W. J. BURNS OF MCNAMARA FAME IN LORIMER'S TRAIL

Famous Detective. Said to Have Been Working Three Months

TO INTRODUCE IMPORTANT EVIDENCE

Burns is Said to Have Already Reported Evidence That One of Lorimer's Witnesses Has Been Paid \$1,500 to Testify in Senator's Favor. A Sensation is Expected When Evidence is Introduced.

WASHINGTON, D. C., Jan. 22.—Developments, more or less sensational, about to take place in the Lorimer case will disclose that William J. Burns, the detective who built up the evidence around the McNamara dynamiters, has been at work for at least three months gathering evidence to be presented next week to the committee investigating the election of the junior senator from Illinois.

Detective Burns was employed for about a month by the Senate committee and later was engaged by the interests fighting to unseat Senator Lorimer. The committee discontinued his services, according to the members yesterday, because of the almost prohibitive expense. It is reported that the end sought by the anti-Lorimer interests is the impeachment of a certain witness who gave evidence in Senator Lorimer's defense relating to the alleged statement of C. F. Wieche, a brother-in-law of Edward Hines, that a "jackpot" fund of \$100,000 was used "to put Lorimer over".

In substance, Burns is declared to have reported to the committee that he was prepared to offer evidence that one of the witnesses who testified in regard to this incident had confessed he was paid \$1,500 to come to Washington.

CARNEGIE DONATES LARGE SUMS TO INDIANS

Gives \$850,000 Towards a Fund to Erect Palace

FOR AM. BROTHERHOOD OF INDIANS

Carnegie Puts Own Architect to Work on Plans of Magnificent Home for the Brotherhood of American Indians—Location of Palace Has Not Yet Been Determined.

WASHINGTON, Jan. 21.—Through the munificence of Andrew Carnegie and other philanthropists another magnificent marble building, rivaling in architectural beauty the Pan-American Union building, soon is to be erected here, at a cost of \$850,000, for the Brotherhood of North American Indians. This society, of recent origin, and has the financial and moral support of many men of means throughout the country.

The projectors are not yet ready to make formal announcement of the plan, but it was said yesterday that this probably will be done next week. The steel magnate is reported to have donated the money for the building, while the site will be provided by others, whose names are withheld. They will be announced soon, however. The promoters have a site in view, but it was not disclosed yesterday. Attorney Richard C. Adams, general counsel for several Indian tribes, with offices in the Bond building, is representing the red man in the matter. He said that Mr. Carnegie and the others interested would not permit him to give out any details of the plan. He was in conference with Mr. Carnegie here last week relative to the project.

NATIONAL CAPITAL TO REDUCE ITS POLICE FORCE

Washington Policemen to be Deprived of Revolvers

REP. JOHNSON FEARS BULLETS

If Chairman Johnson of the House Committee Has His Way Washington Police Will be Deprived of Modern Revolvers—Steel Covered Bullets a Danger to All on Streets—Mann Tries in Vain to Obtain Funds For School.

WASHINGTON, Jan. 21.—The modern revolver as a part of the equipment of policemen is to be tabooed in Washington hereafter, if Representative Ben Johnson, of Kentucky chairman of the house committee on the District of Columbia, is privileged to have his way about it. Mr. Johnson succeeded yesterday in having the words "modern revolvers" stricken from the police section of the District appropriation bill. Furthermore, as a result of his efforts, if the senate does not replace the item in the bill it will be impossible for the Washington police force to purchase firearms of any kind, either modern or ancient, next year.

Mr. Johnson objected to modern revolvers because, he said, with their long range and their steel-jacketed bullets they are not a safe weapon in the hands of a policeman. He thought the old-fashioned pistol, with its flat-nosed bullet, a much better proposition.

Representative Shirley, also of Kentucky, during the debate, came out in favor of no revolvers at all for policemen. Moreover, as he stated his position on the revolver question, he was greeted with a round of applause from his colleagues.

The Kentuckians held close attention of the house as they discussed in an authoritative way the merits and demerits of the modern shooting "gun" as compared to the old-fashioned weapon.

FOREIGN POWERS MAY INTERVENE

Situation in Chinese Capital Hourly Grows Worse

FOREIGNERS MUST BE PROTECTED

Peking in the Throes of Anarchy and It Might be Necessary For the Foreign Powers to Intervene in Order to Protect Their Subjects—Imperialists' Faith Doubted.

PEKING, Jan. 21.—It is unlikely that the foreign powers will permit the latest demands of the republicans, which include the abdication of the throne and surrender of its sovereign powers, exclusion of the Manchus from participation in the provisional government, and Premier Yuan Shi Kai's elimination from the provisional government, until the republic has been recognized, to be fulfilled without protest. It is even possible there will be intervention.

Should the throne comply with the republican ultimatum, and abdicate without delegating any authority over the northern provinces, the foreign legations here fear chaos will ensue, and that foreign lives will be endangered in the interim between abdication and the extension of the republican administration to the north, supported by a sufficient army to suppress the Manchu troops and people.

The Chinese soldiers which hitherto have remained loyal to the imperial government might transfer their allegiance, but the Manchu soldiers, forming the majority of the imperial army in and near Peking, may be expected to use their arms.

Indeed it is a question whether Yuan Shi Kai will be able to restrain them in event of the abdication of the throne.

NEWS THROUGHOUT THE NORTH STATE

Gift to Education.

WILMINGTON, Jan. 20.—Announcement has just been made that Mr. Samuel Bear, Jr., has given to the county board of education and the city committeemen a handsome two-story school building, not including basement, to contain six recitation rooms and an auditorium, as a memorial to his brother, the late Mr. Isaac Bear. The location of the school will be selected within a few days and the building will be ready for occupancy by the opening of the fall term. The gift could not have been given at a more opportune time, for had it not been for this building, the school authorities would have had to face the embarrassing situation of turning several hundred children away from the schools on account of lack of room. Mr. Bear has been a city school committeeman for a number of years, and always takes a lively interest in the cause of education in the county.

Mr. J. M. Solky has bought the valuable property at the southeast corner of Third and Walnut streets and will erect thereon an apartment house to cost in the neighborhood of \$100,000. It is said that plans for the building have already been prepared.

Plea For Dismal Canal.

ELIZABETH CITY, Jan. 20.—Dr. L. S. Blades, a member of the Elizabeth City delegation from the chamber of commerce which appeared Thursday before the house committee on rivers and harbors, returned this afternoon from Washington, enthusiastic over the effort made before the congressmen for the retention of the Dismal Swamp canal as a part of the proposed intracoastal waterway.

Urged to Grow Tobacco.

DURHAM, Jan. 21.—A movement has been started by the Durham tobacco warehousemen, working in conjunction with the Commercial club, to have the farmers in the vicinity of

Durham abandon the production of cotton and devote all of their energies to the cultivation of tobacco.

Several years ago, when the prices of cotton went soaring, a large number of the farmers in the vicinity of Durham abandoned the cultivation of tobacco and took up cotton as their leading crop. The change reduced considerably the volume of tobacco sales on the Durham market. Now, that the price of cotton has been reduced and the price of tobacco raised an attempt is being made to induce the farmers to return to tobacco-raising next season. Free tobacco seed is being distributed by the Commercial club and men will be sent throughout the country districts to lay before the farmers the desirability of making a change in crops. Circulars are being sent out showing the relative cost of producing cotton and tobacco and the returns from each the past year.

Negro Farmers to Meet.

GREENSBORO, Jan. 20.—President James B. Dudley has completed arrangements and programs for the third annual "farmers' week" to be held at A. and M. College, the event this year beginning Monday, February 17.

With a view to an attendance of two hundred farmers from the state, arrangements have been made for furnishing room board and entertainment during the week. The entire week will be given over to practical instruction dealing directly with farm work and the demonstrations, and lectures will be made by experts from the state and national departments of agriculture. The program includes daily lectures by state agricultural authorities on the following subjects: Soils and fertilizer, insect pests and their remedies, diseases of live stock and their treatment, dairying and animal industry, feeds and feeding, cotton and corn growing. The seed corn tests will be under the direction of State Demonstrator Hudson.

VETERANS TO HELP GOVERNMENT

Cuban "Insurgents" Pledge Themselves to Uphold the Present Gomez Rule and Express Themselves for Peace—Say Have Faith in America's Respect for Their Freedom and Rights.

HAVANA, Jan. 21.—That the Gomez administration has successfully passed the crisis resulting from the veteranista agitation appears reasonably certain, from assurances given by leaders of all factions, who attended the conference at the palace last night. The terms of an agreement, to which are appended the signatures of the leaders, were announced officially tonight as follows:

"First—The association of the veterans of the war of independence will confine its activities to such purposes as are defined in its constitution and by-laws.

"Second—The national council of the veterans of independence will choose whether the existing revising commission engaged in the examination of complaints against officeholders accused of hostility to the cause of Cuban independence, shall now dissolve—in which case its duties shall devolve upon the various members of the cabinet—or shall continue operations.

"Third—In either case all prosecution of officeholders of his class shall cease on February 24.

"Fourth—The president shall then request congress to revoke the suspension of the civil service law.

"Fifth—The veteran leaders and all the members of association pledge themselves to act as the guardians of the moral and material peace of the country, and to aid the movement to this end."

SENATOR CUMMINS AGAINST TAFT

Iowa "Insurgent" Openly Declares Himself Against President

TO NAME ROOSEVELT AT CHICAGO

The Iowa Senator Declared Himself Openly a Candidate for the Republican Nomination in Opposition to President Taft—Think It is a Ruse to Nominate Roosevelt at Chicago.

WASHINGTON, Jan. 21.—Albert Baird Cummins, insurgent senator from Iowa, yesterday officially proclaimed himself a candidate for the Republican nomination for president. This action was taken after a conference of the Iowa delegation in congress, attended by all members but Representative Kennedy and Senator Kenyon, who were out of the city. To a man, they swore allegiance to their new chieftain.

There now are three avowed candidates for the favor of the coming Chicago convention—President Taft, Senator La Follette, and Senator Cummins—with organizations back of them, and former President Roosevelt as a dark horse, who some say is ready to take over the forces of Senators La Follette and Cummins whenever they believe that only through Col. Roosevelt can the nomination of President Taft be prevented.

The announcement of Senator Cummins was not unexpected. It was telegraphed east while that senator was mingling with his constituents at home during the holidays that something of this sort was under consideration.

COL. ROOSEVELT BACK OF FIGHT FOR SELF NOMINATION

President Taft Fighting in the Open For Renomination

HIS FRIENDS IN FEAR T. R.'S SUCCESS

Although Roosevelt Continues to Refuse an Explanation of His Stand in Coming Presidential Race, Taft's Supporters Fear He is Conducting Campaign to Undermine Taft's Ground—Fear Roosevelt's Efforts.

NEW YORK, Jan. 21.—The New York Herald says today: Not only boiling—seething! That's the condition of Republican presidential politics at the present time, five months before the nominating convention.

In the west, south, and middle west things have been popping during the last few days. Fighting is going on all along the line, and in the midst of it stand two figures—President Taft and Col. Roosevelt. The president thoroughly roused to action, is fighting in the open with the forces he, as head of the government, can command, to bring about his renomination.

Fighting from ambush as yet, but with his old-time vigor and ingenuity Col. Roosevelt is making a desperate effort to undermine the movement built up about his old friend and protégé, William H. Taft. A country-wide machine is at work "sewing up" delegates for Col. Roosevelt, who believes that he can be nominated, and who has plainly intimated that if the convention nominates him he will accept.

It was not until the magnitude of the Roosevelt movement was developed during the last week that the friends of the president got their big guns and started out to fight. It was only after development after development, and apparently rearranged, had been noted in various parts of the country, that the president gave the word to start the battle at once.

Sister Was Killed by Starving Cure Says Heiress

PHYSICIAN TRIED FOR MURDER

Scanty Meals Were Given Patient to Believe Her of Ailments—Died Instead of Growing Better—Her Sister Begged That She be Properly Fed.

SEATTLE, Wash., Jan. 21.—"Mrs. Hazzard said: 'Would you like a treatment, Clare?' and putting her hand on my sister's abdomen, she pressed down hard. Clare gave a cry and became unconscious. I said 'Is it all over?' and Mrs. Hazzard replied: 'Yes'."

Thus testified Miss Dorothea Williamsan today regarding the last time she saw her sister Claire, whom Mrs. Linda Burfield Hazzard is accused of murdering by starvation at her "starvation sanitarium."

Miss Williamsan said she returned at once to her room, which was beneath that occupied by her sister. She heard persons walking about the room all night and wondered what they were doing. The sisters inherited a \$500,000 estate in Australia.

"I didn't know Claire was still alive, but was told later that she did not die until 4 o'clock on the morning of Friday, May 19, several hours after they led me from the deathbed," she said.

The witness said that Mrs. Hazzard told her that she was an imbecile and probably would be one for life.

Dr. Caldwell Fills Appointment.

Dr. J. C. Caldwell, of Wilson, preached two excellent sermons in the Christian church here Sunday morning and evening to large congregations. This will be his last appointment here for sometime, as he expects to leave February 5th, for a three-months trip to Palestine. The different churches of the state are giving him this trip as a token of their appreciation for the excellent service he has rendered as president of the Atlantic Christian College, Wilson. Much good has been accomplished under the leadership of this splendid man.

Meeting of the "P. F. S." Club.

The P. F. S. club held their first meeting of the new year, on last Friday evening, at the home of Miss Gertrude Crichter, where they were most delightfully entertained. Many solos, both vocal and instrumental were rendered. After this we made many interesting plans for the new year, all of which we hope to make successful realities. At the late hour delicious refreshments were served and the guests departed reluctantly.

An Apology.

1911 has gone and 1912 is here, and we are all living that are not dead. I had forgotten to say to the people of Greenville and other places that I am still with The Old Mutual Life of New York. MEN'S PRAYER LEAGUE.

Sunday Afternoon Meeting Was a Good One.

Sunday afternoon the Men's Prayer League met in the Methodist church and heard some of the best talks by Messrs. W. M. Pugh, D. M. Clark and H. B. Smith, followed by President C. W. Wilson, that have been made at any meeting. The subject was "How We Can Show Our Religion," and each speaker brought out strong points of Christian duty toward others and keeping the life unspotted from the world.

Next Sunday afternoon the meeting will be held in the Presbyterian church. Subject, "How to Obtain Wisdom." Text, James 1:5. Leaders Messrs. Robert Hunter, Jr., A. C. Holtman and J. B. Little.

Rev. Hoyle Preaches to Prisoners.

Sunday afternoon the pastor of the Methodist church delivered a sermon to the prisoners in the town jail which have today started to work out the sentences imposed upon them by Judge Allen. Most of the prisoners are "up" for selling liquor and Rev. Hoyle made a most impressive talk to them. Several ladies of the church attended Rev. Hoyle.

ANSWERS THE CALL.

Greenville People Have Found That This is True.

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys. Spells of backache often follow, or some irregularity of the urine. A splendid remedy for such attacks is Doan's Kidney Pills, which I obtained from the John L. Wooten Drug Co. Too frequent passages of the kidney secretions annoyed me and I often noticed that the flow was scanty. I took Doan's Kidney Pills as directed and since then my kidneys have been in much better condition. For sale by all dealers. SHARON MASONIC LODGE.

Sharon Masonic Lodge, which during the past year has been working under dispensation, was granted a charter by the grand lodge at its last session, and will meet tonight to be regularly installed under the charter. The name taken by this lodge, Sharon, was the name of the old lodge that existed in Greenville and went down, being succeeded later by Greenville Lodge No. 284. The grand lodge also gave to Sharon Lodge the same number 78, that the old lodge held. It is important that every member of the lodge should be present tonight.

BOY FALLS ON ICE.

And is Badly Stunned by Lick on the Head.

One day early last week Olthas, a little son of Mr. O. L. Joyner, was sliding on the ice near his home two-and-a-half miles from town. GRAND JURY REPORT

To the Honorable Superior Court of Pitt County, Greeting,

We, the Grand Jury, beg to make the following report:

We inspected the county jail and find that the jail is in good condition and the prisoners speak in high terms of it and are treated all right in every respect.

We also inspected the court house and find the following condition of each. The Sheriff's office was in good condition, the Clerk of Court and the Register of Deeds and the Treasurer's office were in good condition and the records are kept in good shape. But we find the water closets, especially the scene in the basement, are in bad condition and they are not kept as cleanly as they should be and we recommend that the Hon. Board of County Commissioners provide a separate water closet for the colored people in the basement. We also recommend to the County Commissioners that they shall see that the court house should be kept in a cleanly and sanitary condition throughout the entire building.

We had a committee of five to visit and inspect the county home and convict camp. They report they found both in good condition and the inmates of the county home were comfortably clothed and well cared for by the keeper, also we questioned the convicts and they had no complaint to offer. We inspected the camps and found them in good condition, considering the weather, also that the terms were in wood shape.

We especially recommend that the County Commissioners have new buildings erected at the county home, as we find the buildings are very old and in a dilapidated condition.

We also submit the following report from our County Superintendent, Prof. W. H. Ragsdale, stating the condition of our public schools in the county.

Respectfully submitted,
W. A. BOWEN,
Foreman of the Grand Jury.

Superintendent's Report.

Mr. Foreman and Gentlemen of the Grand Jury:

In reply to your request for information on the following points in reference to the public schools of the county, I beg leave to respectfully submit the following:

1. Are the committeemen discharging their duties? In my judgment there is no class of men, or officers, any where who are giving more time, doing more work and doing it more faithfully without any pay at all for the same, than are our committeemen. Of course where there are, as is the case in this county, in round numbers 250 men who are committeemen there are some of the committees who take no interest in the work of schools, but there is always some one on the committee who looks well to the interest of the schools. Therefore, I would answer your first question that the committeemen are discharging their duties well and faithfully.

2. Is fuel and other requisites properly furnished? There are no people better prepared to answer this question than the teachers. There is hardly a teacher in the county of whom I have not asked this question sometime during the season. I do not recall a single one but has said that they were well provided for. I am sure that the committeemen supply these things when they are notified that they are needed. Efficiency in this respect is growing yearly.

3. What is the condition of the buildings? There are in this county now 7 buildings with from 3 to 12 rooms, 21 two-room buildings, these are all new; 30 one-room new buildings, 12 good buildings but not new, 10 ordinarily good buildings and six poor buildings.

The Board of Education at its meeting last Monday, one week ago, passed an order to displace these 6 poor buildings with new ones, provided they could make the arrangements to have the districts furnish their half of the money. The law requires the district to pay one-half the cost of the new building and the board of education to pay the other half. No buildings can be built without this being done. Some of these districts heretofore have not been able to meet these requirements. In the past nine years there have been built in this county 55 new buildings, an average of more than six each year. Twenty-seven of these have two or more rooms and at the same time the length of the school term has been increased one month. Before this time there was not a public school building in the county with more than one room and this included all the towns, even Greenville.

Two years ago our school fund was cut short \$18,200.00 per year by prohibition. Therefore, in the past two years we have had \$36,400.00 less school fund than we had before. To keep our term the same length that it had been with this shortage compelled us to not build so rapidly. But

USEFUL BULLETIN.

Will Be Furnished Farmers on Request.

Washington, D. C., Jan. 20, 1912. Editor Reflector:

I wish to call to the attention of our people, particularly those who live upon the farm, a publication recently issued by the U. S. department of agriculture. It is known as Bulletin No. 463. It discusses a vital subject connected with sanitation, the prevention of diseases, and the maintenance of health.

I cannot too strongly emphasize its importance and I express the hope that every farmer will obtain a copy. A letter or postal addressed to the undersigned, House of Representatives, Washington, D. C., will secure a copy of this important publication. Please refer to the number in making the order.

Very respectfully,
JNO. H. SMALL.

Louisville Poultry Show.

LOUISVILLE, Ky., Jan. 22.—The annual exhibition of the Louisville Poultry and Pet Stock Association opened in the armory today with a record-breaking display of chickens, turkeys, pigeons, rabbits, dogs and other varieties of poultry and pet stock. The management this year has paid particular attention to the educational exhibits, showing the most improved methods in breeding poultry and preparing it for the market.

for this every district in the county would have had a new building by this time. New buildings will be put in every district as fast as the school fund will permit.

4. How many schools in the county have been compelled to suspend on account of this weather? I think all the buildings in the county could have been made moderately comfortable except the six poor buildings referred to above. These I do not believe could have been made comfortable enough to have taught in. I have no correct information as to how many voluntarily failed to teach for the past few days. In my judgment this weather has been such that regardless of a comfortable house it would be wiser not to teach but make up these days at close of school. This would be especially true where the children have some distance to walk.

The information I have given you above is in reference to the white schools of the county. The negro schools are not in as good condition as the whites, but they are generally moderately provided for and as comfortable as the board of education has been able to make them. The board has felt it wise from every point of consideration that they should give these better houses to the white people first, but at the same time they have endeavored to keep the negro schools in as good condition as possible. They have repaired a number of these houses and built some new ones. The board proposes as far as the funds will allow to make further improvement for them. The committeemen are doing as well as you could expect negroes to do.

I trust, Mr. Foreman and Gentlemen of the Grand Jury, that the information I have given you is what you desire. If there is any further information which you wish I will cheerfully obey any request you make for such facts, as far as I may be able.

Respectfully submitted,
W. H. RAGSDALE,
County Supt. of Schools.

NO CAUSE TO DOUBT.

A Statement of Facts Backed by a Strong Guarantee.

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Recall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Recall Orderlies are unsurpassable and ideal for the use of children, the feeble and delicate persons. We can not too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our faith in them with our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. Jennings Signs to Manage the Tigers. SCRANTON, Pa., Jan. 18.—On his way to Detroit from Providence, R. I. F. J. Navan of the Detroit American league team dropped off in this city tonight and got Hugh Jennings' name to a one-year contract to manage the Tigers in 1912. The terms were not disclosed, but Jennings admitted the figures fell a little short of John McGraw's \$20,000 stipend. Jennings and Navan had little or no difficulty agreeing on salary, and after the papers were all signed the two Tiger leaders arranged for the training trip of the team.—The youngsters leave for Monroe, La., on Feb. 24 and the veterans leave on March 1.
