## TO SAVE THE NATION'S RESOURCES

FARMER AND FARM LIFE, TOPIC.

Pres. C. S. Barrett, of Farmers Union, Will be Heard.

KANSAS CITY, Sept. 25.—The presence of President Taft, Secretary of Interior Fisher, ex-Secretary James R. Garfield and Dr. Harvey W. Wiley, together with half a dozen governors, several United States senators and many of the foremost educators, agricultural experts and business men of the nation, at the National Conservation Congress which opened in this city today, lends added dignity to a convention the importance of which to the country at large can scarcely be overestimated.

This is the third conservation congress to be held. The first was held in Seattle in 1909 and was devoted chiefly to the conservation of the saving of the forests. In St. Paul last year the public land question was foremost. At the present congress the farmer and farm life forms the general topic, with especial reference to the question of soil fertility, the maintenance and improvement.

During the three days of the convention addresses and papers will be presented that will command the attention of the nation, not only because of their importance to the agricultural interests, but because of the prominence of the men who will present them.

Beginning with the opening discourse tonight by President Taft on the general subject of "Conservation," the thousands of interested auditors who will fill Convention hall tomorrow and Wednesday will listen to addresses by noted men who know how the natural resources of the country have been wasted and who are best qualified to speak on the subject of their conservation.

Secretary Fisher and former Secretary Garfield will speak on the same general subject assigned to President Taft. Senator Joseph L. Bristow, of Kansas, who was formerly assistant postmaster general, will tell of "The Farm and the Postal Service," and Senator Gilbert N. Hitchcock, of Nebraska, will speak on "Conservation Congress."

Charles S. Barrett, of Georgia, president of the Farmers' Education and Co-Operative Union of America, will be heard on the subject of "Cutting Out the Middle Man." Dr. Harvey W. Wiley, the famous pure food expert, will talk on "The Health of the People." Other speakers on subjects of general interest and importance will include Governors Hadley, of Missouri; Stubbs, of Kansas; Bleese, of South Carolina; Vessey, of South Dakota, and Kitchin, of North Carolina.

An imposing array of agricultural experts will deal with the practical side of farming and farm life. Former Governor W. D. Hoard, of Wisconsin, who is America's foremost authority on dairying, will talk on "Dairying and Soil Fertility." Other noted agricultural experts and their subjects are as follows: "The Live Stock Farm and Soil Fertility," Dr. Frederick B. Mumford, of the University of Missouri; "Wornout Soil," Prof. L. G. Hopkins, of the University of Illinois; "Methods of Cultivation," Prof. E. M. Ten Eyck, of Kansas State Agricultural College; "The Trend of the Conservation Movement," Dr. W. J. McGee, of the bureau of soils of the Department of Agriculture.

In addition to the problem of soil fertility the congress will discuss good roads, the country school, the country club, the farmer and the railroads, the farmer and water transportation, the country club, the rural home, co-operation among farmers, the live stock industry, child life on the farm, and the farmer and the government.

Twenty-five states are represented by delegates at the congress. Some of them are represented by their governors and the others by delegates appointed by them. Numerous organizations also have sent delegates, among them the American Live Stock Association, the Grain Dealers' National Association, the American Institute of Mining Engineers, the Pacific Northwest Association of Engineers, the Nebraska State Association of Commercial Clubs, the Cleveland Live Stock Association, and the Lakes-to-the-Gulf Deep Water Way Association. The Dominion Government has given evidence of its inter-

## DELICIOUS JAMES GRAPES.

Mr. Springer Grows Them in Wake as in Pitt or Beaufort Counties.

Talking about grapes, there is nothing in the earth or in the waters underneath the earth so good as scuppernong grapes. It was from that the nectar of the gods was made. But when the gods made a scuppernong they made it only for those who had the pains to cultivate the vine or their near neighbors to whom they wished to give a taste of the most delicious thing that the Almighty ever made. It has but one drawback, (or is it a virtue) that it cannot be shipped safely and profitably. Therefore, for a long time the people have been trying to get a grape having the delicacy and sweetness of the scuppernong with properties that would make them keep for some time after being taken off the vines. The pioneer of this work is Mr. Henry Mish, of Beaufort county, who grew the Mish grape to perfection, and Mr. James, of Pitt county, also grew a grape that has come into great popularity. These grapes are very nearly as good as scuppernongs, but not quite.

Our friends in Pitt and Beaufort have a notion that they have a monopoly on growing these grapes, but yesterday Mr. H. E. Springer, who is the owner of Mahler's vineyard, east of Raleigh, sent the News and Observer a basket of James grapes grown in the Mahler vineyard that were just as good as Mr. Mish ever grew in Beaufort county, or Mr. James in Pitt county. The truth is that Wake county is ideally located, and if it is not on the site of the original Garden of Eden, it is just as good a place. South and east of Raleigh you can grow cantaloupes, sweet potatoes, water melons and scuppernong grapes in Wake county just as well as you can in Beaufort county, and north and west of Raleigh you can grow crops to perfection that are grown in such western counties as Catawba and Rowan. Therefore, we have the combination of soil and climate in Wake county that embraces all sorts in the state from the seashore to the foot of the mountains.—Raleigh News and Observer.

Pitt county is the home of the James grape, and the original vine is doing business at the same old stand. The News and Observer may think this celebrated grape comes as near to perfection up that way as here in its native home, but a test of the original will prove the difference.

## To Investigate Pipe Plans.

HOUSTON, Texas, Sept. 25.—In an effort to determine the scope of the Interstate Commerce Commission's authority over pipe lines, a hearing was begun here today by Commissioner Franklin K. Lane. The interstate commerce act as amended last year brings pipe lines within the jurisdiction of the commission, but up to the present time no attempt has been made to subject the pipe lines to regulation. The present investigation will be extended to Oklahoma, where considerable complaint has been made concerning the methods and operations of the big oil carrying pipe line companies.

## Hutchinson Ready for President.

HUTCHINSON, Kas., Sept. 25.—From the centre of the city to the utmost limits, Hutchinson is dressed in holiday attire in anticipation of the visit of President Taft tomorrow. The distinguished visitors will spend the day and night in this city. During their stay the members of the presidential party will be quartered at the Disonte Hotel. A big military and industrial parade will escort the president to the state fair grounds, where he is to deliver an address as a feature of the Kansas semi-centennial celebration.

## Fair Governors Meet Friday.

The governing board of Pitt County Fair Association will meet here next Friday morning in the office of the president. The time for the fair—November 2nd and 3rd—is getting so near now that the meeting next Friday should be largely attended. There is much yet to be done for the fair.

## Dr. Hyatt Coming.

Dr. H. O. Hyatt will be at Hotel Bertha Monday and Tuesday, September 2nd and 3rd, for treatment of diseases of the eye. 9 26-11w

est in the congress by sending W. V. Atkinson, forester to the Canadian commission of conservation.

## NORTH CAROLINA HAPPENINGS

GATHERED FROM EXCHANGES.

And Briefly Stated for The Reflectors Busy Readers.

Mr. P. D. Gold, of Raleigh, has been elected president of the American Convention of Life Insurance Men. This is quite an honor for North Carolina.

GREENSBORO, Sept. 23.—Messrs. J. P. Sanders and W. H. Foushee, of this city, are back from a trip to Concord, where they were witnesses in a case in the Superior court this week. They say that the rumor was current in the court and about Concord, that Judge W. J. Adams, of Carthage, who is holding the term, will at a very early date tender his resignation and return to the practice of law. They knew nothing as to the truthfulness of the statement, but vouched for its general currency.

LA GRANGE.—Mr. Shade Wooten, Sr., died suddenly in this city yesterday afternoon of heart failure. He was 72 years of age and leaves a large family. His death removes from our community a most remarkable character. For four years Mr. Wooten gave his best young manhood to his country in the Civil war, and was seriously, and thought to be fatally, wounded in the head. After returning to his farm in Greene county, he had the misfortune to lose one of his hands. Notwithstanding all these obstacles, he has raised a large family and left an estate of considerable size. Coming to LaGrange about 30 years ago, he engaged in business for a number of years and was successful.

## FALL MEETING

Opens at Louisville Today and Continues for Eighteen Days.

LOUISVILLE, Ky., Sept. 25.—The autumn race meeting at Churchill Downs opened this afternoon and will continue for eighteen days. Hundreds of horses, including nearly all of the best that have been seen on the American and Canadian tracks this summer, are stabled at the local track. From here the horses will go to Latonia, where a twenty-four-day meeting will wind up the season on the Kentucky tracks.

All the stakes for the Louisville meeting have been well filled. The feature event of the meeting will be the four-mile Kentucky endurance stakes, which is set down for October 7 and will be the first long-distance race in Kentucky in twenty years. The event will be worth more than \$8,000 to the winner.

## STATE PRIMARIES

New Primary Laws of Massachusetts To Have Its First Test Tomorrow.

BOSTON, Mass., Sept. 25.—The new direct primary law in Massachusetts is to have its first test tomorrow, when candidates will be nominated for governor and other state officials to be voted for this fall. Interest centers chiefly in the contest for the Republican gubernatorial nomination. The contestants are Louis A. Frothingham, the present lieutenant governor; Joseph Walker, speaker of the general assembly, and Norman H. White, also a member of the general assembly. On the Democratic side Governor Foss is unopposed for the Democratic Progressive nomination. For the Democratic nomination he has Thos. L. Hisgen, of Springfield, for his opponent.

## Humbugging The People.

There is nothing peculiarly startling or unique in the statement of the Forest Service to the effect that, while the annual cut of real mahogany is only about 18,000,000 feet, more than double that quantity goes each year into the manufacture of "mahogany" furniture. Isn't the yearly consumption of Scotch whiskey about three times the total output of all the stills in all Scotland? And as for Persian rugs, more are bought and sold in the United States alone in one short twelve months than come out of Persia in a decade. "The American people like to be humbugged," is a dictum to which the late P. T. Barnum was the one to give utterance, and Barnum knew people as but few persons have ever known them.—Norfolk Virginian-Pilot.

## ASSAULT AND ROBBERY NEAR FARMVILLE

MAN SET UPON BY NEGROES.

Beaten Badly, and Robbed of Thirty-Five Dollars.

Saturday evening a young man, named Hamilton, of Wilson county, went to Farmville with the intention of visiting an uncle who lives near that town. It seems that in Farmville he connected with a blind tiger that made him linger longer than was good for him, and also put him in that condition that made him make too free display of money that he had with him. The lingering extended so late into the night that when the midnight train passed Farmville, Hamilton had not proceeded any further towards his uncle's than the track of the Norfolk Southern railroad.

It was pretty soon after this train passed that things happened to Hamilton that he will not forget soon. He was set upon by several negroes, badly beaten and robbed. The negroes evidently had seen the money and made up their minds to possess it. Hamilton says that he was robbed of \$35. He also said there were several negroes in the crowd that beat him, and that their actions indicated that they must have thought they had beaten him to death.

A boy who saw the assault started towards Hamilton, but some pistol shots from the negroes frightened him away. He did, however, go up town and report the matter to the police, and an officer went out and found Hamilton in a badly wounded condition and took him to a doctor.

Two negroes, Claude Vines and Tom Vines, have been arrested, and the officers are on the track of others who are charged with being implicated.

## MEETING AT COLUMBUS

The Second Big Race Meeting Opened Today.

COLUMBUS, O., Sept. 25.—The second big race meeting to be pulled off in Columbus within two months opened today, to continue until Saturday. The present meeting is an independent one arranged by the Columbus Driving Association. Over \$40,000 is to be distributed in purses during the five days of the meeting. The Horse Review Futurity for both pacers and trotters is on the card for the week, while there is a \$2,000 stake for 2:07 pacers; a \$3,000 stake for 2:11 pacers; a \$5,000 stake for 2:12 trotters, and a large number of class races. The programme also includes a free-for-all trot which will bring out the best of the horses in training and a grand champion pacing stake, in which are entered Independence Boy, Evelyn W., and several stars.

## AMERICAN FIELD TRAILS.

More Than 50 Dog Owners From Eastern States at Mount Vernon.

MOUNT VERNON, Wash., Sept. 25.—A party of more than fifty sporting dog owners and handlers from the eastern states, bringing with them their strings of honor winners, has arrived here to take part in the annual trials of the American Field Trails clubs. It is the first time that the American trials have been held in this section of the country and the field trials organizations of Oregon, Washington and British Columbia have joined in preparation to make the meeting a big success.

## Interstate Fair at Trenton.

TRENTON, N. J., Sept. 25.—The New Jersey Interstate Fair, which is one of the largest and most important of the annual agricultural exhibitions held in the east, opened today and will continue until the end of the week. In many respects the exhibits and the entertainment features are the best ever offered here.

## Marriage Licenses.

During last week Register of Deeds Moore issued licenses to the following couples:

WHITE

M. H. Bradley and Ina Johnson.

COLORED

Will Outterbutt and Clarissa Andrews.

Stanley Little and Emma Joyner.

## NEW DEVELOPMENTS

In The State Campaign Against Hookworm Disease.

The state and county dispensaries for the free treatment of hookworm diseases are attracting wide-spread attention. Fifteen eastern counties have made necessary provision to have them. In four of these counties, Robeson, Sampson, Columbus and Halifax, the work was completed about three weeks ago and an average of 3,000 victims of the disease were treated in each county. The counties of Wayne, Onslow, Cumberland and Northampton now have the dispensaries in operation. About one hundred people are being treated daily at each of the dispensaries. Pender, New Hanover, Brunswick, Craven, Pitt, Warren and Hertford counties have made provision for the dispensaries and will be entered as soon as possible. Bladen and perhaps two or three other counties will take action the next first Monday. The dispensaries remain in a county usually six weeks. The good results of their work are so apparent that after the dispensaries move to new fields the local doctors are kept busy continuing the treatment.

## A New Physician Enlists In The Work.

Dr. T. E. Hughes, of Magnolia, has given up his private practice to accept an appointment as district director of the campaign against hookworm disease. He is a Virginian by birth, a graduate of Richmond College, a medical graduate of the University of Virginia. He took his hospital training at Johns Hopkins, and in the city hospital at Wilmington. During his short stay at Magnolia he won the hearts of the people. Six physicians, eight laboratory men and a clerk now constitute the state forces engaged in the North Carolina campaign. They are now pushing the dispensary work because in this way the most gratifying returns are obtainable.

## MEN'S PRAYER LEAGUE

Hour For Meeting Changed to 3:30 Each Sunday Afternoon.

The Men's Prayer League did not have a very large attendance Sunday afternoon, but those present heard an unusually good talk by Prof. W. H. Ragsdale on the subject of "Prayer and Forgiveness." The other appointed leaders for Sunday were prevented from being present.

The hour for meeting has been changed to 3:30 o'clock, and next Sunday's service will be held in the Baptist church. The subject for that day is "What the Lord Requires of Us." Text, Deut. 10:12-13. Leaders, Messrs. A. B. Ellington, H. B. Harris, and R. H. Wright.

Next Sunday ought to be made a rallying day for the league. Cooler weather is promised by then, and the men of the community cannot spend an hour more profitably than at these meetings.

## Unique Trained Animal Act.

The Mighty Haag Railroad shows the most unique trained animal act ever produced, composed of bears, ponies and blue faced monkeys. Professor Chas. Duncan, who has created this act, says without doubt there is not another act in the world to equal it. The blue faced monkeys which are used in this act are a great specimen of animal intelligence, being as near the missing link as can be found. Words will not express the many remarkable qualities of human intelligence that are shown by these blue faced monkeys. The Mighty Haag Railroad shows will exhibit at Greenville, on September 29th.

## A Striking Collection.

The same care, skill and expense unite to make up the Magazine section of the New York Sunday World as combine to prepare the regular weekly or monthly magazine. In next Sunday World's Magazine will be presented a score of illustrated articles dealing with heredity, divorce, war, the working woman, Russian secret police, our babies, fashions, beauty, humor, art, sports, etc., etc.; also the words and music of a new song. Sunday World Magazines are worth saving and the Sunday World is worth ordering in advance.

## CORN SHOW AT MITCHELL

Some Fine Specimens of Corn Are On Exhibition.

MITCHELL, S. D., Sept. 25.—Thousands of visitors came to Mitchell today for the opening of the thirtieth annual Corn Belt Exposition. The Corn Palace, which is the prominent feature of the exposition, is the only one of its kind in the world. Fine specimens of corn are on exhibition from practically all of the counties of South Dakota and from some of the neighboring states. Pumpkins weighing in the neighborhood of 100 pounds and numerous other farm products are exhibited in booths. It is considered one of the most remarkable displays of farm products ever shown in this section of the country.

## DISCUSS ASTOR-FORCE WEDDING

Christian Citizenship Conference Begins Two Day's Session Today.

COLUMBUS, O., Sept. 25.—The Astor-Force wedding and the whole vital subject of divorce is to be discussed at the Christian Citizenship conference which began a two days' session in this city today. Churches of all denominations are represented at the conference. Prominent among the scheduled speakers are Dr. James S. Martin, of Pittsburg; C. G. Sterling, of Indianapolis; Judge E. B. Kinkead of Columbus; Rev. Dr. James McCaw, of Sterling, Kas., and Clement H. Congdon, business manager of the World's Christian Citizenship conference to be held in Portland, Ore., in 1913.

## Interstate Livestock and Horse Show

ST. JOSEPH, Mo., Sept. 25.—The annual Interstate Livestock and Horse show opened here today with upwards of 1,500 head of stock on exhibition, the largest number in the association's history. The show will continue through the week and is expected to attract many visitors from Kansas City, Omaha, Denver, Chicago, Fort Worth and other centers of livestock industry in the West and Southwest.

Any excuse will do when the trusts want to squeeze the people, so the failure of reciprocity with Canada is used to push up the price of food stuffs.

There's always a "but"—if not a "but," then an "if."—Kinston Free Press.

And frequently both an "if" and a "but." And excuses sometimes come along without either.

Since the defeat of reciprocity in Canada wheat has jumped up two or three cents a bushel. This means that flour is going to follow sugar and coffee in going high. First thing you know people will have to stop eating anything that the trusts control.

People have little regard for human life just so they feel they are getting their money's worth. A crowd attracted to a county fair in Ohio by aviation feats, were disappointed because the aviator feared to attempt a flight in a disabled machine. They taunted him with cries of coward until he made the attempt, ending in being roasted to death in mid air before their eyes. The crowd seemed satisfied.

Yes, Bury Him.

Bury the croaker out in the woods in a beautiful spot in the ground, where the woodpecker pecks and the bumblebee hums and the straddle-bug straddles around. He is no good to the city push, too unpractical, stingy and dead; but he wants the whole earth, and all of its crust, and the stars that shine overhead. Then hustle him off to the bumblebees' roost and bury him deep in the ground; he's of no use here, get him out of

Good Roads Benefit Everybody.

Had Lee county good roads a desirable class of people would come in, buy up all available land and help develop and build up the county. In some sections of Lee county one can travel for miles and hardly see a house. This land should be turned into good farms. This can be done by building good roads through it. The real estate owner should favor good roads because they would enhance the value of his property. The farmer should favor them because they will make it easier for him to cultivate his crop and market his produce. The merchant and business man should favor good roads because they will bring them more business. The professional man should favor good roads, because if the community is prosperous he will stand a better chance in the community. The laboring man should favor good roads because they mean more jobs and better wages. We don't know of a class of citizens that good roads would not benefit. The quickest and most effective way to get good roads is by bonds. When you have an opportunity, vote for bonds for good roads and help make your county second to none in the state.—Sanford Express.

The Health Officer.

The September number of The Bulletin of the North Carolina Board of Health opens with an editorial on the importance of the alertness of the health officer. It takes as an instance, the prompt reporting of a health officer by a physician of three cases of typhoid fever in one family. Then the health officer set to work. He found the three cases of fever in a home equipped with public sewerage. While there were several nearby surface privies on neighboring lots there was no typhoid fever in the surrounding blocks. All the children had fallen sick about the same time, which indicated a common origin. The home was supplied with city water, the monthly analysis of which showed it to be pure. It at last developed that the children had bought ice cream from an itinerant vender who sold cream on the streets regularly. His place of business was investigated. It was found that he obtained his milk from an exceptionally sanitary dairy. The water used in washing the vessels was obtained from a well. A sample of water from this well was taken and sent to the state laboratory of hygiene for analysis. It was found grossly polluted. These authentic circumstances leave practically no doubt as to the origin of these three cases of typhoid fever, one of which terminated fatally. While for some, alas! there is nothing but tragedy connected with that well, there is for many a life-saving lesson to be drawn from its fatal depths. It will poison no more. It would have poisoned no telling how many had not a doctor recognized the sphere of his larger responsibilities, and, through the agency of a health officer, traced the poison to its source and sealed it. The health officer fills an important position in every community. If he is alert and energetic, he is a blessing, if he is indifferent and neglectful, he is worse than of no use, for he stands in the way of a better man at the peril of the community.—Charlotte Chronicle.

NO REASON FOR IT.

When Greenville Citizens Show The Way.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Greenville citizen says: Mrs. Fannie Moore, 214 Pitt street, Greenville, N. C., says, "I feel very grateful for the relief I have received from Doan's Kidney Pills which I obtained from the John L. Wooten Drug Company. Backaches annoyed me and there was much lameness and weakness through my loins. My kidneys did not do their work as they should and the kidney secretions bothered me. Doan's Kidney Pills gave me relief from these symptoms of kidney complaint and improved my condition in every way." For sale by all dealers. Price 50 cents. The interment took place at 4 o'clock Sunday afternoon in Cherry Hill cemetery, the funeral service being conducted by Rev. J. H. Shore. The pall-bearers were Messrs. J. L. Carper, C. S. Carr, T. M. Hooker, H. A. White, R. L. Smith, C. W. Harvey, J. L. Starkey and Z. P. VanDyke.

Forty-four states have adopted an age limit for the employment of children.

The average wage of school teachers in Kansas has more than doubled in the past ten years.

During the last two years the International Brotherhood of Stationary Firemen has gained 9,900 members.

Organized labor in Atlanta, Ga., has purchased a site and will soon begin the erection of a \$30,000 temple.

The highest oriental wages are paid in the Philippines, where the ordinary laborer gets from twenty to fifty cents a day.

Fewer women over sixteen years of age are employed in the Southern cotton mills than in the mills of the New England states.

During the last year the Boot and Shoe Workers' International union has paid in sick, disability and death benefits a total of \$89,279.23.

In the various metal industries of Belgium nearly half the men work from nine to ten hours a day, and the majority of the rest work from ten to eleven.

Alabama, Florida, Georgia, Kentucky, Louisiana, South Carolina and Tennessee have laws requiring all employers to provide seats for their female employees.

In the United States the average productivity of the workman is \$2,400 a year, while in England the average productivity of the workman is only \$556 a year.

The American Brotherhood, an independent organization of blacksmiths in New York, has, by unanimous vote, decided to affiliate with the International Brotherhood of Blacksmiths and Helpers.

The average wages paid to skilled women sewing machine operators in the United States varies from \$1.50 to \$2 a day. The same class of labor in France, Germany and Switzerland receives from 30 to 50 cents a day.

At a recent meeting of the United Hebrew Trades, in Manhattan, N. Y., it was decided to aid the tailors in the organizing campaign they are now carrying on to get all the trade in the country into the union, as a preliminary preparation for a general strike in 1912.

The action of the Cigarmakers' International union in the adopting a label to distinguish its products from those of ill-paid convict, Asiatic or child labor, was gradually followed by other labor organizations, until now there are seventy-nine union labels in use in the United States.

On the average the workman who receives \$2.43 in the building trades in the United States receives \$1 abroad; the man who receives \$2.13 in the engineering trade in the United States receives \$1 abroad; the man who receives \$2.46 as a printer or compositor in the United States, receives but \$1 abroad for the same kind of work. However, it must be taken in consideration that the cost of living in the United States is far greater than in any other country.

## A Dreadful Slight.

### WHAT OTHERS SAY!

**Cured of Rheumatism**  
"I had been suffering with rheumatism for three years. Have been using Noah's Liniment, and will say that it cured me completely. Can walk better than I have in two years. Rev. S. E. Cyrus, Donald, S. C."

**For Cuts and Bruises**  
"While working at my trade (iron work) I got bruised and cut frequently, and I find that Noah's Liniment takes all the soreness out and heals the wound immediately. Edward Ryan, Swansboro, Va."

**Rheumatism in Neck**  
"I received the bottle of Noah's Liniment, and think it has helped me greatly. I have rheumatism in my neck and it relieved it right much. Mrs. Martha A. Lambert, Beaver Dam, Va."

**Pains in the Back**  
"I suffered ten years with a dreadfully sore pain in my back, and tried different remedies. Less than half a bottle of Noah's Liniment made a perfect cure. Mrs. Rev. J. D. Billingsley, Point Eastern, Va."

**Cured of Neuralgia**  
"For five years I suffered with neuralgia and pain in side. Could not sleep. I tried Noah's Liniment, and the first application made me feel better. Mrs. Martha A. See, Richmond, Va."

**Stiff Joints and Backaches**  
"I have used Noah's Liniment for rheumatism, stiff joints and backache, and I can say it did me more good than any pain remedy. Rev. George W. Smith, Abbeville, S. C."

**Bronchitis and Asthma**  
"My son has been suffering with bronchitis and asthma and a very bad cough. Was confined to his bed. Some one recommended Noah's Liniment, and I rubbed his chest and back with it and gave him six drops on sugar, and he was relieved immediately. Mrs. A. L. Whitaker, 618 Holly Street, Richmond, Va."

**Better Than \$5.00 Remedies**  
"We have obtained as good if not better results from Noah's Liniment than we did from remedies costing \$5.00 per bottle. Norfolk and Portsmouth Transfer Co., Norfolk, Va."

#### CAPITOL TO LAST 500 YEARS.

Stone Structure Seldom Endure Over 700, Builder Says.

"One thing I learned during a recent visit to Europe was that the average life of a stone building is not more than 700 years," said John H. Bryan, a builder of Chicago, at the Raleigh. "Naturally, I was interested in construction work, and gave more attention to this part of Europe than I did to the examination of art galleries and the tombs of famous men. The buildings of Europe are no better in their construction than those in this country, I don't think I saw a building in Europe that is better than the capitol in Washington.

"In nearly all of the older cities of England I noticed that the town halls which had been constructed, in many cases, 500 years ago, were beginning to collapse. All of them had been patched up, and it was evident that they would not last a great many years longer. I do not think there is any doubt that the capitol building here will be standing 500 years from now if it is not destroyed, but it will not last longer, nor will the treasury building, which is the finest example of its style of architecture in the United States."—Charlotte News.

#### Gentry and The Gum.

I want to say to the farmers who patronize the Greenville tobacco market, that I appreciate, sincerely, the patronage which has so far been given me by strangers who do not know me personally, as well as my friends and acquaintances who know my reputation in the warehouse business. We are making friends every day, because we make good what we say when we tell you that the highest sales are made at the Gum. We are giving our patrons the highest dollar for their tobacco. Now, if you have not as yet tried me with a load of your tobacco, and have some ready bring it to me; I will make good every word I say when I tell you that I will give you one of the best sales, if not the very best, that you have ever made.

J. J. GENTRY, Manager,  
Gum Warehouse.

#### Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles. 50c & \$1.00. Trial bottle free at all druggists.

#### Biggest Sales and Biggest Prices.

Today was Monday, but not Blue Monday at the Star warehouse. We never have any Blue Mondays, Blue Tuesdays, or blue any other days, when it comes to satisfactory tobacco sales.

I had on my floor today about fifty or sixty thousand pounds of tobacco, which sold as high as any sales that as yet have been made on the Greenville market. I have the best lighted warehouse, the best auctioneer, and make the best sales of any warehouse in the state. Facts and figures cannot mislead any man of intelligence. During this season, the Star has led the Greenville market, both in pounds dollars and high averages. It is going to lead tomorrow, next day and every day during the tobacco selling season. There is no use talking, facts and figures should tell you that the Star is the place to sell your tobacco. If you don't believe me, bring me your next load and try me.
