## EXPLOSION KILLS 105 IN O. LA.

### Horrible Mine Disaster in the San Boise Mine

### BIG SHIPMENT OF COFFINS ORDERED

It is estimated that at least 105 miners have perished in the gas explosion which took place in the San Boise Mine in McCurtain, Okla.—Work of Rescue Carried on While Coffins are Sent for.

McCURTAIN, Okla., March 21.—It is estimated that 105 lives were lost in the San Boise mine explosion which occurred yesterday. Most of the fatalities occurred among the men working in the ninth level.

Thirteen of the miners escaped shortly after the explosion occurred. Several, however, are so badly injured that their recovery is not thought possible.

A systematic search of the wrecked mine began early last night under the direction of government experts. The explosion occurred shortly after 9 o'clock yesterday morning and according to an official statement from the officers of the Fort Smith and Western railway company, owners of the property, more than 195 men were employed in the mine.

Whether gas or coal dust caused the explosion has not been determined. Eight of the men who escaped alive were at work in the mule stables and made their way to the surface through the passage used for the cars. The first party of volunteers to enter the wrecked mine found five others injured in a wrecked entry. Three of these will probably die.

After their first survey of the wrecked mine government experts expressed the opinion that all of the men imprisoned are dead and coffins were ordered shipped to the grief-stricken mining camp. Mayor Bourland of Fort Smith has issued an appeal for aid for the families of the victims.

Forty three of the men are Americans and three are members of a surveying party.

Later Report.

Fourteen miners were taken out alive today and twenty-five bodies recovered, bringing the death list up to 85.

It was announced several weeks ago that he would probably be a candidate and since that time he has received letters from various parts of the state assuring him of support.

#### Much Damage From High Water—Farmers Discouraged.

Mount Gilead.—Therecent heavy rains, which were accompanied by wind, did considerable damage over the country. The Pee Dee river was about as high as was ever known. The continued rain and winter is beginning to grind on the nerves of the farmers. They say "Here it is almost the first of April and nothing done". The weather and roads have been so bad scarcely any fertilizers have been handled.

#### Six Houses and Store Burned.

Dhram.—Six dwellings occupied by colored people and a store building located in the colored section of the city were destroyed by fire at an early hour this morning. The fire originated in a colored restaurant. The fire engines became stuck and were unable to render assistance. The loss is about \$6,000 partially covered by insurance.

## National Coal Strike Seems Now Imminent

### Operators Flatly Refuse to Grant Increase of Wages and Decrease of Hours

## 200,000 Miners are "Turned Down"

CLEVELAND, O., March 22.—Wage discussions between the operators and representatives of 200,000 union miners in the bituminous coal fields of western Pennsylvania, Ohio, Indiana and Illinois, held in an effort to avert a prolonged suspension of business after April 1 and also to avert a possible strike, today were without definite results.

The prospects that all the bituminous coal mines would be closed down after the first of the month, pending the making of a new two-year working and wage agreement, was said to be imminent. It also was said the lack of a wage scale in the central states would leave the bituminous coal miners in other states without a basis upon which to work and they would have to close, entailing idleness for more than \$50,000 miners.

After today's conference adjourned over until tomorrow the union officials and operators announced only

the first of the miners demands had been considered and on vote had been taken. This demand is that all the men be paid on the "run of the mine" basis. At present the pay is based either on a ton screened or sifted or at a smaller rate for coal unscreened. The "run of the mine" basis, already in use in some states, would provide for a flat rate a ton mined, regardless of whether it was screened or not.

In the readjustment of this basis, the miners demand an increase of 10 cents a ton over the average price now paid. They also want shorter working hours.

As an offset to the miners demands the operators ask a 10 per cent reduction in the present rate. It was pointed out that a continuation of the present rate would be in the nature of a compromise, but the miners assert they will not return to work without more pay and a material shortening of hours.

## OUTLAWS ARE STILL HIDING

### DETECTIVES SURROUND THEM

#### ALLEN GANG'S WHEREABOUTS VERY DOUBTFUL—ABOUT TWELVE MEN IN PARTY

HILLSVILLE, Va., March 21.—Sidna Allen and his gang today apparently are no nearer capture than they were a week ago when the rode back to the mountains after enacting the tragedy that almost blotted out the circuit court of Carroll county.

Posses have surrounded three different mountain strongholds in which the Allens are believed to have been run to cover only to find that the outlaws either had escaped or had not been there at all.

Nothing had been heard early today from the detectives who were in the field yesterday and last night. The town is excited over a report that a party of the Allens or their sympathizers rode to a point within three miles of Hillsville last night and placed a notice of their own beside the governor's posted proclamation, offering rewards for the fugitive clansmen, dead or alive. This is the notice said to have been posted:

"To those who have made it their concern:  
"We have plenty of arms and bullets. We know how to use them. These hills are an unhealthy place for strangers to visit. Remember, this, you can get us in the end, make, but we will get you first."

#### To Fight for Missouri Governorship.

JEFFERSON CITY, Mo., March 22.—Wat promises to be the hottest gubernatorial battle that Missouri Democrats have waged in years will be launched in earnest tomorrow when Elliott W. Major, attorney general, will formally open his campaign for the nomination for governor in an address before the "Major for Governor" club in De Soto. Major plans to make a vigorous fight to head the State Democratic ticket. He has already formed strong alliances in every county, his friends say, and they believe he will be able to win the fight.

Major will be opposed by Senator Stone and practically all of the old machine leaders. The latter have picked upon former Congressman William S. Cowherd of Kansas city as their choice for governor. Cowherd was the Democratic nominee in 1908, but was defeated by Governor Hadley.

#### Spring Showing March 26.

My sample line of coat suits, dresses, skirts, shirtwaists, etc., will be more beautiful this season than ever before. Come and look them over next Tuesday in the Flat Iron building, Dickerson avenue.

#### Hearing on Iowa Rates.

WASHINGTON, D. C., March 22.—The so-called Iowa rate cases, which have been pending before the Interstate Commerce Commission for a long time, came up for hearing today before that body. The complaints were filed against several of the large Western railroads by the state of Iowa and commercial organizations of Cedar Rapids, Fort Dodge and several other cities. The complaints allege that the present freight rates on interstate shipments to and from Iowa points are unjust and unreasonable as compared with the rates existing in other sections of the country.

## Gaiety Theatre Opens Again

### Large Audience Was Present to Re-Opening of Popular Playhouse Kept Closed by the Severe Spell of Cold Weather of the Past Weeks.

The managers of the Gaiety theatre again threw open their doors last evening after being closed during the extreme cold weather and will continue to exhibit during the remainder of the season strictly a high class service of films.

The people of Greenville displayed their high appreciation of this amusement house judging from the large audience that visited them during the evening.

The pictures exhibited were unquestionably some of the best that has ever visited this town and the audience was loud in their praise and highly commended from all sides.

Unfortunately being the opening night they met with a slight breakdown due to some of the parts of the machine becoming out of adjustment, however, that was remedied later and the managers announce they will be in a better working condition tonight than they were last night.

#### The Weather.

Rain, much colder tonight. Probably snow in the mountains. Saturday, cloudy, rain and colder east portion. Moderate to brisk north and northeast winds.

## JONES R. R. BOUGHT BY COLES INTERESTS

### Line Extends From Thomasville to Denton

### TO EXTEND IT TO HIGH ROCK

#### Inspector of the Property by Bird S. Coler, Led to the Taking of an Option That May Mean Ultimate Annexation of Railroad Property, to His Interests.

GREENSBORO, March 22.—That the Coler interests have bought the Jones railroad, running from Thomasville to Denton and will extend it from Denton to High Rock and from Thomasville to High Point and Greensboro, is the substance of well authenticated reports which comes here from Thomasville. From Denton to High Rock is only three miles, but the value of an extension is seen by the fact that a connection would be established at High Rock with the Southbound road.

To substantiate the rumors, it is pointed out that last week Bird S. Coler and a party of associates inspected the Jones properties in company with T. J. Jerome of Salisbury. It is said the inspection resulted in the taking of an option on the property by the Coler interests and report now is that this option will be taken up and work of development begun immediately. The announcement that Bird S. Coler will return to North Carolina the latter part of the week also lends credence to the rumors.

By the extension of the road from Thomasville to High Point and Greensboro the Coler interests, which owns the local street railway systems in these two towns, would fulfill a long desire to operate interurban lines in this section. This interurban dream was somewhat upset by the coming of the Dukes into this section, but the slowness of the Southern Power Company to put down lines in this vicinity is said to have again prompted the desire of the Coler people to operate between here and Thomasville. With the Jones road they could go on to Denton and High Rock and gain a connection with the Southbound.

## Kingsboro Postoffice Robbed

### Ten to Twelve Gallons of Whiskey Stamps and a Sum of Money Were Stolen—Negroes Suspected are Captured.

ROCKY MOUNT, March 22.—News reached this city that the express office of Kingsboro, four or five miles from this city on the road from here to Tarboro had been broken open and robbed between 2 and 3 o'clock yesterday morning and ten or twelve gallons of whiskey, money and postage stamps and other express taken therefrom. On account of poor telephone connection it was impossible to get the exact amount of the robbery, except concerning the whiskey, but it was stated that all the cash and postage stamps in the office had been taken by the thieves.

Even at this extremely early hour a search was immediately instituted by the citizens of the town and a report was received here later that three negroes had been captured, charged with the robbery. Whether the stolen goods were found on their person could not be learned.

EDUCATIONAL PROGRESS IN N. C.

The following statistical tables have been carefully tabulated from the official reports of the State Superintendent of Public Instruction for the decade 1901-1910. The following is a summary of the facts from these tables, indicative of the rural elementary public schools during the decade:

- The annual expenditures for elementary rural schools has been increased from \$1,018,157.34 to \$2,126,495.50, more than doubled.
- The average term of the rural white schools has been increased from 76 days to 93 days, nearly one school month.
- The value of rural school houses and grounds has been increased from \$1,146,000 to \$3,094,416, nearly tripled.
- Three thousand, four hundred and fifty-six new school houses have been built since 1902, more than one a day for every day in every year.
- Expenditures for salaries of white rural school teachers has been increased from \$621,927.97 to \$1,126,059.83, nearly doubled.
- The average monthly salary of white rural teachers has been increased from \$25.39 to \$34.47 and the average annual salary from \$98.77 to \$159.97, an increase of more than 40 per cent in annual salary.
- The enrollment in the white schools has been increased from 298,868, to 360,121, an increase of 22 per cent. The total white school population of the state has increased less than 11 per cent.
- The average daily attendance in white schools has been increased from 166,200 to 235,872, an increase of more than 41 per cent.
- The number of rural white school teachers has increased from 5,570 to 7,047, an increase of 1,477.
- The expenditure for salaries of county superintendents has increased from \$23,596.85; the average annual salary of the county superintendents has increased from \$243.27 to \$796.95.
- The number of special local tax districts has been increased from 18 to 167. In 1910 about \$300,000 was raised by local taxation for the rural schools. Nearly \$900,000 was raised by local taxation for the rural and city schools.
- Since 1905 the number of rural school having more than one teacher has been increased from 851 to 1,355. No report of this previous to 1905.
- The number of rural libraries has been increased from 472 to 2,772. In addition, 914 supplementary libraries have been established. These libraries contain 265,752 volumes, costing \$96,870.
- Since 1907 when the rural high school law was passed, 202 rural high schools have been established in 93 counties in which were enrolled in 1911 nearly 7,000 country boys and girls.

These facts show that during the past decade there has been contin-

uous progress along all lines in the rural school system of the state. The physical equipment of the schools has been improved until the value of school property has been more than doubled, a comfortable new modern school house having been built for every day in the year.

As the executive committee has selected Morehead City as the meeting place for the next press convention we are going to look after our bathing suit and have it ready. Ours is big enough to lend to Cowan, too, provided we take it by turns, but Phillips is warned to bring a large one along with him.

For a man but recently married, the following from the editor of the Farmville Enterprise is suggestive. He says "If you think a house should have only one head and that be yours, postpone your wedding indefinitely."

Raleigh as the place for the Democratic state convention sounds like old times, but Raleigh would never have seen it again if she had not built an auditorium and more hotels.

The fellow who is predicting a cold snap should be made to shut up.

Community Building.

If the men and religion Forward Movement doesn't get in the way of itself there are favorable indications now that it may become an organization of much usefulness to Greensboro. If the movement continues as it was started under the leadership of the business men of the city, and with the sanction and co-operation of all the churches and with the broad purpose of making Greensboro better in the part and in the whole, with the good of the whole community at heart and not with selfish interests of any single individual predominating, then this town will have a prosperity wave that will make it a city worth of the name.

Every community that desires to accomplish something—to become bigger and better, for instance—must have that something in mind as a community. All the people must feel this, and feel it strongly and personally and organizations has come to be accepted as the means of best enlisting the people for a concerted move, for a result-bringing action. The Men and Religion Forward movement is purposed to be an organization for such a purpose, for making Greensboro not only bigger but bet-

ter, for enlisting the men of Greensboro in a fight for community extension and growth, and as such has made a beginning in a successful way.

It happens sometimes—yet it has not happened thus far with respect to the Men and Religion Forward movement—that movements or organizations are ade which fail and fall void of good because there is more of talk than there is of action, more of promising than there is of fulfilling, more of prescribing than there is of medicine and too frequently all prescribing and no medicine. Both are necessary and important. The motto of the boiler room, "Serve the Lord, but keep two good gauges," is decidedly to the point.

When nearly 200 men of the city left their business places on one of the most disagreeable days of the winter in the beginning of the work, they demonstrated very plainly and forcibly the practical part of the movement and it is such work and such spirit that alone will make it a success.

More than that it will make this town a success as a town in the whole and by the good accomplished for all will the movement be judged.—Greensboro News.

"Black Bart" to be Paroled.

MARQUETTE, Mich., March 22.—The law enacted by the state legislature last winter which extends the benefits of the parole law to convicts undergoing life sentence, will it is confidently expected, enable Raymond, Holzhay, more widely known as "Black Bart," a life prisoner with a sensational criminal record, to obtain his release on parole from the Marquette prison, where he has spent nearly twenty-three years of his life for murder. Holzhay who has been a model prisoner for many years, expects that under the new law his sentence will be commuted to one of 40 years and that he will be released on parole shortly after the commutation of his sentence.

Holzhay's career was extremely sensational and interesting from a criminological point of view. He was born in Austria and came to the United States when quite young. But little is known of his early life, scarcely more than that he was illiterate, of great physical strength and courage and had strongly developed criminal tendencies. He was still in his teens when he began to work in Wisconsin "pineries". The life of a lumberman did not satisfy Holzhay's adventurous nature. He decided to become a bandit and began his criminal career holding up a stage coach in the lumber district.

His success was encouraging and Holzhay single handed held up and robbed coach after coach until the mere mention of his name struck terror to the hearts of travelers in the lumber region. His boldness was astonishing. While dodging the officers of the law who were pursuing him, "Black Bart" walked boldly into lumber camps asking for food and obtaining it, no man being willing to take the risk of making an attempt to seize the outlaw.

After a while, finding the robbing of stage coaches too tame, Holzhay took to hiding up trains and for a considerable period he terrorized the whole northern Wisconsin and Michigan, holding up railroad trains and stage caoches, robbing the passengers and rifling the mail bags and employing his time between the bigger coups by robbing banks, stores and private houses. Large rewards were offered for his capture by the government, the state authorities and the railroad officials, but nobody seemed to have courage enough to earn the reward.

After having held up a Wisconsin Central train near Cadott, Holzhay went to the Gogebic region where he held up a stage coach near Lake Gogebic. One of the passengers was a Chicago banker named A. E. Fleischbein, who carried a considerable amount of money. The banker drew his gun, but before he could make use of it Holzhay shot and killed him. Another passenger also tried to resist, but Holzhay shot him also and after having robbed his victims, he made his escape. The authorities made a determined effort to capture the daring bandit, but although bloodhounds were used to follow his trail, no trace of him could be found.

Five days later, however, Marshal Glade and Justice Weiser saw Holzhay in one of the streets of the town of Republic and arrested him. He tried to make use of his gun, but was knocked down and overpowered before he could do so. He was brought to Marquette and was positively identified as the man who killed Fleischbein. Holzhay was tried, convicted and sentenced to Marquette prison for life. During the first year of his imprisonment Holzhay gave a great deal of trouble to the prison author-

Why Do They Do It?

"Why people should weep over the imaginary sorrows shown on the stage when there is so much real sorrow in the world, I never could understand," says a well known writer.

And it is just as hard for us to see why people will suffer needlessly for months or years. Here is the case of M. Carter of South Akron, O., who says:

"For two years I was in a badly run-down condition, felt weak and miserable and lost considerable flesh. Then I heard that Vinol was a great

thing to build up the body and create new strength.

"Now, after taking Vinol and getting so much good from it I have decided to write and tell you that it has made me strong and well again, and I have gained in weight, too."

If you are weak and sticky, need new strength and better blood, take Vinol, our delicious cod liver and iron remedy, for depend upon it, that is what you need and it will build you up. We guarantee it—money back if you are not satisfied. Moyes' Pharmacy, Greenville, N. C.

Our entire plant is now in thorough working order. We are turning out as good work as can be had anywhere and are doing everybody's work but YOURS. Why not give us a trial?

Ours is a home enterprise, we own our plant, have had eleven years experience in the business, are here to stay and if properly patronized our plant will prove a great help and convenience to the town in many ways, keeping many hundreds of dollars here which have been going to China or elsewhere for many years and we earnestly solicit the patronage of everyone.

We have one of the best, most modern and sanitary plants in the south. If you will once come and see how we handle your linen, you will never send it elsewhere. Visitors are always welcome, we extend to you a cordial invitation to come and look our plant over, especially is this invitation to the ladies.

## STATE AND COUNTY NEWS

### THE HAPPENINGS AROUND AYDEN

AYDEN, N. C., March 22.—Mr. Calvin Smith, one of Swift Creek's leading citizens was here Wednesday and informed us of the death of Mrs. J. B. Cox who died of pneumonia and that Mr. Cox was very low also.

Judging from the number of automobiles you see spinning up and down our streets a visitor would think he was in a large city.

Editor Whichard graced our town with his presence Wednesday. He is an old acquaintance of this scribe having known him before he edited the Greenville Express, afterwards The Reflector.

Talk about folks but we had a crowd of them here Saturday. Looked like court week in New York.

Mr. A. L. Jackson was here Wednesday with his little son who had broken his collar bone. Dr. Dixon fixed up the little fellow who seemed to be doing well.

Mr. Tom Keel and sisters of Stantonburg spent Sunday in town.

Mr. Erastus Cannon was in to see us Thursday and informed us of the sudden death of Mrs. P. A. Wayne Wednesday night. She was as well as usual when she was taken sick and died suddenly. Mrs. Wayne was a daughter of the late Sylvester Cox and was the second wife of Mr. Wayne. She left no children.

We regret to learn of the severe illness of Mrs. Mary Manning with pneumonia, who lives with her nephew Green Manning. Mrs. Manning is the widow of the late Matthew Manning.

Some of our citizens are anxious to know when they should take up their stock and have heard various reports concerning same. Hope the county commissioners will give due notice to the public on this point at an early date.

Poul Balefes, formerly with the Busy Bee Cafe of Greenville has rented the store of J. R. Smith and Bro., next door to R. C. Cannon and Sons, and will open a cafe at once. Last Sunday evening while riding a yearling calf, the little son of Mr. Dump Stox was thrown, his head striking a knot and cut an ugly gash in his forehead. Dr. Mark T. Frizzells went out and dressed it.

Oh! Those beautiful spring hats for ladies and children. The prettiest for the money. J. R. Smith and Bro.

If you have anything to offer the public let them know it brought the Daily Reflector.

Mr. Arthur Jackson tells us he has 40 hands picking cotton. Looks like fall of the year. Mr. L. L. Kittrell runs his gin some every day and has already ginned about 1500 bales this season and one man said there would be lost in the fields 500 bales in this section.

The Chamber of Commerce meets every Friday night.

Don't fail to see those pretty hats, trimmed to suit the most fastidious taste and price. J. R. Smith and Bro.

We are glad to hear that our old friend William Smith near Bethany is much improved. Some time ago he was repairing a roof and sustained some injury which impaired his usefulness for a long time.

Dynamite, pistols, cartridges, mill supplies, cement and a full line of hardware at J. R. Smith and Bro.

If you want to buy or sell an au-

tomobile let us write you up in this department.

Mr. J. J. Hines of Black Mountain writes that he appreciates the Reflector more than any news medium he has. So you see it is read from mountain to sea.

A small child of Poss Cannon's, col. was buried yesterday, died with pneumonia. Poss is serving a road sentence for retailing.

The Amphyician Society of the Seminary will debate the initiative, referendum and recall at the commencement. So you can expect something warm, there will be four speakers, and good ones.

The auditorium at the Seminary surely needs seats and we believe should the Allen gang come this way they would agree with us in saying so. Commencement is close by and if there was a charge of 25 cents for grown people and 15 cents for children, with no complimentary tickets for the three nights, we believe it would go a long way toward seating it. We prefer a good seat to standing up in the tobacco warehouse, like it was last year.

At the annual meeting of the Ayden Loan and Insurance Company, Manager J. S. Ross paid the stock holders 10 per cent cash and carried about this amount to the surplus. The old officers were reelected as follows: J. R. Smith, Pres.; R. C. Cannon, Vice Pres.; J. R. Turnage, Secretary; J. S. Ross, Manager.

The two large safes recently installed by the Bank of Ayden and the good advertising this bank has done has increased its deposits wonderfully. This bank is doing its part to develop Ayden and surrounding country.

Citizens of Ayden! How about that town market, city hall, with a lodge room on third story. Don't let this interest die in this much needed building. We especially need this hall to be used for town and township conventions for political speakings.

## Repeals Attack of Death.

"Five years ago two doctors told me I had only two years to live." This startling statement was made Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at all druggists.

## MADAME RACHELLE'S ADVICE TO BEAUTY SEEKERS

R. V. T.—Sallowness of the complexion is usually caused by a faulty diet and lack of exercise. Consult a physician about the former, keep out in the air as much as possible. Sleep with windows open.

Miss M. R.—Your druggist can supply you a preparation known as Wilson's Freckle Cream which I can recommend as a very effective freckle remover. It acts quickly and its bleaching properties are entirely harmless. Follow the directions on the package and protect the face from all undue exposure to the wind and sun. The cream sets for 50c the jar, and if your druggist is out, you may obtain it direct from the Wilson Freckle Cream Company, Charleston, S. C.

Wilson's Freckle Cream is sold by Moye's Pharmacy, Greenville, N. C.
