COMMENCEMENT OF F. W. B. T. SEMINARY

BEGAN-TUESDAY NIGHT AT AYDEN

Magnificent Address By Mr. Albion Dunn, of Greenville.

Ayden, N. C., May 24.—The commencement exercises of the Free-Will Baptist Seminary began Tuesday night with an address before the Amphycton Society by Mr. Albion Dunn, of Greenville. There was a large attendance and Mr. Dunn's magnificent address gave genuine pleasure to all whose good fortune it was to hear him.

After prayer by Dr. E. L. St. Claire, of Georgia, and a song by the school, Mr. R. F. Pittman in well chosen words introduced the speaker.

Mr. Dunn took for his subject "The Vital Test," with the world for a workshop and the acts and deeds of mankind the ingredients of the test. From the creation of mankind man has subject of tests, tried, as it were, by fire. The process of weighing is forever going on—the one eternal and never failing vigil of Him who stands at the right of the Great White Throne and records alike, with divine impartiality, the deeds of the just and the unjust. As measured by human standards, some have received just commendation and gone into the Great Beyond with the plaudits of contemporaries ringing in their ears. Others just as deserved have gone into that Uncertain Bourne unknown and unsung.

History, both sacred and profane, has recorded the deeds of men who have measured up to their responsibilities and performed their duties faithfully. The man of today, would he be successful, must stand the test placed upon him.

Taking numerous historical examples, Mr. Dunn showed where men, where nations, where states, and where North Carolina in particular had met great tests and stood them, coming forth amid the acclaims of the world.

Coming to a conclusion he said that what has been said of North Carolina generally is particularly applicable to Pitt county, than which none other has been more progressive nor made more rapid progress, in educational advantages. Standing as it does today, the centre of learning for Eastern North Carolina, her schools are radiating their blessings in every section, their influence is felt in every home. Ten years ago the property value of our schools was only \$16,000. Today it is \$100,000. Ten years ago the enrollment was 3800, today it is 5600. Then there were 36 first grade teachers, now there are 120. Then our little children were given the privilege of attending school only three months, now for five months and soon that shall be increased. Ten years ago no local tax was assessed, today people are assessing themselves \$13,000 in addition to the general levy. Better schools are being built, better teachers preside over them, the average attendance has greatly increased, interest has deepened, all of which marks a great epoch in our county. And for crowning effort to your struggles you have built in Greenville a school whose influence shall spread and its blessings multiply as the years come and go. It stands a monument to this good county's great citizenship. It makes for civic righteousness. It is the best investment ever made, it will return to us dividends invaluable. Our children, when they come to know the meaning of the privilege we are giving them, will honor us the more, our children's children will call us blessed.

It is good to live in a county like this among a people like you, who stand together for the upbuilding of your section; an altruistic people who show by your acts and deeds your true patriotism, ever marching upward and onward to a higher and better life.

The present generation is standing the test. It not only reflects credit upon its predecessors but sets a standard for the future. The wave of morality sweeping over the land is an evidence of it. Placed in the crucible of truth, the test has proven pure gold. We face the future with new zeal, with a sublimer courage, the blood of final victory courses through our veins. "So let it be in God's own might We gird us for the coming fight. And strong in Him whose cause is ours,

TAKES A BIG SLIDE.

Run-Away Horse Falls and Slips Fifty Feet.

Heretofore the championship sliders have been about equally divided between certain base ball celebrities and those politicians who, during the heat of campaign among their constituents, stray too far from the position in which they are to be observed by certain interests represented at Washington.

Monday afternoon people on Evans street were unexpectedly treated to a demonstration of the sliding art that would give Honus Wagner the blues. This was a slide of fifty feet on the brick pavement of the street, from the front of Mr. Frank Wilson's store to the curbing of Messrs. J. R. & J. G. Moye's corner. At this point the speed was sufficient for enough further distance to have made this record questionable, but the solid stone curbing intervened, the momentum was checked and its direction changed, so that the spirited animal regained its feet, and satisfied its remaining excess of splendid energy in a dash to and around Greenville Heights.

DEATH OF MISS EMMA MCGOWAN.

Young Lady Who Formerly Lived in Greenville.

We regret to learn of the death of Miss Emma McGowan, the youngest daughter of Mr. E. O. McGowan, that occurred yesterday afternoon at her home in Elm City. Miss McGowan was about twenty years of age and a splendid young lady, beloved by a large circle of friends. Since she left school she has been teaching and won the confidence of her pupils and was therefore in a position to implant knowledge.

Her untimely death resulted from typhoid fever and she leaves parents and brothers and sisters to mourn her departure. The funeral services were conducted this afternoon by Rev. Mr. Hunt in the Methodist church in Elm City at five o'clock and was attended by a large concourse of sorrowing relatives and friends.—Wilson Times, 23rd.

REMAINS TAKEN TO DUNN.

Child of Mr. and Mrs. Ford Carried There For Interment.

The remains of the little two-year old daughter of Mr. and Mrs. G. B. Ford, their only child, who died Tuesday afternoon, were taken to Dunn today for interment. Mrs. J. P. Pittman and Miss Lillie Johnson, of Dunn, an aunt and sister of Mrs. Ford, came in Tuesday evening and accompanied the sorrowing parents and remains of the child back to Dunn. The death of the child was due to poison from match heads which she found and ate Sunday. Much sympathy is expressed for the parents in their sorrow.

Electric Adding Machine.

The National Bank has installed a new adding machine that is a wonderful piece of mechanism. It differs from the old adding machine in which it was necessary to pull a lever to print the figures, in that this new one is run by an electric motor. All the operator has to do is to press the keys and the machine does the rest.

Visiting Missionary.

Dr. J. G. Meadows, a medical missionary in China, who is spending a vacation in America and has just been attending the Southern Baptist Convention in Jacksonville, is here to spend a few days with his brother Prof. Leon R. Meadows, of the Training school faculty. Dr. Meadows will speak in the Baptist church tonight.

Measures Against Plot.

Lisbon, May 24.—The government sends four warships and two regiments of soldiers to the north coast to nip the monarchistic plot in the bud.

In conflict with unholy powers, We grasp the weapons He has given. The light and truth and love of Heaven."

Tonight the oratorical contest will take place. Thursday morning at 11 o'clock there will be an address by Prof. Jay, of Guilford College, and at 3 o'clock in the afternoon the annual debate. The exercises will conclude Thursday night with the annual concert.

DAY LABOR PLAN TO BE THOROUGHLY TESTED

BY THE CITY OF SPOKANE WASH

Thinks Municipal Work Can be Done Cheaper Than by Contract.

Spokane, Wash., May 24.—Fifty thousand dollars has been set aside by the city commissioners of Spokane to thoroughly test a day labor plan on public street work, including grading, curbing, parking and sidewalks. The plan, which is new under the assessment system of making public improvements in the north west, was presented by David C. Coates, commissioner of public works who announced that of the four proposals none was under \$30,998, for work which the city engineer estimated at \$25,780. Six other street grading jobs have been held up meanwhile, as all the bids are higher than the engineer's estimates. If the plan works out, Mr. Coates says, it is likely that all the municipal work will be done under the direct supervision of his department in the future. This work amounts to between \$4,500,000 and \$5,000,000 a year. The city ordinance provides a wage scale of \$3 for eight hours' work by unskilled labor, while some of the contractors, it is alleged, have paid only from \$2.50 to \$2.75, though the men signed the payroll in full.

BUYING UP UTILITIES.

Morgan-Drexel Syndicate Make First Step in That Direction.

Washington, Pa., May 24.—Capitalists representing the Morgan-Drexel syndicate have purchased the electric light and power company here. This is the first step to get control of like utilities in all the upper Ohio valley.

UNCLE SAM LEADS.

Will Have Biggest Worship in The Coronation Naval Review.

London, May 24.—The United States battleship Delaware will be the biggest warship at the coronation naval review in June. The British dreadnaught Neptune will be the next in size.

BUFFALO BILL TRAIN WRECKED.

Four Men Injured and Many Animals Killed.

Lowell, Mass., May 24.—Four men were injured and a number of animals killed in a wreck of four cars of Buffalo Bill's Wild West Show at Brooksdale, six miles west of here.

International Arbitration.

Mohawk Lake, N. Y., 24.—The seventh annual meeting of the Lake Mohawk Peace conference on international arbitration opened here today. The conference will endorse President Taft's peace efforts. Many foreign delegates are present. Nicholas Murray Butler was elected president of the conference.

Tennessee Bar Association Meets

Nashville, Tenn., May 24.—Lawyers of the state are here attending the thirtieth annual meeting of the Tennessee Bar Association, which convened today.

Jockey For Races.

Louisville, Ky., May 24.—August Belmont hires Jockey Guy Garner under \$30,500 contract and he will ride in the Toronto races.

Stricken at Altar.

Ottawa, Ont., May 24.—Six persons were stricken at the altar of the Catholic church here today by a lightning bolt.

Off For Coronation.

New York, May 24.—The Cunarder Mauretania sailed today with a full passenger list of Americans for the coronation.

Cholera in Constantinople.

Constantinople, May 24.—Asiatic cholera cases have been found near Sultan's palace.

REPORT OF PRESIDENT WRIGHT

Read At The Commencement of E. C. T. S. Tuesday.

During the past year two hundred and twenty-five students were enrolled in this school; twenty-one men, two hundred and four women. Number agreeing to teach 208. Number of people to whom we have had to write "we cannot accommodate you" since March 4th, one hundred and three.

Last year the course of study was not definitely agreed upon until later in the school year. There are in our graduating class two young ladies who took subjects in lieu of subjects that were later made required subjects for graduation from this school. As a result of this these young ladies can not be given diplomas today. It is no fault of theirs, however. They are going to take work here this summer and will be given diplomas when they have completed this work, and will be considered full fledged members of this, our first graduating class. They are Misses Ruth Ruffin and Lillian Carr.

There are two or three other young ladies who have not completed the course, but have only a limited amount of work. It is the purpose of this school to give diplomas to students whenever they satisfactorily complete the prescribed course of study.

The school is divided into four quarters. As soon as the general assembly of North Carolina sees fit to give sufficient funds to allow, it is the purpose of this institution to admit students at the beginning of any one of the four quarters. Our course of study is so arranged that students may join the school four times a year. Our so-called "summer school" is not a summer school in the sense that term is generally used, but is simply a quarter of our school year.

A year ago this institution inaugurated what is known as a One Year Course of Study for Teachers of Rural Schools. This course of instruction is open only to those who hold first or second grade county superintendents' certificates. This course has been offered because the institution realized that many teachers as well as prospective teachers would avail themselves of one year's instruction if they could find a course of instruction that would give them material help in their work. We are most gratified with the results of this course. The following young women have taken this course and completed it with satisfactory grades: Misses Viola Barrow, Annie Carroll, Bessie Doub, Minnie Funderburke, Beulah Hedrick, Bessie Hunter, Bertha Joyner, Aurelia Layden, Lucie Peterson, Sudie Rasberry, Christine Thomas, Ida Ward.

DIAZ RESIGNS TODAY.

De la Barra to be President Pending Election.

Mexico City, May 24.—President Diaz and his cabinet is to resign today. De la Barra will be president pending an election. Madero is expected to arrive soon.

Doings At The Capitol.

Washington, May 24.—Lafollette continued his speech today. Heyburn spoke against the direct election of senators. John E. Wilkie, chief of the secret service, was appointed supervising agent of the customs service.

Called Turkey to Account.

Constantinople, May 24.—Russia makes a demand on Turkey to disavow intentions against Montenegro. Turkish troops are massing on the Montenegrin border.

Lorimer Investigation Again.

Washington, May 24.—Senate indications point to the probability that before adjournment today a vote for another Lorimer investigation will be taken.

To Fortify Canal.

New Orleans, May 24.—Maj. E. E. Winslow is here on his way to Washington from Panama bearing plans for the fortification of the canal.

Seamen Will Not Strike.

London, May 24.—Ship owners declare that the 30,000 seamen will not strike.

EGG CONGRESS IN WASHINGTON STATE

WILL BEGIN NEXT NOVEMBER

Plans to Have Entries From Every State.

Spokane, Wash., May 24.—Problems of continent-wide interest are to be solved at the first American egg-laying congress in Spokane, beginning next November and continuing 12 months. It is free and open to the world. Plans are to have at least two entries of six chickens each from every state and territory in the Union and province in Canada. Among other things this information is sought:

Will 300 chickens support an average family?

What breeds are best for commercial eggs?

What is the actual cost of producing eggs?

What are the prime requirements for successful egg-culture?

What state, province or territory produces the best layers?

John C. Lee, a former newspaper man, now a poultry rancher at Hill-yard, Wash., who originated the congress idea, has submitted tentative plans to A. C. Ware, chairman of the poultry and game committee of the Spokane chamber of commerce, for formal discussion and action at the next monthly meeting of that body early in June.

"This is not to be a competitive exposition for fancy breeds or feathers nor a money-making scheme," Mr. Lee said, "but an educational affair in the best sense of the term. There will be no medals or cash prizes, though diplomas and ribbons may be awarded for the best producers. Primarily, we are seeking accurate information which is not now available through the regular channels.

"Present plans are to set aside a tract of land near Spokane and erect the necessary buildings for the care of the fowls. Experts will be placed in charge and a record kept of every pen, the money returns going to the owners. We believe we can accomplish good results here, as we have an even climate and none of the diseases common to the chicken family, such as cholera and gapes."

POWER OF THE SOUTH.

Section Deserves Recognition It Has Received in House.

In the make-up of the committees of the house of representatives the political ascendancy of the south is shown in a striking way. The Democrats have a majority of 68 in that chamber, and of course, were entitled to the leading places on its committees. Of the chairmanships of the important committees of that chamber southern members hold 28 and those of the rest of the country have only 7.

Through evil and good reports the southern states cling to the Democratic party. Although the south disliked Bryan, it gave him a practically solid vote in three campaigns. With the possible exception of two or three states the south will undoubtedly give its electoral vote to the Democratic presidential candidate of 1912, whoever he may be. Moreover, the south holds the brains as well as the bulk of the Democratic party. In the senate, Rayner, of Maryland; Simmons, of North Carolina; Tillman of South Carolina; Bacon, of Georgia; Foster, of Alabama, and Bailey and Culberson, of Texas, are the leading spirits in their party in the chamber. In the house, Underwood, of Alabama, the chairman of the Ways and Means committee; Henry, of Texas, the head of the committee on Rules; Clayton, of Alabama, the chairman of the Judiciary committee; Adamson, of Georgia, chairman of the committee, and Hay, of Virginia, chairman of the Military Affairs committee, are among the ablest and most prominent men in their chamber.—Leslies Weekly.

A Detective Stunt.

A feature of the gate receipts of Tuesday's ball game was a coca-cola check. Upon discovery of this evidence of contempt for the proprietors, Simon's Sherlock Holmes manouvers were set in operation, the guilty party apprehended, and the exchequer properly reimbursed.

A man's opinion of the world is formed within himself.

DEFEATS WASHINGTON

Slow Game and Almost One Sided Score.

Greenville and Washington ball teams played a game in the local ball park, Tuesday afternoon. It was a slow game from start to finish, with many errors, especially among the visitors. It was the first appearance of the Greenville boys in their new uniforms and they looked very trim.

Washington did not take its half of the last inning because of an accident to two of the players, Messrs. Chauncey Pegrim and Guy Weston. They both ran after a fly ball knocked to centre field, and collided with such force as to knock them both senseless for the time being, and Mr. Pegrim's face was badly cut.

The batteries were, for Washington, Bell, Smith and Thompson; for Greenville, Darden and Jordan.

HUMANE MONEY.

"Money in circulation." That's the genuine. It feeds the hungry and clothes the naked. It answers a thousand human needs. It is a present help to the soul that would die on "hope deferred." An honest old dollar worn smooth learning the intricacies of circulation will do more good in twelve hours than a hundred dollar bill grown musty in a vault may do in a generation. Isn't that one reason why God should suffer poverty and fools? The poor are obliged to spend and fools know no better. Between them they make the small change of the world available and guarantee the success of every sort of business in the land. Take away the factory operative, the mill hand, the washer-woman, every kind of day laborer and financial small fry, and a dollar circulating openly on main street would draw a larger and a wilder crowd than the greatest show on earth.

Among the varied uses of the steak-chopper, a culinary implement with which our grandmothers were familiar in the days preceding the meat trust, is to be noted that of a deadly weapon, as exemplified in an assault committed by a Reidsville citizen. Some of these family relics while always a matter of interest and generally a source of pride to their owners, are best regarded with apprehension when accessible to children or people on too hasty temper. Perhaps the gun case would be a good place for this old steak-chopper.

The value of music in public schools was emphasized with much force during the recent commencement of East Carolina Teachers' Training school. No part of the exercises was more keenly enjoyed by the audiences than the music, especially the choruses by the entire school. This music was of such a character as to merit genuine admiration. The school is fortunate in having a specialist in Miss May Muffy as vocal instructor. Every public school teacher who comes under her instruction gets an enthusiasm for music that will have untold effect for good in their school work.

The primary to nominate a candidate for mayor of Greenville has been set for next Monday, 29th. While each of the candidates is expected to do plenty of hard work between now and the closing of the polls, the outlook is that it will be conducted on a high plane with nothing to arouse any discord or bad feeling. That is the way a primary should be conducted.

Among the promising developments

It Started The World.

When the astounding claims were first made for Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for burns, boils, scalds, sores, cuts, bruises, sprains, swellings, eczema, chapped hands, fever sores and piles. Only 25 cents at all druggists.

of a political nature in this state, evidences that the forthcoming senatorial contest will be conducted with civility and a sensible regard for the somewhat obscurely defined rights of those who may be expected to read or listen are, to say the least, acceptable.

Governor Blease, of South Carolina, has pardoned George Hasty, who some years ago killed Milon Benwell and John Davidson, two actors, in a Gaffney hotel. Hasty was sentenced for life and served six years.

Things come to pass in a hurry these times. How would you like to wake up the first morning after you were dead to find good roads all over the county? Wouldn't you be sorry not to have been born late enough to enjoy them?

That was a splendid tribute the literary societies of East Carolina Teachers' Training school paid to Prof. W. H. Ragsdale and ex-Gov. T. J. Jarvis. It was worthily bestowed, too.

When your senator promises to give a suggestion "careful consideration," it will be a safe guess that he isn't losing any sleep in furtherance of your views at this session.

Results of a storm at Dunn were the burning out of telephones, damage to buildings, shock to a man, and the death of a horse and a cow.

The absence of rain is getting to be serious. But it will come, and we hope in time for a good crop to be made.

Every time we read of some town going to have a new hotel, we think of what Greenville ought to have.

There is in contemplation for Harnett county a 10,000-acre orchard, including pecan, peach and apple trees.

The big things of politics show the dividing line between the people and the special interests.

You ought to think too much of your precious self to worry it to death.

A Dunn ordinance requires muzzles for city canines.

If you are going to be for Greenville, be one that counts.

And we are to have Lorimer thrashed all over again.

A Wilmington policeman arrested a Billy goat.

They are going to raise the Maine. Then tow it to sea and sink it again.

The Public Drinking Cup.

The other day, while waiting for a train in a certain railway station in this state, the writer had impressed upon him the supreme importance of doing away with the public drinking cup. A person, who was a hopeless victim of an incurable disease, drank water from a cup and in a short time many others, not aware of what had taken place, used the same cup. And many other similar incidents are witnessed by those on the road every day.—Lenoir News.

Do Ghost Haunt Swamp?

No, never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malarial germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C. "and I've had fine health ever since." Use this safe, pure remedy, only 50c at all druggists.

Farmer Wants to Know Why Tax Listing Was Changed.

Editor Reflector: The May, tax lister has put the farmers to thinking. Why did the last legislature change the time of tax listing from June back to May?

I do not see where the change can effect the people in any other vocation of life, but it effects the farmer in that he has more provisions in May than in June. His taxes are one-twelfth more then, saying that his provisions would last twelve months, which is the exception rather than the rule.

We would like to know what the motives were for changing the tax listing time. Was the change made in our behalf or whose?

We may be misled as to the effect of the change, but my object here is to learn. An article of explanation would be appreciated.

The Mt. Olive Tribune, that always keeps alert to what is going on in its section, tells us that the monetary returns from the strawberry crop this year for the Mt. Olive strawberry belt are going to be away ahead of last year. The crop is shorter, but the returns larger, and the latter is what counts. To some extent luck has broken with the strawberry folks, but, at the same time, the sturdy tillers deserve everything they get, and the rich soil of Eastern North Carolina is always capable of yielding the golden harvest.—Wilmington Dispatch.

She belongs to the great middle class—that class which has given helpmates to the foremost men of our time; which teaches its daughters the true meaning of love which teaches the manners of the drawing room and the practical life of the kitchen as well as teaches its girls the responsibilities of wifehood and the greatness of motherhood.—The Weekly Guide.

The registration books for the bond issue election to be held in the county Wednesday, May 31st, closed last night at 7 o'clock. "In Vacation Days."

The months pass by in the city strife, And hope grows faint for a different life; Till there comes a call in the market place, That bids us turn to the woods our face.

Then gladly we leave the struggle for pelf, The daily conflict twixt right and self; For the cool and silence of Nature's shrine, Whose spire is the top of the tallest pine.

We wander afar through the forest maze, And dream of tomorrows and yesterday;

With thoughts which range from the wild bird's call, To the heaven above and over all. That life is sweeter and days more fair,

On some distant star we know not nor care; While we taste the joy of vacation days, The bit of Eden that with us stays.

—M. B. Allison.

Mr. Frank Wilson, who has been studying medicine in Baltimore and just completed his first year, is home to spend vacation.

Mrs. Johnnie Savage and children left this morning to visit relatives at Fairmont.

Mrs. I. H. Little, of Robersonville, is visiting Mrs. F. J. Forbes.

Messrs. J. C. and J. H. Waldrop left this morning for their home at Hendersonville.

Miss Mary Shelburn returned this morning from Winston-Salem where she has been attending school.

Mr. Clyde Miller left this morning for Hertford.

Miss Maude Barnhill, who has been visiting Miss Hilda Critcher, returned home Tuesday evening.

Mr. R. L. Humber, Jr., returned Tuesday evening from Hobgood.

Mr. E. A. Moyer went to Wilson this morning to attend the commencement of the Atlantic Christian College.

Mr. Louis Lawrence left this morning for Raleigh.

Mrs. W. B. Wilson and son, and Miss Fannie Blow, left this morning for Nashville.

Miss Christine Johnston left this morning for Henderson.

Mrs. G. H. Wilkie and child, and her little nephew, James Bridgers, of Sanford, who were visiting relatives here, left this morning. Mr. Carlos Harris, her brother, and her nephew, little Edward Harris, accompanied her home.

Mrs. Will Little, of Bethel, is visiting her sister, Mrs. J. S. Mooring. Miss Louise Rives left Tuesday afternoon for Robersonville.

Miss Julia Smith, of Ayden, is visiting Miss Mary Kittrell.

Mr. and Mrs. W. B. Smith, of New Bern, who have been visiting their son, Mr. F. G. Smith, returned home this morning.

Ex-Judge D. L. Ward, of New Bern, is here attending court.

Mrs. K. H. Fleming and Mrs. Mary Lang left today for Seven Springs.

Mr. W. F. Sutton returned to La-Grange today.

Mrs. D. S. Wilson left for Snow Hill today.

Mr. J. C. Lanier, who has been undergoing hospital treatment for an eye trouble, has returned home.

A Prayer.

There is a sick baby in town. She is only six years old. Her malady is one that involves great suffering. It is always pitiful to see a little child suffer.

The other day the little one was in agony of pain. She cried for help but no relief could be given her. At last, realizing that human help was unavailing, she lifted her blue eyes toward heaven and breathed this prayer: "Oh, Jesus, let me sleep." In a minute or two the lines in her face relaxed, the eyes closed and the child fell into a gentle slumber.

The Master heard her cry. It is easy to imagine that His eyes overflowed with tears as He soothed her suffering. It had in it all the elements of prevailing prayer. We trust the child may live; but if she falls into the dreamless sleep she will be perfectly at home in Heaven.—Charity and Children.

A Burglar's Awful Deed.

May not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadhill, Tenn. If ailing, try them. 25 cents all druggists.

"BLACK JACK ITEMS"

Neighborhood Personal Mention—Crops Are Behind.

May 22, 1911.

There were regular services here Saturday night and Sunday, by the pastor, Eld. W. Lupton. The attendance was very large Sunday.

There was also Sunday school at 3:30. We had quite a large attendance. We cordially invite the community at large to come out and help us carry on the good work at this place.

Messrs. C. O. Harper and J. A. Clark attended the commencement at Winterville last week. They report a very good time, considering the warm weather.

We are always glad to attend commencements and especially when it is a good one like the Winterville high school gave.

Mr. E. S. Arnold, also attended the commencement at Winterville Friday. Mr. G. C. Buck, who has just graduated at Wake Forest college with honors, returned home Saturday to spend some time with his parents here.

Miss Doisy Porter, of Salem, attended church here Sunday.

Mrs. A. O. Clark and children, of Grimesland, is spending a few days with friends and relatives.

Miss Bertha Edwards has returned home from Winterville high school to spend the vacation.

Mrs. R. M. Williams is seriously ill at present. We hope she may recover soon.

Mrs. N. L. Clark seems to improve very slow.

Farming is almost at a stand still in this section, corn is very small for the time of year. There seems to be somewhat a stand of it. Cotton is not coming up very fast. The stand is very poor. The prospects for a short crop is plainly seen.

Tobacco is very small, with stand poor. Some of the farmers are not through setting out, owing to the dry weather and scarcity of plants.

CRAVEN COUNTY NEWS.

Newsy Happenings Just Across The Border.

Vanceboro, N. C., May 24.—We are glad to know that Coxville has waked up one more time.

We are having some awful dry weather and the farmers are not through setting out tobacco yet.

Mrs. L. E. Dudley and grand son spent last week in New Bern.

Mr. C. E. Forrest and sons attended service at Epworth Sunday.

Mrs. J. C. Stokes is on the sick list. We hope she will soon be well again.

Mr. and Mrs. James Barrow spent Sunday with Mr. and Mrs. Oscar Paramore.

Miss Bertha Stokes spent last week with Mrs. J. C. Stokes.

Rev. Lewis will fill his regular appointment at Chapman's church Saturday night and Sunday.

Profit in Mules.

It strikes us that The Waynesville Enterprise is offering good advice to its constituency when it urges more attention to the breeding of mules. "A good pair of mules," it declares, "cost twice the money now that they could have been secured for twelve or fifteen years ago. There is hardly a farm in this entire section that could not produce with very little more expense a much larger amount of hay and roughness than is now produced. With this extra feed stuff, it would be an easy matter to rear one, two or even three more colts, according to the size of the farm."

With three-year-old animals selling at from \$150 to \$300, the additional work necessitated would seem to be well compensated.

The principle underlying this step is approximately the same as that on which the cry for diversification is based. Our farmers cannot be over encouraged to experiment if only their efforts be preceded by careful thought in order to eliminate the merely visionary. Usually the difference between a successful farmer and his poorer neighbor is brought about not so much by the more industry of the former as by the more intelligent direction taken by his activities.—Charlotte Observer.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

Grand Opening, Hatch's Big 5 and 10c Store

Located on Dickinson avenue, will open a branch on Main street in the store formerly occupied by Bradley, the jeweler. Our branch store can easily be found by the 5 & 10 cents Stores Association's red painted front and signs. The doors will be open Friday afternoon at 4 p. m. to 9 p. m. Souvenirs for all who attend Friday afternoon. We have established this store for the convenience of our customers. Many having expressed regrets of our store not being down town, we open this branch store to be nearer and more convenient.

Be sure to attend opening. The public is cordially invited. Don't forget the date and hour.

Homicide by Aeroplane.

Homicide by aeroplane is a new type of crime made possible by the extended use of the heavier-than-air machine. The technical definition of the crime is "homicide by imprudence," and two persons have already been convicted of it in France. One of them, M. van den Heuvel, was sentenced to pay a fine of \$10 to the state and to pay the widower of a woman killed by his machine \$1,000. The accident occurred at Issy-les-Moulineaux. The woman was walking along the public footpath and was knocked down by one of the wings of the airman's machine. Mr. Bailed, another airman, who ran his machine into a crowd of people, killing a young girl and injuring three other persons, was sentenced to pay a \$40 fine and spend one month in jail.—Popular Mechanics.

SAGE AND SULPHUR CURES DANDRUFF

Restores Faded and Gray Hair to Natural Color—Itching Scalp Quickly Stopped.

This applies to Wyeth's Sage and Sulphur Hair Remedy, for if it does not do exactly what is claimed for it, the sales would naturally drop off. However, Wyeth's Sage Sulphur Hair Remedy does "make good" as evidenced by its daily increasing sales. Druggists say that this preparation gives the best satisfaction of any hair remedy ever sold. Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It removes dandruff, strengthens the hair, gives new life to dull or parched hair, and gradually restores gray hair to natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agent, MOYER'S PHARMACY.

ANNOUNCEMENTS FOR MAYOR.

To The Voters of Greenville.

I respectfully announce myself a candidate for the office of mayor of Greenville, subject to the will of the Democratic primary. I have retired from the drug business that I may live more in the open air and purpose, if elected, to devote myself to the detailed discharge of the duties of the office.

My past record as an officer is known to you. I have used my best efforts to enforce the laws, and if elected, shall continue to do so.

Gratefully,

5 15—td FRANK M. WOOTEN.

To The Voters of Greenville.

I take this method of announcing myself a candidate for mayor, subject to the action of the Democratic voters of the town. As has been the custom heretofore, and as there is more than one candidate for the nomination, I suggest the holding of a voting primary to decide upon the nominee. In announcing my candidacy, I wish to state that I have no special interests to serve, and am no particular person's candidate, and if nominated and elected, will do all that I can for a more economical administration of the town's affairs, and to serve all the people to the best of my ability.

5 15—td W. F. EVANS.

To The Voters of Greenville.

At the solicitation of several prominent business men and many personal friends, I have consented to become a candidate for mayor, subject to the action of the Democratic primary, and take this means of announcing my candidacy and soliciting your support.

5 15—td F. B. JAMES.

The Horse's Stomach.

An important fact to know in the feeding of the horse is that its stomach is quite small; that is, it will hold about two gallons, says the Live Stock World. If the horse is fed his grain first, then hay and then water, the grain will be pushed out of the stomach before it is digested. The best way is to water first, then feed some hay, and then the grain. In case the horse is warm it would not do to give all the water it would take, but it should be given a little even then. During the warm weather, it would be well if the horse be watered in the field at least once during the forenoon and in the afternoon. A horse will eat too much hay if given all at once. Feed a smaller amount of hay at noon. In hot weather it pays to take at least an hour and a half rest at noon, and oftentimes even longer, and then work a little later in the evening.—Exchange.

GOOD NEWS.

Many Greenville Readers Have Heard It And Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Greenville are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. E. G. Worthington, Washington, St., Greenville, N. C., says, "I have been so greatly benefitted by Doan's Kidney Pills that I am glad to recommend them. My back ached nearly all the time and I could not rest well. The kidney secretions caused me annoyance and it was plain to be seen that I was suffering from kidney trouble. Doan's Kidney Pills, which I got from John L. Wooten Drug Company, relieved my aches and pains and improved my condition greatly. I cannot praise this remedy too strongly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The Foxy Politicians.

To the Officers and Members of the Farmers' Union:

Upon my several visits to Washington during the sessions of congress, I have more than ever been impressed with the demagogy that keeps country and city apart in sentiment and that is a foe to true progress.

I could call by name several congressmen who rode into office by arraying country against city.

The procedure is simple and is one of the oldest tricks in the bag of the politician.

He will go into the country districts during a campaign, and lash sentiment against the city to a frenzy.

When the returns are all in you will find that he has been elected by a country majority.

When he gets to Washington, what does he do? Continue to flay the residents of the city, and to take the farmer to his loving breast?

Not so. He starts upon one of the cunningest straddles he can devise.

For instance, take the parcels post.

He probably went through the district before each election, promising all the farmers that one of the first things he would do when he reached office would be to get them a general parcels post.

Does he fulfill that promise to the letter?

Not so you could notice it. He studies the election returns faithfully.

He finds that a large part of the votes against him came from the cities.

His object, therefore, is to rub the city man's back, and at the same time not to make an enemy of the farmer.

So he frames up a parcels post that lets the farmer ship into the city but that protects the little city merchant from far-off competition by making no provision for return shipments.

Thus he has given the man in the country the shadow of a redemption of his promise. And he has made a grand-stand play to the man in the city.

This is only given for an illustration. There are many others.

I have seen congressmen after congressmen get into office by appealing to the class prejudice of the farmer, and then turn straight around and work might and main to get things for the city, that he might melt the opposition against him.

It is this sort of thing, the constant lining up of country against city, that is one of the greatest bars to progress.

The city man is often led to believe that the country man regards him with suspicion and hostility, and vice versa.

They both suffer in the long run. They hesitate upon uniting on measures in which they are both interested.

When good government is at stake in the state, the county, or nation, they are sometimes as far apart as the poles, when they should be fighting under the same banner.

I cannot too frequently warn you against this hypocritical type of politicians who get your votes under false pretenses, and who incites you to prejudice against people in the cities, when, as a matter of fact, the city and the country have a great deal in common.

I caution you to watch him in action, and to mark him for close attention when he next offers for office.

Men who use this sort of wiles to

Now What Did She Mean?

At a recent wedding a baby had shrieked without intermission to the great annoyance of the guests, etc. As the bridal party were leaving the church a slight delay occurred. One of the guests seized the opportunity to say to the first bridesmaid:

"What a nuisance babies are at a wedding."

"Yes, indeed!" answered the bridesmaid, angrily. "When I send out invitations to my wedding I shall have printed in the corner, 'No babies expected.'"—Judge.
