BANKER MORSE IS SET FREE BY PRESIDENT

His Serious Condition Accounts For Presidential Mercy

RELEASE AND PARDON BY WIRE

Convicted Ex-Banker is so Ill That He May Not be Moved From Hospital at Fort McPherson For Another Two Weeks—Wickersham and Army Surgeon Plead for Morse

WASHINGTON, D. C., Jan. 19.—Charles W. W. Morse, former New York banker and ice king, convicted of misappropriating the funds of institutions with which he was connected, now is a free man.

President Taft last night commuted to expire immediately the fifteen-year sentence for violation of the national banking laws, under which he served two years in the federal penitentiary at Atlanta, Ga. The commutation of sentence, which gives Morse his complete freedom, but which unlike a pardon, does not restore his civil rights, was granted upon recommendation of Attorney General Wickersham and Surgeon General Torney.

According to the surgeon general's report to the president on his condition, Morse could not live one month longer in confinement, and even at liberty probably would not live six months.

The white house statement granting freedom to Morse follows:

"The president this afternoon commuted the sentence of Charles W. Morse to expire at once. This action was taken upon the recommendation of the Attorney General, based upon the following report of Surgeon General Torney:

"A careful review of these reports makes it clear to my mind that he is suffering from a combination of diseases, due to degenerative changes which are incurable and progressive. The report shows that both the condition of the kidneys and the heart are growing worse."

W. VA. GOVERNOR FOR COL. ROOSEVELT

Glasscock Wants Roosevelt to Be In Presidential Race

LIKES TAFT, BUT NOT AS PRESIDENT

Expresses Good Feeling Towards Taft But Believes that Republican Party Would Accomplish More by Nominating the Former President—Believes T. R. Will Accept.

CHARLESTON, W. Va., Jan. 19.—Gov. William E. Glasscock of West Virginia issued a statement tonight in which he declares that a careful canvass of the political situation in West Virginia has convinced him that the people of the state are overwhelmingly for Col. Theodore Roosevelt for the Republican presidential nomination and he calls upon the people to elect delegates to the Chicago national convention who will vote for his nomination.

Gov. Glasscock says, in part: "I believe it is generally understood that I have a very kindly feeling for President Taft, but a careful canvass of the situation has thoroughly convinced me that an overwhelming majority of the Republicans of West Virginia are for Roosevelt.

"I am certain Roosevelt will not seek the nomination, or work for it in any way, directly or indirectly, and I believe he would not accept it if it came as the result of intrigue for his personal benefit. But, if it comes to him as the result of a genuine popular movement because the people want him to do a job for the people as a whole, because the people as a whole believe that he is the best man to do that job, then I am sure he will accept.

WATTERSON HURTS GOVERNOR WILSON'S PRESIDENTIAL BOOM

Campaign Managers Throughout the Country in Fear

NO REPLY FROM WOODROW WILSON

Leaders of Democracy in Wisconsin Split—Some Remain for Wilson—Senator Newlands of Nevada, Retires in Favor of New Jersey Governor—Democratic Party Astr.

NEW YORK, Jan. 19.—The New York Herald says today, in part: Col. Henry Watterson's stinging statement saying that in Gov. Woodrow Wilson he had found a "school-master, rather than a statesman," has proved the sensation of the Democratic campaign for the presidential nomination.

Temporarily it stunned the men who are behind the Wilson boom. For the present at least it has caused a partial collapse of the Wilson movement in many sections of the country. In Nebraska, where there had been a strong Wilson propaganda, the Democratic state chairman in issuing a call for a special state committee meeting to discuss presidential candidates prefaced his call with the declaration:

"Realizing that the statement of Col. Watterson, and Col. Harvey have made the nomination and election of Gov. Wilson an impossibility," etc.

From all quarters of the country came dispatches stating that the Wilson managers were greatly upset and were unable to estimate just how much damage would be done to the Wilson movement, or whether it would quickly rally from its temporary quiescence. Gov. Wilson, in Detroit, declined to reply to the statement further than to say: "Col. Watterson is a nice old gentleman, but I have no reply to make him, not just now."

Friends of Gov. Wilson took an optimistic view of the situation. They said that Col. Watterson is a good man to have behind you when you are seeking a Democratic presidential nomination, but they added that Gov. Wilson will easily survive the attack and ride to victory without Watterson.

CHINESE CAPITAL IN FEAR OF RIOTS

Foreign Representatives Getting Ready For Rebels

MANCHUS THREATEN TO MASSACRE

CHINESE CAPITAL Princes and Empress Dowager Are to Discuss the Matter of Abdication—Premier Yuan is Accused of Disloyalty to Manchu House—Premier May Become Dictator.

PEKIN, Jan. 19.—The foreign legations are preparing for trouble in Pekin tomorrow. The question of the abdication of the throne will be discussed by the empress dowager, and the princes, but it is not thought that premier Yuan Shi Kai will take part in the conference.

It has been long expected that the Manchu irreconcilables would unite in a massacre when all hope for the administration had vanished. A placard posted tonight indicates that the Manchu threats may be fulfilled. It calls upon all loyal Manchus and Chinese to resist the abdication of the emperor to the death.

The street near the office of the Chinese foreign board, at which Yuan Shi Kai resides, is heavily guarded by the premier's own men, of whom it is said there are 3,500. Many Chinese who have not yet deserted the city are preparing for fight tomorrow, and prominent followers of Yuan are taking refuge outside their own homes tonight, hoping that in event of a massacre they will not be found.

HOMESEEKERS WERE ROYALLY WELCOMED

Very Brilliant Speeches At The Court House By Prominent Men

EX-OHIOIAN TALKS TO ATTENTIVE VISITORS

The special Norfolk Southern train with the excursion party of northern and western prospectors, reached Greenville about 6 o'clock Friday evening. A large number of citizens met the visitors at the station and they were taken to East Carolina Teachers Training school for supper, and that they might while there see this splendid educational institution.

In the party were: Mr. and Mrs. Henry Mahlen, Messrs. Oscar Heyl and Fred H. Stover (the latter a deaf mute but a very interesting man) of New York city; Mr. S. J. Merriman, Grovesville, N. Y.; Mr. H. D. Gould, Middletown, N. Y.; Mr. Robert Taylor, Crafton, Pa.; Messrs. A. A. Relchert and J. N. Courad, Partersville, Pa.; Messrs. C. H. Armitage and J. W. Clay, Attica, O.; Messrs. Charles McKendry and William McKendry, South Solon, O.; Messrs. Charles F. Yost, Jr., and W. H. Auspoch, Thornville, O.; Mr. Roy Billingsley, Covington, O.; Mr. H. C. Peters, Millersburg, O.; Mr. T. H. Trisler, Columbus, O.; Mr. W. M. Jackson, Greilton, O.; Mr. J. E. Carpenter, Bell Volley, O.; Mr. M. E. Schack, Canal Winchester, O.; Mr. C. L. Clark, Norfolk, Va.; Mr. W. H. Darin, Clover, Va.; Mr. J. B. McComb, Richmond, Va.; Mr. L. G. Roper, Norfolk, Va.; Mr. W. W. Croxton, general passenger agent and Mr. B. E. Rice, land and industrial agent of the Norfolk Southern railroad.

Leaving the Training school the visitors came to the court house at 8:30 o'clock where a large number of citizens had gathered to welcome them.

Mayor F. M. Wooten, in the name of the town of Greenville and Pitt

county welcomed the visitors in an address in which predominated the hospitable spirit that is ours. Following Mayor Wooten's welcome Prof. Ragsdale, superintendent of schools for Pitt county was called upon by the mayor to tell the visitors as to what educational facilities Pitt county had to offer. This Prof. Ragsdale did in a manner that must have gone a long way to show our visitors that education in our county has grown by leaps and bounds in the last few years and that we have today school facilities and possibilities second to none. Prof. Ragsdale forcefully explained that what Pitt county needs, and needs badly is rural population in order to have the necessary teaching staff. He told that where we have today one teacher in a rural school we would have two, were the rural population in proportion to what our land can well support. And this increase of teaching staff would not only mean an equal increase in teaching facilities but would really increase them quadruple.

Dr. Langhinghouse was then introduced to the visitors as one of the seven men who compose the Board of Health of North Carolina. He read a most interesting account of the progress made commercially by the south since the conclusion of the Civil war. He read in figures what the south means to the whole union and the amazingly large totals he quoted as being part of the developed and undeveloped resources of the south created quite an impression on his audience. In concluding his address, Dr. Daughinghouse explained that what the south means (Continued on Third Page).

NEWS THROUGHOUT THE NORTH STATE

North Carolina News : : : In Brief

Elizabeth City Goes Dark. ELIZABETH CITY, Jan. 19.—Fire tonight practically destroyed part of the plant of the Elizabeth City Electric Light and Power Company, entailing a loss of perhaps \$25,000 and putting the city in darkness for a week or more. The fire originated in the engine room, being greatly hastened by shavings. The fire was still raging when the telegraph office closed.

Cotton Steamer Started in Fair Weather. BEAUFORT, Jan. 19.—The British steamer Trebia from Savannah for Bremen, with a cargo of cotton, stranded on Cape Lookout shoals, in fine weather and smooth sea. A wrecking tug is standing by and if the weather continues good the ship will be saved.

Blind Tiger Fined \$100. HENDERSON, Jan. 19.—Zeb Collins, colored, was in the recorder's court last Monday charged with selling liquor. He was fined \$400 and given twelve months on the roads. The road sentence was suspended, however, on the stipulation that Collins appear before the recorder on the first Monday in each month and show to the satisfaction of the court that he has not violated the prohibition laws of North Carolina. Collins was arrested on the 11th of last month for selling whiskey and placed under a \$100 bond to appear in court the following day. But he skipped and

his bond was forfeited. He came back last Monday, however, and pleaded guilty in two cases.

Exploding Range Severely Injured Durham Lady. DURHAM, Jan. 19.—Mrs. C. W. Kendall, the wife of one of Durham's largest dry goods merchants, was severely injured when a tank which was connected with the cook stove in the kitchen exploded, and some of the flying fragments struck her. The water in the tank had frozen, and when the fire in the stove was started both the pipes and the tank burst. The cook stove was completely wrecked, and some of the pieces were blown through the walls of the house. Mrs. Kendall was standing very near, and the wonder was that she was not more seriously injured.

North Carolina Public Service Co. In Salisbury. SALISBURY, Jan. 19.—The name of the Salisbury Street Railway Company has been changed to the North Carolina Public Service Company in keeping with the name of similar properties owned by the same parties at Greensboro, High Point and elsewhere. There will be no change in management officers, the W. N. Coler Company having purchased a controlling interest in the concern. The improvements announced several days ago will be completed by the new company and the lines will be operated aggressively in the future.

Athletics at Harvard. CAMBRIDGE, Mass., Jan. 18.—Harvard football for the year ending July 31, 1911, netted a profit of over \$45,000, according to the financial report just issued by the graduate treasurer. The profit from baseball was about \$7,000. "The greatest loss came in the

crew" says the report, "where the deficit is over \$12,000. The track team took in \$7,225 less than it expended." The total tabulated figures of receipts and expenditures of all Harvard athletic teams show a net loss for the year of over \$10,000, whereas in the previous year the receipts were \$3,000 ahead of the expenses.

53 LIVES ARE LOST IN SHIPWRECK OFF ABERDEEN

British Steamer Wrecked Off the Scottish Coast

ONLY FOUR MEN WERE SAVED

Terrific Gale Still Blowing Off the Coasts of the United Kingdom, Causes Disaster in Which But for Four Lives, Steamer Losses All Her Crew—53 Men Drown.

ABERDEEN, SCOTLAND, Jan. 19.—Fifty-three of the crew of the British steamer Wistow Hall were drowned this morning when the steamer foundered on the Muller of Buchan, off the coast of Aberdeenshire. Only Capt. Stoddart and three of the crew reached shore.

The Wistow Hall had a terrible experience in the gale. Capt. Stoddart, who was resuscitated after a long period of unconsciousness, relates a story of extremely tempestuous weather from the time of leaving the Tyne Monday. The vessel got into difficult Wednesday, when two of the crew were mortally injured. The captain himself had his spine hurt and his arm broken, confining him to his cabin.

Finally the fires were extinguished, and the vessel was at the mercy of the sea. A few minutes before she struck the steward assisted the captain to dress. As he reached the bridge the steamer crashed into the rocks. He was washed overboard, and remembered nothing until he recovered consciousness in the cottage where he is now lying.

Capt. Stoddart was making his first voyage as commander of the Wistow Hall, owing to the illness of the regular master. After Monday the crew had no food or drink, and all of them huddled in the engine room, not daring to venture to the forecastle to procure supplies.

The scene from shore was harrowing. The vessel soon broke up, and the crew clung to the wreck desperately, but every wave claimed its victim.

POLICE PROTECTION FOR GOVERNOR FOSS

Massachusetts Governor Guarded At Home And Office

FEAR OF A BLACK HAND ATTACK

Secretary Holman Declares That It Has Been Advised From Truthful Sources That Bomb Throwers Are After Foss—Enemy Aroused by His Sending Troops to Lawrence.

BOSTON, Jan. 19.—The bodyguard which for the past 24 hours has accompanied Gov. Foss to protect him from possible attack by Black Handers, moved out from the statehouse late today, and followed close to the chief executive as he motored to his home in Jamaica Plain.

Tonight the governor's residence was again guarded, and all persons passing through the street were carefully scrutinized until they had gone beyond the limits of the Foss estate.

While the governor himself laughed at any fears for his safety, the reason for the guards was given by Dudley M. Holman, his secretary. He issued a statement saying that information had come from six trustworthy sources that, at a secret meeting, certain interests had sent to New York for Black Hand bomb throwers to come to Massachusetts and attack Gov. Foss and other officials, as a protest against sending state militia to Lawrence to keep order among the striking mill men.

5000 SOLDIERS IN READINESS TO GO TO CUBA

Within Six Hours American Troops Can Land in Island

ARTILLERY IS NOW READY TO MOVE

Secretary Stimson Holds Conference With President Taft and Later Announces That the Danger of Intervention is Over—Head of Veterans Offers Peace to Gomez.

WASHINGTON, D. C., Jan. 19.—Despite the statement of Secretary of War Stimson at the white house yesterday that he did not believe the United States would have to intervene in Cuba, secret orders already had been issued from the war department for 5,000 troops to prepare immediately for departure. It was learned last night that before noon yesterday these troops were ready to start for Cuba at a minute's notice.

The orders to prepare to move were received by the three batteries of the Third artillery, stationed at Fort Myer, early yesterday morning, and at other army posts in the department of the east, under command of Gen. Grant, later in the day. Fort Myer, consequently, presented a scene of excitement all day, equaling that of several months ago, when the troops were ordered to get ready to go to the Mexican border.

The speed with which the preparations were carried on, however, was much greater than at the time of the Texas maneuvers, and within six hours after the orders were received the three batteries were ready to board train or boat. It is estimated they can be on trains within two hours.

All the possessions of the soldiers were packed ready for a movement. The men of Batteries D. E. and F. under command of Maj. C. E. Summerrall, slept on the floor of their quarters last night wrapped in their blankets.

FOR EQUAL SUFFRAGE IN VIRGINIA

Harmon, of Richmond, to Present Bill In Senate

ANOTHER BILL TO STOP "TREATING"

Stephenson Bill to Kill Racing and Betting in Jamestown Likely to be Strongly Opposed—Corporation Employees to be Paid Twice a Month.

RICHMOND, Jan. 19.—The vote-for-women movement gained impetus today when Senator Harmon, of this city, announced he had yielded to the persuasion of women lobbyists and would introduce in the senate the Equal Suffrage League's bill. Delegate Montague, of this city, voluntarily introduced a similar bill in the assembly.

A measure which will meet stern opposition is the Stephenson bill to abolish gambling. Delegate Banks, from Norfolk, says the bill will mean the death of horse racing and book-making at the Jamestown race track. The senate and house held a joint session at 1 o'clock today, and unanimously elected W. D. Saunders state dairy and food commissioner, and J. Richard Wingfield member of the state corporation commission. The house concurred in the senate resolution, passed yesterday, to do away with the present system of leasing convict labor, and calling upon the joint committee on roads to consider the governor's message relative to roads and working convicts thereon.

NEWS FROM THE SPORTING WORLD

Five clubs in the American and two in the National league have engaged new managers for next season.

Fred Merkle, first baseman of the New York Giants, is a member of a crack bowling team in Toledo, Ohio.

Rochester has released Charles (Whitey) Alperman, the former Brooklyn player, to the Atlanta club of the Southern league.

Umpire Mullen, who worked in the American leagues last season, and Umpire Nalland, who comes from the Connecticut league, will officiate in the International league next season.

Roy Corhan and Russell Blackburne, the two clever shortstops of the White Sox who were on the hospital list last season, have recovered from their injuries and will join the Sox on the training trip.

Manager Fred Lake, of the Providence team, has signed Pitcher James O'Neill, of Arlington, Mass. O'Neill played with the Beverly team from which "Stuff" McInnes, of the Athletics, was graduated into professional baseball.

Grover Hayes has been compelled to call off his matches on account of a broken bone in his right hand.

It is said that Ad Wolgast and his manager, Tom Jones, are going to part company. In the future Jones will look after the interests of Frankie Conley.

The defeat of Pal Moore at the hands of Matty Baldwin was a big surprise to New York fans. Matty has been coming along in great shape of late.

Dan Morgan, manager of "O. K." Brown of New York, has turned down an offer of \$4,000 from San Francisco for a bout between Brown and "One Round" Hogan.

Breaking World's Plowing Record!

That a full acre of ground can be turned in less than five minutes with one outfit seems an impossibility, but to those who have seen it done it appears easy. It is a fact that not long ago the world's record for plowing an acre was broken on the great farm of Purdue University, Lafayette, Ind., when an acre was turned evenly and perfectly in the astonishing time of only 4 minutes and 15 seconds. This was done by a 50 Base Oliver Engine Gang Plow made by the celebrated plow concern of that name in South Bend, Indiana's great and growing manufacturing city. Three 30 horse-power tractors supplied the motive power.

The Oliver Engine Gang Plow is something new, although its quick popularity is attested by the fact that hundreds of them are already in use in Canada, the Dakotas and other western states. The test of the 50 furrow plow on the Purdue farm demonstrated the practicability of this wonderful modern invention and this was also further proven in a more recent exhibition in South Bend where a 55 bottom gang plow pulled by three great 45 horse-power gasoline tractors, was shown to an admiring crowd of men and women assembled on one of the Oliver farms. Moving pictures of the plow in operation were made for exhibition purposes.

We are selling the one horse and two horse Oliver Chilled Plows, the best and cheapest line—quality considered.

We solicit your patronage. Come to see us.

GRAY HAIR MAKES YOU LOOK OLD

Use Wyeth's Sage and Sulphur and Your Gray Hair Will Quickly Vanish.

Gray hair is a mark of age, and nothing that can be said as to its beauty will offset the disadvantages of this mark of age set upon your brow.

Wyeth's Sage and Sulphur Hair Remedy darkens the hair and restores it to its youthful beauty. Our grandmothers and their grandmothers before them used sage and sulphur for darkening their hair. Nothing has ever been found more effective for this purpose than these two time-honored remedies, but Wythe, a modern chemist, has combined the two with other ingredients, which makes a delightful dressing for the hair, and which not only removes every trace of dandruff but promotes the growth of the hair. It also stops the hair from a falling out, and makes it beautiful.

All druggists are authorized to refund the money if it fails to do exactly as represented.

Don't neglect your hair and don't resort to old-time hair dyes. Get a bottle of Wyth's Sage and Sulphur from your druggist today, and notice the difference in your hair after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble.

My husband asked me to try Cardul. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardul.

Cardul is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

Girls whisper!

before wearing that engagement ring—

ask if he has saved his money

The wise old matron says that when poverty comes in at the door love flies out the window.

Girls, do not make the mistake of marrying a spendthrift. Before you consent to wearing the engagement ring ask if HE has saved his money--no matter how much. The man who lives beyond his income will not make a good husband. Insist on him having an account at THIS bank--THEN accept his ring.
