## RELATION OF HEALTH TO EDUCATION

ADDRESS BY DR. RANKIN.

Large Audience in Graded School Auditorium to Hear Him.

The auditorium of the graded school was nearly filled with people Friday night to hear Dr. Rankin, secretary of the state board of health.

After a few brief introductory remarks by Dr. Skinner, superintendent of health in Pitt county, Dr. Rankin proceeded to the a discussion of the "Relation of Health to Education." He made his address intensely practical. At all times it was plain, and in such terms that the laymen had no difficulty in understanding it.

First of the defects common to school children which the speaker took up was defective vision. He stated that according to statistics ten per cent. of all school children have defective vision. Dr. Rankin gave a very clear explanation of the common eye defects, and showed the consequences of neglect.

Another very common defect which was discussed at some length, was throat troubles. Twenty per cent. of the school children of the state have throat troubles of one form or another, the more usual one being adenoids. Dr. Rankin explained fully the usual symptoms of adenoids, and then showed the result of neglect cases. He said probably the worst result was the great drain on nervous energy. All of us are born, he said with varying degrees of wealth. Some inherit much, some little, some none. In the same way all of us are born with much nervous energy, some with little, some with practically none. Throat troubles, particularly adenoids, exhaust nervous energy. We become nervous, take to the use of drugs, strong drink, and thousands commit suicide every year. Neurasthenia, or nerve exhaustion, is so common in America that it is known as the "American disease."

Leaving the more common diseases of school children, Dr. Rankin next took up the diseases to which school children, and the public at large, are most often exposed. The first of these was tuberculosis. He declared that if tuberculosis were properly safe-guarded we could save many thousands of lives each year here in our own state. "No spit, no consumption," should be the watchword. If tubercular patients would be cautious about spitting, and burn their sputa, tuberculosis would be conquered.

Next in the diseases was typhoid fever. Thirty-five thousand deaths occur annually in the United States from typhoid. This mighty army of human beings could be saved if we could induce people to exercise the proper preventions. The speaker gave many illustrations of one of which was of a family in this state, that contracted the disease from neglect in disinfecting the hands. A woman waited on a typhoid patient. When she came home she did not wash her hands in any disinfectant solution. She prepared the family's meal, and did her work in the usual way. Her whole family was stricken with the disease, and three out of the five died.

Dr. Rankin made a strong plea for medical examination of all school children at least once each year. He said our state board of health, as in all other states, was spending most of its time and money on the children. That better health conditions will come about as a result of education of the young people. That none of them should be allowed to grow up crippled or diseased if medical science can afford relief.

Dr. Rankin made a fine impression. He held the closest attention throughout his discourse. Much good will result in Greenville from his lecture. Before dismissing the audience, Superintendent Smith called on Dr. Stronsider, the physician in charge of the hookworm dispensaries in this county. Dr. Stronsider spoke of the ready response of the people of Pitt county. He said he and his assistants had already treated several hundred people. That there were over three hundred at the dispensary at Grifton yesterday. One hundred and eighty were examined, and one hundred and two prescriptions were given for hookworm.

Everybody is talking the Pitt county fair.

## MR. JOSEPH SHEHDAN.

Was Ruler of the Syrian Colony in North Carolina.

The large number of Syrians from different towns in North Carolina, who were here Friday to attend the funeral of Mr. Joseph Shehdan, attracted much attention. The large number of them here is accounted for in the fact that Mr. Shehdan was the chief or ruler of the Syrians who are located in North Carolina. He had the oversight of them all, directing them in their business as to best location, where to purchase goods and as to their social relations.

Those here for the funeral were Emirs. Joseph Bellameh, Nimer Beshara, Elias Zaytoun, L. H. Curry, Messrs. Mansour Karam, Joseph Rahid, George Saad, Farris Nassef and Mrs. Mary Curry and son, of New Bern; Abdallah Younis and Mrs. Sult Boufarah, of Kinston; Mr. S. Kaufman, of Wilson; Messrs. S. S. Hatem, Elias Saied, Harry Joseph, Mrs. H. Nassef and Mrs. George Nassef, of Tarboro; Mr. Joseph Farfour, of Goldsboro; Messrs. M. Romanus, E. Farah Romanus Silby and Joseph Shaheen, of Mt. Olive; Messrs. K. John, George Miner, Elias George, H. Hatem and Mrs. Johns, of Washington; Mr. R. Shaheen, of Ayden; Mrs. L. Kanan, of Lawrence, Mass.; Mr. Paul Hatem, of Patterson, N. J.; Mr. and Mrs. David Hatem, of Farmville; Mr. and Mrs. Kareem Hatem, of Bethel; Mr. S. Nassef, of Henderson; Messrs. Abdoo Nicholas and A. E. Hatem, of Williamston; Messrs. E. Rahil, N. Shaheen and E. Loutail, of Rocky Mount; John Saied, of Tarboro; Chas. Curry, of New Bern.

## SPECIAL TRAIN TO THE COUNTY FAIR

ON FRIDAY, NOVEMBER THIRD.

Over Atlantic Coast Line From Bethel To Greenville.

From all parts of the county, except the northern section there are regular passenger trains coming into Greenville so that people can come here and spend practically the whole day, returning home late in the afternoon. The Norfolk Southern train from the east comes at 7:51 a. m. and from the west at 9:40 a. m. The Atlantic Coast Line train from the south comes at 8:18 a. m., but the first train from the north does not get here until 1:18 p. m.

That the schools and citizens in the northern section of the county might have the benefit of reaching Greenville in time for the exercises of Friday, which is to be educational day at the Pitt county fair, the management of the fair sent a request to the officials of the Atlantic Coast Line to operate a special train from Bethel to Greenville that morning. A telegram from Mr. T. C. White, general passenger agent of the A. C. L., to the secretary of the fair, states that the special train will be run as requested.

This announcement is not only gratifying to the Pitt County Fair association, but also to the large number of people who can take advantage of this special train. It will enable the schools of Pactolus, Whichard, Stokes, Oakley, Bethel, Whitehurst, Statons and House to come by train and get here in time for the school parade and exercises which follow. No doubt the people will show their appreciation of this special train by coming in large numbers.

## MEETING IN BAPTIST CHURCH.

To be Conducted by a Noted Evangelist and Singers.

On the first Sunday in November, Rev. C. M. Rock will begin a series of meetings in the Baptist church. The pastor will do the preaching for the first few days of the meeting, and on the 9th Dr. H. R. Holcomb will come and preach twice each day at least ten days. Prof. Blankenship and wife will also be here to lead the singing. He is a very fine leader and singer, and Mrs. Blankenship is the best lady singer in the South. These are all of the Home Mission Board of Atlanta. The church and town are looking forward to a great meeting.

## Another Improvement.

The old dwelling house on the Dancy corner, belonging to Mr. D. E. House, is being torn down. We hope it means the building of a nice residence in its place.

## TALK OF "DARK HORSES" IN THE PRIZE CAMPAIGN

Voting Yesterday Was Bisk and Many Changes in the Standing of the Candidates Result--Voting Will No Doubt Be Heavier Each Day As the Race Grows Older.

## ENTHUSIASM RUNS HIGH IN EVERY SECTION--GET BUSY

Scores of Ladies Are Just Realizing the Golden Opportunity Offered and More of Them Are Beginning Active Campaign Daily--Call and See the Contest Manager and Get Pointers of How to Work to Best Advantage.

It would seem that yesterday was red letter day among the candidates. More votes were received and more votes were issued on subscriptions, than during the whole previous period of the campaign.

The campaign has only been running a very few days, so no one can tell what surprise the next few days will bring forth. There were this morning many rumors of surprises and dark horses, which if they materialize within the next few days, may prove even greater than yesterday's excitement.

Cheerfulness and good humor are what the ladies tell us are getting the votes and subscriptions. No one is getting discouraged, but on the other hand, when someone takes the lead, the other candidates are increasing their efforts in order to recover high honors on the list.

## Enthusiasm Counts Always.

Do you realize how easy it is for ladies to entuse and cause others to be imbued with their own enthusiasm in this big battle of ballots. To do this then, you must first believe in your own ability to win. Then, and only then, can you communicate this feeling to the others. Tell them that you will win, that you are making the effort of your life, and they will certainly have confidence in you and your campaign, and many will cooperate with you in your efforts to win a prize that is so unquestionably well worth the effort.

## Now The Time to Enter.

Many eligible young ladies have been heard to regret that they did not enter the campaign at the start. To these and all others we would say, there still is ample time. The campaign has only actually started and the contest is but young. Enter at once and take advantage of this

wonderful opportunity, an opportunity that may never again be at your command. It does not necessarily mean that the highest vote total today spells the winner at the end.

New nominations are coming in every day, so get in the race along with the others, and win one of the valuable awards.

## Pin Your Votes Together.

Please pin all votes together. All votes clipped from the paper must be neatly trimmed around the edge, and the name of the candidate and the district plainly written on the one on top in order to be counted. The coupons in each issue of the paper must be polled before the date of expiration printed on coupon. Today a large package of votes was received at the manager's office without the sign of a name. Some candidate had industriously gathered them in large numbers by the help of her enthusiastic friends, but in the eagerness to vote them, the name was forgotten. It is needless to say that they were necessarily thrown away.

## Bear in Mind.

That the votes are counted every morning at 10 o'clock, for publication the same afternoon. If your votes are brought in after ten in the morning they are not counted until the next day. Bearing this in mind will avoid errors.

## For Recent Candidates.

## CAN WE REALLY STOP WORRYING

(Number 4).

## When Hoodoos Take Hold of People.

Among the gravest mental causes of worry that take hold of people are undoubtedly the various "phobias" or specialized fears. Men and women otherwise intelligent and sound of mind are frequently found to be horribly afraid of certain foods or the drinking-water of certain localities; still others are possessed with a great fear of such numbers as thirteen, twenty-three, etc. Others live in constant fear of some particular disease; they live through a long life constantly nursing the fear that they will eventually die from cancer or some other malignant disorder.

I have known really intelligent people to live all their lives in everlasting dread of some great disaster. They are positive that they will eventually be killed in an earthquake, struck by lightning, or be swept off the earth by a cyclone. Still other people are possessed with an unnatural gravity fear; they fear great heights, and will not even go up in a high office building if they can possibly avoid it. Others fear animals during the summer season, carefully avoiding all dogs for fear of being bitten by a mad dog, not knowing that mad dogs are just as plentiful during the winter as during the so-called "dog days." There seems to be no end to these special worries, and, when long continued, they often crystallize themselves into definite obsessions.

Thousands of suffering souls are held today by the chains of imaginary bondage. They have no real physical disease. Their ailment is in reality a spiritual infirmity. They might go free at any time, but they do not know it; they will not believe it. They

are very much like the elephant in Central Park, New York City, which had stood in one spot for many years, manacled with heavy chains. He had never left his tracks except when he had been unfastened and led away by his keepers. One day it occurred to his observers to remove the manacles from his legs and see if the elephant would leave his place. After the beast was free from his shackles he steadfastly refused to move; even after he was allowed to become exceedingly hungry, and when food was placed within a few inches of his reach he stood in his tracks swaying from side to side and trumpeting, but into a step did the huge beast take toward the food. The elephant was free, but he did not know it. He stood there in his old place just as securely bound by chains of his own mind as if the steel bands were about him as of old.

Altogether too many of us are like the elephant. We are absolutely free today, but we won't realize nor believe it. We cannot be surprised when an elephant behaves in this way, but it ought to be a cause for amazement when intelligent men and women will allow themselves to be held down by fictitious bondage.

## Memorial to General Buller.

LONDON, Oct. 28.—A throng of notable army officers journeyed to Winchester today for the unveiling of the memorial to General Sir Redvers Buller, erected in Winchester Cathedral by his old regiment the King's Royal Rifle Corps. Field Marshal Lord Grenfell officiated at the unveiling. The monument, which takes the form of a recumbent life-size figure in bronze, was designed by Bertram McKennal and attracted much attention at the Royal Academy exhibition this year. The pedestal bears the simple inscription, "A great leader beloved by his men."

The bill collector is sure that many men have a promising career.

## SIMON WOLF CONGRATULATED

Was The Founder of The Atlanta Hebrew Orphans' Home.

WASHINGTON, D. C., Oct. 28.—Simon Wolf, whom President Roosevelt once described as "one of the best Americans on this continent," reached his seventy-fifth birthday anniversary today and was the recipient of congratulations from friends throughout the country. Mr. Wolf was born in Bavaria, October 28, 1836 and came to the United States with his grandparents in 1848. After a brief period spent in Cleveland he came to the national capital and for a period of nearly half a century he has been recognized as the representative advocate of the Jewish people here.

Mr. Wolf is the founder of the Atlanta Hebrew Orphans' Home, for which institution he raised, single-handed, a fund of \$150,000. He toured the United States twice to raise money for the Pomania Mission. It was his conception to have the Kishineff meeting in Washington, and he arranged the celebrated conferences with Roosevelt and Hay.

In 1881 President Garfield appointed Mr. Wolf consul general to Egypt. His was the last commission President Garfield signed before his assassination. As consul general to Egypt, Mr. Wolf gave the first George Washington dinner in the Old World, on February 22, 1882. His annual salary was about \$4,000, but it is said he spent \$5,000 on that function alone.

## TAFT DEDICATES GREAT NAVY SCHOOL

DELIVERS TWO ADDRESSES.

Representatives From Nearly All the Western States Present.

CHICAGO, Ill., Oct. 28.—America's newest and greatest naval training station, located on Lake Michigan, 30 miles north of Chicago, was formally dedicated by President Taft this afternoon in the presence of a distinguished gathering that included governors or other official representatives of nearly all of the middle western states. The president made the trip to the north shore after spending an exceedingly busy forenoon in Chicago in the course of which he had delivered two addresses, one before the American Mining Congress and the other to the members of the Chicago Bar Association.

Accompanying the president to the naval station were Secretary of the Navy Meyer, Governor Deneen, Congressman George E. Foss, and other notables, together with a committee of prominent Chicagoans. Upon arrival the party was received by Rear Admiral Albert Ross, commandant of the station, who personally conducted the visitors over the \$3,500,000 plant, which includes 39 buildings and covers 182 acres of ground. A presidential salute of twenty-one guns greeted the arrival of the president at the station. Following the program of speeches the president reviewed the recruits.

In the addresses of the day the president and other speakers laid emphasis upon the importance and significance of the occasion and reviewed the history of themovement which had culminated in the completion and opening of the first inland training station to be built by the navy.

Since the United States took its place in the ranks of the world powers following the Spanish-American war, the navy has been growing at a rapid rate. The completion of each battleship meant the employment of at least five hundred additional seamen, and occasionally it was necessary to resort to strong measures to get sufficient recruits. The heads of the navy department took the problem in hand, and, recognizing that the Great Lakes district had in the past furnished a large number of seamen to the navy, it was decided to establish a vast naval training station at the most favorable site that could be obtained.

## NEWS FORECAST FOR THE COMING WEEK

MANY EVENTS SCHEDULED.

Canada Will Observe Monday As Thanksgiving Day.

WASHINGTON, D. C., Oct. 28.—Leaving Chicago Monday afternoon President Taft will end his original trip the following day in Pittsburg, and from that point will begin his "supplemental tour."

In Pittsburg President Taft will witness the great national mine safety demonstration to be given under the auspices of the bureau of mines, the American Red Cross, and the United Mine Workers of America and the Pittsburg Coal Operators Association. The president will spend Wednesday at Morgantown, W. Va., and from there will go to Hot Springs, Va., for five days.

Hearings on the American Tobacco Company's proposed plan of reorganization will begin in the United States Circuit court in New York Monday, when the so-called independent will be given an opportunity to present their objections.

The mobilization of the Atlantic and Pacific fleets at New York and Los Angeles the early part of the week will mark the gathering of the greatest naval force that ever floated in the waters of the western hemisphere. The Atlantic fleet to be reviewed by Secretary of the Navy Meyer will comprise 102 vessels of all classes, with a total displacement of 577,599 tons, and the Pacific fleet twenty-four vessels of 116,245 tons.

The fifth international sanitary conference of American republics will assemble in Santiago, Chile, Wednesday for a session of ten days. Subjects of interest to every nation, including sanitary legislation, social hygiene and hygiene of sea, railroad and tramway traffic, will be discussed.

Important action is expected from the conference of cotton states governors which is to meet in New Orleans Monday to discuss plans to check the downward price of the staple.

Canada will observe Monday as Thanksgiving Day. The observance will take the form of a general holiday, with military parades and athletic events in all the larger cities, in addition to the customary church services.

Many important football contests throughout the country are scheduled for Saturday. The chief interest of all followers of sport, however, will center in the Harvard-Princeton game at Princeton. It will be the first time the two big colleges have met on the gridiron in a number of years.

## GAIETY THEATRE

Drawing Large Crowds Every Night.

Taking into consideration the inclement weather of last night the Gaiety Theatre was largely attended and the audience was loud in their praise of the excellent photo-plays, together with the excellent singing of Mr. Armstrong.

For this evening they have what is known as another feature in motion pictures, equally as strong as those exhibited last night.

By special request Mr. Armstrong sang "That Railroad Rag," which received a great deal of applause. During his engagement here he will take great pleasure in singing any special copy of music that is requested. The song for this evening will be a new one.

It is sometimes better to have loved an idiot than to be the other fellow. Dr. Hall will lecture in the Training school auditorium tonight.

We want to sell you one of these truly marvelous heaters—

We know it will give you more home comfort for the money you spend for fuel than you have ever had before—

The same comfort you would get from the most costly Hot Water or Steam Heating Plant you could buy. And besides—**Cole's Hot Blast Heater** is better because you can regulate it perfectly—

**Cole's Hot Blast Heater** gives a steady even heat day and night using for fuel the cheapest grades of soft coal. It is as clean as the highest priced Hard Coal Heater and costs you less than half the money—costs less than half to operate throughout the winter because your fuel bill will be cut in two. Surely this is the Heater you want and will have this winter.

This Original Hot Blast Stove has patented features which insure an everlasting air-tight and gas-tight construction. No leaky stove will hold fire—remember that.

Cole's Patented Hot Blast Draft insures perfect burning of the gases in coal which makes this heater the greatest fuel saver ever known. Soft coal is half gas and is wasted with other stoves.

We are authorized by the Cole Manufacturing Co. to sell this heater on the most rigid guarantee ever made by any stove manufacturer. **The Remarkable Guarantee is—**

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
  - "6—That every stove will remain absolutely air-tight as long as used.
  - "7—That the feed-door is and will remain smoke and dust-proof.
  - "8—That the Anti-Puffing Draft will prevent puffing.
- "All we ask is that the stove shall be operated according to directions and connected with a good flue."  
 (Signed) COLE MANUFACTURING CO., Not Inc.  
 (Makers of the Original Patented Hot Blast Stove.)

Think what this economy of fuel means to you. Think of the comfort—no kindling or rebuilding of the fire in the morning. Simply open the draft. You live in an even temperature which means health to your family. Uneven temperature means colds or worse.

STOP SELLING THE STUFF.

New York is about to experiment with new methods for the reclamation of the drunkards of that vast metropolis by the appointment of an inebriety board which shall pass upon the men of intoxicated habits and when judgment is passed by these experts, the men will be sent either to a hospital for treatment or to a farm colony where their surroundings will be helpful, the disposition to be made between these two places according to the individual needs of the drunkard. The experiment is one that is worthy of attention, it being apparent that the old-time way of sending men of pronounced habits in this regard to the work-house or county roads is in the long run ineffective in reclaiming them to virtue or industry.—Charlotte Observer.

A better step than either would be to stop the sale of the liquor and keep it out of the reach of the men who cannot resist the temptation to drink it. New York licenses and encourages the places that debauch her citizens, then has to go about to punish them or try to reform them. Neither of the latter would be needed if the former was not allowed. It is easier to prevent a man from being ruined than it is to reform him after he is ruined.

Monday night is the time for the meeting of the Carolina Club to hear the report of the committee appointed to outline a plan of work in conformity to the commercial feature the club recently decided to add. This will be an important meeting and should have a large attendance. The time to start the club off in its work for progress is right now, and there should be no delay in injecting real life in it.

The gate receipts at the six games played between New York and Philadelphia to decide the world's championship averaged over \$50,000 per game. Out of the net receipts the members of the winning team, Philadelphia got some over \$3,500 each, and the New York team about \$2,500 each. It pays to be a big player in the national game.

"If Sherman regarded war as hell, how did General Beau-regard it?" asks the Philadelphia Times. We must "Grant" that's a clever one—Elizabeth Times. Yes, clever enough to make a "Pope" laugh—Allentown Democrat. This is a good place For-rest. Jacksonville Times-Union. None of you have anything to Bragg about.—Wilmington Dispatch. The whole bunch of you ought to be rolled down the Hill.

If everybody in Greenville would pull for Greenville, there would be more of Greenville. But of all the pullers we do not need anybody who pulls down.

In this day and time, education that does not look after the health and morals as well as the mind of the student, is not much education. To learn people how to live right, make the most of life and be the greatest help to others, is the right kind of education.

The highest joy that comes to self is in doing some deed of kindness to others. It is better to serve than to be served.

Blind tiger liquor selling is not going to be broken up until the people demand that it be done.

## MRS. LARAMORE TELLS TROUBLES

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.—"Ever since I was a little girl," says Mrs. Riley Laramore, "I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress.

I took two small packages in all, and although that was some time ago, the dyspepsia has not returned.

I speak a good word for Thedford's Black-Draught whenever I have the opportunity."

If eating causes distress, we urge you to try Thedford's Black-Draught. It cleanses the system, helps the stomach to digest its food, regulates the bowels, and stimulates the liver.

It acts gently and is without bad after-effects. Try it. Price 25c.

#### "THIS IS MY 68th BIRTHDAY."

William H. Hartshorn, who is president of the International Sunday School Association, was born in Greenville, N. H., October 28, 1843. After leaving school he went to Boston, where he later accumulated a large fortune in the publishing business. Of late years Mr. Hartshorn has devoted nearly the whole of his time to the promotion of Sunday school work. He was first elected president of the international organization at the Denver convention in 1902. He also has served as president of the Massachusetts association. Two years ago he led a delegation of eight hundred American Sunday school workers to Jerusalem, where an international convention was held at his suggestion.

This is a splendid time for the business men to be advertising, and they should be doing more of it.

#### OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skillfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company, of New York put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Moye's Pharmacy.

## Claim Paid Promptly.

GREENVILLE, N. C., Oct. 27, 1911.  
Mr. H. Bentley Harriss,  
Greenville, N. C.

My dear Sir:  
I wish to express my appreciation for the courteous attention you have given, and the honest and generous action of your great company in the adjustment of claim upon No. 1925847, held by my wife, the late Mattie D. Fleming.

This policy was written on the 24th day of last July, with a special term premium of \$2.29 to October the first, at which time the regular annual premium of \$33.52 would have been due. This special premium of \$2.29 was paid on the 2nd day of September, and on the 3rd day my wife was taken with a congestive chill, from which she died on the 6th. Today I am in receipt of the Mutual Life's check for \$1000.00, which is in high testimony of the company's honest purpose to protect its policyholders and their interests. I had been told by others that the first annual premium of \$33.52 would be deducted from the claim, but I find it as you told me, that this was not done, as the whole amount is paid.

I shall carry my own insurance in this company, and advise my friends that there is none better.

Very gratefully, yours,  
JOS. D. FLEMING.

## TO THE PUBLIC.

### Opening of The New Court House—Grand Civic Rally.

The new court house will be opened to the public next Tuesday night. There will be a great meeting of all the citizens who are interested in the civic improvement of the town. Greenville is a good town in which to live, but in many ways could be made a better one, a more sanitary and more beautiful one. Let's everybody come out next Tuesday night and we will discuss how this end can be attained. Don't come to criticize, but come with helpful ideas to present, with the purpose of lending a hand to the embetterment of your town. The Civic League has planned this meeting, hoping to get every man and woman in Greenville interested in this work. It will speak very poorly for your interest in the welfare of your town, if you are not there, with a willing spirit to help. It will be conducted by public-spirited men who will talk on the subject. We will expect you to be there.
