## WORLD'S CONVENTION OF ZIONISTS

TO BEGIN SESSION TOMORROW.

Both United States and Canada will be Represented.

BASLE, SWITZERLAND, Aug. 8.—The World's Convention of Zionists is to begin its sessions here tomorrow. About 400 delegates have arrived and several hundred more are expected. Both the United States and Canada will be well represented.

This is the fourteenth annual congress to be held by the International Federation of Zionists. The gatherings have always attracted leading men of the Hebrew faith, and its somewhat sentimental and romantic propaganda—the restoration of Jerusalem to the sons of Abraham—but really, at bottom, a stern business and philanthropic proposition, has created world-wide speculation as to the ultimate fate of the scheme.

"Zionism," as the movement is called, by which, its promoters declare, the Jewish problem is to be solved—that is, the future of the oppressed Jew of Russia and elsewhere is to be provided for—has met with opposition from prominent men of the Jewish clergy and laity.

The present congress promises to be enlivened by the criticism of some of those who have been active workers for the cause, but who now are said to be dissatisfied with the way the movement has been directed by the older leaders. Some of the delegates do not hesitate to declare that unless radical changes are made the whole movement is likely to prove nothing more than a dream, as its opponents have always predicted.

It is pointed out by those who believe that a thorough re-organization is needed that although the Zionists through their international and national organizations have been laboring assiduously for many years to rehabilitate the Hebrews again nothing really definite has been accomplished.

On the other hand, the leaders who have directed the affairs of the organization since the death of Theodore Harzl, the founder of the movement, declare that much has been accomplished within the past few years and they hint that, in view of the reports to be made to the present congress, the dissatisfied element will rally to the standard, creating a solidarity so powerful in numbers and wealth that success will be assured.

**LIVELY POLITICS IN MARYLAND.**  
Maryland Likely to See Most Spirited Campaign in Some Years.

BALTIMORE, Md., August 8.—Three weeks from today both the Democrats and Republicans of Maryland will hold their primaries for the nomination of candidates for governor and other State officers to be voted for at the fall election. With the near approach of the primaries the contests for place on the tickets have lived to a noticeable degree and from now on Maryland is likely to see one of the most spirited campaigns in some years.

The liveliest fight is that for the Democratic nomination for governor. There are three aspirants for the place and they are putting up a veritable "battle royal" for the honor. Governor Austin L. Crothers is a candidate for re-nomination. The other two who are ambitious to head the ticket are Blair Lee, a member of the State senate, and Arthur P. Gorman, also a State senator and a son of the late United States Senator Gorman. The Republican ticket probably will be headed by either State Chairman John B. Hanna or Internal Revenue Collector Philip Lee Goldsborough.

**Sam Langford vs. Jim Smith.**  
NEW YORK, Aug. 8.—Sam Langford, who is regarded generally as the most likely opponent of Jack Johnson for the world's title, will be seen in action at the Fairmont A. C. in this city tomorrow night for the first time in several months. His opponent will be "Farmer Jim" Smith, the up-state fighter, who has something of a reputation as a hard hitter though he is not likely to give the "Boston Tar Baby" much trouble.

**Donation For Fair.**  
The board of county commissioners made a donation of \$50 to the Pitt County Fair Association for the fair to be held on the 2nd and 3rd of November.

## RICH GAME AHEAD.

Married Men vs. Single Men; Old Age vs. Youth.

This exhibition game is to be played for the sole purpose of helping out the Greenville league team.

It is to be hoped that every lover of the national game and every person who feels an interest in our league team will be present on this auspicious occasion. The admission will be fifteen cents; no charge for the grand stand.

Married ladies, come out and root for your husbands, because the young ladies will be out in full force for their prospective ones.

At this game that famous old "Yankee Hall Umpire," "Sol." Hooker, will officiate. The older people will not dispute any decisions he may make; the younger ones must not.

The game will be called promptly at four o'clock, p. m., Wednesday, August 9th, 1911.

We make only one guarantee: Any one who is dissatisfied will be refunded their money.

The line-up will be as follows:  
Married men: C. S. Forbes, T. M. Hooker, W. H. Dail, W. I. Skinner, O. C. Gregory, Dr. E. A. Moye, D. D. Overton, F. J. Forbes, W. C. Dresbach, R. C. White, W. F. Evans, L. H. Bowling, D. C. Moore, R. C. Flanagan, E. L. Daughtridge.

Single men: Wiley J. Brown, Boots Anderson, Leslie Savage, John Hutchings, Ned. Laughinghouse, Argal Vivk, Harry White, Bruce Hooker, Alex. Blow, James Brown.

Any married man desirous of making this team will report at the ball park not later than 3:45 p. m., Wednesday, August 9th.

## COLORED EXCURSION.

Man Killed in Row On The Train Near Chocowinity.

A colored excursion from New Bern with a considerable crowd along, arrived here this morning. They brought a band and a base ball team to help the amusement of the day.

On the way, and before the train reached Chocowinity, a row took place in one of the cars, and a man named Austin Hill was shot and killed. It was not discovered who did the shooting, but when the train stopped for an investigation, two men jumped off and took to the woods. The dead man was left at Chicowinity to be sent back to New Bern.

## Iowa Postmasters Meet.

MARSHALLTOWN, Ia., Aug. 8.—Marshalltown extended a cordial welcome today to the third and fourth class postmasters of Iowa, assembled here for their eighth annual State convention. The officers in charge of the convention are President Charles O. Barry, of Walker; Vice-President A. H. Henderson, of Story City; and Secretary L. I. Reynolds, of Little Sioux.

## Hearing On Drinking Cups.

TRENTON, N. J., Aug. 8.—The State Board of Public Utilities Commissioners at a special meeting today listened to the suggestions or representatives of the railroads for a solution of the drinking cup problem, arising from the new State law prohibiting the use of common drinking cups on trains or in other public places in New Jersey.

## Meeting of I. O. O. F.

NEW GLASGOW, N. S., Aug. 8.—Scores of delegates and visitors from points throughout the Maritime Provinces are here to attend the annual session of the I. O. O. F. Grand Lodge Grand Encampment and Rebekah Assembly. The deliberations of the several bodies began today and will continue over tomorrow and Thursday.

## San Saba's First Train.

SAN SABA, Texas, Aug. 8.—A big parade and civic celebration were held here today in honor of the arrival of the first train over the new branch line of the Santa Fe. A special train over the new line from Temple brought a large delegation of business men from that place to take part in the celebration.

## Odd Fellows' Conclave.

NIAGARA FALLS, Ont., Aug. 8.—From all parts of Ontario, members of the Independent Order of Odd Fellows met here today for a four days' session of the Provincial Grand Lodge The Rebekas, the women's auxiliary of the order, also are holding their annual session.

## NEWS THAT IS OF INTEREST TO TAR HEELS

GATHERED FROM EXCHANGES.

And Briefly Told for The Reflector's Busy Readers.

Joe Crosson, a steel and iron worker, fell from a water tank tower on which he was at work near Jamestown Saturday afternoon, a drop of 45 feet, and sustained concussion of the brain, which resulted in his death later in the same day.—Greensboro Record.

ASHEVILLE.—Robert Mathewson, the 13-year-old son of Mr. and Mrs. D. S. Mathewson, of 3524 Woodlawn avenue, Chicago, Ill., who, with his mother and two small sisters had been spending the summer at Lake Toxaway, was drowned in the lake Saturday afternoon at 5:30 o'clock and was not recovered until 1 o'clock Sunday morning.

CHARLOTTE.—In the midst of a game of horseshoes at the home of James F. Eddings, a farmer living one mile from Peachland, this afternoon Mr. Eddings was fatally shot by Preston Hannan, aged 16. Hannan says he merely intended to frighten Mr. Eddings and did not know the gun was loaded. The shot took effect below the ear and almost severed his head from his body. Hannan is in jail to await the coroner's investigation.

CHARLOTTE.—A monster 200-ton engine of the Carolina, Clinchfield and Ohio railroad refused to take a curve near Peland this morning and before the engineer could work the reverse throttle the engine had turned over and down an embankment into the river. Engineer John McCarthy, formerly of Lynchburg, Va., was pinned underneath and died instantly. Fireman Ablee, who was hurled into the stream and managed to get out, sustained a broken rib, sprained foot and painful bruises.

RALEIGH.—The distressing news was received here this morning that southbound passenger train No. 33, of the Seaboard Air Line ran into an open switch one mile south of Petersburg, Va., at 12 o'clock last night and collided head on with a freight train standing on the siding. The engineer and fireman of the passenger train jumped and escaped with only a few slight bruises, but Engineer Dan D. Hicks, of the freight train, was caught fast in the cab of his engine and scalded to death. His colored fireman, Robert Cooley, was seriously injured, but it is thought that he will recover.

## SPORT AT MOREHEAD.

The Best Trout And Mackerel Fishing In Years.

MOREHEAD CITY, N. C., Aug. 8.—During the past week record-breaking catches of trout and mackerel have been made by guests of the Atlantic Hotel, at Morehead City. The smooth sea has induced large numbers to go trawling daily, and the catches have been phenomenal. Only 3,000 mackerel were landed by guests of the Atlantic on Wednesday, August 3rd. During the next two weeks the moon will be just right for trout fishing.

Saturday night Hon. J. M. Morehead caught 51 trout, averaging over 3 1-2 pounds each, the total catch bringing about 200 pounds. This catch was made at the drawbridge between 8:30 and 11:30 p. m.

The veteran fisherman, W. L. Kennedy, has the record for the largest single day's catch—476 mackerel were taken by him on August 3rd.

All fishermen report better fishing than ever before and August promises the best month during the present season.

## Vineland's 50th Birthday.

VINELANDS, N. J., Aug. 8.—This was the big day of Vineland's semi-centennial celebration, the fiftieth anniversary of the day Charles K. Landis drove the first stake to mark the center of the town. An imposing parade through the gayly decorated streets was the chief feature of the day's programme.

## Nagel Speaks at Houghton.

HOUGHTON, Mich., Aug. 8.—Secretary of Commerce and Labor Nagel, as the personal representative of President Taft, was the principal speaker today at the exercises in celebration of the twenty-fifth anniversary of the Michigan College of Mines.

Cleveland, 8; Boston, 3.

## GRIFTON SHUT OUT.

Greenville Takes Game in Score of 4 to 0.

What was said by the spectators to be the snappiest and best game here this season, was the one played Monday afternoon by Greenville and Grifton. Under the agreement for the new series, each team in the league was permitted to hire two new players, which all took advantage of, and some more, so that the question really narrowed itself down as to which town could hire the best players.

In the game Monday Greenville went first to the bat and faced McKethan in the box for Grifton. He was some on handling the sphere, but being rather slack at the outset the home boys found him easy and put two across the home plate before he really woke up. Grifton came to the bat with White in the box for Greenville. He is a new man from the Tide Water League. He is a pitcher from the ground up, though that did not reach far up in his case, and simply holds the game in his hand, giving balls and strikes with the utmost precision just as he pleased to throw them. He so puzzled the visitors that they could not touch him at all, except when he let them, so he fanned them out, or let them fill the bases for enthusiasm and then shut them off just when they thought the home plate was in reach. He was simply great.

Both sides then came up and went down with blanks until the fourth, when Greenville made one, more. So it went again until the eighth when Greenville got one more, making a total of 4, while the visitors fought to the end without getting a man any nearer home than third base.

The sensational run of the game was made by Lutterloh in the eighth. He was on third and just made up his mind that he was going to walk in home. Floyd, Grifton's short catcher, spied him and began to close him in. Closer and closer the catcher and third baseman kept drawing in with the ball flying from one to the other over Lut's head. Lut was watching his chance and when the third baseman had the ball he got so close to the catcher, that when the ball was thrown it struck Lut instead of going over him to the catcher, Lut having climbed up in the air some in the meantime. He took advantage of this and run right over the catcher to the home plate.

Score by Innings:

	R.	H.	E.
Greenville	200	100	0-4 8 1
Grifton	000	000	0-0 2 3

Summaries—Hits off White, 2; struck out by White, 13; base on balls by White, 1.

Hits off McKethan, 8; struck out by

## NEWS FROM SCOTLAND NECK.

"Uncle Tommie" Comes With Another Interesting Bunch.

SCOTLAND NECK, Aug. 8.—As I haven't written in some time I will try to write just a little.

About a month ago, I think on the night of the 5th of July, about ten o'clock, the moving picture managers had the misfortune to lose all of their outfit by fire and the manager said he was looking on at the moment it caught but could not tell how it caught, but the crowd had all, but about a dozen, left the gallery before the accident occurred. The loss was about six hundred dollars.

Prof. F. C. Nye, of Winterville, was in our town Sunday a week ago and preached a very fine sermon for us in the Baptist church at night. He remained Monday in the interest of his school at Winterville.

Excursions seem to be the order of the day of late.

Mr. Alex. Madry, Mr. Chamblin Madry, Mrs. Laban Wilkinson and others left here on the excursion last Tuesday for Washington City.

Miss Mattie Little, of Wilson, came last Tuesday for a week's visit to relatives and will leave with her father tomorrow for Arthur, to visit relatives there for a few days.

We have been having very nice rains the past week and crops are very fine.

Rev. Mr. Moore, a Baptist minister, will hold a series of meetings at Mullins this week.

The work on the graded school building is progressing very rapidly. The brick work is done and the other work is going on nicely. They expect to complete it in time for the fall session.

You stated in The Reflector a few days ago that they had ice in West Virginia on the morning of the 27th of July and that you had ice in Greenville that morning and it had not all melted at the time you were writing. We had ice on that day and if I am not mistaken we had ice here the next day that did not melt all day.

## THE GAUITY THEATRE.

Rendering Clean and Refined Programs Every Night.

When looking for amusement we are always on the job in order to please our patrons.

Our past reputation in high class motion pictures is an advertisement for the future. You will always find that we exhibit the best to be had, and that our attendance is growing stronger every day from this standpoint.

In referring to our programme that appears daily on the third page, you will find subjects that has cost thousands of dollars to produce and exhibited at the extremely low price of ten cents.

Our motto is to please, and that is what we are here for—always clean and moral subjects, nothing to offend the most refined taste. Pictures to please the children.

## CLOSING HOURS.

For Building & Loan Collections on Saturdays.

At the last meeting of the board of directors of the Home Building and Loan Association, the secretary was instructed to close his collections on Saturday at 7:30 o'clock, p. m., between April 15th and October 15th, and at 7 o'clock p. m. between October 15th and April 15th.

In compliance with this rule the secretary's office will begin closing at 7:30 o'clock, p. m., on next Saturday, August 12th. Stockholders should take notice and call to pay their weekly dues before the closing hour.

One kind of a dreamer is a city man who wants to own a chicken farm.

McKethan, 4; base on balls by McKethan, 2.

## Ayden Scoops Kinston.

The Ayden boys are putting it right over the other teams of the Coast Line League now. Not content with the drubbing they gave Greenville here last Friday, they went to Kinston Monday and walloped that team in a score of 7 to 1 right on the home grounds. We think none of them are going to be crowing over Ayden between now and the end of the season.

## MOVEMENT OF TRAINS

Time of Arrival and Departure.

Atlantic Coast Line.	
Northbound.	Southbound.
5:17 p. m.	6:33 p. m.
8:18 a. m.	1:18 p. m.

Eastbound.	Westbound.
1:09 a. m.	3:25 a. m.
9:40 a. m.	7:51 a. m.
6:30 p. m.	4:56 p. m.

## The Weather.

Generally fair tonight and Wednesday; not much change in temperature; light to moderate variable winds.

## THIS DATE IN HISTORY.

- August 8.
- 1815—Napoleon sailed for St. Helena on the British ship "Northumberland."
- 1827—George Canning, famous British statesman and orator, died. Born April 11, 1770.
- 1829—The Polignac administration formed in France.
- 1846—David Wilmut introduced his proviso in congress.
- 1861—Judah P. Benjamin chosen secretary of war of the Confederate states of America.
- 1862—Sir Allan Napir McNabb, Canadian premier, died. Born Feb. 19, 1798.
- 1864—Fort Gaines, guarding the entrance to Mobile, taken by Admiral Farragut.
- 1880—Rev. John A. Watterson consecrated Roman Catholic bishop of Columbus, O.
- 1904—Seventy-six lives lost in a railroad accident near Pueblo, Colo.
- 1905—St. Thomas P. E. Church, New York City, destroyed by fire.
- 1906—The Standard Oil Company indicted at Chicago for receiving rebates.
- 1910—Alexander J. Nelidoff, Russian statesman and diplomat, died.

## Total Abstainers at Scranton

SCRANTON, Pa., August 8.—The annual national convention of the Catholic Total Abstinence Union of America began today with the receipt of the delegates, many of whom have been in the city several days, engaged in committee work in connection with the convention. The formal opening of the gathering will take place tomorrow morning in College Hall, following the celebration of pontifical mass in St. Peter's Cathedral. The convention has attracted more than 1,000 delegates and visitors who come from nearly all parts of the United States and Canada. The delegates are headed by the Rev. Peter J. O'Callaghan of Chicago, as moderator, while Fr. J. J. Hahn of the Roman Catholic church throughout America are included in the list of those expected to participate in the deliberations.

## West Virginia Business Men.

Fairmont, W. Va., Aug. 8.—Leading merchants of cities and towns throughout the State were on hand at the opening of the annual convention of the Retail Business Men's Association of West Virginia. Insurance, advertising, freight rates, the parcels post and other questions of general interest and importance to the retail trade are scheduled for consideration during the two days' session.

## Play for Golf Championship.

RED BANK, N. J., Aug. 8.—One of the biggest events in the golfing world of this year, the annual championship tournament of the Eastern Professional Golfers' Association, was begun on the links of the Pomson Country Club today and will continue over tomorrow. The list of entries, though not so strong numerically as in some former years, is of a quality that insures some keen competition.

## Apple Shippers at Detroit.

DETROIT, Mich., Aug. 8.—Many visitors from points throughout the United States and Canada arrived in Detroit today to attend the annual convention of the International Apple Shippers' Association. The sessions will begin tomorrow and continue three days.

## Lodge Meeting.

Regular meeting of Sharon Lodge, A. F. and A. M., Wednesday, August 9th, at 8 p. m.

Members requested to be present. Visitors invited.

H. HARDING, W. M.  
E. E. GRIFFIN, Secretary.

Entered at the post office at Greenville, N. C., as second class mail matter.

TUESDAY, AUGUST 8, 1911.

## "THIS IS MY BIRTHDAY."

Almost everybody, if they are good, has a birthday once a year, and being like other folks in that respect the editor of The Reflector also comes around for one annually. This is his day. It was on the 8th day of August, so and so many years ago, that he first began making trouble in this world and has been keeping it up ever since. How many? No, we are not going to tell that now, lest it might shock Jim Cowan, Bob Phillips, Joe Patton, and the other boys. They think we are just a gay kid, and we are going to let them keep on thinking that way, at least for another year. But it is good to be here, and it is with a feeling of gratitude that we come to every new anniversary and start out on another mile of life's journey, even though with it is the realization that every lap is just one nearer the end. We try to make the best of each year, putting in the best service of which we are capable, and so we hope it will be as long as our years come and go.

The county commissioners have called an election in Greenville township for Tuesday, October 3rd, to vote on the question of issuing bonds not exceeding \$50,000 to build roads in this township. At this election the people of the township can decide for themselves whether or not they want to build good roads. Those desiring it can vote for the bonds, and those opposing can vote against bonds. A new registration will be required for this election.

If you favor issuing bonds to build and maintain good roads in Greenville township, you will have an opportunity to show it in the election to be held the first Tuesday in October.

John D. Rockefeller says "wealth is a burden," but his saying so does not keep down a willingness to try it, especially by the fellow who hasn't any.

Two inches of snow recently fallen on Pikes Peak is something to think about in contrast with what we have.

The Charlotte Chronicle says they can now "appropriately refer to it as the late unpleasantness."

**Object Lesson in Drainage.**  
When you can't think of anything else but good roads, talk drainage. These are two big questions for North Carolina with its 3,000,000 acres of rich swamp and bottom lands and its thousands of miles of territory which can never be developed in the right way without improved highways. The object of drainage is always

**SHAKE INTO YOUR SHOES**  
Allen's Foot Ease, the antiseptic powder. It cures painful, smarting, nervous feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot Ease makes tight or new shoes feel easy. It is a certain cure for sweat, callous, swollen, tired, aching feet. Always use it to break in new shoes. Try it to-day. Sold everywhere. By mail for 25 cents in stamps. Don't accept any substitute. For FREE trial package, address Allen S. Olmsted, LeRoy, N. Y.

Interesting to us, for we know its value and we observe its need in North Carolina. In the Savannah Morning News of July 27th, there appeared an exceedingly interesting article on a drainage scheme in Bulloch county, Georgia. It is being carried out by Superintendent D. N. Bacot, of the Savannah and Statesboro Railroad.

Our esteemed Savannah contemporary states that Mr. Bacot is at the head of a drainage company which owns 9,000 acres in one body. It was wet land and of little account. Mr. Bacot is making it very valuable by the simple process of drainage. In addition to the 9,000 acres between 800 and 900 acres of other persons are being drained. It was necessary to take these additional acres into the scheme in order to carry it to success. The News emphasizes the fact that if the owners had refused to permit drains to be made across their land the reclamation project, in all probability, would have fallen through, but they not only came into it, but contributed to its cost.

It is estimated that his drainage project will add hundreds of thousands of dollars to land and farm values in Bulloch county, and while opening up thousands of acres of fertile lands, the drainage of the region will immensely improve the health conditions, add to tax values, and prove a tremendous factor in the development and prosperity of the county.

If there are any neglected drainage projects in North Carolina, do not let up on them for any consideration. Let us fully recognize our great possibilities and not neglect such a conspicuous opportunity to make eastern North Carolina the choicest part of the Nation's Garden Spot.—Wilmington Star.

### A Prize-Winning Recipe.

Below is given a recipe for yeast and bread, by Mrs. W. T. Southern, of Stokes Co., N. C. Light-bread made by this recipe took the prize at Stokes County Women's Institute last summer. If Mrs. Southern's bread could be duplicated in every farm home in the South, we should have taken one long step in advance in the matter of more hygienic food.

"The day before making the bread peel three good-sized Irish potatoes and boil in a pint of water till very done. Mash and add 1 teaspoonful of salt, 1 tablespoonful of sugar. Pour water that you cooked the potatoes in over all this. Just before it gets cold and add 1 cake of Magic yeast and set in a cool place. Sift 1 gallon of flour, add 1 teaspoonful salt, 1 tablespoonful sugar and 1 tablespoonful lard; add rising made the day before and make up with warm water. Set aside to rise two or three times, working down when your dough has doubled its bulk. Mold into pans. Let rise until it has doubled its bulk. Bake in a moderate oven for about one hour."—Raleigh (N. C.) Progressive Farmer.

### Two of a Mind.

"Answer me, Clara!" he said in a moment of passion. "I can bear this suspense no longer!"

"Answer him, Clara!" echoed the old man in the hall, thinking of the coal and gas bills. "I can't bear this expense much longer!"

## LIVED ON RAW EGGS

**Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.**

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Theodor's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Theodor's."

# S. A. L. SCHEDULE

Trains leave Raleigh effective January 8, 1911:

**YEAR ROUND LIMITED—No. 51.**  
4:35 a. m.—For Atlanta, Birmingham, Memphis and points West, Jacksonville and Florida points, connections at Hamlet for Charlotte and Wilmington.

**THE SEABOARD MAIL—No. 38.**

## SOCIAL AND PERSONAL.

D. J. Whichard, Jr., Reporter.

Miss Carlotta Hamersly, of Rolling Hill, Va., who has been visiting her sister, Mrs. W. W. Perkins, returned home this morning. Miss Mary Higgs accompanied her home.

Miss Eloise Ellington left this morning for Petersburg.

Mr. Richard Randolph returned Monday evening from Florida, where he has been spending several months.

Mr. R. J. Cobb left this morning for Wilson.

Miss Bessie Whichard has returned from Charlotte, where she spent several months.

Mr. G. E. Crabtree, of Goldsboro, was here Monday.

Mr. C. D. Rountree went to Seven Springs Monday evening.

Col. Harry Skinner went to La-Grange Monday evening.

Miss Susie Moore returned Monday from visiting in Aurora and Occo-coke.

Misses Cornelia and Pink Manning left this morning for Virginia Beach.

Mr. Walter Johnston, of Washington, who has been visiting his people here, returned home this morning.

Mr. F. G. James left this morning for Raleigh.

Misses Minnie Lassiter and Eloise Moore, who have been visiting Miss Delle Rives, have returned to their home in Kinston.

Misses Georgia Davis and Mildred Borden, of Goldsboro, are visiting Mrs. W. E. Hooker.

Mr. T. E. Little, of Scotland Neck, was here this afternoon on his way to Arthur.

Miss Harriet Settle, of Wilson, is visiting Miss Angles Spain.

Rev. H. Settle, of Wilson, is conducting a series of meetings at Mt. Pleasant church, four miles from Greenville.

### Morning

#### Porch Party.

On Saturday morning Miss Jamie Bryan entertained at a porch party in honor of Misses Kathleen and Maud Bunn, of Rocky Mount, and Agnes Lacy, of Raleigh.

The guests on arrival were received by the hostess, and after being served with cherry smash by Misses Mattie Moye King and Hennie Whichard, were seated at tables arranged around the porch for a game of "Nations." The prize for the highest score in the game, a cut glass puff jar, was won by Miss Mary Lucy Dupree. Prizes were also awarded to the guests of honor, these each receiving a pair of silk hose.

After the game ice cream and cake were served.

### LOCAL BRIEFS.

#### Pick Ups and Hand-me-Downs.

Odd Fellows meet tonight. County commissioners were in session again today.

#### TO THE STOCKHOLDERS

#### Of The Building And Loan Association.

At the last meeting of the directors of the association, the secretary was instructed to keep his office open for the collection of dues on Saturdays until the following hours:

Between April 15th and October 15th to 7:30 o'clock, p. m.

Between October 15th and April and April 15th to 7 o'clock, p. m.

This rule will go in effect on Saturday, August 12th, when the office will begin closing at 7:30 o'clock.

H. A. WHITE,

Secretary and Treasurer.

### First Tuesday In October Is The Day.

Under the act passed by the last legislature permitting the people of Greenville township to vote on the proposition to issue bonds to an amount not to exceed \$50,000 to build roads in the township, the board of county commissioners have named Tuesday, October 3rd, as the date upon which this election shall be held. In the order calling the election Mr. Ollen Warren, Jr., is named as registrar, and Messrs. E. T. Forbes and O. W. Harrington judges of election. A new registration of the voters of the township is ordered for this election.

#### Farmers' Meeting Thursday.

The farmers' educational meeting to be held here Thursday should be attended by every farmer in the county who can get here that day. There will be discussion by prominent speakers that will be especially helpful to farmers. In the afternoon there will be a talk on good roads and a county good roads association will be organized.

#### How the No-Fence Law Will Help.

One of our exchanges gives as a reason for opposing the no-fence law that "while other counties that have adopted the no-fence policy put scarcely no beef and pork on the market, Brunswick county yet has her herds of cattle, her flocks of sheep, and every year sells wool, pork and beef in increasing values." Perhaps. The adoption of a no-fence law means, in most cases, a temporary decrease in the amount of live stock kept; but it is well to remember, on the other hand, that in the sections where the most and the best live stock is raised no one would ever dream of turning his animals out in the highways to hunt their own living. It is a literal impossibility to raise good stock when under free range conditions. The plea of our exchange for a better grade of live stock will necessarily be fruitless so long as all stock are permitted to run at large. Good animals can not be expected from scrub bulls and razor-back boars. Then there is the cattle tick, and it is there to remain while the free range remains. These conditions may do for folks who are content to raise a few surplus hogs and cattle of poor quality; but if the people of any county expect to have a live stock industry worthy of the name they may just as well realize that two of the first steps must be to stop the perpetuation of their kind by scrub sires, and to eradicate the cattle tick. To do either, the no-fence law is necessary.—Raleigh Progressive Farmer.

#### "THIS IS MY BIRTHDAY."

Naharaja, of Nepal.

His Highness Maharaja-Dhirja Surendra Bikram Shamsheer Jang, the ruler of Nepal, was born August 8, 1875, and succeeded his grandfather on May 17, 1881. The country over which he rules is an independent kingdom in the Himalayas, situated between Tibet and British India. The government is a military oligarchy. All power is in the hands of the prime minister to whom it was delegated by the present ruler when he came of age. The area of Nepal is about 54,000 square miles, and its population is estimated at 5,000,000. The Gurkhas are the dominant race. The seat of government is Katmandu. In accordance with a treaty made some years ago, a British resident, with a small escort of Indian sepoy, lives at the capital, but he does not interfere with the internal affairs of the state. Hinduism of an early type is the religion of most of the inhabitants of Nepal, having gradually supplanted the Buddhism of the primitive inhabitants of the country.

### POLITICS AND POLITICIANS

Governor Wilson of New Jersey has been invited to address the Georgia legislature.

The Prohibition National Committee will meet December 6 to choose the time and place for holding the party's presidential convention.

Arthur P. Gorman, son of the late Senator Gorman, is a candidate for the Democratic nomination for governor of Maryland.

Senator James B. McCreary, the Democratic nominee for the Kentucky governorship, filled that office something like a generation ago.

Thomas L. Hisgen, who was the Independence League candidate for President three years ago, denies the report that he intended to run for governor of Massachusetts this year.

Representative George W. Norris of the Fifth Nebraska district has made definite announcement of his intention to be a candidate for the United States senate against Senator Norris Brown, whose term will expire in 1913.

On September 11 the voters of Maine will decide upon the question of repealing the constitutional amendment providing for state-wide prohibition. The amendment has been in force for twenty-seven years.

After a long and bitter fight Timothy L. Woodruff, former Lieutenant Governor of New York and former chairman of the Republican State Committee, has been forced to relinquish control of the Republican organization in Kings county (Brooklyn), where he lives.

In case Governor Deneen seeks a third term, which now appears a probability, the primaries in Illinois next spring will see all the out-growing State officers candidates for re-nomination, with the solitary exception of the State Treasurer, who is barred by constitutional provision from succeeding himself.

The Republican leaders in Pennsylvania hope to reduce the Democratic delegation from that State by the election of a Republican from the Fourteenth district, where a vacancy will be held next November.

Charles R. Jones of Chicago, chairman of the Prohibition National Committee, has been making an extensive tour of the far West consulting with the leaders of the party in regard to the advisability of holding the next national convention of the Prohibition party in that section of the country.

Wilbur F. Wakeman of New York, treasurer-general and secretary of the American Protective Tariff League, the organization of the advocates of a high protective tariff, has announced himself as a candidate for the United States senate to succeed Elihu Root, whose term of office will expire March 3, 1915.

The Democratic party in the coming national campaign expects to devote special attention to Wisconsin, which has been regarded as safely Republican for many years past. The Democrats now are inclined to look upon it as a doubtful State. As a basis for this fight between Taft and La Follette supporters will be so intense and so productive of bitterness that Wisconsin can well be claimed as doubtful.

### YOUR GRAY HAIRS WILL QUICKLY VANISH

A Harmless Remedy, Made From Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray-hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural, and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Moye's Pharmacy.

#### STATE OF TRADE

#### Crop Uncertainty—Most Commodities Higher.

There is still considerable irregularity in trade conditions, due to cautiousness and facts of crop damage, but basic conditions and the advance of the years tend of work for a little further improvement. While merchants continue to feel their way, sentiment as to fall trade is improving slightly, and at some of the larger wholesale dealers have done a rather better business with outside merchants, who are beginning to come to market. This refers, of course to buying for future delivery, for as a matter of fact, current trade still reflects the influence of midsummer conditions. Southern, and to a less extent southwestern, merchants, whose feelings are buoyed by prospects of a record cotton crop, are more disposed to place orders for future use, and as a result dry goods, clothing and shoes are in a little better demand. In sections where cereal crops are the mainstays, conservatism reigns partly because of too much rain close to spring-wheat harvest time, poor oats crop prospects and impaired corn crop conditions. Even in the South, the Carolinas for instance, severe drought has caused a suspension of operations in textile mills, and water has carried from a distance to afford some relief. Retail trade in seasonable goods is quiet, though clearance sales are general. Under the circumstances there is little or no re-order business. Commodity prices, particularly for cereals, have worked toward higher levels, primarily because of a shading of crop prospects, domestic and foreign. Wheat, corn, oats, hogs, cattle, eggs, butter, potatoes and cotton are all dearer. Cotton has rallied after a rather prolonged decline of 3 23 cents, and while the market displays effects of manipulation, apparently predicated on the theory that as the season progresses there will be more or less deterioration from the present excellent conditions, yet the conclusion in apparently justified that an upward reaction is about due. In the iron and steel line trade keeps up, and the outlook seems to be improving, but pre-cutting is still visible on sheets, plates and bars. Collections range from slow to fair. Money is in better demand, currency shipments to the interior are increasing and country banks are borrowing more freely.

Stock market operations are still of a professional character, with reports of further damage to corn and some adverse accounts on spring wheat acting as bearish influences, while the deferring of dividend action by a leading tobacco interest also tended to depress prices.—From Bradstreets.

It's not as easy for a man to fool a baby as a woman a man.

The reason a girl knows so little about some things is she could tell a lot more if she dared to.

#### Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

#### Togo, Schooled in "Poise of the Soul."

"I am no scholar," said the admiral one day recently in reply to the question "What has been the guiding torch of your life?" "I am no scholar. From my early youth, however, my masters have compelled me to examine carefully the teachings of the school of Yomei (Wang Yangming). It seems to me that a soldier can derive a great deal of benefit from the study of Yomei."

The school of Yomei emphasizes the "poise of the soul." In the making of man, the school is partial to a fine balance of nerve, not at all stolid or dead but sensitive and active, which will not be disturbed by a little thing like the bursting of a bomb or facing the ghost of despair in the hour of defeat.

Here then is the foundation stone upon which the life of the fighting sailor of Nippon is built. And since there is no other human being either living or out of history who can stand upon the same platform with the admiral Togo save the heroic shade of Nelson, perhaps (judged by the only standard by which men should

be judged—that of the magnitude of achievement), the above mentioned little fact may be of some importance to the student of military life.—From American Review of Reviews.

The experienced man saves two days of the end of his vacation to go home and rest up from it.

#### SUMMER EXCURSION.

\$6.95 to Wrightsville Beach and Return.

### The Biggest Cotton Crop on Record.

The Department of Agriculture's cotton report gives the average as 98.1 of the normal which is a higher condition for this period of the season than for many years. The ten year average for the August 1 report is 79.4, so that the crop at the present time is nearly ten points better than it has been on an average during the past ten years. In this The New Orleans Picayune sees warrant for time belief of the biggest cotton crop ever produced. We believe the Picayune is right. It says that a month ago the government statisticians figured that the condition average at that time warranted the expectation of a crop of 14,000,000 bales. As the crop condition is now nearly a full point better than then and a month nearer maturity, it is reasonable to presume that the crop may be as large as 15,000,000 bales, always presuming, of course, that conditions from now on will continue favorable and no unusually early frost is expected. With such crop prospects ahead, it is no wonder that the price of cotton has declined to practically 11 cents on plantations for current spot deliveries and that fall deliveries are ruling close to the 10-cent mark on plantations. That there will be an abundant supply of cotton this year, barring accidents, now appears reasonably certain, but it is equally certain that a liberal supply will be actually required to meet the expanding needs of the world and to restore surplus stocks to reasonable proportions. As to the probable effect on prices The Picayune is optimistic. It says that during the past few years of scarcity and high prices the consuming public has cut down its takings of cotton goods to a minimum, and all surplus stocks of manufactured goods, as well as raw cotton, have been nearly if not quite exhausted. At lower prices the mills will certainly expand their production and consumers are equally as certain to make more extensive purchases of cloth, while dealers and jobbers will feel tempted to replenish exhausted reserve stocks. There is therefore, no reason to fear unreasonably low prices either for raw cotton or for the manufactured product. A big crop will distribute profits more equitably than has been the case in recent years. It will also give more employment to labor throughout the South, stimulate business for the transportation companies, financial institutions and merchants, as well as bring about a general revival of industry and commerce over the entire section. There never was a time when a large crop of cotton was so badly needed.—Charlotte Chronicle.

### Notice.

We wish to announce that our land is posted and to warn people not to hunt on it. We have stock in the grounds and have had several cattle shot, supposed to have been shot by stray bullets fired by people shooting at marks. Unless this shooting on our property is stopped, we shall have to indict all persons we can catch on it carrying or using fire arms.

C. T. MUNFORD,  
S. I. DUDLEY.

Will Be Helpful to North Carolina Wheat Growers.

Editor Reflector:  
The following telling "How to Grow Wheat in Kansas," taken from the Kansas Experiment Station Bulletin, No. 176, will prove of interest to the wheat growers of North Carolina.

The results of this experiment harmonizes with an experience the writer had in breaking land for wheat near Hillsboro, N. C., several years ago. Part of the field was broken in July. On account of the land being so dry and hard the balance of field was not plowed until October, just before sowing wheat. The entire field was plowed then and worked well with a cut-away harrow. The strip that was broken in July was noticeable for its extra growth throughout the season and I think yielded two or three times as much as the land lying within four feet of that which was not broken until October. However, let the Kansas experiment speak for itself.

### Methods of Preparing a Seed-bed for Wheat.

Methods of Preparation.	Yield per acre.
Disked, not plowed, .....	4.29
Plowed Sept. 15, three inches deep, .....	14.46
Plowed Sept. 15, seven inches deep, .....	15.79
Double disked July 15; plowed Sept. 15, seven inches deep	23.57
Plowed Aug. 15 seven inches deep. Not worked until Sept. 15th, .....	23.62
Plowed Aug. 15, seven inches deep, .....	27.74
Double disked July 15; plowed Aug. 15, seven inches deep, ..	32.68
Plowed July 15, three inches deep, .....	33.46
Listed July 15, five inches deep Split ridges Aug. 15, .....	34.35
Listed July 15, five inches deep worked down, .....	35.07
Plowed July 15, seven inches deep, .....	38.36

"This experiment was conducted last year upon upland soil very low in fertility. The field was in wheat the year before. It was all seeded the same date, September 29th, with Bearded Five wheat, sown with a disk drill at the rate of one and one-fourth bushel wheat per acre.

"The plot disked and not plowed was double disked twice just before seeding. The other plots were treated as indicated in the table. An effort was made to prepare the best seed-bed possible with each method employed. Thus: All plots were harrowed immediately after plowing, except where otherwise indicated, and were worked thereafter as was necessary to maintain a solid mulch and to prepare a good seed-bed.

### Disking.

"The plots were double disked July 15. One of these was plowed August 15 and the other September 15. The plot plowed August 15 produced 32.68 bushels per acre. The plot plowed September 15, 23.37 bushels per acre. \* \* \* \* This indicates that for the best results the ground should be plowed within a month after disking. If postponed later than this all moisture saved by the early disking is used up by the rank growth of weeds, grass and volunteer wheat that grow only the more vigorously after the ground have been disked. \* \* \* \*

"While disking is the desirable method of preparation the seed-bed when used in connection with plowing, the method of preparing the seed-bed by disking alone cannot be recommended when wheat follows small grain.

### Plowing.

"Ground was plowed July 15, August 15 and September 15. Two plots were plowed in July, one seven inches deep and the other three inches deep. After plowing both plots were worked exactly alike. Three plots were plowed in August, all seven inches deep. One plot had been disked in July, and of the other two one was worked as was thought desirable throughout the summer and the other left without working until September 15, when it was worked in the same manner as the September plowed plots. Three plots were plowed September 15. Of these, one was disked early, the other two had been cultivated previously to plowing and

were plowed deep and shallow, respectively. After plowing all three plots were worked alike.

Of these methods, the early deep plowed plot gave the largest yield, 38.36 bushels per acre. The next largest yield was from the shallow plowing of the same date. This plot made a yield of 33.46 bushels per acre. Of the plots plowed in August the plot disked July 15, made a yield of 32.68 bushels per acre, as compared with 27.74 bushels for the plot not disked."

The above experiment was made during a dry season. If the seasons had been favorable there would probably have not been such a difference in yields.

From the above I gather that in the South we can make our largest yields of wheat by breaking the land deep in June or July and sowing to peas or soy beans. Cut as early as possible for hay and immediately disk the land well. Keep it well until time to sow the wheat so as to conserve the moisture.

I have no doubt but by observing the above we can double our present yield of wheat. In fact, even at this date we can materially increase the yield by at once plowing and disking the land and keeping it worked until time to seed the wheat.
