## FREE TREATMENT FOR HOOKWORM DISEASE

### PREVENTION OF THE DISEASE

#### Five Dispensaries at Points in Pitt County.

The State and Pitt County are giving everybody an opportunity to be examined and treated for hookworm disease. Examinations and treatments are absolutely free. For this purpose dispensaries have been established at the following places:

- Bethel, Tuesday, October 24, 31; November 7, 14, 21.
- Farmville, Wednesday, October 25; November 1, 8, 15, 22.
- Grimesland, Thursday, October 26; November 2, 9, 16, 23.
- Gritton, Friday, October 20, 27; November 3, 10, 17, 24.
- Greenville, Saturday, October 21, 28; November 4, 11, 18, 25.

Rural life is a very important predisposing cause of hookworm disease, and it has been demonstrated that this is largely due to the fact that sanitary arrangements in the country districts and in many towns are very primitive. The disease is spread by the human excrement of those who have the disease. Many of our farm and village dwellings either have no privy or the existing privies are unsanitary in construction. As a rule the soil around the privies, bushes or other hiding places is polluted. This is scattered by chickens, dogs, etc., and especially by heavy rains. Persons working or walking with bare feet or wearing leaky shoes on such contaminated soil are very liable to hookworm infection. When the bare feet are brought in contact with the infected soil the little hookworm germs bore through the skin, producing an attack of "ground-itch", which is usually the first stage of hookworm disease. The infection may also be taken in with muddy water, with fruit and uncooked foods, as plums, peaches, strawberries, lettuce, etc.

#### Cause of the Disease.

The disease is caused by small round worms, white or brownish in color, which are one-third to half an inch in length and the thickness of a number thirty sewing thread. In the adult stage they are found fastened by their jaws to the lining membrane of the small intestines. They suck the blood, make wounds, produce a poisonous substance which causes inflammation and catarrh of the bowels. This hinders digestion and the damage done invites typhoid fever or tuberculosis. The great loss of blood is the most important damage. The patient may harbor several thousand of these worms which lay many thousands of eggs. These eggs are discharged from the bowels of the patient to develop in the presence of oxygen in one to six days into the infecting germs to add infection to this patient or to infect other people.

#### Symptoms of Hookworm Disease.

The very mild cases of this disease may show very few effects from infection, but as the severity of the infection increases the symptoms become more pronounced. In the severe infections the patients may be undeveloped in body and mind. They present a thin-blooded condition often mistaken for malaria. The skin may be dry and tallow-like and in some cases, tan colored; the hair is dry, the shoulder blades are usually very prominent and the abdomen frequently swollen. There is usually tenderness in the pit of the stomach. Ulcers are often seen and these heal slowly. In the summer many of the patients have ground-itch. There may be at times severe headaches and dizziness. The digestion is poor and in many cases the appetite is ravenous or perverted, the patient eating dirt, clay, coffee grounds, etc. Often there is aching in the joints. The face presents a stupid appearance and in some cases is puffed. The eyes are listless the mind is dull and in school the child falls behind his classes.

#### Prevention of the Disease.

1. Treat the disease, thus destroying the egg-laying worms and at the same time cure the sufferers.
2. Wear shoes and don't eat uncooked foods which have been on or near contaminated soil.
3. See to it that every dwelling and school house is provided with sanitary closets and that the stools of no one are deposited elsewhere.

#### Sanitary Closet.

A sanitary closet is one which has a fly-proof vault under the seat and

## A BAPTIST'S TRIBUTE.

### Of The Roman Catholic Church—Unprejudiced.

Rev. A. W. Hand, of the Baptist church of Keyport, N. J., spoke recently on "What Good Things Can We Learn From the Roman Catholic Church?" His text was Phil. iv, 8: "If there be any virtue, if there be any praise, think on these things."

Said he: "It is my purpose tonight to speak on points of excellence of the Catholic church as seen by one outside that great church. While my testimony may not be fully adequate on the subject, still it will be unprejudiced and disinterested."

"From her unbroken history going back to Christ we are under a great debt to her for preserving the manuscripts of our New Testament. For ages monks were the scholars of the day, and their work was kept from the exigencies of war in monasteries. We are greatly indebted to her also for such men as Thomas a Kempis, Fenelon and Savonarola.

"We admire her people: "Because they believe strongly in their church.

"Because of their loyalty to their church's interests.

"Because they are always ready to defend their church's interests and if need be die for her.

"Because they support her by faithful church attendance, by generous liberality, and the men go to church equally with the women.

"Because they show great reverence for their church and pastors.

"The wisdom of the church is seen: "In regard to the times of service, all classes accommodated by early and late services.

"Their churches are open all the week for worship and meditation.

"Her charitable work commends her to all communities.

"There is no distinction when in church between the classes of people; they are equal before God, whether rich or poor.

"Their attitude on the question of divorce is wise and strong. To them marriage and the home are sacred, and if they succeed in leading other churches in taking a similar stand, the future welfare of the state, now threatened, will be assured.

"They give no uncertain sound as to the deity of Jesus.

"The hold on the masses of men and women in some cities help to make good government possible.

"Their well-known influence on children in their earlier years."

#### Cotton Conference at New Orleans

NEW ORLEANS, La., Oct. 23.—The decline in the price of cotton and the adoption of some concerted action that will cause a betterment of market conditions are being considered at an important conference that assembled in this city today in response to an invitation sent out by Governor Colquitt. All of the cotton-growing states are represented at the conference, either by their governors or by delegates appointed to represent them.

#### Florida Laundrymen.

TAMPA, Fla., Oct. 23.—Members of the Florida Laundrymen's association gathered in Tampa today to transact the business of their annual meeting and to discuss plans for a new organization that will embrace in its membership the laundrymen of the entire South. President E. S. Bayne, of Jacksonville, presided at the initial session at the DeSota hotel today.

#### About the time a man makes a little money several thousand people come around to get it away from him.

... a close fitting lid on a hinge for the opening in the seat. Under the opening a pail or tub is placed by raising a hinged door in the rear of the vault. Dry dirt, lime or chemical disinfectants are put in the pails as needed to keep down the odor. The contents of the pail should be removed once a week and deeply buried as far from the well as possible, burned or treated with germicides, but not used as manure because this scatters the infecting germs or worms which are too small to be visible to the naked eye.

Hookworm disease causes much loss of wealth to North Carolina by causing needless loss of lives, wrecked homes, misery and poverty. It occasions annually a leakage of \$187,500 of the State's school funds and nine millions of dollars in labor.

It is most important that prospective entrants should send in their nominations at once and get an early start for the few weeks allotted to this contest will slip by all too quickly. The field is now clear for a successful canvass, and subscriptions can be secured more easily than later.

#### Work vs. Leisure.

Eighty per cent of us have to work anyway. The other twenty per cent of us are possibly more fortunate and are living on the accumulative genius of some of our industrious predecessors—but what is the difference anyway? so long as it is real merit that counts with worth-while folks—the others' opinion doesn't matter. It isn't the point whether we have to work, whether we do work, or whether we do not work. The real issue is whether we appreciate an opportunity when we see one, and are wise enough to convert our spare time into additional asset.

#### MEN'S PRAYER LEAGUE.

### Had A Profitable Meeting Sunday Afternoon.

There were just fifteen present at the meeting of the Men's Prayer League in the Christian church Sunday afternoon. It was a small number, to be sure, but some of them said it was the most interesting they had attended. Only one of the appointed leaders Mr. J. L. Bishop, was present and after a short talk by him some half dozen others spoke on matters looking to increasing interest in the league. The shaking up along this line is expected to show results by the next meeting.

The meeting next Sunday afternoon will be held in the Baptist church. Subject, "The Great Commandment." Text, Matt. 22:35-40. Leaders, Messrs. O. E. Warren, B. B. Sugg and E. A. Moye.

#### Public Stenographer Needed.

With the frequent calls for stenographic and typewriting work, it looks like Greenville would have a public stenographer to meet these demands. There is seldom a day passing on which the Reflector is not appealed to by some one wanting this class of work to know where they can get it done. We believe a public stenographer could do a good business here. If any stenographer reading this would like to engage to do public work and will confer with The Reflector, we think the way can be opened to do a good business.

#### "PURITY" THEIR THEME.

### Sixth International Congress Informally Opened Today.

COLUMBUS, O., Oct. 23.—The sixth international purity congress, under the auspices of the American Purity Federation, was informally opened here today with the arrival of numerous delegates and the meeting of committees preliminary to the beginning of the general sessions. The congress will continue in session through the greater part of the week. Every phase of moral and social questions will be presented and discussed, including the white slave traffic, law enforcement, needed legislation, sex hygienic problems, suppression of vice and rescue homes and methods.

Social reformers from many parts of the United States and Canada are present as delegates, most of them with papers upon various subjects, which they will read during the sessions. Among these are Anthony Comstock, of New York; Arthur B. Farwell, of Chicago; Rev. Wilbur F. Crafts, of Washington, D. C.; Harry E. Moore, of Seattle; Rev. Dr. Gordon, of Winnipeg; Mrs. Kate Waller Barrett, of Washington, D. C.; Bishop John W. Hamilton, of Boston; Rev. T. Albert Moore, of Toronto; Rev. Madison C. Peters, of Brooklyn; Geo. L. Schon, of Louisville; Mrs. Elizabeth E. Grannis, of New York; Dr. Emma H. A. Drake, of Denver; and Mrs. Lula Shepard, of Salt Lake City.

Now for a little quiet and perhaps more business.

## HEALTH.

### Morning Talk by President Wright at Training School.

I wish to talk to you this morning about health. Not so much your health as the health of your students when you begin to teach.

Until recently school authorities did not consider it a part of a school teacher's duty to take any real interest in the health of the children. That was the duty of the parent. The teacher's duty was to see that the child "learned his book" and "said his lessons." The parent was responsible for the child's physical well-being. "If he did not get his lessons flog him," was the injunction of many a parent too often about a child too ill to "get his lessons." The result for many a child was total ruin, mentally, morally and physically. Many, many a child is in prison today as a direct result of this method. And who is the real criminal?

Men who have given serious thought and study to the problem say all incorrigibles are physical defectives. Remove the physical handicap in time and you change the course of the life from the highway of evil to the path of uprightness.

Many a child is not able to see and does not know he cannot see objects at a distance. Many of these are thrashed for not doing their school work when they cannot find the duty to be performed. I could sight case after case of children who, some one by chance, discovered the defect and corrected the trouble in time to save the boy or girl. Others can not hear and are pronounced stupid. Who is stupid, child or teacher?

Others have hookworm and can not work. Their life blood is being sapped out by these parasites, and parent and teacher ignore the conditions of the little fellows. They grow up into almost worthless citizenship. Who is responsible for this life's ruin, child, parent or teacher? Surely not the child, often not the parent for he is too ignorant to be held responsible. The teacher should not be allowed to undertake the training of the young if he is too ignorant to detect the worst cases. It will be upon you in many cases that the responsibility will rest.

Malaria is another of the diseases that saps vitality and reduces efficiency. This, too, is a preventable disease. Screens and quinine would reduce much of our suffering, increase the efficiency of many of our citizens. Smallpox can be eliminated by vaccination and typhoid is preventable. The time will come when it will be considered almost a crime to have any of these preventable diseases. The improvement of health conditions, fellow teachers, is in a large measure with you. Sanitation and hygiene are not to be taught any more than practiced. There is a sin against the physical, and the wages of this sin is often death. Many times it is more than death for it leads to a life that would be a blessing rather than to a life to live. Too many of our outcasts are outcasts for the simple fact that some parent or some teacher has neglected his duty, has shirked his responsibility. May such never be charged against a student from this school.

#### CAROLINA CLUB MEETS TONIGHT.

To Discuss Proposed Plan of Reorganization.

Tonight is the time for the meeting of Carolina club to discuss the proposed plan of reorganizing the club on a commercial as well as a social basis, and it is important that every member should be present at 7:30 o'clock. It is well known that Greenville needs a business men's organization that will be active and do something for the advancement of the community, and the suggestion to unite the different business interests of the town to this end is a good one. There is much that can be done to advance the town, but not much will be done in that direction without active co-operation. Organization and leadership is needed, and there is no better time than right now to make these effective.

#### First Premium at State Fair.

Mr. J. J. Jenkins, of Greenville, sent four white Leghorn chickens to the state fair that won the first premium. We expect to hear from Mr. Jenkins at the Pitt county fair.

#### A nice menu will be served by the ladies of the Episcopal church in the proctor building Tuesday night.

#### Lodged in a Tree.

The last flight the carnival aeronaut made in his balloon here, Saturday afternoon, he came down in a tree in the Training school park. A telephone lineman had to go and help him get down to the ground.

MONDAY, OCTOBER 23, 1911

The biggest sham of latter day shams is Wickersham.

William Randolph Hearst has announced his return to the Democratic party. Wonder what else is in store for us. If Willie is to be put up with it, it is certainly hoped he will be good.

Out in South Dakota they gave President Taft a gold brick. It was the real article and had some value, which is quite different from the kind the president has been giving the country on the tariff.

The board of trustees of the school for feeble minded that the state is to erect at Kinston, have elected Dr. Ira M. Hardy, of Washington, superintendent of the institution. An excellent selection has been made for that position. Work will commence on the buildings for the school with the expectation of completing them in a year.

Democrats should not anticipate much help from the insurgent Republican vote in 1912. Republicans do much whangling and splitting among themselves between elections, but they have a way of getting together when voting time comes. Democrats should look for victory in 1912 by solidifying their own forces and keeping them all in line.

There are actually some people who would rather see the tobacco trust blown up with dynamite than disbanded in an orderly way.—Greensboro News.

Or to put it another way: There are some people who would see everything go to the bow-wows unless it is run in accordance with the way they think it ought to be. They condemn principles in others that they wink at 'em themselves.

If a preacher goes wrong we fail to see why so much more stress and notoriety should be given to it than if the sinner was a man in some other calling, and the most glaring headlines given it in the papers, some even going so far as to cast reflection upon the whole church. Of course a black sheep gets in the pulpit once in a while, but the number is remarkably small. Sin in any man should be condemned, but in this condemnation care should be exercised to cast no reflection on the church.

When Governor Harmon said "guilt is always personal" he coined a phrase and spoke a truth that will live as one of the proverbs.—Greensboro News.

Sifted down to its essence, everything is personal. We speak of a town, a county, a state, a nation—but these are nothing except as made up of individual persons. It is the individual that counts everywhere. A

**WHAT THE KIDNEYS DO.**  
Their Increasing Work Keeps Us Strong and Healthy.

All the blood in the system passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot dry skin, rheumatic pains, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

T. R. Moore, 918 Evans street Greenville, N. C., says: "I can recommend Doan's Kidney Pills, for I have used them with the greatest benefit. I was troubled by a lameness in my back and my kidneys did not do their work as they should. I got Doan's Kidney Pills from the John L. Wooten Drug Co. and I had not used them long before I received relief. I can say that this remedy acts just as represented."

## CAUSE FOR ALARM.

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.  
Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat, but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Moye's Pharmacy, Greenville, N. C.

THESE ARE THE  
VALUABLE PRIZES

There are \$500. Worth of Magnificent Prizes--Read our List and Get to Work

### THE FIRST GRAND PRIZE.

A \$300.00 Gordon & Son Piano—This magnificent instrument, purchased from the Sam White Piano Company was selected by the Daily Reflector for this contest for the simple reason, that it is a piano without a peer. The name of the makers is ample proof for this statement. This New York firm has manufactured this instrument for years and its standing in the music world rating is No. 1. No better instrument could be purchased, no matter what money you were willing to invest in a piano. All you have to do to ascertain what has been said about this piano is to go to the Sam White Piano Company store and try it. This is the only "real test" necessary to fully realize its worth. For these reasons we are not going to dwell on a detailed description of this instrument. All we ask is an inspection. The result will be mutually satisfactory, we know.

### THE VICTOR VICTROLA

The Victor Victrola is the most perfect musical instrument the world has ever known.

With the improved sound amplifying surfaces and all moving parts concealed in an artistic cabinet, it appeals to music lovers who have heretofore denied themselves the pleasure of owning a Victor, simply because of their objection to the prominence of the horn.

The Victor Victrola possesses all the virtues of the famous Victor, and like the Victor it plays itself, nothing being left to uncertain skill or taste—therefore an artistic performance is always a certainty.

It brings into the home what nothing else can bring—the best music and other entertainment by the foremost artists in the world, sung and played in clear, full, perfect tones, as true as life itself. It brings you the music of the great composers, the classic and the semi-classics. The stunning marches and patriotic songs that make the blood tingle and the pulses jump.

It gives you a quality of tone, a perfection, which no other instrument can give—not a mechanical imitation—but a clear, sweet, perfect reality. All of this and besides a beautiful ornament to the most elegant drawing room.

### THE FIVE GOLD WALTHAM WATCHES.

These watches are to be awarded one in each district covered by the contest. Nothing needs be said about the value of a good timepiece. Its importance as a factor in every day life is universally recognized. The name Waltham implies all that can be perfect in watchcraft. That's why the Daily Reflector is giving Waltham watches in preference to those of other makes. The cases of these watches are beautifully engraved and the initials of the winners will be engraved free of cost. Every one of these watches is a perfect gem and should make its owner justly proud of the ownership.

THESE ARE THE REASONS  
WHY YOU SHOULD JOIN

Because:

- If you don't enter you can't win.
- If you do enter you have a GOOD chance to win.
- The value and number of the prizes deserve your entering.
- Your friends will be pleased to support your candidacy.
- A little energy goes a long, long way to make you owner of one of the valuable prizes.
- You can employ your spare time pleasantly and profitably.
- You may not have such another opportunity in a lifetime.

### LOCAL BRIEFS.

#### Pick Ups and Hand-me Downs.

Get your supper Tuesday night with the ladies of the Episcopal church, in the Proctor building.

Are you getting anything ready for exhibit at the Pitt county fair? To a late hour the last night it was here the carnival drew a crowd. It has passed the average time of year for the first frost.

Merchants would find more business if they would hunt for it through good advertising.

If you are hungry for syelabub, chicken salad ice cream, oysters, and other good things, call on the ladies of the Episcopal church in the Proctor building Tuesday night.

Good friend, won't you come along and pay your subscription to The Reflector. The amount is needed.

The ladies of the Baptist church will have a Hallowe'en party next Friday in one of the stores in the Proctor building, opposite Greenville Banking & Trust Co.

#### Gives Aid to Strikers.

Sometimes liver, kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike-breakers—Dr. King's New Life Pills—to give them natural aid and gently compel proper action. Excellent health soon follows. Try them. 25 cents all druggists.

## THE HAPPENINGS AROUND WINTERVILLE.

NEWS NOTES, BUSINESS ITEMS.

An Additional Teacher For Winterville High School.

WINTERVILLE, N. C., Oct. 21.—Miss Hattie C. Kittrell, of Ayden, was in town Wednesday evening.

Give your order for a cart to Harrington, Barber & Co. They will build you a good one and at a low price.

Dr. B. T. Cox and wife returned Wednesday night from the Raleigh fair.

Your account will be appreciated by our bank and your interests will always be carefully considered. If you are not a patron of this bank, let this be your invitation to become one. Bank of Winterville.

Mr. C. T. Cox made a trip to Greenville Wednesday night and was accompanied back by Misses Helen Smith and Lizzie Cox on their way from the state fair.

Harrington, Barber & Co. will give you a good bargain on a hay press, and they will pay for themselves in one year if you have much hay to bale.

Mrs. F. A. Edmundson returned to her home in Stantonburg Friday, after spending some time with her parents, Mr. and Mrs. F. M. Crawford.

Harrington, Barber & Co. have just received a large shipment of shoes and they are nice ones. Come and let them show you.

Miss Sadie Barker and Mr. C. T. Cox attended church at Ayden Thursday night.

If you want to paint your roof, see A. W. Ange & Co. They have the kind and the price.

The infant of Mr. and Mrs. W. J. Harris died Thursday evening and was laid to rest yesterday. Our sympathy is with the bereaved parents.

Owing to the large attendance of Winterville High school it is necessary for them to increase their number of teachers and they have secured the services of Prof. Olive, a graduate of Wake Forest College, who will be on duty Monday.

Harrington, Barber & Co. will save you money in making your purchase in the way of rugs, matting, floor oil cloth and carpeting.

Misses Pearl Hester and Lizzie Cox attended church at Ayden last night with "Laughing Theodore."

If you want shoes, A. W. Ange & Co. can fit you.

Mr. Henry McLawhon died last night near here. He had been suffering sometime with heart dropsy. He leaves a wife and four children to mourn his departure.

#### Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby, of Marengo Wis., (R. No. 1) prevented a dreadful tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50 cents and \$1. Trial bottle free. Guaranteed by all druggists.

#### Coming Strong to The Fair.

Mr. G. T. Tyson, of Beaver Dam, tells us he is going to bring about ten head of cattle, fifty sheep and a mare and colt to the Pitt county fair.
