

## VITAL NEWS FROM NATIONAL CAPITAL

Matters of Interest Found by Our Correspondent

### INVESTIGATION MARKET CONDITION

The Cold Storage and Commission Men Reap A Harvest Off The Farmers—Methods of The Sugar Trust in Robbing The Government.

(By Clyde H. Tavenner). WASHINGTON, Sept. 22.—The farmers of Pennsylvania sold forty-eight million dollars worth of potatoes in New York last year, but they were not worth forty-eight million to the Pennsylvania farmers. That is what the New York consumers paid for them. The Pennsylvania farmers got three and three quarters millions.

This statement was made by members of the Pennsylvania grange who visited New York City to investigate market conditions.

These grangers discovered that a cold storage chicken, weighing a pound and a half, sold for a dollar in Madison avenue. For that same kind of a chicken the farmers received twelve and a half cents a pound. The farmers bought apples for five cents each, and offered to sell the vendor from whom they bought them all he wanted for two dollars a barrel. Eggs which the farmers sold for twenty-two cents a dozen brought forty-five cents when sold to the New York consumer.

This vast difference between what the farmer gets and what the consumer pays represents the unearned profits that flow into the coffers of the railroads, the express companies, and the food trusts. The railroads get theirs in the form of excessive rates, which must be exacted in order to pay the dividends on watered stock. The express companies get theirs by reason of the fact that one supine Republican administration after another has refused to put them under a decent regulation, and the food trusts get theirs by maintaining unnecessary cold storage houses, through which they manipulate the supply, and create artificial "shortages."

Nearly all the perishable food supplies which go to the cities are handled by the express companies or by the equally monopolistic refrigerator lines of the food trusts both being owned by the railroads. Thus the consumer pays a double haulage bill. As soon as these products reach the cities they are turned over to the food trusts, who put them in cold storage and keep them there until a "shortage" is created. Then up go prices.

"If all the eggs stored in New York City were placed on the market tomorrow," said one of the Pennsylvania grangers, "the price of eggs would fall two-thirds."

What is the remedy? Democratic members of congress believe that one remedy lies in the strengthening of the interstate commerce law, to enable the government to reach—and jail—some of the owners of the criminal food trusts and transportation monopolies.

It is sufficient that the farmers, for the first time in years, are "getting together" on the high price question. They know that while their products command more than they did a few years ago, there still is a tremendous gap between what they get and what the consumer pays. They propose to find out where the trouble lies, and it is more than certain that their investigations will lead them to the headquarters of the unpunished trust magnates who control the railroads, the express companies, and the food monopolies.

### No Way To Stop The Trust.

For years and years the sugar trust is known to have stolen from the government. By means of false weights and tricky springs to cheat the scales, and by bribery of government officials, this rapacious trust diverted into its own coffers millions of dollars that should have gone to the government in revenue. The trust was caught red handed in its thievery, yet no body was punished; no body went to jail.

The government finally put a stop to the revenue stealing. The doctor-ed springs were taken away, and the corrupt customs collectors were discharged. This forced the trust to

### JEWES CELEBRATE NEW YEAR.

Beginning at Sunset This Evening and Continuing Over Tomorrow.

NEW YORK, Sept. 22.—The celebration of Rosh Hashanah, or the festival of the New Year, beginning at sunset this evening and continuing over tomorrow, will be marked by special services in all the temples of the Reformed Jews and the synagogues of the Orthodox Jews throughout the world. To show that the day is one of significance to the population of Greater New York it is only necessary to cite the fact that the population of this city includes more Jews than are to be found in all the rest of the United States.

This is the beginning of the year 5672 of the Jewish calendar, and with the exception of Yom Kippur, or the great fast day, the Day of Atonement, the festival of the New Year is most strictly observed of any in the calendar. The celebration among the Orthodox Jews last for two days. During this time there is absolute cessation of all work, except such as might be regarded as charity, or as an absolute necessity and cannot be postponed. The days are given up to religious observances at the synagogues, and rejoicings for benefits received. The Reformed Jews devote only one day to the celebration.

As a rule quickly made friendships soon spring a leak.

Most people are too polite to tell you what they really think of you.

adopt new methods in order to maintain its inflated dividends, so recently it sent out a wail about a "short crop" and now sugar prices are almost as high as they were during the Civil war. The sugar trust is determined to get "it's."

### Where The Money Goes.

What becomes of all the money the big trusts extort annually from the American people? Everybody knows they exact millions in tribute each year, and a stranger from Mars, were he to read the newspapers of this country, would wonder how the trusts could get strong boxes big enough to store away all the money they take from the people.

Recently an enterprising statistician figured it out that American heiresses—the majority of whom are the daughters of American trust magnates—permit their broken down titled foreign husbands to enjoy the income from one and three quarter millions of dollars.

This money, if spent by parents in America by whom it is earned, would educate approximately a million children each year. Or it would give employment to two hundred thousand American workmen at good wages.

### The Day of Reckoning.

The "House of Governors" appointed a committee of three of its members to argue against the Sanborn intrastate rate decision when the case reaches the Supreme court. The committee was appointed because the governors feared the right of the states were in danger of being violated by the highest court of the land. Each member of the Supreme court, when he takes his oath, solemnly promises to protect the rights of the states, as well as those of the nation. Why, then, should the governors be apprehensive? Why should they consider it necessary to tell the highest court what its duty is?

The very fact that governors recognized the necessity for such action indicates that it isn't only "agitators" and "demagogues" who have become suspicious of the Supreme court, and of the whole judiciary system.

### Wiley's "Vindication."

President Taft's "vindication" of Dr. Wiley will be searched in vain for a single word of praise for the valiant work that official has done for the people. Nor does the president have a single word of censure for the notorious McCabe, whose methods are running the food bureau and everybody in it. Dr. Wiley included, astounded the members of the Moss investigating committee. After this committee was discovered nobody knew better than Mr. Taft himself that he would not dare to mete out to Dr. Wiley the "condign punishment" recommended by Attorney-General Wickersham.

The Wiley "vindication" served no other purpose than to afford the president a favorable opportunity to play politics on the eve of his departure into the hostile West. Dr. Wiley had already been vindicated, a thousand times over, in the minds of the people.

## OPENING OF FOOT BALL SEASON

FEW PRELIMINARY SKIRMISHES.

The Harvard-Princeton Battle to be Fought at Princeton, Nov. 4th.

NEW YORK, Sept. 22.—Football will appear on the athletic stage tomorrow to formally open the fall season of sport at the Eastern colleges. In the middle west there will be a few preliminary skirmishes, but throughout the South and the West generally the teams will not get under way for another week or two.

In this section of the country the season promises to be one of the most important in the history of the grid-iron game. The new rules this year are not very different from those of last season and the early games will not be the coaches in trying out possibilities, as was the case last year, when radical changes had been made. There will be some experimenting, of course, but the early contests will be devoted more to sifting material and looking over the potentialities of new material.

This year's schedule calls for more games than ever before, that is on the whole, but not as applied to several of the bigger teams. The University of Pennsylvania will start the season with a game with Gettysburg College and, as usual, will close the schedule by playing Cornell on Thanksgiving day.

Yale's first game will be played on Saturday week with Holy Cross and a week later the latter will tackle Harvard, thus affording an early opportunity to compare Yale and Harvard against a common opponent. The Yale-Army game comes early, as last year. Later Yale will line up against Brown, Princeton and Harvard, meeting the latter at Cambridge, on November 25.

Among the new plums on the schedule the biggest is the Harvard-Princeton battle, to be fought at Princeton November 4. They last met fourteen years ago, when the Tigers lowered the Crimson colors. Harvard, too, will resume relations with the Carlisle Indians this year. In the week following the Carlisle game and preceding the battle with Yale the Crimson will play Dartmouth, which is always one of the biggest attractions on the Harvard schedule.

Brown, as usual, plays Harvard, Yale and Pennsylvania, and will close the season with a game at Providence with the Carlisle Indians.

The most important change in the Indians' schedule will be resumption of relations with Harvard, after an interval of two years. In the course of the season the Indians will meet Georgetown University, University of Pittsburgh, Lafayette, Pennsylvania, Harvard, Syracuse, Johns Hopkins and Brown. Carlisle has played all of these teams in former years, with the exception of Lafayette.

Intersectional games will feature the season's play. Michigan will come east to meet Pennsylvania, Cornell and Syracuse, and then they will go west to play Ohio state and St. Louis. Cornell, in addition to the game with Michigan, will also line up against the University of Chicago.

The principal games to be played among the Eastern collegiates tomorrow are as follows:

University of Virginia vs. Hampden-Sydney College, at Charlottesville, Va.

Carlisle Indians vs. Lebanon Valley College, at Carlisle, Pa.

University of Maine vs. Fort McKinley, at Orono, Me.

Bates College vs. New Hampshire State College, at Durham, N. H.

Colby College vs. Kents Hill, at Waterville, Me.

Holy Cross vs. Boston College, at Worcester, Mass.

Lafayette College vs. Bloomsburg Normal, at Easton, Pa.

Gettysburg College vs. Middletown College, at Gettysburg, Pa.

Delaware College vs. Williamson, at Newark, Del.

Rhode Island State College vs. Massachusetts College, at Amherst, Mass.

Connecticut Agricultural College vs. Rockville, at Storrs, Conn.

Rensselaer Polytechnic vs. Clarkson Tech, at Troy, N. Y.

### Trade With Advertisers.

You people who have trading to do, and most of you have, should do it with the advertisers. They are the ones who want your trade enough to ask for it, and they will treat you right when you go to them.

## FAIR, CORRECT ARE LAND VALUES

Denials of Low Assessment in Forsyth, Pitt, Davidson, Wilson

### COUNTY OFFICERS WILL SPEAK

Witnesses Before Corporation Commission Declare That in Their Counties The Land Values Have Been Put at Fair Figures.

When the railroads filed with the corporation commission sometime ago a mass of affidavits from counties through which they operate, tending to show that real estate had been assessed upon an average basis of value of from 25 to 75 per cent. of actual value, the commission decided to test the value of these affidavits and see what the officers of these counties would say about it.

So four counties were selected, from which affidavits were filed, alleging the lowest average of assessment, and it happened that his fell to Wilson, Pitt Forsyth and Davidson, and the county assessor and chairman of the board of commissioners of these counties were summoned to appear before the commission yesterday.

It appears from testimony given the commission yesterday that there has been about the same average increase in assessed value of farm land in each of these counties this year as was made by the commission in assessing railroads, and it also appears from testimony that farm lands are assessed in these counties at a fair conservative value, taking into consideration the wild and waste lands, the unimproved lands, etc.

With regard to Wilson county, as to which the affidavits secured by the Atlantic Coast Line had been withdrawn there was a letter of explanation from Mr. W. P. Anderson, that he had supposed he was speaking of improved lands near Wilson. There were two affidavits from Davidson county, but one of these was withdrawn and there was only one that was met. The evidence from Forsyth county and from Pitt county was a direct opposition to the affidavits submitted by the railroads, and special instances were met by full explanations. Altogether an excellent showing was made as to the counties and the fairness of the tax assessments made.

### As to Values in Pitt.

The commission next took up the matter of the assessment of lands in Pitt county, there being present Mr. J. P. Quinerly, of Grifton, chairman of the board of county commissioners, and Mr. R. W. King, of Greenville, ex-sheriff and the county assessor. The investigation to tax values in Pitt was based on affidavits of citizens, used by the Atlantic Coast Line in its petition for a reduction of tax value, and stated that tax values in that county ranged from 25 to 40 per cent of the true value of the land.

Ex-Sheriff King testified that he had been deputy sheriff ten years, sheriff four years, chairman board of county commissioners two years and is the county assessor. Had visited practically every farm in the county to fix values except those he had visited before. Think the value of something like \$9 an acre is a fair valuation for the county. Lands are not of uniform value in the county.

Chicod township is, perhaps, half in woodland timber cut off, such lands worth only \$1 an acre, the township average being something like \$7 an acre. Pactolus township, across the river, has in it various creeks and some lands worth practically nothing. It is a long township and a great deal of it is owned by three or four parties. Its lands are valued at pretty much what they will bring.

Property in the county was increased this year about 25 per cent over the valuation of last year. The valuation of nearly \$9 an acre is an increase of about \$2.42 an acre. By townships the average tax values for 1910 and 1911 and the increase in percentage is as follows:

Townships	1910.	1911.	Increase Per Cent
Belvoir	\$.42	\$.60	33.5
Beaver Dam	.74	1.56	35.6
Bethel	\$.80	.93	50.0

(Continued on 4th Page.)

### ST. LOUIS READY FOR TAFT.

Making Great Preparations for the Reception of the President.

ST. LOUIS, Sept. 22.—St. Louis is making great preparations for the reception of President Taft tomorrow. Public buildings, hotels and many business houses are today receiving the finishing touches of profuse decoration. The decorations along the route to be traversed by the distinguished visitor in his tour of the city will be especially elaborate.

There has been no change in the programme for the president's reception and entertainment. The programme, in brief, calls for a reception at the Union station on his arrival, breakfast at the Mercantile club, a trip over the boulevards and into St. Louis county, luncheon at the City club, a visit to the ball game at National Park, dinner at the Jefferson hotel and an address at the Coliseum at night. The Boy Scouts will not take part in the parade. The labor unions, which are antagonistic to the Boy Scout movement, objected, and the reception committee thought it best not to have any friction when a city entertains the president.

### CANADIAN CHAMPIONSHIPS.

Some Record-Breaking Performances May be Looked For.

MONTREAL, Sept. 22.—If number and high class entries count for anything, then some record-breaking performances may be looked for at the 28th annual track field championships of the Canadian A. A. U., which are to take place in Montreal tomorrow afternoon. The cream of the Dominion athletes are entered in the various events, and an international flavor will be given the meeting by the participation of a number of star performers of New York and New England.

The championship events will include the following: 100 yards, 220 yards, 440 yards, 880 yards, mile, five miles, 3 mile walk, pole vault, running high jump, broad jump, hop, skip and jump, 16-round throw, 56-pound weight throw for distance, putting the 16-pound shot, throwing the discus and the 120 yards hurdles.

### CANADA DEFEATS RECIPROCITY.

With An Overwhelming Vote Against It—Laurier Government Defeated.

MONTREAL, Sept. 22.—The Laurier government and reciprocity suffered an overwhelming defeat in the Canadian elections held today.

By a veritable political landslide the Liberal majority of 43 was swept away and the Conservative party secured one of the heaviest majorities, upwards of 50, that the Conservative party has ever had. Seven cabinet ministers who had served with Premier Laurier were among the defeated candidates.

The Liberals lost ground in practically every province of the Dominion. Where they won their majorities were small. Where the Conservatives won their majorities were tremendous.

The government defeat means that the Fielding-Knox reciprocity agreement, ratified by the American congress in extra session, will not be introduced when the twelfth parliament assembles next month, and that a revised basis of trade with the United States, looking to closer commercial relations, will not be possible in the immediate future. The Conservatives are committed to a policy of trade expansion within the empire and a closed door against the United States.

### IT WAS A BIG JOB.

But The Force Were Equal To It.

The advertisers making such a run on The Daily Reflector as to require a six page paper Thursday, and being short of help at the same time, made us a little late catching mails with that issue. But our force is the "salt of the earth" and they buckled down to the job until everything was off in good shape. We don't care for everybody to know it, but the boys and girls in the Reflector shop are the best in the world.

### Jewish New Year.

Rosh Hashanah, the Jewish new year, begins at sunset this evening and continues to sunset Saturday evening. All Orthodox Hebrews the world over observe this new year as a holiday.

It's surprising how much interest a foaler can generate in a dog fight.

## NORTH CAROLINA HAPPENINGS

GATHERED FROM EXCHANGES.

And Briefly Stated For The Reflectors Busy Readers.

Information was received in this city today from Washington, D. C., stating that President Taft had made a recess appointment for collector of customs at New Bern, naming John Biddle, of Fort Barnwell, as the custodian of the office.—New Bern Sun.

Yesterday morning at Revolution at 8:25 o'clock, a street car of the North Carolina Public Service company ran into a slowly moving train of freight cars and was partly derailed before the train was stopped. On the car were a number of teachers of the White Oak village school.—Greensboro News.

WILMINGTON.—The government of Greece has created the post of vice consul for North and South Carolina and appointed Mr. D. G. Vafadi, a prominent Greek of this city, to fill the important office, official notice having been received by him Tuesday from the Greek ambassador at Washington, L. Caftandoglou, and the proper credentials will be forwarded in a few days.

Mr. Dave Worthington found Wednesday, fastened up in the Farmers' warehouse stables, the pair of mules lost by him last Friday from the stables at L. Harvey & Son Co.'s store. The mules were nearly starved for water and feed, and it is believed by some that they had been in the stables since the day that they were lost, without food or drink. Mr. Worthington does not share in this opinion, but still believe that they were stolen and later returned and put in the Farmers' warehouse stables.—Kinston Free Press.

ROCKY MOUNT.—The Telegram Publishing company, of Rocky Mount, was incorporated by the secretary of state today. The company will publish a morning daily, including a Sunday morning edition. The name of the publication will be the Morning Telegram. The incorporators are Henry Horne, J. L. Horne, Jr., and M. V. Bernhill, all of Rocky Mount. J. L. Horne, Jr., will be general business and advertising manager. He has collected around him and has associated with him a strong force of mechanical and editorial aides.

### Horses, Mules and Buggies.

J. E. Winslow has just received a car load of fine horses and mules direct from the West, to which attention is called in his advertisement. He can supply the best in horses, mules and buggies.

Entered at the post office at Greenville, N. C., as second class mail matter.

FRIDAY, SEPTEMBER 22, 1911.

In signing a petition a man should know what he is doing.

The predicted cool wave appears laden with warmth and humidity.

Coffee is also climbing up, the price tree trying to catch up with sugar.

It is a dull day for Wilmington that does not chronicle a murder or a robbery.

Here's wishing Joe King, of the Durham Herald, good luck on his semi-annual fishing trip.

A \$5 bill was lost in New York and when it was found twenty nine people laid claim to it.

The president and congress may feel that the laugh is on them since Canada turned down reciprocity.

And all the extra session of congress seems for nought since Canada rejects the reciprocity bill.

The columns of The Reflector show that it is recognized as the best advertising medium in all this section.

Good schools and good roads are requisites to a good county. Pitt has the schools, and the roads are coming.

Canada having voted against reciprocity with the United States, wonder what President Taft's smile is going to do now.

The editor has been touched by the expressions of sympathy from the brethren of the press and other friends in his recent bereavement.

As radium has declined in price to \$80,000 a grain, now might be a good time to secure your winter's supply. We would not advise purchasing more than a pound.

All the things that were to come out of the Hawkins investigation at Hendersonville, did not come. The whole thing was a big farce except for the reporters.

Whether a wife has the right to scold her husband or not, as the Kansas judge says, they will scold if they take the notion to do so. And in most cases the husbands deserve what scolding they get.

Raleigh wants some state singers to take part in a concert at the dedication of the new auditorium there on October 18th. If any Greenville sing-

**A Dreadful Slight.**  
to H. J. Barnum, of Freeville, N. Y., was the fever-sore that had plagued his life for years in spite of many remedies he tried. At last he used Bucklen's Arnica Salve and write: "It has entirely healed with scarcely a scar left." Heals Burns, Boils, Eczema, Cuts, Bruises, Swellings, Corns and Piles like magic. Only 25c at all druggists.

ers desire to take part in the concert they might let it be known.

There are several things in the way of manufacturing enterprises that might be established in Greenville if the folks who have money would make up their minds to establish them. Surely the town needs them had enough.

No, sir; the interest in good roads is not waning at all. The sentiment in favor of a bond issue for building roads in Greenville township is something that is growing every day, and the more people look at the proposition in its right light the more ready they are to become advocates of the proposition. Good roads must come.

Up at Monroe, in Union county, they are agitating a proposition for issuing bonds for good roads in the township similar to the movement here for building roads in Greenville township. The same condition prevails there as here, that is, that the road taxes the people are already paying and getting no roads for it, is sufficient to provide the bond issue and have roads. People all over the state are awaking to the realization that this is the way to get roads.

Something that Greenville needs and needs badly, is a good hospital. Life is too valuable for people taken with sudden illness that requires an operation, to be subjected to the danger of being carried elsewhere and the delay in receiving proper attention. Lives that could be saved are too often sacrificed for this reason. It is not because our local physicians are not as good as any, but owing to the want of hospital facilities. Some years ago there was much interest around in securing a hospital here, but suddenly that interest for some reason was allowed to drop. It should be revived and not permitted to lag until a hospital is secured.

**No Need To Stop Work.**  
When your doctor orders you to stop work, it staggers you, "I can't you say. You know you are weak, run-down and falling in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at all Druggists

And its digger had the vigor  
Of a subsoiling plow;  
Say, Mr. Picknicker,  
Where would you be now?  
—Elberton Star.

## LOCAL BRIEFS.

### Pick Ups and Hand-me-Downs.

Red Men meet tonight.  
The demand for cotton pickers continues.

There was much cotton on the market today.

Be sure that you have something to exhibit at the Pitt county fair, November 2nd and 3rd.

One cart brought two barrels of Scuppernon grapes in today. They seem to be abundant.

### Presiding Elder Sunday.

Rev. J. T. Gibbs, D. D., presiding elder of the Washington district, will preach at the Jarvis Memorial Methodist church next Sunday morning and evening.

This will be his last visit to Greenville this conference year. The public is cordially invited to hear him at these services.

He will hold a quarterly conference Monday evening at 8 o'clock.

### "THIS IS MY 33rd BIRTHDAY."

Prince Miguel of Braganza, who is of some interest to Americans through his marriage two years ago to Miss Anita Stewart, of New York, was born at Richenau, Lower Austria, known as the pretender to the Portuguese throne, who has long claimed the sovereignty of Portugal through his father, the late King Miguel I., Duke of Braganza, who reigned over the country for six years. The mother of the younger Miguel was Princess Elizabeth of Thurn and Taxis. He is related by marriage with the royal house of Bavaria and the ducal houses of Parma, Luxembourg and Austria. Prince Miguel is widely known in European court society, but owing to his spendthrift habits he has never enjoyed popularity, even among those who ardently supported the claims of his father to the throne of Portugal.

### Greenville The Best Market.

This has been a big week and a good week on the Greenville tobacco market. It brings a price here that puts money in the pockets of the tobacco growers. There is not another market in the east that can touch Greenville.

### Another Plan About Cotton.

MACON, Ga., Sept. 22.—The organization of the Southern Cotton corporation, with a capital of \$4,000,000, the purpose of which will be to control the marketing of the cotton crop of the South, was announced here today by George W. Wadley, of Howling Brooke, one of the wealthiest men in Georgia. Associated with Mr. Wadley, who will be president of the concern, are prominent business men of this city and Waycross.

### Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles. 50c & \$1.00. Trial bottle free at all druggists.

## THE HAPPENINGS ALL AROUND AYDEN

### THE GRADED SCHOOL OPENS.

Ayden Will Be A Sweet Town In A Few Days.

AYDEN, N. C., Sept. 22.—Rev. E. B. Joyner and Dr. E. L. St. Claire, of Edison, Ga., are here attending the ministerial conference at the Seminary.

Mr. Joseph Gaskins has purchased a tract of woodland from Mr. Ben. Allen James Smith, west of Ayden, at \$50 per acre.

Bring us your cotton, we gin it, give you bagging and ties, take care of your seed, buy or exchange them for meal. L. L. Kittrell.

Mr. Richard Wingate has purchased that part of the late Fred White estate known as the W. B. Smith tract.

Mr. and Mrs. J. R. Smith went to Winterville Tuesday.

We are glad to hear that Messrs. Grover McLawhorn and Alfred Forbes are recovering from a recent attack of typhoid.

Mr. John Hart returned from a pleasant trip to Morehead Thursday evening and brought with him a box of fine mullets. He reports a large catch and a pleasant trip.

The meeting at the Baptist church continues; one young man accepted Christ at the sermon last night.

Mr. Alex. Dawson, of Institute, has been here this week attending the Union conference. He reports fine crops and cotton all open and pickers scarce.

Mr. Richard Wingate has purchased the farm of Mr. Levy A. Worthington near Bethany, for \$10,000. This shows that Mr. Wingate can handle real estate as successfully as he can deal in houses. He has bought, developed and sold several farms in different parts of Pitt county in the last few years at a satisfactory price to both buyers and seller.

If it is hardware and mill supplies, building material, cook stoves, and ranges, see us. J. R. Smith and Bro.

Mr. Peter E. Hines tells us he finds life insurance more profitable than farming.

There was a planter from Louisiana here a few days ago and sold one merchant two cars of choice sargum, syrup and molasses, direct from his farm. So in a few days we will have a sweet town.

We don't understand much about the Blow-Bassett subterfuge or the initiative, referendum and recall, but we do know that the present system of public school books is a farce, nuisance, and non-sensible piece of foolishness, and works a hardship on the poor parents who are of limited means. Why not adopt a set study for ten years and let the teacher compose the committee to select them? Of course, they know better what the people need than people in Alaska do. I feel sure that all book dealers will agree with me, and especially the parents.

### Graded School Opens.

The graded school opened Wednesday, with an unusually large attendance. The teachers for the different grades are as follows:

Miss Powell, 1st grade.  
Miss Gady, 2nd grade.  
Miss Rice 3rd and 4th grades.  
Miss Munn, 5th and 6th grades.  
Miss Pierce, 7th and 8th grades.  
Prof. Koonce, principal and teacher of 9th and 10th grades.

### MAY NOT PROSECUTE WOMAN

Who Two Weeks Ago Shot and Seriously Wounded R. B. Watson.

CHICAGO, Ill., Sept. 22.—Mrs. Harriet Coney, who two weeks ago shot and seriously wounded Robert Bruce Watson, prominent architect and clubman, was arraigned in court today for a preliminary hearing. Mr. Watson has about recovered from the effects of his wounds. According to Mrs. Coney's story the shooting was the result of Watson's determination to sever their relations, which, it is alleged, caused the divorce of Mrs. Coney and her husband. The woman's attorneys express the opinion that Watson will not prosecute the case and that ultimately Mrs. Coney will be released without trial.

### TROUBLE FOR TAMMANY MEN.

Tuesday Will be Primary Day In New York.

NEW YORK, Sept. 22.—Next Tuesday will be primary day in New York City, which means that the politicians now are on edge awaiting the results of the leadership contests. The bitterest fights this year, as is generally the case, are in the Democratic ranks. Far a leader to lose his district usually means a falling out with Tammany Hall and total loss of all political prestige, and a few of the old Tammany war horses, if present signs do not fail, will have the hardest fight of their lives to retain their leadership this year.

## Eye-Sight Restored

After Being Given Up by Specialists

A wonderful cure by

## MILAM

Mr. W. E. Griggs, Secretary and Treasurer Westbrooks Elevator Co. and formerly Cashier Bank of Danville, says:

"About ten years ago my eyesight began to fail to such an extent that it became necessary for me to consult a specialist. My trouble increased until I found it necessary to consult several others. My case was diagnosed as atrophy of the optic nerve, caused by impoverished blood supply. The progress of my trouble was slow but steady, with never any relief, until finally my physician advised me that nothing further could be done. About this time, about two years ago, I could not see to read, and my range of vision was so short that I could not see anything at a greater distance than fifty or seventy-five feet. I often found it difficult to recognize acquaintances when I met them, distinguishing them more by their voices than their features. In May, 1909, a friend advised me that if the physician's diagnosis was correct, MILAM will cure you, because it will purify and enrich the blood, increase the flow, and build up the system; but it will take a long time and the improvement will be slow."

"I did not believe one word of this, and consented to take MILAM because I did not think it could hurt me, and there might be a bare possibility that it might help me. After six weeks' use I began to notice a slight improvement in my sight, which has been slow but steady and with no setback. Now I can read newspapers with ordinary glasses, can distinguish large objects two miles away, and have no difficulty now, as far as my sight is concerned, in attending to my duties as the executive officer of a corporation."

"I am still careful not to tax my eyes unreasonably, because I realize that I am not cured; but hope, and am more and more encouraged as time passes, to believe that the continued use of MILAM will cure me."

"I think it proper to state that my general health and strength have also improved in the same ratio as my eyesight, and I attribute this to the use of MILAM."

(Signed) W. E. GRIGGS.

Danville, Va., March 23, 1910.

**MILAM** is NOT AN EYE medicine and will cure no blindness except that arising from impoverished or impure blood or depleted system.

Dealer in Heavy and Fancy Groceries, Fruit and Produce a Specialty, Irish Potatoes, Cabbage, Oranges, Lemons, Bananas, Apples, Canned Goods a Variety, Oats, Grain and Feed.

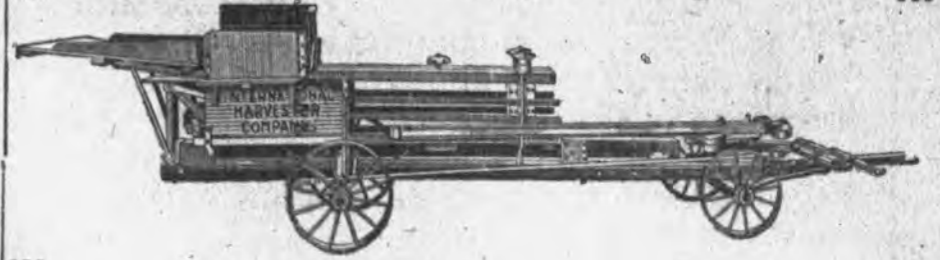

Highest market prices paid for Produce and Eggs.

When in need of cheap Coffins, go Gardner's Repair Shop. He sells them from \$1.50, up. I make them from good material. I also frame pictures, and sell glass cut to any size. First-class repairs done on buggies, carts and wagons, by competent workmen. Gardner's Repair Shop

### Somersault Elephant.

The Mighty Haag Railroad shows have the only elephant doing a complete somersault without the aid of man or machine. The elephant doing this wonderful trick is named "Major," and all the trainer has to do when wishing the elephant to turn is to say "Major, over," just as you would to the ordinary dog. Don't miss seeing the somersault elephant when visiting the Mighty Haag Railroad shows at Greenville, September 29th.

## How To Get More Out Of Your Hay Crop

WHETHER you feed or sell your hay, it should be baled. Baled hay takes up much less room and nets a better price than loose hay. It is always ready for any market at top price, while loose hay must be sold near home, at whatever you can get.

## I H C HAY PRESS

have many points of strength, simplicity, and convenience found in no other presses. They are equipped with a compound lever and a toggle joint plunger, which gives them great compressing power. A 500 pound pull on the sweep of a 16x18 I H C press gives 76,800 pounds pressure in the bale chamber.

The bed reach is only 4 inches high and very narrow. The bale chamber is very low—easy to reach over to tie the bale.

If you examine an I H C hay press you will appreciate its value as a money saver and money maker.

For I H C hay presses, clover leaf manure spreaders, weber wagons and all other farm machinery and hardware, call on

### TRADE REPORT.

Business Shows Slight Improvement, With Collections Fair.  
RICHMOND, Va., Sept. 22.—Bradstreet's today says for Richmond and vicinity: As a whole trade shows slight improvement as the fall season advances and the outcome of crops become a certainty, however, there continues a backward tendency and merchants continue to buy in small quantities rather than place as heavy future orders as is usual in consequence house trade and filling orders are above the average. High prices have retarded sales in provisions, however, fruits and plentiful and the winter apple crop is good. Trade at the far south is good in shoes, rubber goods and wearing apparel. Trunk manufacturers report good sales, their territory practically covering the whole country. Labor is fairly well employed locally this is due to very active building operations, however, the early crops in Virginia are poor. Continued favorable reports are received from North Carolina regarding the cotton crop and picking is progressing under favorable conditions. Retail trade and collections are quiet.

NOTICE.  
By virtue of the power and authority contained in a decree of the Superior court of Pitt county, in a special proceeding, entitled J. Y. Anderson and others, ex parte, I will on Saturday, Oct. 21, 1911, at 12 m., sell at public auction, for cash, at the court house door in Pitt county, a certain tract or parcel of land, situate in Belvoir township, being the land conveyed to Patsy Ann Anderson by Joseph Pollard, by deed, recorded in Book B-E, pages 5 and 6, of the Pitt county registry, and therein described as follows: "Beginning at a water oak stump and running north 50 east 108 poles to a white oak stump at corner of ditch; thence north 18 east 36 poles to gate post in old lane; thence north 46 west 78 poles to a stake in F. Spain's line; thence due west 107 poles to oak stump; thence south 15 west 78 poles to gum swamp; thence with Bynum Teel's line to the beginning, containing 62 acres, more or less." Said land known as Anderson land.  
This September 16, 1911.  
W. O. HOWARD,  
Commissioner.

Mr. King testified that he had gone around with the assessors on inspection. Lands ran up from \$1 to \$100 an acre. There are many acres of lowland and undeveloped land. The average in the county is \$8.89 an acre. Pitt is one of the best counties in the state, but its average is reduced by large acreage of waste lands. In Greenville township the Eureka Lumber company bought large acreage for taxation at \$2 an acre. As to Mr. D. E. House giving an affidavit of lands valued at 25 per cent he said that Mr. House later said he did not know the purpose of the affidavit. Mr. House is a real estate dealer and says he regrets making the affidavit, that he thinks property is valued enough in Pitt and that it ought not to be increased. As to Dr. E. A. Moye's affidavit of a 30 per cent valuation, he and Dr. Moye had always been regarded as believing in high prices for land. Mr. O. W. Harrington was the township assessor in Greenville and he could not see how he could have reached the 40 per cent valuation. Ex-Sheriff L. W. Tucker knew the county, he thought, but witness did not know the basis on which he said a 33 1-3 per cent.  
Commissioner Travis here said that Mr. King would see that a 25 to a 33 1-3 per cent valuation in Pitt would be unjust to other counties, that what was wanted was a true, conservative value, and that if Pitt had been assessed correctly it was due that this be shown.  
Mr. King said that in his opinion the property of the county was assessed at its true value, that the increase was about 35 per cent, that land values had been increased from about \$2,560,000 to \$3,480,000 and that some 18,000 acres of land not listed before had been put on the books.  
Mr. J. P. Quinerly, chairman of the board of county commissioners, said that he was not informed as to the whole county, but that in his township, Swift Creek, the values were fair and just. Col. Harry Skinner had gotten up the affidavits of the values of lands for the railroads, and Colonel Skinner had appeared before the board and asked to have his own property valuation reduced. It is hard to obtain the true valuation of farms as many things enter into the calculation, good lands, poor lands and the crop raised. On some lands not enough is raised to pay expenses. From a table prepared by the register of deeds, with the returns not complete for 1911, he read that in Pitt county in 1910 there was listed 372,250 acres, assessed at \$2,560,347, or an average of \$6.88 an acre, while in 1911 the incomplete list showed 391,599 acres assessed at \$3,480,046, or \$8.89 an acre, a gain of \$2.01 an acre, a total gain on the incomplete list of 29 per cent and the other land to be listed would increase this. If the lands in his township were sold he doubted if they would bring the average value.  
Commissioner Travis suggested that Mr. King and Mr. Quinerly obtain affidavits of citizens as to values of lands and file these with the commissioner and that Township Assessor O. W. Harrington be asked on what basis he had assessed values in Greenville township and how he had reached his estimate of 40 per cent valuation in the county, that he was under the direction of the corporation commission and it desired to know about this. The commission agreed to furnish Mr. King and Mr. Quinerly with the affidavits as to the values being from 25 to 40 per cent and will await counter-affidavits in the matter.—Raleigh News and Observer.

This is for the Good Ones.  
You good people, who read The Reflector: If you have it in your heart to do the right thing by the newspaper man, come along and get a subscription receipt. There is no joke about the money being needed.

### DON'T SUFFER WITH Neuralgia

when a 25 cent bottle of Noah's Liniment is guaranteed to drive this terror away—or money refunded. At the first twinge, applied as directed, Noah's Liniment will give immediate and effectual relief. It quiets the nerves and scatters the congestion, penetrates and requires very little rubbing.  
Noah's Liniment is the best remedy for Rheumatism, Sciatica, Lame Back, Stiff Joints and Muscles, Sore Throat, Colds, Strains, Sprains, Cuts, Bruises, Colic, Cramps, Neuralgia, Toothache, and all Nerve, Bone and Muscle Aches and Pains. The genuine has Noah's Ark on every package and looks like this cut, but has RED band on front of package and "Noah's Liniment" always in RED ink. Beware of imitations. Large bottle, 25 cents, and sold by all dealers in medicine. Guaranteed or money refunded by Noah Remedy Co., Inc., Richmond, Va.

FARMS FOR SALE.  
The R. G. Chatman farm on Creeping Swamp, Pitt county, containing 350 acres.  
The Dennis Smith farm, on Indian Well Swamp, Pitt county, containing 349 acres.  
Two tracts 60 acres each on Indian Well Swamp, Pitt county.  
Also several farms in Craven county running from 50 to 2,000 acres, nicely located. Any of the above mentioned farms can be bought for cash, or deferred payments, or will trade for smaller farms. If not sold, will rent.  
J. W. STEWART,  
8 26-1td New Bern, N. C.  
Not a Word of Scandal.  
W. P. Spangh, of Manville, Wyo., who married the call of a neighbor on Mrs. said: "she told me Dr. Kink's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c at all druggists.  
Being good looking ought to stand in the way of a man's success, but it often does.
