### Japanese General Assumes Command of Troops

## AMERICA NOT GOING TO INTERCEDE

### American Minister Still Waiting for Answer to Message Asking for Regi-Sun, China's President, Would Rement—Chinese Premier Asks if Dr. sign Should the People Vote for Monarchy.

Pekin, Jan. 6.—The treaty powers have undertaken the protection of the railroad between Peking and the sea. Interruption of traffic along this line, which has prevented the passage of the mails for four days, has resulted in this decision.

Detachments of British, German, Japanese, and French troops have been stationed at intervals between Peking and Chinwangtao, according to the plan devised two months ago. A Japanese general is in command, as he is the ranking officer.

The respective nations assume charge of different sections of the road, Great Britain taking care of the section between Peking and Yangtsun, France between Yangtsun and Tangku, Germany Tangku to Tangshan, the United States Tangshan to Lanchow, and Japan from Lanchow to Chinwangtao. The United States, however, has no troops in North China, except 300 legation guards, and has been unable to assume responsibility for the section allotted to it, but British troops are protecting that district until Americans arrive.

Just when additional American troops will reach China is not known, although Minister Calhoun cabled several days ago to the State Department at Washington advising the dispatch of a regiment on a peace footing. So far he has received no reply.

## NO DANGER OF NAVAL STRIKE NOW

### Navy Head Expect to Settle With the Machinists

## PROBABLE GRANT OF WAGES ASKED

### Department Will Investigate Matter at Once at Request Made by Skilled Laborers—Latter Expect Grant.

All probability of a strike on the part of the machinists at the Washington navy yard now seems to have passed. Assistant Secretary of the Navy Winthrop said yesterday that the department tomorrow would take up for consideration the request for and advance of pay made by the wage committee of the machinists, and that he felt confident the matter would be adjusted amicably. A concurrence in this opinion was expressed by Thomas Carroll, one of the labor leaders.

Mr. Winthrop said that the men had made no threat to strike, and that the department would make every effort to comply with the request for more wages.

Mr. Carroll, who with J. M. McConnell and Harry Rigby, called at the navy department, said last night that the machinists had the utmost confidence in the federal officials, and that while a petition to President Taft, asking him to interest himself in their case, had been prepared, he did not believe it would be presented, at least not without another conference with the department. This question, however, will have to be determined by the executive committee of the Columbia Lodge of Machinists, which will meet this morning at Naval Lodge Hall, Fourth street and Pennsylvania avenue southeast.

### Two-Inch Snow.

The first snow here of the winter came in the early hours of Sunday morning but was light, not reaching a depth of quite two-inches. The ground being frozen the snow lay all right, and is showing good strong qualities.

## W. J. BRYAN STILL TO BE RECKONED WITH

### Will Not Run Again For President He Says

## IS STILL A POWER IN POLITICS

### His speech at Raleigh, N. C., through the audience that he will not try in the Presidential Race, He Assures Friends That He is Still in the Political World and That He Must Be Reckoned With.

RALEIGH, Jan. 6.—The greatest outburst of applause that greeted William Jennings Bryan here tonight during his address before an audience that taxed the capacity of the great new auditorium was when he declared that he realized now that there are men in the party who can poll more votes for Democracy than he and that he will apply himself to more earnest work for them than he ever did when burdened with personal candidacy; that he has abandoned the expectation of office, but is by no means out of politics. Mr. Bryan's theme was "Progress of the World in Intelligence, Morals and in Application of the Science of Representative Government."

His was an eloquent review of educational progress the world over and of awakening of public conscience in the elevation of the morals of the people along all lines, particularly reform of public affairs. He regretted lack of progress in his declared reform for election of United States senators by the people and declared that both parties must stop sham battles on this subject and go in particularly for driving great corporations and special interests from control of the United States senate, and pass the bill for people to elect senators and let its adoption be optional with (Continued on Fourth Page).

### Cold Wave Claims a Great Many Lives in Past Few Days

## TEMPERATURE RECORD ESTABLISHED

### The Cold Wave Sweeping Throughout the Entire Country Causes Unaided Suffering Amongst Poor Classes—11 Die in New York Alone.

New York, Jan. 6.—A total of eleven deaths from the extreme cold was the record of this city for the winter's coldest day here. Tonight, although the thermometer had sunk to 8 degrees at about 10 o'clock from a maximum of 15 in mid-afternoon the suffering was not so intense because of a mercurial let-up in the furious gale, which brought the cold wave with it. Lower temperature was predicted within the next ten hours, however.

The sudden cold snap has driven so many thousands of destitute and homeless to seek shelter in the municipal lodging houses, one covered pliers, and even the morgue, that the leaders of the Bowery Mission appealed to the churches tonight to open their doors to shelter the homeless while the cold weather lasts.

James T. Hunt, esquire manager of the Mission, said that he was overwhelmed with applications for help and could assist only a small number. He asked the pastors of many of the leading churches to aid sufferers from the cold.

### CHILD BURNED TO DEATH.

### Caused by the Explosion of a Lamp.

A few nights ago three of the children of Ed. Laughinghouse, a colored man living about 5 miles from town, had a lamp on the floor and were around it studying their lessons. One of them tilted the lamp over and it exploded. One of the children, a girl, was burned so badly that she died next day. Both the others were also badly burned.

## PASTOR RICHESON CONFESSES TO POISONING OF MISS AVIS LINNELL

### His Attempt at Mutilation some days ago a sign of Remorse From Accused.. Says he has Suffered Much

## MISS VIOLET EDMANDS, RICHESON'S FIANCEE, HIDING IN NEW YORK STATE

BOSTON, Jan. 6.—The Rev. Clarence V. T. Richeson confessed his guilt of the murder of his former sweetheart, Miss Avis Linnell, of Hyannis, in a document made public by his counsel today. The confession declares that the accused is guilty "of the offense of which he is indicted," which is murder in the first degree. The full text of Richeson's confession follows:

"Boston, January 3, 1912. To John L. Lee, Esq., William Morse Esq., and Phillip R. Dunbar, Esp. Gentlemen: Deeply penitent for my sin, and earnestly desiring, as far as in my power lies, to make atonement I hereby confess that I am guilty of the offense, of which I stand indicted.

"I am moved to this course by no inducement of self-benefit or leniency. Heinous as is my crime, God has not wholly abandoned me, and my conscience and manhood, however deprived and blighted will not admit of my still further wronging, by a public trial, her whose pure young life I have destroyed.

"Under the lashing of remorse, I have suffered and am suffering the tortures of the damned. In this I find a measure of comfort. In my mental anguish I recognize that there is still by the mercy of the Master, some remnant of the divine spark of goodness still lingering with me. I could wish to live only because within some prison's walls I might in some small measure redeem my sinful

past, help some other despairing soul, and, at last, find favor with my God. "You are instructed to deliver this to the district attorney or to the judge of the court. Sincerely yours,

## NEWS THROUGHOUT THE NORTH STATE

### North Carolina News : : : In Brief

### Rev. F. A. Bishop Dies.

WILMINGTON.—Rev. F. A. Bishop, one of the best known ministers in the North Carolina Methodist Conference, died here today after an illness of several weeks. He was not given assignment at the last conference on account of his poor health. He was regarded as having been placed on the superannuated list, as he was 59 years of age and engaged in the ministry for 33 years. He is survived by a wife, several brothers and one half sister. He was well known throughout the state, and his death will be learned with regret by the fellow ministers and laymen.

### Mill Destroyed by Fire.

WINSTON-SALEM.—Fire last night destroyed the plant of the Walkertown Milling Company valued at about \$20,000, with only \$6,000 insurance. Among the heaviest losses will be farmers who used the warehouse for storage of grain, fertilizers and other commodities. The blaze originated in the basement, apparently, due to machinery getting too hot, and the stiff wind fanned the flames so that within a short time the entire structure was swept. The Walkertown Milling Company was one of the largest plants in the piedmont section and was owned by T. A. Crews, Joshua Sells, Thomas N. Nunn and Dr. J. C. Hammock, as a stock company.

### Bear in Deep Creek.

Mr. Willis Price, who lives about seven miles west of town, in the neighborhood of Deep Creek church, brings the report to town that some wild animal, supposed to be a bear, is playing havoc with the hogs in his section. Mr. Price says this bear

has killed forty or fifty hogs for him, also several of his neighbors have lost hogs.—Scotland Neck Commonwealth

### Plumbers' Strike Settled.

WILMINGTON.—The striking plumbers and master-plumbers reached an agreement this afternoon by which the strikers return to work. The journeymen plumbers are to receive \$4 for a day of nine hours instead of \$3.75, which they received before the strike, but they did not succeed in getting the day reduced to eight hours. Twenty-five men were affected by the strike, and people of the city feel much easier now that the differences have been adjusted in view of the cold wave.

### Exchange of Courts.

RALEIGH.—Through an exchange of courts authorized by Governor Kitchin, Judge O. H. Allen will hold a one-week criminal court January 15 and one-week civil court beginning January 22 in Pitt county and Judge Justice one-week court in Stanly, January 15 and one-week Montgomery court beginning January 22.

### Charged with Check-Falsing.

GREENSBORO.—K. W. Allen, a white man of good appearance and who claims to be a traveling salesman, was arrested here this morning at the request of Winston authorities, who state that he is wanted for passing a worthless check on a clothing firm in the Twin City. When arrested early this morning, Allen was at the McAdoo hotel and he declares that some mistake has been made. Allen says the check in question was for \$5 and that he will be able to explain matters satisfactorily.

### Brokerage and Distributing Business.

Mr. S. E. Gates has withdrawn from the Greenville Wholesale Company, having sold his interest to the other members of that firm and will engage in business for himself. He is preparing to open a general brokerage and distributing office, and expects to be ready for business in a short while.

### Larger Warehouse.

Hart and Hadley have found it necessary to add 40 feet more to their farm machinery warehouse near the Norfolk Southern depot, to accommodate their car load shipments of these goods.

This is a good time to advertise rubber goods, if any dealer in Greenville carrying them.

## THE SALEM IS BACK AT NORFOLK

### The Birmingham and North Carolina Scout Crippled Cruiser Back In Norfolk After Severe Fight With Raging Ocean, In Which Salem Loses Two of Her Crew—Many Injured.

NORFOLK, Va., Jan. 6.—Badly battered and covered with the ice from stern to stern, the United States scout cruiser Salem is creeping along the coast en route to Norfolk.

The Salem ran into a 60-mile northwest gale Friday night 500 miles south of Norfolk, and was badly damaged. She lost two men overboard, and all of her lifeboats, davits and everything else on her decks that could be moved.

Taylor Bagwell, of Bell Haven, Va., and Herman Goldstein, of Ned York, both seamen, were washed overboard from the deck of the cruiser, and were never seen again.

Mountain-high seas broke over the ship, the water freezing as it struck her decks. Her crew were tossed about the ship like manikins, and sixteen of them are reported to have been injured.

The ship was helpless in the teeth of the kale for nine hours, and her crew was almost exhausted before the fury of the storm exhausted. Wireless calls for help from the Salem were picked up by the battleship Connecticut and other ships of the Atlantic fleet which were within a few miles of the helpless cruiser.

## KANSAS GOV. FOR COL. ROOSEVELT

### Gov. Stubbs Says T. R. Logical Candidate

## ROOSEVELT SURE TO WIN, HE SAYS

### Although Gov. Stubbs, of Kansas Admires LaFollette, he Says That Col. Roosevelt is Only Logical Candidate in Coming Race.

Topeka, Kans., Jan. 6.—"I am in favor of the nomination and election of Theodore Roosevelt for president," Gov. W. R. Stubbs, "progressive" Republican, says in a statement issued here late today.

"First," Gov. Stubbs continued, because the imperative need of our country for the next four years is a president who believes in his heart in the policies advocated by Lincoln, and who has the courage of his convictions.

"Second, because Col. Roosevelt, more than any other man, is responsible for the nation-wide forward movement in the direction of a government administration honestly and vigorously, without fear or favor, for rich, poor, high, low, black, and white.

"Col. Roosevelt is not only the logical candidate for president at this time, but he is the only one who is sure to win. He can carry the New England states, New York, Pennsylvania, and Ohio, and his majority throughout the middle west and Pacific states would be overwhelming. He would not only carry the full Republican vote in Kansas if nominated, but he would receive a large share of 'progressive' Democrats' votes."

### Cortelyou Failed to Secure Enough Funds

## NOT ENOUGH TO ELECT NOMINEE

### Hugh Sum of \$240,000 Was Borrowed From New York State Committee—Amount Was Repaid After a Time—Chairman Cortelyou Was Unable to Raise Sufficient Funds.

That George B. Cortelyou was unable to raise sufficient funds for Theodore Roosevelt's candidacy in 1904; that the national committee was compelled to borrow \$240,000 from the Republican state committee, and that as a sequel of this situation Roosevelt called upon E. H. Harrington to aid in making good the default and prevent the defeat of the New York state ticket are some of the startling assertions in the Harrington biography obtained yesterday by the New York American.

The book revealing the inside life of the financier will be off the press a few weeks before the date of the Republican National Convention. Although its pages are guarded with the strictest secrecy, it became known yesterday that it may be used as a tremendous weapon against the Roosevelt candidacy.

One short chapter is said to prove that the letter of George R. Sheldon written to Roosevelt December 19, 1911, merely beclouds the real issue. Mr. Sheldon declared Cornelius N. Bliss, then treasurer of the Republican National Committee, fearing the defeat of Higgins for governor, went to Mr. Harriman and explained the situation.

## OREGON EXPRESS HELD UP AND ROBBED

### The Unmasked Bandits Board Fast Train

## ACT AS MAIL CLERKS FOR A WHILE

### Daring Train "Hold-Up" Successfully Carried Out By Bold Robbers, Who Bind and Gag Mail Clerk.

Redding, Cal., Jan. 6.—The mail car of the Oregon express on the Southern Pacific was robbed of all eastern registered mail by two unmasked men. Three mail clerks were bound and gagged by the robbers, who entered the car while the train was between Red Bluff and Redding. The robbers, carrying their loot, dropped off and escaped.

The train left San Francisco at 8:30 o'clock Thursday night. When it stopped at Red Bluff, thirty-five miles south of this city, early Friday, mail sacks were thrown out and others taken on. One of the three mail clerks was about to leave the car, when the two bandits moved past him into the car and closed the door. "What's up," exclaimed Charles J. Ryan, a clerk.

"This is a hold up," coolly responded one of the men, covering the clerk with a revolver. The clerks were bound and gagged by the second bandit.

MONDAY, JANUARY 8, 1912.

Winter was sometime coming, but skating is all right in the right time and place. And let us tell you. When you see a respectable citizen of our community coming down the street describing graceful arcs and mayhap take a print of some part of his anatomy in the pavement don't laugh, not outright. This kind of accident may happen to you immediately after.

France and Great Britain don't seem to mind Roosevelt's attacks on the arbitration treaties. Anyhow it seems a little ungrateful of T. R. He evidently forgets how they received him in those countries when he came back from Elba.

The fond parents of a Missouri bride under age have had the bridegroom post a forfeit of \$5,000 to go to the bride in case of a divorce. This sum acting as a vertiable "Sword of Damocles" will surely make the honey melt continually in the young bridegroom's lips. Again Missouri stands for "Show Me".

The dove of peace, Carnegie's pride, has been purloined by the Kaiser. The German emperor is trying to bring Italy and Turkey to a better understanding. It is that William has nothing to do at home, or that the Rikstag won't let him do them?

Rumor has it that a \$30,000 statue is to be erected in New York to the memory of Joan of Arc. This is going to be a great material help to the Bowery Bread Line. Specially as Joan of Arc never did a thing for America.

It would now seem that the Beef Barons should have their portraits hang in public places. They are really "benefactors of humanity." They killed the beef and sold it at ridiculously low prices. Their profit came only from the sale of by-products. If you don't believe it some branch of the government will tell you differently.

No reason for saying that there are bad times. There are more bank notes in circulation just now than ever before. The fact that you or I owned more of them some years ago does not mean anything. Somebody else has them. Yet we can't altogether be consoled by this fact. Happiness as some cannot be contentment for others.

When the Kaiser goes out hunting get ready for a slaughter. He started out the other morning and within four days he had bagged 90 Reynolds. Same costed a price \$30.00 apiece. We are not told what was spent for beaters to bring the foxes around to the foot of the tree in which the German Emperor sat comfortably with rifle cocked up and ready.

A Brave Little Mother.

A teacher friend of mine told me of an incident which occurred in her school that has had a wonderfully cheering effect upon my faith in our present-day mothers, however limited their opportunities may have been. This teacher was visited by one of her patrons who came to the school for the express purpose of thanking the teacher for the interest she was taking with her small boy in his reading and to say that she herself was having her first reading lessons from this same small boy; that they were learning to read together. A mother with such a spirit of courage and ambition means more to her family than we can fully appreciate. It takes three generations to make a gentleman, so it is said, but the world has yet to learn how long it takes to make a mother. The true mother learned long ago, that while her true "sphere" is in her own home, she must draw from the whole wide world, from the world of books and writings, the helps which will enable her to bring that home up to its highest possibilities.—Mrs. F. L. Stevens, in The Progressive Farmer.

There are few counties in the state that can boast of as nice a court house as Pitt. We would be glad if every citizen of Franklin could visit Greenville and go through this building. If so we don't think it would be long before we would have a new county building.—Louisburg Times.

They Come Not Back.

Remember, three things come not back. The arrow sent upon its track—It will not swerve, it will not stay its speed, it flies to wound or slay. The spoken word, so soon forgot. By these, but it has perished not; In other heart 'tis living still. And doing work for good or ill. And the lost opportunity. In vain dost weepst, in vain dost yearn? Those three things will nevermore. Those three will nevermore return.

SALE OF REAL ESTATE.

By virtue of a power of sale contained in a certain mortgage deed, executed by Riley Jenkins to A. B. Beverly on the 1st day of January, 1903, which said mortgage deed is duly recorded in register's office in Pitt county, in book O. 7, page 242. The undersigned, will on Monday, the 22nd day of January, 1912, at 12 o'clock noon, expose to public sale before the court house door in Greenville, to the highest bidder for cash, the following described tract or parcel of land to wit:  
Lying and being in Bethel township, Pitt county, North Carolina, and being the land where Riley Jenkins now lives, and being the same land purchased by the said Riley Jenkins of M. D. Tax Sales.

The attention of persons who bid off land at the sheriff's tax sales last May is called to the provision of law that requires the publication of a notice to the owner in certain cases. In all cases where land has been sold for taxes and the person in whose name the land was listed cannot upon diligent inquiry be found in the county, then the bidder must publish a notice in some newspaper published in the county in which the land is situated, and if no newspaper is published in the county then in some newspaper nearest the county-set of the county in which the lands is situated. This notice must state when he purchased the land, in whose name it was taxed, for what year it was taxed and when the time or redemption will expire.

This notice must be published three times, the first not more than five months and the last time not less than three months before the time of redemption will expire. As the sales were on the first Monday in May 1911, and the time of redemption will expire on the first Monday in May, 1912, there is no time to be lost in advertising the required notice. Persons, therefore, who bid off land at tax sales last May had better give immediate attention, for unless the required

The splitting up of the Standard Oil Company has caused a boom in the printing trade. Checks to the amount of 3 and 4 cents for dividends have been issued by the John D. aggregation. Only he gets it split up into a few hundred checks. That's all.

### MEN'S PRAYER LEAGUE.

#### Small Attendance But an Inspiring Meeting.

The snow and cold caused a small attendance at the meeting of the Men's Prayer league in the Baptist church, Sunday afternoon, but those present felt more than repaid for going. The subject was "Show Thyself Approved" and two of the appointed leaders, Messrs. Ernest Etroud and B. W. Moseley, made splendid talks. Rev. Robert King, of Richmond, was present and also made an inspiring talk to the league, forcefully bringing out the points that study of the Bible, frequent prayer and living Christ before the world are the best means of showing ourselves approved to God.

The meeting next Sunday afternoon will be held in the Methodist church. Subject, "How to Show our Religion." Text, James 1:27. Leaders, Messrs. W. M. Pugh, D. M. Clark and H. B. Smith.

### Carolina Club.

All members are requested earnestly to be present at the monthly meeting taking place tonight. Important matters are to be discussed. Rev. Rock will speak on Improvements for Greenville.

### ACCIDENTS TODAY.

#### Dislocates Hip.

This morning while out in her yard, Mr. Z. M. Whitehurst slipped down on the frozen snow and dislocated one hip. Fortunately no bones were broken, but his injury is very painful.

#### Lady Seriously Hurt.

We learn that the wife of Mr. J. L. Cherry, who lives a few miles from town, slipped down on the snow in her yard this morning and seriously injured her back.

#### Child Breaks Leg.

A child of Mrs. Lillie Smith accidentally broke one of its legs, but we could not learn how the accident occurred.

Words and deed are the making of wise men and the unmaking of fools. The man who has turned his labor into capital soon thinks highly of capital.

You can make most any man thoroughly bad if you only nag him enough about it.

## RULE OF THE KHEDIVÉ.

### Dreamy Egypt Receives Much Benefit From His Rule.

CAIRO, Egypt, Jan. 6.—It will be twenty years tomorrow since Abbas Henry II. succeeded his father on the throne of Egypt, in view of which fact, by the way, it is difficult to understand why most people still persist in speaking of him as the "young" Khedive. Although possessed of little of the power usually associated with the vassal of England, Khedive Abbas possesses ability of a high sort and deserves much credit for his successful efforts to arouse dreamy old Egypt from the lethargy that has enshrouded her for centuries. The Khedive is a busy man and is constantly planning new projects for his country's good. Under his inception the country has made remarkable progress during late years. Railways have been built, fresh canals have been made, and, of still greater importance, great irrigation projects have been completed for the reclamation of vast areas of waste land. The cities as well as the rural districts have progressed. Cairo, Alexandria and other large centers are full of proofs that Egypt is ceasing to be asleep for modern buildings and improvements in the European style are to be seen on all sides.

### AUTOMOBILE SHOW.

#### Automobile Show in New York During the Coming Week.

NEW YORK, Jan. 8.—During the ensuing ten days all "automobiledom" will turn its eyes and steps toward this city. Beginning tonight and continuing through the coming week the Twelfth National Automobile Show is to hold forth in Madison Square Garden. Simultaneously the annual exhibition of the National Association of Automobile Manufacturers is to be held in the new Grand Central Palace. Months, in fact almost a year, have been spent in perfecting plans and making ready for the two shows. The Madison Square Garden is confined to pleasure cars, while both pleasure and commercial vehicles are to be displayed during the week at the Grand Central Palace. The promoters of both enterprises predict that new records for attendance and general success will be established.

### Snow and Sleet.

This is about as bad weather as ever comes to this section of North Carolina. Sunday's sunshine gave hope that the snow would soon disappear, but the rain and sleet with the colder temperature today helps to make the condition worse.

It was a steady man who could keep on his feet today.

Indoors by the stove, and close to it at that, is where everybody wants to stay today.

Robbins are plentiful in and close around town and the hunters are killing many of them.

### Notice to Patrons of Graded School.

I think there are some pupils in school who tell their parents that the school building is not well heated on cold days, and they use this as a pretext for playing out of school. I desire to state that the heating plant is giving better service now than at any time in the past, and that the rooms are generally well heated. No pupil should be allowed to remain out of school on account of heat, as such an excuse does not accord with the facts.

H. B. SMITH, Supt. Schools

### A MEASURE OF MERIT.

#### Greenville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Greenville. Is not the testimony of strangers. But the endorsement of Greenville people.

That's the kind of proof given here. The statement of a Greenville citizen.

Mrs. Jane L. Godwin, 416 Dickinson avenue, Greenville, N. C., says: "I feel justified in recommending Doan's Kidney Pills in return for the benefit I received from their use. For a long time my back ached and I had dizzy spells and headache. The kidney secretions also annoyed me and I had pains through my loins. When I read of Doan's Kidney Pills, I got a box from the John L. Wooten Drug Company, and their use as directed relieved me. I can now rest better at night and my condition has improved in every way."

For sale by all dealers. Price 50 cents. Foster-Milbuhn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

A banquet for Governor Harmon to be held in Milwaukee on January 15 will be one of the largest Democratic functions of recent years, according to A. A. Allen, who is managing the Harmon campaign in Wisconsin.

Prof. Jno. B. Carroll, critic.

The query for Friday night, January 12th, is "Resolved That The South Will Gain Greater National Influence Within the Next Half Century than the North." Both sides are ably represented by the older members, and we are looking forward to a god debate at the beginning of the term.

### SAGE TEA WILL DARKEN HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by Moye's Pharmacy.

According to the preliminary report of the census bureau, the average wages of men employed in the manufacture of explosives in this country only reaches \$88 a man a year.

The announcement that Mr. Lorimer was to take the witness chair and testify in his own defense attracted a large audience that included many persons prominent in public life. The Stewarts of The Grand Circuit Meet.

NEW YORK, Jan. 8.—When the stewards of the Grand Circuit get together at the Waldorf-Astoria tomorrow for their annual meeting several important matters will come up in the forming of the major racing circuit for the light harness horse season of 1912. At least two applications from new clubs will be received, the Columbus matter will be threshed out and several other important subjects will be discussed.

Columbus will be welcomed back to the fold and Lexington probably will be taken in which means that there will be no clashes over dates this year. Indianapolis and Goshen, which were included in the circuit last year, will be dropped. Pittsburg which has not had professional racing in more than a quarter of a century would like to see the grand circuit fliters at Brunot's Island next fall. The stewards seem to think well of the proposal and it is regarded as highly probable that Pittsburg may be taken in. Salem, N. H., which has been in Rockingham park one of the finest racing plants in the country, also is expected to apply for membership.

but as the racing game has not prospered in New England lately as in former years it is doubtful if Salem is allotted dates. Of course Kalamazoo, Grand Rapids, the Detroit State Fair Association, North Randall, Fort Erie, Syracuse, Readville and Hartford will remain as solid as ever and meeting at about the same time as last year will be held. Kalamazoo probably will be selected to open the circuit, with Grand Rapids, Detroit and Randall following in the order named.

**A Hero In A Lighthouse.**

For years J. S. Donahus, So. Haven, Mich., a civil war captain, as a lighthousekeeper, averted awful wrecks but a queer fact is, he might have been a wreck, himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so close for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50c at all druggists.
