection of the entire school plant, including the buildings and grounds throughout every department.

Mr. H. A. White, president of the board of commerce, was introduced to the committee, by President Joyner and in a few remarks welcomed them to Greenville. He stated that this institution was the pride not only of the city of Greenville, but that the entire county took an interest in and fostered it. He extended the committee an invitation to visit the town after they had finished inspecting the school.

Assembling in the president's office in the administration building, chairman Spainhour called the committee to order, and asked for suggestions for the needs of the school by those connected with it. Governor Jarvis made a statement as the founding of the school, and the part the county of Pitt and town of Greenville took in establishing it, these giving \$98,000 while the first State appropriation was only \$15,000. The State made an appropriation of \$50,000, making a total of \$65,000 the State has put in the plant. He then told of the erection and furnishing of the buildings, and the part of the school since its opening.

President Wright also spoke to the committee, giving items of expense of the school and other information as to the course of study and work of the student body.

At 12.30 o'clock the entire school assembled in the auditorium where the students sang several songs. After brief remarks by President Wright, this part of the meeting was turned over to Representative Spainhour, chairman of the house educational committee. He spoke briefly, and then introduced other members of the committee who made short addresses, declaring their interest in the educational work and expressing pride at what they had found in this school here, and pledged themselves to do what they could for this school.

Senator Hicks said he had been anxious to come here, because his county, Granville, had given some of her best people to Pitt, and referred especially to Prof. Ragsdale, our county superintendent and the splendid work he had done in the educational advancement of Eastern North Carolina.

Interesting talks were made by Senators Baggett, Ivie and Armstrong and Representatives Johnson and Brown. The others would have talked, for they had been greatly impressed with what they had seen in the school, but there was not time at the conclusion of the talks in

AYDEN CORRESPONDENCE.

Community Social News Items and Business Notes.

Ayden, N. C., Feb. 1.—Alfonzo (Bud) Hart and Leonard Tripp left last Tuesday for the machine shops at Columbia S. C. Leonard returned by the first train after arriving there, singing "There's no place like home."

White shad were on the market Saturday and bucks sold for \$1.00 each. They were caught at Pitch Kettle.

Rev. J. H. Griffith, of Kinston, was here yesterday placing tombs at the grave of the late John Allen Lewis Templeton.

Dr. J. C. Caldwell preached Sunday night in the Christian church on the "Ten Virgins" and delighted his hearers.

A small son of Mr. James E. Jones fell from a bicycle Monday evening and broke his arm.

Our hardware department is more complete than ever. See us for anything in that line.—J. R. Smith Co.

Mr. Alex Dawson spent Friday night in town, with Mr. W. F. Hart.

Mrs. Will Hart and children returned from Snow Hill Monday. Her mother accompanied her.

Furniture, stoves, matting and oil cloth. See us before you buy, we will tell you a secret.—J. R. Smith Company.

There is a chair factory in the rear of Kittrells stables. A Creole making rustic chairs and settees of willow, seems to find a ready demand for all he can make.

A full line of cart wheels, cart bodies, box or dump, also any repair work done, either wood or iron. See us.—J. R. Smith Company.

His honor, Mayor Barkick, had to convene his court Sunday to try some of the offenders of Saturday night, and re-convened Monday morning to try the residue.

We are informed that a small change in the stock law fence would be quite a saving to the tax payers of Pitt county. If a line of fence was run from the gate near Mr. Israel Moore's to the old Green Mill run near Greenville, only a distance of 12 miles would save 73 miles of fence, or from the same starting point to Grimesland, a distance of 19 miles, would do away with near 100 miles of fence. We believe this matter is worthy of deep consideration by Messrs. Cotten, Thorne, and Moorling. We are sure they are not such men as the representative from Surry county.

Rev. M. Caraway will preach a special sermon to the Odd Fellows the fourth Sunday in February at 3 o'clock, p. m., in the M. E. church. Everybody invited.

A full line of coffins, caskets, copper lined trimmings, shrouds, etc.—J. R. Smith Company.

Prof. Ragsdale was here Monday looking after the school interest.

Dr. J. H. Mewborn, the oculist, or eye doctor, will be here Monday. Be sure to come and have your eyes treated and fitted with Dr. Hawk's glasses.—J. R. Smith Company.

Mr. E. T. Moseley, of Kinston, spent Sunday here with his daughter, Mrs. J. R. Turnage.

Mr. C. L. Jackson, of Wake Forest, was here a short while yesterday.

Mr. John Stokes, editor of the Pitt County News, was here yesterday taking subscriptions, and told us he had an up to date \$8,000 plant, and ready for business.

In the auditorium, Senator Hicks offered the following resolution, which the committee unanimously adopted:

"Resolved, That the State of North Carolina owes a debt of gratitude to the county of Pitt and the city of Greenville, and to Governor Jarvis and his associates, for this magnificent institution dedicated to the State.

"Resolved, second, That this committee will work for the full appropriation asked for by the president and board of directors."

This was greeted with great applause by the entire school.

President Wright thanked the committee for all the words of praise they had expressed for the school, and asked the pupils to sing in conclusion, "Carolina" which they did with spirit.

The committee were then taken to dinner with the school, and spent the remainder of the afternoon, until time to leave on the 4.56 train, in being shown the town.

The committee enjoyed their visit to the school and Greenville, and the school and town were delighted to have them.

PROCEEDINGS OF THE N. C. GENERAL ASSEMBLY

TUESDAY WAS A VERY QUIET DAY

Senate Considers Hoke County Bill—House Takes Income Tax as a Special Order—Very Few New Bills.

Senate—Tuesday.
In the way of new bills there was mighty little doing in the senate, which may be the best thing. The bills introduced were all of a local nature.

A special order for the day was the bill to create Hoke county out of portions of Robeson and Cumberland. The bill brought out a long discussion.

House—Tuesday.

The house also had a special order to consider, the federal income tax.

There were several new bills, practically all of a local nature. The only exceptions were:

Carr: To provide for a monument to the women of the Confederacy.

Rawls of Pamlico: To tax dogs in the state and protect people from hydrophobia.

Thompson: To establish a North Carolina school for the feeble-minded.

JENKINS-MANNING.

Pretty Marriage of Popular Couple at Parmele.

Parmele, N. C., Feb. 1.—A very pretty marriage took place at the home of Mrs. Maniza Manning, near Parmele, on Tuesday, January 31st, at 4.30 o'clock, when her daughter, Lucy Elizabeth, became the bride of Mr. John Robert Jenkins, of Oakley, N. C.

The home was tastefully decorated in ivy and evergreens and was filled with friends of the contracting parties long before the hour arrived for the consummation of the nuptials.

Just before the bridal party entered the parlor Mrs. H. V. Staton, of Bethel, very sweetly rendered "Meditation," and then Miss Mantle Whitehurst charmingly sang "O, Promise Me." Promptly as Lohengrin's Wedding March pealed forth the bridal party entered in the following order: Miss Myrtle Harrison, of Washington, with Mr. T. R. Andrews, of Bethel, Miss Pearl Jenkins with Dr. M. P. Manning.

Then came the groom with his best man and brother, Mr. Ben. Jenkins, and the bride with her sister, Miss Carrie Manning as maid of honor, who were met in front of a lovely arch of evergreens and ivy by the Rev. J. W. Autrey, who in very eloquent and impressive language, united them in the holy bonds of matrimony.

The bride was handsomely attired in a green traveling suit with hat and gloves to match, and carried white carnations and lilies of the valley. Her maid of honor wore light blue messaline and carried pink and white carnations.

The other bridesmaids wore cream serge and carried pink carnations. The bride is the eldest daughter of Mrs. Maniza Manning and an unusually charming lady and counts her friends by the score. The groom is from one of the best families in Martin and Pitt counties and a successful merchant of Oakley.

The presents received were many and handsome, attesting the high esteem in which the young couple were held.

Immediately after the ceremony, the couple drove to Parmele and took the train for the nation's capital and other places of interest.

AFTERNOON, FEBRUARY 1, 1911.

Curdy should take along a little more grease next time.

The man who favors progress and improvements should not be afraid to show his colors.

Man's rights are curtailed, but there is no tail at all to the right of the cur.

It is strange that some people who would be the greatest beneficiaries of good roads should be opposed to them.

Mr. Citizen, of Greenville township: If a candidate for public office solicits your support and you give it, you are simply aiding a friend to obtain something he desires. If that same man should solicit you to oppose a measure or sign a petition opposing a measure that means a great deal for you and yours, you should hesitate, investigate the proposition and after careful consideration of the benefits obtained by said measure for yourself, decline to become a party to an act that is to your own detriment.

Enthusiasm.

A man might have honesty, health, ability, initiative, knowledge of the business, tact, sincerity, industry, and open-mindedness, and without enthusiasm he would only be a statue. Enthusiasm is the white heat that fuses all of these qualities into one effective mass. To illustrate enthusiasm: I can take a sapphire and a piece of plain blue glass, and I can rub the plain glass until it has a surface as hard as the sapphire, but when I put the two together and look down into them, I find that the sapphire has a thousand little lights glittering out of it that you cannot get out of the blue glass if you rub it a thousand years. What those little lights are to the sapphire, enthusiasm is to a man. I love to see enthusiasm. A man should be enthusiastic about that in which he is interested. I like to go to a ball game and hear a man "root" for the home team, and it never bothers me a bit, because I know that that man has enthusiasm. He has interest. I would not give two cents for a man who works for money alone. The man who doesn't get some comfort and some enthusiasm out of his daily work is in a bad way. Some men are almost irresistible—you know that; it is because enthusiasm radiates from their expression, beams from their eyes and is evident in their actions. Enthusiasm is that thing which makes a man boil over for his business, for his family, or for anything he has an interest in for anything his heart is in. So I say enthusiasm is one of the greatest things a man can have.—By Hugh Chalmers.

Stick to The Newspaper.

Last week 150 business men of Kansas City held a banquet and

subject of advertising received quite a lot of attention. Among the speakers was J. M. Robinson, a well known business man of Topeka, Kansas, who gave them this kind of advice about advertising, and it is so good that it will bear repeating here: "If you merchants want advertising go to the plants that have built your city—the newspapers. They advertise you more than the little six ad. you place in one corner of them can pay for. They sometimes say nice things about you, and often they say things about you which are not nice. The newspapers are the best advertisement a city or a group of business men possesses."

The business world is coming to realize the truth of these statements more each day. A city is known by its newspapers because they reflect the business, social, and intellectual life of the community. The business men today who are succeeding are the ones who are using the newspapers not once a month or once a week, but every day in the year. It is the constant lick that makes business and the man who strikes a lick and then waits until the iron cools will never accomplish much in the world of business. You cannot do business and you cannot reach the people in any way as effectively and cheaply as in the newspapers.—Salem Times.

Deaths in American Mines.

During the past ten years twenty-five thousand two hundred and ninety-three people have been killed in the coal mines of North America.

This record represents a fearful economic as well as human cost. The loss of a man who works, who contributes to the production of wealth, is a loss to the entire community, just as the burning of a house is, or the destruction of a food crop. Labor, in the long run, a country's prime asset.

It therefore behooves the government, as well as mine owners, to seek diligently for means to prevent or at least to reduce these numerous disasters. This the United States has recently done in the establishment of a bureau whose special business it will be to inspect mines and to devise should have been created long ago, for should have been created long ago, for his particular we are far behind the old-world nations.

In the United States during the past decade the rate of deaths from accidents among mine employees has been three and eleven one-hundredths to every thousand men. In the United Kingdom the rate has been only one and twenty-nine one-hundredths per thousand; in Austria, one and thirty-five one-hundredths, and in France one and eighty one-hundredths.

These figures indicate that a great portion of the casualties in the United States might have been prevented through due sight or proper appliances. It is heartening to know that our government has at least begun to notice this problem. The death rate for the current decade will undoubtedly be smaller.—Atlanta Journal.

The North Carolina general assembly has passed bills to protect 'possums in' Randolph and rainbow trout in Graham, while sheep in every county of the State is left to the tender mercies of the sheep-killing dog.—Salisbury Post.

A bill has been presented in the North Carolina legislature in regard to safety matches. If it will prevent so many divorces, it strikes us as a good thing.—Durham Sun.

Many Greenville People Testify to This.

You can't sleep at night. With aches and pains of a bad back. When you have to get up from urinary troubles. All on account of the kidneys. Doan's Kidney Pills bring peaceful slumber. They are for: They are for kidney ills. Mrs. James Gaffis, 12th street, Greenville, N. C., says: "I am pleased to add my endorsement to the many already given in favor of Doan's Kidney Pills. For a long time I was troubled by my kidneys and I suffered intensely from backache and pains in my shoulders. Headaches and dizzy spells bothered me and I rested so poorly that when I got up in the morning, I was in no fit condition to begin my work. When I read of Doan's Kidney Pills, I immediately got a supply from the John L. Wooten Drug Co., and to my delight, they did me a world of good. Cures a Cough or a Cold in a Day.
Go to your druggist and get "Two ounces of Glycerine and half an ounce of Concentrated Pine compound. Mix these with half a pint of good whiskey. Shake well. Take one or two teaspoonfuls after each meal and at bed time. Smaller doses to children according to age." Any one can prepare this at home. This is said to be the quickest cough and cold cure known to the medical profession. Be sure to get only the genuine (Globe) Concentrated Pine. Each half ounce bottle comes in a tin screw-top sealed case. If the druggist is out of stock he will quickly get it from his wholesalehouse. Don't fool with uncertain mixtures. It is risky.

Splendid for Indigestion.
A wonderful digestive mixture, which quickly relieves distress after eating, headaches, belching, sour stomach, dizziness, etc., and if used for sufficient time, will completely cure the worst case of dyspepsia, is the following: "Two ounces essence of Peppermint; three ounces syrup of Ginger; one ounce Catandir compound. These to be mixed in a six-ounce bottle, shake well and use in doses from one to two teaspoonfuls after each meal and at bedtime. The Catandir is a comparatively recent preparation and may not be kept in stock by some of the smaller druggists, but he can get it very promptly from his wholesale house. This is surely worth trying by any one with stomach trouble. In hospital work it has been very successful.

Best Rheumatism Prescription.
This has been well known to the best doctors for years and is now given to the public. "Get one ounce of syrup of Sarsaparilla compound and one ounce Toris compound. Then get half a pint of good whiskey and put the other two ingredients into it. Take a tablespoonful of this mixture before each meal and at bed time. Shake the bottle before using." Good effects are felt the first day. Many of the worst cases have been cured by this. Any druggist has these ingredients on hand or will quickly get them from his wholesale house. Any one can mix them.

LIFE ISN'T WORTH LIVING.

When This Statement is Made It May Be Generally Attributed to the Lack of Good Health.

We want to talk to people who are nervous, who suffer frequent headaches, who don't enjoy their food, who are irritable, quickly lose their temper, who are so exhausted that they feel they must give up, and have become so despondent that life doesn't seem worth living.

Most of the above described conditions are chiefly caused by what is commonly called catarrh, a "below par" condition of mucous membranes. This delicate lining of certain of the body cavities becomes weakened, inflamed and congested until the whole system is weakened, mental depression ensuing as one of the results. The wise way to overcome this condition is through a treatment of the general system. We have the treatment, and we are so positive it will produce the results we claim for it that we will supply it to any one with the understanding that we will return to them every penny paid us in every instance where the treatment is not in every way satisfactory and beneficial to them.

We want you to try Rexall Mucuo-Tone, which is a scientifically devised alternative tonic and body builder, its action being to aid the body in its effort to re-establish the natural and healthy functions of the mucous membranes.

Rexall Mucuo-Tone thus acts to expel the "catarrhal poison," restore the mucous cells to good health, tone up the whole body, allay inflammation, remove congestion and stimulate the system to healthy activity. It is splendid for aiding in the building up of flesh and muscle tissue and removing weaknesses.

Come to our store and get a bottle of Mucuo-Tone, and after giving it a reasonable trial, if you are not satisfied, simply tell us so, and we will hand back your money without question. Surely nothing could be more fair than this. Rexall Mucuo-Tone comes in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at our store—The Rexall Store. Notice to Parents and Children!
I find it necessary to take some steps to stop persons from riding bicycles on the side walks in the town. Among the most frequent violators are children. I appeal to the parents of the town to take their children in charge that they must top this violation. Otherwise, I shall be compelled to deal with them as with other violators.

Answer is Easy.

"What is love?" is the startling inquiry propounded to the Orange (Va) Observer, and Newt Robinson refers the correspondent to "Old Hurraygraph" for a correct definition. Nothing could be easier to answer. Love is a daily journey to the market to purchase eatables--such as butter, eggs, chickens, tough beefsteak; a continual struggle to live happily with your mother-in-law; and an earnest desire to meet the milliner's bills promptly; a debatable congress in which you go into executive session daily on the question of hobble skirts, and how much time shall be spent in bridge whist out of which you come feeling like a boy who does not want to go to Sunday school, but is made to go by parental authority.

In other words, Love is--we should say it is--why of course it is.--Durham Sun.

Cotton.
New York, Feb. 1.--Cotton opened steady with old options 3 to 5 points lower. Lower cables were mainly responsible. However, October contracts were three points higher. Business was quiet. Opening: February, 14.65; March, 14.75; May, 14.93; July, 14.96.

Stocks.
New York, Feb. 1.--Stocks developed strength with Union Pacific leading with new high record of 178 1-2. Reading and Steel were exceptionally strong, moving up 3-4 respectively. Hill stocks advanced an average of a half point. Copper stocks were strong.

Grain.
Chicago, Feb. 1.--Wheat was up 1-2 cent; corn a shade higher; oats heavy, but fairly steady; provisions lower with hogs at yards.

An editor down East has started things by discussing which of Adam's ribs was taken to make over into Eve. A spare rib, of course. Set of Ware FREE!

If you call at our store during our MAJESTIC DEMONSTRATION week and allow us to show you the many advantages and superior qualities of the Great MAJESTIC RANGE, and will purchase one at the regular price, we will give you FREE the beautiful and useful SOUVENIR Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this Set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the Set FREE with each Majestic Range bought during the Demonstration week only.

Reasons Why the Great Majestic You Should Buy

- 1st.--It has the reputation of being the best range money can buy.
 - 2nd.--It not only has the reputation but IS the BEST range made, and we will prove this to you if you will let us.
 - 3rd.--It is constructed of malleable iron, material you can't beat, and of Charcoal Iron, material that resists rust 300 per cent greater than steel riveted together air tight. No heat escapes or cold air enters. The range thus uses very little fuel to do perfect work.
 - 4th.--The reservoir alone is worth the price of range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle with pocket against left hand lining, and is movable and sets on frame, hence cannot wear out. When water gets too hot it can be moved away from fire.
- MAJESTIC RANGES use less fuel; heat more water--and, heat it hotter; costs practically nothing for repairs; lasts three times as long; bakes better; easier to keep clean and gives better satisfaction than any other range on the market. If you know positively that the above statements are true, wouldn't you buy a MAJESTIC at once?
COME IN DEMONSTRATION WEEK AND WE'LL PROVE IT TO YOU.
