THE COUNTY FAIR SHOULD BE SUCCESS

SOME WHO DO NOT KNOW OF IT.

Some Suggestions For Making It A Great Occasion.

FARMVILLE, N. C., Sept. 13, 1911.
Editor Reflector:

The readers of your paper are pretty well advised about the coming Pitt county fair. Still I met an intelligent man in Farmville who did not know that a fair was to be, and I have met several who did not know the date. This reminds me that the fair management should get out some posters and distribute them about the county. If the board of managers individually do not exert themselves right much, I fear we shall not have the exhibits that the county might furnish.

I insist on the public dinner at the Liberty warehouse, as the social gathering there will be worth a great deal. No one need prepare a very expensive basket, but bring the best you have, and if you have a rare dish, or know how to prepare a different food from what is in common use, then will be a good opportunity to teach others how to prepare it. We have got to eat and the restaurants in town will not be able to feed us all between twelve and two o'clock.

If the merchants and factories would close at eleven and open again at two, they would lose very little, and the wage earners would have a pleasant and profitable time. Cannot everybody in town suspend work at eleven o'clock and take those hours holiday? If everybody will not accept this suggestion, let each one who can conveniently do so. Remember this fair, if a success, will do much in a financial way for Greenville.

I see that the chamber of commerce and the local Farmers' union of Craven county propose to have a fair at New Bern in November. So you see our example is being followed by other progressive communities.

Pitt, being a large county, needs something which all love and sacrifice for to keep us united, to arouse that county pride which is so beneficial to the people of a community. We wish all her people to have that love for Pitt county that the late Senator Williams used to have. He said: "I love old Pitt county—every inch of her soil—and we have none to cede to other counties. United we stand, divided we may fall a prey to some county divisionist."

Let the farmers bring to the fair the best that they have.

Motor Boat Races at Buffalo.

BUFFALO, N. Y., Sept. 13.—Some of the speediest motor boats in the country are here in readiness to take part in the international interlake regatta, which is to open tomorrow and continue through the remainder of the week. The regatta will take place on the Niagara river and will be conducted under the auspices of the Motor Boat Club of Buffalo. The program provides for three big races, in addition to several minor events.

Fall Race Meet at Lexington.

LEXINGTON, Ky., Sept. 13.—The fall season of racing in the Blue Grass state will open at the Kentucky Association track here tomorrow under promising conditions. Five stakes are to be decided during the nine days' meeting, with the Audubon cup, a handicap at two and one-quarter miles, with \$1,000 added as the feature for the opening day.

Fast Trotters in Stake Race.

SYRACUSE, N. Y., Sept. 13.—A treat for the racing enthusiasts is promised at the state fair track here tomorrow, when four of the fastest trotters that are following the big circuits this season will meet in the Madden sweepstakes. The four entries are Soprano, 2:03; Loan, 2:04 1-4; Hall Worthy, 2:05 1-4; and Sterling McKinney, 2:06 1-4.

Fine Auctioneer.

Mr. Baker, the auctioneer at the Star warehouse this season, is the best that has ever been on the market. Everybody around a sale he conducts listens in wonder at his rapid and distinct crying of the bids. He sold over 50,000 pounds today at the rate of 250 piles an hour.

But the ready tongue is seldom ready to stop.

MRS. F. W. CLAIRE INJURED.

Former Greenville Woman Thrown From Automobile.

LEXINGTON, Ky., Sept. 12.—Mrs. F. W. Claire, of Richmond, wife of F. W. Claire, manager of the local factories of the American Tobacco Company, while riding in an automobile with her husband and baby, on Main street here tonight, was thrown from the machine to the street, when the car collided with another automobile, and received injuries that may prove fatal. Mrs. Claire was holding her one-year-old baby in her arms when the smash-up occurred, and both were thrown violently to the street. Mrs. Claire clung to her child, and it escaped injury. Mrs. Claire sustained a fractured leg, and is believed to be hurt internally. She was taken to a local hospital.

Mr. Claire was driving the machine, and just as a taxicab turned a corner in front of him he gave a quick turn of his steering wheel to avoid a collision. At the same moment the driver of the taxicab gave a twist of his steering wheel, which sent the two machines together with a crash which almost completely wrecked both of them. Both Mr. Claire and the driver of the taxicab were thrown over the wind shields of their cars and each sustained painful bruises. Mr. and Mrs. Claire came here from Richmond several months ago.

SENSATIONAL DEVELOPMENTS EXPECTED

MISS HAWKINS WAS MURDERED.

New Inquest to be Held—Arrest Expected—Big Reward Offered.

HENDERSONVILLE, Sept. 13.—The veil of mystery that has surrounded the death of Miss Myrtle Hawkins, the 17-year-old girl of Hendersonville, whose body was found Sunday morning floating in Lak Osceola, is rapidly being lifted, and as the investigation proceeds the disclosures made are becoming sensational.

The theory of suicide has been entirely discarded and murder seems to have been established.

Coroner William R. Kirk has announced that he will report the entire case, exhumed the remains of Miss Hawkins, summon a second jury and give the case an exhaustive and complete inquiry.

Her body in a state of decomposition was found in the lake Sunday morning, but the fact has been established that death ensued at least 24 hours before the body was placed in the water. Evidence brought out subsequent to the finding of the body point to the fact that the body had lain in the woods for hours under wind and rain and sunshine.

As stated before there were no marks of violence on the body, but decided signs of chloroform were found and the theory now exists that the murderer used the poison killing the young woman.

People who were in the vicinity of the woods where it is claimed the girl was murdered, say that screams were heard Wednesday night as if a woman in dire distress, but no trace of anyone could be found upon investigation.

Rewards are offered by the city and county and Governor Kitchin has been asked to offer an additional reward.

"Wood's Crop Special"

"Wood's crop special" for September, says: "It is always advisable, in our opinion, for farmers to put in as much of their land as they can in the fall. We nearly always get seasonable growing weather during the fall and the early spring, and crops sown in the fall not only furnish a cover crop for the soil, but are growing and thriving at seasons which in recent years have proved most advantageous in our southern soils and climate. We would therefore urge farmers to sow all the land possible in suitable crops this fall, so as to provide against the repetition of short feed crops another year."

"Wood's Crop Special" is issued monthly and gives timely and seasonable information about seeds that can be planted to advantage and profit each month throughout the year. Write for sample copy, to T. W. Wood & Sons, seedsmen, Richmond, Va.

LIGHTNING CUTS A PECULIAR PRANK

STRIKES HOME OF MRS TAYLOR.

Starts in Upper Story and Goes Through Several Rooms.

During a storm Monday afternoon lightning cut quite a caper at the home of Mr. J. G. Taylor, near Station's. It struck the house in one of the corner boxes under the eaves, run down into one of the second story rooms splintering a post as it went, then switched across to another room where it split open one post and a bedstead. Then it dropped down into a room on the first floor, where it knocked some of the enamel off of an iron bedstead. From this room it went through the floor and followed a sill under the house to the outside of the building, where it went to the ground on a lightning rod. The track of the lightning all through the building could be easily traced by the signs it left.

Another remarkable thing is that while several members of the family were in the house, not one of them was injured. Mrs. Taylor had some goods on the bed in the lower room and was leaning over this cutting out a garment when the bedstead was struck, and it did not even shock her. There was a tremendous rain during the storm.

Southern Pines Tourist.

The Tourist understands that Road Supervisor McQueen is to begin work on the new Raeford Boulevard the first of next week. That sounds good, not only to residents and property owners out that way but to the merchants of Southern Pines and Raeford, all of whom will stand a chance to profit by the new highway. The probability of the new road was a factor in recent land sales in that section, as the writer knows from correspondence which was shown him from time to time. Some deals were not closed until the building of the road was assured by the action of the Hoke county commissioners and the McNells township road authorities. At the present time prices are better and the chances of selling land in that region are greatly enhanced by the fact that the road it to be built. Farms near which the road is to run will build private roads or improve public roads at their own expense to connect with the boulevard, while people whose holdings are too remote for individual action will not rest until the good road comes their way. It will not be long before everybody hereabouts will be spinning his small wagon or driving his mule or prodding his steer over the easy and fast sandclay. Once a section gets a chance at a good road the rest is sure. The chap who drives over good roads a few times is spoiled for the old path through the woods.

ROCHDALE ITEMS.

News Happenings Out in Beaver Dam.

ROCHDALE, N. C., Sept. 13.—Miss Callie Smith returned from a visit in Farmville last Wednesday.

Mr. Leslie Smith spent a few days of last week in Ayden visiting his sister.

Miss Trilby Smith returned from Snow Hill Saturday.

Mr. and Mrs. Ned Laughlinhouse are visiting at Cobddale.

Mr. Joe Smith returned to Richmond Monday to resume his studies in a medical college.

Master Dall Laughlinhouse, of Greenville, is visiting at Cobddale farm.

Mrs. F. W. Smith and son, Mack, went to Farmville Monday.

Mr. and Mrs. C. L. Tison, of Renton, were visiting relatives here Monday.

Mr. Robert Jones left Tuesday for Trinity College.

Mr. James Joyner and Master Ben. A. Atkinson left Tuesday for Plymouth.

Illinois M. E. Conference.

CHAMPAIGN, Ill., Sept. 13.—The annual session of the Central Illinois M. E. conference met here today, with Bishop Moore, of Cincinnati, presiding. The conference appointments will be announced early next week.

An unusually large number of ministerial changes is anticipated.

ESTIMATE OF DAMAGE OF AUGUST HAIL

HOW A TOBACCO CROP SUFFERED

Fortunately The Storm Covered Only A Small Area.

AYDEN, N. C., Sept. 13, 1911.
Editor Reflector:

I will give what I think is a fair estimate of the loss or damage to my five acres of tobacco by the hail of August 20th. Have already sold what was left of it. There was 450 pounds beaten off on the ground. About 100 pounds of this was dirt, leaving 350 pounds of tobacco at 4 cents. It should have brought at least 10 to 12 cents if it had not been damaged in this way, so 4 from 10 leaves 6 cents loss on the 350 pounds—\$21.00. Then we sold 1,496 pounds at 6 cents, which was a loss of from 6 to 8 cents, say 6, and we have \$89.76 loss on this lot. There was a loss in actual weight of perhaps 500 pounds, the butt end of many leaves broken and left on the stalks, here we have a loss of say \$50. Summing up we have \$21, \$50, \$89.76, total, \$160.76.

This is the estimated loss on our hired crop of 5 acres. Our tenants had about 18 or 20 acres but some of their crops were not damaged so much, as they were nearer done housing on account of not having so much replanted tobacco as myself. I had a better stand, having replanted more times and later than they.

One thing peculiar about the sale of this hail damaged tobacco was that but one buyer would have it at all, so that it sold cheap. It being largely tips and badly torn it could not be stemmed.

The area covered by this hail was very small, not but 300 or 400 yards wide and not so much more than double that length.

Second-Crop Cotton.

The other day a gentleman from the lower Rio Grand valley appeared on the floor of the Houston cotton exchange and exhibited a novelty in the way of a cotton stalk that attracted universal interest. It was a thrifty-looking stalk four and one-half feet high, and contained one hundred and fifty bolls and squares. It was represented as a fair sample of the twelve-acre field from which it was cut. The peculiarity which made it of interest consisted in the fact that it was a second-growth stalk. After picking nine bales, the planter irrigated the patch and new shoots sprang up from the root and will have plenty of time to mature at least a bale to the acre. This was off of the land which this year produced the earliest bale of cotton ever marketed. Neighboring farmers are treating their lands in a similar manner, some cutting down the old stalks, while others planted new seed in between the old rows, and all have a fine prospect of profitable results.

This incident is surprising in that it makes possible a double crop of cotton in one year from a single planting, but that is only an extremely limited area, for the season elsewhere is too brief to permit of growth and fruitage for more than one crop, and that not always entirely satisfactory. The early frosts often do their deadly work before the crop is fully ripe and ready for the pickers. The Texans will have to discover a good deal more such land before a second crop of cotton has any appreciable effect on the market.—Charlotte Observer.

Mexican Veterans to Disband.

CHICAGO, Ill., Sept. 13.—Two aged survivors of the Mexican war, Francis Benton and Thomas H. Wood, will disband the Western Association of Mexican Veterans at its last camp fire and reunion in this city tomorrow. At the same meeting the Western Association of California Pioneers will be disbanded.

To Fight for Bantamweight Title.

LONDON, Sept. 13.—Considerable interest is manifested in sporting circles in the fight at Liverpool tomorrow night in which Digger Stanley is to defend his title of English bantamweight champion against Ike Bradley. The fighters will meet in a 20-round bout for a purse of \$25,000 and a side bet of \$10,000. Eugene Corri, the well known London sporting man, has been selected to referee the contest.

MAIN STILL DRY.

Final Returns Indicate Small Majority for Prohibition.

PORTLAND, Me., Sept. 13.—With all cities, towns and plantations reported, and all but 196 verified by clerks' returns, a majority against repeal of 465 votes is shown—which means that "Republican Maine" remains legally a prohibition State.

To Stop Jewelry Robberies.

NEW YORK, Sept. 13.—Representatives of eight jewelers' societies of the United States and Canada met in this city today to devise plans for the better protection of those engaged in selling jewelry and precious stones. The jewelers have been aroused to action by the unprecedented number of assaults and robberies reported by the trade during the past year. It is expected a large reward will be offered for the capture of the murderers of Adolph Stern, the clerk who was killed in the daylight raid on a Sixth avenue jewelry store raid some months ago.

Charged With Inhuman Neglect.

OAKLAND, Cal., Sept. 13.—Refusal to call a physician for his six-year-old son, who, being burned from his waist to his head, was allowed to writhe in agony for 24 hours without medical attention, was the charge upon which Thomas J. Dooley was held to answer to the court today. If convicted the alleged inhuman father may be sent to prison for two years under the California law.

Revenue Officers to Confer.

DETROIT, Mich., Sept. 13.—Between 200 and 300 internal revenue officers of the United States will meet in this city next week to discuss plans for the betterment of the service. The conference will be the first of its kind ever held, with the exception of a preliminary meeting held in Washington last year for organization purposes.

Discuss Employers' Liability.

SPRING LAKE, N. J., Sept. 13.—The entire sessions of this, the second day of the annual conference of governors, were devoted to the discussion of employers' liability and workmen's compensation. The opening address this morning was delivered by Governor Eugene N. Foss, of Massachusetts.

United Brethren Meeting.

KOKOMO, Ind., Sept. 13.—Delegates representing a large section of Indiana assembled today for the annual meeting of the St. Joseph conference of the United Brethren Church. The sessions will continue five days, with Bishop Matthews, of Chicago, presiding.

Today The Reflector is publishing the financial statement of the town for the last fiscal year, showing receipts and disbursements. This is of interest for every citizen who wants to know how municipal affairs are conducted.

A Three-Crop Country.

We are doing business in a two, three and four-crop country, and the thrifty farmers of the Carolinas are furnishing evidence and results every day. We know of a farm of truckers who are demonstrating the advantages of partnership farming. Everybody is familiar with the fact that men go into co-partnership to merchandise, but in this country there are also agricultural firms. We have never heard of one that has gone into the hands of the receiver. On the contrary, we hear of operations like those of one firm at least which furnishes us a fine example of the two, three and four-crop farming methods of this part of the nation's garden spot. This season they produced on 21 acres of land 800 crates of lettuce to the acre and then planted a cucumber crop and produced on an average of 600 crates of that fine money crop. In other words, they shipped two cars of lettuce for each acre planted and as 400 crates is a minimum car load, we observe that their crop per acre was 800 crates of lettuce in addition to their later crop of 600 crates of cucumbers per acre, be it remembered. After the two former crops had been harvested, the land was sown in peas and just what their forage crop was we have not learned. However as this is a pea-producing country, it can be imagined that they will reap a third profitable crop from their well-tilled acres.

Big Day at the Star.

Yesterday I had the largest sale on the Star warehouse floor that has been made at Greenville during the present tobacco season, but today my sale was considerably larger and even more pleasing. Every body knows that the Star has led the Greenville market during the past years. I want to especially urge that you bring me your next load and you will be convinced that a better sale has never been made for you. Mr. Baker, my new auctioneer, will do the talking and when you have heard him, you will agree that he is one of the best auctioneers in the state. All farmers know that no better lighted warehouse can be found than the Star. I am selling from fifty to sixty thousand pounds daily, at an average of about twelve cents. You know, and I know and every body else knows that the high prices the farmers are getting at the Star, cannot be beat, so bring me your next load if you want the highest dollar for your tobacco.

F. D. FOXHALL, Manager.

P. S.—Watch out for country buyers. They will stick you. Get the full amount for your tobacco by selling it yourself at the Star.

Some business men need to catch the idea of do more for their town and the town will do more for them.

Chief Justice Jones, of South Carolina, has resigned to get in the race for governor against Governor Cole Blease. We hope Jones will beat him, too.

Possibly the government has not been able to do anything with the beef trust in ten years because of the toughness of the article it was up against.

That is a thin story from Wyoming that two masked men went in a bank, lined up and robbed the eight employees, then locked them all in the vault and got away with only fifteen hundred dollars.

Greensboro once did some crowing over having an auditorium, even if it was a second-hand one moved there from Norfolk. Now she is to lose it, for the thing has been sold to be moved to Columbia.

Later returns from the prohibition election in Maine, show that instead of the wets having a majority of about 1,400, the prohibition amendment to the constitution is retained by a majority of 300. This was a close election for 120,000 votes.

Two things that Pitt county will be up on this year are "hog and hominy." The county has never before raised as much corn as this year, and the hog killings this winter are going to surpass any former record.

Bob Phillips, of the Greensboro News, claims to be authority on pies and other good things to eat. If he would just drop down this way along about now and fill himself with James grapes, he would know what something good to eat is.

Just think of a stream of molasses fifteen inches deep flowing through the streets of New Orleans, and the folks of the country crying for sweetening. The bursting of a million gallons storage tank was the cause of this river of sweetness.

Later developments show almost conclusively that Miss Hawkins, of

Not A Word of Scandal.

W. P. Spangh, of Manville, Wyo., who marred the call of a neighbor on Mrs. said: "she told me Dr. Kink's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at all druggists.

Hendersonville, whose dead body was found in a lake Sunday, was murdered and her body thrown in the lake afterward. Officers have a clue and if an arrest follows it will likely lead to one of the most sensational criminal trials North Carolina has known.

We have heard of a bullet being flattened against a negro's head, but now comes the story of one's tooth stopping the course of the bullet. Two negroes in Spartanburg, S. C., had a quarrel when one shot the other in the mouth. The ball struck a tooth, and after recovering from the shock the negro spit both out. There was no damage except the loss of the molar.

Greenville's best opportunity lies in the development of manufacturing enterprises. As long as these opportunities are not taken advantage of there can not be much in the way of growth for either population or business. With manufactories there will be an increase of both, for where they are established there is employment, employment means more people, and more people mean more business.

People who are reading The Reflector closely are convinced, or ought to be, that Greenville has the best tobacco market in Eastern North Carolina. The high prices that have prevailed here since the opening of the market on the first of the month speak for themselves. Greenville has four good tobacco warehouses and a strong corps of buyers, and all work to keep this market in the lead. Farmers are aware of this, hence bring their tobacco here.

It is not too late yet to save hay, and once more we want to urge Pitt county farmers to put in a good supply of it. Just so sure as they are short on hay the coming winter, and have to depend on buying it, they will pay dearly for what they get. The western hay crop is very short, and the prediction is already made that the price will go to \$50 a ton. If our farmers will do as well this season on hay as they have done on corn and meat, it will mean keeping much money at home.

A Deadly Comparison.

It must be admitted that Rudyard Kipling makes one pretty good point against closer relations on Canada's part with the United States when he contrasts our one hundred and fifty murders to the million with Canada's three.—Charlotte Observer.

HAPPY RESULTS.

Have Made Many Greenville Residents Enthusiastic.

No wonder scores of Greenville citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Greenville by Doan's Kidney Pills.

Mrs. L. Mangum, 416 Dickinson avenue, Greenville, N. C., says: "Doan's Kidney Pills are by no means a new remedy to me. I have used them on different occasions and have found that they are a preparation of great merit. Kidney complaint and backache made me miserable and it was not until I procured Doan's Kidney Pills from the John L. Wooten Drug Company that I found relief. Recently I again got a supply of this remedy and it helped me as promptly and effectively as before."

The Rag Picker.

In childhood days, long gone, alack!
A monster roved the land,
With bulging bag upon his back
And iron hook in hand.

My frightened eyes beheld him proud,
And into ashcans look.
They told me many a child he stole
By means of bag and hook.

Rag picker of my infancy,
You've gone with other sprites;
But now, in my maturity,
Your namesake comes o' nights.

Yea, comes at all times, night and day,
With zeal that never fags;
To torture ears, to turn hair gray,
Picking his dreadful "rags."

Ragpickers on piano keys,
Those scavengers of tune;
Those victims of that dread disease
One catches from the coon.

I trust that on the Golden Shore,
Where we all hope to stop,
"Rag pickers" will be handed o'er
To some celestial cop.

—Exchange.

The Ladies' Aid Society of the Baptist church will meet Thursday afternoon, at 5 o'clock, with Miss Hennie Ragsdale.

Recital at Winterville.

Miss Sallie Pickett Oldham, of Meredith College school of education, will give a dramatic reading in the auditorium of Winterville High School on Thursday evening, 14th.

Cheap Excursion.

That's a mighty cheap excursion, Thursday, to Washington City, to Norfolk via Norfolk Southern Railroad and then by boat to Washington. All the way and back for \$6. It will be a delightful trip, too.

Before slapping some people on the wrist be sure that there is a vacant cot at the hospital.

LOCAL BRIEFS.

Pick Ups and Hand-me Downs.

Prayer meetings in the churches to-night.

Sharon Masonic Lodge meets to-night.

Every day is a big one on the tobacco market now.

Many tobacco farmers are coming in over night to be ready for the market next day.

Just a week more and the boys and girls will take to their books.

This morning was the first real fall feeling weather we have had.

Correct Hair Dress.

Every pretty head of hair you see on a woman these days is not the real article, at least not natural, as she does not grow it herself. Fashion has decreed that woman's hair dress shall be abundant and elaborate, and the artistic hair maker has met this demand of fashion. C. T. Munford's big store, always anticipating the wants of the devotees of fashion among his customers, has a varied stock of just such hair fixings as will put the head in correct style. You can't expect a man to be able to correctly name these articles, but the lady who goes to Munford's to look for them will find he has just what she wants to be in style.

No Need to Stop Work.

When your doctor orders you to stop work, it staggers you, "I can't you say. You know you are weak, run-down and failing in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at all Druggists.

School Notice.

Next Saturday and next Monday, September 16th and 18th, I shall be in the office of the graded school to classify new pupils and assign them to the grades.

I urge all persons who expect to enter their children for the first time to bring or send their children for classification on Saturday or Monday. No pupils can be classified on Wednesday, the date of opening.

This notice does not apply to beginners in the first grade.

H. B. SMITH,

Superintendent of Schools.

Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles. 50c and \$1.00. Trial bottle free at all druggists.

One of the hardest problems the summer girl has to solve is whether she can get another day's wear out of a shirtwaist.
