

APRIL CRIMINAL TERM SUPERIOR COURT

JUDGE FURGERSON'S CHARGE.

The Grand Jury—Not A Large Docket At This Term.

The April criminal term of Pitt Superior court convened in the city hall this morning with Judge E. B. Furgerson presiding and Solicitor C. L. Abernethy representing the state.

The following were drawn as grand jurors for the term: J. F. Barwick, foreman; H. A. Gray, J. B. Carroll, G. T. Evans, W. Harvey Allen, W. A. Pierce, W. W. Whitehurst, James H. Cox, Frank Lilly, J. H. Laughinghouse, W. S. May, A. B. Congleton, B. O. Turnage, J. O. Johnson, G. G. Ward, J. E. Barnhill, C. D. Smith, E. P. Stokes.

In his charge to the grand jury Judge Furgerson said the proclamation assembling the court called all persons having complaints to come forward and they should be heard. It matters not how humble a citizen may be, he has a right to be heard before the tribunal of justice. An innocent man has nothing to fear by the assembling of a court, but the guilty should have justice merited to them. To let the guilty escape may be merciful to them, but it is not justice to the body politic. The courts are for the protection of the rights of the citizens. It matters not how strong a man may be and able to protect himself, there is a time in every twenty-four hours that he is absolutely helpless. He cannot stand around his property or his home to protect it, therefore he needs protection of the law. The best protection we have is good citizenship.

Every law has a penalty attached. Without a penalty the law is worthless, and he that violates the law must pay the penalty. It is so in the laws of nature, it is so in the laws of property. But for this there would be no reward for industry. The man who would be happy must conform to the rules of happiness.

To have good citizenship every man should cheerfully obey the law, and those who fail to do so should have the penalty of the law enforced against them. It is for that purpose that we come together in courts of justice.

There is no more important officer in any county than the justice of the peace or magistrate, and his duties should be performed justly and impartially. To him the people of his community come for a protection of their rights and a redress of their wrongs so far as the magistrate may have jurisdiction. It is wrong for a magistrate to take jurisdiction beyond his authority, but should send such matters to the higher courts.

Judge Furgerson also made reference to the importance of officers properly handling the public funds coming into their hands.

As to the general list of crimes he deemed it useless to go into these, as the attention of the grand jurors has been often called to them, so he laid down only a few general principles for their guidance.

Generally speaking, Judge Furgerson's charge was an excellent lecture on good citizenship and right living, things that make for the uplift of the people in morality, home government, education and happiness. His words carried weight with them and all who heard them were helped by them. Two standards he laid down as the best deterrent of crime were the certainty of trial and punishment for an offense, and the standard of respectability which a community establishes for itself. The community that sets a high standard and will not give recognition to those who commit crime, is not going to have much crime.

The recent special term so relieved the docket that at the beginning of this term there is not a long list of cases awaiting trial, and what the grand jury will find to present is only prospective. There are no capital cases.

A Happy Crowd.

The Reflector force was a happy family Saturday night. Erector J. A. Laney, who for four days had been putting up the big new press, had got the last piece in place. When the final connecting belt was thrown in place he gave the signal to turn on the electric current, and as the big machine moved off like a top there was "joy in the camp."

Every beautiful thing in the world has been made by one who knows.

NEW TROUBLE CONFRONTS PRESIDENT DIAZ

SERIOUS LEGISLATIVE SITUATION

Two Deputies Sharply Assail The President in Congress.

By Wire to The Reflector.

Mexico City, April 24.—With the martial crisis on the border averted for the time being, President Diaz is again confronted by the most serious legislative situation that has developed since congress adjourned. The conclusion of today's session is expected to find the anti-re-election bill enacted into law, but the gathering of legislators was accompanied with expressions of fear that the debate would precipitate a riot. Excitement has been growing since the session of Saturday night, at which Diaz was assailed by Deputies Battala and Calero. These two men are heroes of the city. They are the first who ever made sharp criticism of Diaz in congress, and everywhere they go they are greeted with ovations.

THE SECRET DISCOVERED.

Rebels Were Paid to Surrender Agua Prieta.

By Wire to The Reflector.

Douglas, Ariz., April 24.—The reason for the surrender of Agua Prieta to the Mexican federals was learned today. Commanders of the Mexican rebels were paid \$10,000 to abandon the town. They deserted their commands and fled across the border. The money is said to have come from American interests.

MARRIAGE LICENSES.

Only Two Were Issued During Last Week.

During last week Register of Deeds Moore issued marriage licenses to only two couples, as follows:

WHITE:

James-Ellison and Lillian Burch.

COLORED:

Zeno Little and Lena Mooring.

Ball Game this Afternoon.

A base ball team of Bethel came over today to play a game with the Greenville boys. The game is in progress out at the new ball park as we go to press this afternoon.

Hunting "Soft Snaps"

There are too many able bodied young men in this age who are going about the country looking for "soft snaps." They regard honest labor with scorn and think it unworthy of a "gentleman." What they want is an easy way to gain a support and live in high style by the sweat of the other fellow's brow. One of the first things they want to know when applying for a position is the very least amount of the work can possibly turn off and at the same time manage to hold the job. All lines of business and work are more or less encumbered with such fellows, and earnest, honest young men who are looking for places in which they may find an opportunity to prove their real worth are frequently crowded out by them. There is not much good of any sort in the fellow who scorns or looks down upon honest work or who is seeking an easy place.—Henderson Gold Leaf.

TIMES BUILDING

DYNAMITERS CAPTURED BEING RUSHED TO CALIFORNIA.

Movement of Detectives With Prisoners Guarded With Secrecy.

By Wire to The Reflector.

Kansas City, Mo., April 24.—In the strangest race ever made by officers of the law, Jas. McNamara and Otis E. McManigill, arrested in connection with the Los Angeles Times dynamite case, are being rushed across the continent to California. The utmost secrecy is being observed by the detectives in charge of McManigill and McNamara, who passed through here on the Santa Fee flyer this morning. Jno J. McNamara is with another party of detectives on another train, according to the best clues obtainable here, but as far as absolute information goes, he had completely vanished. Search of the trains passing through Kansas City failed to reveal any trace of him. If he went through here at all his passage was so carefully concealed that none of the police knew of it. Railroad officials are said to know of his whereabouts, but fear to divulge it lest the train on which he is riding will be wrecked or dynamited.

The Reflector's New Job and Magazine Press

The above is a cut of the new press which The Reflector has just installed. It is a No. 3 Miehle, built by the Miehle Printing Press Manufacturing Company, of Chicago, and was purchased through the Southern agency, Dodson Printers Supply Company, of Atlanta. It is one of the best flat bed two revolution presses on the market, and is adapted not only to newspaper work, but also to high grade circular, brief, catalogue, magazine, book or other printing. The Reflector feels a pride in possessing a machine of such excellence, for this additional equipment to the already large plant puts it in position to turn out almost any class of commercial printing.

While this press weighs ten tons, it is constructed along such perfect lines, and its parts fit with such accurateness, that it works as smoothly as a sewing machine and with very little noise. The selling agents sent a special erector, Mr. J. A. Laney, from Atlanta, to install the press, and he has done his work well.

TALEBEARING DISCUSSED.

The Subject Next Sunday Will Be Business Honesty.

The meeting of the Men's Prayer League in the Christian church, Sunday afternoon, had "Talebearing" for discussion, and the leaders Messrs. D. C. Beach, W. A. Bowen and A. B. Ellington made good talks on the subject. The talebearer stirs up mischief, and he who peddles it is as guilty as the one who starts it. Several others beside the leaders also made short talks.

Another practical subject will be discussed next Sunday afternoon when the meeting will be held in the Baptist church. The topic then will be "Business Honesty." Text, part of Rom. 12:17 and 13:8. Leaders, Messrs. G. E. Harris, T. R. Moore and F. M. Wooten. There are plenty of men who ought to hear this subject discussed, but some will not go out next Sunday through fear that their "toes will be stepped on."

INGENIOUS WORK.

Done By A Convict on the State Farm.

Today Mr. J. E. Nichols, who is one of the guards at the Caledonia state farm, here on a brief visit to his old home, showed us a bit of ingenious work that was done by one of the convicts on the farm. It is a miniature wheelbarrow, spade and mattock, all put together inside of a bottle, and then a stopper put in the bottle and riveted. The tools inside the bottle are representative of those the convicts use in building the dikes on the farm. The work was done by George Ellworth, a convict who has served terms in Georgia for safe cracking and post office robberies and who was caught committing similar offenses in this state.

Armless Bicycle Rider.

An armless man who is a fancy track rider on a bicycle was here today and gave a performance on the street this afternoon. He can do some marvelous stunts on the wheel some that look hard even for a man who possessed all his limbs.

Carolina Club Social.

The social meeting of Carolina Club for this month, that has been twice postponed because of other entertainments, will be held next Friday night, 28th, in the club rooms. There will be a good program of music and recitations. All ladies are cordially invited.

LOCAL BRIEFS.

Little Items too Short for a Head, but Interesting.

While here attending court is a good time to call in and pay your subscription to The Reflector.

There was frost this morning.

The usual court crowd is in town today.

The Reflector's friends, and enemies, too, if it has any, are invited to come any afternoon to see our new press at work.

Come to The Reflector plant with your orders for printing.

PERSONAL MENTION.

The People Who Come and Go on Our Trains.

Miss Viola Keeter returned Sunday evening from Williamston.

Prof. R. H. Wright has returned from Jacksonville, Fla., where he has been attending an educational convention.

Miss Ida Moye, of Snow Hill, who has been spending some time with Miss Pearl Barber, returned home Sunday.

Messrs. D. R. Forrest and L. G. Jones, from near Ayden, spent Sunday here.

Mrs. W. B. Randolph returned Saturday from Baltimore.

Messrs. Z. T. Broughton and R. O. Jeffries left this morning for Richmond.

Mrs. J. E. Thomas, of South Boston, Va., who has been visiting her son, Mr. E. B. Thomas, left this morning.

Mr. Z. T. Broughton, Jr., went to Farmville today.

VISITS Y. W. C. A.

And Conducts Service Sunday Evening.

Miss Clarissa L. Crane, secretary of the Young Woman's Christian Association for the Virginia-Carolina territory, spent Sunday at the Training School.

Her visit and instructive talks were greatly enjoyed and much good will doubtless result from her timely advice. She conducted the Sunday evening services, talking on the "Salvation of the Individual Life."

A solo by Mrs. Parham added greatly to the service.

At The Amuzu.

The Four Meekers Comedy Company arrived here last night and will hold the boards at the Amuzu Theatre this week. They come highly recommended.

Masons Tonight.

Sharon Lodge A. F. and A. M., holds its regular communication tonight. As there will be degree work all members should be present. Visitors cordially invited.

Dr. Hyatt Coming.

Dr. H. O. Hyatt will be in Greenville at Hotel Bertha May 1st and 2nd, Monday and Tuesday for the purpose of treating diseases of the eye and fitting glasses.

AN EASTER RECEPTION.

Mrs. Jesse Moye Entertains in Honor of Mrs. Gold and Mrs. Ferrell.

On Friday evening at her elegant home of Fifth street Mrs. Jesse Rountree Moye charmingly entertained at an Easter reception, that was one of the most brilliant social gatherings Greenville has seen, in honor of Mrs. Charles W. Gold, of Raleigh and Mrs. J. W. Ferrell, of Washington.

Two hundred invitations were issued for this reception and the attendance was large. The guests began arriving at 8:30, and a scene of brilliance and loveliness greeted them. The entire first floor of the home—five large rooms and a spacious hall—had been thrown into one, and the decorations were beautiful and elaborate. The color scheme throughout was pink and green, each electric chandelier being festooned in pink mousseline and smilax, with pink carnations and potted plants in every room.

Each guest was welcomed as she entered by Misses Mary Higgs and Novella Higgs Moye, and shown to the cloak room by Misses Helen Laughinghouse and Jessie Moye.

Returning from the cloak room they were received in the front hall by the hostess and two guests of honor; Mrs. Moye wearing pink crepe media with pearl trimmings; Mrs. Gold embroidered chiffon over pink satin and pearls; Mrs. Ferrell marquise over pink satin with crystal trimmings and diamonds.

Miss Ruth Cobb invited the guests to the punch bowl, an object of unusual beauty and exquisite effect. The large table on which the bowl rested was festooned with clusters of grapes and vines through which peeped numerous little electric lights in fruit-shaped bulbs. A large cluster of lighted grapes and vines were suspended from the ceiling and hung immediately over the bowl. From the beautifully decorated bowl cherry smash was served by Mrs. Joseph G. Moye and Mrs. E. B. Higgs, Mrs. Moye wearing old rose crepe de chine and Mrs. Higgs white de sprit over pink.

Misses Lizzie Higgs and Lizzie Jones presented each guest with a basket, while a life size white rabbit in a nest of green revealed that the game of the evening was "Easter." The score were kept with Easter favors—rabbits, nests, eggs, etc. Easter nests of cake filled with almond eggs, and white rabbits, creams in fruit and flower shapes, and mints in Easter lily cases were served by Misses Mary and Lizzie Higgs in the drawing room, by Misses Vashti Deans and Mattie Lawrence in the library, Misses Pattie Wooten and Ethel Moore in the east room, Misses Margurite Higgs and Lizzie Jones in the parlor, Misses Lella Higgs, Ernestine Forbes and Madaline Brown in the dining room, and Misses Novella Moye, Helen Laughinghouse, Jessie and Emily Moye in the hall.

The various tables for the games being divided among the several rooms made ample space for the large number of guests, and these mingling amid the artistic decorations beneath the brilliant lights, made a scene of beauty seldom equalled.

THE VAUDEVILLE LAST SATURDAY EVENING

BY THE SECOND YEAR CLASS.

A Splendid Entertainment That Was Much Enjoyed.

The second year class of East Carolina Teachers Training School gave a vaudeville Saturday evening, which was exceedingly clever.

The white dresses and colored light added greatly to the pretty picture in the chorus "Rockin' in de Wind."

Miss Hudson in a monologue gave an excellent representation of a garrulous partner in a game of bridge.

In the gavotte the twelve girls with short white dresses, pink ribbons and garlands of pink, made a charming scene and much laughter was caused by the hypnotic exhibition of Mr. Rowe and class.

All enjoyed the report of the fashions for 1925 as seen in congress, given by Miss Day.

Miss Carter sang "Tit for Tat," which was illustrated by Miss Bryan, a charming coquette, and Mr. Ross, her devoted suitor.

Many envied Mr. Linton in his bachelor reveries as he gazed upon pictures of his old sweethearts, which were as follows:

- A Summer Girl—Miss Mattocks.
- The Musician—Miss Pittman.
- The Trained Nurse—Miss Spivey.
- The Sporting Girl—Miss Brantley.
- The Widow—Miss Moore.
- The College Girl—Miss Clark.
- The Society Girl—Miss Tillery.
- The Bird—Miss Sutton.

The monologue by Mr. Evans, a confident would-be bride groom, disappointed, was especially good.

"Two old Pals," Messrs Rowe and Linton, dressed as negroes, met after a long separation and swapped yarns. A short sketch, "The Dress Rehearsal," was well given by Misses Wynne, Quinn, Herring, Hooker and Messrs. Ross and Rawls.

The whole entertainment was a great success and a credit to the class and their instructors.

The people of the community owe much to the school for giving them opportunity to attend such splendid entertainments.

BIRTHDAY PARTY.

Given By Little Miss Grace Warren Thursday Afternoon.

On Thursday afternoon Little Miss Grace Warren was at home to her little friends to celebrate her eighth birthday.

The home was beautifully decorated and the little ones given free possession. They played games until invited into the dining room which was decorated in keeping with Easter time. The children were delightful with the little rabbits and chickens, peeping at them from the chandelier, and the old rabbits nest full of eggs and her little ones for a center piece. Delicious ices and cakes were served.

Then after bidding their little hostess good by, they wished she might live to enjoy many more happy birthdays like this.

OUR NEW PRESS.

On another page of this issue The Reflector gives a picture of the new press it has just installed. The subscription list of the paper has grown to such proportions in the last year that it was necessary to get a much faster press than the one already in use in order to print the large edition and catch the mails promptly. In looking over the different presses on the market we decided upon the Miehle as best suited to our needs. It is an ideal machine of which any well equipped printing plant might feel proud.

While to put in such a press as this requires a big outlay of money, we have made the investment with the faith we have always had in the people of Greenville and Pitt county that they will stand by us. It is in keeping with the policy of The Reflector to keep ahead of the demands made upon it, and its desire to have a plant second to none in Eastern North Carolina in equipment. We are constantly getting nearer to this desire, and believe the people will show their appreciation in increased patronage. It is the ambition of the paper to serve its patrons well, and every improvement puts us in better position to do this.

We do not believe any other paper in the State especially in a town no larger than Greenville, has made more improvements to its plant in the past year than has been made by The Reflector, and these better facilities have shown in a corresponding improvement in the paper itself. We now have a standard Linotype machine, a perfect newspaper and book press, three job presses, a folding machine and other equipment ample to meet almost any demand made upon the plant.

As said before, we have made three large investments because of faith in the people and the patronage they have given us. The Reflector is their paper, they have supported it now for nearly thirty years, and we believe they will continue to do so. The more patronage they give the paper in subscriptions, advertising and job printing, the better position it is in to work for the advancement of the town, county and section. We have endeavored faithfully to merit all the patronage received, and that will continue to be our aim. You can judge for yourself if The Reflector and its well equipped plant are worth anything to the community. If you think such an enterprise is helpful to your section, it is entitled to your patronage.

The Reflector is printing a complete census report of North Carolina, giving the population of every

county and town, compared with the previous census.

Governor Brown, of Georgia, denied a pardon to Stripling, the escaped convict, who under an assumed name, served several years as chief police of Danville.

Stripling will hardly find serving a life sentence in the Georgia penitentiary as pleasant a job as serving on the Danville police force.

The Queen of May should not forget to bring her furs along with her.

It might be well to order a supply of coal for the summer.

Animal Husbandry and Soil Fertility.

When these soil-improving crops are grown, or any other kind of forage, they may be either turned down or fed to farm animals, and the manure returned to the land in lieu thereof. Expediency must decide which is the better plan, in each case but a good general rule is: "Never plow under any crops that can be fed profitably."

The soil-improving crops grown on a very poor, leachy land, may perhaps be turned under to advantage; and when not enough stock is kept to consume the forage, they might better be turned under than cut and sold away from the farm. But it is impossible to escape the logic that some type of animal husbandry is an indispensable adjunct to the most economical and successful improvement of most soils, at least in general farming. There are special lines of farming, as the truck and fruit industries, in connection with which the keeping of stock may be impracticable, even though fruit and truck soils are greatly benefitted by manure; but the great majority of the farms should keep a sufficient quantity of some kind of stock to consume the roughage grown. There is the concentrated wisdom of centuries of farming in the old Flemish proverb: "More grass, more cattle; more cattle, more manure; more manure, more crops."—S. W. Fletcher, in Progressive Farmer.

The Crop and The Soil.

I believe that there are more failures or poor crops on the farms of the South due to the failure of the farmer to adapt the crop to the soil best fitted for it than to any other direct cause. It is inviting certain failure to plant corn on land that you know will not produce more than 12 or 15 bushels, when this same land would easily produce over a ton of pea hay. Lands that have recently had heavy manuring, or that have had a crop of peas turned under will really produce better corn the first year than cotton. So a little planning this way will pay handsomely.—N. D. Barrow, in Progressive Farmer.

If business and religion will not mix, there may be something wrong with the mixer.

CURES CATARRH

Also Coughs, Colds, Croup and Sore Throat.

Coward and Wooten guarantees HYOMEI to cure catarrh, acute or chronic; to cure colds, coughs, croup and sore throat, or money back.

In cases of deafness caused by catarrh, there is no remedy so efficient.

HYOMEI is a liquid extracted from the eucalyptus trees of Australia, and is a soothing healing, germ killing antiseptic.

A complete HYOMEI outfit consisting of a bottle of HYOMEI and an indestructible hard rubber pocket inhaler costs \$1.00. For treating catarrh or any throat or nose ailment pour a few drops into the inhaler and breathe.

That's all you have to do, and as the air passes through the inhaler it becomes impregnated with antiseptic HYOMEI, and this soothing, healing air as it passes into the lungs reaches every particle of the inflamed membrane, kills the germs and heals the raw, sore catarrh stops.

If you now own a HYOMEI inhaler you can buy an extra bottle of HYOMEI for only 50 cents at Cowards and Wootens or druggists everywhere. Free sample trial treatment, from Booths Hyomei Co., Buffalo, N. Y. Apr. 14, 24, May 5.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy.
All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatic pains, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

T. R. Moore, 913 Evans St., Greenville, N. C. says: "I can recommend Doan's Kidney Pills, for I have used them with the greatest benefit. I was troubled by a lameness in my back and my kidneys did not do their work as they should. I got Doan's Kidney Pills from the John L. Wooten Drug Co. and I had not used them long before I received relief. I can say that this remedy acts just as represented."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

POPULATION OF NORTH CAROLINA

Detailed Figured Announced by Census Director Durand.

1910 AND 1900 COMPARED

Gains and Losses Shown in a Decade by the Various Cities, Towns, Villages and Townships Throughout the State—Total Population is 2,206,287, as Against 1,983,810 Ten Years Ago.

North Carolina's position in the front ranks of the southern states in regards to population has been greatly strengthened during the decade from 1900 to 1910.

Detailed population statistics of the state has just been issued by Census Director E. Dana Durand at Washington. They give the figures for every minor civil division and incorporated city.

The total population of the state is 2,206,287 for 1910, as against 1,983,810 in 1900, an increase of 302,477.

Unlike some of the northern and middle western states, the movement from the farming districts to the cities is not nearly as pronounced in this state.

The cities almost without exception show decided increases, in some instances as high as 100 per cent. Charlotte, with a population of 11,557 in 1890 and 18,091 in 1900, is returned

E. DANA DURAND.

with 34,014 in 1910, an increase in ten years of 5923. Wilmington had 20,976 in 1900 and now has 25,748, while Raleigh shows an increase of approximately 50 per cent, having 19,218 in 1910, as compared with 13,643 in 1900. Asheville is another city that prospered, having a population of 18,762, as against 14,694 ten years ago.

Durham, with 6679 people in 1900, is returned with 18,241 in 1910, an increase of nearly 200 per cent.

The census returns indicate that North Carolina is forging to the front as a manufacturing and mercantile state, while it is losing little as an agricultural state.

The detailed population by counties is as follows:

CHICAGO MARKETS

Stocks.
New York, April 24.—Renewed attacks on Steel common on a rumor that the corporation was contemplating closing down several more mills, had an unfavorable influence throughout the stock market today, and as a result most stocks which started with good gains began to sag and prices in some instances moved down to new low records for the year. Steel common started with a gain of 3-4, then shaded off 5-8. Railroad stocks opened strong but developed sudden weakness. Copper stocks were also weak. American stocks were steady in London.

Cotton.
New York, April 24.—Week-end buying orders and good cables resulted in cotton opening firm. May options were up two points, July four and October five. Futures were steady in Liverpool and spot active.

OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair Is First Sign of Age. Harmless Remedy Restores to Natural Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Weyth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Weyth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggist to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, MOYE'S PHARMACY.

Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health strength and vigor. They're guaranteed to satisfy or money refunded. Only 50 cents at all druggists.

DISSOLUTION.

Having sold our business on April 1st, 1911, to Mr. E. B. Thomas, this is to give notice that the firm known as The Tobacco Grocery Company was, on that date, dissolved by mutual consent. Mr. Thomas was given the privilege of continuing the business under the same firm name. All accounts owed by the old firm will be paid by them, and all accounts due are to be paid to them, the settlement of the outstanding business being in the hands of Mr. J. A. Cash, secretary.

THE TOBACCO GROCERY CO.
Having purchased the business of The Tobacco Grocery Co., I will continue the same, at their old stand, on Ninth street, carrying at all times a nice line of the best groceries. I appreciate the patronage already received, and ask for a continuance of it.

Midnight in The Ozarks.

And yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home, hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds la grippe, asthma, croup, whoopingcough, hay fever, hemorrhages, hoarseness or quinsy, its the best known remedy. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

A Sherlock Holmes Thriller.

The Adventure of the Solitary Cyclist is the title of a New Sherlock Holmes Detective story by Sir A. Conan Doyle, which will be given free in booklet form with next Sunday's New York World. These are the stories entitled "The Return of Sherlock Holmes," which recently set all Europe agog. No one since Gaborieau and Poe, has equalled Conan Doyle. These are great stories. A new one each Sunday.

One Man's Theory.
"No, I don't think women will ever succeed as railroad engineers."
"Why not?"
"They would lose too much time holding up their trains at crossing."
