MILLIONS TO RUN PRESENT CAMPAIGN

Newspaper Advertising Columns Patronized

RAILROADS GET THEIR SHARE

Even The "Humble Noovies" Are Resorted To By Anxious Managers Of The Candidates

NEW YORK, Oct. 23.—Directors of the three chief national political committees hold widely different views of running a presidential campaign...

Magazine, newspaper, bill-board, poster and street car advertising, fringing upon the voter the name, achievements and promises of President Taft...

The production and circulation of "literature," arguments and news letters of an educating nature, for which no money had to be paid for publication...

A rough estimate given out at Democratic headquarters, showing where approximately \$550,000 has gone since the presidential fight opened in July...

Of the total Democratic expenditures about \$330,000 will cover the activities of the "publicity end," it is said. This includes \$50,000 for direct advertising in publications...

The amount spent by the Republican Committee for the direct advertising work is not yet available, but Secretary James A. Reynolds stated yesterday that one-fifth of the entire amount spent by the Republicans has gone into advertising contracts with weekly magazines and one-fifth into poster and bill-board advertising.

The committee has followed a "budget of estimates" prepared by Mr. Reynolds at the beginning of the campaign, in which over three-fifths of the total was set aside for advertising purposes of all kinds.

The Republican Committee made a certain weeks' advertising contract with several weekly newspapers, including agricultural papers and newspaper Sunday supplements. Another advertising contract made by Mr. Reynolds covers 22,551 bill-boards in the states from coast to coast...

The Democratic Committee also has patronized the moving pictures and has spent about \$6,000 in this form of advertising. The Progressive Committee, on the other hand, has received money from certain moving picture concerns, photographers and photo-companies for the privilege of reproducing views and remarks of Colonel Roosevelt.

The Democratic National Committee spent about \$20,000 for campaign buttons and the Republican Committee about \$15,000. Governor Wilson's special trains' expenses of other speakers and like traveling expenses play called "The Girl and the Club" have cost the Democratic Committee \$50,000.

ROOSEVELT REGAINS STRENGTH AT HOME

PROGRESSIVE LEADERS WILL VISIT BULL MOOSE CHIEF NOT EARLIER THAN TOMORROW

TRIP FROM CHICAGO A WEARY ONE

Oyster Bay, N. Y., Oct. 23.—A long night's sleep largely offset the wearisome effects of Colonel Roosevelt's trip to Oyster Bay from Chicago and he was greatly refreshed when he awoke this morning.

The colonel at once declared that he was hungry and his breakfast was prepared an hour earlier than the usual time. It was a hearty meal which was set before him in his room but the dishes were empty when they were carried away.

Word was given out that no visitors would be permitted to see Colonel Roosevelt today.

His physicians told him yesterday that he must see no one Thursday and that upon his obedience of their order for absolute rest might depend his chances of resuming the work of the campaign later.

Tomorrow, if the patient continues to improve, he probably will be permitted to see George W. Perkins, Senator Dixon, Progressive chairman, and a few other Progressive leaders for a short conference after which he will, at once take charge of the affairs of the party.

Case of Lieutenant Becker Now Being Argued by His Counsel

NEW YORK, Oct. 23.—A day of summing up, adjournment until tomorrow morning, then Justice Goff's charge to the jury, is the program today for the close of the trial of Police Lieutenant Charles Becker, indicted for the murder of the gambler, Herman Rosenthal. The trial opened on Monday, October 7.

When court opened today John F. McIntyre began to sum up for the defense and spoke during the forenoon session.

The afternoon session was allotted the prosecution with a probable four hour plea for conviction by Frank Moss, assistant district attorney. Justice Goff will charge the jury Thursday morning and Becker's fate should be known before night.

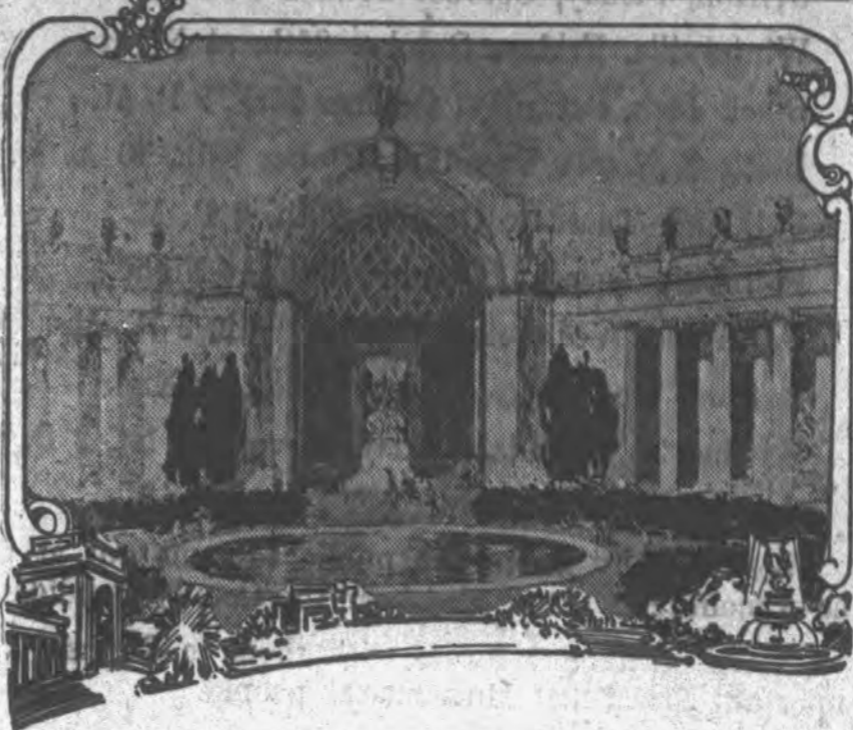

The defendant's wife was in court as usual today listening to Mr. McIntyre's arguments in her husband's behalf and to the denunciation of the prosecution who will seek to send him to the electric chair.

Mr. McIntyre reviewed the evidence beginning with the testimony of the state's eye witness. He declared that before Becker could be found guilty the jury must find that the four gunmen were the actual slayers of Rosenthal; otherwise the proof of conspiracy was not valid.

Laurenburg Appeals to Gov. Kitchin to Offer Reward For Murderer

RALEIGH, Oct. 24.—An appeal came to Governor Kitchin for a reward to be offered by the state for the arrest of Will T. McKinsie, who the telegram stated had shot and killed Peter B. Jones, a citizen of Laurinburg, in apparent cold blood. The Laurinburg authorities were instructed from the Governor's office here to have the request for the reward come through the sheriff of the county, with the statement that everything possible has been done by him to accomplish the arrest. The proper application for the reward is expected tomorrow and reward will be promptly announced.

John E. Henshaw has written a play called "The Girl and the Club" which will be produced next spring.

NICHE IN THE COURT OF THE FOUR SEASONS, PANAMA-PACIFIC INTERNATIONAL EXPOSITION.

EACH of the four corners of the Court of Four Seasons will be adorned with groups of statuary symbolical of the seasons—Spring, Summer, Autumn and Winter. The sculpture will be set in niches screened by colonnades and mural paintings, also suggestive of the seasons, will form the background for the setting. The Court of Four Seasons will be 340 feet square. Mr. Jules Guerin, the noted artist, has charge of the color plan, and the designer of the court is Mr. Henry Bacon of New York.

Mexican Leader and His Whole Army Captured by The Federals

GOVERNMENT FORCES ARE SUCCESSFUL IN THE ATTACK ON THE CITY OF VERACRUZ. LITTLE BLOODSHED ON BOTH SIDES.

ALL REBELS ARE DISARMED

VERA CRUZ, Mexico, Oct. 23.—Felix Diaz with the whole of his staff was captured today and all the rebels disarmed. The casualties are insignificant.

The government forces occupied the city with very little opposition. General Luis Valdez and Colonel Castro's respective columns of Federal troops were the first to enter the place. They met only slight resistance.

Colonel Jose Diaz Ordaz, of the twenty-first infantry, who joined Felix Diaz with his troops when he first proclaimed the revolution, has not yet been captured.

Battle Began Early in Morning Washington, Oct. 23.—The battle between the rebel forces of General Felix Diaz and the Mexican government forces under General Beltran, impending for several days, began at Vera Cruz at 6:30 o'clock this morning.

Commander Hughes, of the United States cruiser Des Moines, cabled this information to the Navy Department today but gave no further details.

Fighting on all sides at Vera Cruz, is the contents of a brief consular message to the United States embassy today.

Case of Rate Discrimination For North Carolina Shippers Comes Up

WASHINGTON, Oct. 23.—The Southern Furniture Manufacturers' Association side of the alleged discrimination in freight rates on furniture and chairs from North Carolina points to the Pacific coast will be presented to the interstate commerce commission tomorrow by Attorney E. J. Justice of Greensboro who reached Washington today. The case is one of the most important to shippers of North Carolina ever called to the attention of the interstate commerce commission according to Mr. Justice. The present rate on furniture from North Carolina territory to the Pacific coast is \$1.70 per 100 and on chairs \$1.75, while the rate from Virginia cities is only \$1.50, making a discrimination of \$40 a car on furniture and \$50 on chairs. This, in the view of the fact that the freight is hauled through North Carolina, is contended, is unjust and unreasonable and a clear violation of the fourth section of the interstate commerce laws.

LITTLE ROCK, Ark., Oct. 24.—"Arkansas on Wheels," is the special train containing an elaborate display of the agricultural and industrial products of the entire state, left this city today for a two week's tour of the leading cities of Oklahoma, Tennessee, Indiana, Kansas, Missouri, Illinois and Kentucky.

SOME CONTRIBUTIONS REJECTED BY SENATOR

AMONGST THEM PERKINS' OFFERING OF \$30,000 WAS TURNED DOWN BY INDIANA SENATOR

OTHER CHECKS RUNNING FIVE FIGURES

WASHINGTON, Oct. 23.—Larz A. Whitcomb, a law partner of former Senator Albert J. Beveridge, of Indiana, testified to the Clapp committee late today that George W. Perkins, Edward McLean and Gifford Pinchot sent drafts amounting to \$57,700 to Beveridge for his 1912 campaign. Mr. Perkins has testified he sent only \$10,000 and that Beveridge returned it.

Whitcomb testified that \$30,000 came from Mr. Perkins; \$25,000 from Edward McLean, a cousin to Beveridge, and \$2,500 from Gifford Pinchot.

He then went on to explain that Beveridge returned the drafts the day after election.

"Mr. Beveridge asked me to look at some letters on his desk. I saw one addressed to George W. Perkins and to it were attached three checks or drafts each for \$10,000. Another letter was addressed to Edward McLean and attached was a check for \$25,000. The third letter to Gifford Pinchot was accompanied by a \$2,000 check."

Mr. Whitcomb said that Mr. Beveridge held the money until election in order to prevent its use in the campaign. He thought the money was sent to Indiana for general campaign purposes.

"My purpose is," said Senator Pomeroy, "that the money was to be used in the event that the fund to be sent to Indiana by the National Committee did not reach \$100,000. If the making up that amount, do you know fund fell short of that sum I understood these drafts were to be used in that is so?"

"No, I do not believe that is so," replied Mr. Whitcomb.

Mr. Whitcomb explained that Perkins and Beveridge had worked together and when Beveridge was a book agent and Perkins an insurance agent in Indiana. This friendship he said, was the cause of the Perkins contribution.

Still Another Bird Man Suffers Penalty For Daring Element

MONTGOMERY, Ala., Oct. 23.—Aviator Louis Mitchell, while 200 feet in the air, lost control of his machine in making a spiral glide and was killed when his machine plunged to earth.

Aviator Mitchell had been circling the exposition grounds for more than an hour at varying heights. As he began his descent in a spectacular glide he lost control of his machine and at 200 feet the aeroplane went to pieces. Mitchell was pinned to the ground under the heavy motor, dying before surgeons could reach the spot.

National Dairy Show Opens

CHICAGO, Ill., Oct. 24.—The National Dairy Show, comprising the greatest display of dairy cattle, dairy machinery ever seen in this country, opened at the stock yards in this city today and will continue for one week. Nearly a dozen national associations allied with the dairy industry will hold conventions in connection with the show.

Bad Weather Responsible for Small Audience to Hear Kitchin

CARTHAGE, Oct. 23.—Governor Kitchin spoke here Tuesday morning at 11 o'clock to a fairly good audience, in the behalf of himself for the senate. The entire two hours were spent in discussing the record of Senator Simmons. Owing to the bad weather there was not so large a crowd.

FIERCE FIGHTING IN THE BALKANS

Combined Armies Continue Successful

RED CROSS FACILITIES NEEDED

Carrying Many Wounded Soldiers Hampers The Movements Of The Balkan States Armies

LONDON, Oct. 23.—Heavy fighting is proceeding on every side of the Balkan peninsula and competent quarters are inclined to believe that the conditions are much more serious than reports would indicate.

While the allied armies of Bulgaria, Serbia, Montenegro and Greece have doubtless had the best of the preliminary skirmishes and continue to take small Turkish fortresses, villages and towns, it remains to be seen which will be the most successful in the main theatre of the war.

Both Turks and Servians claim to be advancing in the vicinity of Adrianople and the country is left to choose for itself between the varied statements given in the official reports as unofficial observers, correspondents and military attaches are being kept in the rear.

Everything seems to indicate, however, that the Bulgarians have directed the bulk of their main army from the Mustapha Pasha-Adrianople line and an attack on the Turkish front between the last named place and Adrianople while enveloping the extreme Turkish right to the east of Kirk-Killiseh.

From this latter point reports have reached here of a serious battle, the details of which, however, are withheld.

The Servians, who are more true with the news about their operations continue their advance. One of their armies has taken the town of Phlabinina and another is at the gates of Kumanova. An official report by the Servian commander says that the Turkish troops, after offering a desperate resistance, are falling back along the whole frontier and in the precipitate retreat are leaving behind them quantities of supplies and ammunition.

The Servians have captured several towns around Novipazar, although that city itself is holding out.

Most of the Servian successes have been won over mixed forces of Albanian tribes and Turkish irregulars. They will not come into contact with the railroad Turkish troops until they reach Uskup.

Greek official reports disagree as to the situation on the Greek frontier. One of them reports heavy fighting on the road between the town of Elaseona and the Turkish bast at the town of Servia, while another declares that the Turks are in full retreat.

A similar state of affairs existed yesterday when the Greeks stated that the Turks were flying and it turned out later that a big battle was going on, which had not concluded when darkness stopped it.

All the armies in the field are hampered by their wounded, for, although they have fairly good hospital accommodations at their bases, in most cases they have to bring the wounded to the rear in slow-moving carts drawn by oxen. This is the only transport available to the Servian armies in Novipazar, where, after fighting, there must be many wounded.

A message received from Constantinople by indirect route and dated October 22, says the Turkish fleet left a torpedo boat flotilla to carry the blockade of the Bulgarian coast. The Turkish battleships, it says, lying at the entrance to the Bosphorus and it is expected they are about to return to Constantinople and rest after which they will go out into the Mediterranean and engage the C fleet.

The Greek naval forces are divided into three flotillas, one of which assisted in the landing of Greek troops at Katerina, on the Gulf of Salonica. Another is holding Lemnos and a third is bombarding the Turkish port of Provosa.

THE GOVERNMENTAL IDEA

(From a Woodrow Wilson speech)
 "There has been no more demoralizing influence in our time than the influence of tariff legislation, the influence of the idea that the government was the grand dispenser of favors, the maker and unmaker of fortunes, and of opportunities such as certain men have sought in order to control the movement of trade and industry throughout the continent. It has made the government a prize to be captured and parties the means of effecting the capture. It has made the business men of one of the most virile and enterprising nations of the world timid, fretful, full of alarms; has robbed them of self-confidence and manly force, until they have cried out that they could do nothing without the assistance of the government at Washington. It has made them feel that their lives depended upon the Ways and Means Committee of the House and the Finance Committee of the Senate (in these later years particularly the Finance Committee of the Senate). They have insisted very anxiously that these committees should be made up of only their 'friends'; until the country in its turn grew suspicious and wondered how those committees were being guided and controlled, by what influences and plans of personal advantage. Government cannot be wholesomely conducted in such an atmosphere. Its very honesty is in jeopardy. Favors are never conceived in the general interest; they are always for the benefit of the few and the few who seek and obtain them have only themselves to blame if presently they seem to be condemned and distrusted."

A German professor has been making calculations and says the reserve of coal in the earth is sufficient for 900 years. Then there is no need for any of us worrying about it. The fellows who happen along about that time may be smart enough to find something else to burn if the coal is all gone.

Wilson still in the lead for the Presidency is the way a head line reads. Sounds just like something else was expected. Of course he is the lead, and is going to stay in the lead until he is elected.

All over the country Saturday, Nov. 2nd, will be observed as Wilson Day. In every city, town and village it is proposed to hold a celebration at which a special message from Governor Woodrow Wilson will be read. It will give a forecast of the rousing victory Wilson is to get on the Tuesday following.

An item in an exchange says that an egg two hundred years old was served at a Chinese banquet in Los Angeles. We would like to know who could vouch for the age of the egg.

North Carolina is leading several of the Southern states in contributions to the Wilson campaign fund. Have you helped to increase the amount?

The facetious writer calls attention to the fact that so many churches are too small for weddings and entirely too large for prayer meetings.

About Tuesday week plenty of folks will lay aside the preceding campaign of misrepresentation and vote just like they want to.

If you are going to make a donation to the Wilson campaign fund, it should be made quickly.

Saturday will give you the last opportunity to register for the coming election.

No politician can throw mud without getting some of it on his own hands.

 Earl of Essex

The Earl of Essex, head of one of the most illustrious of English families, was born October 24, 1857 and succeeded to the title upon the death of his grandfather in 1892. The family name is Capell. The first Lord Capell was beheaded by the followers of Cromwell for his loyalty to Charles I. Another ancestor, Sir Giles, was knighted for his valor in the French Wars by Henry VIII. The present Lord Essex received a military education and for many years served as an officer in the Grenadier Guards. To Americans he is best known as the husband of the beautiful Countess of Essex, who before her marriage was Miss Adele Grant, daughter of Beach Grant of New York.

THE PRIMARY FOR SENATOR AND HOW IT WORKS

The right of the people of this state to nominate their Senator was demanded and driven through by Judge Walter Clark. He wished his candidacy for that office acted upon by the people instead of leaving it to the machine process in the Legislature. The Primary gives to the majority of the people THEIR RIGHT to name THEIR representative.

The Democratic State Convention ordered two Senatorial Primaries, the first on November 5th and the second on November 26th. A majority (over one-half) of the votes cast is necessary for a nomination. The candidates in the first primary will be Judge Walter Clark, Simmons and Kitchin. If no one of these men receive a majority (over one-half) of the votes cast in the first primary the second primary will be between the two highest. The lowest man is dropped.

A VOTE FOR CLARK is a vote against Simmons and against his receiving a majority in the first primary.

A VOTE FOR CLARK is a vote against Kitchin and against his receiving a majority in the first primary.

A VOTE FOR CLARK is a vote with A MAJORITY FOR CLARK in the first primary.

YOU CAN'T WASTE YOUR VOTE.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble.

My husband asked me to try Cardui. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardui.

Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

A Log on the Track
of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Heston of Lincoln, Neb., had been sick over three years, but six bottle of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at all druggists.

Why pay 30 to 40 cents per pound when by using

DAVIS BAKING POWDER

you can cut your Baking Powder cost in half, or nearly half? At the same time obtain a purer and more wholesome Baking Powder than any other.

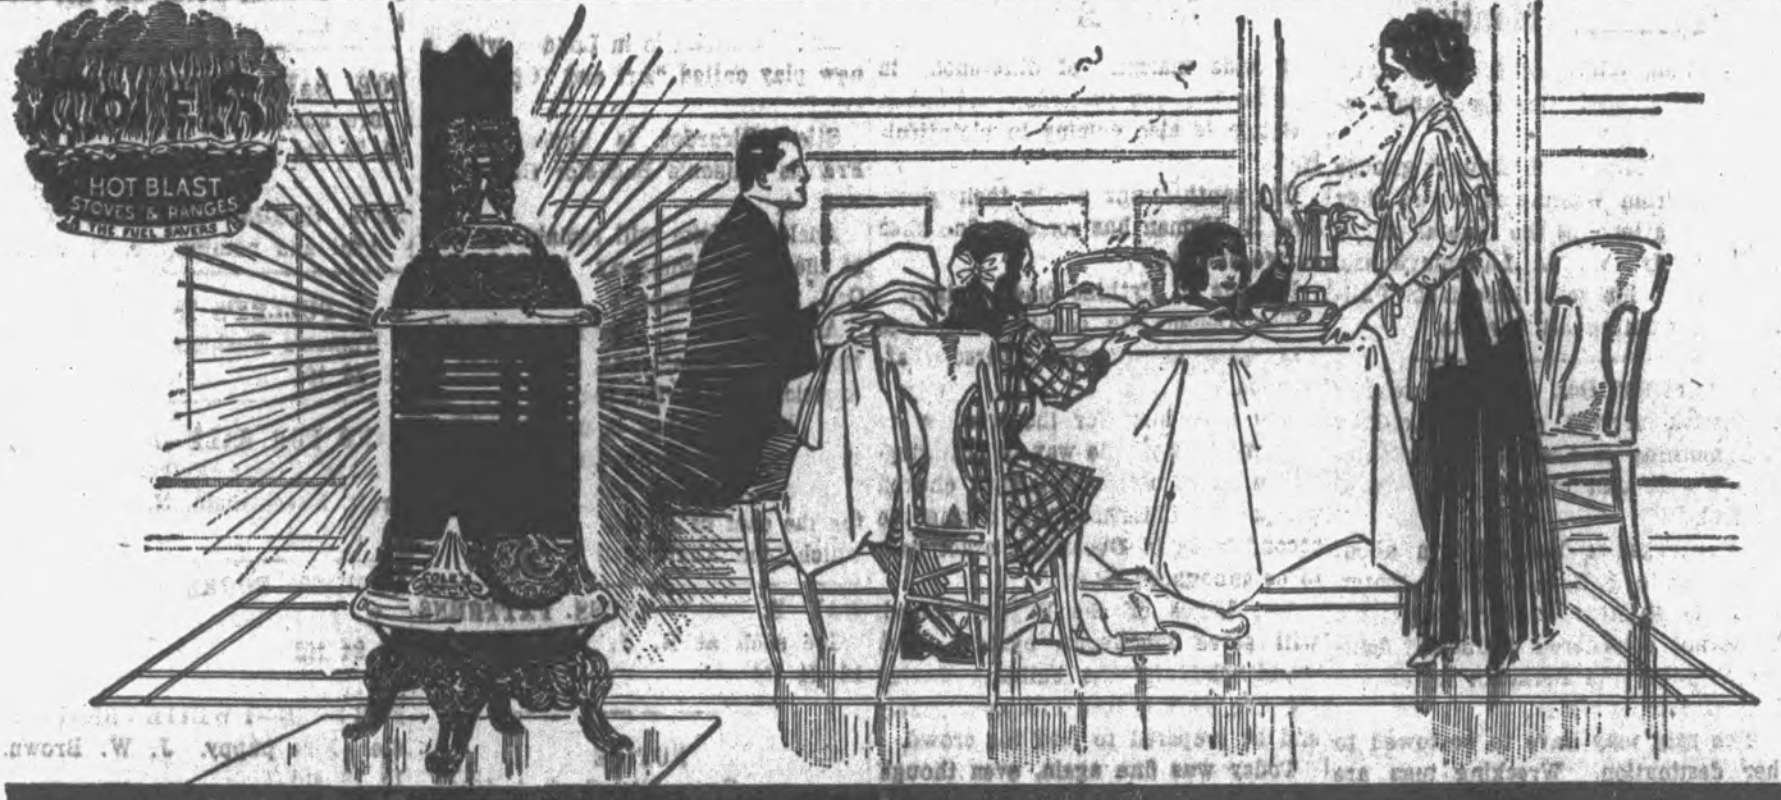

Sold by all good Grocers. Insist on having it.

YOUR BANK IS YOUR MOST CONFIDENTIAL FRIEND

—The relation of a Bank to its depositors is most confidential and based upon implicit confidence. When you are thinking of a banking connection consider the prominent character and clientele of this Bank, with its history of six and one half years of practically the same management.
—Then think a little further and consider the standing directorate and its assets of \$450,000, and the fact that this is the only National Bank in Pitt County.
—Then think of its various kinds of Savings Accounts —its Trust Department—its Safe Deposit Department—and you are bound to realize that its equipment to serve is complete in every detail.
—Then the Conclusion: It is the Bank for you, the institution in which you are justified in placing your funds with the satisfaction that every confidence sacredly safeguarded.
—We have not mentioned our service. You will have to be personally acquainted with this to appreciate it.

Your Breakfast Room Made Comfortable With Fuel Supplied the Night Before

Cole's Hot Blast Heater maintains a continuous fire—also a steady even heat. It will hold fire from Saturday night until Monday morning (48 hours) without attention. It will hold fire over night with less coal than any other stove.

Open the drafts in the morning and the rooms are quickly heated with the fuel put in the night before. No other stove does this.

Burns Soft Coal, Slack, Siftings, Hard Coal or Lignite. One ton of either kind of fuel goes further and gives you more comfort than two tons, using any other kind or make of stove.

Your attention is called to the unparalleled statement made by the manufacturer of

Cole's Hot Blast Heating Stove

"For several years we have authorized our Agents to sell Cole's Original Hot Blast Heater on the guarantee as follows:

- "1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.
- "2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with the same size fire pot.
- "3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.
- "4—That the stove will hold fire with soft coal from Saturday night until Monday morning.
- "5—A uniform heat day and night, with soft coal, hard coal or lignite.
- "6—That every stove will remain absolutely airtight as long as used.
- "7—That the feed-door is and will remain smoke and dust-proof.
- "8—That the Anti-Puffing Draft will prevent puffing.

"All we ask is that the stove shall be operated according to directions and connected with a good flue."
(Signed) **COLE MANUFACTURING CO., Not Inc.**
(Makers of the Original Patented Hot Blast Stove.)

This remarkable guarantee from the makers of this stove should be of interest to you if you contemplate buying a heating stove. Years of use has proven that no heater—at twice the price—equals it for radiating heat, for holding fire, requiring so little attention, never giving trouble, and cutting down your coal bill one-third to one-half.

Come in and examine Cole's Original Hot Blast which is now imitated by nearly every other stove manufacturer. Price \$12.00 and upward, according to size.

No other Heater Nearly as Good.
