## BULL MOOSE CHIEF ALLOWED ONE SPEECH

Colonel Roosevelt Restricted by Doctors

### LAST SPEECH IN NEW YORK

Roosevelt Has a Good Day As He Is Told That Danger Is Passed. Going Home Today

CHICAGO, Oct. 19.—The gentle but uncompromising rule of his wife was all that kept Colonel Roosevelt in an approximately calm condition today. With the time of his departure for New York decided and with the assurance of his physicians that he was just about out of danger, the Colonel chafed at all restraints and sniffed at the crisp autumn air from his window as eagerly as a boy who is kept in after school. It was the last day but one of his stay in the hospital—with the provision that no complications arise—and in the Colonel's room and the big corridor outside it was quiet as a Sunday afternoon.

The physicians permitted Colonel Roosevelt to sit in his easy chair wrapped in a bath robe for several hours today. He saw a few visitors, replied to some of the telegrams of congratulations and passed the remainder of the day in reading and talking with Mrs. Roosevelt. Throughout the day his condition was virtually normal. His physicians visited him as regularly as before and had no changes to report so that some of the usual bulletins were omitted.

It was decided without much definiteness as this is impossible under the circumstances that Colonel Roosevelt shall deliver one speech toward the close of the campaign. It will be in Madison Square Garden, New York, on October 30. The Colonel was told that if he would exercise prudence in the meantime, he would be in condition to make the speech. Whether he makes it depends almost entirely upon the condition of his broken rib which is his chief source of trouble now.

He was told that he must keep as quiet as possible so that the rib ends may knit together and if he does not heed the warning he may find himself unable to take any part in the campaign. The Colonel sighed and said he would try.

## Dynamite Caps Invade a Home and Do Some Damage

A few days ago Mr. T. G. Manning, who lives on Rural Route No. 2, had one of his hands badly injured by the explosion of a dynamite cartridge. Some days before the accident Mr. Manning's children found several dynamite caps and had been playing with them. Mrs. Manning picked up some of them that the children had thrown down and thinking they were empty pistol shells threw them in the cook stove to get them out of the way. An explosion followed that blew off the top of the stove and came near setting the kitchen on fire.

Later Mr. Manning picked up another cap in his yard, thought he would get it out of the way of doing damage by sticking a match to it. There was another explosion and a piece of the cap went through his left hand badly injuring it.

## VOICE OF SUFFRAGE INTERRUPTS WILSON

BROOKLYN SUFFRAGETTE EJECTED FROM HALL AFTER ATTEMPTING QUESTIONS AT SPEAKER

### WILSON INTERCEDES IN HER FAVOR

NEW YORK, Oct. 19.—Governor Woodrow Wilson made two speeches tonight in New York and Brooklyn, closing his speaking campaign for the present. He will not make another speech, he announced, until Colonel Roosevelt has recovered. Mrs. Woodrow Wilson and her three daughters attended the big meeting at Carnegie Hall.

The governor returned here during the afternoon from a campaign trip through Delaware, West Virginia and Western Pennsylvania. On the way to New York he rode for a while with Dr. Henry Van Dyke, the author and former Governor Higgins of Rhode Island.

Miss Maude Malone, a suffragette, interrupted the speech of Governor Wilson at the Academy of Music, Brooklyn and after a scene of confusion in which the Democratic candidate tried to pacify the angry crowd the police interfered and arrested her on a charge of disturbing the peace.

The governor was talking about monopoly when Miss Malone, who was conspicuously interrupting him, arose from the balcony and shouted:

"How about woman suffrage, Governor Wilson? Man has a monopoly of suffrage."

Cries of "put her out" came from the crowd.

"Do not be rude to the lady," urged the governor and the crowd became quiet, while the speaker added:

"Woman's suffrage is not a question to be dealt with by the national government. I am only here as a representative of a national party."

The governor said to her: "I hope you will not consider it a discourtesy if I decline to answer your questions. I am sure the lady will not insist."

## Pitt County Fair to be Held November 14 and 15

A meeting of the governing board, township committees, director and assistants in the woman's department of the Pitt county Fair was held in the court house last Friday. It was intended that this meeting should discuss and determine the final plans for the fair to be held in November, but a circumstance arose that for the time looked like the fair this year would have to be called off, even after so much preparation for it had been made.

The matter was referred to a committee, with instructions that if the fair could not be held on the dates first planned and advertised that no fair be held at all this year.

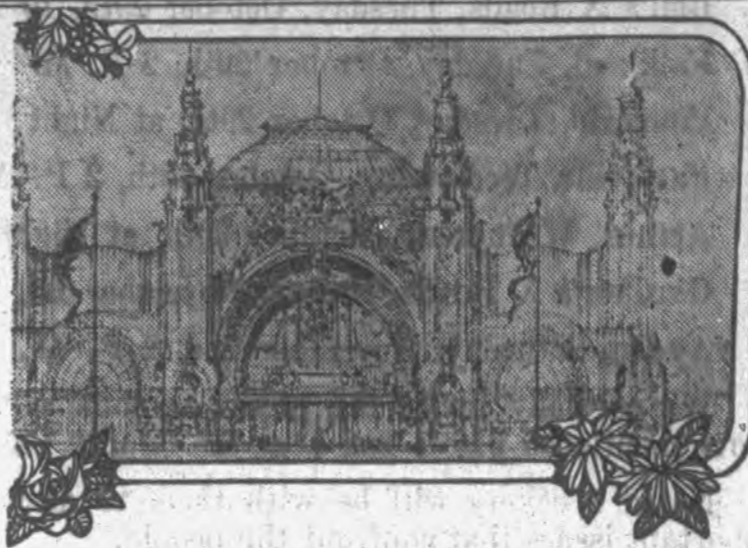

Not knowing just what would be the outcome, The Reflector gave no report of the meeting of Friday, deeming it best to wait for an official statement from the committee, as to whether the fair would be held.

Instead of having to announce that the fair for 1912 had been called off, The Reflector is asked to say today that the fair will be held Nov. 14th and 15th, the date first named.

With this announcement let everybody get busy for the fair. There is not much time left now for preparation and the governing board, committees and ladies of the woman's department can hardly get together again until sometime next week. But the people should go right ahead getting their exhibits ready.

And remember the dates for the fair, Thursday and Friday, Nov. 14th and 15th.

## CULTURAL BUILDING, PANAMA-PACIFIC INTERNATIONAL EXPOSITION.

One of the most notable buildings at the Panama-Pacific International Exposition at San Francisco in 1915 will be the great 'Palace of Horticulture, constructed of glass, covering over five acres, or two city squares in extent, and surmounted by a dome high. The Palace of Horticulture will be set in a great tropical car the main entrance to the exposition grounds. It will be long and its greatest width will be 320 feet. An impressive nave set high will run the length of the building and paralleling the nave on either side will be two side aisles fifty feet in height. The main entrance to the building a huge arch will be adorned with as-reliefs suggestive of the purpose of the structure. The end interior of the Palace of Horticulture will be decorated with upon which flowering vines will be trained. When the exposition is the Horticultural Palace will appear as if set in the heart of a lush garden. Although wood will be used in connection with the Palace of Horticulture will be in every sense a glass palace; the largest glass structure ever built. During the night illuminated at the exposition the vast surface of the building will present and beautiful reflections.

## Strange Incident Attends Dr. Parker, of Trinity, at Home-seekers Visit to the Methodist Church

But for a little sleuthing the following might have appeared in the Want Column of The Reflector today: "MISSING: two home-seekers from Ohio. When last seen they were inspecting the local jail. Description: young lady and gentleman. Suspicion that they were in love. Return to Mayor Wooten and receive suitable reward."

Here's how it happened. The train of home-seekers piloted by Mr. E. B. Rice, arrived in Greenville Saturday afternoon and the Mayor and other citizens were there to do the welcome stunt. The Ohio delegation was taken over the greatest, finest, most thriving, most progressive, most "yours if you come" town in the whole world. Some of the points of interest visited were the court house and Mine Host Dudley's Hostelry. The party inspected the last named place with care and from there repaired to the Carolina Club where a well trained pair of feet beat some rag time and home sweet home with variations from the nearly pensioned pianola. Mayor Wooten got some 6 for 25c from the top pocket of his coat and distributed them around the male branch of the aggregation. What between the groans from the pianola and the fragrance from the Flor del Ropo sheer roots, the whole party did not miss a couple of home-seekers until nearly time to go see Captain Vines about the hash. It was on leaving the club that a young lady and gentleman members of the party were missed. The mayor did some strenuous brain-box work. Everybody asked everybody else. Great confusion.

Meanwhile cries of Murder! Fire! etc. coming from the jail attracted a turnkey, who upon unlocking the massive door found leaning against it, a couple of strangers, young and frightened, who begged to be let out. A few words explained the situation and the imprisoned-against-their-will couple were able to join the party at the Bertha. Mayor Wooten apologized profusely in the name of "Our Greenville, Yours if You Come!"

Are you laying away anything for a rainy day? It's easy to do, our way.

**Governor-General Guest at Luncheon**  
TORONTO, Ont., Oct. 21.—The Duke of Connaught, Governor-General of Canada, arrived here by special train from Ottawa early this afternoon in acceptance of an invitation to be the guest of honor at a luncheon given at the King Edward Hotel by the Canadian Club of Toronto.

One of the ablest sermons ever preached in Greenville was the one delivered at the Methodist church last night by Dr. Parker, professor of theology at Trinity College.

Professor Parker had for his text, "I have meat that you know not of," or "My meat is to do my Father's will." The distinguished visitor discussed in a most comprehensible manner the meaning of his text going at length into the generally wrong interpretation of the Master's will. People will swerve from the path of Christianity as marked for them by the Lord in their worldly pursuits for getting or overlooking that path which will finally lead them to a goal crowned with glory. He spoke of the ease with which that path could be traveled if people would really study the Lord's will. If they would really perform the task set for them by Him.

Quite a large congregation gathered at the Methodist church to hear Dr. Parker, members of other churches going there to hear the learned scholar.

#### Socialist Speaking

Mr. H. F. Kendall, of Washington, D. C., national organizer of the Socialist party, spoke in the court house here this afternoon. But very little notice was given of his coming and only a few people were out to hear him.

#### Sunday Morning Marriage

On Sunday morning Justice C. D. Rountree was called out of the Baptist Sunday school of which he is supervisor, to perform a marriage ceremony. The squire went to where the couple was in waiting and performed the ceremony as they sat on the buggy. The parties were Mr. Zeno Stocks and Miss Lana Whitehurst, both of this county.

#### Died

Mr. Zeb Forbes, who lived about two miles from Greenville, died about 9 o'clock this morning with a yellow chill. He was in town Saturday and was taken with a chill here, which was followed with a more severe one this morning. Mr. Forbes was about 40 years of age and unmarried. He was a brother of Mr. R. A. Forbes, of Greenville, and also leaves several sisters.

## FIERCE TYPHOON SWEEPS PHILIPPINES

DAMAGE ESTIMATED CONSERVATIVELY AT \$20,000,000. MANY LIVES ARE ALSO LOST

### SUFFERING OF NATIVES IS INTENSE

MANILA, Oct. 19.—Twenty-five million dollars is the estimated damage done by the typhoon which swept the Philippines October 16th. The storm extended over an area touching Surigao in the south, Toaloban in the north and crossing Leyte, Bohol, Cebu, Negros and Panay.

Reports from the various districts are incomplete and contain nothing definite concerning the Negros nor the interior.

Five small coasting steamers were driven ashore and wrecked and a hundred small sailing vessels were sunk or beached.

The army and navy have both joined the government in undertaking measures of relief.

Rear Admiral R. F. Nicholson, commander of the United States Asiatic fleet, has placed the cruiser Cincinnati at the service of the government and has gone south with Brigadier-General Harry N. Brandholtz chief of the Philippine constabulary.

The army authorities are sending doctors and men of the hospital corps together with tents.

The government is dispatching one steamer to convey the doctors and another with supplies of food while it is holding the transport Warren in reserve. Apparently there were no casualties among American residents.

## Carolina Township Man Did Not Let Family Interfere

Mr. J. A. Crandell, of Carolina township, committed suicide this morning by shooting himself with a gun. Between 8 and 9 o'clock he took his gun and went out the door saying he was going to kill himself. His wife and children followed him, trying to prevent him from doing himself harm, when he told them if they did not leave him alone he would kill every one of them. Then going a short distance in the yard, and with his family looking at him, he prepared the gun, placed the muzzle of it against his left breast, sprang the trigger with a long stick and sent a load of buck shot through his body. The load entered just below the heart and came out under the shoulder.

No reason can be assigned for Mr. Crandell's self-destruction except that he had been drinking hard and was noticed to be quite drunk on Sunday. He was about 45 years of age and leaves a wife and seven children, the latter ranging in years from 2 months to 17 years.

Watch Greenville grow. What makes it? Among other causes the Building & Loan Association is aiding citizens to own their homes.

#### Bulgarian Troops

Sofia, Oct. 19.—In taking the town of Mustapha Pasha, the Bulgarians commenced operations at two points simultaneously. General Ivanoff's army with Harmanli as a center, attacked the right wing of the Turkish forces and occupied the village of Kourkale, which dominates Mustapha Pass. The Turks were forced to fall back into Mustapha Pass and this also they were soon compelled to desert. As they retreated they blew up the railway bridge over the River Maritza, cutting off communication with Adrianople.

## ALL BALKAN STATES NOW MIXED IN WAR

Turkish Troops Keep on the Defensive

### MAIN FORCES GOING TO FRONT

Greatest Force On The European Continent Since The Franco-German Struggle Now On Battle Field

LONDON, Oct. 19.—Along the mountain front of 200 miles from Kirk-Killiseh in the east to Uskup in the west, the advance of the allied armies into Turkey continues. The Turkish army appears to be acting on the defensive. Its outposts are slowly withdrawing and are attempting only to screen the way for mobilization while the main forces are marching toward the frontier.

Only small engagements which give no idea of the mettle of the combatants have occurred thus far. The censorship has been so complete and effective that Europe has few details except that the largest armies in the field on the continent since 1870 are preparing for a death struggle.

Adrianople and Askup are being used as the strategic points for the first great battle. Adrianople is defended by modern fortresses with 300 of the most modern guns. It is the main gateway to Turkey and should give the invaders a long siege.

The town of Mustapha Pasha, 17 miles to the north, already has fallen into the hands of the Bulgarians and the meagre announcements of the event indicate without serious resistance.

The approach to Askup is more difficult. The Serbian and Bulgarian armies are likely to follow two roads, one from Palanka Pass which is strongly fortified on the Turkish side, the other along the main line of the road from Servia.

Taking of Mustapha Pass was the important event reported today. The Turkish fleet, the size of which has been kept secret, but probably a few small craft, was engaged in bombarding the Bulgarian post of Varna this afternoon.

Reports received by way of Vienna say an irregular Turkish force of 2,000 men was ambushed and cut to pieces by the Montenegrins in an attempt to recapture Berana.

The whereabouts of the Greek fleet is unknown but one report has it that the fleet has sailed to find Turkish ships, while the Greek government has proclaimed the blockade of part of the southern coast of Turkey. The Montenegrin advance has stopped before Taraborach, which blocks the way to Scutari. The Greeks have crossed the border by three roads at the eastern end of the border. Turkey is apparently concentrating her attention on her Slay foes in the north. It is believed she will detach only a comparatively small force to deal with the Greeks in the beginning.

The Turkish legations deny indignantly all reports that Turkish army doctors are preparing to scatter disease germs.

The denials are made in reply to a dispatch received yesterday in London and vouched for by the Greek minister that Turkish doctors had gone to Janina, in the south of the Grecian frontier, carrying with them typhus and cholera microbes.

That the present high tariff on sugar is costing the American people two cents per pound or over \$150,000,000 annually, according to Mr. C. A. Spreckles, president of the Federal Sugar Refining Company, a concern independent of the Trust?

That only \$52,000,000 of this amount is annually collected by the government as revenue and the balance is tribute extorted by the Tariff-favored interests?

That practically no American labor is employed in the beet sugar fields of the western states?

That the per capita consumption of the United States is 82 pounds, which means an exaction from each family of five persons of \$8.40 annually as a result of the Tariff?

That when a merchant pays \$1.70 for a carload of sugar \$510 of it is Tariff?

That the ad valorem rate upon this necessity of life, in comparison with certain luxuries, is as follows:

Sugar .....	78.87	per ct.
Champagne .....	70	per ct.
Automobiles .....	45	per ct.
Rare Paintings and		
satuary .....	15	per ct.
Diamonds .....	10	per ct.

That the export price of sugar is now 1.60c. per pound less than the domestic?

That through the removal of the duty between 1891 and 1894 the price of sugar was reduced 2 1/4 cents per pound, consumption increased 23 per cent the first year and 42 per cent during the three years in contrast to an average annual increase under the present Tariff of 4 per cent?

That the cost of production has no relation to the selling price of domestic sugar and that the domestic sugar producer in arriving at a selling price bases his price on the value of imported sugar plus the duty and not only adds the duty but adds the freight from seaboard to distributing markets as well?

(This is shown by the following comparison of wholesale prices:

New York .....	5.05c
New Orleans .....	5.20c
San Francisco .....	5.50c Cane
5.30c Beet	
Salt Lake City .....	5.95c Cane
5.75c Beet	

Both the cane and beet sugar which

is being sold in California and Utah is of domestic production while the sugar being sold in New York and Philadelphia is made from imported raw sugar on which duty has been paid).

THE FACT that the United States, and the State Governments have selected this Bank as their Depository in this section, are sufficient evidence that the Bank fulfills the first function.

## Well Deserved

The Praise That Comes From Thankful Greenville People

One kidney remedy has known merit.

Greenville people rely upon it. That remedy is Doan's Kidney Pills. Greenville testimony proves it reliable.

Mrs. Joseph Fornes, 111 S. Washington street, Greenville, N. C., says: "I have taken Doan's Kidney Pills with the most satisfactory results and I know that they are a good kidney medicine. About a year ago I was troubled by symptoms of kidney complaint. I suffered from dull, nagging backaches and I also had headache and pains through my kidneys. Dizzy spells annoyed me and I noticed that the kidney secretions were unnatural. Doan's Kidney Pills, procurer from the John L. Wooten Drug Co. brought me prompt relief and a short time ago when I again used them, they acted as effectively as before. I know that this preparation lives up to the claims made for it."

For sale by all dealers. Price 50c. Foster Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doans—and take no other.

# YOUR BANK IS YOUR MOST CONFIDENTIAL FRIEND

—The relation of a Bank to its depositors is most confidential and based upon implicit confidence. When you are thinking of a banking connection consider the prominent character and clientele of this Bank, with its history of six and one half years of practically the same management.  
—Then think a little further and consider the standing directorate and its assets of \$450,000, and the fact that this is the only National Bank in Pitt County.  
—Then think of its various kinds of Savings Accounts—its Trust Department—its Safe Deposit Department—and you are bound to realize that its equipment to serve is complete in every detail.  
—Then the Conclusion: It is the Bank for you, the institution in which you are justified in placing your funds with the satisfaction that every confidence sacredly safeguarded.  
—We have not mentioned our service. You will have to be personally acquainted with this to appreciate it.
