Miss. Valley Flood Most Disastrous

2000 People Are Saved From Drowning by the Government Officers

NO NAVIGABLE CRAFT AT HAND IN DISTRICTS

BATON ROUGE, La., May 7.—The Torras flood claimed its first toll of white lives today when a mother and two daughters were swept from an improvised raft and drowned on Bayou Latnach. A farmer and his family were making a desperate attempt to reach the hills. The raft upon which they were being transported with their hastily gathered belongings suddenly went to pieces the swift current sweeping all into the water. The farmer was rescued. Two thousand flood refugees were rescued by government officers today from the crevasse floods. Eight hundred were sent from Melville over the Texas and Pacific to Bunkie, 400 came here and 500 were carried to Port Hudson while about 300 were sent to Batchelor. Despite rising waters the levees in this section are holding. Generous responses have been made to Governor J. Y. Sander's appeal for assistance. Tampa, Fla., alone sending in \$1,000.

Still Rising at New Orleans.

New Orleans, May 7.—When the official river gauge at the foot of Canal street registered 31.3 feet at 3 o'clock this afternoon a rise of four tenths since 7 a. m. United States weather officials were of the opinion that the Mississippi had started on its final lap toward the predicted crest of 21.5 feet, which would mark the passing of the greatest flood recorded in the Mississippi valley in which all stage and duration records have been smashed.

Clear weather and sunshine was reported today at all points from the Torras crevasse south to the mouth of the river and the most encouraging reports since the present flood began have been received from all those points up and down the river where the embankments were thought to be weak. The work of rescuing marooned persons in isolated districts progressed more rapidly today and boats coming into concentration camps are usually loaded with women and children.

There is a scarcity of every kind of navigable craft and everything that can be steered and carry passengers and supplies for even a short distance has been pressed into service.

Gov. Kitchin Coming to Greenville

Governor W. W. Kitchin will speak to the people of Pitt county in the court house in Greenville next Saturday, May 11th, at 2 p. m.

As the senatorial race begins to gather the momentum that will mean success for one of the three candidates in the field, people are taking an interest that bids fair rival with the one displayed in connection with the presidential campaign. We will have a large gathering at the court house next Saturday.

FLASHES FROM OTHER CLIMES

Kansas For Roosevelt.

INDEPENDENCE, Kan., May 8.—A decided predominance of Roosevelt sentiment was in evidence when the Republican state convention assembled here today to select four delegates at large to the national convention at Chicago. Since the Roosevelt candidacy was first launched and in the christening of which Governor Stubbs played a conspicuous part, it has been evident that the majority of Kansas Republicans favored the nomination of the former president. All doubt as to the result of the contest was removed when the recent county conventions and primaries gave Roosevelt a safe majority of the delegates to today's convention and assured the selection of a Roosevelt delegation to Chicago.

Brig. Gen. Brush to Retire.

WASHINGTON, D. C., May 8.—Brig. Gen. Daniel H. Brush, who was recently relieved from command of the department of California at his own request, will be placed on the retired list tomorrow on account of age. Gen. Brush has the distinction of being the only general now in the army who served in the civil war, having been a private in an Illinois regiment in 1864.

Medical Men Meet in Tampa.

TAMPA, Fla., May 8.—Scores of physicians and surgeons of prominence rounded up in Tampa today for the thirty-ninth annual meeting of the Florida Medical Association. The meeting will last three days. Leading features of the program will be the presidential address by Dr. Albert M. Freeman of Starke and the annual oration to be delivered by Dr. R. C. Turk of Jacksonville.

McFarland to Meet Veteran.

FALL RIVER, Mass., May 8.—The fight fans of Fall River and vicinity will have an opportunity to see Packey McFarland in action tomorrow night when he will mix it up before a local club with Martin Canole, one of the veterans of the ring. The agreement calls for a ten round bout at 135 pounds.

Western Canada League.

CALGARY, Alta., May 8.—The championship season of the Western Canada Baseball League was ushered in today. Though retaining the old name, the present league is virtually a new organization. The schedule for the present season provides for 126 games with September 7 as the closing date.

Kinston Has A Bad Time

Within Last Forty-Eight Hours Farmer is Found Drowned, Negro Carved His Wife with a Knife, Man is Found Dead and Two Boys Poisoned

KINSTON, May 7.—An epidemic of violent acts during the past 48 hours in this city and vicinity has startled the community.

Frank Vause, a well known farmer, who lived several miles from Kinston, was found drowned late in the evening in Southwest creek, and the body found several hours later by a searching party.

Incensed at his wife because she would not sign a deed to property which he wanted to sell, Frank Evans, a negro, cut his wife's throat and the side of her face, splitting an ear with a pocket knife. The timely arrival of a physician kept the woman from bleeding to death, and she may recover.

Ed Eason, a white man, was found dead in a road near LaGrange, his neck broken and a team which he had been driving standing near. Mystery surrounds the death, and foul play is hinted at.

Arthur Hill, a negro boy of Lincoln City, a suburb of Kinston, and another boy were poisoned by paris green. Hill died, but an antidote saved the life of his companion. They had been warned of the poison but considered the admonition as only an attempt to frighten them.

Howard County, Maryland, Is Keystone of Hard Fought Election

Taft Will Not Admit He Has Lost Out Historical State—One County Only Settled Results

ROOSEVELT GOT 66 DELEGATES ALL TOLD

BALTIMORE, Md., May 7.—Closeness of the struggle between President Taft and Theodore Roosevelt for control of Maryland's 16 votes in the national convention was emphasized today when complete returns from yesterday's primaries showed that the result depended upon one county, which on the face of the returns gave Roosevelt a majority of 80 votes.

Putting this county (Howard) in the Roosevelt column, gave him 66 delegates to the state convention, just one more than the majority necessary for control.

Complete unofficial returns received today by the state Roosevelt committee and all the Baltimore newspapers including the two which have supported President Taft, agreed in giving Colonel Roosevelt a majority in Howard county of 80-odd votes; but this slight margin left the Taft leaders tonight unwilling to concede that their opponents had won the election. "It would be improper for me to concede anything at this time when Maryland's 16 votes to the national convention hang by less than 100 votes," said J. B. Hanna, chairman of the Repub-

lican state central committee, and leader of the Taft forces.

Howard was the last of the disputed counties to send in complete results. Howard is one of the smallest counties of the state and the total vote it returned was only 424.

The other feature of the day following the primaries was the development of the possibility that the individual delegates elected to the state convention include a majority of Taft men, even though their instructions by the county preference vote might bind them to vote for a Roosevelt delegation to the national convention. The Taft leaders made this claim and much speculation resulted as to the effect on the state convention.

The day's development brought no change in the Democratic situation except to insure for Speaker Clark several delegates already counted for him on the strength of the indicated county majority. The Clark men have enough votes to control the state convention against the delegates friendly to both Governor Wilson and Governor Harmon. County preference vote bound 81 delegates to Clark, 44 to Wilson and 4 to Harmon.

Hard Coal Miners Start Riots

Many Fatalities in Police and Miners Crash

PHILADELPHIA, Pa., May 6.—Serious rioting which began today in the Schuylkill valley region, continued tonight and outbreaks were reported from several other points in the hard coal regions. A feeling of unrest has prevailed throughout the regions ever since the proposed agreement between the operators and miners was made public and idle miners who charge that more men are at work in the various collieries than are necessary for mere repair work today made riotous demonstrations in Shenandoah, Mount Carmel, Mahanoy City and Jessup, the latter a small town near Scranton. At Jessup William Marchesi was shot and probably fatally injured and his brother, Saboro, was shot in the hand in a quarrel with two other idle miners. In the Schuylkill valley region the chief disorder occurred today in Shenandoah. The rioting spread tonight to Manhanoy City where a veritable reign of terror prevails. Howling mobs of men, women, and boys charged up and down the main street and stoned suspected workmen. Trolley cars, automobiles and wagons, suspected of conveying workmen from the mines were stopped and searched by the rioters. Young boys appeared to be among the worst offenders.

Presbyterians to Have Pastor

The Presbyterian church of Greenville will be served during the summer months by Rev. Richard Lancaster of Richmond, Va. Mr. Lancaster served in Kinston last summer and he did so most acceptably to the entire congregation. The Greenville Presbyterians are greatly pleased to know that he is to be with them this summer. Mr. Lancaster will hold services regularly every Sabbath morning in the Greenville church.

Change in Program.

It has been finally agreed by the committee that is looking after the preparations for the Veteran reunion on May 10, that the address by Major Graham, as well as other speeches, will take place at the court house. From there the column will proceed to the warehouse where dinner will be served.

PARAGRAPHIC NEWS OF STATE

Discontinues Sunday Sport.

RALEIGH.—At a meeting tonight in which there was a record-breaking attendance of voting members the Raleigh Country Club voted to discontinue Sunday golf playing after a spirited but good humored discussion of the issue by a vote of 106 to 74. This was followed by the election of E. C. Hillyer as president over Albert Cox, the vote being 95 to 90.

The Big Sticks Looms Prominently in That County.

KINSTON.—The Republican county convention was held here today and delegates to the state and congressional conventions were elected. The convention was overwhelmingly for Roosevelt and the 9 delegates were instructed to vote for him. The question as to instructing for state chairman came up, but was declared out of order.

Kitchin at Henderson.

HENDERSON.—Governor Kitchin addressed a large and enthusiastic audience at the opera house here tonight. His speech was able and convincing and entirely devoid of personality and bitterness. His friends here have no doubt about his carrying this section in the coming contest by a handsome majority.

Champ Briggs of Madison Wings His Political Adversary.

ASHEVILLE.—W. S. Rice of Madison county was here today and brought information of the probable fatal shooting of Baxter Shelton by Champ Briggs at Laurel, in Madison county, Saturday. It is stated that the trouble originated over politics, but which one was the Roosevelt adherent is not learned. Both men are locally prominent.

Big Improvement Planned.

SPENCER.—Work has been started on the largest line of building improvements made in Spencer for the past ten years or more. It is estimated that the improvements to be made by the Southern Railway will cost about \$300,000.

Well Known Farmer Drowns.

KINSTON.—Frank Vause, a well known farmer who lived near Caswell four miles east of Kinston, was drowned in Southwest creek Saturday evening and his body recovered Sunday morning by a searching party who had missed him from his home.

Special Term of Durham Court.

RALEIGH.—Governor Kitchin orders a special term of Durham county superior court to convene July 8 for a two week's term for civil cases only. Judge Whedbee presiding.

Simmons Defies the Democrats Plans

Senator Simmons Clearly Defines Stand of Democrats in Declaring That no Rest Will be Taken Until All Tariff Bills Have Been Voted Upon.

WASHINGTON, May 7.—The Democrats in the senate will insist upon action upon every tariff bill sent the senate from the house or which may be sent before adjournment will be agreed upon. This was made plain today when Senator Simmons, Democratic floor leader, told Senator Cummins that there would be no adjournment if the Democrats could prevent it until all tariff measures were voted upon.

While speaking on the metal schedule Senator Cummins announced that the insurgents would ask for action upon at least four of the tariff bills during the session. One of the probable effects of this announcement was the assurance given Senator Simmons by Senator Penrose, speaking for the majority, that they would not insist upon hearing on the wool bill and that they would cooperate for a speedy action as possible on the tariff bills.

This means probably that Congress will not adjourn until about the middle of August. A recess will be taken it is said, from June 15 to July 8, when the tariff measures will again be considered.

All Confederate soldiers of the county are invited to the annual reunion here on the 10th.

Free Use of Money Charged by Leaders

Results of Maryland Elections Cause Clash Between Republican Leaders

ALL STATEMENTS FROM TAFT'S HEAD-QUARTERS "LIES"

WASHINGTON, May 7.—The Taft and Roosevelt national headquarters clashed today over the Maryland primary results. The word "lie" was freely used by Senator Dixon, head of the Roosevelt committee. Early in the day, the Taft headquarters put out a statement on the Maryland results part of which follows:

"More than half of Mr. Roosevelt's entire delegation came from the city and county of Baltimore, where it is stated the Roosevelt managers placed \$10,000 among their workers at an early hour yesterday."

Another part said: "In Prince George's county, which definitely decided the contest so far as present returns indicate, Roosevelt money in large amounts was poured into the county. Large rolls of small bills, accompanied by checks out from Washington on Sunday, at least one well known leader in the district having voluntarily exhibited such a roll in Washington on Sunday afternoon."

This statement was duly delivered in the Roosevelt headquarters about noon, the rival organization having an amicable arrangement whereby they exchange daily bulletins and statements.

Here is Senator Dixon's answer: "Everyone of these statements is a deliberate, wilful lie. Every man connected with their connection and circulation is a deliberate wilful liar. These lies are for the purpose and for the purpose only, for which liars always lie."

today that the President "is entitled to and will receive the votes of four of the delegates from the state of Maryland."

The presidential primary in that state yesterday gave Colonel Roosevelt apparent control of the state convention which is to select Maryland's entire delegation of 16 to Chicago; and reports from Maryland have indicated that the delegation would be solid for Roosevelt.

The Taft managers claim that the naming of a solid Roosevelt delegation by the state convention would defeat the expressed preference of the electors of the two districts. It is understood this point will be pressed and the national committee asked to rule upon it unless four delegates are given to the President.

Bank of Greenville to Have New Home

The Bank of Greenville, the oldest banking institution in Pitt county, has purchased the Brady building on the corner of Evans and Fourth streets, with a view of having a new bank home there. Plans are not mature yet as to the class of building the bank will put on the corner, but this will be determined at the annual meeting of the stockholders which will soon be held.

WEDNESDAY, MAY 8, 1912.

LET ORDER BE RESTORED.

One of the most discussed topics in these parts lately has been the stock law question and how some who were opposed to the law allowed themselves to be so influenced by the misguided judgment of those seeking to gain notoriety by fomenting strife that they forget for the time being their duty as citizens in observing the law and yielding obedience thereto, and put themselves in the class of wilful opponents to government by law. This was manifest in the frequent midnight destruction of the stock law fence that not only cost the county hundreds of dollars but also showed a spirit of lawlessness the attendant results of which were dangerous to contemplate.

And now, since some of the parties engaged in these depredations upon property and obstructions to law enforcement have been caught, those same fomenters of the trouble have been trying to minimize the gravity of the offense, advising that it was so trivial that even should those caught be convicted under the law there could result only slight punishment. They very readily cite Section 3411 of the Revisal which says in substance that any person destroying any part of a stock law fence shall be guilty of a misdemeanor and upon conviction be fined not exceeding \$50 or imprisoned not more than thirty days.

But there is another section applying to this matter. Section 3438 of the same Revisal says in substance that where two or more persons conspire together to prevent, hinder or delay the execution of any law of the state, they shall be guilty of a felony and upon conviction be imprisoned not exceeding ten years and fined not exceeding \$5,000.

The violations referred to come clearly under this section, for the cutting of the stock law fence was not done by an individual person but by several (certainly two or more) who had conspired together to delay and prevent the execution of a law that had been passed by the legislature of the state and which both the superior and supreme courts had declared constitutional and valid.

So it is seen that the offense committed is a grave one and subjects those convicted of it to severe punishment. The Reflector does not believe that all who were engaged in this lawlessness are at heart bad men. On the contrary some who heretofore stood as good law abiding citizens were by the misguided influence referred to above led into the offense without realizing the magnitude of what they were doing and that the act placed them in the class with felons.

Since realizing this, it is their duty to try as far as possible to right the wrong they have done. In order to restore themselves to their former standing as law abiding citizens they should acknowledge their wrong, make compensation for the damage

done and use their influence to keep down such a spirit of lawlessness as has existed in the last few months.

Of course there are some who deserve the penalty of the law for what they have done, yet it would be difficult to make distinction where so many were engaged in the lawlessness and not also punish those who were by misguided judgment led into it. Hence to bring about an immediate cessation of the trouble and restore peace and order throughout the stock law district, if they would come voluntarily with an acknowledgment of their wrong, pledge themselves to no further interference with the enforcement of the law and make full compensation for the damage done in destroying the fence, we believe every good citizen of the county would approve the matter being stopped there.

HOW WESTERN IMMIGRATION WOULD HELP.

With the same idea of promoting this puissant democracy of home-owners—the strength of any commonwealth—we need to encourage the coming of thrifty Northern and Western small farmers into our Southern country. We need them, for one thing, to reduce our too-burdensome proportion of negro population. We have no ill will against our negroes, but they themselves will be helped as will every worthy interest in every Southern state by increasing the percentage of our white population.

Moreover, everybody knows that the direct drawback to rural life is its isolation. If the South were today a great democracy of home-owning, 80-acre farmers and our present number of negroes not increased, the problem of an adequate and well-rounded social life on the farm would be immediately solved; the proportion of negroes would be too small to be serious; our larger population would support the finest school systems in the world; our greater number of tax payers would enable us to have magnificent roads, good all the year round; the larger population would provide adequate support for the best teachers and ministers and professional men; rural telephones, lyceums, trolley lines, the transportation of school children, the development of social centers, all would follow as naturally as the day the night; the prosperity of our towns and of every worthy industry in them would be doubled and new spirit and vastly increased vigor would be found for every manufacturing and commercial enterprise known to our people.

It brings regret throughout the state that Col. Ashley Horne, while enroute to the Confederate reunion at Macon, was stricken with paralysis on the train and was taken off at Greensboro in a critical condition. It is the wish of all that he be speedily restored.

The advance fish stories coming from the seaside sound mighty good.

The citizen of Eastern North Carolina or the state as to that, who is not proud of East Carolina Teachers Training school could not tell a good thing when he sees it.

Evidence continues to multiply that there are big things only a little ahead for Greenville. Some of these days we will get manufacturing enterprises too.

If all who want offices could get them, there would be few of us left to support them.

When a man does his best and it is not appreciated—he can do his best some more.

They are not tumbling over each other to get to the tax lister.

WITH OTHER EDITORS

The Mileage Steal, Again.

Speaking of leeches they are to be found in the House of Representatives at Washington. On Friday the Democratic House by an overwhelming majority, refused to cut down the mileage allowance of its members. They cut the salaries of the clerks and minor officers in several departments of the Government, but by a vote of 53 to 48 provided additional funds to the amount of \$216,000 for individual clerical assistants, the idea seeming to be that they would pay Paul with what they could take from Peter. The present mileage allowance is 20 cents, which is at least 15 cents more the mile than is required for the necessary traveling expenses of the statesman. The rest goes into their pockets, in addition to certain other requisites, which makes the office of a Representative worth having, regarding the question from a purely financial point of view. During the debate on the legislative bill containing this item of Congressional graft, Representative Page, of the Seventh District of North Carolina, moved to amend by taking the mileage allowance of the members of Congress 5 cents instead of 20 cents, and this amendment was overwhelmingly defeated. He deserves credit, however for his effort to stop this style of stealing, even if it were defeated. It is very gratifying to know that this North Carolinian was mindful of his obligations when the fight was on.

When the present Democratic House was elected, we received because we felt assured that a great many of the abuses which had grown up under Republican control would be cured and among these abuses that the mileage stealing would stop. At the extra session of congress, it will be recollected, there was much rejoicing in the fact that before the members of the Democratic House had fairly warmed their seats they had saved the taxpayers something like \$300,000. This great triumph of the clerk and laborers employed economy was achieved at the expense of the capitol, but there the dash for

economy appears to have ended, as since the enormous sum of money have been paid out for unless investigations that have not ended. This same economical Democratic House, it will also be recollected, passed the Dollar-a-Day pension steal, and by an overwhelming Democratic vote. So determined were the Democrats upon this point, that the speaker of the House desired that his name should be called so that he might stand out before all the world as in favor of the most disgraceful and dishonest steal that has ever been accomplished in the name of patriotism.—Charlotte Observer.

The Whyness Explained.

The Observer says "that Mecklenburg juries are loath to convict in blind tiger cases, unless the evidence is overwhelming, found striking exemplification" at the recent term of Mecklenburg superior court, when verdicts of not guilty were returned in many blind tiger cases. This sentiment is doubtless due to the fact that prohibition is not taken very seriously in Charlotte. Wherever more or less open violation of any law is tolerated, good men on a jury will not be disposed to convict, excusing themselves on the ground that the persons on trial are not the only offenders; that others violate the law and examples should not be made of offenders weak in resources and often less guilty than others. This idea is of course all wrong, for each case should be tried strictly on its merit; but that this sentiment does not have serious effect is a fact well known to all intelligent observers. In other words, if there is a laxness about the enforcement of any particular law, disposition to excuse and tolerate its violation, jurors will partake of the prevailing sentiment and will also be disposed to excuse. And sometimes this sentiment, beginning with some particular law that is unpopular, extends to offenses against other laws, the toleration of wrong doing increases and crime flourishes.—Statesville Landmark.

WELL FED PEOPLE.

Get Along Best—Keep Your Stomach Right.

"Japan feeds her soldiers on good American beef and bread," says a Philadelphia physician.

Well nourished soldiers fight best, and well nourished people always do the best work. Keep your stomach in good order with Vinol, our delicious cod liver and iron remedy without oil, and you will be strong.

Mrs. G. H. Mackins of New York City says "For weeks last spring I had no appetite and poor digestion. I knew my strength would fall if I did not build myself up, so I took Vinol, as recommended by a friend.

"Vinol restored my appetite and strengthened my digestion so that I now eat heartily and enjoy my food. It has done me 'heaps' of good."

Weak, nervous men and women and sickly children all need Vinol to give them new strength and better blood. We guarantee that Vinol will do this and if it does not help you greatly we give back your money. Moyer's Pharmacy, Greenville, N. C.

There have been many cases like the following in Greenville. Everyone relates the experience of people we know. These plain, straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

James Hardison, 411 Fifth street, Greenville, N. C., says: "I had trouble from my kidneys and the kidney se- erections passed too frequently at night. In the morning when I got up, there was 'lameness across' my loins and I also suffered from backache. Doan's Kidney Pills, which were procured from the John L. Wooten Drug Co., relieved all these symptoms of kidney complaint and restored my kidneys to a normal condition." (Statement given January 14, 1908.)

No Trouble Since.

On December 17, 1910, Mr. Hardison said: "I take pleasure in confirming my former statement in favor of Doan's Kidney Pills. This remedy made a permanent cure in my case."
