"Big Six" Looks After End of Giants During Gruelling Eleven Innings Contests in Fenway Park

Bean Eaters See Star Pitcher Driven from Mound—Collins Followed by Two More Twirlers While Matty Holds His Own.

30,000 WILD FANS CLICK PAST THE TURNSTILES

BOSTON, Oct. 9.—The Bostons and the New York Nationals battled for eleven innings to a tie, score 6 to 6 today when the contest was called on account of darkness. The second game will be re-played on the Boston field tomorrow.

The contest was exciting from the first to the last inning. With a lead of three runs handicap against them the Giants bitterly contested the Red Sox all the way until they finally caught them and passed them in the 8th inning. Boston rallied strongly and sent a fifth run across the plate which tied the score.

Collins had pitched a good game for the Red Sox until the 8th inning, when the Giants batted him from the mound. The Giants garnered a run in the 10th and the home club fans were in despair when Tris Speaker by a mighty drive for three bases to the center field seats followed by an error by Wilson on the throw in, scored the tying run.

The 11th inning was unproductive and darkness ended the game with each club six runs apiece.

MRS. THOMAS R. MARSHALL
Wife of the Democratic Vice-Presidential Nominee, Honorary Vice-President
Woman's National Democratic League.

Mrs. Thomas R. Marshall, wife of the vice-presidential nominee of the Democratic party, is a keen student of affairs and as the constant companion of her husband has had an exceptional opportunity of specializing on human nature. A very practical and far-reaching result of this peculiar interest in the larger-family of the state—she has no children of her own—is found in the long list of humanitarian bills passed by the Indiana legislature during her husband's regime as governor. A bill to curtail child labor heads the list, which numbers twenty, and includes almost every legal correction for the immediate relief of labor, especially for that pertaining to women and children.

The Marshall home, like that of the Wilsons, is a home of books, and yet one does not feel "bookish" within its walls. On the contrary, one feels very much at home there the moment Mrs. Marshall appears upon the scene, and, if possible, more so when Mr. Marshall comes in.

They are such chums, this "tender-hearted" governor and his wife, and where one is the other is pretty sure to be found. They have traveled all over the country together, and if the Woman's National Democratic League has anything to do with it they will soon be going to Washington together.

Mrs. Marshall is honorary vice-president of the league and keenly interested in its work, not because it is part of the campaign, but because she recognizes the permanency of the movement to educate women in the principles of Democracy.

CAMPAIGN FUNDS PROBE GOING ON

The President's Brother a Witness To-day

BILL AND CHARLIE GAVES \$150,000

West Virginia Senator Tells of a Phone Conversation With the "White House" Regarding Funds

WASHINGTON, October 9.—Former Senator Nathan B. Scott, of West Virginia, was the principal witness examined today by the Senate Campaign Contributions Committee, he repeating a phone conversation with the "White House" regarding the necessity for raising funds to elect the Republican ticket in New York in 1904.

Charles P. Taft, of Cincinnati, brother of the President, will be a witness today. Representative McKinley has testified that the Taft campaign cost about \$265,000 and that the Taft brothers gave about \$150,000 of that sum.

The examination of Charles D. Hilles, Republican national chairman, who was scheduled to appear today, was postponed until tomorrow.

Elmer Dover, of Tacoma, former secretary of the Republican committee, was directed by the committee to bring to Washington any records he may have left in Chicago bearing on campaign contributions in 1904 or other years.

"Senator Jones has notified the committee," said Senator Clapp, "that Mr. Dover states there are records in Chicago and that he is willing to bring them here. He has been directed to proceed to Chicago and obtain any records that exist and to bring them at once before this committee."

TOM SETTLE INVADERS PITT

Republican Candidate For Governor Here

BILL AND CHARLIE GAVES \$150,000 DELIVERS STRONG SPEECH

D. H. Blaer, Republican Candidate for Attorney General, Precedes Settle in a Tariff Speech

The Republicans came into Pitt to rip, also reap. They did the first, we don't feel so sure about the second. Aply introduced by Col. Skinner, D. H. Blaer, Republican candidate for state Attorney General, preceded Mr. Settle in a speech that dealt chiefly with a defense of the tariff and Republican measures as injected into Southern affairs by the present national administration. Mr. Blaer dwelt at length in the mistakes made in this state by the Democrats (be it understood that we are giving Mr. Blaer's side of the question). The excessive freight rates, the want of protection to cotton manufacturers, etc., etc., all was vivisection by the speaking candidate.

Mr. Henry King introduced Mr. Settle to the audience and the gentleman immediately got wrapped up in his subject, i. e., the condemnation of the Democrats in a wholesale system: In this effort he did not leave a thing undone.

Owing to the hour of speaking and the length of the speeches no complete account can be given in this issue but in tomorrow's Reflector we expect to give a better account of the Republican gathering. Quite a crowd was present at the court house.

Rhode Island Democrats.

PROVIDENCE, Oct. 9.—Encouraged by predictions of success at the polls in November, Rhode Island Democrats are preparing for an enthusiastic State convention here tomorrow to name candidates for presidential electors and for governor and other state officers. Preceding the state convention there will be held conventions for the selection of candidates for congress. The possibility of a combination of the Democratic and Progressive party, for the purpose of capturing the general assembly at the coming election has been discussed, but the present indications are that the Democrats are not likely to take any steps in that direction. T. F. Green appears to be the very strongest candidate for the nomination for governor. Mr. Green belongs to an old Providence family. He has been a practicing attorney in this city for many years and is a trustee of Brown university.

To Discuss Dry Farming

LETHBRIDGE, Oct. 10.—One week hence an army of several thousand men, banded together by their common interest in the science of raising grain and vegetables with little rainfall, will be moving on Lethbridge to attend the Seventh International Dry Farming Congress.

Erasmus Hall Celebration

NEW YORK, Oct. 10.—Public officials of the state and city, together with many noted educators from various parts of the country, took part today in the opening of the celebration of the 125th anniversary of Erasmus Hall high school of the Flatbush section of Brooklyn. The dedication of the new school building took place this afternoon and followed by the first presentation of an elaborate pageant illustrating the history of New York from its first settlement by the Dutch down to the present time. The celebration will continue over tomorrow.

GENTRY & GORMAN'S BULLETIN.

The sales finished before noon today, our's being the last sale. Prices continue to soar and every body pleased. The averages this week are the highest ever made on this market.

We sold today several piles of wrap pers weighing over 100 pounds from \$60.00 to \$82.00 per hundred. We advise all our friends to sell as fast as they can work their tobacco out.

WOODROW DOES NOT REALLY BOTHER AS TO HOW T. R. GOT MONEY

SPRINGFIELD, Ill., Oct. 9.—"I'm not trying to put Mr. Roosevelt in a hole," said Governor Wilson today, in referring to his recent declaration that the United States Steel Corporation "was behind the third party program in thought."

"I am simply trying to show that Mr. Roosevelt has the viewpoint of the trusts and that we can not afford to have a man president of the United States who has that viewpoint."

"It is a matter of perfect indifference to me where Mr. Roosevelt bets his money but it is a matter of a great deal of indifference to me where he gets his ideas. And he got his ideas with regard to the regulation of monopoly from the gentlemen who control the United States Steel Corporation."

ANNIVERSARY OF CUBAN REVOLUTION

HAVANA, Oct. 10.—This being the forty-second anniversary of the beginning of the ten years' war (1868-78) for Cuban independence, the day was observed as a general holiday. Business in Havana was largely suspended and all public and many private buildings were decorated in honor of the occasion. On the whole, however, the celebration was not attended with as much enthusiasm as usual, owing probably to the present disturbed condition of the country and the uncertainty over the result of the approaching presidential election.

Palatial Hotel in Dallas

DALLAS, Texas, Oct. 10.—The present week has witnessed the opening in this city of the palatial Adolphus Hotel, built by Adolphus Busch, the St. Louis millionaire. The new hotel is twenty-two stories high and contains 300 apartments. Its interior furnishings are of the most luxurious character.

EUROPEAN POWERS TO INTERVENE IN WAR

FEAR WHOLESALE CONFLAGRATION WILL FIRE ALL EUROPEAN COUNTRIES OVER WAR

TURKS FACE FUTURE WITH CALM

PARIS, Oct. 9.—The representations of the powers to the Ottoman government probably will be made by the powers at Constantinople with the feeble hope that the fire lighted by Montenegro may be extinguished.

The press here generally foresees a spread of the war in the Balkan peninsula but is cheered by the promise of the powers not to permit any disturbance of the peace of Europe as a whole.

The Figaro regards the visit of Sergius Sazonoff, the Russian Foreign Minister, to Berlin as of vast import. for it is directed to the allaying of any suspicions existing between Austria and Russia. The mutual confidence of these nations existed on paper, says the Figaro, but this is not enough and it continues:

"A false step, a suspicion, and all Europe would be in flames."

As a result of M. Sazonoff's visit, it is believed that Russia will endeavor to bring influence to bear on Serbia not to anger Austria by the invasion of Novipazar.

Declaration of War Irregular, Fortie Alleges

Constantinople, Oct. 9.—The Turkish government awaits coming events with calm assurance, according to Noradundghian Ekendi, the Ottoman foreign minister. In an interview given to the Associated Press today he said:

"We face the future with perfect confidence. I should like to point out, however, that the declaration of war by Montenegro was made contrary to the practice adopted by all civilized states. It went against the stipulation of the Hague convention, of which Montenegro was a signatory.

ATTORNEY GENERAL GOING AFTER TRUSTS

WICKERSHAM WILL TRY TO SHOW THAT TELEPHONE COMBINE IS A TRUST. BACK TO THE OIL

DEGREE OF DISOLUTION OVERLOOKED

WASHINGTON, Oct. 9.—Attorney General Wickersham returned to Washington today from a six weeks vacation in New York and New Hampshire to consider several important anti-trust problems.

One of the questions to engage the early attention of the Attorney General is the investigation by the Department of Justice into the operations of some of the former subsidiaries of the Standard Oil Company, to determine whether the decree of dissolution has been violated.

This inquiry has been under way for several weeks and the Attorney General while away has been in close touch with the situation. Supplementing charges from other sources, the department received a few days ago from S. W. Fordyce, Jr., counsel for the Waters-Pierce Oil Company, a list of allegations that the decree was being violated, based upon testimony in the pending Waters-Pierce-Standard Oil litigation, developments in which the Federal government is keenly watching.

EVEN THE POLICE JOIN STRIKERS IN THIS SOUTH AMERICAN CITY

CALLAO, Peru, Oct. 9.—All branches of business were paralyzed today by the declaration of a general strike in which not only the workmen but the city police joined.

The crowds in the streets stopped all kinds of traffic and compelled all the stores to close.

The vessels in port were unable to sail or to discharge their cargoes.

BULL MOOSERS REPLENISH COFFERS BY PASSING HAT IN AUDIENCE

MACKINAW CITY, Mich., Oct. 9.—Ex-President Roosevelt carried his campaign into the upper peninsula of Michigan today. He spent the day in this section of the state making a short stop at Mackinaw City on his arrival at 7 o'clock. St. Ignace was next and stops at Soo Junction and Marquette followed.

The Progressive campaign managers introduced a new feature designated to replenish their treasury in the present tour of Colonel Roosevelt. In the party is a representative of the financial bureau whose mission is offered by the gathering crowds to hear the Colonel.

The plan was first tried at Detroit and nearly \$1,000 was raised. Before the Colonel's arrival at a place of meeting subscription blanks are distributed among the crowd, the hat is passed and buttons and certificates of membership in the Progressive party are sold.

TITANIC ONLY LIABLE FOR \$96,000—SUED FOR OVER ONE MILLION

NEW YORK, Oct. 9.—The limit of liability for the owners of the steamship Titanic which sank April 15, has been set at \$96,000 as compared with claims for damages which aggregate more than a million dollars.

The limit was set by Justice Hough of the United States District Court upon petition of the Oceanic Steam Navigation Company, Ltd., which owned the vessel. The company furnished bond for the amount as security for paying the claims pro rata.

The petitioner explained to the court that the company's interest in the vessel was limited to the 14 life boats recovered prepaid passage money amounting to \$85,212 and freightage amounting to \$2073. Everything connected with the steamer, except the 14 life boats, became a total loss in the disaster. The petitioners claimed exemption from liability under the statutes of the United States and general rule in admiralty.

CHRISTIAN SCIENCE FUND DECLARED VOID BY MASS. COURT

BOSTON, Oct. 9.—A trust estimated at \$2,000,000, created by the will of Mrs. Mary Baker Eddy, founder of the Christian Science Church, for the denomination, was declared void by the Massachusetts Supreme Court today.

The court holds, however, that a charitable trust has been created, and that new trustees may be appointed to administer it.

California Realty Congress

LOS ANGELES, Cal., Oct. 10.—Nearly 50 delegates representing the realty boards of practically every important city of the state gathered in Los Angeles today for the eighth annual convention of the California State Realty Federation. The sessions will last three days and will be devoted to the consideration of taxation, publicity methods and needed legislation.

Mabry McMahon of San Francisco is the president of the federation and the presiding officer of the convention.

The federation proposes to undertake a vigorous campaign to protect the investing public from fraudulent and dishonest real estate promoters and dealers.

NEW YORK, Oct. 10.—The two teams entered in the international balloon race for the James Gordon trophy sailed today for Hamburg. The international race is scheduled to start from Stuttgart on Oct. 27.

George Arliss is soon to begin a tour of the country in "Disraeli."

THURSDAY, OCTOBER 10, 1912

YOUR ATTENTION IS CALLED TO THE FACT:

Greenville is undergoing that age which makes a boy or girl so homely while going through it. We mean the growing age. You remember those ridiculously long legs and shapeless figures; those creeping up trousers and far from the ground skirts. That persistent appetite and that look of anxiety. Growing! That's just exactly what's the matter with Greenville today! Time and again we hear that families are inquiring about houses. They want to come and throw their lots with us, but they can't. We haven't enough houses. Our trousers are not long enough; our legs too long. Look around you, you everlasting gloom-radiator! What do you see? Buildings to the right of you, buildings to the left of you, and not a drop to drink! At present contractors are busy in Greenville but their activities are more than less directed to the erection of buildings more or less public. Yet the town is growing, the town is hungry and the town must be fed if its growth is to be stationary. The buildings at present under way are magnificent and most needed additions to Greenville, yet, don't you think with us that some of the town real estate holders could erect some attractive residences in their tax eating lots and let the outside world know that Greenville wants some more good people and is ready to house them? Such an investment, we venture to say, would, in the face of recent inquiries, be high gilt edged. For the last fifteen or twenty years Greenville has been worrying along pretty well. In fact, very well. However, 1912 has been the banner year of Greenville's history and the march of progress should not be allowed to come to a stop. The ways should be greased and the launching made as auspicious as possible.

Hammer welders have been saying for the last fifteen years that Greenville had seen its best day. That it was doomed to remain just a small town. Decidedly nothing of the kind! Greenville has not seen its best day, nor will Greenville see it for many days.

This sudden outburst of energy in growing is nothing but the natural sequence of the success of Pitt county farmers, the real backbone

of the county. They have studied their business (for farming IS A BUSINESS) and with their study has come a change of method or system that aided by the farmers institutes and the State Agricultural Department, will result in a perfect organization, which will be able to laugh at seasons and make every year a "good year for the farmers".

But, to come back to Greenville's growth. What's the matter with building a few residences and making a stable increase in the population?

Roosevelt says Taft is not fit to be president, and Taft says Roosevelt is not fit to be president. As both of them tell the truth in this instance, the proper thing to do is to elect Wilson. That is the view a large majority of the voters hold and they will act accordingly when the election comes

The Charlotte Chronicle gets down to the milk if the coconut when it says "The fact that there are so many marriageable women who never get married may be explained that there are so many young men not worth marrying.

It is handy to have rich brothers. Three brothers of President Taft together contributed \$150,000 to help him secure the nomination.

Roosevelt has adopted a new method of raising money for his campaign expenses. The hat is passed around for collections at his speakings.

This political campaign has developed some liars beside those who are in Roosevelt's Annanias Club.

Stand in almost any part of Greenville you may select and look in any direction and you will see improvements of some kind going on.

Don't let ball games, politics, fairs or anything else cause you to forget to put in some licks for Greenville.

The crowd at Wednesday's championship game got the worth of their money.

They might have kept right on playing if darkness had not called them.

Men get hats to fit their heads while women fix their heads to fit the hats.

Those words "Tax Paying Time" will now be ringing in the ears of the people.

Next week they will swarm on Raleigh for the state fair.

The ball games are beating politics now for interest.

This is My Birthday

Cardinal Merry del Val
Cardinal Merry del Val, the Papal secretary of state, was born October 10, 1862, in London, where his father was secretary of the Spanish embassy. He was educated at the famous Stonyhurst College, the Jesuit institution near London. In his youth he became acquainted with Cardinal Rampolla, when the latter

was papal nuncio at Madrid and became his protege. In 1893 Del Val was appointed master to the robes to Pope Leo XIII, and thereafter his advancement was very rapid. In 1896 he was sent to Canada to settle the dispute over what was known as the Manitoba school question. The next year he was sent to London as a special legate to represent the Holy See at the diamond jubilee of Queen Victoria. Since 1903 the Cardinal has been secretary of state, a position demanding great tact and executive ability. In his official position he has nothing to do with spiritual matters. In fact Cardinal Merry del Val has never taken priestly orders, though he is renowned as an eloquent pulpit orator.

The following extract from the Premium List of the State Fair at Raleigh will be of special interest to tobacco growers:

"Section F.—Tobacco, in charge of Col. John S. Cunningham and Dr. J. L. Burgess. Competition limited to growers

	First	Second
50. Best display of wrap pers, fillers, cutters and smokers	\$125.00	\$100.00
51. Best display of wrap pers, any kind	35.00	15.00
52. Best display of fillers, any kind	35.00	15.00
53. Best display of smokes, any kind	15.00	10.00

Not less than five pounds of each kind to be shown.

Tobacco entered in No. 50 can not compete in Nos. 51, 52 and 53. The State Board of Agriculture offers \$200.00 of above premiums.

The above money may be increased on tobacco and additional classifications made and announced later.

"Fair week this year is October 14th-19th."

Yours very truly,
JOS. E. POGUE,
Secretary.

Baseball Notes.

Rumors are traveling thick and fast that Robert Brown of Louisville, has been picked to succeed T. J. Lynch as president of the National League.

President Dreyfus of the Pittsburg Club, has refused to allow Marty O'Toole and Bobby Byrne to join Umpire Riggers all star team on a Cuban tour, this winter.

"Germany" Schafer, of the Washington cut-ups, hopes the scribes will not forget to compare him with Ed Foy when they write columns comparing Walter Johnson and Josephus Wood.

The Phillies have had more bad luck this season than all the other major league teams combined. The latest victim is manager Doolin, who is out of the game with a broken finger.

It was third-baseman Baker who put the kibosh on the Giants last year and the New Yorkers will surely keep an eye on Larry Gardner, who plays third for the Red Sox, in the championship series.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles.

Saved by His Wife

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all though I had only a short time to live and it completely and colds, it is the most safe and cured it." A quick cure for coughs, reliable medicine for many throat and lung troubles—grip bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cents and \$1.00. Guaranteed by all druggists. adv

Remarkable Colored Man

Bethel, N. C., Oct. 9 1912. Editor Reflector: Bethel has a remarkable colored man, one of whom any community might well feel proud. On yesterday he picked 410 pounds of cotton and one day before over 400 pounds. He is a first class barber a god school teacher and has always voted the Democratic ticket. This man's name is H. A. Staton. Where is any better colored man? Respectfully,
S. M. JONES.

Discuss Needs of Legislation

CHARLESTON W. Va., Oct. 10.—Delegates from West Virginia trades unions, together with representatives of various civic, commercial organizations, assembled here for a state convention today to discuss legislative needs growing out of the miners' strike in the Paint Crook and Cabin Creek regions, where martial law was declared some time ago. The guard system, woman and child labor, the minimum wage law, the initiative and referendum, liability and workingmen's compensation acts and the conferring of additional powers on the governor of the state to enforce the law were among the subjects taken up by the conference.

Total Eclipse of the Sun Tomorrow.

WASHINGTON, Oct. 9.—There is to be a total eclipse of the sun tomorrow, but few persons in the U. S. and none in Canada will have an opportunity of witnessing the phenomena. Residents of Southern Florida, if conditions are favorable, will be treated to a partial performance by Old Sol when he hides himself behind the moon.

The path of totality will cross S. America at a point near Quito, Ecuador, to Rio Janeiro, Brazil. The best place, it is figured for observing the eclipse will be in the vicinity of the Brazilian Metropolis. Here the astronomers have set up instruments with long, unpronounceable names to take observations during the two minutes duration of the total phase.

Meeting of Teachers Association, Saturday, October 12, 1912

The first meeting of the Teachers Association will be held in Greenville Saturday, October 12th, at 11 o'clock. This is an exceedingly important meeting and it is earnestly desired that every teacher in the county shall be present. I am conscious that a number of you have not yet begun your schools, but I ask you not to let this fact keep you away from the meeting. Plans for the entire year will be made at this gathering and the matter of what the schools will take in the approaching county fair will also be decided. I hope for a great meeting. Your presence is desired.

W. H. RAGSDALE,
County Superintendent Schools.

Johnny J. Jones Show Here All Next Week

"Something doing every minute" is the term that can be aptly used to describe the carnival. The Johnny J. Jones Exposition Shows will be the attraction. A few of the numerous exhibitions will include a trip to Mars, The Wonder Show, Joyland, Jolly Alma, the fattiest girl on earth, weight 697 pounds, The Diving Girls, Headed by Miss Maragaret Staunton, the champion woman diver, the congress of Living Wonders, Dixie Land Minstrels, with new and old time songs and dances, rendered by a company of fifteen capable colored performers, The Flea Circus, presenting three hundred educated fleas that perform marvelous feats. Mysterious Hattie, The Arabian Circus, Lulu, the smallest horse in the world, the Bohemian Glass Blowers, the Five-in-one show; last but not least the trained wild animal show, in which lions, tigers, bears and other kinds of wild animals are put through various stunts.

About fifty smaller amusement exhibitions will complete the carnival. Thomas Quincy, Americus Premier High Diver will be seen daily as an out side free attraction. He will leap from a height of 104 feet into a four foot tank of water. Captain Winnie will make daily balloon ascensions with from one to six separate parachute drops. Saracinas Royal Italian Band will furnish music at the carnival and will also give daily street concerts. A monster ferris wheel and a magnificent \$20,000.00 jumping horse three abreast carousel will be features of the carnival.

Fortunes in Faces

There's often much truth in the saying "her face is her fortune," but its never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at all druggists. adv

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
