HARD POLITICAL CAMPAIGN ON IN FLORIDA

State Warming Up For What Is Thought
Hardest Fought Campaign

OTHER STATES ARE INTERESTED

Misconception Idea That State Was Back
of Drainage Plan Was Cause of
Sale of Many Thousands of Acres—
Everglades Drainage Project is to
be Main Issue.

JACKSONVILLE, Fla., Jan. 4.—
Florida is just warming up to what
is going to be the hardest political
contest in its history, and one of general
interest by reason of the fact
that this state will be one of the first
to try out the presidential primary
idea, and also because the vast Ever-
glades drainage project is to be one
of the main issues. Thousands in the
north and west are watching the
latter proposition, as they have bought
lands which are alleged to be worth-
less and sold under false representa-
tion that the state is guaranteeing the
drainage project.

The political spotlight is focussed
on the race for governor, with five
entries. They are Colonel Cromwell,
of Jacksonville; Park Trammel, pres-
ent attorney-general; J. W. Fatsion,
of Miami; W. H. Milton, of Marnana,
and E. M. Semple, of Key West.

Colonel Gibbons has been prominent
in the political life of the state for
many years, but has never sought a
public office. He has held high places
in the militia for years, and is at
present colonel of one of the crack
regiments of the Florida National
Guards.

Mr. Trammel has been holding office
with the state since 1903. Mr.
Watson has been rated as one of the
wealthiest men in the southern part
of the state. Mr. Milton is a banker
and ex-United States senator and
Mr. Semple is attorney for Key West.

ALL OVER THE OLD
NORTH STATE

Praises North Carolina.
Rocky Mount.—"Though this is my
first visit to North Carolina, I was
indeed well pleased and astounded at
the marked advance and progress and
the apparent prosperity in the state,"
remarked Mr. David M. Glascock, rep-
resenting the millionaire bankers,
Otis & Hough, of Cleveland. Mr.
Glascock has spent two days of this
week in this city and he came here
for just this purpose of ascertaining
financial and business conditions in
this section, for it was his firm that
has just purchased the \$65,000 road
bonds that were offered by four Nash
county townships.

Tore Up Tracks of Seaboard Road.
Lumberton.—There has been some
excitement in railroad circles of the
Lumberton Cotton Mills today. Some
time last night the Seaboard siding
at the mill was torn up for a dis-
tance of a hundred yards or more and
at an early hour this morning it was
found that the mayor of East Lum-
berton and two or three policemen
were on guard duty with instructions
to allow no one connected with the
Seaboard to enter the grounds, the
V. & S. C. people being in charge
of the work putting down their track
where the Seaboard track had been.

Portrait of Late Judge Shepherd Will
Be Presented Supreme Court.

Raleigh.—An event of particular in-
terest to Raleigh will take place Tues-
day morning in the Supreme court
room, when a portrait of ex-Chief
Justice James E. Shepherd will be
presented to the court. Former Gov-
ernor Aycock will present the por-
trait and Chief Justice Walter Clark
will accept it for the court. The por-
trait of the late chief justice will
help further to adorn the walls of
the room. Judge Shepherd was one
of the very ablest lawyers in the state.

Employee in Bad.

Winston-Salem.—R. L. Southern, a
trusted employe of Spough Bros.,
wagon manufacturers, pleaded guilty in
the Superior court today to the
charges of larceny of over \$5,000, and
the defendant was given a term of
two years in the state prison. South-
ern had his room in the office build-
ing of Spough Bros. and had access
to the safe. In his confession he
stated that he had taken money from
the firm every week for more than
a year.

Tiger Broke His Bond; to Roads.

Wilmington.—D. W. Willis, ex-
policeman and one of the fifty odd
defendants who last week in the Su-
perior court entered pleas of nolo
contendere to the charge of selling
whiskey, prayer for judgment being
continued upon filing of bond not to
engage in whiskey traffic for twelve
months, was this afternoon sentenced
by Judge Allen to eight months on
the roads, judgment being prayed by
the solicitor on the ground that the
agreement had been broken.

A Rocky Mount Enterprise.

Rocky Mount.—The Rocky Mount
Bakery Company, composed of local
business men and capitalists, has
been formed and at an early date
will be incorporated. Messrs. R. B.
Davis, T. L. Bland, S. S. Toler, F. S.
Gardner and others have stock. The
capital stock is to be but \$5,000, to
begin business with \$5,000 paid in. It
will furnish bread and other bakery
supplies for this section of the state
and will also conduct a modern cafe.

TRIED BEFORE MAYOR WOOTEN THIS MORNING.

The following cases were tried be-
fore Mayor F. M. Wooten this morn-
ing:

Willie Fleming, colored, for va-
grancy, sentenced to 30 days on the
roads.

Same Willie Fleming, accused of
the larceny of \$10 by Nile Stokes. It
came about something like this:
Fleming offered to sell Stokes some
"perfectly good booze" for 30 cents
a pint. Stokes had only a \$10 bill.
Fleming offered to get the change.
He went away and had a lapse of
memory which only came back to
him this morning. He was bound
over to the Superior court.

Roosevelt Turned Down at Chicago Convention

Taft and His Administration Approved by a Great Major-
ity—Plan to Stampede County Assemblage Falls
Flat—T. R. Down to Defeat by 864 to 198

DENEEN TO RUN AGAIN FOR GOVERNOR; CULLOM FOR SENATOR

Agitation in Chicago in Favor of Col.
Roosevelt Received Rebuff at Cook
County Republican Convention—
Taft and His Administration High-
ly Praised—Five Out of 85 Wards
Are for Roosevelt.

CHICAGO, Feb. 5.—The Roosevelt
agitation in Chicago received a rebuff
today. In the Cook County Republi-
can Convention a resolution to indorse
the colonel for the presidency was de-
feated, 864 to 198.

John R. Thompson introduced the
resolution. Only five wards out of
thirty-five voted for it. Three of the
six county districts supported the
resolution. Resolutions were adopted in-
dorsing President Taft and his ad-
ministration. Said these resolutions:
"We heartily indorse and approve
President Taft's course in firmly seek-
ing to carry into effect by wise legis-
lation the reforms to which our party
pledged itself in the platform adopted
by the Republican National Con-
vention of 1908."

The Taft resolutions were present-
ed by Harry Pratt Judson, president
of the University of Chicago, who was
chairman of the resolutions commit-
tee. President Harris, of the North-
western University also was a mem-
ber of the committee.

The Roosevelt agitators had plan-

ned for a week to stampede the con-
vention into an indorsement of the
colonel. The other colonel, Chauncey
Dewey, had loudly proclaimed that
the convention would eagerly grasp
the opportunity to boost the third
term idea. He is politically power-
ful in the first congressional district
and in four wards.

The Taft men saw to it that the
committee on resolutions should be
made up of noted men. Besides the
two university presidents there were
three judges, Congressman M. B. Mad-
den and Postmaster Campbell on the
committee.

The test came when the resolution
was introduced and Thompson moved
that it be adopted on the floor of the
convention.

"Roll call" was the cry heard from
various sections of the hall, and after
a viva voca a roll call was order-
ed.

The first, fourth, sixth, twenty-
fourth and thirty-third wards were
in the Roosevelt move and the third,
fourth and fifth county districts. One
of the big surprises was that the
twenty-fifth ward did not rally to
the Roosevelt cause. This ward in-
formally indorsed the former presi-
dent several weeks ago.

Guggenheim Divorce Case Comes Up
For Hearing.

CHICAGO, Ill., Feb. 5.—Perhaps
the most peculiar legal scramble ever
exposed in a Chicago court will come
to a focus in the trial of the suit of
Mrs. Grace B. Guggenheim to annul
the divorce granted her in 1901 from
William Guggenheim, millionaire
member of the famous smelter trust
family, which came up for hearing
today before Judge Thomas G. Win-
des in the circuit court. Popular in-
terest in the case has been aroused
to a great degree because the suit
comes before Judge Windes as the
result of charges made by Judge A.
J. Pettit that an attempt to influence
him in his decision was made a short
time ago by some one acting in the
interest of Guggenheim.

The matrimonial difficulties of the
Guggenheims have been frequently
before the courts of Illinois and New
York during the past ten years. In
the present suit Mrs. Grace Guggen-
heim is seeking to have the divorce
she obtained from her husband in
1901 set aside on the ground that she
was not a legal resident of Illinois
at the time she received her decree
from the Chicago court. The mar-
riage of the husband since the divorce
has tended to further complicate the
situation.

Voting Machine Went Wrong.

MUNCIE, Ind., Jan. 5.—A peculiar
case relating to election laws and
voting machines is to be tried out in
the court of Jesse G. White against
W. A. O'Harra, sheriff of Delaware
county, which came up for trial in
the circuit court here today. White,
a Democrat, is seeking to prove that
he was elected sheriff in November,
1910, instead of O'Harra, his Republi-
can opponent. It is generally con-
ceded that White actually was elected
by a majority of 89 votes, a voting
machine registering 100 more ballots
for O'Harra than were cast. O'Harra
maintains his right to the office on
the ground that the Indiana law pro-
vides no method of going behind the
returns indicated upon a voting de-
vice.

Wipes Out Its Indebtedness.

PROVIDENCE, R. I., Jan. 5.—The
remaining indebtedness of the Union
Trust Company, which suspended on
October 25, 1907, was wiped out to-
day by the redemption of the con-
tingent certificates held by its de-
positors. The deposits in the bank
at the time it suspended aggregated
nearly \$32,000,000, and the depositors
numbered 30,960. On May 4, 1908, the
bank re-opened, and several payments
have been made since that time, un-
til a final 10 per cent. distribution
today cleared up all of the indebted-
ness. In addition to the amount of
their deposits the depositors received
accrued interest at 3 per cent.

Murder Trial at Pine Bluff.

PINE BLUFF, Ark., Jan. 5.—The
case of the McVay brothers of the
murder of J. W. Ethridge was called
for trial today. The case is one of
the most sensational in the criminal
records of this county and the trial
promises to attract wide attention.
Ethridge was shot and killed in the
courtroom here while he was on trial
for the alleged assassination of Albert
McVay, a prominent stock dealer, who
was shot down and killed by an un-
known assassin at his home near
Pine Bluff on the night of July 5,
1908. The murdered McVay was a
brother of the men who are to be
tried for killing Ethridge.

Cook Accused of Killing Captain.

BOSTON, Jan. 5.—William DeGaff,
a hunchback, was placed on trial for
his life in the United States district
court here today charged with the
murder of Captain Charles W. Wy-
man, of the coal barge Glendower, on
which De Gaff was the cook. The
murder of Captain Wyman, which oc-
curred while the barge was on its
way from Philadelphia to Boston,
was one of the most heartless crimes
committed for many years within the
jurisdiction of the local federal court.
The head of the skipper was crushed
by a blow from some heavy instru-
ment, which was, it is believed, thrown
into the sea after the murder.

dent of Mexico Uarrest is Felt

ager of Mining Company—Intend to

CHIHUAHUA, Feb. 5.—Ninety mu-
tinuous rurales, aided by recruits, after
a sharp fight today, compelled Gov-
ernor Gonzales to release from the
penitentiary Antonio Rojas, a militant
partisan of Emilio Vasquez and three
of his followers. Gonzales surren-
dered to the demands after three
hours' fighting, in which the royal
rurales were commanded by General
Pascual Orozco in person.

Five rurales are known to be dead,
and a number wounded. The rebel
losses are unknown.

Within a half hour after the gov-
ernor had agreed to the demands of
the rebels, Rojas and his companions
walked out of the penitentiary. Each
man carried a rifle, which was handed
to him with a belt full of cartridges
as he left the prison.

Mexico City, Feb. 4.—The uprising
in Chihuahua today will prevent Gen-
eral Orozco from moving his rurales
from that place to Juarez, where the
garison has mutinied, at least until
after the arrival at Chihuahua of
a battery of artillery ordered there from
Torreon last night.

It was generally admitted here to-
night that the detention at Chihuahua
is but a part of a widespread rebel-
lion which has for its object making
Emilio Vasquez Gomez president.

MYSTERY IN DEATH OF COLORED WOMAN

Husband Tells Coroner Woman Was
Killed By A. C. L. Train

SMALL SCRATCH ONLY WOUND FOUND

Death resulting from an unknown
cause was the verdict returned by
the coroner's jury in the case of
Mary Taylor, the colored woman who
came to her death last Saturday af-
ternoon in the proximity of the At-
lantic Coast Line tracks, one mile
from Ayden, at a place called Swift
Creek bridge.

According to the husband's story,
he, James Taylor and his wife, Mary,
were returning home from Ayden
Saturday afternoon when the pas-
senger train due in Greenville at 6:30
came upon them. They were walking
between the rails and as the train
approached them, Taylor quickly left
the tracks; but although this may
seem strange, he made no attempt to
drag his wife with him. Taylor as-
serts that his wife was struck by the
train and that death was instanta-
neous.

Upon an examination being made
by the coroner, Dr. Laughinghouse,
the only wound that could be discov-
ered was a slight scratch on the chin.

It will probably never be known
what really caused Mary Taylor's
death. Something that is strongly
hinted at is that both were under the
influence of liquor at the time.

Florida Will Speak First.

PALATKI, Fla., Jan. 5.—This city
is rapidly filling up with delegates to
tomorrow's Republican State con-
vention, which will elect six delegates-at-
large and an equal number of alter-
nates to the annual convention to be
held in Chicago next June. Florida
Republicans are believed to be a unit
for President Taft, and it is expected
the state delegation will be instruct-
ed for his renomination without a
dissenting vote.

GREENVILLE-RALEIGH FIRM GETS CONTRACT

To Erect Three Buildings For Feeble-
Minded School

HIGHEST BID WAS \$39,000

On last Friday the board of di-
rectors for the school for feeble
minded, which the state will estab-
lish near Kinston, met in that town
to receive bids for the erection of the
first three buildings of the institu-
tion—a boy's dormitory, a girl's dor-
mitory and a central building for
nurses' quarters, kitchen and dining
rooms. The contract for these three
buildings was awarded to York &
Cobb, of Raleigh and Greenville, their
bid being the lowest, \$48,465. The
bids ranged from this figure up to as
high as \$39,000.

York & Cobb are the same con-
tractors who erected the East Caro-
lina Teachers Training school build-
ings in Greenville, also the Knights of
Pythias orphanage building in Clay-
ton and one of the A. and M. College
buildings in Raleigh. The excellence
of their work is a guarantee that the
buildings for the school at Kinston
will be first class.

COTTON YET IN FIELDS.

And Preparations Begun for An-
other Crop.

Here it is February, yet a ride
through the country or along the rail-
roads shows some fields almost as
white with unpicked cotton as they
usually are in October and Novem-
ber. The weather is so cold now that
the farmers are having much trouble
in getting the cotton picked, and it
will be some weeks yet before all of
it is out, even if all is ever saved.
Gathering one crop and making pre-
parations for another in the same field
can now be seen going on in some
places.

DR. D. H. HILL AT TRAINING SCHOOL

President of A. and M. Delivers Ad-
dress on Sidney Lanier

COMMEMORATING POET'S BIRTHDAY

The Sidney Lanier Literary Society
of the Training school celebrated the
seventieth anniversary of the birth
of Sidney Lanier by giving the school
and the public an opportunity to hear
an address on this great southern
poet by one of the state's greatest
scholars and most polished speakers,
Dr. D. H. Hill, president of the A and
M. College.

Miss Marguerite Davis, president of
the Lanier society, had charge of the
program. Three choruses, two by the
school and one by the Lanier society,
were sung.

Miss Davis then, with grace and
dignity, introduced the speaker.

Dr. Hill gave a sympathetic appre-
ciation and interpretation of Sidney
Lanier as a man, musician and poet.
He brought his audience to a deeper
understanding of the great spirit who,
handicapped by disease and poverty,
brought poetry and music close to-
gether and whose gospel was "beauty
is holiness and holiness beauty."

After the address the Lanier society
received in the library in honor of
Dr. Hill.

HAS TWO ACCIDENTS

Loses Part of His Finger in One of
Them.

Saturday was an unlucky day for
Mr. R. E. Overton, one of the em-
ployees of the Cabinet Veneer Com-
pany. Early that morning he was
working at the anvil in the forge
room, when a piece of red hot iron
flew out of the tongs in which he was
holding it and struck him in the face,
about an inch below the eye, burn-
ing him quite painfully. Later in the
day just before noon he was adjust-
ing a machine when his right hand
was caught in the gearing. His little
finger was so mangled that the end
of it had to be amputated, and the
next finger was also badly crushed.
Dr. L. C. Skinner looked after his
injuries.

CAROLINA CLUB.

The Carolina Club will meet tonight in its regular monthly meeting at the club-rooms at 8:30. We call attention to this in another place of this issue.

We come back at it again here for the simple reason that to-night's meeting has a great deal of importance attached to it. It is expected to hear from some of the leading citizens of our community in regards to the hotel question. It was many meetings ago that this proposition was first advanced and although something has been accomplished in the way of subscription to the hotel stock, there has not been a rush to guarantee a start in building the hotel.

It would appear as though everybody was waiting on everything and since we referred to it when Dr. Jones sent his letter asking for some of the stock, nothing has really been done. It is beyond comprehension. It has been agreed long ago that we need such a hotel badly and tomorrow will be another occasion in which this necessity will come to the front.

The Federation of Women's Clubs will hold a convention in this town and it would have been a mighty good thing had we been in a position to offer the coming ladies a well appointed suite of rooms during their stay in this town. It would have been a silent, yet efficient invitation for other affairs of the kind. It was said sometime ago that we could bid and win over conventions for Greenville if we could guarantee good quarters and this is perfectly true. Nobody can deny that conventions go a long way towards doing the town good. We have a fine auditorium in the court house, another magnificent one in the Training School and these would be great drawing cards towards conventions. What we really lack is the hotel.

Every influential member of the Carolina Club should make it a point to be at the club tonight and help boost the hotel.

TO THE ROADS.

Winston-Salem has started a crusade against liquor dispensing clubs and the first one of the series has been broken up and its organizers and owners sent to the roads.

Forsyth Club, and the second word, club, is the polite denomination for blind tiger, is no more and Pepper and Davies, its runners, are out for twelve and fifteen months respectively. Pepper, no doubt, had intended to live up to his hot name as he had declared "I intend to run that business in spite of hell," which is a comparatively mild speech when a man who has Pepper for his label, is the speaker.

No doubt that Pepper meant what he said, but now he has fully realized that the prohibition law is beginning to lose its funny aspect and consequently is getting to be a serious affair.

net and upon Judge Allen placing him under bond to leave the whiskey business alone, he probably thought the justice did not mean it as right after he was caught trying to do, or rather doing the same thing over. He is now doing something which eight months from now will return him to society with other "thinks".

It does begin to look as though we are going to have prohibition in the Old North State, and furthermore, it seems that our highways will improve in comparison to the blind tigers sentenced.

On the menu they will have to change scrambled eggs to scramble after eggs.

If they get much scarcer, even the hen will forget what her own product, the egg, looks like.

Cotton is back to ten cents again. That sounds better, but there is yet room for improvement.

If we owed a man a cold day and he refused to accept Sunday in payment, the debt would be repudiated.

St. Valentine's day comes next. The News and Observer says Raleigh is awake. Must have struck the blind tigers.

An advertisement headed "Make hens lay," would attract the attention of all sorts of folks now, whether they raise poultry or not.

There is a recipe for making cake without eggs. Now is somebody will come along with one that dispenses with butter also, there will be joy among the angels—the housekeepers.

It is with sadness that we note the death of Mr. E. E. Hilliard, of Scotland Neck, which occurred at his home in that town on Saturday morning. Mr. Hilliard was for twenty-odd years editor of the Commonwealth, but sold his paper three years ago because of failing eye sight and health. He was a brilliant editor, an eloquent speaker, and a high-toned Christian gentleman. His labors for his home, section and state were productive of much good, and his death removes a useful man.

There are many things to convince a man, but the easiest is to agree with him. If a man can afford an automobile he will have more money if he doesn't. A man will be either despised for his adversity or hated for his prosperity. Things worth while are more apt to come your way if you go after them.

Mr Cannon Gets Information.

Uncle Joe Cannon, "High Protection Joe," wanted to know when the Democratic metal bill was before the House, why such articles as sewing machines had been placed on the free list. Chairman Underwood of the Democratic Ways and Means Committee, courteously supplied the expounder with the desired information.

"We have placed these articles on the free list for the benefit of the American people," said Mr. Underwood. "The uncontested testimony shows that sewing machines are being sold to the rich and poor alike in this country for from \$23 to \$45 a machine and yet are being laid down, freight paid, in the Orient, for \$8.75. "We are not ashamed to go to the American people and say that when an article is manufactured in this country so cheaply that it can compete in all the markets in the world, we are willing to place it on the free list for the benefit of our own people."

The metal bill passed by the Democrats makes reduction on all metal goods averaging 35 per cent and places on the free list iron ore, nails, sewing machines, cash registers and many other articles now being sold by American manufacturers cheaper to foreigners than home consumers.

A Protected Industry.

Sixty-five per cent of the workers in the United States Steel Corporation's plants at Pittsburg earn less than the actual cost of subsistence to the average family, according to calculations made before the Stanley steel trust investigating committee by Louis D. Brandeis, "the people's lawyer".

"The average wage of 65 per cent of the employees in the steel plants at Pittsburg," he said, "is 17 1-2 cents an hour. The Associated Charities of that city, by careful investigation, has figured it out that the cost of bare existence of a family of a husband and wife and three children in Pittsburg is \$768 a year. By working 12 hours a day, 365 days to the year, this 65 per cent of the workers at the end of their year's labor, will have earned just \$1.50 less than this sum.

"These horrible conditions are the result of the use of the great power and wealth of this trust to prevent its employees from joining organizations. The condition of labor in this industry is nothing less than slavery. In ten years this trust, while working men under these conditions has taken from the American people \$650,000,000 in excess of a liberal profit on its actual investment and this enormous profit has been used to grind down its workers to their present miserable condition."

Query for the American people: ed they were protecting the steel industry with high tariff rates so that the workmen in that industry could have good wages and desirable working conditions and since the steel trust has denied its workers both good wages and decent working conditions, why should the steel trust be longer permitted to enjoy tariff rates which taxes every family in the United States?

Torrens Land System.

Believing in the possibilities for good in the Torrens land title system, the Daily News has declared in favor of its adoption by the next general assembly. Just what the system is, and what it is aimed to accomplish by it, is not generally understood by the public, and as a means to an understanding we quote from the Asheville Gazette-News an editorial presentation of it here:

The two great demands in real estate are for absolute security of title

THIS IS MY 65th BIRTHDAY.

Edward M. Gallaudet.

Dr. Edward Gallaudet, who recently retired from the presidency of Gallaudet College, the famous institution for the education of deaf mutes at Washington, D. C., was born in Hartford, Conn., February 5, 1837. He was graduated from Trinity College in 1856, with a degree of bachelor of science, received the degree of LL.D. in 1869, was similarly honored by Yale University in 1895, and also received on honorary degree from Columbia University in 1899. Dr. Gallaudet was a member of the faculty of his father's institution for deaf mutes at Hartford in 1856-57, and in the latter years organized the Columbia Institution for the Deaf, Dumb and Blind in Washington, and developed from it Gallaudet College for the Deaf, founded in 1864, which is still the only college for the deaf in the world.

and for cheapness and facility of land transportation. We have seen that neither of these desiderata is obtained under the recording system. The Torrens acts are designed to realize both by the simple expedient of having the title judicially determined once and for all time upon application for initial registration under the act. The owner's assent is necessary to bring the land under the operation of the act, but once given, is irrevocable; an agreement is implied which shall run with the land and be operative forever.

The object sought is apparent. The owner's title is to be established not only as against any individual claimant or claimants, but as against all persons. It is intended to give him an indefeasible title. The aim is to extinguish once for all against adverse to the record such as arise from fraud, legal incapacity to transfer, unknown heirs, irregularities in judicial transfers and other latent defects which are liable to be discovered and made the basis of attack at any time under the recording system.

This being done, it necessarily follows that the system of transfer is greatly simplified and made much less burdensome. Title having been perfected at the time of original registration, the holding of a registry certificate is evidence of unimpeachable right. Hence, instead of being under the present necessity, as a man careful of his interests, of having the title established anew, with the attendant loss of time, expenditure of money and final insecurity from later and successful assault from some unsuspected quarter, the prospective purchaser or transferee may obtain possession merely by registering in place of the transferor, forms provided by law to effect the transaction, of course, being complied with.

There will be seen to be latent in this system the possibility of injustice by the complete, utter and irrevocable extinguishment of right to title in favor of the applicant for registration. As a matter of course, the decree of registration is subject to reopening by the usual procedure of attack upon decrees in general the statute of limitation running for various terms in the several states. Even then, however, it is seen to be a rigid law, especially as the acquisition of the title in the meantime by an innocent purchaser for value generally if not universally makes the decree binding. The extinguishment of individual rights under the documentary registration system has possibilities of wrong, the protection of the weak against the strong, of the helpless against the unscrupulous is not complete. Under the more rigid Torrens system this possibility is greatly intensified.

To safeguard these jeopardized interests, a state indemnity fund is provided under the system. From those who desire to register and thus extinguish contravening rights to their title, the state collects a fund for the reimbursement of those who may be wronged thereby, and who do not have the opportunity to defend their interests at the judicial proceedings necessary for the vesting of the title. This fund, it will be apprehended, is the cornerstone of the edifice. It is designed to compensate the innocent who may have suffered through the law's operation, without injury to innocent purchasers for value.

In the last analysis, under the most exacting test, the Torrens system may be found to possess some defects—it would be strange otherwise—for no law devised by human instrumentality has ever been perfect. But we believe the system would be a vast improvement over the present documentary registration system, under which disputes and endless litigation exist.—Greensboro Daily News.

National Canners' Convention.

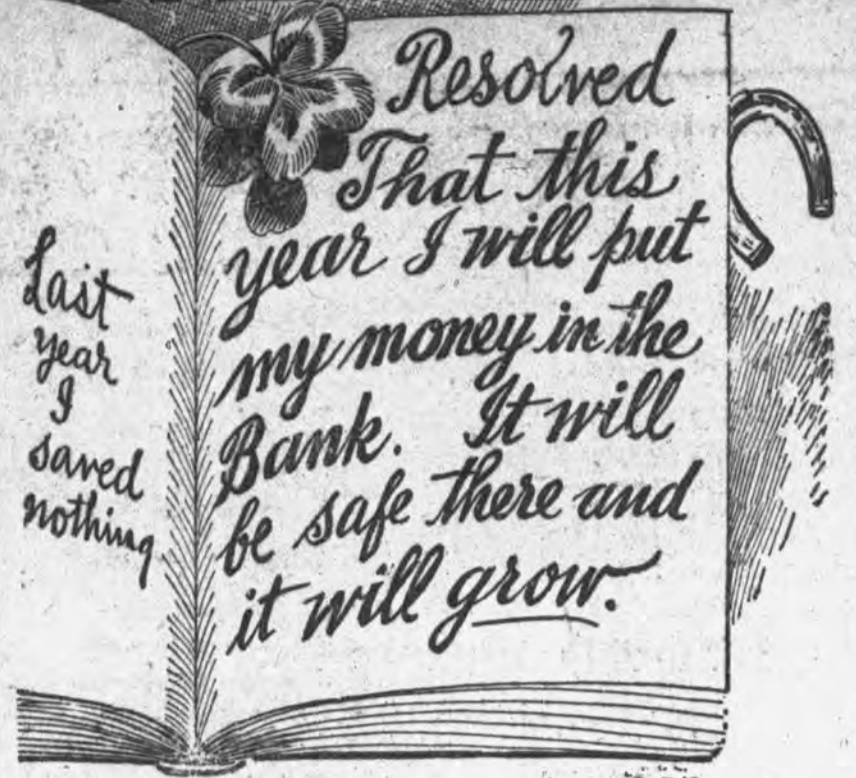

ROCHESTER, N. Y., Feb. 5.—Active co-operation in the movement which makes for better agriculture and larger crops is to be one of the leading subjects of discussion at the annual convention of the National Canners' Association, which began in this city today with a large attendance. The convention will continue in session until Thursday.

Miss Lillian Fountain Entertained in Honor of Bride.

Mrs. Robert Wyatt, formerly Miss Christian Rennie, of Norfolk, who has just come to the city a bride, was the guest of honor at a charming afternoon reception given yesterday by Miss Lillian Fountain, at her home on North Blount street.

Between seventy-five and a hundred guests were present, the occasion being a most delightful one. Miss Fountain's hospitality was greatly enjoyed while the guests were charmed with Miss Wyatt, who is being cordially welcomed by her old friends in the city and is making many new ones.

At the door little Misses Ruth Fountain and Julia Ross received the cards.

In the receiving line were Mrs. J. L. Fountain, who wore a gown of black crepe meteor; Miss Lillian Fountain, in pink; the guest of honor, Mrs. Wyatt, in a gown of real lace over yellow satin. The others in the receiving line were Mrs. Wyatt's sister, Miss Edith Cecil Rennie, of Norfolk, who was maid of honor at the wedding, wearing her gown for that occasion of pink crepe de chine; and Miss Wilson of Kinston, in pink dew drop net over white satin, which she wore as bride's maid at the wedding.

In the dining room dainty refreshments were served by Misses Elizabeth Fountain, Frances Park, Mildred Wyatt and Naomi Alford.

The decorations throughout the house were in pink, the gowns of those in the receiving line harmonizing beautifully with this color scheme. In the dining room pink and white sweet peas formed the centerpiece of the daintily appointed table.

As the initial event given in Mrs. Wyatt's honor the reception was altogether delightful and will be followed by other affairs in her home.—Raleigh Evening Times.

Pat Davis and Mary Smith, Charlie Tice and Mary Sugg, James Roberson and Mollie Sneed.

MEN'S PRAYER LEAGUE.

Are Always Interesting and Should Have Large Attendances.

The Men's Prayer League in the Christian church Sunday afternoon, had a very small attendance due to the cold weather, yet the meeting was well worth while. Messrs. C. C. Pierce and R. M. Hearne discussed interestingly the subject, "Faith and Works," emphasizing that the two are inseparable and must go together in real Christian life.

Next Sunday's meeting will be held in the Baptist church. Subject, "How to Escape Harm." Text, I Peter, 3:13. Leaders, Messrs. J. Tyson, Wiley Brown and F. M. Wooten.

The men can get much out of these meetings if they will attend them.

IT WAS NOT A JOKE.

But The Officer Did a Very Human Act.

Saturday some of the friends of Deputy Sheriff Ernest Dudley thought they had a good joke on him and were twitting about it. But it was not such a joke, after all, even though the officer might have been embarrassed for the time being while performing a duty that embodied a real act of humanity. It came about this way:

Officer Dudley was commissioned to take a demented colored woman to the state hospital in Goldsboro. The woman had a 4-months-old baby and the infant was taken along with her. Reaching the hospital the officer was informed, much to his chagrin, that the baby could not be received there, so no alternative was left but to take charge of the baby and bring it back to Greenville. Those not on to the situation might have wondered why a white man was traveling alone with a negro baby in his arms, but he brought that baby home all right.

Beautiful Goods.

In our bargain column today, Pulley & Bowen call attention to their new arrival of laces and embroideries for spring. They have a beautiful line of both domestic and imported goods and the ladies who call to see them will be more than pleased.

A New Bethel Note.

BETHEL, N. C., Feb. 5.—A farmers' institute was held Saturday, but the cold weather and bad roads made a small attendance. Messrs. French, Shaw and Winslow, Mrs. McKinnon and Miss Webb all made interesting talks in their respective parts of the institute work.

The Bethel Banking and Trust Company has moved into new quarters which are nicely fitted up for its growing business.

It looks almost like the fall of the year around Blount Bro.'s ginners, so many carts and wagons are coming in with cotton to be ginned. Up to date 2700 bales have been ginned at this plant, and there is yet much unpecked cotton in the fields.

Dr. F. C. James, our veteran physician, has been quite sick for some days.

The graded school here is doing excellent work under the superintendency of Prof. W. A. Bivens. As many of the pupils come from the surrounding country, the recent bad weather has had some effect on the attendance for the time being yet there has been but little interruption in the work of the school.

Mr. H. B. Smith Conducts Y. W. C. A. Services.

Mr. H. B. Smith, superintendent of the graded school, conducted Y. W. C. A. services at the Training school on Sunday evening. His theme was Bible Study. He lamented the great ignorance and neglect of intelligent study of the Bible. The homes have turned the matter largely over to the Sunday schools and, even here, the study is progmentary. This is due to the fact that the study is largely progmentary; chapters are studied rather than books. He stressed the literary side of the Bible, calling attention to the Bible as a library of sixty-six books, representing all of the classic forms of literature. He read a clipping illustrating the amusing, but appalling, ignorance of the Bible on the part of students.

Mr. Smith's talk was interesting and timely.

The association has three Bible classes with an enrollment of sixty, who are doing intelligent, careful work.

CAMPAIGN PREPARATIONS

Republican Senators and Representatives Meet.

WASHINGTON, D. C., Feb. 5.—Today's joint caucus of Republican senators and representatives to ratify the selection of the members of the Republican Congressional Campaign Committee marks the first active step in the Republican national campaign of 1912. From this time on the political machinery will move with an ever increasing velocity until the climax is reached with the casting of the ballots in November.

The Republicans plan to begin the practical work of the canvass a little earlier this year than in 1904 or 1908. No attempt is made to conceal the fact that they expect a much more difficult campaign than in either of those years. The party is less harmonious than it was in the contests of four and eight years ago, while the Democrats have more encouragement to make a harder fight now than they have had at any previous time since 1896.

Nurkin Released on Bond.

Wilson.—J. J. Nurkin, who surrendered to Sheriff Sharp Friday afternoon, is out on a \$500 bond. He says the News and Observer and other papers have done him an injustice by stating that he is wanted in Chase City, Va., for the larceny of a diamond and in South Carolina for shoving a trunk. He says that he has never been in South Carolina and don't know where Chase City is.

What Good is an Accident Policy?

BUILDER MEGRAW KILLED IN AUTO ACCIDENT.

Well-Known Business Man Hurled to Death When Wheel Hit Culvert.

Attempting to guide his automobile past a carriage as both were crossing a culvert on the outskirts of Chester yesterday, John Megraw, of No. 2810 Walnut street, and one of the best known builders in this city, was thrown from his machine and received injuries that caused his death a few hours later in the Chester Hospital.

Mr. Megraw had gone for a visit to relatives in Delaware county and met disaster on the road leading from Valley Green into the city of Chester. A front wheel of his automobile struck the corner of the culvert throwing the machine on its end. Mr. Megraw was pitched over the wind shield and landed heavily on his head on the road. His skull was fractured and though he was gotten to the hospital without loss of time the physicians were unable to save his life.

Mr. Megraw, who was 42 years old, had been extensively engaged in the building of dwellings and was widely known in business circles. His offices were in the Land Title Building. He was president and general manager of the American Cork and Seal Company and vice president of the American Brick Manufacturing Company.

THEY INJURE CHILDREN.

Cathartics and Pills and Marsh' Physio May Cause Distressing Complaints. You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given. Ordinary pills, cathartics, and purgatives are too apt to do more harm than good. They sometimes cause griping, nausea, and distressing after-effects, and may actually injure the health, thus establishing a life-lasting annoyance.

We personally recommend and guarantee Rexall Orderlies as a safe and dependable remedy for constipation and associate bowel disorders. We have such faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies not only relieve constipation, but help to remove the cause of this ailment. They also frequently overcome the necessity of constantly taking laxatives to keep the bowels in normal condition.

There is really, in our opinion, no similar medicine so good as Rexall Orderlies for the purpose to which it is directed, especially for children, aged and delicate persons. They are prepared in tablet form and in two sizes of packages: 12 tablets, 10c., 39 tablets, 25c., and 80 tablets, 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the Natural Color—Dandruff Quickly Removed.

How often one hears the expression, "She is gray and beginning to look old." It is true that gray hair usually denotes age and is always associated with age. You never hear one referred to as having gray hair and looking young.

The hair is generally the index of age. If your hair is gray, you can't blame your friends for referring to you as looking old. You can't retain a youthful appearance if you allow your hair to grow gray. Many persons of middle age jeopardize their future simply by allowing the gray hair to become manifest. If your hair has become faded or gray, try Wythe's Sage and Sulphur Hair Remedy, a preparation which a chemist by the name of Wythe devised a few years ago. It is simple, inexpensive and practical, and will banish the gray hairs in a few days. It is also guaranteed to remove dandruff and promote the growth of the hair.

It is a pleasant dressing for the hair, and after using it a few days itching and dryness of the scalp entirely disappear.

Don't neglect your hair. Start using Wythe's Sage and Sulphur today, and you will be surprised at the quick results.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

The Weather.

Don't Miss This One--It's Great!

Breaking World's Plowing Record!

That a full acre of ground can be turned in less than five minutes with one outfit seems an impossibility, but to those who have seen it done it appears easy. It is a fact that not long ago the world's record for plowing an acre was broken on the great farm of Purdue University, Lafayette, Ind., when an acre was turned evenly and perfectly in the astonishing time of only 4 minutes and 15 seconds. This was done by a 50 Base Oliver Engine Gang Plow made by the celebrated plow concern of that name in South Bend, Indiana's great and growing manufacturing city. Three 30 horse-power tractors supplied the motive power.

The Oliver Engine Gang Plow is something new, although its quick popularity is attested by the fact that hundreds of them are already in use in Canada, the Dakotas and other western states. The test of the 50 furrow plow on the Purdue farm demonstrated the practicability of this wonderful modern invention and this was also further proven in a more recent exhibition in South Bend where a 55 bottom gang plow pulled by three great 45 horse-power gasoline tractors, was shown to an admiring crowd of men and women assembled on one of the Oliver farms. Moving pictures of the plow in operation were made for exhibition purposes.

We are selling the one horse and two horse Oliver Chilled Plows, the best and cheapest line—quality considered.

We solicit your patronage. Come to see us.

DOING THEIR DUTY.
 Scores of Greenville Readers Are Learning the Duty of Kidneys.
 To filter the blood is the kidney's duty.
 When they fail to do this the kidneys are sick.
 Backache and many kidney ills follow.
 Help the kidneys do their work.
 Doan's Kidney Pills have cured thousands of severe cases.
 Proof in the following:
 W. A. Respese, 221 E. Fourth street, Washington, N. C., says, "I have used Doan's Kidney Pills and I know that they can be relied upon to cure a lame and aching back and correct trouble with the kidney secretions. For some time my kidneys did not do their work as they should. I was subject to backaches and had pains when passing the kidney secretions. I used a box of Doan's Kidney Pills as directed and they gave me relief. That was nearly a year ago and I have had no need of a kidney medicine since."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
 Remember the name—Doan's—and take no other.

LIGHT SNOW.
 And Sunday Was a Bitter Cold Day.
 The ground hog began getting in his work and the weather man hit it right in his prediction for snow Sunday morning. While rain came first, some snow followed and there was enough to make house tops, and places where it could stick on the ground, look white. The weather cleared during the morning and the remainder of the day was bright, but the brisk wind felt like it was right off an iceberg and the temperature was below freezing all day.
