BOTH SIDES AFTER THE WOMENS VOTES

Active in Municipal Campaigns in California

85,000 WOMEN HAVE REGISTERED

And They Hold The Balance of Power—Result of Election Depends on How the Women Vote—They Have Taken Active Part in the Campaign.

The Situation in Brief.

If a majority of the voters at the primary election had voted for any candidate, no election would have been required. Joe Harriman, Socialist, had a substantial plurality, but not a majority over Mayor Geo. Alexander, and one of them will be elected mayor December 5.

Women will vote for the first time and more than 85,000 of them have registered.

The female vote, suddenly thrust into the campaign, has become an overwhelming factor, and both sides made the most strenuous efforts to win favor with the women of all classes.

LOS ANGELES, Cal., Nov. 29.—The most strenuous and most interesting municipal campaign ever known in the history of Los Angeles is rapidly drawing to a close. Only a few days more of hard campaign work and the deciding battle will be fought at the polls, on December 5th. What the result will be, nobody can tell; but whatever the decision may be, it will be made by the vote of the women.

For years the women have been working assiduously to gain recognition and the right to vote in this state. At last, at the state election a little more than a month ago, their urgent wish was fulfilled and the franchise was granted to them by an amendment to the state constitution. That the women have now actually entered the political arena in this state and are a power to be reckoned with in the future is no longer a debatable question. The campaign in this city, now drawing to its close, is an argument which cannot fail to convince even those scoffers who belittled the importance of the "votes for women" movement a few months ago. This campaign, which will go down in history as the first positive manifestation of woman's political power in California, was a battle royal fought by women.

It was granted to the women of Los Angeles to undergo the first test of their political fitness in a campaign of unparalleled fierceness and, on December 5, the day of election, they will be the first among the women of California not only to use their newly granted franchise but to decide the result of the election. There is not the slightest doubt that the women of Los Angeles hold the balance of power and that the outcome of the election depends entirely upon the vote of the women, of whom more than 85,000 have been registered.

At the recent primaries an exceedingly small vote was cast. Job Harriman, the Socialist candidate for mayor, who is associated with the defense of the McNamaras, defeated George Alexander, the present mayor, who is running on the good move-

AT DUNN, N. C.

Former Pitt Countian Big Merchant—New Municipal Building.

While on a visit to friends in Dunn, a few days ago the writer met Mr. Mc D. Holliday, an old Pitt county boy, who went there about twenty years ago and has made good as a progressive business man. Mr. Holliday's native home is Grimesland, where his mother and near relatives live now. He is a member of the firm of Holliday-Barnes, furniture and hardware dealers, who operate two large stores and have a most complete stock in their line. Their stores and warehouses combined would probably cover a city block. We are glad to note this success of our former countian. They usually have the stuff that makes for success.

Dunn has recently built one of the prettiest municipal buildings in the state, and one which would do credit to a town much larger. Our townsman, Mr. C. B. West, contracted the building at a cost of about \$10,000. When furnished throughout it will have cost about \$12,000.

Dunn is to be congratulated.

Superior Court Clerk, D. C. Moore, left this morning for Wilmington to spend Thanksgiving.

ment ticket, by more than 3,000 votes, but his plurality fell short of a majority by more than 4,000 votes and for this reason it was left for the coming election to make the final decision.

In the mean time, however, the right to vote was granted to women and the women of Los Angeles, fully aware of their power, were not slow in availing themselves of their rights by registering for the coming municipal election. After the primaries the male voters of the city too realized that they would have to bestir themselves and the result was that since the primaries more than 191,000 voters have been registered.

Job Harriman, who has a strong following among the laboring classes, received a financial support from Socialists in all parts of the country and carried on an energetic campaign Mayor Alexander, realizing how critical the situation was and that the decision rested with the women, appealed to the latter, especially those of the wealthy classes and they responded bravely. Traveling in automobiles scores of society women made a thorough canvass among the laboring women, urging them to use their votes and influence against the Socialist candidate. The Harriman party also had women electioneering among the women of the poorer classes and only the election will show which side was more successful in its efforts.

Miss Fannie Lee Spier of District Number Two Again Assumes Lead

Five Thousand Free Votes With Sets of Two One-Year Subscriptions

But Eleven Days Now Left in Which to Win any of the Handsome Prizes—Next Saturday Promises to be the Greatest ever

If you Would be Returned a Winner on Saturday, December 9, You will Have to Keep up the Good Work—Slackening Now Means Defeat Later

We Have Said It Before: it Will not be the Lack of Time, But Rather the Lack of Energy to Benefit by Every Opportunity, That will Keep You from Winning.

With the end of the contest only eleven days from here and the voting schedule "going down" no wonder that contestants are out trying to outdo last week's record. Up to date we would not care to point to any particular candidate and say she would be the winner. Never has a set of such handsome prizes been so closely fought for as the magnificent Gordon & Son Piano, the Victor Victrola or the district prizes. So far no particular contestant can lay back and claim that she has the capital prize "home". Far from it. As the list clearly indicates the advantage of any candidate over the others is slight and this proves what we have just said about this being one of the closest contests ever conducted anywhere.

About the Last Offer.

In order to have those promised subscriptions bring you in a few thousand more votes the remaining days of this week, as announced in yesterday's Daily Reflector, contestants will receive over and above the regular 20,000 votes on yearly subscriptions, 5,000 votes on each set of two yearly subscriptions turned in before 9 p. m., Saturday night, December 2. One two yearly subscriptions will

be counted as a set, and four six months subscriptions will receive the benefit of this offer. As this is the last bonus that will be made up to the close of the contest, every contestant should see all those friends that promised her a subscription but for some reason or another did not give it to her last week. Whilst the additional votes being given this week will help the schedule quite a little, last week's offer still stands as the best. This present offer is simply to give a fighting chance to those that were not able to reach all of their friends last week.

To Would-be Winners.

Just because last week you made a good showing, there is no reason on earth why you should sit back and contentedly wait to the end. If you were to do this your disappointment would be mighty keen, if when the final count was made you were not returned a winner. But that is just what would happen were you to slacken now. Small, but regular contributions to your reserve fund are by far more beneficial in the long run than intermittent through large contributions. Steady but sure, always wins every race. This has always been the case in every contest, and we are perfectly satisfied to tell you that this is no exception. So, to those that mean to win, we would say, keep it up to the very end if you

NOTES FROM THE UNIVERSITY

Football Record This Season

Prominent Stand Taken by University Men.

CHAPEL HILL, N. C., Nov. 29.—President Venable represented the University at the inauguration of Chancellor Brown, of New York University. Upon his return to the hill, Dr. Venable announced that the Rt. Rev. Arthur S. Lloyd, D. D., had accepted the invitation to deliver the baccalaureate sermon at the commencement of 1912. Dr. Lloyd was for many years Bishop Coadjutor of the Protestant Episcopal church of Virginia, and is now president of the board of missions of his church in New York city. His coming to the University in June is looked forward to with the most pleasant anticipations, and he will be heard with keen interest by the University and its guests.

That the University is constantly in close touch with the state at large in the consideration of its vital problems is further instanced by the public addresses given by three of its professors during the past few days. On Friday night Dr. W. C. Coker, of the department of botany, lectured under the auspices of the Moravian extension course at Winston upon "Luther Burbank and Methods of Plant Breeding." Professor Collier Cobb lectured before the University of Alabama on "Lessons From the Lands for the Reclamation of Swamp Lands," before the University of Georgia on "The Saving of Dune Lands by Forestation," and before the Georgia State Normal school on "Normal School Training and Industries of the Home." Dr. Louis R. Wilson, of the University Library, is in attendance at Durham upon the meeting of the North Carolina Library association, at which he is to review the progress made by the various libraries of the state during the year and to propose plans by which they can be made more serviceable in the future.

All arrangements for the Pennsylvania debate have been made. The preliminary contest for positions on the debate take place tonight, and the debate will be held in Gerrard hall on the night of December 15. The debate will be the fifth with the University of Pennsylvania, of which up to the present Carolina has won three and Pennsylvania one. The question is that of the extension of forest reservation by the National government. Carolina defends the negative.

The cry of "On to Richmond," is constantly heard on the campus. The football season this year has been the most successful of many years. Six games have been won and one tied. The student body has strong hopes of winning from the old rival, Virginia. The teams are about evenly matched and as a result a splendid game is looked for.

Mr. Fernando Ward Dead.

Mr. Fernando Ward, one of the county's best citizens, died this morning at his home in Pactolus township, after an illness of two or three weeks. Mr. Ward was about 65 years of age, and is survived by his wife, two sons, Messrs. R. W. and E. F. Ward, and five daughters, Mrs. C. M. Jones, Mrs. J. J. Satterthwaite, Mrs. J. H. Briley, Misses Corrine and Ada Ward. He was also a half brother of Mr. J. J. Cherry and Mrs. P. E. Dancey. He was a member of the Christian church and was once register of deeds of the county for a year, filling an unexpired term.

The funeral will take place Thursday afternoon at 2 o'clock.

Pullman for Norfolk.

The Norfolk Southern railroad has a Pullman car here for Greenville people who will go to Norfolk on the night train for the football game. Those having berths can occupy them as early in the night as desired. Returning from Norfolk tomorrow night the Pullman will be dropped at Greenville and passengers can occupy it until 7 o'clock Friday morning.

Freight Offices Closed.

On account of Thanksgiving day, the freight offices of both the Norfolk Southern and Atlantic Coast Line railroads will be closed tomorrow.

Judge H. W. Whedbee came home this afternoon from New Bern to spend Thanksgiving with his family.

OLD NORTH STATE NEWSY HAPPENINGS

GATHERED FROM EXCHANGES.

Young Man Killed—Three Others Attacked by Negro.

GREENSBORO.—Levi M. Scott, aged 84, said to have been the oldest lawyer in active practice in North Carolina, died here tonight from the effects of a fall last Saturday. He had been unconscious since that time. Mr. Scott was a member of the bar here for sixty years, and was one of the wealthiest and most influential men in the county.

NEW BERN.—News was received here tonight of a horrible accident which occurred at J. B. Lee & Sons cotton gin at Arapahoe this afternoon, in which one young man lost his life and another, who tried to save him, was badly injured. In some way Mr. James Bennett, the twenty year old son of Mr. Ed Bennett, of that place, and who was employed at the cotton gin, became entangled in the shafting of the gin and was whirled around for a number of times. When the engine was brought to a standstill, the mangled remains of the unfortunate young man was taken from shafting. One leg was completely torn from his body and the other one was barely hanging. The young man lived for about three quarters of an hour after the accident.

Messrs. R. A. Richardson, Herman West, and a young man by the name of Rogers, who live in and near Dover, were assailed by an unknown negro while 'possum hunting two miles from Dover Monday night, and were shot at three times with a shotgun by their unknown assailant. While they do not know who the attacking party was, it is believed that it was a negro named Ben Mathews, who shot Chief of Police Rouse Saturday night, and who has been in hiding since then. It is thought that Mathews, believing that the 'possum hunters were a posse in search of him opened fire on them when he saw them coming through the woods with a torch. Mr. Richardson, who was in front with the torch, received the greater part of the first shot from the gun, most of the charge lodging in his arm and one striking him near the eye. Messrs. West and Rogers received only one small shot each. None of the wounds are serious. Efforts were made by the Dover people to secure bloodhounds and track down the man who did the shooting, but they were not successful. They are still searching for him, however. —Kinston Free Press.

WEDNESDAY, NOVEMBER 23, 1911.

LET US BE THANKFUL.

In keeping with the custom established by our forefathers, the nation will observe tomorrow as Thanksgiving day. While we should return thanks to God every day in the year for the blessings He bestows upon us, it is fitting that as a nation we should recognize the dominion and rule of a Great God over us and should publicly thank Him for the blessings of preservation, peace and plenty. Truly this is a favored nation, and every citizen in it, from the highest to the lowest in station, has cause for gratitude to the Almighty that he lives in such a nation.

Not only as a nation, but as individuals should we thank God for His favor to us. On this Thanksgiving day "count your many blessings; see what God hath done," and you will be convinced that these far outweigh what you deserve. God does not deal with us as we deserve, but according to His love and mercy He shows His favor to us and bestows blessings upon us. "Give unto the Lord glory and praise," and acknowledge Him to be "King of kings and Lord of lords."

And remember that you can show your gratitude to God in no more acceptable way than in caring and providing for the less fortunate ones. Let it be a day of Thanksgiving for the widow and orphan also because of God using you to help them. Contribute to them as God has prospered you.

JOIN CAROLINA CLUB.

There is but little time left in which membership can be had in Carolina club at the half-rate reduction. Those who contemplate joining should give their application to some member so it can be handed in at the meeting next Monday night. It is best not to delay this until too late. While the membership of the club has recently been largely increased, there are yet others who should be identified with it, both for the benefit to themselves and the good they can do through co-operating with others for the progress of the community. The club can help you and you can help the club, so for mutual advantage cast in your lot with the other business men of the town.

It is all over with the turkey except the baking and the carving—and the hash that will follow the day after.

They must keep money lying around pretty loose in Greensboro. A burglar broke in a residence there the other night and got way with between \$100 and \$150.

The turkey will be the central figure on the dinner table tomorrow.

NOTES FROM THE LABOR WORLD.

The British government has decided to appoint a board of trade commission, empowered to arbitrate labor disputes.

Labor leaders assert that the fight between the plumbers and the steam fitters has cost the building trades workmen of Chicago \$8,569,000.

Twenty thousand women in Birmingham, England, it is stated, are working at carding hooks and eyes at an average from half a crown to 4 shillings a week.

At Seattle, Washington, an important alliance has been formed, which embraces farmers, members of the direct legislation league and representatives of organized labor.

The International Molders' Union reports a total increase in membership for the last quarter of 2,915 with an expenditure in sick benefits for the same period of \$45,327.

Seven hundred and fifty-five companies from the United States have built factories in Canada since 1900. Many of these are larger than the original plants in the United States.

The lockout in the building trades of Sweden is gradually drawing to an end through one firm after another deserting the masters' organization and making peace on their own accord.

Great progress has been made during the last year in improving the working conditions of children in the United States, according to the annual report of the national child labor committee.

Carters in the Eastern district of Midlothian, England, have gone on strike and some hundreds of the men are out, the dispute arising over the hours of labor and the recognition of the men's union.

There is a powerful movement in Germany to require all girls, regardless of station, to do compulsory domestic service, just as the young men are required under the law to do compulsory military service.

An increase in wages approximating six per cent, reduced working hours and the sharing of a lump of \$75,000 have been granted to the Baltimore and Ohio and the Baltimore and Ohio Southwestern railway's telegraphers.

Previous to their organization the blacksmiths of Atlanta, Ga., got 25 cents an hour and worked ten hours a day. Since organization their wages have increased to 33 cents an hour and the day's work has been reduced to nine hours.

Indiana union men are going to make an effort to inaugurate a plan that will reduce the cost of living. An effort will be made to arrange for some form of co-operating purchasing that will eliminate the middleman and his exorbitant profits.

In New South Wales and some of the other Australian states the governments are passing bills to assist the working men in erecting homes. The working man can borrow money from the government at a moderate rate of interest, and pay it back in reasonable time like rent.

HAPPY RESULTS.

Have Made Many Greenville Residents Enthusiastic.

No wonder scores of Greenville citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Greenville by Doan's Kidney Pills.

Mrs. L. Mangum, 116 Dickinson avenue, Greenville, N. C., says: "Doan's Kidney Pills are by no means a new remedy to me. I have used them on different occasions and have found that they are a preparation of great merit. Kidney complaint and back-ache made me miserable and it was not until I procured Doan's Kidney Pills from the John L. Wooten Drug Co., that I found relief. Recently I again got a supply of this remedy and it helped me as promptly and effectively as before."

Do not fool yourself into believing that you have votes enough to win, nor that something better will be offered the last three days of the Contest.

Do not make the mistake that several did on the other offers. Several of you would have been thousands of votes to the good if you had paid heed to our warning.

Do not give until the last vote has been counted by the judges, and the announcement of prize winners has been made---you still have every chance in the world to win.

Social and Personal

Pray.

Don't fear that the world will laugh if you pray.
Remember the softness and beauty it brings
When round you enfolding its comforting wings
It carries you out of the dark and the care
To the thoughts of a happier life somewhere.

Don't be afraid if they scoff and they scorn
At the thought of your praying. It leads to the morn
Through a sleep so refreshing, a rest so divine,
Like a path in the summer beneath bloom and vine,
Ending down in a garden somewhere that doth seem
In a dusk of old magic that drifts through a dream.

Don't mind and don't worry, whatever they say,
Kneel down or stand up, but stop talking and pray.

Don't be a coward to cringe at the word
Of the cynics whose voices in taunting are heard
Wherever men gather; remember how sweet
The peace after prayer, like the rain after heat!
Don't let the world turn your purpose aside

From the prayer that flows in on the tumult and tide
Of strife and of worry, but let it prevail
Over all that may tempt you, attack and assault;
Remembering its gentle and mellowing spirit

When you pray with a faith in the One that will hear it!

Five O'Clock Reception.

An event of more than ordinary interest in the social circles of Greenville was a reception given by Mrs. Mark Quinerly, on Tuesday afternoon. This reception was given to her sister, Mrs. Samuel T. White,

(nee Miss Helen Forbes). Palms, ferns, and chrysanthemums with a profusion of electric light bulbs, formed the decorations. From an upper hall wafted beautiful strains of music from the well known Crocia's Italian band.

Little Miss Louise Fleming received cards at the front door, where Mrs. Charles and Mrs. Fred Forbes gave the guests a cordial welcome. In the receiving line were the guest of honor, Mrs. White, the mother, Mrs. Alfred Forbes, and the sisters, Mrs. Bert Moye, Mrs. George Hadley and Mrs. William Best. At the punch bowl; Mrs. Richard Williams, Mrs. Charles Vines. The tea table: Mrs. Herbert White, Miss Martha O'Hagan, Mrs. Will Bowen. In the dining room: Mrs. W. B. Moseley, Mrs. Jack Boyd, Mrs. C. T. Munford, Mrs. R. W. King.
A large number of friends called attesting to the popularity of the hostess.

Mrs. Skinner Gives Harvest Bridge Party.

On Saturday afternoon at 3:30 o'clock Mrs. L. C. Skinner entertained at a harvest bridge party in honor of Mrs. J. B. James.

The uniqueness of the decorations was very striking, there being a color scheme of yellow and green throughout the house in fruits, vegetables, strings of popcorn and other things pertaining to the Thanksgiving season.

Upon arrival the guests were received in the hall by Mrs. Richard Williams and ushered to the drawing room where they were received by the hostess, the guest of honor and Mrs. F. G. James.

After being served with punch by Mrs. E. B. Ficklen, the guests repaired to a huge cornucopia and drew score cards, which were assorted vegetables.

There were six tables of bridge, with a prize for each table which the players cut for at the conclusion of the game. The prizes were also in keeping with the harvest and Thanksgiving season.

Eye-Sight Restored

After Being Given Up by Specialists

A wonderful cure by

MILAM

Mr. W. E. Griggs, Secretary and Treasurer Westbrooks Elevator Co. and formerly Cashier Bank of Danville, says:

"About ten years ago my eyesight began to fail to such an extent that it became necessary for me to consult a specialist. My trouble increased until I found it necessary to consult several others. My case was diagnosed as Atrophy of the Optic Nerve, caused by impoverished blood supply. The progress of my trouble was slow but steady, with never any relief, until finally my physician advised me that nothing further could be done. About this time, about two years ago, I could not see to read, and my range of vision was so short that I could not see anything at a greater distance than fifty or seventy-five feet. I often found it difficult to recognize acquaintances when I met them, distinguishing them more by their voices than their features. In May, 1903, a friend advised me that 'if the physician's diagnosis was correct, MILAM will cure you, because it will purify and enrich the blood, increase its flow, and build up the system; but it will take a long time and the improvement will be slow.'
"I did not believe one word of this, and consented to take MILAM because I did not think it could hurt me, and there might be a bare possibility that it might help me. After six weeks' use I began to notice a slight improvement in my sight, which has been slow but steady and with no setback. Now I can read newspapers with ordinary glasses, can distinguish large objects two miles away, and have no difficulty now, as far as my sight is concerned, in attending to my duties as the executive officer of a corporation.
"I am still careful not to tax my eyes unreasonably, because I realize that I am not cured; but hope, and am more and more encouraged as time passes, to believe that the continued use of MILAM will cure me.
"I think it proper to state that my general health and strength have also improved in the same ratio as my eyesight, and I attribute this to the use of MILAM.
[Signed] W. E. GRIGGS
Danville, Va., March 23, 1910.

MILAM is NOT an EYE medicine and will cure no blindness except that arising from impoverished or impure blood or depleted system.

F. & O. STALK CUTTER

The Parlin & Orendorf Co., Canton, Ill., made the first Stalk Cutter ever built, over 50 years ago; today they are building the best Stalk Cutter on the market

You need weight in a Stalk Cutter to do good work. You get it in this one—and with weight you get strength. The F. & O. is practically indestructible. Beware of light, flimsy stalk cutters—you will rue the day you buy one. This one will last a life-time. What do the manufacturers themselves think of it? "Back it up with an unequalled guarantee." That is putting it pretty strong—what more can you ask?

PERSONAL AND BUSINESS NOTES

Told in Interesting Manner By Our Correspondent.

WINTERVILLE, N. C., Nov. 29.—Mr. J. D. Cox returned home Saturday night from Fairmont.

It matters not how many other makes of cart wheels you may have tried, we are quite sure that you have found nothing to stand you better or run lighter than the "Tar Heel" cart manufactured by the A. Don't cast your money to the four winds, but put it in this bank, where it will grow for you and do you some visible good now and in the future. "As ye sow, so shall ye reap." That is why the farmer plants his corn in fertile ground, that is why hundreds of people place the money which they have in the bank, be the amount large or small. They see the advantage of having their money in a place where it will grow for them. There is no pleasure so wholesome in later life as that which is felt in reaping the reward of an early effort in starting a bank account. Now is the time. Place your first deposit in the Bank of Winterville.

Mr. W. J. Bullock, assistant cashier of the Bank of Grifton, spent Sunday in town.

The Daisy in Dixie.
A Southern man told us the other day that the daisy was never known in the South till after the war between the states. Now, every part of the South visited by the union army is covered with daisies. "Sherman brought them to us," he says, "and the 'march to the sea' can be followed in the summer time by the daisies. The seed must have been transformed in the hay brought along to feed the horses. I've never heard any other explanation." Cleveland Plain Dealer.

Here Is Where The Draft Enters

The most perfect draft ever discovered is the patent Hot Blast Down Draft of the Wilson Heater. The only draft that secures perfect combustion and prevents waste.

This draft is found only in the

Wilson
HOT BLAST
Heater

The air enters at the top, drives the combustible gases into the fire where they are burned—prevents the escape of heat up the chimney—doubles the heating power of the fuel.

In other words, only half the amount of fuel used in ordinary heaters is necessary. The Wilson is air-tight, making perfect combustion possible and a fire can be held 24 hours.

We sell Wilson Hot Blast Heaters for either wood or coal.
