## HILLSVILLE MURDERERS LEAVE THE MOUNTAINS

Stokes County Negro Says he met  
Sidna Allen Last Week  
On way to  
R. R.  
GONE SEVERAL DAYS

That Sidna Allen and Wesley Edwards left their place of hiding in the mountains a week ago was the statement made privately Wednesday by Dr. J. W. Neel, of Walnut Cove, to a friend in this city. Dr. Neel said it was positively known that Edwards had been driven to Hall, a small station on the Norfolk and Western railway, and that Sidna Allen had been tramping toward a railway center near that place and said that it was most likely that by this time the two men, either together or separately, have succeeded in putting hundreds of miles between them and the scene of the Carroll courthouse crime of almost a month ago. Dr. Neel said that he had been given his information about Allen by an old negro who lives in Stokes county, not far from Walnut Cove. This old negro at one time was well acquainted with Sidna Allen and told Dr. Neel that the latter part of the week he had met Sidna Allen tramping through the fields and spoke with him for a minute or two. The outlaw was moving from the mountains and was making his way toward the Norfolk and Western railway, which runs by Walnut Cove.

## Former Greenville Bar Member Honored

The friends here of Mr. William F. Harding, a native of Pitt county and formerly a popular member of the Greenville bar, will be pleased to learn of honors that have recently been bestowed upon him in his new home. Mr. Harding moved to Charlotte from Greenville several years ago and readily won for himself a high place among the lawyers of that city. Last Saturday Mr. Harding was unanimously elected chairman of the Democratic executive committee of Mecklenburg county. Mecklenburg is the banner Democratic county in the state and the importance of the position may be readily seen. Mr. Harding succeeds as chairman of the committee Mr. A. B. Justice, formerly of Hertford county, who resigned the post so that he might devote his time entirely to the promotion of his campaign as candidate for Corporation Commissioner for the long term to succeed Hon. Franklin McNeill. Not only is Mr. Harding chairman of the Democratic executive committee but he has been selected as the manager for Mr. Justice's campaign, which is being waged strongly throughout the state. Mr. Justice, in addition to being endowed by nature with a judicial temperament, strong and inflexible character and fine legal training, is exceptionally well qualified by his past experiences to fill the office of Corporation Commissioner, having been one of the pioneers in the movement for more equitable freight rates for North Carolina and having served for several years as general counsel for the North Carolina Retail Merchant's Association, the strongest organization of business men in the state. With such fine qualities for the office and with so able a lawyer and expert politician as Mr. Harding managing his campaign Mr. Justice may well be confident of success.

## Congressional primary June 18

Mr. M. A. Sinclair Wins. Had Advocated That Primary be Held as Late as Possible. Congressman Goodwin Wanted to "Stick" to May Date.

FAYETTEVILLE, April 11.—June 18 was set as the date for the sixth district congressional primary by the congressional committee of that district committee of that district meeting here today pursuant to a call by vice-chairman George B. McLeod, Chairman George H. Bellamy having failed to call the committee together. Congressman Goodwin having contended that the state executive committee had fixed May 18th as the date for the holding of the county precinct meetings, the selection of the June date is regarded as a victory for N. A. Sinclair, who has been insisting that the primary be held as late as possible so as to allow a thorough canvass of the district by Mr. Goodwin and himself in joint debate. The contention of the committee now is to how the primaries shall be conducted, whether controlled by the county executive committee or the congressional executive committee. It looks as if it will be the congressional committee. It is said that no congressional convention will be called.

### NEW YORK MAYOR A POSSIBILITY

### THE STAND OF TAMMANY LEADER IS VERY SIGNIFICATIVE—BARNES QUIET

NEW YORK, April 10.—Talk of Mayor W. J. Gaynor as a compromise candidate for the Democratic presidential nomination, was the chief topic of conversation among the delegates arriving here today for the Democratic state convention which will be held tomorrow to select 90 delegates to the National convention in Baltimore. It is conceded by the leaders that the New York delegates will not be instructed, although it is expected that the state's solid vote will be cast for Mayor Gaynor. Donward revision of the tariff will be made the paramount issue in the platform to be presented to the convention by the committee on resolutions. The Rochester platform of 1910 will be re-affirmed and the administration of Governor Dix endorsed. High praise will be given to the leadership of Representative Oscar W. Underwood, of Alabama, chairman of the Ways and Means Committee, in the National House of Representatives and the legislative programme of the Democrats in Congress will be approved.

### Texas League Starts Season.

GALVESTON, Tex., April 12.—The initial games were played today in what is expected by the baseball club owners of the Texas League to be the most successful season in the history of that organization. Changes have been made to strengthen the weaker clubs and all slogs point to a spirited race for the pennant. The season opens with San Antonio at Beaumont, Fort Worth at Austin, Dallas at Waco and Houston at Galveston.

Scotland Neck Business Men Talking of an Organization to "Pull off" a County Fair in the Fall. Town Badly Needs a Cleaning up Day.

SCOTLAND NECK, April 11.—There has been some talk of organizing a county fair to be pulled off here next fall. Those who are agitating the question say there is no doubt as to the financial success of the proposition and point to the magnificent success of the Weldon fair, which has passed into history, its chief promoter, Major T. L. Emery, having died some time ago. A county fair here should be a big success from a point of patronage as well as from a financial viewpoint. There is some talk of Scotland Neck having a clean up day in the near future and it is badly needed.

### To Run Campaign for Simmons

Samuel L. Rodgers, a Macon Man, Considered as one of the Most Astute Politicians in North Carolina, to Manage Simmons' Campaign for Re-election.

Asheville, April 12.—There are rumors among the politically wise of the city to the effect that Samuel L. Rodgers, of Franklin, one of the most astute politicians in North Carolina, is to have charge of the campaign of Senator F. M. Simmons, who is seeking re-election. This report has not been confirmed, but there is really no reason to doubt it. Locke Craig, who was thought to be in a position to know whether it is true or not, stated this morning that he had heard the rumor but could not say whether it is authentic. If it is a fact that Mr. Simmons has secured Mr. Rodgers to look after his political interests, those who are acquainted with Mr. Rodgers will agree that he has begun his campaign fortunately. Mr. Rodgers was corporation commissioner for several years and he is also wise in political ways.

### Holds Record for Disgraceful Political Gathering of the Year—State Militia Called

## DISGRACEFUL SCENES

Bay City, Mich., April 11.—Taft and Roosevelt men in Michigan politics, refusing any basis of compromise after 24 hours of conference today at the State Republican Convention attempted to put a quart of delegates in a pint measure and in so doing precipitated one of the most bitter fights in the history of the state, the birthplace of the Republican party. Two sets of leaders and delegates for Taft and Roosevelt fought out their issues to the point where militia, police and sergeant-at-arms were needed to maintain a semblance of orderly procedure. As a result of the Credentials Committee of the Republican National Convention at Chicago in June will be represented to determine whether Taft delegates at large or an equal number of Roosevelt delegates from Michigan shall be seated at the Chicago convention. After today's sensational fight on the floor of the convention during which former Senator Albert J. Beveridge, of Indiana, left the armory, the closing incidents in the convention were comparatively tame. At one stage of the proceedings the convention broke up in a row. Militia and police took charge when attempts were made to attack speakers on the stage. Several fights occurred on the floor.

## THE CIGARETTE EVIL.

Elsewhere in this issue we publish a communication sent us by Mr. H. B. Smith, Principal of the Greenville Graded Schools. It deals with the consumption of cigarettes by minors and the supply by some unscrupulous person of the weed in its most deadly form to the not fully developed mind.

Somebody in a happy mood called cigarettes "Coffin Tacks"—The name, if given out in a jocular vein, carries with it the finest degree of irony. People there are who have smoked cigarettes all their lives and tell you so when they have reached the ripe age, cigarette in hand. Such examples are not so very scarce either, but should not be followed. It may be right for a man to acquire the cigarette habit. That is FOR A MAN. To a youth whose brain has not fully developed, the cigarette habit is high near suicidal. He may feel all right, think he is all right, but he deceives himself. The consumption of cigarettes by youths of not fully developed mental power, means the total stop of the growth of that mental power. The youth may reach a lengthy age, but he has robbed himself through his cigarette smoking of faculties that might have made him a successful and bright man. Cigarette smoking may have curtailed his prospects in life. It undoubtedly has made him a duller man. His intellect has not been the same ever-ready-to-receive and interpret impressions that to a keener mind mean opportunities.

We are sorry to hear that some of our boys are so eagerly acquiring the cigarette habit. We are still sorrier that conditions make it possible for them to continue the practice of this evil. We sincerely deplore that they are able to reach cigarettes. As Mr. Smith mentions in his communication, a law exists in this state whereby a person selling cigarettes to a minor is guilty of a misdemeanor. The man who knowingly sells or procures cigarettes to minors should be made to suffer the maximum punishment such a law allows of.

Such a man is as criminal, to our way of thinking, as the man, or men, who are fully aware of the result whiskey has in other men and the havoc it plays with them and those near them, yet continue to give or sell these men the whiskey that is killing them and making a hell upon earth for their families.

This matter of cigarette selling to minors, if it really takes place in Greenville should be carefully watched by the proper authorities and the men responsible for the circulation and consumption of cigarettes by minors put where they will not be able to do the harm they are now doing.

Greenville has room for some more people with push. If you see any of that kind try to land them.

## PLAY BALL!

From everywhere do we hear the joyful cry—From everywhere, yes, except from our midst. The season has started in the big leagues. Matthewson, Three Fingered Brown, Home Run Baker, Ty Cobb, the "Georgia Peach", Marty O'Toole, the many thousand dollar beauty, in fact, every shining idol of the grassy diamond has cleared up the snow and frost from his makeup and after a short season of strenuous training is at it again, much to the delight of the millions of followers of the National Game.

We'vens would like to root for our team, but we'vens are in the same unfortunate position of the boy that "would if he had but didn't"—We have no baseball team and by the frosty look in "Kid" Skinner's face it reads as though we were not to have one. The young people started the ball rolling and have already played a couple of games. They won one and "got the hook" on the other one, but they are playing ball.

Why couldn't the older young people get together and bring somebodys scalp home, or leave theirs in glorious defeat? There are some very lusty "blowers" waiting for a chance to shout hard for a home team.

For a town of the size of Greenville, we have quite a creditable little ball park and whilst "Home Run Baker" might feel in it like J. Pierpont Morgan, Esq., in a 3x4 hall-room, some local talent might look upon it as an empire big enough for Napoleon to conquer.

And listen now, confidentially, is there anything more exciting than seeing a home man tear the knees of his breeches as he slides safely home, while the catcher, mask in hand frantically shouts "Bonehead!" to the poor fellow in the outfield? If you think there is show it to us and we won't believe it! Get together boys, and play ball!

Tonight, in Raleigh, the date the lamented Aycock had set to make his opening speech in his candidacy for the United States senate, North Carolina will meet to pay tribute to his memory.

Roosevelt must smell defeat ahead as he is already saying what he is going to do next time if he loses this time.

### Back to the Farm.

In a period when the land groans under the burden of the high cost of living, any Moses who can point a way of escape therefrom can command the public. Thus we find Mayor Shank, of Indianapolis, a national figure. He has crushed the middleman out of existence, and has placed the commodities of life within the reach of the middle and poorer classes. Mayor Shanks fights the commission men with their own weapons by selling produce at greatly reduced prices.

That is one means to an end, but we can find another by increased production on the farm. The more young men who can be induced to "re turn to the soil" the sooner will we solve the problem of the high cost of living. "When the true and ideal philanthropist," say President Brown of the New York Central, "awakened to the cries which affairs in this country are rapidly approaching and he donates a fund for the benefit of worthy and industrious young men and women who desire to study scientific farming, and later is willing to advance them money from this fund with which to pursue agricultural careers, then perhaps results may follow which will tend to lower the present high cost of living. But until the present acreage now under cultivation is doubled and farmed on a more intelligent and scientific basis we need look for no relief. Such philanthropy as this would be more far reaching than that which we have had brought prominently to our attention in the immediate past, for it would be so universally beneficial that it would prove a veritable boon to long suffering humanity.

It follows that the increased cost of living, outside of the natural rapacity of retailers, is the result of decreased production and increased consumption. When we increase our acreage under cultivation we are taking the first step, and a most effective one to bring living prices to a reasonable basis.—Asheville Citizen.

In 1874 and for several years thereafter was engaged in missionary work in Minnesota. From 1876 to 1886 he was dean of the cathedral in Omaha. In 1886 he became rector of St. Paul's church in Minneapolis. In 1895 he went to Topeka as dean of Grace Cathedral in that city and shortly afterward he was elected bishop of Kansas to succeed Bishop Elisha Smith Thomas.

## NOTES FROM THE LABOR WORLD

The seventeenth biennial convention of the United Brotherhood of Carpenters and Joiners of America is to be held in Washington, D. C., next September.

More than seven hundred motormen and conductors in San Francisco, Cal., have joined the International Street and Electric Railway Association within the last six months.

The income of the American Federation of Labor from all sources during the last quarter of 1911 was \$42,634.90.

### An Orator Without Price.

Charles B. Aycock, once Governor of North Carolina and an aspirant for the Senatorship to succeed Senator Simmons, died appropriately in the act of making an educational address.

Aycocks fame was limited only by his modesty. Had he taken the platform, he could easily have distanced the heroes of the Chautauquas. The most finished orator, possibly in the south, which means the nation, it would have been an easy matter for him to turn words into coin. The lecture platform lost when he resisted the temptation to take it as a profession. Aycock gained in self-respect; he gained more in reputation.

He was a man who had all the requirements which the American public is satisfied to respect as the credentials of statecraft. A nature which left him little to know about politics and the game and rules under which it is played. But with all of this, and the ability to draw in words the living pictures which give eyes to the imagination, he elected seriously to go into public life only as a service. His governorship cost him thousands of dollars in money. He refrained six years ago from a senatorial contest, in order that by labor he might pay his debts. In the meanwhile, he worked and worked hard, giving the gift of golden speech where others sold it by the yard; using as a trustee a talent out of which he scorned to drain the dollars; donating to the public good a platform for genius that he might have used for self enrichment.

We need not dwell on the contrasts. They suggest themselves. It is significant of the final accuracy of popular judgment that Aycock remained in favor, without price, where others would demanded it have gone into obscurity. It would have revolted him to think that any message he was capable of delivering should have a price tag. As a result he died delivering his message of love, where numerous others had been driven away from the deliverance of messages with a bill of lading attached.—(Richmond Virginia).

### The Reasonable Way

Strong vigorous men, women and children hardly ever catch cold—it's only when your system is run down and vitality low that colds and coughs can get a foot hold.

Now isn't it reasonable that the right way to cure a cough is to build up your strength again?

Dr. Patrick Wren of N. Birmingham, Ala., knows about this. He says, "I caught a bad cold a year ago and had a bad cough for a long time, but Vilon relieved it completely and built up my health. Vilon is the best medicine I ever used or heard of for coughs and colds."

This splendid cod liver and iron remedy does not smell or taste like cod liver oil, but is so delicious that children love to take it. Yet it has the strengthening value of cod liver oil, with tonic, blood-building iron.

Chronic bronchitis year to Vilon because it builds up the system in all weakened and rundown conditions. You can get your money back any time if Vilon does not do all we say. Moye's Pharmacy, Greenville, N. C.

## DON'T SUFFER WITH Rheumatism

It is the most distressing and discouraging of all troubles. Nine cases out of ten can be cured by Noah's Liniment. Where there is no swelling or fever a few applications will relieve you. It penetrates—does not evaporate like other remedies—requires little rubbing.

Noah's Liniment is the best remedy for Rheumatism, Sciatica, Lamé Back, Stiff Joints and Muscles, Sore Throat, Colds, Strains, Sprains, Cuts, Bruises, Colic, Cramps, Neuralgia, Toothache, and all Nerve, Bone and Muscle Aches and Pains. The genuine has Noah's Ark on every package and looks like this cut, but has RED band on front of package and "Noah's Liniment" always in RED ink. Beware of imitations. Large bottle, 25 cents, and sold by all dealers in medicine. Guaranteed or money refunded by Noah Remedy Co., Inc., Richmond, Va.

## MADAME RACHELLE'S ADVICE TO BEAUTY SEEKERS

Agnes—No freckles are not really a disease and their removal is quite easy and simple. First, be sure to keep the skin always clean and well protected from sun and wind. Then massage the face lightly for a few weeks with an ethical proprietary preparation known as Wilson's Freckle Cream. This may be obtained for 50c at any good drug store or direct from the Wilson Freckle Cream Co., Charleston, S. C. It is perfectly harmless and guaranteed.  
Mrs. D. T. S.—A little dry salt rubbed into the scalp every other night and then well brushed out, frequently promotes the growth of hair. Do not wash the hair too often.

### HOME ENDORSEMENT.

**Hundreds of Greenville Citizens Can Tell You About It.**

Home endorsement, the public expression of Greenville people, should be evidence beyond dispute for every Greenville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in faraway places. Read the following:

Mrs. C. Barnhill, Greenville, N. C., says: "I have been so greatly helped by Doan's Kidney Pills that I am pleased to recommend them. My back and head ached and I had dizzy spells and pains in my sides. My kidneys did not o their work properly and caused much suffering. Doan's Kidney Pills, obtained at the John L. Wooten Drug Company, relieved my aches and pains and corrected the trouble with my kidneys. I most cheerfully recommend this preparation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
