TO DISCUSS EXTRA FARE QUESTION

WILL CONTINUE SEVERAL DAYS.

It Has Been Suggested That a Quarter of a Cent per Mile be Added.

ST. PAUL, Minn., Sept. 19.—The fifty-sixth annual convention of the American Association of General Passenger and Ticket Agents began its sessions here today with Colonel Samuel Moody, passenger traffic manager of the Pennsylvania railroad, presiding. The convention will continue for several days. One of the timely topics to be discussed is the recommendation that railroad passengers be charged extra for using high-class equipment. It has been suggested that a quarter of a cent a mile be added to the price of a ticket for a passenger using an observation or a parlor car. In support of the proposal it is contended that the railroads expend large amounts to furnish this class of travelers fast train service, luxurious surroundings, and special attention of various kinds. The association will thoroughly discuss the matter, but any action it may take will be purely advisory in its nature.

A notable feature of the convention will be the banquet tomorrow night. Among those scheduled to speak at the banquet are James J. Hill, president of the Pennsylvania system, Vice President Daly, of the New York Central lines, and several representatives of government railroads in France and Germany.

CONVENTION OF FIRE CHIEFS.

Mayor Seidel, of Milwaukee, Delivers Address of Welcome.

MILWAUKEE, Wis., Sept. 19.—The first session of the annual convention of the International Association of Fire Engineers was held in the auditorium this morning with fire chiefs from nearly all the principal cities of the United States and Canada in attendance. Mayor Seidel delivered an address of welcome and John Thompson, of Toronto, president of the association, responded for the visitors. The convention will continue its sessions four days. One of the features is an exhibition of fire apparatus of the most modern pattern and design.

COTTON MEN DISCUSS WEIGHTS.

Every Cotton Exchange in The South Asked To Participate.

MEMPHIS, Tenn., Sept. 19.—In accordance with a call issued by President Williams, of the Memphis Cotton Exchange, a meeting will be held in this city next week, in which every cotton exchange in the South has been asked to participate. The purpose is to formulate plans for the supervision of weights, in American spinning centers, to consider the amount of tare to be allowed and to discuss ways and means for the establishment of competent and satisfactory methods, as well as places, for arbitration. Other subjects of interest to the cotton men of the South are likely to be discussed at the meeting.

TO SPEAK ON ALASKAN AFFAIRS.

President Taft to Speak Before The National Conservation Congress.

KANSAS CITY, Mo., Sept. 19.—When President Taft speaks before the National Conservation congress here next week it is probable he will make clear the administration's future attitude in Alaskan affairs. The president is understood to be determined to settle as soon as possible the vexed questions that confront development in Alaska and may preach his doctrine not only at the convention here, but at other points which he will visit during his tour of the West and Northwest.

Mr. Reuben S. Jones Dead.

Mr. Reuben S. Jones died at his home, three and a half miles north of Bethel, on the 9th inst., after a long illness, having been confined to his bed near two years with Bright's disease. He was about sixty-five years old and left a widow and seven children. He was a substantial farmer, a good citizen and a hard working, useful man.

Beware of the men whose dog crawls under the house when its master enters the gate.

COL. J. B. STICKNEY.

At One Time A Resident of Pitt County.

At eight o'clock last evening, at the residence of his daughter, Mrs. Annie Green, in the 84th year of his age, the spirit of Col. J. B. Stickney passed in the Great Beyond.

Only a few minutes before his death he seemed in unusual good spirits, chatting with his family and neighbors. The end came suddenly and peacefully for "he fell on sleep."

At 4:30 this afternoon from St. Timothy's Episcopal church the funeral was held, attended by a large concourse of friends and relatives. The services were conducted by Rev. Edwards, the rector of the parish.

As a mark of respect to his memory, the court house bell was tolled a half hour, from 4:30 to 5, while the services were being conducted.

Colonel Stickney was universally beloved and respected by all of our people, and though we all understand that he has rounded out the full measure of a life well spent in the cause of his Master and as a guiding star of a bright example to all the people, yet we are loathe to give up his kindly presence and noble spirit, which as it came near, made you feel that truly that is a Father of Israel and a good man is among us.

The deceased was born in Greensboro, Alabama, in 1827. He moved from there to Pitt county, where for 15 years he resided, serving the county with honor and distinction for two successive terms in the state legislature. He was also a leading farmer, for he loved the soil and believed that Dame nature would liberally reward all those who treated her kindly.

He has been a resident of Wilson for 35 years and a loyal citizen of our community, always interested in whatever made for its progress as far as his means would permit. He was happily married to Miss Satterthwaite, of Beaufort county. His wife being the only daughter of Mr. F. B. Satterthwaite. This union was blessed by one child who survives him.—Wilson Times.

THE SHORTEST SPEECH.

It Was Delivered By Caesar and Consisted of One Word.

Julius Caesar holds the record for brevity of convincing speech.

The story is told that while Caesar was in the midst of his struggle for the mastery of the Roman empire the soldiers of his favorite Tenth legion mutinied. He appeared before them, and, uttering the one word "Quirites," paused.

That word means, of course, "citizens," but to the veterans to whom it was addressed it meant a great deal more. It was the special term used in addressing Roman voters assembled in a purely civic capacity, not as soldiers but as civilians.

To the mutinous soldiers it meant that the great commander, whom they had followed for ten long years from the Alps to the Thames and from the Rhine to the Pyrenees and across the Rubicon, disowned them as soldiers and dismissed them from his victorious service.

Realizing its meaning, the story goes, the mutineers were appalled. Battle scared veterans burst into tears, implored their leader to pardon them and implored summary punishment upon the inciters of the mutiny as a proof of their repentance.

RURAL CARRIERS IN MILWAUKEE

The National Association Opened Its Sessions Today.

MILWAUKEE, Wis., Sept. 19.—A proposal that rural carriers be permitted to furnish lists of people along their routes to business houses and the adoption of domestic parcels post will be discussed at the annual convention of the National Rural Letter Carriers' Association, which opened in this city today. The carriers are of the opinion that these two steps would go far toward wiping out the annual \$25,000,000 deficit in the mail service.

Big Sales Daily.

It is almost an every day occurrence that the tobacco warehouses have big sales. It was so again today with all the houses nearly full. And what is better, the farmers who sell here continue to get satisfactory prices, which shows that the Greenville market is the place for them to bring their tobacco to get the worth of it.

A MAN WHO HELPS OTHERS.

Mr. Joyner's Contributions Widely Copied and Read.

That Mr. O. L. Joyner, president of the Farmers Consolidated Tobacco Company, is a recognized authority on the tobacco situation and agricultural topics, is shown from the fact that his contributions to The Reflector are widely copied by trade papers, both tobacco and agricultural journals. His recent communication advising farmers to sell their tobacco on warehouse floors, has been taken up by the tobacco journals especially and given broad circulation for its wisdom and soundness. Ever since Mr. Joyner became identified with the tobacco industry as a warehouseman back in 1891, he has not only labored personally to do what he thought was best for the tobacco grower, but also with his contributions through the press, has given timely information and advice to the farmers that has been of incalculable benefit to them. And the farmers never go wrong in following his advice.

GAIN OF 31 PER CENT.

Increase of Taxable Values in State Nearly One-Third.

RALEIGH, N. C., Sept. 19.—The corporation commission certified Saturday to the state treasurer the tax assessments of railroads and other public service corporations so that the state treasurer will at once call on these corporations for state taxes. The total tax valuation is \$126,052,257 compared with \$95,444,707 for the previous assessment, a gain for the new assessment of \$30,607,552, or an increase of 31 per cent. The railroad valuations heretofore announced aggregate \$115,239,684 and leaves \$10,812,573 assessment for other public service operations. The assessment follows:

Electric light and gas companies, \$3,303,032; street railway companies, \$2,559,943; telegraph companies, \$925,413; Southern Express Company, \$800,000; Refrigerator Car Co., \$10,048; steamboat companies, \$71,710; all others, \$86,70.

HONORING GOOD INDIANS.

Celebration Begins Today and Will Continue Until Friday.

SANTEE, Neb., Sept. 19.—Many visitors have gathered here for the celebration and fair arranged by the Indians of the Santee agency. The celebration, which began today and will continue until Friday, is given in honor of the deceased Indian chiefs, Wanpekoote and Medawantonwan. During each of the four days there are to be dances, athletic sports, addresses by prominent speakers and concerts by the Santee Indian brass band, which is one of the oldest organizations of its kind in the country. The big day of the celebration will be Thursday, when the best Indian dancers of the Sioux, Omaha, Chippewa and Winnebago tribes will contest for cash prizes.

LINCOLN MEMORIAL COMMITTEE.

Meeting Will Probably be Deferred October First.

WASHINGTON, D. C., Sept. 19.—Owing to the absence of President Taft on his Western trip, the meeting of the Lincoln Memorial Commission which was to have been held at the white house next Monday, probably will be deferred until the return of the president to Washington, the first of October. President Taft is a member of the commission, which has been authorized by congress to expend \$2,000,000 on the erection of a monument in this city to commemorate the life and public services of President Lincoln.

AT THE CHRISTIAN CHURCH

A Revival To Begin On October Second.

The Christian church on Dickinson avenue, will have a series of evangelistic meetings, beginning October 2, conducted by Rev. H. C. Bobbitt, minister of the Christian church at Rocky Mount. Mr. Bobbitt is an evangelist of large experience, and this year has held very successful meetings at Washington, Farmville, and Wilson, and it is expected that the church here will be much profited by his service. Everyone will be cordially welcomed at these evangelistic services.

NORTH CAROLINA HAPPENINGS

GATREED FROM EXCHANGES

And Briefly Stated for The Reflectors Busy Readers.

The eighth newspaper in Roberson county has been started at Pembroke, C. D. Brewington and A. S. Lockier, editors. It is a four column folio, published by "The Indian Observer Publishing Company," bears the name of "Indian Observer."

SMITHFIELD.—A head-on collision of two freight trains on the Atlantic Coast Line railroad today at the northern end of the pass track at Smithfield resulted in the death of Engineer R. A. Bell, of Rocky Mount, this afternoon about 2:40 o'clock.

About two years ago Mr. Enos Childers got his hand caught in a machine at the Elkin Furniture Co.'s plant and lost three fingers. He brought suit against the company, asking damages to amount of \$5,000. The case was tried at the recent term of Surrey county court at Dobson and the jury gave Childers a verdict for

While walking along the main line of the Southern railway yesterday at 1:35 o'clock, Clyde Goode, of Winston-Salem, a negro, of about 25 years of age, was struck by the incoming passenger train from Winston, and thrown to the side of the track. His skull was fractured by the blow, other injuries were suffered by his body, but it is thought that his chances for recovery are narrow.—Greensboro News.

WILMINGTON.—Fire, supposed to have been of incendiary origin, at an early hour this morning destroyed the crate and box manufacturing plant of the Lingo Box Company, on the Atlantic Coast Line railway belt line, just east of the city, entailing a loss on the plant itself of \$30,000 and \$15,000 in the rough and finished material on the yards. Owing to the high rate there was only \$12,000 to \$15,000 insurance on the plant.

CHARLOTTE.—The peculiarly atrocious burning of the two-year-old child of E. G. Friday, a prosperous farmer of Iredell, by her brother, four years old, came to light today. The older child deliberately ignited a small torch and applied it to the clothing of the baby sister. The latter dying shortly afterwards in horrible agony. When asked his reason for committing the act the child replied, "Just because." He has been caught repeatedly in the act of setting fire to furnishings of the house and is possessed of a mania for fire.

The Greenville Reflector suggests this remedy for the great and fast-growing divorce evil: "About the best way we can imagine to stop this divorce business, is to give every couple one that wants it, but make it a penitentiary offense for either of them to marry again during the life time of the other. This will come very near putting an end to it." It would, indeed. We consider this the best suggestion yet offered to put a stop to divorce—the great curse that is destroying peace and happiness of so many homes throughout the world today.—Salisbury Post.

WILMINGTON.—Mounted Officer R. S. Haddock had a narrow escape from a would-be assassin late Saturday night, when he was fired at five times by a negro known as "Railroad Bill," for whom the officer had a warrant for assault with a deadly weapon on another negro. Officer Haddock was riding and the negro saw him coming about a block away. The negro ran and concealed himself on a vacant lot, and as the officer rode up began firing at him. The officer said that one bullet split a lock of his hair. He was so excited that he did not even return the fire. Officer Bullock rode up from the opposite direction to aid his partner in capturing the negro, but the desperado had already emptied his, revolver and made off.

Another Comet Appears.

ST. LOUIS.—Father Martin S. Brennan, S. J., of St. Louis University, has sighted a tramp comet which he terms a real publicity seeker, as its tail may be plainly seen with opera glasses. The head is visible to the naked eye, just to the south and west of the star Chuban, which in nautical and lay parlance, is known as the "Tail of the Dragon." The head is said to be much larger than that of Halley's comets or others which have been noted in recent years.

NEGRO ASSAULTS WHITE WOMAN

Crime Committed in Broad Daylight, Near Her Home.

WARRENTON, N. C., Sept. 19.—A negro committed crime upon the person of Mrs. Joseph Choplin yesterday about noon at a spring to which she went to get water. He threatened her with a gun, overpowered her and accomplished his purpose. The father, with two or three other neighbors, white and colored, approached his home, not to arrest but to watch that he did not get away while the sheriff was phoned to. Upon the approach of the father the negro shot him with bird shot in the face and chest and again with the other barrel in the hip and side. The father is in a serious condition, but will recover unless complications set in.

The sheriff and posse, armed only with shot guns, attempted to capture the negro, but were repeatedly shot at and struck with stray bird shot. The sheriff returned to town, leaving a guard, procured help and with rifles demanded the surrender. Upon appeal of the father and brother of the criminal they were allowed to capture him and turn him over to the sheriff. The brother-in-law made a friendly approach while the sheriff and posse seemingly disappeared and grabbed the rapist and called the sheriff.

Warren Superior court convened yesterday, Judge Justice presiding, and plans for the speedy trial of the negro were ordered and the case will probably be taken up late to-day or tomorrow and rushed to an end. In the meantime every precaution will be observed to prevent the occurrence of mob violence.

MISS MAY BEST

Died This Morning At The Washington Hospital.

Miss May Best, who, on Saturday night was taken to Washington hospital to undergo an operation for appendicitis, which developed two days before, died there at 3 o'clock this morning. The remains were brought to Greenville on the morning Norfolk Southern train and taken to the home of her mother, Mrs. T. H. Bateman.

At 11 o'clock funeral services were conducted at the home by Revs. C. M. Rock and J. H. Shore, and the remains were then taken out to the home of Mr. G. T. Tyson, an uncle of the deceased, in Beaver Dam township, for interment.

Miss Best was just twenty years of age and her death is unexpressibly sad. She was a young woman of beautiful character and life seemed so full of promise to her. She was a member of the Memorial Baptist church and also of the Junior Philathea class of the Sunday school, and her service to the Master was that of a devoted Christian. Always cheerful, and ready to do any deed of kindness she could, her life shed rays of sunshine upon all about her. Her death brings sorrow to many hearts.

Wells to Box Attell.

NEW YORK, Sept. 19.—Matt Wells, the English lightweight champion who recently received a big boost in the estimation of New York fans by the excellent showing he made in his fight with "Knockout" Brown, is to be seen in action in Madison Square Garden again tomorrow night. Unless there is a slip-up in the present plans Wells will face Abe Attell, the featherweight champion, who will emerge from his temporary retirement in order to meet the Englishman. According to the agreement the two fighters will weigh in at 135 pounds at 5 o'clock tomorrow afternoon.

Curlers to Honor Earl Gray.

MONTREAL, Sept. 19.—Members of the Royal Caledonian Curling Club of this city have arranged to go to Ottawa tomorrow to present Earl Gray, on the eve of his retirement from the Governor-Generalship, with a memento of his stay in Canada, which at the same time will be a token of their appreciation for the interest he has manifested in their favorite sport. The souvenir is an inkstand in the shape of a small curling stone, cut out of Canadian onyx, and ornamented with silver.

Having Walls Decorated.

The Ladies Aid Society of the Christian church is having the interior walls of the church decorated with muresco in a beautiful shade of green. This will be a notable improvement in the appearance of the church's interior.

TAFT VISITS SOO.

Finds City Gayly Decorated in Honor of His Visit.

SAULT STE. MARIE, Mich., Sept. 19.—The second day of President Taft's visit to Michigan brought him to this famous gateway to the upper lakes. Upon his arrival here shortly after noon today he found the city gayly decorated in honor of his visit. Governor Osborn was on hand to give him welcome and the crowd thronged the vicinity of the station and all the streets of the downtown section was probably the largest ever seen here. Among the visitors were many Canadians from across the border, who were attracted by the possibility that in his public speech, which was the chief feature of the day's program, the president might have something to say on the all-absorbing subject of reciprocity.

Wives Wanted.

PITTSBURG, Pa., Sept. 18.—John R. Deel and Harvey R. Dearmond, of Chynne, Wyo., have written to a local newspaper asking to be put in communication with girls who will make "loving and true wives and are good cooks."

The Westerners say: "We are disgusted with these Western dames. We hope this letter will reach women who are not spoiled by Wyoming powder and paint. It is little wonder that our Western divorce courts are so crowded when so many marriages are, after all, only poor business contracts. A woman, looking over her list of acquaintances, finds a man who is good looking and has lots of cash. He is the one she grabs."

Marquette Ready for Taft.

MARQUETTE, Mich., Sept. 19.—Marquette has donned holiday attire in anticipation of the visit of President Taft, who is scheduled to arrive here from the Soe shortly before midnight tonight. The president will remain here until about 3 o'clock tomorrow afternoon, when he will leave for Grand Rapids. The program for the Marquette visit calls for a reception on arrival and a brief public address, to be followed by a luncheon and a visit to the College of Mines and other places of interest in and about the city.

TUESDAY, SEPTEMBER 19, 1911.

No doubt Hendersonville regrets having a Lake Osceola.

Two circuses this fall ought to make Pitt county folks happy.

The recent wave of crime in North Carolina needs to be nipped in the bud.

Up in New York when they get tired of each other they ask for a divorce.

The growers have no room to complain of the price of water melons not keeping up this season.

The flies must have had a time in New Orleans when that molasses tank burst and flooded the streets.

The appearance of the army worm in a number of North Carolina counties is giving much concern to cotton growers.

A Watauga man evidently believes in what the old school reader says: "If at first you don't succeed, Try, try again."

He adopted that motto and got clear of a murder charge on the third trial.

Oh, these shrewd Republicans. Because the Democratic congress practiced some retrenchment in reducing government expenses, they claim that because of a shortage of clerical help the contributions of public buildings throughout the country will have to be delayed.

It is all right for people to want money if they adopt honest methods to get it, but it is all wrong for them to want it bad enough to resort to dishonesty. A Salisbury young man undertook to extract five thousand dollars from a banker by means of black hand, and instead of getting the money he got in jail.

How it is that so many men—some of them old, some young—can stay mostly drunk most of the time and live, no one is able to understand. A constant swigging of the stuff, even when it is the best to be had, will fix one. Drinking what they call liquor to be had these days and living is one thing the medical society should look into.—Greensboro Record.

Another fellow writing just like he was talking about something in Greenville. Must have been turning his spy glass down this way.

Dr. Wiley on Value of Cottonseed Oil.
In these days when so much is being said about the purity of food products, and the healthfulness of different foods, it is refreshing to hear what the great authority, Dr. Wiley, has to say about cottonseed oil and its products.

SHAKE INTO YOUR SHOES
Allen's Foot Ease, the antiseptic powder. It cures painful, smarting, nervous feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous, swollen, tired, aching feet. Always use it to break in new shoes. Try it to-day. Sold everywhere. By mail for 25 cents in stamps. Don't accept any substitute. For FREE trial package, address Allen S. Olmsted, LeRoy, N. Y.

The quotation given is from an address Dr. Wiley made before the Interstate Crushers' Association in New York last June.

"You have a meritorious article, you have learned how to purify it and make it palatable and attractive, and you have everything now but the confidence of the public and the knowledge on the part of the consumer how to use your product. Put a little effort in that line, and you will see what wonderful returns you will have. I do not believe there is a man, woman or child in this country, if the consumption of cottonseed oil was common today throughout this broad land, but what would have better health and be a better judge of what is good to eat, and be happier, by reason of his better health, than he is today, so I am pleading for the benefit of the public, I am pleading for a wider publicity of your product, for cottonseed oil as a human food."

Feed The Land.
He that maketh two blades of grass to grow where one grew before has had all manner of compliments paid him since man first began digging his living from the breast of old mother earth. He is the man who feeds the soil so that it in turn may feed him. The early and late rains, the sunshine and the dew, may do their part, but if the farmer has starved his lands, taken all off and put nothing on, robbed them of their fertility and productive power, short and unsatisfactory crops are bound to follow. Feed the soil. Go after the thin, worn out and waste places, and build them up. Redeem that which your short-sighted greed has destroyed.—Charlotte Observer.

Good Farming Pays.
That intensive farming rather than the old method pays. Mr. H. K. Heath, of Hugo, demonstrated this summer on his farm, where with a thousand pounds of fertilizer to the acre and planting corn the first day of June, he raised eight barrels to the acre, against a yield of a barrel and a half to the acre of older corn indifferently fertilized.—Kinston Free Press.

Death Down His Umbrella.
Joseph Ingles, 47 years old, a dairy hand, was killed instantly by lightning while crossing a field near Kansas City Sunday.
Ingle carried an umbrella with a steel rod. He left his home to walk across the field to his work at the Morris dairy. Lightning struck the steel rod of the umbrella, ran down it and entered his body near the shoulder where the rod touched.

They Were Just From Baltimore.
One who loves and reverses the American language sends me the following curious dialogue which he overheard late in a North Carolina town:
I never seed you at the party, No; I never got no chance to go. If I had knowed you'd want to went, I'd seed you'd got to go.—Baltimore Sun.

A man doesn't worry so much about what's going to happen to him in the next world after he has been bumped and knocked around this one for about 50 years.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.
I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.
At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.
Cardui worked like a charm."
There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.
Please try it, for your troubles.

"THIS IS MY 52nd BIRTHDAY."

Marshall P. Wilder.

Marshall P. Wilder, the well known humorist and entertainer, was born in Geneva, N. Y., September 19, 1859. As an infant he removed with his parents to New York City, where he has since made his home. Owing to physical disability his education was

very limited, the whole of his school life being covered by three or four years. As a youth he found employment in a New York office at a salary of \$2.00 a week. While thus employed he first used his abilities to entertain, appearing as a reader at drawing-room entertainments. Soon he found it to his advantage to quit his other employment and devote all his time to entertaining. In 1883 he went to London, where he met with much success. Some years later he made a trip around the world, giving entertainments in Japan, China, Australia and other countries. Mr. Wilder has done considerable journalistic work and is the author of several books.

THE HAPPENINGS ALL AROUND AYDEN

F. W. B. M. CONFERENCE TODAY.

Church Meetings—Good Crops—Lumber Exports.

AYDEN, N. C., Sept. 19.—The Disciple conference will meet in Ayden the 31st of October. Don't forget the place and date.

There is a meeting going on at the Baptist church. Rev. Mr. Rock is doing the preaching, assisted by Rev. Mr. Adams, the pastor. Let us hope much good may result from this meeting.

J. R. Smith & Bro. had a shipment of hardware to arrive Thursday evening that remained in the depot during the night, and among it was some improved rat traps, and next morning, Mr. Brown, the agent, found that one trap had caught two large rats during the night without being baited. These traps retail at 50 cents each. Plenty of them on hand.

Mr. J. Will Quinerly tells us he has about 75 bales of cotton open on his farm, and that hands are very scarce.

All of our sick people seem to be getting better, and we have much to be thankful for.

The fable of the old lark and her young ones was demonstrated last week by one of our well-to-do farmers in Greene county in working of emulation he had tried in vain to get help to pick his cotton. His wife, like a ministering angel, listened with all the earnestness of her heart, and when he had finished his sad story, she told him that she had on her father's farm picked 300 pounds of cotton per day, and could do so again. So the next morning she and her husband went in the field, she picked 300, he 350, and a tenant was inspired and picked 349, all in one day. There is nothing like being encouraged by a smart, black-eyed help-mate.

Mr. Enoch Davenport, of Rocky Mount, is visiting his parents.

Our town is getting to be an export as well as an import town. The Ayden Lumber Co. shipped two cars of their season red gum lumber to London, England, last week. They do a considerable lumber business in South Africa, having shipped several cars there.

Mr. Joe Parker, who has been engineer for the Ayden Lumber Co. for a long time, has resigned and will accept a similar position with the Kinston Manufacturing Company.

Capt. L. R. Watson, of Pink Hill, came in Saturday to spend Sunday with his sister, Mrs. Peden.

There were 80 bales of cotton on our market Saturday.

If its hardware, mill supplies, lime cement, or building material, we have it. J. R. Smith & Bro.

Bring on your cotton, we will furnish bagging and ties and gin it for the 20th; buy your seed or exchange them for meal, grind your corn and do all kinds of repair work in wood and iron. L. L. Kittrell.

Mrs. Tucker, of Kinston, is here on a visit to her brother, Mr. W. S. Blount.

Messrs. J. B. Brinkley, of Greenville, and L. P. Tapp, of Kinston, were pleasant callers at our sanctorium Saturday. These gentlemen are old reliable tobaccoists and have been tried and worthy of being tried again.

Mr. R. L. Griffin tells us he has an acre and a quarter in cotton from which he has picked one and a half bales and there is fully as much more to open. He used N. B. Josey & Co.'s high grade fertilizers and top dressing. Sold by J. R. Smith & Bro.

49,000 red heart, hand-made shingles left Monday for Bogue Sound, where they will be joined by Mr. Frank Hart and will spend a few weeks catching sheephead, trout, mackerel, eels, catfish, and ponies.

Miss Louise Wilson, daughter of the late David Wilson, died Thursday of typhoid fever. She was 18 years old and a member of Macedonia church.

Mr. B. J. Skinner, of Farnville, spent Monday night in town.

Our graded school starts on the 20th.

Quite a lot of grapes are being shipped from here to Garrett & Co., Norfolk, where they will be made into grape juice, tangle-foot, preserves, etc.

The Free Will Baptist Ministerial conference convenes here today at 11 o'clock. We are expecting and have prepared for a full representation on this annual occasion. The program has been carefully arranged and many subjects of vital importance, spiritually, are to be treated.

Let us gin your cotton, we give bagging and ties. L. L. Kittrell.

Mr. D. Bibb, of the Ayden Lumber Company, is away on business.

Getting Along.

"How are you getting along in the law business, old man?"

"I have one client."

"Is he rich?"

"He was."—Boston Transcript.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

ROW AT CHURCH MEETING.

The Usual Rough House Scattered The Crowd.

LEXINGTON, Sept. 18.—At the annual big meeting of the colored Baptists at Yaddin college yesterday there was a riot that broke up the meeting. There were nearly two thousand negroes from Davidson, Davie and Forsythe counties present. The "rough house" started immediately after dinner and cleared the house. The minister escaped through a window. Two Lexington negroes were badly wounded. Three horses belonging to a local liveryman were shot, one being seriously hurt. Two negroes are said to have done the shooting, George Welborn, the leading barber of Lexington, attempted the role of peacemaker and barely escaped with his life by making a record run.

Child Mangled by Huge Lion.

SYRACUSE, N. Y.—Clawed and bitten by a huge lion at a sideshow at the state fair this afternoon, Laura Burns, 7 years of age, of Morrisville, is hovering between life and death tonight at a local hospital. The girl was frightfully mangled.

Cages of lions were roped off to keep spectators four or five feet from the cages. The little girl slipped under the rope barrier. The lion reached out its paw and fastened its claws in her head. He drew the child to the cage while her screams rang through the tent. With his other paw he clawed at the child's face and tried to draw her through the bars. Attendants rushed to the child's rescue but the animal had her fast in his grasp. Attendants beat the lion with bars and prodded the infuriated animal until it finally released the little girl. Then it was found the lion had gouged out one of her eyes, tore off an ear, lacerated the face and the upper part of the body.

Went To Kansas.

CHATTANOOGA, Tenn.—When papers for the arrest of C. J. Herbert, an insurance man, a requisition authorizing Herbert's surrender to the state of South Carolina reached here today it was discovered that Herbert had gone to some point in Kansas. Herbert is under indictment at Columbia, S. C., accused of defrauding the Seminoles Security Company out of \$98,000 in a deal between that company and the Southern Life Insurance Company, of Fayetteville, N. C.

A College For Millers.

STATE COLLEGE, Pa., Sept. 19.—A school for millers, said to be the first ever opened in the United States, has been established and will begin its sessions at the Pennsylvania State College tomorrow. The school is to be under the direction of B. W. Dedrick, the college instructor in milling and mill engineering. Applications for admission to the school have been received from prospective millers all over the country.

The Haag Shows Unloading.

To those who have never seen a big show unloading from its trains of cars a grand sight is in store for them on Sept. 29th, when the Mighty Haag Railroad shows will arrive here. To those who have seen shows unload they will see something very interesting in the system of the Haag Shows, which is an improvement on the usual shows unloading.

The shows will arrive about 4:30 o'clock from Washington, and will start to unload about five o'clock and will exhibit here afternoon and evening on September 29th.

Daughter of Governor to Wed.

SAULT STE. MARIE, Mich., Sept. 19.—Elaborate preparations have been completed for the wedding of Miss Emily F. Osborn, daughter of Governor and Mrs. Chase S. Osborn, and Richard Sanderson, of Ridley Park, Pa. The ceremony is to take place tomorrow evening in St. James' Episcopal church, of this city. Among the guests will be a number of prominent society people from out of town.

National Protective Legion.

COLUMBUS, O., Sept. 19.—The National Protective Legion, a fraternal insurance organization with a considerable membership in this section of the country, began its annual convention in this city today. The officers' reports show gratifying progress for the year, both in membership and finances.

Scottish Rite Masons.

SARATOGA, N. Y., Sept. 19.—Masons of highest degree from many states assembled in Saratoga today at the opening of the annual session of the Supreme Council, thirty-third degree Scottish Rite Masons. The business of the meeting will occupy three days.

Man Never Satisfied.

Man's the only animal that suffers from regret.
Longs for rain when all is dry, hates it when it's wet.
Wants the summer when he's cold, the winter when he's hot;
Always longing for the thing he hasn't got.
—Exchange.

Italy now imports more than fifty million dollars' worth of cotton each year. Hence the government is carefully fostering all attempts to produce a native crop.

The British legation at Buenos Ayres reports that the first shipment of raw cotton from Argentina was recently made, when two hundred tons of cotton grown in the Chaco were exported to Spain.

FREEDOM OF THE CITY.

An Honor Which Had Its Birth In the Middle Ages.

The ceremony of presenting the freedom of the city as an honor arose in the middle ages, when such right was not acquired by mere domicile. No stranger could move into a medieval town and go into business, his own gainful occupation or the civic activities. First he must become enrolled in the guild of his trade, then he had to undergo an apprenticeship of full seven years before he could be admitted to its livery. Then only and thus only could he arrive at the freedom of his city.

As a reward for high deeds these medieval city republics sometimes conferred on such strangers as had served them well the freedom of the city by solemn act of the burghesses and liveries without the apprenticeship of servitude. Every such recipient of a city's freedom became at once a burghess, free to dwell, free to engage in trade, free to vote for the civic rulers and to aspire to the civic chair. The key was the visible sign of this freedom—the city gates, closed at sunset against the stranger and the foe, opened to the burghess' key at all hours, as the door of his own home. Arronaut.
