WASHINGTONIAN WINS GREENVILLE BRIDE

THE ELLISON-BURCH MARRIAGE. Beautiful Ceremony in Memorial Baptist Church.

At 8 o'clock this morning in Memorial Baptist church was solemnized a beautiful marriage in the joining of hearts and hands for life of Mr. James Ellison, of Washington and Miss Maida Lillian Burch, of Greenville, the ceremony being impressively performed by the pastor, Rev. C. M. Rock.

The church was tastefully decorated with Easter lilies, potted plants and ferns. The windows were darkened and electric lights gave a soft glow to the pretty scene.

Just before the bridal party entered Mrs. W. L. Hall sang "Because"

Then to the strains of the wedding march played by Miss Lillian Carr, the bridal party marched up the aisle to their respective positions in the following order.

First came the ushers, Dr. A. C. Hoyt and Mr. E. K. Willis, Jr., of Washington, Mr. C. M. Warren, of Greenville and Mr. T. M. Owen, of Norfolk.

Following these were the bride's maids, Misses Hennie Whichard, Nancy Coward and Mattie Moye King, of Greenville and Susie Perry, of Kinston. These were each attired in dresses of white lingerie over blue messaline, with white hats, and carried bouquets of pink carnations.

Next were the two dames of honor, Mrs. J. H. Hillary, of Philadelphia and Mrs. T. M. Hooker, of Greenville. Mrs. Hillary wore a costume of blue silk and carried white carnations. Mrs. Hooker wore her recent wedding dress of brocaded silk and carried Miss Helen Forbes, the maid of honor, wore white marquisette over blue messaline, with white hat, and carried white carnations.

As the bride with her brother, Master Ferrall Burch, came up the aisle, the groom with his best man and brother, Mr. W. H. Ellison, of Washington, entered through the choir door and they met at the altar where their vows were exchanged and sealed with a ring.

The bride wore a handsome tan cloth suit with brown hat, gloves and shoes, and carried a shower bouquet of bride roses and lilies of the valley. The couple left on the 8:32 A. C. L. train for Norfolk, Baltimore and New York on a bridal tour before going to their home in Washington. The number of bridal presents they received was large and exceedingly beautiful and valuable.

The bride was one of Greenville's most attractive young ladies who is a favorite with every one, and the groom a popular young business man of Washington.

After a rehearsal in the church, Tuesday night, the bridal party was entertained by Mrs. W. L. Best at the home of her mother, Mrs. C. J. Forbes, on Evans street.

The home was prettily decorated, the hall in red and white and the various rooms in pink and white.

The guests were met at the front door by Mr. and Mrs. W. L. Best, and were served with punch in the hall by Dr. and Mrs. E. A. Moye.

Mr. and Mrs. C. S. Forbes, and Mr. T. M. Owen, of Norfolk with Miss Helen Forbes received in the parlor, and here all were entertained with delightful music.

Mr. and Mrs. G. W. B. Hadley received in the setting room, and in the dining room refreshments were served by Mr. and Mrs. M. H. Quinerly and Mr. and Mrs. C. S. Forbes. After the refreshments, the bride's cake was cut, this proving an event of much merriment, Miss Betsy Greene, of LaGrange, cut the thimble, Miss Hennie Whichard the dime and Mr. C. M. Warren the ring.

The Pardoning Power.

Of all the matchless gems of thought and sentiment contained in the Sermon on the Mount, "Blessed are the merciful for they shall obtain mercy" is the purest. This beautiful promise, like softly played music, has been wafted down through twenty centuries, softening the hard and savage hearts of men.

But when mercy is used as an excuse for turning loose upon a community criminals, who have been duly convicted by our all too lenient courts, mercy takes on a different aspect. Governor Kitchen has been very careless in his use of the pardoning power recently thereby bringing upon himself much criticism from all parts of the state. Hardly was the ink dry upon the signature of one of the pardons until the subject of the pardon had outraged the sense of decency of a whole community. At least one criminal has been turned loose upon the people of Durham county who is a menace to the peace and dignity of the community. The experience of the governor with the Lexington desperado is too well remembered to need repetition.

It all demonstrates the unwisdom of leaving the pardoning power in the hands of one man. A competent and judicious pardoning board should be appointed. To a large hearted man, the appeal of a wife, a sister, and above all the mother of the criminal is almost irresistible. By this means justice is thwarted. A pardoning board could look into the merits of the case and issue pardons that would conform with the spirit of justice rather than thwart the ends of justice. Under the law showing mercy is carrying out the spirit as opposed to the strict letter. It is only in this sense that mercy has any place in jurisprudence. The very life of a state demands that crime be punished regardless of the suffering of a few individuals, who, in the cases, are simply reaping what they have sown.—Durham Sun.

NEWSY HAPPENINGS

GATHERED FROM EXCHANGES. And Briefly Stated for Our Busy Readers.

Winston-Salem, April 17.—William S. Campbell, aged 25, was killed at Clemens station this afternoon by falling from a freight train. Campbell had jumped on the train and was swinging on to a car. When the train reached a speed of about 25 miles an hour his hold broke and he fell down an embankment, killing him almost instantly.

New York, April 18.—Two men who had registered as John Costello, of Salisbury, N. C., and Matthew McIntyre Harris House, Mt. Airy, N. C., were found dead from gas in a Jersey City hotel tonight. The men had registered at the hotel last night and occupied the same room. The police believe that death was accidental.

Greensboro, April 17.—Wade Auman and Worth Farlow, aged 21 and 7 years, respectively, were drowned in Allred's mill pond 2 miles from Steeds, Montgomery county, late yesterday afternoon, when a boat, in which they, with two other companions, were rowing capsized.

Rev. M. M. McFarland, pastor of the Methodist church in Mebane, had just completed his sermon Sunday morning and knelt for the closing prayer when he was suddenly stricken with paralysis. He was taken to his home and died a few hours later.

Durham, April 18.—The most colossal blind tiger raid in Durham's ignoble record in that respect, was consummated this morning when 61 were rounded up, and docketed for the recorder's court.

Complimentary Dance.

The young people of the town gave a most enjoyable dance in Perkins' hall Monday night, complimentary to the approaching marriage of Mr. James Ellison and Miss Lillian Burch. There were a large number of dancers and spectators present. The music was furnished by the Washington orchestra. After the dance Miss Lucille Cobb entertained the bridal party at a late lunch.

MAY BRING PEACE.

Diaz Sends Proposal to Madero for Terms.

By Wire to The Reflector. Mexico City, April 19.—The acceptance by President Diaz of the proposal from General Madero's agents for an armistice to discuss peace terms is expected to end all fighting as soon as news can be communicated to the forces in the field. The armistice proposal appears to be the direct result of the battle of Agua Prieta. Both sides fear American intervention if there is further fighting on the border.

Selling Votes

The moral baseness of selling votes at elections cannot well be exaggerated. Whoever sells his vote proclaims himself to be unworthy of citizenship, the foe of his country and a traitor to a most sacred trust. To perpetuate our republic we must keep the franchise free and incorruptible. All men who tamper with its purity are public enemies, however sacred their bargain may be, however specious their excuses and their defense. To make a traffic in votes anywhere is to degrade manhood and speedily destroy the state. Under all disguises the venom is deadly, swift to spread, slow to yield, exceedingly hard to eliminate. If there is one thing more frightful than the sweep of the plague, it is this secret swoop of greed upon the soul and spirit of the voter in the open poll or the sly casting of corrupt votes for measures and men that may merit nobler support. When a man shows degeneracy of principle his acts are dangerous. He may seem to do high service to men while he steals and lies. The venom of venality simply eats out the heart of virtue. It is a virus that kills the soul of honor. When this poison is once injected a man's whole spiritual being is in peril. Every finer sentiment is touched with a blast from the pit, graces fade and slow gangrene of self creeps horribly along the natural courses of honorable living. So the whole body politic becomes corrupted. And every Christian man is called to act in the premises as a Christian and do what he can under law to bring offenders to account. To this he is obligated in the most solemn way.—Presbyterian Standard.

Mr. A. L. Harrington, of Kinston, spent Thursday and Friday in town.

Saturday some colored people brought a child here to the office of Dr. Dixon for treatment, and while there the child died in the mother's arms. The scene was pathetic, a mother, with her dead baby in her arms, away from home.

This is a good market for anything you have to sell; chickens are bringing from 45 to 65 cents or 12 1-2 a pound.

Mr. L. L. Kittrell is making some much needed improvements at his electric plant, and installing a boiler near the power house, which will prove quite a fuel saver.

Mr. J. J. Smith, who suffered a stroke of paralysis on March 12th and has since been lingering in an unconscious state, passed away Sunday evening just at twilight. His remains were laid to rest in cemetery Monday evening. Rev. Mr. Caraway of the M. E. church conducted the funeral service, and the Masons buried him with honors. Mr. Smith, though only about 44 years old, was one of Ayden's old land marks and was the first mayor of Ayden. He was absent for the A. C. L. until about five years ago, he resigned that position and sold fertilizers and bought cotton until last year, when he devoted his entire attention to farming. He leaves a widow and four children. Mr. Smith was educated at Bingham's after going through the country schools. He had acquired a neat little fortune by his close application of economy and toil. He was a Mason, and Modern Woodman, and was a strong believer in life insurance, and by so believing left his family well provided for.

Quite a number of our young people drove down to Grifton Monday morning, joined a lot more, and took a pleasant ride down the river to Maple Cypress, where they had an Easter picnic.

Mr. Lewis Braxton and Miss Malissie Everett were married on Easter. J. F. Barwick, Esq., officiated.

The wife of Alonzo Smith, colored, swallowed an open safety pin Saturday. She appealed to our local physician, and then went to the Kingston hospital, we interviewed her and she said the pin was never located. Her throat was irritated, from trying for it. She can eat and she suffers no inconvenience from it.

The town board of education, held a special session Monday evening getting in readiness to plan and build, how when, and where.

There was quite a number of Masons from Greenville, Winterville, and Robersonville here Monday.

Rev. Mr. Cole, superintendent of the Methodist orphanage, preached here Sunday and made an appeal, and our good people responded most liberally.

While pic-nicing Monday at Maple Cypress, Miss Jennie Davys was frightened at an eel and jumped over-board, she was rescued; no damage done, except a good ducking. All reported a pleasant occasion.

Mr. Francis Labadie and Miss Lillian Jurgens gave an entertainment in the city hall auditorium, Tuesday night, for the benefit of the Civic League of Greenville. The audience was not large, owing to other social features the same night, but those present expressed much delight at the entertainment. Both Mr. Labadie and Miss Jurgens are real artists, and their impersonations and interpretations of great actors and authors were indeed clever.

FREE LIST TARIFF BILL REPORTED IN CONGRESS

THESE WILL HELP THE FARMER

Articles Named Are in Most Ordinary Use

By Wire to The Reflector.

Washington April 19.—Chairman Underwood of the ways and means committee, today reported the house a free list tariff bill with favorable recommendation of the committee which contains one hundred or more articles. The items include agricultural implements, cotton, flour, bread, timber, lumber, cereals, salt, saddles and harness, sewing machines and practically all important articles used by the farmer. The bill was reported from the ways and means committee by a strict party vote without amendment. The report charges the Republican party with having failed to keep its tariff pledges in support of the free list bill, in addition to Canadian reciprocity. It says while the Canadian reciprocity agreement is a desirable beginning of the greatly needed work of revising injurious tariff provisions, it cannot be expected unaided to afford more than a fragmentary and partial relief to the people. The report takes up item by item the articles put on the free list together with statistical data to show that the Democratic free list bill is in the interest of the farmer and will recompense him for any inequalities that may exist in the Canadian reciprocity agreement.

If a man can't get elected to office he tries to get appointed.

THE FARMERS CONSOLIDATED TOBACCO COMPANY

The annual meeting of the stockholders of the Farmers' Consolidated Tobacco Company, held here Tuesday, and the showing made in the report of the company's business for the past year, gives abundant cause to reiterate opinions heretofore expressed concerning this organization of farmers. That they are doing a great work is evidenced in results. Organized as they are on business principles, and carrying on their operations in a business like way in their own interests, success was sure to come with proper co-operation and that is what has come out of it—a success that should make every one interested in it proud of the organization.

Readers of The Reflector are aware of its faith in the Farmers' Consolidated Tobacco Company. Because of faith in the men who promoted it, and a belief that the principles of the organization were right and intended to advance the interests of the farmers who raise tobacco, we have not hesitated as occasion called for to commend it, and to advise the farmers to give the organizations their co-operation. In the face of hard, bitter and even malicious opposition, the company has pursued the even tenor of its way, proving by its work that it was entitled to confidence, until today it stands upon the pinnacle of success, the institution that is recognized as having done more for the tobacco farmers of Eastern North Carolina than any organization ever undertaken.

In the eight years the company has been in operation it has saved the farmers thousands of dollars in enabling them to get better prices for their tobacco than they otherwise would have obtained, and in addition to this it has paid the stockholders dividends amounting to 149 per cent besides constantly enlarging its business and improving the value of its property holdings.

The report of the secretary at this annual meeting showed the property holdings of the company worth \$67,741.56, with a stock issue of \$39,800 and an indebtedness of \$25,000, making its property worth nearly \$4,000 more than its entire stock issue and indebtedness combined. Few corporations anywhere can make a better showing than this.

The net earnings of the company the past year was 12 1-2 per cent, and this in the face of the fact that the tobacco crop last year was the poorest ever raised in Eastern North Carolina and was 20,000,000 pounds short of the previous year. Of this earning 8 per cent in cash was paid

to the stockholders, and the balance carried to the surplus.

The company has a board of directors composed of business farmers, men who have made a success of their individual business and in whom every one has the utmost confidence. They are Messrs. O. L. Joyner, J. J. Turnage, S. M. Jones, J. Marshall Cox, C. D. Smith, R. J. Cobb, S. V. Joyner, W. H. Dall, Jr., E. E. Dall, A. A. Forbes and T. R. Hodges. These directors showed wisdom in re-electing Mr. O. L. Joyner, president of the company. While each officer of the company is faithful to every duty—Mr. T. R. Hodges as vice president, Mr. R. J. Cobb as treasurer Mr. W. H. Dall, Jr., as secretary and Mr. B. B. Sugg as auditor—rendering the president loyal support in managing its large business, Mr. Joyner as the executive head has proven himself a man of ability and sterling qualities, and worthy of all confidence. The company is fortunate in having such men to manage its affairs, and that its business should meet with the highest success is what might be expected.

Raleigh started split and continues split. The municipal primary there Monday was about a half-and-half break, the "good government" ticket winning five of the eight aldermen and the opposition getting all the balance of the city officers. It will continue to be a divided house and there may be lots of squabbling.

There has been no warm weather to speak of this spring, and yet the cold spell in May is to come.

Don't Plant on High Beds.

We have no objections to throwing the land up in beds when it is broken, as is so generally practiced by the man with the one-horse plow. In fact, in damp, cold lands it is probably best; but we do object to planting on high beds on any sort of lands. On heavy, damp soils it is probably best to plant on a bed, but this should not be more than just a little above the level. The high beds interfere with proper cultivation later and are a detriment to the crop in dry weather; while in wet weather, on lands so poorly drained that the crop will suffer on low beds it will suffer little, if any, less if you use high beds.

If the land is thrown up in beds when broken, then instead of re-bedding, as is sometimes done, it will be found much better to use the disk harrow to pulverize the soil and cut up the clods and sods and at the same time smooth down or lower the top of the beds. This should be done a week or two before planting, then just before planting use the smoothing harrow freely and still further pulverize the soil and lower the beds.

These things will have to be done when the boll weevil is present, but it is equally important that they be done where no boll weevils exist, if the best yields are to be made.—Tait Butler in Progressive Farmer.

GRANDMOTHERS' BEAUTIFUL HAIR

Color and Beauty of the Hair Preserved with a Harmless Remedy Made from Sage

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturer of this remedy authorizes druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Lord Brougham's Oratory.
We have no orator in the least like Lord Brougham since the close of Brougham's public career. Everything that nature could do so far as appearance, manner and voice were concerned she had done to prevent him from being a great orator, and yet a great orator he undoubtedly was. I wonder what the house of lords just now would think of a peer who gesticulated and bellowed as Brougham was in the habit of doing. But it was impossible to listen to Brougham and not be carried away by the force of his intellect, by his torrent of words, by the sudden whirl and eddy of his rapid illustrations and by the longer and shorter stretches of quietude and repose into which his argument occasionally flowed.—From Justin McCarthy's "Reminiscences."

History.
History is made by one set of men and written by another. The character of the written history depends upon the politics of the historian.

Most histories are written many years after the history was made. In these circumstances no one can step forward and dispute the historian.

History is studied at school and forgotten at home. We are told to judge the future by the past, and after we read the histories we are as badly muddled as ever.

Some statesmen make history, but most of them make speeches.—Judge.

John O'Groat's House.
John O'Groat's house was formerly situated on Duncansby head, the most northerly point of Great Britain. It took its name from John of Groat, or Groot, and his brothers, who came, it is said, from Holland about 1480. The expression so often heard, "From John O'Groat's to Land's End," means the whole length of Great Britain from north to south, like the other expression, "From Dan to Beersheba," meaning the entire length of Palestine.

Including attractive side trips, to Virginia Beach, Mount Vernon and Arlington.

Prof. Frank M. Harper, Supt., Raleigh, Schools, will take a party of students of the Senior Grades of the Raleigh Public Schools to Washington, D. C., for an Educational Tour on May 29. Prof. Harper will not restrict his party to any locality, but invites any one of good character to join.

The purpose of the Tour is Educational—a trip to no other place is as instructive and interesting as to the beautiful City of Washington, the seat of our National Government. The Congress will be in (extraordinary) session.

Interesting features of the program will be a reception at the White House, by President Taft, and a visit to the Capitol of the United States, where the North Carolina Senators and Representatives will welcome the party.

Still another equally interesting side trip will be to Arlington, the home of the great Southern Chieftain—General Robert Edward Lee.

FOR CATARRH.

Medicine Free in Every Case Where it Fails to Relieve.

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is **REXALL MUCU-TONE**. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, **REXALL MUCU-TONE** is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample assurance to you.

ONE WEAK SPOT. Most Greenville People Have a Weak Part and too Often It's the Back

Everyone has a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up, day and night.

Tells you the kidneys need help—For backache is really kidney-ache. A kidney cure is what you need. Doan's Kidney Pills cure sick kidneys. Cure backache and urinary ills. Good proof in the following statement.

Jackson Baxter, 424 Bonner street, Washington, N. C., says: "I suffered from kidney and bladder trouble for a long time. The kidney secretions were scanty at times, while, at others profuse, and the passages were attended with pain. I had severe backaches and constant, gnawing pains through my kidneys. I was feeling miserable when I heard about Doan's Kidney Pills and began their use. They gave me such great relief that I obtained a further supply and since using this, the pains across my back have disappeared. I can heartily recommend Doan's Kidney Pills to anyone troubled by kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The Dangerous Fly.

A fly in a house is as dangerous as a rattlesnake, as filthy as a louse, as disgraceful as a bedbug. The cleanly home, will feel itself ashamed and disgraced by the presence of a fly, and when every housekeeper upon whose premises a brood of flies is detected will be fined heavily and sent to jail. The fly is a literal "eye of the Lord" because he is in every place, beholding evil and the good, especially the evil, for he loves to lay eggs in it. You can't hide dirt from a fly. He is also the most intimate and domestic animal we breed and keep. An ounce of cleanliness is worth a ton of fly paper and wire screens. One-half the money wasted on fly traps and window screens one-fourth the energy squandered in slapping and profanity would clean up the back yard and wipe out the chinsion.—Ex.

Big Cotton Crop Needed.

The New Orleans Picayune says that although the last cotton crop was approximately 12,000,000 bales, it has utterly failed to provide the supplies which the world's mills have required except at prices which have made it impossible for many of the mills, particularly those in the United States, to operate at a profit.

The short crops of recent years have not been the result of concerted curtailment of acreage. Unfavorable weather and the boll weevil have been mainly responsible for the short yield. It is certain that farmers are determined to plant a large acreage this spring, and nothing on their part will be done to stand in the way of a large yield.

A large crop this year is actually and seriously needed to restore normal conditions in the cotton trade of the world particularly the manufacturing branch.—Charlotte Chronicle.

Midnight in The Ozarks.

And yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home, hearing of Dr. King's New Discovery, he began to use it: "I believe it saved my life." he writes. "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whoopingcough, hay fever, hemorrhages, hoarseness or quinsy, it's the best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

Expressive.

One day little George's father brought home some Roquefort cheese. Upon being asked how he liked it, George replied with all seriousness, "Papa, it tastes just like the animal cages at the circus."—Success Magazine.

NEWSPAPER PRESS FOR SALE.

Having placed an order for a new fast newspaper and book press, to be installed the middle of April, we have a newspaper press that will be sold at a bargain for delivery May 1st.

It is a Monona Leverless Press, large enough to print four 6-column pages, or two 9-column pages and has steam fixtures so that it can be run either by hand or power. Been in use six years.

It is a splendid press for a weekly paper and is in good condition to do many years good service. We used a press from the same factory for 17 years before installing this one, printing a daily paper with small circulation about 10 years of that time. Its speed, 800 an hour, is too slow for a daily paper with the present circulation of The Reflector, and for that reason we are having to displace it with a faster press.

Any one interested and wanting a good press for a weekly newspaper, can see this press at work every day in the Reflector building, before our new press is installed. Any one who cannot come to see it at work and examine it, can get particulars by addressing

The Reflector Company, Greenville, N. C.
