SOME VITAL NEWS FROM THE CAPITOL

Steel Trust wants Investigation against them Stopped

ENORMOUS PROFITS OF EXPRESS

Sees Visions In Trust Decisions That The Decisions Themselves Do Not Warrant — Republicans Develop Sudden Symptoms Of Economy In Fear Of Democratic Scrutiny.

WASHINGTON, D. C., Dec. 8.—The Aldrich currency system is near enough to be taken seriously by the country. The Aldrich monetary commission is holding daily sessions. Banks favorable to the scheme are bringing what pressure they can on the members of both parties to get them to view the Aldrich idea favorably. A million dollar fund is being raised to finance a campaign in support of the proposition.

Ex-Senator Aldrich professes to believe that he will be able to rush a bill inaugurating the "Central Reserve association" through at this session of congress. The fact his idea is looked upon with disfavor and alarm by the small bankers and the people of the county does not discourage him. He has passed joker-laden tariff bills for the trusts in the past in the very teeth of the opposition of the entire country. Apparently he thinks he can do the same thing with the currency plan, which he feels would be a fitting crowning glory to his achievements as a statesman. But he may be disappointed, as he is reckoning without the progressive Democrats and Republicans in both houses who stand ready to begin a campaign of education of the people to the tremendous menace of his scheme, at the first opportunity that offers.

Another Aldrich Joker.

One feature of the Aldrich currency plan which has been largely overlooked, is so characteristic of the author that it may discredit the whole program. It virtually permits the central reserve association to discount railroad and other corporation securities.

This is one of the concealed jokers in the Aldrich plan. To mislead the public, if Mr. Aldrich proposes that the central association, as he calls it, shall discount for banks any commercial paper properly endorsed by the district association to which the bank belongs. In his public discussions he mentions no other form of discounts than commercial paper. But there is in reality this added provision: That the central association shall discount the direct obligation of any bank, upon a certificate from the district association that the bank seeking this discount has deposited with the association securities satisfactory to the association, which will be dominated by Wall street banks.

The profits the banks can make on straight commercial paper, which has a value of its own, are restricted to legitimate profits. But corporation securities have chiefly a manufactured value, and the Aldrich plan would enable banks loaded down with undigested securities, put out from Wall street, to draw good money from the central association by depositing these securities with the local association. This is distinctly an Aldrichesque proposition.

The President's Message.

The only definite thing in President Taft's message to congress is his attempt to prove that the farcical Tobacco trust decree is a most excellent enforcement of the Sherman anti-trust law. He would make the people believe the Tobacco trust decision practically solves the trust problem. He complacently assumes that this decision is certain at some indefinite period to restore competition and soften the evils of illegal monopoly if it does not indeed completely eradicate them.

Once again, therefore, the president is found advocating in a message to congress a cause that is not popular with the people, for the merest tyro of trusts recognize the tobacco trust "dissolution" as a victory for that monopoly. That even Wall street so considers it is evidenced by the fact that the securities of the trust are higher after the "dissolution" than before.

ARIZONA'S FIRST ELECTION TUESDAY

WILL BE HELD NEXT WEEK.

There Are Three Complete State Tickets In The Field.

PHOENIX, Ariz., Dec. 8.—Arizona will vote for the first time next Tuesday for a slate of state officials, two United States senators (subject to formal ratification by the legislature), representatives in congress, members of the Supreme court, district judges, state senators and representatives, county and precinct officers.

In addition Arizona will vote on the proposal to eliminate the judicial recall from the state constitution. Unless the verdict on the latter issue is in the affirmative all the other labor of the day will have been in vain, for congress has decreed that Arizona shall remain outside the Union until this device is removed from the fundamental law.

There are three complete state tickets in the field, Democratic, Republican and Socialist. The candidates for governor are: Democratic, George W. P. Hunt, of Globe; Republican, Edward W. Wells, of Prescott; Socialist, P. W. Galentine, of Globe.

The Republicans are bending their energies to capture control of the legislature and thus insure the election of two Republicans as United States senators. Their candidates for senators are Ralph Cameron, who has been the territorial delegate, and Hoyal A. Smith, late Republican territorial chairman and a young mining man of Bisbee. The choice of the Democrats for the senatorships are Henry F. Amhurst, of Prescott, and Marcus Smith, of Tuscon. The Socialist have endorsed E. Johnson E. B. Simonton, both residents of Globe.

For representatives in congress the candidates are: Democratic, Mulford Winsor, of Yuma; Republican, John S. Williams, of Bisbee, and Socialist, John Halberg, of Jerome.

Because of the multiplicity of candidates, it will probably be several days after the election before the results are known definitely.

PROCEEDINGS OF THE BOARD OF ALDERMEN

AT MEETING MONDAY NIGHT.

Not Much Business To Demand Attention.

The board of aldermen met in regular monthly session Thursday night, with the mayor and six members of the board present.

The clerk was instructed to collect back taxes due the town from non-resident stockholders in the National Bank of Greenville.

The street committee reported that work had been done on Pitt street, between Ninth and Dickinson avenue, as instructed at last meeting, and some work done on other streets.

Some property owners on Greene street, between Fifth and Dickinson avenue, petitioned for widening the sidewalk, and also for an arc street light. This was referred to the street committee.

The street committee was instructed to have cut down all elm and mulberry trees on streets where there are sewer lines.

The purchasing committee reported that new uniforms had been purchased for the police officers.

Reports of officers for the past month were read and approved.

The finance committee was authorized to borrow money to meet the necessary expenses of the town.

The committee in respect to the sewer line and lights on Fourth street near Davis, reported favorably, but that the town is at present not in position to make any improvements, but hopes to be soon.

Contest of Energy Closes Tomorrow Night at 9, Sharp

Last Call to Wide-awake Contestants Who Mean to Win

SHOWER OF SUBSCRIPTIONS AND VOTES POURING INTO CONTEST MANAGER'S OFFICE

Last Hours of Activity will Turn the Tide in Favor of Contestants who will "do things" till the last Minute

In Practically Another Twenty-Four Hours The Reflector Contest Of Energy Will Be Decided—Finishing Touches To Your Campaign Will Decide In Your Favor.

To Country Contestants.

At the request of many country contestants I have decided to allow them to mail their votes and last subscriptions from their home postoffice, provided, postmark reads, Saturday, December 9, no later than 9 p. m. This is just the same as the allowances made throughout the contest on all special vote offers. I have taken this step in view of the irregularity of the mails coming from some of the districts of the contest. Country contestants, please remember that they must send all their vote coupons by that last mail in order to have them counted. Votes will be issued on subscriptions sent by that mail also.

Today is practically the last day the contest management will have a talk with the contestants. Tomorrow night at 9 p. m. the contest will come to a close. A little more than twenty-four hours after today's Reflector is issued, the appointed judges, given below, will make the final count of votes and then we will know who are the winners in the greatest voting contest ever attempted in Eastern North Carolina.

More than likely the deciding votes will be cast a few seconds before the close of the contest and for this reason contestants should make the coming twenty-four hours the very busiest in their lives. For on their activities are suspended prizes of much value and usefulness. Not just merely ornaments, but useful and handsome ornaments.

Up to the time of going it seems that all candidates are bound to make a name for themselves. By every mail subscriptions are coming pouring in to the office of the Contest Manager and friends of contestants are coming into the Reflector office and vote for their favorites.

The Contest Has Reached The Climax.

The contest has now reached its climax, and all contestants are right in doing their very best. It is simply a question of sticking to it to the very finish. We have taken pains in explaining the importance of "keeping it up." Simply because you have a reserve force which you think will make you a winner is no rea-

son why you should stop your activities right now. On the contrary, you have done so much already, that it would be a pity to lose out by not doing just a little bit more. The finishing touches, as you may say. Nothing is complete without these finishing touches, and this contest is no exception to that general rule. Now, would you not feel sorry were you to lose out just because you failed to obtain that one more subscription that you could have had for the asking? It would simply be like destroying a very beautiful piece of work when all you needed to call it "finished" was an extra touch. And let us tell you right here, that you would be right in being sorry. Such an opportunity as the present, to earn a prize of such value and usefulness will probably not present itself to you in many years. In fact, we hear that most people only have one opportunity, and that if they fail to take advantage of it, it will never return.

Be Sure To Do All You Can.

Before you stop tomorrow, be sure to have done all you could. Have you seen all those people that promised you their subscription? If we knew their names we would take pleasure in reminding you, but not knowing who are all your friends in this campaign, are sorry we can't do it. Still this will probably help you to remember that you can still go through your list and discover that you did not go see Mr. So and So. And it is quite probable that Mr. So and So's subscription will help you win out. We can still say that, although a great number of subscriptions have been received, the winners are yet to be known, as every contestant has about managed to hold her own. Tomorrow, nevertheless, many candidates that have been playing a clever game will enter a great number of subscriptions and if you fail to bring your share we are afraid your chances, good up to date, may suffer severely by your failure to keep it up.

Following is the list of judges that will count the votes entered by every contestant and their standing in this community is unquestionable, all candidates know that the squareest deal awaits them.

Address By Great Northern President.

ST. CLOUD, Minn., A two days' convention of the Northern Minnesota Development association opened here today with a large and representative attendance. The leading feature of today's program was an address on good roads by Louis W. Hill, president of the Great Northern railway and chairman of the Minnesota highway commission.

NEW LEGISLATURE BUILDING AT REGINA

CORNER STONE LAID OCT. 4, 1909.

Plans Drawn By Leading Firm of Montreal Architects.

REGINA, Sask., Dec. 8.—His royal highness the Duke of Connaught will be asked to officiate at the formal opening of the new Saskatchewan parliament buildings. The date for the opening has not been fixed, but the buildings are now practically completed. It is expected the opening will take place early in the coming year.

The new parliament buildings, the corner stone of which was laid October 4, 1909, by Earl Grey, then governor of Canada, is to be by far the most imposing structure in the province. The building consists of a main structure surmounted by an imposing dome and flanked by two large wings. The design of the exterior is a free adaptation of English renaissance work, combining dignity, simplicity and purity of style.

The main entrance is by a triple doorway, through a spacious vestibule, into the main entrance hall. The chief feature of the interior arrangement is the magnificent legislative chamber, which was designed after a careful study of the principal legislative halls of American and European capitols. An unobstructed view of the speaker's rostrum is to be had from every part of the house. Public galleries line three sides of the chamber.

The council room and the apartments of the provincial governor and premier have been given places of honor on the main floor of the central structure, with the offices of the clerks close at hand. The reading room, stack room and committee rooms occupy much of the space in the east wing, while the west wing will be given over to writing rooms, public waiting rooms and offices for members.

A part of the ground floor will be assigned also to the public works, treasury and agricultural departments of the government. The attorney general's department, the department of education, the department of railways and those of the provincial secretary and municipal commissioners will be located on the second floor. In the basement will be provided the dining room for members, the staff lunch rooms, and a completely equipped kitchen. Sixty fireproof vaults have been installed in the building for the safe-keeping of the provincial records and official accounts.

The building was erected from plans drawn by a leading firm of Montreal architects. When completed the structure will represent a total outlay of nearly \$1,500,000 and will rank among the finest public offices on the American continent.

AT THE GALETY

Benefit Of The Baptist Church Tonight.

The management of this popular house has arranged a most suitable program for the Baptist church benefit.

The comedy team of Raymond and Hess will offer an entirely new line of song and comedy and if it is anything like last night's we are all sure of a half hour's fun. This team made a decided hit last night and the audiences that saw the act were very appreciative of their humor. The people of Greenville know a good thing when they see it, alright, and they realized last night that in Raymond and Hess they had before them a great comedy act.

Mr. Armstrong will repeat tonight the song that went to big last night, "I Won't Be Home Till August." Was a regular riot last night and we expect that it will go better tonight. Mr. Armstrong was very good in this song, and those that have heard him will surely be there tonight.

The special program is made up tonight as follows:

Solo—Miss Vernessa Smith.
Recitation—Miss Ward Moore.
Solo—Mrs. W. L. Hall.
Quartette.

If the above program looks good to you, the cause of it is better. Everybody who can do so ought to go to the Galety tonight, where he is sure to get the best value for his money.

FRIDAY, DECEMBER 8, 1911.

Calendars and pocket books are both looking thin.

When a boy, a cannon cracker and a match get together, there is likely to be a noise.

Passenger trains are already getting on their holiday lateness. Perhaps the days are too short for them to get through on schedule.

The Lorimer investigation committee has got stumped over how much whiskey makes a drink and how many drinks make a drunk.

If you just pay what you owe, there are many more people who would be in better position to enjoy the holidays than if you fail to display this forethought.

Greenville is not the halfway ground from anywhere, but occupies its own position on the map, and can be found when looked for. It is "Our Greenville, Yours if You Come."

It is not in keeping with the fitness of things that those men who have the most property in Greenville as a rule take least interest in matters looking to the development of the town.

One bad thing about the Christmas season is the trend of extravagance in gifts, often going beyond the ability of the giver. A simple token of remembrance in reason is far more appropriate.

Durham has got to wait another year before getting a new court house. If those folks had accepted the invitation to come and take a peep at what Pitt county has, it might have raised their pride to the point of activity.

If Greenville is to grow, the effort to make it grow must be made by the people of the town themselves. When leading property owners stand aloof and take no interest in movements for the upbuilding of the community, it shows a lack of faith in their own town.

Greenville needs the co-operation of all her citizens. The men who hold back and pull back, withholding their support from movements and organizations whose aims are advancement, are not helping their town. Everybody working together with one purpose is what counts.

A mass meeting at the Baptist State convention in Winston, Monday night, took steps to secure the \$150,000 endowment for Meredith College. This will bring gladness to the hearts of thousands of Baptist people of North Carolina, and even to others interested in the development of the educational institutions of the state. Every movement for better education is a step in the right direction.

Ends Winter Troubles. To many, winter is a season of trouble. The frost-bitten toes and fingers, chapped hands and lips, chilblains, cold-sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of burns, boils, piles, cuts, sores, bruises, eczema and sprains. Only 25c at all druggists.

The outlook is that Greenville's government building will not be so long coming as was once anticipated. In the list of estimates made by the secretary of the treasury of appropriations needed for the fiscal year beginning the 30th of next June, Greenville is included for \$29,000 for commencement of the building here under the present limit. Government architects have already called for a survey of the site purchased here. With a handsome government building fronting our handsome court house the squares will be something worth looking at.

Thanks.

"Pi" is all right in its place, but we note by a first page, half-column news item, that Brother Whichard, of the Greenville Reflector, on Tuesday of this week, had too much "Pi". Two newspaper forms and a broken press the same day was certainly mishap day. "Wer sorry," brother, and if we may help you, call upon us.—Rocky Mount Telegram.

NOTES FROM THE LABOR WORLD.

A union lodge of machinists has recently been instituted in Hawaii and one in Haiti.

Cleveland, O., paperhangers are discussing the proposition of declaring war on the piecework system.

In the factories of Switzerland the predominant hours are nine and one-half to ten, and on Saturdays 1 hour less.

There are at present fifteen international organizers in Minneapolis, Minn., and at least a dozen of them will remain there indefinitely.

New York wage earners number 1,400,000, of which the workers in factories lead all the rest with a total of 500,000. The store clerks are next in line with 290,000.

The members of the British Steel Smelters' union have voted largely in favor of a move for the eight-hour day, and the officials of the union have asked for a conference with the employers to discuss the demand.

The Michigan State Federation of Labor has added about one hundred new affiliations the last year and it appears now as if this federation will soon be the foremost in line of state federations, both in number and activity.

Last year there was paid for the relief of the unemployed members of trade unions, out of the funds in the union treasuries, not less than \$5,000,000. This expenditure does not include millions of dollars paid in strike and lockout benefits.

The carmen's union of Oakland and Richmond, Cal., as a result of a recent referendum vote, have decided to consolidate under one charter. This will, it is said, give the union the largest membership of any organization of carmen in the United States.

A bill passed by the New York legislature, amending the labor law, went into effect recently. It is designed to provide better sanitary conditions in bakeries. It classes bakeries as factories and places them under the jurisdiction of the state labor commission.

Out of every thousand of those whose occupation calls for constant work in dusty quarters, five died of consumption, according to German official figures, whereas among those who are not exposed to the action of dust, only two out of a thousand die of the disease named.

Twenty-five cedos are working as domestic servants to pay their way through a four-year course at the University of Missouri, at Kansas City. One farmer's daughter goes out and does washing, and fourteen amuse children while their parents are away from home, at 15 cents an hour.

Labor in Turkey is growing dear, owing to emigration and urgent calls for hands to work upon the country roads which the Turkish government builds, upon the railroads and factories. Carpenters and bricklayers, who only two years ago received sixty to eighty cents a day, now get \$1 to \$1.20 in Constantinople.

NO REASON FOR IT. When Greenville Citizens Show The Way.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Greenville citizen says: Mrs. Fannie Moore, 214 Pitt street, Greenville, N. C., says, "I feel very grateful for the relief I have received from Doan's Kidney Pills, which I obtained from the John L. Wooten Drug Company. Backache annoyed me and there was much lameness and weakness through my loins. My kidneys did not do their work as they should and the kidney secretions bothered me. Doan's Kidney Pills gave me relief from these symptoms of kidney complaint and improved my condition in every way." For sale by all dealers. Price 50 cents. Social and Personal

Let Them Pass; Forget Them.
Never mind mean things you heard—
Don't repeat a single word—
Let them pass; forget them.
Do not mind them—they are not
Worthy of a moment's thought—
They have now much mischief
wrought—
Let them pass; forget them.

Never mind what some one said—
They were words by malice fed—
Let them pass; forget them.
They were unkind and untrue
And deserve no thought from you;
Be among the very few
Who will never mind them.

Let the other people say
Words unkind, from day to day—
Let them pass; forget them.
Balance matters with them; give
Kind words for unkind ones; live
As you know you ought; forgive—
Let them pass; forget them.

And if you have said a word,
Harsh, unkind, and some one heard,
Pass it not; but mind it.
Sow another kind of seed—
Do another kind of deed—
Maybe some one's heart will bleed,
If you do not mind it.
—Benjamin B. Keech, in Vick's Mag-
azine.

Mr. Joe Outterbridge went to
Whitakers today.

Dr. E. A. Moye was reported much
better today.

Mr. W. B. James is quite sick at
his home on Washington street.

Mr. W. M. Wilson, representing the
Raleigh Times, was here Thursday
afternoon.

Mrs. W. H. Johnson and little son,
Harry, left this morning for Weldon.

Dr. Venable, president of the Uni-
versity, who spent Thursday here at
the Training school, left on the even-
ing train.

"Mr. Bol"
December 12, 1911.

The Sidney Lanier and Edgar Al-
len Poe Literary societies of the East
Carolina Teachers Training school
will give a play entitled "Mr. Bol"
on Tuesday evening, December 12,
1911, at 8 o'clock, in the school au-
ditorium.

The purpose of this play is to raise
money to have oil paintings made of
the founders of this school—Governor
T. J. Jarvis and Prof. W. H. Ragsdale.

The societies desire to pay this trib-
ute to the men to whom the school
owes so much and can give so lit-
tle and feel that it will be an inspi-
ration to future generations of stu-
dents to know these men through
their portraits as well as through
their deed.

The public, we feel, should deem it
a privilege to help us honor these
men.

Admission fee, 25 cents.

Lightning Kills Few.

In 1906 lightning killed only 169
people in this whole country. One's
chances of death by lightning are
less than two in a million. The chance
of death from liver, kidney or stom-
ach trouble is vastly greater, but not
of Electric Bitters be used as Robert
Madsen, of West Burlington, Ia.,
proved. Four doctors gave him up
after eight months of suffering from
virulent liver trouble and pellow
jaundice. He was then completely
cured by Electric Bitters. They're
the best stomach, liver, nerve and
kidney remedy and blood purifier on
earth. Only 50 cents at all druggists.

Notice to inventors—A device for
squeezing water out of stocks and the
milk supply would fill a long-felt
want.

LOCAL BRIEFS.

Pick-Ups And Hand-Me-Downs.

Red Men met tonight.
Tomorrow ought to have a good
trade out, but not many of the mer-
chants are trying to get it through
effective advertising.

Ellington's windows are taking on
a pretty holiday appearance.

The first "baby wakers" were
touched off Thursday night to an-
nounce the approach of Christmas
and the arrival of fireworks in town.

This has been a good week with
the tobacco market. It continues to
sell at the top notch in Greenville.

All the passenger trains were late
Thursday evening.

Fire weed is a scarce article, very
few of the farmers hauling any.

Time Growing Shorter.

Everyday brings Christmas nearer,
proportionately shortening the time
in which you can do holiday trading.

It also makes one day less in which
you have opportunity to take advan-
tage of the special sale going on in
C. T. Munford's big store. Bargains
are offered at this store, that you
should not miss, both for suitable
holiday goods and goods for your
every day needs. Here you can fit
out the whole family in wearing ap-
parel, you can get furniture in full
suits, or single pieces as desired,
trunks, suit cases and hand bags, mil-
linery and all kinds of notions. And
the goods are all marked down in
plain figures to nearly half the usual
selling price. Such an opportunity
for saving money, right in the hol-
idays when you want the money to
go as far as possible, is yours if you
come to Munford's to take advantage
of it.

LATEST MODEL PRIZES.

Sixty Prizes Awarded In Eleven
Years.

STOCKHOLM, Dec. 8.—The Noble
prize awards for the present year are
calculated to give little ground for
self-complacency to Americans.
Though the formal announcements of
the awards will not be made until day
after tomorrow, which will be the
anniversary of the founder's death,
the prospective recipients already are
known, with the exception of the
person or persons who will receive
the prize for performing the most
useful service of the year in promot-
ing peace.

The prize for chemistry goes to
Mme. Curie, chief professor of sci-
ences in the University of Paris, who,
with her husband, discovered radium.
The prize for physics, which it was
believed some time ago would be
awarded to Thomas A. Edison, the
American inventor, will go instead to
Professor Wilhelm Wien, of Wuerz-
burg University. Maurice Maeter-
lick, the well known Belgian author
and playwright, will receive the lit-
erary prize, while the prize in medi-
cine will be awarded to Professor Al-
var Gullstrand, of the faculty of
medicine of Upsala University, for
research work in connection with his
study of the eye.

In the eleven years of the Noble
foundation the prizes have been
awarded to sixty individuals and to
two peace societies. Only two of the
sixty have been Americans. A prize
in physics was awarded to A. A. Nich-
elson, of the University of Chicago,
a German by birth, and one of the
peace prizes went to President Roose-
velt for his services in promoting
peace between Russia and Japan. So
far no other American has been re-
cognized as worthy of the distinguish-
ed honor.

University President Installed.
GEORGETOWN, Texas, Dec. 8.—
Many well known divines and edu-
cators of the Methodist Episcopal
Church, South, arrived here today to
attend the inauguration of Dr. Chas.
M. Bishop, as president of South-
western University. The inaugura-
tion exercises will extend over three
days. President W. P. Few, of Dur-
ham College, is to deliver the academ-
ic address at the formal installation
tomorrow morning. Dr. James K.
Kilgore, of Texarkana, will preside
over the exercises. On Sunday the
inaugural sermon will be preached
by Frank K. Sanders, of Washburn
College.

Reduced Rates To Wilson.
The Norfolk Southern railroad will
sell tickets on the certificate plan, to
Wilson, on account of the Farmers
Educational and Co-operative union,
December 13-16. For particulars ap-
ply to any agent of the Norfolk
Southern railroad, or address W. W.
Croton, general passenger agent,
Norfolk, Va.

Irrigation Well Celebration.
MIDLAND, Texas, Dec. 8.—Mid-
land held a jubilee celebration today
to draw the attention of prospective
homeseekers and investors to the fact
that this locality now possesses one
of the greatest irrigation wells on
record. This is the great Moran well,
which is producing 2,000 gallons a
minute from a depth of 121 feet, and
the capacity of which, in the opinion
of experts could be redoubled.

THOS. DUPREE.
The Maryland Casualty Company
covers disability caused by any kind
of sickness or accident, and is the
only company doing business in North
Carolina that maintains a claim de-
partment. Don't envy people but
strive to imitate them.

NOSE STOPPED UP

WITH CATARRH

A Common Sense Treatment For Ca-
tarrh And Asthma Gives In-
stant Relief.

No matter how miserable you are
with catarrh, or a cold in the head,
nose stopped up, throat sore, eyes
running, dull pain in the head, dry
cough, fever, breath foul, Ely's Cream
Balm will give you instant relief.

It gets right at the root of the trouble,
cleanses, heals and strengthens
the raw, sore membranes, stops the
nausea discharge so that you are not
constantly blowing the nose and spit-
ting. In a few minutes after applied
you can just feel it doing its work of
clearing the head, the pain and sore-
ness are relieved, the berathing be-
comes natural and the stuffed up
feeling is gone. This cleansing, heal-
ing antiseptic Balm contains no mer-
cury, cocaine or other harmful drugs.
It is easy to apply, pleasant to use,
and never fails to give relief, even in
the worst cases.

Never neglect a cold, and don't suffer
the miseries of catarrh nor disgust
your friends with your hawking spit-
ting and foul breath. Get a 50 cent
bottle of Ely's Cream Balm from your
druggist, and start the treatment at
once. You will find that it will be
the best investment you ever made.
If you prefer a spray, ask for Ely's
(Liquid) Cream Balm. Moye's Phar-
macy.

Saved His Wife's Life.

"My wife would have been in her
grave today," writes O. H. Brown, of
Muscadine, Ala., "if it had not been
for Dr. King's New Discovery. She
was down in her bed, not able to get
up without help. She had a severe
bronchial trouble and a dreadful
cough. I got her a bottle of Dr.

SAGE TEA WILL

DARKEN THE HAIR.

Restore Faded And Gray Hair To
Natural Color—Dandruff
Quickly Removed.

There is nothing new about the idea
of using sage for restoring the color
of the hair. Our great-grandmothers
kept their locks soft, dark and glossy
by using a "sage tea." Whenever
their hair fell out or took a dull,
faded or streaked appearance they
made a brew of sage leaves and ap-
plied it to their hair, with wonder-
fully beneficial effect.

Nowadays we don't have to resort
to old-time, tiresome methods of gather-
ing the herbs and making the tea.
This is done by skilled chemists bet-
ter than we could do it ourselves, and
all we have to do is call for the ready-
made product, Weyth's Sage and Sulphur
Rair Remedy, containing sage
in the proper strength with the addi-
tion of sulphur, another old-time
remedy.

The manufacturers of this remedy
authorize druggists to sell it under
guarantee that the money will be re-
funded if it fails to do exactly as rep-
resented.

Don't neglect your hair. Get a
bottle of Weyth's Sage and Sulphur
today, and notice the difference after
a few day's use.

This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all drug-
gists. Special Agent, Moye's Phar-
macy.

How to Tell if Your Hair is Diseased.

Even if you have a luxuriant head
of hair you may want to know whether
it is in a healthy condition or not.
98% of the people need a hair tonic.

Pull a hair out of your head; if the
bulb at the end of the root is white
and shrunken, it proves that the hair
is diseased, and requires prompt treat-
ment if its loss would be avoided. If
the bulb is pink and full, the hair is
healthy.

We want every one whose hair re-
quires treatment to try Rexall "93"
Hair Tonic. We promise that it shall
not cost anything if it does not give
satisfactory results. It is designed to
overcome dandruff, relieve scalp irri-
tation, to stimulate the hair roots,
tighten the hair already in the head,
grow hair and prevent baldness.

It is because of what Rexall "93"
Hair Tonic has done and our sin-
cere faith in its goodness that we
want you to try it at our risk.

Don't Judge A Manure

Spreader By Looks

Every manure spreader is not a Cloverleaf that looks
like this. You can't judge a manure spreader by its looks
because there are many features which are found in the
construction of one machine that are not found in others.
Cloverleaf manure spreaders are the most easily operated,
the strongest and best machines on the market. If you
will examine one critically, you will agree with us that the

Cloverleaf

is the best machine you ever looked at. Drop in. Let us
discuss the manure spreader proposition. Let us explain
the many meritorious features found in Cloverleaf con-
struction. Better still, buy one, then you will be in a bet-
ter position to know why you can't judge a manure spread-
er by its looks. If you are not ready to buy, call and get a
catalogue. It is filled with valuable information on soi-
maintenance and fertility. We are reserving one for you

P & O

STALK CUTTER

The Parlin & Orendorf Co., Canton, Ills., made the first Stalk Cutter ever built, over 50 years ago; today they are building the best Stalk Cutter on the market

You need weight in a Stalk Cutter to do good work. You get it in this one—and with weight you get strength. The P. & O. is practically indestructible. Beware of light, flimsy stalk cutters—you will rue the day you buy one. This one will last a life-time. What do the manufacturers themselves think of it? "Back it up with an unqualified guarantee." That is putting it pretty strong—what more can you ask?

SOME VITAL NEWS FROM THE CAPITOL

(Continued from First Page.)
American Tobacco Company for being in existence in violation of the law," declares Chairman Stanley of the Steel investigating committee, "is worth hundreds of millions of dollars to that concern. There is not a trust in the United States or the world that would not give millions of dollars to be 'dissolved' as it has been dissolved."

And the president devotes his official message to congress to an attempt to make it appear that this decision is a great victory for the independent tobacco men and the people!

Economy.
Estimates of the treasury department for running the government during the next fiscal year, which have just been submitted to congress contemplates a saving of \$21,283,921.43 as compared with the amount appropriated for the fiscal year 1911-1912.

This is in contrast to past Republican performances. Mark, for instance, the following comparative figures, which best tell the story of Republican extravagance:

Annual Appropriations.	
1890	\$ 340,000,000
1900	600,000,000
1909	1,103,387,508
Per Capita Cost of Running Government.	
1890	\$ 6.00
1900	8.00
1909	12.40

Why the Republicans suddenly developed symptoms of economy, this particular year reducing their estimates after having regularly increased their expenditures every year for sixteen years?

The answer is that Republican department heads knew extravagant estimates could not pass the scrutiny of the Democratic house.

Notwithstanding their admission that they will be able to get along on twenty-one millions less, there has been no marked complaint from the Republican officials that they will be stunted or hampered in their work. The Democratic leaders made it plain at the start that the necessary expenses of the government were to be met, as usual, but that all unnecessary items would have to be cut out.

In 1912 You Will Elect a President

THIS election is of supreme importance to you. The whole country is divided. On one side the progressive Insurgents, on the other the Conservative Standpatters. Both parties will promise many things. You will have to judge their claims and their fitness to carry them out. In these stirring times

THE AMERICAN REVIEW OF REVIEWS

is a necessity to the busy man or woman who values being up to date. In a hundred ways its editorials, its character sketches and its timely articles will help you make your choice. It gives you the best, clearest and most accurate, non-partisan and unprejudiced news that money can buy. It is the great monthly newspaper on which intelligent people everywhere rely for their news, and you get this news almost as promptly as it is given in the great daily newspapers of the country.

Senator LaFollete says: "The most concise, accurate, and impartial review of the age. I long have utilized the magazine in its current times as a valuable means of information."

Never will the Review of Reviews be more necessary than next year
