PRESIDENT TAFT IN UNDERSTANDING WITH ROOSEVELT

Rumor That Roosevelt and Taft Are in Pact

PRESIDENT WOULD STAND ASIDE

When Roosevelt is Questioned Says He Would Not be Candidate Unless People Would Clearly Show Preference for Him—Perfect Agreement as to Chicago Republican Convention in June.

NEW YORK, Jan. 11.—The Herald tomorrow, in a dispatch from Oyster Bay, will say:

Close friends of Col. Roosevelt here are sponsors for a story which became current tonight to the effect that the colonel and President Taft have a perfect working agreement so far as the Republican national convention at Chicago in June is concerned, and that each is vastly amused at the fuss that is being raised by partisans who are not in the secret.

The story runs that the president sent a letter to Col. Roosevelt some weeks ago, stating that he did not care to run for the presidency again, and that he was willing to step aside if Col. Roosevelt would come out in the open and announce himself as a candidate.

Col. Roosevelt is reported to have replied that he had never had any intention of standing in the president's way, and that he would not do so unless the people clearly showed that they preferred him to the present chief executive. In this event, Col. Roosevelt is reported to have written, he certainly would accept.

ANDREW CARNEGIE BEAT ROCKEFELLER

Iron Master Rejoices At Victory Over John D.

AMUSING WITNESS AT INVESTIGATION

Aged Iron Master Says it Did His Heart Good to Get Ahead of Standard Oil Magnate—Got \$420,000,000 For His Company.

It does my heart good to think that I got ahead of John D. Rockefeller, my fellow millionaire, in that Lake Superior ore deal."

Andrew Carnegie, former ruler of the steel industry of the United States, gloated thus in testifying yesterday before the house committee of inquiry into the United States Steel Corporation. Mr. Carnegie had just told the committee about his deal with Mr. Rockefeller, whereby he obtained control of Mr. Rockefeller's iron ore holdings in the Lake Superior region at a rate of 15 cents a ton, holdings which when turned into the steel corporation later formed a large part of the assets, valued at \$700,000,000.

Mr. Carnegie laughed as he referred to the business triumph he had achieved over his "fellow millionaire." As he spoke of Mr. Rockefeller he took the committee into his confidence, and told of a New Year's call he and Mrs. Carnegie had made on the oil magnate and Mrs. Rockefeller.

"We had an enjoyable chat, but in our conversation I never referred to that ore purchase," said Mr. Carnegie and he chuckled, while his auditors enjoyed the laugh with him.

Throughout the inquiry, to be continued today, Mr. Carnegie declared he had come to tell all he knew, but he was unable to supply many facts which the committee desired, stating that he had never paid any attention to the books of the Carnegie company before its absorption by the steel corporation.

The Pitt County Branch of the Farmers' Union will hold its monthly meeting here tomorrow and Hon. J. Bryan Grimes will address them.

AMERICAN TROOPS START FOR CHINA FROM PHILIPPINES

Transport Logan Sails With About 500 Soldiers

BARRACKS READY ALONG R. R. LINE

American Officers Returns to Peking After Inspecting Part of Imperial Railroad—At Present British Troops Are Guarding Territory to be Guarded by American Soldiers Coming From Philippine Islands.

Manila, Jan. 11.—Maj. Gen. J. Franklin Bell, commanding the Philippines division, hopes to dispatch the transport Logan at noon Thursday for China with the first battalion of the Fifteenth infantry. The troops numbering about 500 men, will board the Logan tomorrow morning, but there is a great deal of work to be done prior to sailing it is more than probable that the departure may be delayed until evening.

The scene today at the transport dock was of the liveliest character. An abundance of supplies, including guns and ammunition, was taken aboard. Stalls were built for the horses, and Maxims were stored in the hold. Work proceeded throughout the night.

Capt. Laurence C. Brown, of the quartermaster's department, and Maj. Curg. Alexander N. Stark, of the medical corps, spent the entire day and night in preparing supplies for the campaign in China.

Inspect American Section.

PEKIN, Jan. 10.—Capt. J. H. Reeves, military attaché of the American legation at Peking, and Capt. Thomas Holcomb, Jr., a special attaché, have returned here after inspecting the section of the imperial Chinese railway between Tangshan and Lanchow where American troops will guard. They say it will not be necessary for the Americans to go into camp. British troops, which are guarding the American section in addition to their own, are occupying the railway buildings at barracks. At three stations barracks were built by the Indian troops in 1900.

FRENCH CABINET SUDDENLY FALLS

Premier Cannot Find Suitable Man For Navy Portfolio

MOROCCAN AFFAIRS CAUSE FALL

Foreign Minister Refuses to Stand by Premier in Moroccan Crises and Causes Downfall of Cabinet—Two Candidates for Foreign Minister Offered.

PARIS, Jan. 11.—The downfall of the Caillaux cabinet came suddenly tonight. That the ministry would be overthrown in the chamber of deputies in the next few days was the general belief, but announcement of the resignation of the ministry tonight caused considerable surprise. It was logically due, however, owing to the failure of Premier Caillaux to obtain timber to complete a political combination which was practically confronted with the resignation last night of the foreign minister, Justin de Seles, which followed a dramatic scene at a meeting of the senate committee, when M. de Seles declined to back up the premier in his statement regarding recent negotiations between Germany and France, resulted in immediate dissensions in the cabinet.

Theophile Delcasse, minister of marine, accepted the portfolio of minister of foreign affairs, but M. Millerand, former minister of public works; Admiral Germinet, and Pierre Baudin, to whom the marine portfolio was successively offered, declined. M. Millerand said that he would take only the foreign office; Admiral Germinet pleaded that he knew nothing about politics, and M. Baudin declined "on the advice of friends."

NEWS THROUGHOUT THE NORTH STATE

North Carolina News : : : In Brief

RALEIGH.—The Corporation commission issued statement of aggregate resources and liabilities of state, private and savings banks in North Carolina at the close of business December 5. It shows a gain of \$6,259,629 in the banking resources of these banks, of which there are 349 in the state, with 14 branch banks. The total resources aggregate \$68,166,551 previously. The total capital stock is \$9,527,030, a gain of \$610,696 for the year. Deposits for the year—have rounded up \$49,897,158, a gain of \$6,868,212 for the year. The savings deposits amount to \$9,881,112 a gain of \$3,507,093, and deposits subject to check aggregate \$28,016,749, a gain of \$836,000.

Restaurant Licenses.

Durham.—The People's Restaurant a Greek eating house on Parrish street, has been closed by the police because a man was found drinking whiskey in it. The license granted to proprietors of restaurants in this city provides that public drinking of whiskey or intoxicating liquors shall be prohibited, and the case against the Greeks is one in strict violation of these license. If the place is opened again a new permit will have to be granted.

Bids for the construction of two large new buildings at the University of North Carolina were opened here yesterday in the office of John Sprunt Hill by two committee of prominent citizens of the state, appointed to arrange for the erection of the buildings. The contracts were not awarded for the reason that the bids submitted were far larger amounts than that which had been appropriated by the legislature. Changes will be made in the plans so as to lessen the costs and new bids will be called for at an early date.

John Ross Convicted.

Shelby.—John Ross was convicted of murder in the first degree in connection with the killing of Mr. and Mrs. John Dixon, of this county, on December 13th last, this morning after the jury had been out only 50

minutes, and Judge J. L. Webb, who is presiding over the special term of court, will sentence to the electric chair, the sentence to be passed when Frank Gladden, the white man implicated in Ross's confession is tried. The sensation was sprung yesterday afternoon when Sheriff Wilkins told of the volutary confession John Ross had made in jail Monday morning, when he said, "I killed Mr. Dixon and Frank killed Mrs. Dixon." Ross was perfectly calm and unconcerned when the verdict was returned.

Gladden was brought to court and arraigned just before the noon adjournment. A special venire of 50 men has been summoned and the taking of testimony will begin tomorrow morning. Ross will be the principal witness against Gladden.

Gladden is a tall white man about 30 years old with worn face and a bad reputation. He had been painting the Dixon home and knew of \$800 Mr. Dixon was to get, so it is said the motive for the murder was robbery. Will Ross and Clifton Hyle were dismissed. The state had no evidence.

Shoots Wife Accidentally.

Dunn.—News reached town today that Mr. J. A. Massengill, brother of our townsman, Mr. P. T. Massengill, accidentally shot his wife in a very peculiar manner a few days ago. It seems that Mr. Massengill and his wife were on the way down to a neighbor's house, Mrs. Massengill being several hundred yards ahead, when Mr. Massengill stopped to shoot at some birds with his rifle which he had with him. After he fired he heard his wife scream and went to her aid immediately. She told him that she was suffering with a stinging pain in her neck and did not know what was the matter as she had not heard the gun fire. He examined her neck and found that the bullet in some manner had glanced and struck his wife, breaking the collar bone and inflicting a rather serious wound.

Meeting of Superintendents Going On At Training School

Mr. Harold Barnes Delivers Entertaining Lecture At Auditorium Thursday Night

MATTER OF EDUCATIONAL IMPORTANCE HEARD

Continuing the series of meetings of the Association of County Superintendents at the Training school, Mr. Harold Barnes, of Girard College, Philadelphia, delivered Thursday night at the school auditorium his second lecture.

The lecture was preceded by Schubert's serenade and two other songs beautifully sang by the young ladies attending school. Immediately after the singing Mr. J. Y. Joyner, state superintendent of schools introduced Mr. Barnes to the audience, many town people being in evidence. Mr. Barnes lectured Thursday night on "The Region of Hoop-pole County" otherwise Southern Indiana. He explained that there was a great similarity between that part of his native state and our own North Carolina. An amusing definition of the terms "Hoosier and Hoop-hole Region" served the lecturer as an introduction to his subject. A historical sketch of his native state constituting the main part of his lecture. In fact Southern Indiana came all the way to Greenville and ably represented by one of its sons made a most favorable impression on us. Mr. Barnes explained why Southern Indiana had a right to an important position in the educational world, mentioning that many notable characters in the advanced circle of letters hail from the Hoop-hole Region. During his lecture Mr. Barnes had occasion to recommend the

"Hoosier Schoolmaster" to his audience, and to emphasize his point he delightfully read a few pages from Eccleston's "Classic" most amusingly impersonating some of the characters taken by the author from the Hoop-hole Region. He reminded us that the greatest American, Abraham Lincoln was developed and inspired in Southern Indiana, and in giving interpretation-recitals of some character poetry, proved himself a delightful entertainer and mimic. A historical fact of the greatest importance in classifying dates of the educational progress in this country, was brought out by Mr. Barnes, i. e.; First kindergarten, industrial and manual schools to be established in this country, found their home in Southern Indiana back in 1826. Altogether Thursday night's lecture was delightfully entertaining and instructive and by the attention paid the lecturer and the repeated applause when his lecture was concluded, we know that everybody present was glad to be there.

Banquet to Visitors.

Directly after the lecture the school superintendents met with President Ragsdale, at whose head he has been since the association was organized. On adjournment of this meeting the visiting superintendents and teachers were given a banquet by the young ladies attending the Training school.

EQUITABLE VAULTS SAVE TREASURES DEFY ANGRY FLAMES

Safety Deposits Successfully Defend Fortunes

PART OF TREASURES IS RECOVERED

Over Fifty Millions Has Already Been Recovered from the Vaults Left Intact After Fire Which Consumed Building—Perhaps Two Weeks Will Elapse Before Big Safes Are Made to Yield Contents.

NEW YORK, Jan. 11.—More than \$50,000,000 in stocks and bonds was recovered from one of the smaller vaults in the burnt Equitable Life Assurance Society building late today, but it will probably be a week—perhaps longer—before the great vaults of the society and the Mercantile Safe Deposit Company give up their half billion or more in securities. Further examination of the gaunt ice-shrouded building, swept on Tuesday by fire, showed more conclusively this afternoon that the vaults are still intact.

In the opinion of those who made the inspection—an opinion reinforced by the revelation today that the smaller vaults had kept their treasure safe—their contents will suffer little, if at all. But buried as they are under hundreds of tons of ice and debris, it may be a matter of weeks before it will be advisable to open them.

Meanwhile securities variously estimated in value from \$500,000,000 to \$1,500,000,000 cannot be reached. Special guards have been thrown about the building, and day and night they will keep watch to see that no unauthorized persons enter it.

The smaller vaults of the Mercantile Trust Company were the ones reached this afternoon. As soon as it was seen they could be netted 50 clerks were dispatched from the Bankers' Trust Company, a few blacks away, to transfer the securities. Between \$50,000,000 and \$70,000,000 in stocks and bonds was removed. The Bankers' Trust Company owns the Mercantile Trust.

VIRGINIA LAWMAKERS MEET IN RICHMOND

At Session's Opening Economy Is The Keynote

63 NEW MEMBERS IN THE HOUSE

Early Saloon Closing and Prohibition of Liquor Shipment to Dry Territories Urged by Gov. Mann—Bill to Regulate Primaries Advised.

RICHMOND, Jan. 11.—That economy and retrenchment will be the rule in the senate of Virginia was manifested in the opening of that body today when a motion to employ an additional page at \$3 per day was voted down.

The Rev. J. W. Yung, D. D., offered prayer, after which the roll was called and members were sworn in. Lieut. Gov. J. Taylor Elyson presided.

During the brief two-hour session 23 bills were introduced, covering finances, pure food, change of code, to prevent untrue and deceptive advertising, to regulate primary election expenses, and to require civic training in the public schools.

The senate floor rules prohibit any one granted floor privileges from attempting to influence or direct legislation in any way.

The proceedings in the house attracted the large gallery attendance, many ladies being present.

The Rev. James Y. Fair, D. D., offered prayer. Sixty-three new members responded to their names, but three absentees being noted at roll call.

TAFT LIKELY TO GET PETITION FROM MACHINISTS

Naval Employees At Odds With Heads Of Department

WAGE INCREASE DELAY THE CAUSE

Skilled Laborers of Navy Yard Decline to Appeal to Chief Executive at Big Union Meeting—Not to Strike Unless Every Other Means Has Been Exhausted, Says President Carroll.

Eighteen hundred machinists of the Washington navy yard, their demands for increased pay unanswered, will appeal directly to President Taft today, unless a definite agreement is decided upon in their favor.

This decision was reached last night, at a big meeting of navy yard machinists at their headquarters, Pennsylvania avenue and Fourth street southeast. Much impatience was evinced over the failure of the navy department to reply to the request of an increase in wages.

A definite answer has been promised the men today by the representatives of the department who have the matter in charge. They are Admiral A. B. Willits, director of navy yards; Capt. Beatty, and Assistant Secretary Winthrop. Many of the machinists said last night that the delay is unreasonable, and, after calling vehemently on one of the sub-committees of the union for information relative to the status of the negotiations, some fled out of the room in anger.

PATRICIDE CAPTURED AFTER HARD BATTLE

Kills And Wounds Deputies Before Surrendering

MILITIAMEN ARE CALLED OUT

Negro Kills Father, Fortifies House and Resists Attempt of Poses to Take Him—Officer Killed, Three Men and a Sheriff Wounded.

ROCHESTER, N. Y., Jan. 10.—William Twiman, a negro, considered insane, murdered his father, Turner Twiman, at their home in Scottdale, a little village near Rochester, this morning, shot dead a deputy sheriff, severely wounded three other deputies, and slightly injured Sheriff Harley Hamil, the leader of a posse of more than 100 persons, who endeavored to enter the Twiman house, in which he had barricaded himself.

Twiman held the besiegers at bay for six hours, until 4 p. m., when a pounder, hurried to the scene from the local armory with a squad of naval militia and national guardsmen arrived on the spot.

Sheriff Hamil then sent an ultimatum into the negro's fort by John A. Alexander, a negro farmer of Scottdale, with whom Twiman has always been friendly, that if the desperado would surrender he would be protected from violence, but that if he persisted in defying the officers the house would be shot to pieces.

The message decided the negro promptly, and he walked out of the house, holding his hands above his head. Officers placed him in an automobile and hurried him to the county jail here.

Twiman has been feared by the Scottdale folk for some time, because at times he has appeared irresponsible. He is an excellent shot, having developed great skill as a hunter and it was due to this that the posse feared to approach the barricaded house when they discovered that he had killed his father.

Meetings of the utmost importance to our county have been taken place at the Training school these few past days, and strange to say although the people of Greenville were being cordially invited to attend lecturers of the most pleasing and educational nature, the people of Greenville, in a great majority, have seen fit to stay away. Why this should be is more than we are able to explain. Here we are in a town with vast resources. With business men of undoubted capacity. With schools that would do credit to many other towns of three times the population of ours, and when it comes to discussing educational points these good people of Greenville become prominent by their absence. Perhaps their silence means consent to whatever is being done at the Training school, but we are sure that the educators showing such interest for our county would have been a great deal more pleased if the attendance of town people had been as large as the importance of the subject called for. And it can't be claimed that the meetings were dry, or of no interest to the layman. Nothing of the kind. The night lectures especially were of a nature that was calculated to appeal to anyone who had any pride in his state or country. Lecturers of such nature that not to have heard them means a great loss. It is indeed to be pitted that the people of Greenville do not see fit to take more interest in the education of our boys and girls. In the up-bringing of the coming county generation.

SUPERINTENDENTS MEET

(Continued From 1st Page.)

Today's Proceedings.

The high school principals met this morning at the Training school with Prof. N. W. Walker, of Chapel Hill presiding and Mr. J. Y. Joyner addressed them in the question of the importance of higher education for the boys and girls of our county. Mr. Joyner discussed all matters in connection with the work of high school principals and urged that preaching the gospel of higher education is the uppermost duty of the high school principals and mentioned the different factors that go to make their preachings successful. Such as, interesting the county papers, promoting local exhibits of worked performed by students etc.

Enlarging Quarters.

Mr. B. F. McLemore has enlarged his pressing club quarters. The partition between his place and the one used as a shoe shop has been removed and both rooms thrown into one.

FARMERS' INSTITUTE.

Four Will Be Held in Pitt County.

Editor Reflector:-

I am advised by Mr. T. B. Parker, director of institutes, that Farmers' Institutes will be held in Pitt county as follows:

Grimesland, Wed., January 31st.
Bethel, Sat., February 3rd.
Ayden, Mn., February 12th.
Farmville, Tues., February 13th.

I sincerely hope that the farmers of Pitt county may find it convenient to attend these meetings. Valuable information and instruction will be imparted, and I am sure every farmer who attends with an open mind will be benefitted.

A LIBERAL OFFER.

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal note. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can get Rexall Remedies only at store - The Rexall Store, Moye's Pharmacy, Greenville, N. C.

But if a man thinks he knows all that is worth knowing, he doesn't.

Just because a man sells soap it does not follow that he has strangled himself from thirst for ever. But what it not so logical is that, why should a colored gentleman have prospects of a forced holiday making little ones out of big ones just because the soap man thought like the popular songster viz. "What's the use of water when you are dry, dry, dry." However illogical this may seem, that's just the way it goes in a state where the dries had it all over the wets when it came to majority.

Before Mayor Wooten this morning P. S. Williams colored was given a preliminary trial on the charge of selling wet goods in dry territory. Policeman Clark had done some shuffling on the discharge of his duties and Thursday night he had confiscated from Otis Smith's hip pocket two half pints of liquor which the "Doc" (familiar name for Williams) had just given him for the small consideration of "fo' bits." In consequence of this business transaction Mr. Williams was required to put up \$200 bond as good faith for his appearance before the criminal court which will hold withus next week. Mr. Smith, in the soap business, gentlemanly explained that he had much rather not say anything about the affair, but Mayor Wooten insisted and the exchange of the 50 cent piece for the liquor was admitted. But for this unfortunate incident Mr. Williams would no doubt have had things easier. And—it was Riverside.

EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Stop it in the Sneezing Stage—Use Ely's Cream Balm.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surface.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectively check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the rottenness, but heals and strengthens the weakened and diseased membranes, thus ending catarrh for all time.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist today; or, if your case requires spraying of the nose, throat or ears, call for Ely's (Liquid) Cream Balm.

STALK CUTTER

The Parlin & Orendorf Co., Canton, Ill., made the first Stalk Cutter ever built, over 50 years ago; today they are building the best Stalk Cutter on the market

You need weight in a Stalk Cutter to do good work. You get it in this one—and with weight you get strength. The P. & O. is practically indestructible. Beware of light, flimsy stalk cutters—you will rue the day you buy one. This one will last a life-time. What do the manufacturers themselves think of it? "Back it up with an unqualified guarantee." That is putting it pretty strong—what more can you ask?

EXCURSIONISTS COMING TO GREENVILLE

MUST BE ATTENDED TO

"Our Greenville Yours if Your Come" Must be Upheld.

Norfolk, Va., Dec. 29, 1911.
Mr. F. M. Wooten,
Greenville, N. C.

Dear Sir: With this we hand you three copies, descriptive of our January excursion. You will note the only difference in the three papers is at the top of the second page, where the description of the assembling is made to fit the Ohio field, the Pittsburg Land Show and the New York Land Show.

You will note this next excursion will come from the three districts, join together at Norfolk and go South over the Norfolk Southern on Thursday morning.

Our excursion train, as you see, is due to leave Washington for Greenville at about 5:00 p. m., and the paragraph on program we have printed will give you an idea of how to arrange for it.

You will notice that Greenville will have the excursion over night and until about 11:00 a. m., the following day.

At Kinston they worked a very nice plan by holding a mass meeting of the people in the court house in the evening, short talks by home people, as well as the excursionists, music, etc., after which the reception committee took the excursionists to an oyster roast and an impromptu social affair.

Your people can work up something in your own way that will show Greenville hospitality and get them acquainted with your citizens and business people.

For Saturday forenoon I would plan

to get them out in the country as early as possible, by automobiles if you can, and thus show them over your country, as much as can be seen in a few hour's time. Do not let any real estate dealers annoy the excursionists, but make it a demonstration of your good things by good people and not have any attempt to sell any individual property. Show your country and community, your best conditions and when you once get people interested they will afterward ask to buy and on the return trip they can be shown special properties that would interest them.

Will be glad to hear from you and will aid you with all further information possible.

With these suggestions we leave the whole matter with you, with the statement only that we will have you notified in advance of the exact number that will be in the actual excursion party. Other local people who may be along with the excursionists must look out for themselves.

Yours truly,
B. E. RICE,
Land and Industrial Department.

The importance of the above letter is easily seen. Plans should be made immediately for entertaining these gentlemen while in Greenville and a meeting of the citizens should be held and a complete programme arranged for carrying into effect the entertainment.

F. M. WOOTEN.

What the World is Doing—Told by Wire

Miners' Strike Threatened in Great Britain.

LONDON, Jan. 12.—The balloting by the Miners' Federation of Great Britain to determine whether or not the organization shall stand firm in its present dispute with the mine owners concluded today. The votes of the members, numbering between 600,000 and 700,000 will be forwarded to the general secretary and the result of the election will be made known at the national conference which is to assemble in Birmingham next Thursday.

Though hopes are still expressed that the threatened strike may be averted, there is no denying the fact that the outlook is causing much uneasiness. Two months remain to the peacemakers, as the present agreement between the miners and operators will not terminate until the end of February.

The question of a minimum wage is the bone of contention. The miners appear to be determined in their demand that such a clause shall be incorporated in the next agreement. The great majority of the mine owners, on the other hand, are strongly opposed to it, and they argue that the granting of the men's demands would lead at once to the closing of many collieries which are at present being worked on a small margin of profit.

After Golf Tournaments.

PHILADELPHIA, Pa., Jan. 12.—The controlling powers in American golf affairs are gathering in the Quaker City in anticipation of the annual meeting of the United States Golf Association which is to be held tomorrow at the Bellevue-Stratford Hotel. Public interest in the meeting will be confined almost wholly to the selection of the courses for the championship tournaments for 1912. The Chicago Golf Club, the Cincinnati Golf Club, the Country Club of Buffalo and the Essex county Club of Manchester, Mass., have applied for the amateur championship event. The Essex county club of Manchester, Mass., have championship also, while the woman's title to play is sought by both the Buffalo and Essex clubs. The Nausau County Club of Glen Cove, N. Y., is willing to entertain any of the events should the association desire to use its course.

Meeting of Merino Breeders.

COLUMBUS, O., Jan. 12.—Sheep breeders from a number of states attended the sixth annual meeting here today of the American and Delaine Merino Record Association. President R. D. Williamson of Xenia, O., presided at the initial session this morning and delivered his annual address.

Philadelphia Automobile Show.

PHILADELPHIA, Pa., Jan. 12.—Motoring celebrities from all parts of the country have arrived in this city as the advance guard of the army of makers, factory experts and demonstrators to co-operate in the eleventh annual exhibition of the Philadelphia Automobile Trade Association which is to open to the public tomorrow in the First and Third Regiment armories. The early arrivals included several manufacturers of motor cycles and accessories in addition to the heads of the big plants engaged in the exclusive production of pleasure and commercial vehicles. The show this year is to be a two-weeks' session. The first week is to be devoted exclusively to gasoline cars. The electric vehicles will have their inning in the second week.

Wanted—A Bright Argonomist.

WASHINGTON, D. C., Jan. 12.—The United States is in need of a capable argonomist. Anyone filling the bill may take the civil service examination tomorrow and if successful will be placed on Uncle Sam's pay roll for \$2,400 a year. The duties of the position will consist in conducting experiments in the adaptation and breeding of varieties of oats and in studying the methods of cultivation, harvesting and threshing of this grain and its use as a cereal. Such investigations involve much traveling during the growing season with laboratory work during the winter at Washington. The position comes under the Bureau of Plant Industry in the Department of Agriculture.

Harmon Opens Campaign.

EAST ST. LOUIS, Ill., Jan. 12.—Governor Judson Harmon of Ohio arrived here today to deliver the first speech in his campaign for the Democratic presidential nomination in Illinois. The address is to be delivered at a mass meeting arranged by the St. Clair county Democratic Club.

Coast Lumber Shippers Meet.

SEATTLE, Wash., Jan. 12.—The Pacific Coast Shippers' Association held its annual meeting in this city today with an attendance of prominent lumbermen from Oregon, Washington, California and British Columbia.

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wythe's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wythe devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wythe's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Public Sale of Valuable Real Estate

Not having sold the piece of land that I have advertised, located near the East Carolina Teachers Training school, and containing about thirty acres, I will sell this piece of property at a public sale to the highest bidder on Friday, January 19, at 2 o'clock at the court house door. It is very valuable for residence or farming purposes, and situated about one-half mile from Pitt county court house. I can be found at the store of F. V. Johnston, and will give any information desired concerning same.

J. B. JOHNSTON.

It is said Sharley Schmidt, the Detroit catcher, will control the Fort Smith, Kan., club, and Bill Shipley, the old Washington player, will take the Springfield franchise in the new Tri-State league.
