ROOSEVELT GETS "RECALL" IN COLORADO

State Republican Convention Instructs For Taft

NEVER A DOUBT AS TO RESULT

Almost Every Day Another Delegate Joins the Presidential Forces in Western State—Guggenheim, National Committeeman from Colorado

COLORADO SPRINGS, March 27.—The state republican convention here today selected eight delegates at large to the national convention, instructed them for President Taft, adopted resolutions endorsing the Taft administration and chose United States Senator Guggenheim as national committeeman from Colorado. The Taft instructions and endorsement were adopted by a viva voce vote and Senator Guggenheim was chosen national committeeman over Philip Stewart of Colorado Springs by a vote of 657 to 241. Senator Guggenheim was also selected as one of the delegates at large.

Never after the first vote on temporary chairman when Thomas H. Devine of Pueblo, the Taft candidate was elected over Ben Griffith, the Roosevelt candidate by 656 to 242 was there a doubt as to the adoption of the program agreed upon by Taft leaders. The Roosevelt adherents, although outnumbered carried their

The Seaboard had already paid him \$1. The jury figured the road still owed him 75c.

Pugilistic Encounter in Raleigh.

RALEIGH.—A rough and tumble fist fight on the street here last night between a prominent lawyer and a well known farmer stirred excitement. The combatants were B. C. Beckwith, county attorney, and Chairman of the State Board of International Improvements and W. H. Aiken tobacco farmer of Fuquay Spring, who made the world's record last season for growing tobacco. Beckwith was counsel in a case on trial in Wake court this afternoon in which Aiken was a witness whose testimony Beckwith sought to impeach.

His injuries are not considered serious and it is thought he will recover.

ERROR IN FIGURES.

Amount of Insurance Only Forty Thousand Dollars.

In giving an account of the amount of insurance carried by the different firms victimized by the last fire, we put Mr. Munford's figures at \$45,000. At least that is what we were able to learn from the different agencies. The amount really is about \$40,000.

Claude Swanson Allen Surrenders to Pursuers

Comes Out of Thicket in Blue Ridge Mountain and Pointing Weapons to Sky, Gives Himself Up to Officers. He Has Not Slept in a Bed Since Shooting

"Glad to Have Chance to Come in" When Led to a Cell

HILLSVILLE, Va., March 28.—Starving, sleepless and fatigued, Claude Swanson Allen, namesake of a United States senator, came out of the laurel thicket in the Blue Ridge mountains today, pointed two six-shooters towards the sky and gave himself up to the posse which for nearly two weeks has hunted him. Complacent and almost happy he sat tonight, sheltered from a driving storm by the little brick jail, a stone's throw from the Carroll county court house, where on March 14 the Allen gang vengefully killed the judge, the prosecutor, the sheriff, a juror and a bystander.

All day the posses, divided into small numbers, have been following a trail thought to be that of Wesley Edwards, a nephew of the Allens. Claude Allen, a son of Floyd Allen, who was the cause of the courthouse shooting, had been given up as having escaped. Detective Lucas and 41 men were working toward Floyd Allen's house when suddenly 25 yards or so off the mountainous road, a figure creeping steadily through the undergrowth was dimly seen through the mist which overhung the mountain slope. Close behind Lucas the other men brought their rifles to their shoulders, when, to their surprise, Allen stepped out into the road with his hands upraised, a pistol in each.

"Glad to Come In."

"I'm glad to get a chance to come in," he said. "I haven't slept in a bed since the shooting. I am hungry."

The young mountaineer swung in

behind the men of the posse and they started back to Hillsville. His pouches and roughened face confirmed his plea of exhaustion, but his broad shouldered form towered above the men who had taken him.

"I could have shot you," said Allen, as he smiled and nodded toward Detective Lucas, "but I was a little excited at having you come up on me so soon. Anyway, I didn't want to have to kill anybody."

Some bread and a cask of water was found hidden in the thicket and Allen said it was all he had been living on for several days. Detectives declared one of the revolvers in his hands was used in the courthouse tragedy.

Efficiency

Dear Mr. Editor: I believe an add in your paper will bring a buyer for anything. I thought I had you stunted some time ago when I gave an add to sell a goat, but it brought me a customer the second day. I have given you many little adds but have never failed yet. I have just succeeded in disposing of a horse and a pony by your add.

Henderson Young Man Mortally Wounded by Officer

HENDERSON, March 29.—Walter Cawthorn, a well known young man of this city, was shot and fatally wounded late yesterday afternoon by Dupey Sheriff Kit Davis and is not expected to live through the day.

The shooting occurred under the most peculiar circumstances. In the afternoon a report reached the sheriff's office that a man answering the description of the hobo who shot and killed J. R. King, the trainman, at Norlina, had been seen in the city, and Davis, the deputy, went in search of the suspected hobo. He started out on his quest and when he approached the court house saw a crowd of men standing near it. He

thought that the suspect had probably been arrested by other persons and he went to the crowd. When he neared the man one of the darted away suddenly and the deputy promptly fired at him, the ball taking effect in his back and penetrating several vital parts. When the deputy and other went to the wounded man they perceived that it was young Cawthorn.

Deputy Davis was bewildered when he found out what he had done and is deeply grieved over the sad affair. Young Cawthorn, who worked in one of the bagging factories is well known and is considered to be an honest and well behaved young man.

Decisions of Supreme Court

In Rexford vs. Phillips Case Supreme Court Affirms Referee's Decision—C. H. Rexford Recovers Large Tract of Land Which Had Been Sold for Taxes.

RALEIGH, March 27.—Among the sixteen decisions rendered by the supreme court here this afternoon, was that of C. H. Rexford against R. L. Phillips, appellant of Graham county, which was affirmed by the higher court. The case is remembered in Asheville as that which was placed in the hands of Mark W. Brown, as a referee for decision. It was claimed that a tract of several thousand acres of land was sold for taxes, having been the property of Mr. Rexford. The suit was brought to cancel a tax deed and had been in the courts for some time past. Mr. Phillips purchased the land at the time of the sale for taxes and fought the suit which was brought by the plaintiff.

NEWNAN, Ga., March 29.—Eugene H. Whether this should be done will be determined at a conference of Grace's physicians in Atlanta this afternoon. NEBRASKAN OBJECTS TO JUD. HARMON

Three Times Candidate Gives His Reasons

"MUST HAVE WALLSTREET SUPPORT"

William Jennings Bryan in an Open Letter Replies to Letter Sent by Harmon's Secretary—Has Not Accused Him of Being "Wall Street Tool"

LINCOLN, Neb., March 28.—Wm. J. Bryan has given out an open letter in reply to the letter given out by E. H. Moore, Governor Harmon's campaign manager. In this Mr. Bryan announces the basis of his distrust of the Ohio executive.

He denies that he has accused Harmon of being a "tool of Wall street," but says he has labeled Harmon as the Wall street choice and as a reactionary. Bryan recites that the Ohio man was a "deserter" from the Democratic cause in 1896, came back into the party in 1900, "but the next year was a leader in the movement organized in Ohio and throughout the country to turn the party back to Wall street."

Harmon is accused of having sought the nomination in 1908 through influence from Wall street. That his political strength has been thrown to the reactionary side since 1908, says Mr. Bryan, is shown by his opposition to the placing of the referendum and initiative in the constitution adopted by the Ohio convention.

LORIMER RETAINS SEAT

ILLINOIS SENATOR WAR UNDER FIRE

BY A FIVE TO THREE VOTE SENATOR LORIMER WAS VANDICATED—SECOND TRIAL

WASHINGTON, D. C., March 29.—Senator Lorimer of Illinois today won an overwhelming vindication at the hands of the special committee of eight senators who have finished a second investigation of his election by the Illinois legislature in 1909.

Twice challenged and once acquitted the committee by votes of 5 to 3 on all vital points completely exonerated him of any knowledge of legislative corruption.

Edward Hines, the millionaire lumberman, referred to in the investigation as "the man who put Lorimer over," also got a vindication by the committee. It has been charged that Hines raised a corruption fund of \$100,000 to elect Lorimer to the senate. The majority repudiate that and passed a resolution that the evidence had shown that he did not raise or contribute any sum improperly.

The majority held that no new evidence had been adduced to justify a reversal of the senate's previous action in Senator Lorimer's favor; that there was no evidence of a jackpot in the Illinois general assembly of 1909 in connection with his election and finally, that no corrupt practices had been shown by the investigation.

FRIDAY, MARCH 29, 1912.

YES, WE DON'T THINK.

The sugar concern of which we wrote yesterday, as sending us a wire urging us to use our influence in preventing the passing of the free sugar bill, is busy again and this morning's mail brought another piece of evidence of the efforts being made by the sugar people to have that bill "ruined".

Now, we have not changed our minds an iota since yesterday and absolutely decline to do as they ask us for reasons given yesterday.

We are publishing the letter received by us this morning and call particular attention to the paragraph where we are asked to wire "at their expense". This is very kind of them and were we and others in our position to weaken and help the writers of the letter to "ruin" the beneficial free sugar bill, we have not the slightest doubt, that once their project accomplished, we and all of us would be made to pay for whatever the sugar people are going to spend in this anti-free-sugar campaign.

And here's hoping we will not have to pay for it.

American Cane Growers' Association.

New Orleans, La., March 26, 1912.
My Dear Sir:—The Sugar Cane industry is now facing the most serious crisis in its history. No American industry has ever been singled out for slaughter, without notice, to suit political ends. Any tariff reduction in the sugar duty would completely destroy the industry in this state, ruin thousands of persons directly or indirectly interested in sugar, put thousands of men out of employment and seriously disturb commercial interests throughout the state of Louisiana.

We need every assistance available throughout the country to prevent this serious blunder.

You must wire your business associates and the United States Senators from your state at our expense, urging that the present sugar duty be maintained without change.

Thanking you for every help, we are,

Yours very truly,
ARMAND ROMAIN.

IN THE SENATE

The Wisconsin otagenerian senator has been given back his seat by a vote in which was counted that one of Senator Lorimer of Illinois.

Naturally, we would not expect Senator Lorimer do anything else. The Illinois gentleman has been persona non-grata in the senate and his seat is rather shaky. Now he is sure of at least one more vote.

They talk about honor amongst thieves and although this proverb was knocked severely in the head by the evidence introduced in the dramatic taxicab hold up in New York city and the subsequent division of spoil, the little saying may hold good in this case.

The fact that the old man from Wisconsin spent over \$100,000 to gain his seat in the senate and the fact that the Lumber interests con-

tributed nearly all of it, does not seem to impress itself in the minds of the honorable gentlemen who voted for the Wisconsin man. Stephenson cried when the charges were first heard in the senate, but his tears may well be compared to the crocodiles' as they were entirely free of sincerity. He did not weep because he had "made a mess" of his name but because he thought there was a chance of loosing his seat in the National Stock Exchange, which his friends had bought for him at such a high price.

Lorimer sat next to the gentleman from Wis., and according to reports ports interested and attentive spectator. No wonder! Lorimer has also had his seat bought for him by friends who naturally expect something for their investment.

After all the advance promises to the contrary, the Baltimore hotels are preparing to come the hog over the delegates to the national convention.

From the way the colonel is being kicked around, he stands little more show than that dawg houn'.

With eight bills of indictment found against them, the Allen gang would rather not be found.

They are going to capture the Alens tomorrow, but tomorrow does not come.

Her maiden name was Huddleston in her eighteenth year she married Robert Barr, a young Scotch clergyman, and together they came out to America. The couple located in Galveston, Texas, where Mr. Barr soon after fell a victim to the yellow fever. With three small children to support the widow made her way to New York where she found employment as a hack writer on the New York Ledger, then at the height of its success. Mrs. Barr continued work as a miscellaneous writer for some fifteen years and not until she was considerably past middle age did she write her first novel, "Jan Vedder's Wife," during a period of confinement in her room with a broken ankle. "The Bow of Orange Ribbon" followed within the year and her success as a writer of sentimental historical novels was assured. Since that time more than half a hundred popular novels have come from her pen.

Unity And Optimism

Under that caption the Catawba County News says:
At a banquet tendered newspaper men in Greensboro, one night last week Editor Archibald Johnson of Thomasville spoke on the subject of civic progress. He said something worth while and spoke the truth when he declared that unity and optimism were most essential in the work of making a town. In community work, he said, all men of whatever creed, political faith or profession, can pull together in a common cause without varying for selfish motives. Success in this, he said, is attained when optimism prevails and works a prevailing influence. Such spirit attracts and inspires.

Newton needs a great big dose of civic unity and optimism. We want to get together as one man and have faith in our town. There is no reason why Newton situated as it is, shouldn't be one of North Carolina's leading towns, which it is not, we regret to say, and which it never will be until we catch that spirit which has made Charlotte and Greensboro and all other live, progressive communities—the spirit of unity and optimism which kicks out the kickers and bottles up the pessimist and the growlers.

There is not a town anywhere that does not need unity and optimism in large measure. It is a fine tonic when properly compounded, and does not fail to accomplish good. When they see its effects the chronic kickers and growlers must take it, shut up or move out. They cannot pursue their chosen methods under the spell of its invigorating influence.

The lan for an advertising campaign suggested at that banquet, to cover this immediate section of North Carolina is meeting with favor, and when further outlines in detail, as it will begin to grow and take shape as a vital force of progress. The continued co-operation of the newspaper is needed, and the need, we believe will be supplied—Greensboro News.

Be Neighbory

Now that all the business men and those interested in the future development of Durham are working together for the good of Durham, we want to suggest a way by which every man and woman in the city may aid in this work.

Be courteous to strangers. Many a valuable citizen has been induced to locate in a town because of a warm handshake, because of the hospitality and courteous treatment accorded him. The man who goes to a town, looking around, and who meets with men who give him a cold handshake, who have no time to stop long enough to tell him they would be glad to have him come and be one of them, and who show him no courtesy, is glad when he gets on the train and away from the place. However much the business propositions may appeal to such a man, he doesn't want to be located there. He doesn't want to see the town again. On the other hand when a man goes to a place and the citizens all go out of their way to be pleasant and friendly, and who finds the people courteous and hospitable, he will want to locate there and want to stay there, and nine times out of ten he will stay.

And again after he locates, and brings in his family, let the women folks get at home, so that his residence among us may be pleasant.

We knew a man, possessed of considerable means, who located in a city in this state for the purpose of engaging in business, opening up a big industrial plant. The people treated his with indifference, no one called on his family, no courtesies were shown them, and within a month he and left and went to another city and today he is one of the most important factors in the growth and progress of that city. He will tell you today that he left the town because of the indifference and the lack of hospitality of the people.

These are little things, but they go a long way in making and building up a city.—Durham Sun.

Should bow before your limitations then;
For, if your genius longed with freer pen
To do the things that truth in you denied,
Your faithful fear o'er-mastered all bedside,
Nor dreamed of praise in worlds beyond our ken,
Yet it your life a beacon calmly clear,
Of pure unselfishness and honor true,
Too true to clutch at satisfaction here;
And I should like to pay a tribute due
Even more for this than your witty cheer
And hours of happy laughter spent with you.

Repeals Attack of Death.
"Five years ago two doctors told me I had only two years to live." This startling statement was made Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." Its folly to suffer with coughs, colds or throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at all druggists.

Spent Her Money Well.
On beautiful Sheridan avenue, in Detroit, lives Miss Marie Richter, in perfect health, although a year ago she was almost a wreck. Writing of her condition at that time she says: "Last winter I was completely run-down and felt fagged out all the time, was nervous and had indigestion. "One of my friends advised me to take Vinol and it has done me great good. The tired, worn-out feeling is all gone and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could take Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol."

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. If you are pale, weak, nervous and upset you owe it to yourself and your family to try Vinol. It will build you and make you strong. If it does not we give back your money. The Pulley Store Is NOW OPEN

To the Patrons and Customers of the former firm of Pulley & Bowen:-

In announcing the dissolution of the above-named firm, I desire to express to each and all of the many customers, who have favored us with their very liberal patronage, the very kindest expression of my appreciation.

The dissolution of the co-partnership relations of Pulley & Bowen is by mutual consent, and the most cordial relations exist between the members of the old firm; and the dissolution is only perfected for the better serving the varied interest of our many customers.

I bespeak for Mr. Bowen, my friend and former partner, a full share of the patronage formerly given to us both, and while I heartily commend to him a goodly portion of the same, I am at the same time making every effort possible to meet the demands and needs of my many friends and former patrons, in giving to them the best in quality and style that money can buy. I shall be pleased at all times to welcome my friends and the public generally to my store and have them inspect my stock; and it will always be my purpose and aim to serve the highest interests of my customers in the best possible manner.

How to Tell if Your Hair is Diseased.
Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not 98% of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken. It proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall's "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and prevent baldness.

It is because of what Rexall's "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store—Moye's Pharmacy, Greenville, N. C.

A Diamond Star at 45.
BOSTON, Mass., March 29.—Forty-five years old and still able to pitch ball up to the big league standard is the remarkable record of "Cy" Young, who is training in the south with the Boston Nationals in preparation for his twenty-second season as a professional player. Young was born in the town of Gilmore, O., forty-five years ago today. After a season or two with the clubs in cities near his home he went to Cleveland where he played from 1890 to 1899. After leaving Cleveland he was with St. Louis two years and went to Boston in 1900, when the American league placed a club in that city. He helped Boston to win the American league and world's championships and remained there until 1909 when he was disposed of to the Cleveland club. In the latter part of last season Young returned to Boston to play with the National league club in that city and has been signed with the same organization this year.

It's easier for a young man to write a satisfactory love letter during courtship than it is to write a satisfactory check after marriage.

Glorious News
comes from Dr. J. T. Curtiss, Dwight, Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by all druggists.
