NUMBER 143

Republican Circles Shaken By A Nebraskan

R. R. Howell, Nebraska's National
Committeeman Has Announced
Intention of Demanding Seat

**NEW COMMITTEEMAN
IS A STRONG ROOSE-
VELT SUPPORTER**

CHICAGO, May 29.—Word that R. B. Howell, recently elected Republican national committeeman from Nebraska by direct primary would come to Chicago on June 6, when the national committee would meet to hear contests and demand his seat, caused a stir among members of the committee.

Mr. Howell is a supporter of Colonel Roosevelt and was chosen at the direct primary as the successor of Victor Rosewater, acting chairman of the Republican national committee, whose official duty it would be to call the Republican national convention to order on June 18, and introduce Senator Elihu Root as temporary chairman.

At the local Roosevelt headquarters it was said that Mr. Howell had been advised that under the law he was entitled to immediate possession of his seat as member of the Republican national committee from Nebraska, and he would insist on recognition when the committee meets to hear contests on June 6.

Thomas K. Niedringhaus, elected national Republican committeeman from Missouri under the direct primary, and others similarly elected, will, it is said, demand their seats when the committee meets next week.

Roosevelt managers here declare there are at least five new national committeemen who will attempt to assume their official duties before the question of contests is taken up by the committee. The operation of the direct primary law in a number of states were the national committeemen chosen by popular vote instead of by the delegates presents a new problem which will in all probability have to be dealt with either by the national committee or the national convention.

A Notice That Must Have Attention

The authorities of the East Carolina Teachers Training School request us to say that they highly appreciate the kindness of the people of Greenville to the school and that they earnestly desire that the most cordial and materially helpful relations shall exist between the school and the townpeople. It is in this spirit that the school authorities again call attention to the fact that the grounds and drives belonging to the school are private grounds and drives and are not to be used by the public for pleasure drives. Recently automobiles and carriages have been using these drives to the annoyance of the school and only last night a party out on an evening ride gave emphasis to this annoyance. The school authorities prefer to believe that these violations are not intentional and that they will cease after this notice. In fact they confidentially expect them to cease.

Telegraphic Ticks Gathered From Other Parts

Foes of Tuberculosis Meet.
WASHINGTON, D. C., May 30.—The National Association for the Study and Prevention of Tuberculosis opened its annual meeting at the New Willard Hotel in this city today with Dr. Hazzyack Ravenal of the University of Wisconsin. The attendance includes delegates from nearly all the states. One of the subjects that will receive special attention during the two day's session will be that of the permanent value of the cure of tuberculosis in restoring patients to working efficiency. The relative functions of the health officer, the physician and the layman in the campaign against the disease will also be considered at length.

Western Conference Track Meet
LAFAYETTE, Ind., May 30.—Delegations of stellar athletes from far and near trooped into town in readiness to compete for honors in the annual track and field meet of the Western Conference Athletic Association. The meet takes place here under the auspices of the Purdue University athletic association. The preliminary events will be pulled off tomorrow and the survivors will contest in the final Saturday. Practically every big school in the middle west will be represented.

Meeting of Georgia Bar.
SAVANNAH, Ga., May 30.—The annual meeting of the Georgia Bar Association began at Tybee Island today with a large attendance of notable representatives of the bench and bar. President A. W. Smith of Atlanta presided and among the speakers were Judge J. Hansell Merrell of Thomasville. The meeting will conclude with a banquet tomorrow night, when the subject of discussion will be "The Admission of Women to the Bar".

Maine Memorial Unveiled.
KEARNY, Me., May 30.—Decorations day was observed here by the unveiling this morning of a handsome memorial to the soldier dead. The memorial, which stands in front of the town hall, consists of a marble pedestal surmounted by a 498 pound shell from the battleship Maine.

Witness for Defense Springs Surprise

**BODY FOUND IN LAKE
NOT MYRTLE HAWKINS**

ASHEVILLE, May 29.—The feature of the morning in the Hawkins trial was the testimony of Furman Howard introduced by the defense to swear that the body was not Myrtle, and to substantiate the theory that it might have been that of the Walker woman, who was missing at the time. His testimony must have been a surprise to the defense as he refused to state whether the body was Myrtle's or another's and swore he saw the Walker woman last October and thought he saw her last March. He also saw Mrs. Shaft in Hendersonville about the tenth of September with another younger woman, but did not think it was Mrs. Britt. J. B. Arlidge stated to the best of his knowledge the body was not Myrtle's, was too old and too heavy.

Court recessed at 11 until 2 on account of the illness of Mrs. Shaft.

Notable Art Sale in Paris.

PARIS, May 30.—The long awaited sale of the Marquise Landolfo Carcano's collection of old and modern masters was begun today in the Galleries Georges Petit. The sale is regarded in art circles as the most important that has taken place in Paris in many years, the works comprising oil paintings, water colors, drawings and sculpture, all picked examples of acknowledged masters.

Cancer Hospital Opened by Royalty.
GLASGOW, May 30.—The new Cancer Hospital in this city which is said to be the best equipped institution in the world for the special treatment of cancer, was formally opened today by Princess Louise (Duchess of Argyll).

Roosevelt Makes Clean Sweep of New Jersey

Taft Deprived of Every One of the Twenty-Eight Delegates to the Chicago Convention. Taft Still Claims Nomination

Wilson Also Gets Entire Support Of Home State

NEWARK, N. J., May 29.—Theodore Roosevelt of the Republican side and Governor Wilson on the Democratic were overwhelmingly winners in yesterday's state primary, according to nearly complete returns this morning. The Roosevelt victory was a clean sweep. Apparently he has every one of the state's twenty-eight delegates to the Chicago convention. In the preferential vote his plurality was fully ten thousand over Taft. The result exceeded the Roosevelt leader's expectations. In some districts Roosevelt received ten votes to every one for Taft.

Wilson's triumph, on the Democratic side, was as nearly complete at Roosevelt's. The governor lost four delegates. These four will go to Baltimore uninstructed. Wilson has the other twenty-four. The Wilson vote was a staggering blow to the anti-Wilson men. Wilson beat his opponents by 6 to 1. LaFollette's vote was negligible. The vote in all sections was exceedingly light. Some counties cast less than half of the total registered.

South Dakota is the only other state in which primaries will be held before the national conventions.

Both Sides Claim Nomination.

WASHINGTON, May 29.—Roosevelt's complete victory in New Jersey closed the better fight in which Taft, Roosevelt and LaFollette have been engaged for the last three months. Campaign Manager Dixon for Roosevelt predicted Roosevelt would have over six hundred delegates on the first ballot at Chicago, exclusive of contested delegates. Taft's manager, Representative McKinley, said the president's actual delegate strength now was 574, exclusive of delegates at large in Ohio and Texas. McKinley nomination on the first ballot. In is emphatic in his prediction of Taft's practically all the states where district primaries were held, excepting Massachusetts, Roosevelt won pronounced victories over Taft. Washington headquarters of the Republican candidates close this week and move to Chicago.

Oyster Bay, May 29.—"In the course of a long period as a hunter, I've learned never to divide the bear skin until the bear is dead." This was Theodore Roosevelt's reply when asked whether he would begin making plans for the fall campaign, in view of the fact that he felt confident of obtaining the nomination. The Colonel is greatly elated over the Jersey outcome.

Date Set for Senatorial Convention

**TO TAKE PLACE IN NEW
BERN ON JUNE 14**

NEW BERN, May 29.—The executive committee of this senatorial district met today for the purpose of deciding on the time and place for holding the convention to select candidates for the state senate. It was decided to hold this convention in New Bern. This will be convenient for the delegates from all the counties in this district, as New Bern is centrally located.

The date of the convention is to be Friday, June 14, there are four candidates in the field: A. D. Ward of New Bern; Leslie Davis of Beaufort; Tom Whittaker of Trenton and Mr. Albritton of Greene county. The first two candidates are avowed supporters of Senator Simmons and the last two are Kitchinites.

Judging from the recent primary the two candidates who will be nominated by this convention are Ward and Davis.

JOIN THE CROWD.

**Get The Habit Of Going To The
Gaiety.**

As the warm weather keeps pushing the silver up the glass we begin to wonder as to which is the coolest place in town. Don't need to wonder any more. Get the habit and go to the Gaiety theatre every night.

Not only is the atmosphere delightful in this popular theatre. The pictures shown nightly are of the very best and your entertainment is assured if you only think of it. Thousands of dollars are spent weekly in the production of the most wonderful moving pictures and the management of the Gaiety gets only the best. Show that you appreciate this effort to please by becoming a "regular".

Quiet Wedding.

At the home of her parents Mr. and Mrs. A. Savage, their daughter, Maggie, was married at 9 o'clock last night to Mr. Roy Kittrell, by the Rev. E. M. Hoyle. Only nearest relatives were present at the ceremony.

News of Our Native State Briefly Told

One of the Best Apple Growing Sections in the South.

LENOR.—The crop outlook in Caldwell county this year does not appear to be quite so good as it did the same time last year. The heavy rains that have visited this section during the past month did much damage to both upland and bottoms. Along the larger streams in this section the bottom land was badly washed, many acres of corn that had been planted, much of which was up and ready for plowing the first time, suffered to a great extent.

Daniel, Travis and Claude Kitchin Endorsed.

SCOTLAND NECK.—At the Halifax convention Saturday the delegates to the state convention were requested by resolutions adopted to use all possible means to secure the nomination of W. E. Daniel of Weldon for lieutenant governor and E. L. Travis of Halifax for corporation commissioner. As to the other state candidates the delegates were uninstructed.

Leaders Favor Sending Delegation to

Colored People to Have Celebration.

SALISBURY.—Thursday will be a great day for the colored people of this vicinity, it being the occasion of their "thirtieth of May" celebration. Excursions are to be run here from Wadesboro, Charlotte and Winston-Salem and a tremendous crowd is expected here to join in the celebration.

Judge Foushee Will be Nominated.

GREENSBORO.—The judicial convention of this, the ninth district will meet here tomorrow afternoon. Little is on the bills aside from the formal nomination of Judge H. A. Foushee of Durham, who has no opposition.

Delegates From Seventh District Uninstructed.

GREENSBORO.—Democrats of the seventh North Carolina congressional district, held at Asheville today, named an uninstructed delegation to the Baltimore convention.

Commencement Exercises E. C. T. T. S.

The baccalaureate sermon will be preached in the auditorium of the Training school Sunday evening, 8:30, June 2nd, by Dr. T. H. Rice.

The commencement exercises will be held in the auditorium of the Training school beginning at 10:30 a. m., June 5th. Detailed programmes will be printed in The Reflector before these exercises are held.

We are not sending announcements to people in Greenville or Pitt county. I take this method of extending a most cordial invitation to all to be present with us at all of our public exercises.

The commencement address will be delivered by Dr. Philander Priestley Claxton, United States Commissioner of Education. I sincerely hope to see our auditorium entirely filled.

ROBT. H. WRIGHT, Pres.
May 30, 1912.

Enthusiastic Supporters of Clark Organize

**MR. E. R. PACE MAKES AN
APPEAL**

Mr. D. M. Clark returned from New Bern yesterday afternoon, where he went to hear Mr. E. R. Pace's address in favor of Chief Justice Walter Clark's candidacy for the U. S. Senate.

A Clark club was organized following his speech, the following officers being elected:

R. T. Duval, President; W. A. Riddle, Secretary. A membership of 40 was enrolled.

Salisbury Suffers From Damaging Fire

**Post Plant a Complete Wreck All
Mailing Lists Devoured By the
Raging Flames**

**ESTIMATED LOSS
IS ABOUT \$40,000
SOME INSURANCE**

SALISBURY, May 29.—Fire of unknown origin at 3:30 o'clock this morning entirely destroyed the old Meroney theatre building on North Main street together with all its contents. The building was valued at \$20,000 with \$15,000 insurance; it belonged to H. Clay Grubb. The Evening Post, located in the building, lost its entire plant, together with all subscription books and records. The plant was valued at \$15,000, with only \$6,000 insurance. The Post job plant, owned by J. B. Doub, was also a complete loss. It was valued at \$4,000 with only \$1,000 insurance. These plants were on the second floor as was also Mr. Grubb's private office, with furnishings valued at \$1,000 with \$600 insurance and a club room managed by J. M. Woodside, with furnishings and stock valued at \$400 with no insurance, and an office of W. A. Fogleman, in which were valuable records and supplies of the state council Daughters of Liberty. His loss is \$150 with no insurance.

On the first floor M. L. Jackson's meat market was totally lost, valued at \$4,500 with \$2,500 insurance. An adjoining building occupied by Thomas Smith's barber shop and owned by Mr. Grubb, who also owned the equipment, was also destroyed with loss only partially covered by \$1,000 insurance. The next building owned by Myrtle Bros., was damaged \$1,000, covered by insurance. Other buildings damaged by scorching and breaking of plate glass was several owned by N. L. Arey, adjoining the burned building, and also on the opposite side of the street. This with no insurance.

Fifth District in Presidential Wrangle

GREENSBORO, N. C., May 30.—At midnight the Wilson and anti-Wilson forces of the fifth district congressional convention stood ready to plunge into the fight over the question of presidential preference. The election of Sheriff Haynes, of Surry, an anti-Wilson man as alternate, was a victory for the opposition forces and the Wilson people declared they would tie the hands of the delegation by instruction. The fight that had been looked for all night was on and it looked like it would go well into the night. The real test came over the election of alternates and it showed an even break between the Wilson and anti-Wilson forces. The delegates, Graham and Hastings are said to be Wilson men. No contest was waged over their selection.

Major Stedman was nominated with out opposition and received and ovation which he came on the floor.

A motion to adjourn at midnight was howled down. It came up—aye and no vote failed. Roll was called and the real fight was on.

Dr. D. J. Martin New President

CHARLOTTE, May 29.—The trustees of Davidson College at a meeting yesterday afternoon at Davidson elected Dr. J. W. Martin, on the first ballot over a number of competitors as president of Davidson College, succeeding Dr. Henry Louis Smith, who resigned to accept the presidency of Washington, and Lee. Dr. Martin has been professor of chemistry at Davidson since 1906 and is widely known for his work as a teacher and for his prominence as a layman in church work.

THURSDAY, MAY 30, 1912.

WHAT PART OF NORTH CAROLINA IS HEALTHIEST?

How we can learn.

Why does the state not register the births and deaths of her citizens? Vital statistics show a State's most vital and valuable asset—the life and health of her people. We should know if there are more chances for a man to live in Currituck than in Cherokee. Strange that we know that cotton or tobacco or peanuts will grow better or that the soil and climate are better for certain crops in one locality than in another.

Why do we not have State-wide vital statistics, so that we might know where man thrives best and lives the longest, where he is most subject to certain diseases, and where he is most nearly immune? Such definite knowledge would tend to set health values on certain localities, as we now have soil values.

Registration and tabulation of birth would help us solve many social and economic problems. It would help us on many phases of the race question. We could learn about the birth rate of the negro, about his average length of life, if he is the victim of any special disease, and make comparisons with the white race.

The complete registrations of vital statistics would help us to study and combat many diseases. It would put us in full possession of all the facts regarding the relations of diseases and death to age, sex, nationality, race, social conditions, occupation and locality.

Above everything else, however, vital statistics will show where public health work is most needed, what preventable diseases can be easiest checked or prevented with the smallest outlay of money, and what method of combating these diseases yields the best returns. Furthermore, such statistics will indicate the relative value of the services of every health officer—city, county, and State. They will stimulate competitive health work and will record the result of every man's work.

FARMERS' PRESSING NEED.

Gronna-Norris Resolution Should be Favored, Says Farm and Home.

Co-operative farm finance will usher in a veritable new era. It will enable farmers of the most limited means to pool their resources, so that, upon their joint credit, they may be able to borrow money at reasonable rates for the year's operations. Such accommodation is the most pressing need of the greatest number of farmers. Another vital need is permanent loans on farm mortgage at reasonable rates with easy terms of payment. This need will be met by the new system of co-operative land-mortgage banks.

The co-operative farm finance conference at Nashville in April was attended by delegations from 24 states, who reported the greatest enthusiasm everywhere upon this subject. It is now realized that, if agriculture can

be supplied with sufficient cash, credit and co-operation, its future will be brilliant indeed.

But the Nashville conference wisely favored deliberation and care in establishing in America the systems of co-operative farm finance which, in Europe, have successfully supplied rural needs for more than a century. Therefore, the conference proposed that a select committee of two businesslike farmers from each state be appointed to sail for Europe in June to make a personal study for three months of the way European farmers co-operate to obtain cash and credits, and buy together and sell together.

It is hoped that congress will promptly enact the Gronna-Norris resolution providing for a national commission on farm finance, with an appropriation sufficient to make an elaborate inquiry into every phase of the matter and publish a set of pamphlets bearing upon the different details.

CRIMP TO BAD BANKING.

Herbert Myrick Emphasizes Great Significance of Finance Inquiry.

The biggest and best job yet undertaken by congress is the inquiry into the alleged manipulation of banking finance and credits. Both parties vied with each other in supporting it. The investigation has begun in a way to prove that it will be drastic, says Herbert Myrick, editor-in-chief of Farm and Home.

This probe into the alleged money trust comes not a whit too soon. The Stanley committee's report shows that the 23 directors of the steel trust represent the controlling interest in nearly 55 per cent of the industrial and railroad affairs of the nation. Add to this the oil-tobacco group and the power of this gentry is too great for any self governing people to permit unrestrained. To what extent these interests manipulate the people's money and credits is now to be revealed.

The first step requires 30,000 banks—all there are—to submit sworn statements in answer to searching questions. The replies will indicate where and when the probe should go deeper. Later, the committee will inquire into clearing house methods. It is officially stated that, following the establishment of the clearing house at Buffalo, N. Y., some years ago, "the increase in profits on collections, to the twelve banks interested, over the former method of doing business free of charge, paid the dividends of all the banks each year and whatever profit was made on loans and discounts was used to build up the surplus." How far has that form of combination become general? The inquiry should help proper banking, benefit depositors and legitimate borrowers and promote sound business whether little or big. But it will put a crimp into practices that are not right.

The inquiry will surely justify the campaign against the crudities of the Aldrich abomination which was conducted by periodicals. The monetary commission did not adopt the Myrick method in place of the Aldrich scheme but our work did draw some of the fangs from the Aldrich snake.

SHAME.

It's the shame of every city and town in the United States that the Panama Canal zone, once one of the world's pest holes, is now a safer place to live in than the United States.

In the zone science has had a free hand. Sanitation is rigid there. In the states city health departments have to fight continually to secure even the adequate appropriations that are doled out to them. Here sanitation has hardly begun.

THREE ANTI-FLY RULES FOR YOUR HOME.

1. Screen all doors and windows.
2. Cover all you foodstuffs.
3. Remove all refuse and filth from house, yard and outhouses and thus prevent flies from breeding on your premises.

Health getting is a process of development, like the growth of a tree, or the raising of a crop of grain. We sow the seeds today in right life and a correct regimen, and weeks, months, or years hence we reap the harvest.

WITH OTHER EDITORS

A New Senate.

Senator Murray Crane's decision not to seek re-election serves as another reminder of the great change in the United States senate since M. Taft became President in 1909. Not only because of the number of familiar figures that have disappeared from the chamber but in the character of political connections of the men who have taken their places it has become a new senate.

In Maine, Frye and Hale have been succeeded by Gardner and Johnson, both Democrats. In Rhode Island, Aldrich retired and was followed by Lippitt. In Connecticut, McLean has taken Bulkeley's place.

Democratic legislatures elected O'Gorman to succeed Depey in New York, Martine to succeed John Kean in New Jersey, Pomeroy to succeed Dick in Ohio, Shively to succeed Beveridge in Indiana, Hitchcock to succeed Burkett in Nebraska, Reed to succeed Warner in Missouri, and Myers to succeed Carter in Montana.

In West Virginia, Elkins died and Nathan B. Scott was beaten for re-election. Watson and Chilton, both democrats have taken their place.

The seat of Senator Dolliver of Iowa is now occupied by Kenyon, another insurgent. Gronna, and insurgent, now represents North Dakota, which sent to the senate Fountain L. Thompson and M. N. Johnson, each for a brief period, after Senator Hansbrough's retirement. In California, Flint has been succeeded by Works, Piles by Poin-dexter, also an insurgent. In Michigan, Burrows has made room for Townsend.

In the South the changes have not affected in the same way the political complexion of the senate, but they have been hardly less notable. Death has removed Senator Daniel of Virginia, Clay of Georgia and McErney of Louisiana, and in their stead have been chosen ex-Gov. Swanson, Hoke Smith and Thornton. In Mississippi, John Sharp Williams has succeeded Money and Le Roy Percy in Florida. N. P. Bryan has taken Tall-ferro's seat. Luke Lea has followed Frazier in Tennessee, and by the

governor's appointment Newell Sanders becomes the successor of "Fiddling Bob" Taylor, who recently died. A democrat, Senator Hughes, was elected to Senator Teler's seat, but since his death there has been a vacancy owing to the deadlock among the democrats in the Colorado legislature.

Senator Bailey of Texas, like Senator Crane, has announced that he will retire at the end of his present term next March. Illinois, which gained Lorimer in place of Hopkins, has just rejected Cullom, the ranking senator in point of continuous service, at the republican primaries. Jonathan Burne, Jr., of Oregon, champion of the initiative and referendum and recall, has also been defeated at the primaries, and the retirement of Senator Penrose is promised as a result of the primaries in Pennsylvania.

The change of the last four years amounts almost to a revolution.—New York World.

Big Speakers Coming

All the big speakers come to Raleigh. Three of the Democrats in the presidential race, Wilson, Harmon and Clark, have been here within the last year, as have many other men of the national prominence. Last Friday night the eloquent Senator Gore, of Oklahoma, was here in the interest of Governor Wilson's candidacy. Thursday night of this week two other big men, Senator Bankhead and Representative Heflin, will be here, this time in the interest of another presidential candidate, Oscar Underwood. Both are able men and good speakers and the Underwood people here are greatly pleased that they are coming. Senator Bankhead had an appointment to speak here on the evening of Tuesday, 14th, but as this was the eve before the meeting of the republican convention, it was thought best for him not to come at that time. But there was much disappointment that he could not be heard then and the promise was made that he would come later if possible. He comes now in fulfillment of that promise and Mr. Heflin comes along for good measure.—Raleigh Times.

The housefly should be called the "typhoid fly," the only objection being that the name might give rise to the erroneous impression that typhoid is the only infection it carries, while in fact it spreads the bacteria of all intestinal diseases.

So long as there is anything else for a fly to drink it will not touch formaldehyde. And to attempt to destroy them by generating formaldehyde gas is not at all successful.

Sunshine is one of nature's most

potent remedies. It cures more diseases than the whole category of patent medicines.

If there is any contagious disease in your neighborhood beware of flies. The three (dis) graces—filth, flies, and fever.

"Fruit a la filth"—the kind served from sidewalk stands after being exposed to street dirt and flies.

Swat all flies.

Let us fit you with shoes that will FIT your feet

C. T. MUNFORDS

Tobacco Flues

135,000 POUNDS MATERIAL

Three and one-half solid cars Tobacco Flue Iron for this season's trade. I will make my flues this season in the Center Brick Warehouse, where I will be glad to fill orders from my old and new friends, the fourth consecutive season.

The demand will be heavy this season and to avoid delay and confusion, I advise all those who are reasonably sure of needing flues to place their orders early, and get their flues before the beginning of curing season.
