WASHINGTON HAS ORGANIZED A CLARK CLUB

Honorable H. S. Ward Makes a Strong Speech

IS REPRESENTING JUDGE CLARK

Club Just Organized in Washington is the Fifth one Formed for the Purpose of Supporting Justice Clark's Candidacy for the Senate.

WASHINGTON, N. C., March 1.—The fifth Clark club has been organized in North Carolina in support of the candidacy of Judge Walter Clark for the United States senate, for with a start of 204 members a Clark club has been organized here. The membership of the five Clark clubs now number over 800.

There is great interest here in the senatorial contest and the friends of the various candidates are getting to work. A Simmons club was organized a few days ago, and last night the Clark men met and organized the Clark club, which begins with 204 members. A strong speech was made by Hon. Hallet S. Ward, who ably presented reasons why Judge Clark should be elected to the senate. The meeting was an enthusiastic one and the friends of Judge Clark are highly pleased. They declare that the magnificent speech of Mr. Ward added to the supporters of Judge Clark and that it is most gratifying that a club with so large a membership should have started in a place the size of Washington. The club elected Hon. H. S. Ward as its president and Mr. J. L. Wilson secretary.

IN TRIP HAMMER VERDICT

A REDUCTION OF \$1,500 IS MADE

MOOREFIELD MUST EITHER TAKE \$1,000 AN DSTAY OR \$3,000 AND LEAVE HIS PREMISES.

GREENSBORO, March 1.—The alternative of accepting \$1,000 and continuing to dwell under the shadow and within sound of the trip-hammer or accepting \$3,000 and giving clear title to his property, was yesterday offered J. R. Moorefield by Judge C. M. Cook, who last week heard the case and received the verdict in Moorefield's suit against the Standard Boiler and Machine company.

In cutting down the jury's verdict of \$2,500 to \$1,000 as damage to the property of Moorefield because of operation of the trip hammer, Judge Cook suggested that the interested parties to the suit get together and agree to the \$1,000 damages or absolute sale of the property owned by Moorefield. Judge Cook suggested that \$3,000 be paid Mr. Moorefield by the Standard Boiler and Machine company in the event he wished to get away from the sound of the hammer. This, it is said, is considered a fair price for the property by local real estate men.

750,000 COAL OPERATORS OUT ON A STRIKE

Fail to Come to an Agreement with Their Employers

MINERS LAY DOWN THEIR TOOLS

Meeting of Miner's Federation and the Coal Owners Association fail to Bring Problem to an Amicable Solution—Little Hope Held Out For Satisfactory Agreement.

LONDON, Feb. 29.—Upwards of a million coal miners had laid down their tools this afternoon when the day shift in the coal miners ended. The army of striking colliers swelled hourly throughout the morning when it became known that no settlement had been reached.

Meeting were held by the coal miners' federation and the coal owners' association late in the morning but they apparently only resulted in a reiteration of the refusal of the participants to budge from their respective positions.

Further meetings are announced for this afternoon but little is expected to result from them and as a consequence the cabinet, which met this morning completed arrangements to hurry legislation which may prove necessary in order to compel a resumption of work.

A number of meetings of railroad employees passed resolutions pledging themselves to abstain from handling troop trains and coal produced by non-unionists.

The Premier and his colleagues in the cabinet, officials of the board of trade and other persons having influence with the coal owners and miners have been making this morning a final attempt to avert the disaster of a national coal strike in Great Britain. There is only, however, the faint hope of success.

In the meantime the miners throughout the country are preparing to lay down their tools and quit work so that before nightfall, unless some unexpected change comes over the situation, nearly a million men and boys now employed in the mines will be idle and tens of thousands in other trades will be forced into a similar condition.

Texas Wilson Men to Confer.

AUSTIN, Texas, March 1.—Political interest in Texas is centered in a conference which is to be held at Waco tomorrow by friends of Woodrow Wilson, who expect at that time to lay the foundation for an aggressive fight to elect forty delegates to the Democratic national convention who will be in favor of the nomination of the New Jersey governor for President. The Wilson partisans in the Lone Star state appear confident of capturing the entire delegation, but they should wage as aggressive if they regard the result in doubt. As the result of the Waco meeting it is expected that a vigorous campaign for a Wilson delegation to Baltimore will be maintained up to the time of holding of the state convention or the state primaries, if the last-named system of selecting the delegates is adopted by the state executive committee. There appears to be a popular demand for the holding of a presidential preference primary and in connection with the Waco conference tomorrow there will be a separate meeting of Democratic leaders from various parts of the state convention to consider the matter.

Discussing the political situation in Texas, with respect to the chances of Woodrow Wilson securing the support of the Texas delegation, Judge Cato Sells of Selburne, who is chairman of the executive committee of the Woodrow Wilson State Democratic League, says: "We are not only optimistic, but our confidence in the situation is justified by reports, coming through a systematic organization in practically every county in the state, which indicate that at least three-fourths of the Democrats of Texas are in favor of the candidacy of Governor Wilson, and that Texas will send a solid Woodrow Wilson delegation to the Baltimore convention."

HELPFUL HINTS ON HAIR HEALTH.

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat-band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store, Moye's Pharmacy, Greenville, N. C.

Everybody's Friend.

The old family doctor, of whom so few are now seen in this age of "specialists" was the valued friend and adviser of his patients. They depended on him to keep them in health, and cheer them with his counsel. He taught them the wisdom of preventing illness by watching closely after the health of the family.

Mrs. S. H. DuBois writes from her home at Hempstead, L. I.: "Vinol is an old friend of our family. We have used it for years whenever any of us need a tonic on account of being in a rundown state of health, and it always gives perfect satisfaction. We have used nine bottles this winter." There are thousands of families who could and do say the same thing. Vinol, our delicious cod liver and iron preparation without oil, has proved its value by bringing back rugged health and strength to vast numbers of weak, rundown men, women and children. That is why we sell so much and guarantee it to give satisfaction. If it disappoints you, you can have your money back at once. Moye's Pharmacy.

Don't judge a Manure Spreader by Looks

Every Manure Spreader is not a Cloverleaf that looks like one.. You can't judge a Manure Spreader by its looks because there are many features which are found in the construction of one machine that are not found in others. Cloverleaf Manure Spreaders are the most easily operated, the strongest and best machines on the market. If you will examine one critically you will agree with us that the

Cloverleaf

is the best machine you ever looked at. Drop in. Let us discuss the manure spreader proposition. Let us explain the many meritorious features found in Cloverleaf construction. Better still, buy one, then you will be in a better position to know why you can't judge a manure spreader by its looks.. If you are not ready to buy, call and get a catalogue. Its filled with valuable information on soil maintenance and fertility. We are reserving one for you. Won't you call and get it today?
